Organize exchange programme with other institutions of repute to India and abroad with a view to keeping abreast of the latest development areas of teaching and research.

Mission of the University:

The mission of the University is to provide a level playing ground for the women of Assam with respect to accessing higher education for promoting their knowledge, competitiveness and skills so as to make them capable citizens to fill up the women talent gap in different spheres of societal, scientific, technological and other areas.

Goal of the University:

The ultimate goal of the University is to produce 21st century women knowledge and think tanks to effectively carry forward the women centric opportunities in the state of Assam and to become a matching partner in national and global development of the women centric activities.

The logo is designed to symbolize a woman studying a book. Women education is also tried to be highlighted. Blue is used as it is the colour of the sky and sea. It is often associated with depth and stability. It symbolizes trust, loyalty, wisdom, confidence, intelligence, faith, truth, and heaven. Blue is considered beneficial to the mind and body. Orange is a power colour. It is one of the healing colours. It also stimulates enthusiasm and creativity. Orange means vitality with endurance.

ATAL BIHARI VAJPAYEE MEDICAL UNIVERSITY

9th Floor, Academic Block

Dr. Ram Manohar Lohia Institute of Medical Sciences

Vibhuti Khand, Lucknow – 226 010, Uttar Pradesh

Mobile : +91 9151024465, +91 9151024467

Email : vcabvmuup@gmail.com

Website : www.abvmuup.edu.in

Atal Bihari Vajpayee Medical University (ABVMU) is a state collegiate university in Lucknow, Uttar Pradesh (India). It is expected to open in 2020 from a transit campus at Mall Avenue, Lucknow and will give affiliation to all government and private medical, dental, replica paramedical and nursing colleges in the state of Uttar Pradesh. It was established by Uttar Pradesh Act No. 42 of 2018.

Vision

To be one of the best medical hub for providing comprehensive teaching, training and research to all health care workers.

Mission

To serve the society by providing adequately trained manpower which can cater to the health needs, beginning from prevention to primary care to tertiary care.

अटल बिहारी वाजपेयी हिंदी विश्वविद्यालय की स्थापना १९ दिसम्बर २०११ को मध्यप्रदेश अधिनियम क्रमांक - ३४, सन् २०११ के द्वारा की गयी। यह अधिनियम २१ दिसम्बर २०११ से प्रभावशील माना गया है। विश्वविद्यालय का प्रमुख उद्देश्य हिन्दीभाषा को अध्यापन, प्रशिक्षण, ज्ञान की वृद्धि और प्रसार के लिए तथा विज्ञान, साहित्य, कला और अन्य विधाओं में उच्चस्तरीय गवेषणा के लिए शिक्षण का माध्यम बनाना है। माननीय अटल बिहारी वाजपेयी का जन्म २५ दिसम्बर, १९२५ को उत्तर प्रदेश में आगरा जनपद के बटेश्वर के मूल निवासी पंडित कृष्ण बिहारी वाजपेयी के घर शिंदे की छावनी, ग्वालियर (मध्यप्रदेश) में हुआ। माननीय अटल जी की स्नातक तक की शिक्षा ग्वालियर के विक्टोरिया कॉलेज (वर्तमान में लक्ष्मीबाई महाविद्यालय) में हुई। कानपुर के डी.ए.वी. कॉलेज से राजनीतिशास्त्र में स्नातकोत्तर की उपाधि प्रथम श्रेणी में उत्तीर्ण की। उसके बाद उन्होंने अपने पिताजी के साथ-साथ कानपुर रहकर एल.एल.बी. का अध्ययन प्रारम्भ किया, जिसे बीच में ही विराम देकर पूरी निष्ठा के साथ सामाजिक कार्य में जुट गये। आप राष्ट्रीय स्तर की वाद-विवाद प्रतियोगिताओं में छात्र-जीवन से ही भाग लेते रहे। डॉ. श्यामा प्रसाद मुखर्जी और पंडित दीनदयाल उपाध्याय के निर्देशन में राजनीति का पाठ तो पढ़ा ही, साथ-साथ पाञ्चजन्य, राष्ट्रधर्म, दैनिक स्वदेश और वीर अर्जुन जैसे पत्र-पत्रिकाओं के सम्पादन का कार्य भी कुशलतापूर्वक किया। एक कुशल एवं सशक्त सम्पादक के रूप में माननीय अटल जी को प्रतिभा सर्वमान्य एवं सर्वव्यापी प्रसिद्ध हुई। माननीय अटल जी में कवित्व के गुण वंशानुगत प्राप्त हुए। वे हिन्दी के सिद्ध कवि के रूप में प्रख्यात हैं। “मेरी ५१ कविताएँ” अटल जी का प्रसिद्ध काव्य संग्रह है। राजनीति के साथ समष्टि एवं राष्ट्र के प्रति उनकी वैयक्तिक संवेदनशीलता उनकी कविताओं में प्रकट होती रही है। उनके संघर्षमय जीवन, परिवर्तनशील परिस्थितियाँ, राष्ट्रव्यापी आंदोलन, जेल-जीवन आदि अनेक आयामों के प्रभाव एवं अनुभूति ने काव्य में सदैव ही अभिव्यक्ति पायी।

अटल जी का राजनैतिक जीवन भारतीय जनसंघ की स्थापना से प्रारम्भ होता है। सन् १९६८ से १९७३ तक वे इसके राष्ट्रीय अध्यक्ष भी रह चुके हैं। सन् १९७७ में बलरामपुर (उत्तरप्रदेश) से जनसंघ के प्रत्याशी के रूप में विजयी होकर प्रथम बार लोकसभा में पहुँचे। १९७७ से १९७७ तक जनसंघ संसदीय दल के नेता रहे। उन्होंने १९७७ से लेकर १९७९ तक भारतीय विदेश मंत्री के रूप में कार्य किया। अटल जी पहले विदेश मंत्री थे जिन्होंने संयुक्त राष्ट्र संघ में हिन्दी में भाषण देकर भारत को गौरवान्वित किया। लोकतंत्र के सजग प्रहरी अटल बिहारी वाजपेयी ने भारत संघ के ग्यारहवें प्रधानमंत्री के रूप में १६ मई १९९६ में देश की बागडोर संभाली।

अटल जी ने गैर-कांग्रेसी प्रधानमंत्री के रूप में पाँच वर्षों का कार्यकाल पूर्ण किया। अटल जी ने आजीवन अविवाहित रहने का संकल्प लिया था और उस संकल्प को पूरी निष्ठा से निभाया। एक ओजस्वी वक्ता के रूप में परमाणु शक्ति सम्पन्न देशों की नाराजगी से बिना विचलित हुए उन्होंने अग्नि-२ और परमाणु परीक्षण कर देश की सुरक्षा के लिए साहसिक कदम भी उठाए। इनके व्यक्तित्व का सबसे बड़ा गुण उनकी सरलता है जिससे उनके जीवन में कहीं भी कोई व्यक्तिगत विरोधाभास नहीं दिखता। मित्रों के साथ विरोधियों में भी अटल जी समान रूप से लोकप्रिय हैं।

ATAL BEHARI VAJPAYEE INDIAN INSTITUTE OF INFORMATION TECHNOLOGY AND MANAGEMENT

Website : www.iiitm.ac.in

विश्वजीयनामृतं ज्ञानम्

Indian Institute of Information Technology and Management (IIITM) in Gwalior, Madhya Pradesh is an autonomous institute set by Government of India, Ministry of Human Resource Development (MHRD) in 1997. It is an effort by MHRD towards creating professionals in areas of management and information technology from the same institute. This institute was created for facilitating higher education, research, and consultancy in areas of information technology (IT) and business management. Initially started as IIITM, this institute was prefixed with ABV in 2002 to honour the then Prime Minister Atal Behari Vajpayee.

The beginning of IIITM could be traced back to 1992, when MHRD under Dr. P. G. Reddy contemplated setting up of advanced information systems in the likes of IIMs and IITs in different locations of India. Subsequently in 1995, Government of India based on a report prepared by AICTE (All India Council for Technical Education) comprising eminent academicians, policy makers, and professionals decided on establishing national centres focussed on IT and management training.

PGDMIT (Post Graduate Diploma in Management and Information Technology) was the maiden course initiated in 1998 with thirty students, followed by PGDIT (Post Graduate Diploma in Information Technology) in 1999, and Ph. D and 5-year Dual Post Graduate programs in 2000.

This essentially was the committee set up by MHRD under Dr. P. G. Reddy to study the comprehensive situation of software education and its utilization in India. With the demand for skilled information technology and management professionals reaching several thousands, it became necessary to establish specialised management and IT institutes similar to IIMs and IITs to bridge the gap between manpower demand and supply. All pervasive growth of IT in India was triggered by Software Policy in 1986, Electronic Policy in 1985, and Computer Policy in 1984. These three policies in unison led to extensive use of computerised methods across different sectors of business, industries, and public administration thereby necessitating the need for competent professionals at different levels. Infrastructures like Internet, INDONET, NICNET, ERNET, and INFLIBNET were established for supporting this demand for widespread usage of computerised processes.

ATLAS SKILLTECH UNIVERSITY

Tower 1- Equinox Business Park,
Off Bandra-Kurla Complex (BKC)
LBS Marg, Kurla West, Mumbai- 400070
Contact - +91 80975 20624

Atlas SkillTech University – India’s leading SkillTech University located in Mumbai, Maharashtra. Atlas SkillTech University is a Self-Financed Skills University which has been established vide ATLAS SKILLTECH University, Mumbai Act, 2021 (Maharashtra Act No. XV of 2021) of the Government of Maharashtra. The world of work has reformed dramatically and altered the prominence and hierarchy of skills across the globe, that calls for a highly agile and resilient workforce. Companies have realized the importance of ‘change’ and are investing heavily in skill development and upskilling of the work-force to become future ready. With the advent of Industry 4.0, companies are reinventing work practices which will need new skills and Tech savviness. Atlas SkillTech University is a futuristic model focused on emerging trends and skills for young India. Technology – enabled learning has changed the focus to skills - led education with strong participation from the Government, Industry and Academia. Atlas SkillTech University is a collaboration of eminent personalities from the academic and corporate world with an objective of transforming the skill development ecosystem and making it responsive to the current and future needs of both industry and citizens. Atlas SkillTech University will play a lead role in promoting India's New Education Policy NEP.

For India, which has the largest demographic dividend, skill development is critical for both economic growth and social development. Providing a mechanism to acquire skills and creating a skills growth program for continuous improvement is fundamental to achieving inclusive and sustainable growth. The State of Maharashtra accounts for 10% of India’s workforce and contributes to the highest GDP among all states. The Atlas SkillTech University aims to bring Corporates and Academia together with an objective of addressing job opportunities and employment potential of Maharashtra and its people. Destination Mumbai, an Urban University, a Campus within Corporates, a City-Centric and Corporate-Integrated Environment will become a leading learning hub. It will bring together the best minds and futuristic technologies for developing new age education in Design & Innovation, Management & Entrepreneurship, Media & Communication, Film & Animation and Digital Technology.

The Atlas SkillTech University will bring together students from across every academic discipline to experience the opportunities of new enterprise whilst nurturing a wider community of aspiring innovators, entrepreneurs and business leaders. The key differentiators of the SkillTech education will include technology-enabled learning environment, industry as faculty, simulative virtual lab experience, interdisciplinary choice-based learning, observerships, internships, apprenticeships and industry placements. Emphasis will be given on developing entrepreneurs as India needs job creators and not just job seekers. Ventures, Innovations, Enterprises will also focus on Family Managed Businesses, and Innovations in Tech & Policy and Startups. Based in the heart of Mumbai, Atlas SkillTech University will be a place where students, alumni and local community will gain the skills they need to compete in this new Digital World.

ATMIYA UNIVERSITY

सुहृदं सर्वभूतानाम्

Atmiya University, Rajkot has been established as a State Private University under a separate legislation of the Government of Gujarat. Established by Sarvodaya Kelavani Samaj., Rajkot as an arm of Yogi Divine Society, Haridham, Sokhada near Baroda. It is essentially engaged in promoting cultural, religious and moral values among the youth through education and social activities in Saurashtra and Kutch. As a prelude to achieving this Aim. H.H. Swami Hariprasaddasji, who is the mentor and sheet anchor of this pious movement, has laid stress on high moral character and preservation of divine culture that we have inherited. His emphasis on these values is to be reflected in the social work, upliftment of the poor, downtrodden and ill-fated masses living miserable lives. To reflect these noble ideals into reality he has chosen education as the best instrument. Atmiya University and Atmiya Institute of Technology and Science have been started to fulfill this goal. Sarvodaya Kelavani Samaj., Rajkot runs many Institutions, which provide education from Kindergarten to Post Graduate Courses. In the gracious emergence of divinity in human form, Lord Swaminarayan Lished in the dawn of the era of spirituality. He sanctified mankind with a novel heritage of Sainthood-the pledge of an ever-present manifestation of the Supreme Godhead through the medium of Perfect Spiritual Masters Gunatit Saints. It is through this living legacy of Spiritual Masters that the crusades for social reforms and spiritual illumination initiated by Lord Swaminarayan have continued over a span of two centuries and will always continue.

- Encourage to be courageous to question ideas, ignite new ways of thinking and action.
- Firmly believe on collective leadership, work as integrated team with trust, collaboration and connectivity across our different disciplines and throughout the world.
- Respect and celebrate diversity. With a generosity of spirit, we value emotional intelligence and knowledge, empowering one another and enabling our students to realise full potential.
- Excellence is a way of life. We understand the importance of critical thinking, discipline and responsibility, and we expect the very highest standards of ourselves and our students.
- Co-existential thinking and Green-thinking is at the nucleus. Our common aspiration is to respect the planet and we are committed to practice and promote sustainable alternatives at all the spheres, both on the global stage and in our own working environment.
- Facilitate acquiring knowledge on every aspect of life, to bring happiness, spiritual bliss, respect people and appreciate society
- To create a transformative learning experience by imbibing domain specific knowledge & wisdom;
- To focus on research based teaching learning with Industry relevant application knowledge
- To create transformative impact on society through participation, innovation, creativity and entrepreneurial framework of learning.
- To ensure knowledge integration in content creation with Industry collaborations and National as well as International Institutions.
- To cultivate a student centric transformative university committed to holistic development with Intellectual, Emotional, Spiritual and Behavioural traits of its learners.
- To impact society in a transformative way on green thinking and its effort on sustainable environment and ecology.

ATRIA UNIVERSITY

Email : talktous@atria.edu
Website : <https://atria.edu>

Asia's First Beyonding University.

Atria University, Bengaluru, aims to address the challenges of tomorrow by preparing students for careers and opportunities in the future. The University was founded in 2018 by the Atria Group – a reputed South Indian conglomerate, which manages ACT Fibernet, Atria Power, Atria Hospitality, Atria Education, and Atria Foundation. The University's unique model of higher education aims to empower Beyonders who can build sustainable global communities. And, propel businesses and societies to flourish and thrive.

Our 'future-first' approach

We are committed to empowering students as future world leaders who are: dynamic, resourceful, responsible, and transformative.

Flexible learning pathways and maximum professional opportunities

Our mission is to revolutionize education. Move away from tradition. Keep the focus on students, not the existing system. We enable our students. We do not force them to choose careers and interests. We nurture them. Guide them. Have them explore multiple industries and ecosystems. We bring the real world to them and help them make the most of themselves in a professional ecosystem. We shape our students to be 'World Visioneers.' Individuals capable of transcending any challenge – global or personal.

Shaping Futures Through Innovative Pursuits and Strong Values

The old must give way to the new. New higher education systems should take over from the old. In a country where "80% of our graduates in India are considered unemployable" is an industry expectation, we believe changing the system is step one. Burdened by legacies of the industrial revolution, our students are expected to play 'catch-up' with the industry. Without having the pedagogical structure to support that transition. Our core ideology is to bring change to this.

Stay Inspired

We challenge the status quo by diving into the unconventional. We experiment, discover, succeed, and sometimes fail. Only to begin, again. Driven by innovation, we look beyond the apparent and delve into the unknown.

AURO UNIVERSITY OF HOSPITALITY AND MANAGEMENT

Hazira Road, Opp ONGC Surat – 394510, Gujarat
Tel: +91 261 4088101 / 04 Mo: +91 9099973068 / 99

AURO University is a progressive center for integral learning and leadership, where the mind, body and spirit are aligned and prepared to embark on a journey of lifelong enrichment for both, the individual and the community. To be a Premier University of Integral and Transformational Learning for Future Leaders. A center for higher education, the University is focused on providing:

There is an environment for the students for self-development; an institution that nurtures their potential based on their aptitudes and interests.

There is a platform for the Faculty Members to be mentors and guides who shape the country's future leaders by imparting knowledge and skills; opportunities for research on emerging trends and industry practices.

Students with intellectual competence, reality-based knowledge and personal integrity; students who strive for excellence and aspire to become socially responsible leaders to cater to the needs of business, government and industry.

Our philosophy on education is driven by our mission of providing integral and transformational education to our students. We firmly believe that education must not be limited purely to academic learning. At AURO, our focus will be to develop all faculties of an individual to ensure holistic development.

Mental education is also imparted to develop high levels of concentration, power of observation, analytical organization, decision-making skills, and, most importantly, faculties of creativity and intuition.

Vital education is provide for the development of one's character. Learning how to build and manage relationships and controlling emotions. The development of faculties for the appreciation of drama, music, arts, sports and the drive for self perfection as an individual. Physical education is a must at this university for agility, strength, flexibility, team building and collaboration. Spiritual education is spread for the growth of consciousness from a lower to higher level and for the development of deeper and larger values.

AURORA HIGHER EDUCATION AND RESEARCH ACADEMY

Uppal, Hyderabad - 500098, Telangana

Phone Number : +91 9100123456

E-Mail : info@aurora.edu.in

Website : <https://aurora.edu.in/>

Inception

In 1989, Ramesh Nimmatoori, a young post-graduate in Computer Science and Engineering, made a humble beginning with Aurora Degree College to offer B.Sc Computer Science, the first of its kind at the undergraduate degree level in the state of united Andhra Pradesh. From then on, there was no looking back. By 1998, the Degree College had more than 2000 students enrolled in various branches of study and is now rated among the top 20 degree colleges in the country. Today, Aurora happens to be one of the largest educational groups in the state of Telangana, with 18000 students on its rolls, more than 1500 faculty and around 500 administrative staff.

Name

Aurora - the name of the institution is derived from Aurora Borealis, the celestial northern lights. It also has association with the Sun God Apollo and the Roman Goddess of Dawn, Aurora.

The name symbolises the Indian and Western traditions of representing the Sun as a symbol of knowledge and power.

Logo

Education is a penance for knowledge and Aurora treats it thus. The logo has three critical components - the Italian colours - lilac and wild pink; the Egyptian pyramid signifying the letter A, and most importantly, the logo being emblematic of the spirit of the college - i.e. the temple of learning.

Vision

Serving the society through creating a transformative impact by offering quality education, harnessing research, encouraging innovation and promoting entrepreneurship in various disciplines.

Mission

Nurture and shape the graduates as high calibre individuals capable of excelling in every activity, bestowed with the ability to compete in the fiercely competitive business and industry, endowed with the skills to shatter the barriers to development with utmost morals and ethics.

AVANTIKA UNIVERSITY

"India's Cultural diversity has left an indelible impact on its education system".

India's rich cultural heritage is an immaculate amalgamation of various practices, refined over the course of 5000 years. Education is the core resource to build a stable and prosperous society, as it was perceived in ancient India.

The Gurukul way of learning was far remote from the civilization so as to allow them to function independently. They were thus instrumental in laying the foundation of Indian culture and its sustenance throughout the ages. Their robust curriculum focused on the all-round development of students, stressing on molding their physical, critical, creative and analytical abilities.

Indian history stands testimony to the fact that our society has embraced and adapted new ideas and cultures; be it a monastery for Buddhist learning, a madrasah for Islamic learning, or a pathshala for Hindu learning. Each one of these learning centers flourished over a period, notwithstanding any social or political conflict.

As ancient India's revered hubs of learning, Nalanda, Takshashila, Benaras and Ujjain attracted the very best brains from far and wide. While Nalanda and Takshashila had established formal institutions dedicated to higher education, Benaras and Ujjain benefited from the presence of enlightened minds.

Avantika aims to nurture and cultivate young minds who will serve as enlightened citizens, bringing a positive change in the society.

The Lotus symbolizes potential and in its fully blossomed form represents enlightenment and awareness. The flower is deeply rooted in Indian culture, particularly associated with Saraswati - the Goddess of Wisdom.

The transdisciplinary approach is represented through the confluence of sections, implying an immersive learning experience. The transition of colors represent evolution of an individual at Avantika University.

The identity reflects transformation and it is the knowledge (Vidya) that takes us through this transformation and leads us to accomplishment (Siddhi).

AVINASHILINGAM INSTITUTE FOR HOME SCIENCE AND HIGHER EDUCATION FOR WOMEN

Coimbatore – 641043, Tamilnadu

Tel : 0422-2443219, 2443389, 2441252, 2211288

Fax :0422-2438786

Email : devunity@giasmd01.vsnl.net.in vc@avinuty.ac.in

Website : www.avinashilingam.edu

Sri Avinashilingam Home Science College for Women was established by the great patriot and educationist Dr. T. S. Avinashilingam under the auspices of the Avinashilingam Education Trust in 1957 with 45 students. The growth of the Institution has been carefully nurtured to its current heights by the world renowned educationist and nutritionist, former Chancellor of the University Dr. Rajammal P. Devadas. It is now the largest Institution in the country for imparting Home Science Education at all levels. It was one of the eight colleges on which autonomy was conferred by the University of Madras in June 1978 and the first of the women's colleges to get this distinction. Autonomy gave the College scope for academic freedom for innovations in teaching and research. The Government of India declared Sri Avinashilingam Home Science College for Women and Sri Avinashilingam Teacher's College for Women as a Deemed University under Section 3 of the UGC Act in June 1988. These Colleges have been renamed as Avinashilingam Institute for Home Science and Higher Education for Women and is marching towards the twenty fifth year as a University. Dr. T.S.K. Meenakshisundaram has assumed the Chancellorship on 2.12.2010. He is a follower of the Founder-President Dr. T.S. Avinashilingam Ayya Avargal. The University follows the educational ideals of Sri Ramakrishna, Holy Mother Sri Saradamani Devi, Swami Vivekananda and Mahatma Gandhi and upholds a life of purity, discipline and service. A temple dedicated to Sri Ramakrishna commands the campus. Daily prayer is an integral part of campus life. All the students and staff are expected to participate in the common prayers.

The University functions under seven Faculties, namely, Home Science, Science, Humanities, Education, Business Administration, Engineering and Community Education and Entrepreneurship Development. Each faculty functions under the headship of a Dean. The pattern of education has been fully semesterised. The academic year is divided into two semesters, each semester having a minimum of 90 teaching days. The semester pattern offers each student individual attention of the teacher and facilitates the student's all round development. It calls for active participation of the students in the learning process. Regular attendance is an important feature of the semester pattern. In all programmes, a student should have a minimum of 75 percent attendance for both theory and practicals to appear for the comprehensive semester Examinations. Examinations for the courses offered in a semester are conducted in the same semester to make learning more effective and to reduce the burden on the students.

AWADESH PRATAP SINGH UNIVERSITY

Rewa-486 003, Madhya Pradesh

Tel : 07662-230819, 242175, 230050, 230919

Website : <http://apsurewa.ac.in>

The University has been named after Captain Awadhesh Pratap Singh, a distinguished son of the soil and a freedom fighter. The University was established on the 20th July 1968 and got UGC recognition in February 1972. It has membership of the Association of Indian Universities (AIU) and All Commonwealth Association of Universities (ACAU).

The APS University is a teaching-cum-affiliating University with its jurisdiction over 150 colleges situated in the Districts of Rewa, Satna, Sidhi, Shahdol, Umariya and Singrauli.

The University is located on a 246.20 acres plot of land in the north of Rewa City, at a distance of about 5 kms, with its campus lying on either side of Rewa-Sirmour Road. Besides the over-looking administrative block, the University complex comprises of the departments of Environmental Biology, Physics, Science Block, Humanities Block (including its extension), Ambedkar Bhawan (Hindi Department), MBA Department, Tribal Centre, Computer Centre, Vikram Space Physics Centre, USIC, Central Library, Antarbharati, Arjun Chhatra Griha, Guest House, Yoga Hall Hostels for boys and girls, Auditorium, Stadium, and Staff Quarters.

Besides, there are branches of Allahabad Bank, Employment Bureau and Indian Post Office as well as Medical dispensary within the campus. It also has a small meteorological observatory and plans are for a seismological observatory.

Situated on the foot of Vindhya's, the University Campus is cozy and environmentally friendly, far from the hustle and bustle of the city life.

The Campus presents a scene of Ashrams of ancient times. Still the residents get all the facilities and amenities of modern life, such as, canteen, facilities for Xerox, STD and a small shopping center.

The campus also has a large Gymnasium hall, Yoga hall and a big stadium as well as a Lord Shiva temple situated in between a modest park (greenery).

AYUSH AND HEALTH SCIENCES UNIVERSITY OF CHHATTISGARH

G E Road, Raipur - 492 010, Chhattisgarh

Tel : 0771-2263234

Website: <http://www.azimpremjiuniversity.edu.in>

Azim Premji University is a not-for-profit, private, autonomous university under the Azim Premji University Act, 2010 of the Karnataka Legislature. It is the first private, autonomous University in Karnataka and among the few in India dedicated to Education and Development.

We are sponsored by the Azim Premji Foundation and our roots lie in the learning and experience of over a decade of work in elementary education by the Foundation.

Azim Premji University is one of Foundation's key responses to the constraints and challenges confronting the education and development sectors in India like the lack of grounded knowledge and theory and a shortage of capable and reflective individuals.

The University is actively engaged in the development of talent and the creation of knowledge which can catalyze sustainable improvements in education and related development areas.

Azim Premji University's vision is education for social change that will contribute to the realisation of a just, equitable, humane and sustainable society.

Azim Premji University will create outstanding and effective programmes that –

- Prepare graduates with great competence, integrity and social commitment
- Expand the frontiers of knowledge in education, development and allied fields through research
- Support and enhance the work of the education and development sectors in the country through continuing education
- Contribute to change in policy and practice in the Indian education and development sectors through advocacy and public communication

BANDA UNIVERSITY OF AGRICULTURE AND TECHNOLOGY

Banda, Uttar Pradesh - 210001 (India)

Phone: 5192- 232305

Email: vc.buat@gmail.com

registrar.buat@gmail.com

Website: <http://buat.edu.in>

Banda University of Agriculture and Technology, Banda has been established as a full-fledged State University, having unique honour of being the “First Agricultural University of Bundelkhand Region”. The University was notified vide Government Order No. 301/79-V-1-10-1 (Ka) 27-2009 Lucknow and established on 2nd March 2010 under Uttar Pradesh Agriculture University Act (Sanshodhan) 1958 Gazette-Adhiniyam 2010.

Initially it was named as “Manyawar Shri Kanshiram Ji University of Agriculture and Technology, Banda”, which was changed as “Banda University of Agriculture and Technology, Banda” vide Uttar Pradesh Agriculture University Act (Sanshodhan) Adhiniyam, 2014, No. 1528(2)/LXXIX-V-1-14-1(Ka)-13-2014 dated 4th December 2014.

The University has been established for the development of the agriculture and allied sectors in the Uttar Pradesh on the whole and Bundelkhand region in particular. It is committed to serve the Bundelkhand region with trinity concept, i.e. complete integration of teaching, research and extension for the development of agriculture and allied sectors in order to ensure food security and enhance socio-economic status of inhabitants. State Government of Uttar Pradesh has assigned the University with the responsibilities of (a) human resource generation and development, (b) generation and perfection of technologies, and (c) their dissemination to the farmers, orchardists and dairy farmers in the Chitrakoot Dham and Jhansi divisions. The Chitrakoot Dham Division consists of four districts, namely Banda, Chitrakoot (Karvi), Mahoba and Hamirpur whereas Jhansi Division consists of Jhansi, Lalitpur and Jalaun (Orai) districts.

MISSION

The University is committed to the cause of Indian Agriculture through its quality teaching, demand-driven and location-specific research and extension programmes in the light of dynamism of socio-economic and agro-ecological conditions, management perceptions, international trade’s scenarios and Government policies.

BLDE UNIVERSITY

The State of Karnataka, where education and enlightenment have always been a culture, is among the front line states of the country known for providing quality education. It is no wonder that Karnataka has carved a niche in the educational map of India. Bijapur, the city of magnanimous history and historical monuments, has since long, been a great seat of learning. If Salotagi a small hamlet of the District, was the most renowned centre of knowledge a few centuries ago, the BLDE Association, founded in 1910, is the hope of the new generation of academic aspirants.

BLDE Association an educational institution par excellence forged out of the noble concerns of late Dr. P.G. Halakatti, late His Holiness Shri Banthanal Swamiji, the far sighted visionary, late Sri B.M. Patil and a galaxy of the most dedicated, duty minded board of directors, offers practically all kinds of courses under the sun.

The very fact that the B.M. Patil Medical College Hospital and Research Center, which is one of the very few institutions in India having 1000 bed hospital since its inception is just a little more than two decades old and has attained the status of deemed to be University echoes the melodies of quality medical education it is providing.

BLDE Association which is involved in providing education and inculcating knowledge from primary education to professional education. This great and mighty Association is celebrating its centenary year. The centenary celebration renews its committed goal towards enhancing quality education by adding new institutions and new education programmes in the existing institutions.

The BLDE Association propagating education in Bijapur and Bagalkot districts, which are recognized as socially, economically and educationally backward areas by then British Government and by present UGC, State Government and Central Government. Dr. P.G. Halakatti with other philanthropists of Bijapur founded a co-operative bank and this association with primary objective of propagation of education. Thus, Bijapur Lingayat Development Education Association (BLDEA) took birth on 23-10-1910. The Association made a humble beginning by accepting to run a High School handed over by a German Mission, who was returning to Germany because of World War-I. Thus, the journey towards imparting of education start.

B.S. ABDUR RAHMAN INSTITUTE OF SCIENCE AND TECHNOLOGY

Seethakathi Estate, G.S.T. Road
Vandalur, Chennai - 600 048, Tamil Nadu
Tel : 044-22751347,48,50
Fax : 044-22750405

Website : <http://www.bsauniv.ac.in>

B.S. Abdur Rahman University, Vandalur, Chennai-600 048, (formerly B.S. Abdur Rahman Crescent Engineering College) has been established under section 3 of the UGC Act 1956. The University is located in the outskirts of Chennai city on the G.S.T. Road, (Chennai-Trichy National Highway) 7 km from Tambaram and 2 km from Vandalur Railway Station and 17 km from the International Airport. Being adjacent to the Arignar Anna Zoological Park, it is easily accessible by city buses.

B.S. Abdur Rahman Crescent Engineering College, which has now been upgraded as B.S. Abdur Rahman University, was an institution acclaimed throughout India for its quality in teaching and research. Being one of the largest engineering institutions in India, it lays emphasis on innovative research, investment in high-quality facilities and first-rate infrastructure. By making use of the latest technologies and quality teaching, the college is able to offer a wide choice of interdisciplinary degrees in engineering which has enabled students to gain accolades in the global level. It is one of the few institutions with all the UG and PG programmes approved by AICTE and accredited by the National Board of Accreditation.

This has been upgraded to university status with a view to keep academic in pace with development in industry. Modern hostel facilities are available for men and women students separately within the University campus.

Students are imparted knowledge and provided ample opportunities to test their knowledge in real-time industrial situations and during this pursuit, their character traits are shaped and fine-tuned to enable them to initiate, compete, lead and share and become a good human being.

The placement record of the institution has been remarkable and most students chart their careers well before their graduation. All the graduates from its portals either occupy prestigious positions in multinational companies or join institutions of higher learning in India and abroad. Some of the graduates turn entrepreneurs with the guidance of Entrepreneurship Development Cell and Industry-Institute Partnership Cell.

Baba Farid University of Health Sciences was established under an Act passed by the Legislature of the State of Punjab in July, 1998.

The mission of the University is to create an intellectual, academic and physical environment, conducive to free flow of ideas and exchange of information between various faculties of the University and between this University and other Universities of Health Sciences in the country and abroad, thereby opening a window to the world for the health professionals, health planners, health managers, biomedical and social scientists and educators in health sciences of the country .

Established in the memory of great Sufi Saint Baba Farid by Punjab govt. in July, 1998 by an Act of the State Legislature.

Fifth of its kind in India, First in Northern India- Punjab Govt. deserves the credit of establishing it. Due to inadequacy of health professionals (in quantity & quality) the need was imminent. Such a University is expected to be a “Pace-setter” – in developing appropriate modes and models of Health Care. University committed to providing Community oriented need based education and Training programmes for Health professionals.

His Excellency the Governor of Punjab has recognized all the degrees and diplomas certificates and other academic distinctions awarded by this University w.e.f. 1st July, 1999.

The Government of India has recognized the MBBS, MD/MS/PG Diploma/BDS/B.Sc. (Nursing) / M.Sc. (Nursing) being awarded by Baba Farid University of Health Sciences DCI/CCH/CCIM has recommended to Government of India for the recognition of MDS/BHMS/BAMS degrees awarded by this University.

The Government of India has recognized the MBBS, MD/MS/PG Diploma/BDS/B.Sc. (Nursing)/ M.Sc. (Nursing) being awarded by Baba Farid University of Health Sciences. DCI/CCH/CCIM has recommended to Government of India for the recognition of MDS/ BHMS/BAMS degrees awarded by this University.

BABA GHULAM SHAH BADSHAH UNIVERSITY

Rajouri - 185131

Jammu & Kashmir

Tel : 01962-262616

Tele/Fax: 01962- 262616/2466892

Email : bgsbu@rediffmail.com

Website : <http://www.bgsbuniversity.org>

Baba Ghulam Shah Badshah University has come into existence by an Act of the Jammu & Kashmir Legislative Assembly called the Jammu & Kashmir Baba Ghulam Shah Badshah University Act No. XVI of 2002.

The university is nurtured by the Jammu & Kashmir Wakf Council. The motto of the university is “Iqra bismi Rabbik alladi Khalaq” which means, “Read in the name of God who has created all that exists”. It reflects the vision and idealism for which the university stands.

The objective identified for the university in the Act is to impart quality education and undertake research in basic and job oriented fields. Accordingly, the university has launched postgraduate teaching programmes in Business Management, Financial Management, Computer Sciences, Information Technology, Arabic, Applied Mathematics and B. Tech in Electronics and Communication, Computer Sciences and Engineering and Information Technology.

The university campus is located at the foothills of the great Himalayan Pir Panjal range in Rajouri, 154 Km from Jammu, the winter capital of Jammu & Kashmir state. Regular bus service, video-coaches and shared taxis meandering their way by the sparkling streams through the thick-pine forests make the 3½ hours journey between Jammu & Rajouri a mesmerizing experience.

The region in which the university is located has rich geographic, climatic and cultural diversity. The climate varies from subtropical in the southern parts to temperate in montane northern fringes. The average temperature varies from 7°C during winters to 37°C during summers.

The average annual rainfall is 500 mm. The snow-capped peaks of the mighty Himalaya, rich biodiversity and valuable agri-diversity make entire Rajouri-Poonch region a nature lover's paradise. The teaching programmes designed by various Academic bodies of the university are interactive, flexible and hands on; directed towards helping learners to gain the ability to confidently and effectively answer real life challenges.

BABA MAST NATH UNIVERSITY

Asthal Bohar, Rohtak-124021

Haryana

Phone: +91-1262216745, +91-1262-217745, +91-9466677009, +91-9813194651

E-mail: contact@babamastnathuniversity.com

Shri Baba Mast Nath Math, Asthal Bohar is the oldest and most popular place of Nath Sect belonging to kanphada Yogis. This is the main Tapasthali (Place of Worship) of Nath Yogi and is situated 5 Kms away from Rohtak city and 1 KM away from M.D. University Campus on Delhi-Rohtak National Highway No. 10. The Math has been the centre and live-wire of ancient civilization and has been doing Yeo-man services for the benefit of mankind. Shri Baba Mast Nath Ji rejuvenated the Math Ashtal Bohar in 18th Century.

His able pupils have been rightfully performing the duties and responsibilities of a Mahent. Late Mahent Shreo Nath Yogi (Ex-Health Minister for Haryana Govt.) the most able and active in series of pupils had raised many institutions in the sweet memory of his Guru Baba Mast Nath Ji, so has done his immediate follower and present incumbent to the Gaddi, Mahent Chand Nath Yogi.

For smooth running of these institutions Late Mahent Shreo Nath Ji Yogi also formed a registered trust under the Societies Act namely Shri Baba Mastnath Ayurved Sanskrit Shikshan Sansthan Trust.

In the last 50 years this Trust has established and is efficiently running the institutions without an outside aid (Govt./Non Govt.). Continuing on the custom of propagating power through knowledge the minority community has kindled the effort by inducting Spiritual, Yogic, Ayurvedic, Sanskrit, TechnoManagement, Medical and Paramedical Education through various programmes under the auspices of Baba Mast Nath University.

The Math offers various welfare services which includes:

- Rendering Ayurvedic, Spiritual, Yogic, Sanskrit, Techno-Management, Medical, Physiotherapy and Paramedical knowledge to the common man.
- Free medical treatment.
- Improving the infrastructure and heightening the educational institutions and catering scholarship opportunities to the students.
- Accomplishing and maintaining excellence through the progression and dispersion of knowledge.
- Keeping up the focus in grooming and training of the human resource to supply effective skills which will aid them in dealing with the innumerable challenges that rise from the present educational arena.

BABASAHEB BHIMRAO AMBEDKAR BIHAR UNIVERSITY

Muzaffarpur - 842 002, Bihar
Telephone - 0621-2243071
Fax : 0621-2242495

The Society named Center for Advanced Studies in Engineering (CASE) was established on 2nd May, 2000 with a deep commitment to promote and propagate quality technical education.

The commitment was translated into reality with the establishment of School of Engineering & Emerging Technologies (SEET) at Baddi in the year 2002.

The Society, through this institute, has been Providing B.Tech. engineering (Computer Science Engineering, Information Technology, Electronics and Communication Engineering, Mechanical Engineering, Electrical Engineering and MBA courses to the youth of Himachal Pradesh and other states of India.

Two new departments, Computer Applications (offering MCA degree) and Civil Engineering (offering B.Tech. degree) were added in the Institute in 2008. Over the years SEET achieved the status of a premier institute in imparting career oriented education in these fields.

In the year 2007, the Society established the School of Pharmacy and Emerging Sciences (SPES) and started 4-year B. Pharm. course from that year. In 2008, one more prestigious institute viz. School of Management Studies (SMS) was started offering MBA course. All these institutes comprised the CASE Group of Institutes.

The institutes of CASE Group are known for their academic excellence and their total commitment to superiority in technical and management education with holistic concern for quality of life, environment, society and ethics. Through continued efforts of the Management, the Society has been able to achieve the status of a university incorporating the CASE Group of Institutes, Baddi University of Emerging Sciences and Technology.

This university will continue to promote effective and innovative learning methods by using latest technology.

Banaras Hindu University is an internationally reputed temple of learning, situated in the holy city of Varanasi. This Creative and innovative university was founded by the great nationalist leader, Pandit Madan Mohan Malviya, in 1916 with cooperation of great personalities like Dr Annie Besant, who viewed it as the University of India. Banaras Hindu University was created under the Parliamentary legislation - B.H.U. Act 1915. It played a stellar role in the independence movement and has developed into the greatest center of learning in India. It has produced many great freedom fighters and builders of modern India and has immensely contributed to the progress of the nation through a large number of renowned scholars, artists, scientists and technologists who have graced its portals. The area of the main campus of this premiere Central University is 1300 acres, having well maintained roads, extensive greenery, a temple, an air strip and buildings which are an architectural delight. The Air Field of the campus was started for military training for flying during the second world war. Another campus of the university at Barkachha, in Mirzapur District, covering an area of 2700 acres is coming up. The university comprises 3 Institutes, 14 Faculties 140 Departments, 4 Inter disciplinary Centers a constituent college for women's and 3 Constituents Schools, spanning a vast range of subjects pertaining to all branches of humanities, social science, technology, medicine, science, fine arts and performing arts. It has 6 centres of Advanced Studies, 10 Departments under Special Assistance Programme and a large number of specialized Research Centers. Four Degree Colleges of the city are affiliated to the University. Bharat Kala Bhavan, the reputed museum of the university, is a treasure trove of rare collections. The 927 bed hospital of the University is equipped with all the modern amenities.

The university provides a wide range of facilities for sport and hobbies, has large playgrounds, a big auditorium, a flying club and many auxiliary services and units like Printing Press, Publication Cell, Fruit Preservation Center, Subsidized Canteens, Employment and Information Bureau, Security etc.

The University family consists of about 15000 students belonging to all streams of life, castes and religions and races, about 1700 teachers, and nearly 8000 non-teaching staff. A large number of students from foreign countries like the U.S.A, the countries of Europe, Asia, Middle East, Africa etc., come to study here. The university has taken a leadership role in promoting new ideas, the spirit of integration of the world, and cultivation of intellect and culture. Banaras Hindu University is small virtually the universe in microcosm.

To realize a dream which he had cherished since his boyhood, Pandit Hiralal Shastri, the founding father of Banasthali Vidyapith, resigned his prestigious post of Secretary in the Home and Foreign Department in the erstwhile Jaipur State in 1927 and selected the remote village of Banthali (as Banasthali was originally called) as the centre of his life's work. His plan was to organize a programme of rural reconstruction on the lines laid down by Gandhiji and also to train public workers through constructive service of the people. While so engaged in his work Shastriji also wanted to train his promising daughter Shantabai as a social worker dedicated to the cause of women's upliftment. But destiny ordained otherwise. All of a sudden, after a brief illness of a day, Shantabai bade farewell to Banasthali on 25th April, 1935 at the tender age of only 12 years. The loss seemed irreparable at the moment, but soon the mood of despondency gave way to a new hope. If one Shantabai had departed there were others who could be trained likewise. This idea gave solace and opened the path of action. To complete the unfinished task of his daughter, the Shri Shantabai Shiksha Kutir was started in October 1935 in the mud huts provided by the Jiwan Kutir, with about half-a-dozen girls.

The name 'Banasthali Vidyapith' was adopted only in 1943. This also happened to be the year when undergraduate courses were first introduced. The institution was granted the status of a deemed university in 1983 by the UGC. Prof. Sushila Vyas, the first student of Banasthali Vidyapith was appointed the first Director of Vidyapith. The UGC committee which recommended the conferment of University status on the institution kept the following points in mind: (i) Vidyapith's definite and viable programme for restructuring courses at the undergraduate level and its eagerness to carry out various measures to make education more meaningful and practical, (ii) availability of opportunities to the students to develop their personalities, and (iii) Vidyapith's initiative to inculcate spiritual and moral values in the students through various activities, emphasizing character-building and simplicity. With its autonomous status, the institute could now experiment, innovate and formulate its own curriculum and other activities. Under the tutelage of the Shastri family, Banasthali Vidyapith has grown from a school catering to only 6 students to the only residential university in the country that provides education to girls from the pre-primary stage up to the Doctoral level (Date-Line of growth of Banasthali Vidyapith) Banasthali Vidyapith has been accredited by National Assessment and Accreditation Council (NAAC) with 'A' Grade (Five star Rating).

Bangalore University is located in the Garden City of Bangalore aptly hailed as the "I.T. Capital of India", was established in July 1964 as an off shoot of the University of Mysore, primarily to include institutions of higher learning located in the metropolitan city of Bangalore and the Districts of Bangalore, Kolar and Tumkur, which eventually became a separate university. Initially, the two premier colleges of the city, the Central College (CC) and the University Visvesvaraya College of Engineering (UVCE) formed the nucleus of Bangalore University. The University has also established Gandhi Bhavan, Dr. B.R. Ambedkar Study and Research Centre, and Centre for Study of Social Exclusion and Inclusive policy and also has established schools of Biological Sciences, Social Sciences and Business Studies. The Central College Campus retained as the City Campus, houses the City offices of the Vice Chancellor, Registrar, Registrar (Evaluation), Finance (Examination part), UGC Academic Staff College, Directorate of Correspondence Courses and Centre, Directorate of College Development Council, Directorate of Physical Education and a few post graduate departments and support services, with a state of the art Jnana Jyothi Auditorium. Besides, the Central College also has the Central College Cricket Pavilion where the Karnataka State Cricket Association was first established and trained several cricketers of International repute. Apart from this, in the vicinity of the city campus, the University has the prestigious University Visvesvaraya College of Engineering (UVCE) started in 1917.

Bangalore University has completed Forty Seven years of fruitful existence and has come to be hailed as one of the largest universities of Asia. Though originally intended to be a federal university, it has eventually emerged as an affiliating University. The University was first accredited in 2002 by NAAC with Five Star Status and was re-accredited in the year 2008 with 'A' Grade. According to India Today - Nielsen survey of May 31st 2010, Bangalore University ranks 13th in the list of 50 top Universities in the Country. Academically, the University is structured into six faculties- Arts, Science, Commerce & Management, Education, Law and Engineering. It has 43 Post Graduate Departments, One post graduate Centre at Kolar, (Started during 1994-95), three constituent colleges, 665 affiliated colleges (of which 115 have PG Courses) and several other Centres and Directorates of higher learning and research under its purview. At present, the University offers 50 Post Graduate Courses and Employment Oriented Diploma and Certificate Courses.

BANKURA UNIVERSITY

Bankura Block – II, P.O.- Purandarpur
Dist.- Bankura, West Bengal – 722 155
Telephone No: +91- 03242 -201129
Mobile: +91 - 9735889759
Email: bku.univ@gmail.com
bankurauniversity@gmail.com

Bankura University is recognised under Section 2(f) of UGC Act, 1956.

It is a dream realized. The Hon'ble Chief Minister Smt Mamata Bandyopadhyay and the Hon'ble Education Minister gave a concrete shape to the long-cherished dream of the people of Bankura by establishing Bankura University, thereby giving a new intellectual impetus to this peripherally located region of West Bengal.

Bankura University was established by the West Bengal Act XIX of 2013 and the assent of the Governor was first published in the Kolkata Gazette, Extraordinary, of 6th January, 2014.

Bankura University is committed to the dedicated task of disseminating higher learning in this region and it promises to move into a glorious future by promoting the study of indigenous folk and cultural tradition as also by a sustainable rural and tribal development.

Bankura, historically known as Mallabhum, can truly boast of a rich heritage of traditional cultural excellence. It is evident in its traditional Dokra art, the intellectual and artistic triumphs of the 18th-century mathematician Subhankar (the well-known Subhankari Arya), the temple town of Bishnupur and the artistic contributions of Jamini Roy and Ramkinkar Bej.

This university will sustain and strengthen a unique dissemination of knowledge systems in language, literature, cultural studies, social sciences and multiple branches of the study of science.

Website : <http://www.bubhopal.nic.in>

The University formerly known as Bhopal University was established in 1970 in the capital city of Madhya Pradesh. In 1988, it was rechristened as the Barkatullah Vishwavidyalaya, in the living memory of the great freedom fighter, Prof. Barkatullah belonged to Bhopal.

The University campus, covering an area of approx. 360 acres of land, is located along Jabalpur-Jaipur National highway (NH-12) at a distance of about 3 kms. From the Habibganj Railway Station .The University complex includes Administrative Block, Library Block, Life sciences Block, Law Block, Humanities Block, social science Block, Physics Block, Applied Geology Block, Hostel Building, Guest House, Institute of Open and Distance Education, Post office, a branch of the State Bank of India, Printing press, faculty club, Institute of Management Building, Department of Pharmacy and University Institute of Technology.

The territorial jurisdiction of the university extends to the eight Districts of Bhopal, Sehore , Vidisha , Raisen , Hoshangabad, Harda , Betul, and Rajgrah. There are more than one hundred seventy colleges affiliated to the University. There is one Engineering college two college of education, a Technical Teachers Training Institute, a Ayurvedic , Unani, Physiotherapy and homeopathic college affiliated to this University.

The University covers almost a full spectrum of higher education, offering courses in its affiliated colleges and the teaching departments in the faculties of Arts, Social Science, Science, Life Science, Home Science, Medicine, Commerce and Business Management, Law, Engineering, Education and Technical Education. The Chakravarty Rajagopalachari Institute of Management (CRIM) provides full-time course in Business Management and the Institute of Open and Distance Learning, the only Institute of its kind in the State, provides undergraduate and diploma courses through correspondence.

The major emphasis of the University teaching departments is on interdisciplinary teaching and research. These teaching departments follow the annual semester system of teaching and examination, and make provision for such postgraduate courses, which are by and large, not provided a grant to establish a Women's Studies Centre in the Department of Sociology and have provided Special Assistance to departments of Microbiology and Physics under the SAP and COSIST.

BAREILLY INTERNATIONAL UNIVERSITY

Website : <http://www.bamu.nic.in>

The Berhampur University came into existence on 2nd January 1967 being inaugurated by Dr. A.N. Khosla, the then Governor of Orissa and the first Chancellor of the University. The University was later shifted to the present site known as Bhanja Bihar, named after the celebrated poet of Orissa Kabisamrat Upendra Bhanja. Spreading over an area of about two hundred fifty acres the university is twelve kilometres and 5 kilometers away from the Berhampur City and Sea-beach of Gopalpur respectively. The university has a wide area under its jurisdiction comprising the Districts of Ganjam, Gajapati, Koraput, Rayagada, Nowrangapur, Malkangiri, Kandhamala and Boudh. Eleven Govt. colleges, sixty two non Govt. colleges and twenty six professional technical colleges are affiliated to the university. To the credit of the university these institutes cater to the need of students in various subjects and disciplines such as Arts, Science, Commerce, Law, Education, Medicine, Engineering, Pharmacology, Homoeopathy, Ayurveda, Nursing, Military Science, Library Science and Fine Arts. There are twenty post-graduate departments in the university offering specialized subjects and M. Phil programmes. Some of the faculties like Mass Communication, Tourism and Indian Monuments, Electronic Science, Computer Science, Marine Science, Military Science make the University stand apart from some other universities of the country. The university has achieved great distinction in the academic world due to the qualitative and quantitative production of M. Phil., Ph.D., D.Litt. and D.Sc Degrees. So far many projects, major and minor funded by the U.G.C., I.C.S.S.R., C.S.I.R. and D.S.T. etc. have been completed. About two hundred fifty research oriented and text books have been published by the teachers. The university has the record of holding seminars and conferences every year apart from organising weekly seminars in the departments. Several U.G.C. sponsored Refresher Courses / Orientation Programmes / Summer Institutes are conducted in the university for the benefit of the university and college teachers. With all such multifarious academic activities the university has so far received reciprocal recognition from many Indian universities. It is a permanent member of the Inter University Board of India and Sri Lanka as well as that of the Association of Common Wealth University of London. The University has got NAAC accreditation with a rating of B+. At present the Campus has eight teaching blocks, eight hostels, a health centre, an Engineering Office, a guest house, an M.E. School, a High School/Junior College, a Library, a Museum-cum-Archival Cell, a landing ground, a Play ground, a Sports Council centre, a shopping complex, a Canteen, an S.B.I. Branch, a Post Office, three temples and an Administrative Building with a Distant Education Cell and a College Development Council.

BENGALURU CENTRAL UNIVERSITY

Dr. Ambedkar Veedhi, Bengaluru - 560 001, Karnataka

Tel. : 080 22131385

Email : registrarbcu@gmail.com

Bengaluru Central University inherits the legacy of the 160 year old of the Central College campus. It all started in the year 1858 when the British started a modest school called the 'Bangalore High School' with five students after some leading citizens of the city petitioned the British. It formed the nucleus of what would evolve into an important component of one of India's leading universities before it would become an independent university in post-independent India. In 1875, perhaps as a sign of its growing influence as an institution of higher education, (it had 43 students at this point!) the 'High School' changed its name to 'Central College' when it became a First-Grade College, one of the oldest in India. Some of the early names associated with Central College include Charles Walters, H. J. Bhabha, John Cook, R. H. Piggot, M. T. Narayana Iyengar, John Guthrie Tait, F. R. Sell, Dr. E. P. Metcalfe and Prof. C. R. Narayana Rao among other. All these people were responsible for the College to acquire great reputation as a leading institute of higher education in India. In 1916, the desire of many of the citizens of Mysore was sated when the University of Mysore was established with Maharajah's College in Mysuru (formerly Mysore) and Central College in Bengaluru forming the two main colleges under its aegis. Right from its early days, Central College was essentially a science campus. Around the time when the college became part of the University of Mysore, it acquired its imposing look with two big laboratories on either side of the main central block with its tall clock tower. Central College soon became the most important institution for college education in Bengaluru as well as in Mysore State. Apart from the B. A. and B. A. (Hons.) degrees, the college also offered a well-regarded B.Sc. Degree. A variety of literary societies were also formed around this time. English and Kannada departments were established early on at the Central College. Mathematics began to be taught in an organized manner from 1870 onwards. The Physics department was founded in 1882. Chemistry, which was being taught as a minor discipline got its own department in 1913. Zoology and Botany were organized into two separate departments in 1908 and 1919 respectively. Recognizing the need for mining engineers considering that Kolar Gold Fields was not far away, Geology was taught from 1898 at the College. Subsequently, Sanskrit, Urdu, Persian, Tamil, Telugu and Hindi also had their own departments. After independence French and German also began to be taught regularly at the College. In 1964, Bangalore University was founded and Central College became the city campus of the University. During this time, T.P. Issar, an Indian Administrative Service (IAS) officer who rose to become the chief secretary of Karnataka was the Registrar of the University. Eventually, the university offices moved to the Jnana Bharathi campus of Bangalore University. It is also pertinent to mention that the identity of Central College is linked closely with that of the city of Bengaluru and city residents intimately identify with the majestic college as something that belongs to them. Even a cursory look at its list of alumni from the nineteenth century makes it evident that the alumni of Central College have had a deep and pervasive impact on the growth and development of Bengaluru well into the twenty first century as it transitioned from a sleepy town favored by pensioners to the bustling metropolis that is the Information Technology capital of the world today. The 43-acre verdant campus in Central Bengaluru is also an important green space in the city with valuable architectural heritage.

BENGALURU Dr. B.R. AMBEDKAR SCHOOL OF ECONOMICS UNIVERSITY

Jnana Bharathi Main Road, Nagarbhavi Post
Landmark- Opposite National Law School of India University
Bengaluru – 560072, Karnataka
Phone: +91 –80 –23394453 Email: info@base.ac.in

Bengaluru Dr. B.R. Ambedkar School of Economics (BASE) University is being modelled on the lines of the celebrated *London School of Economics*. The first batch of B.Sc. (Honours) Economics was admitted in June-July 2017, through an All India Entrance test conducted by Karnataka Examination Authority (KEA), Government of Karnataka, Bengaluru and the classes for this pioneer batch began from 28th August 2017, at the Department of Visual Arts, Bangalore University, Jnana Bharathi campus, Bengaluru. The Academic session of the B.A.S.E was inaugurated at Dr. B. R. Ambedkar Bhavan by Honourable former Prime Minister of India Dr Manmohan Singh, world-renowned Economist on 4th October 2017. The programme was chaired by the former Hon. Chief Minister of Karnataka Shri Siddaramaiahji and former Hon. Minister for Higher Education Shri Basavaraj Rayareddy was the Guest of Honour. The programme was attended by a galaxy of Ministers of the Government of Karnataka and many dignitaries from Bangalore. Dr Manmohan Singh gave some very important advice to the students. and the Key Note Speaker of this occasion was Dr. C Rangarajan, former Governor of Reserve Bank of India and the Chairperson of the Prime Minister's Advisory Council. He spoke about the current economic situation and the future of the Indian economy.

BASE University will make its presence felt in the country as one of the finest training institutions in Economics and compete with the best in the country. BASE will not only set a new model in teaching and research in economics but shall also assist the Government of Karnataka and Union Government of India in policy formulations, to inform them through research the effectiveness of the policies. BASE would focus on imparting holistic knowledge in the discipline of economics by providing an understanding of other social sciences disciplines such as political sciences, sociology, philosophy, ethics etc. The teaching and training will focus on freedom to think and allow freely the new currents in economics and allied social sciences. The dogmatism in the framing of the syllabus, the orthodox course material, will be given a go bye.

BASE University is expected to provide necessary support in economic human power to the country and creating an inclusive society through participation of key stake holders in government, public, private and academic institutes. The focus of the Bengaluru Dr. B.R. Ambedkar School of Economics would be to provide state of art learning in Theoretical, Applied Economics and connectivity to other Social Sciences, so that research activities at the School of Economics will be accordingly shaped. The School shall provide knowledge and learning tools for policy development and initiate Public discussions on policies and emerging scenarios in society and economy. Freedom to learn, liveness in teaching and ease in learning leading to androgogy shall be the fundamental model of education.

BENGALURU NORTH UNIVERSITY

Tamaka, Sri Devraj Urs Extension,
Kolar, 563103. Karnataka
Email :bangalorenorthuniversity2017@gmail.com
Website : <http://www.bnu.ac.in>

The Government of Karnataka has notified the establishment of Bengaluru North University by trifurcating the erstwhile Bangalore University through its University Gazette Notification dated: 13-08-2015. The Territorial Jurisdiction of Bengaluru North University covers all the Legislative Assembly constituencies of Kolar District; Kolar P.G.Center; Chikkaballapur District; C.V.Ramannagar, K.R.Puram, Mahadevpura, Pulikeshinagar and Sarvagnanagar of Bangalore Urban District and Hosakote, Devanahalli and Doddaballapur Legislative Constituencies of Bangalore Rural District.

Bengaluru North University (BNU) is a State University located in Tama ka, near NH 75 in Kolar, Karnataka, India. The university was established in 2017 by the Government of Karnataka through the Karnataka State Universities(Amendement) Act, 2015 trifurcating Bangalore University by creating Bengaluru North University and Bengaluru Central University. The university was inaugurated on 21 September 2017 and T.D.Kemparaju, formerly Registrar of Mangalore University was appointed Vice-Chancellor.

In 2009 a committee submitted a report recommending trifurcating Bangalore University, which had over 600 affiliated colleges. In 2012, C. T. Ravi, the Minister For Higher Education, Government of Karnataka, announced plans to bifurcate 300 colleges out of the university by creating Bengaluru North University. Requests to following the original recommendation or even create four universities were made. In May 2015 the government announced it will follow the original recommendation and create Bengaluru NortUniversity and Bengaluru Central University, with about 200 colleges assigned to each of them. The Bill was passed in July 2015 and the university was inaugurated on 21 September 2017 However, as of 18 October 2017, no funds were transferred to the university from the government.

Academics

The University has 210 affiliated colleges. Affiliation to the three universities is based on Karnataka Legislative Assembly constituencies. BNU affiliating all colleges under Srinivasapur, Mulbagal, KGF, Bangarpet, Kolar and Malur Assembly constituencies in Kolar district;K R Puram, Pulikeshinagar, Sarvagnanagar, C V Raman Nagar and Mahadevapura Assembly constituencies in Bengaluru Urban district; Gauribidanur, Bagepalli, Chikkaballapur, Sidlaghatta and Chintamani Assembly constituencies in Chikkaballapur district; Devanahalli, Doddaballapur, and Hoskote Assembly constituencies in Bengaluru Rural District.

Campus

The University will operate for academic year 2017–18 from temporary offices in the campus of Karnataka State Open University at Tamaka on the outskirts of Kolar. A permanent campus will be constructed at Amaravathi village in Chickballapur District.

BENNETT UNIVERSITY

Plot Nos 8-11, TechZone II,
Greater Noida 201310, Uttar Pradesh
Email: info@bennettuniversity.com
Career: career@bennettuniversity.com
Website: www.bennettuniversity.com

Extending the core journalistic principles of Trust, Knowledge and Public Service, Bennett, Coleman and Co. Ltd. (BCCL) established over 177 years ago, has continually undertaken initiatives for the betterment of Indian society. BCCL, through its trust, Bharatiya Jnanpith, instituted one of the most prestigious Indian literary awards, the Gyanpeeth Award, in 1961. Further it has set up number of Educational institutions through its Sahu Jain Foundation. These include Sahu Jain College, Rama Jain College, Murti Devi Kanya Vidyalaya (School) and Murti Devi Sanskriti Inter College. Taking a proactive approach in contributing to the improvement of society, BCCL has launched multiple educational initiatives such as Teach India, Times School of Journalism and Newspaper in Education (NIE). Encouraged by the success of these educational initiatives and with a desire to improve the state of education in India, the group started expanding into the education sector with the launch of TimesPro - which focuses on short-term courses that enhance employability. It is now launching Bennett University, a state private university in Uttar Pradesh that will provide quality professional education to students making them, 'life and career ready'. Bennett University has been set up at Greater Noida and commenced operations on 08 Aug 2016, initially with B.Tech and MBA programs. With a focus on giving students a premium learning experience, in an immersive environment at a campus designed by the internationally renowned RSP Architects, coupled with enhanced use of technology to meet students aspirations, the University aims to create a learning atmosphere conducive to both research and practical & entrepreneurial applications. When fully operational, the Bennett University will offer programs at undergraduate, postgraduate and doctoral level in Engineering, Applied Sciences, Management, Media, Liberal Arts, Law, Design and Public Policy. In addition, the University will foster an environment of Innovation and Entrepreneurship, while enhancing skills in all areas of higher education through the centers for Entrepreneurship Education and Executive Education.

Vision

- To become a Centre of Excellence comparable to the best in the world; helping define aspirations and possibilities for the long term, and producing 'life and career ready' professionals with leadership quality, who are ready to challenge and be challenged (in the areas of technology, innovation, management and entrepreneurship).

Mission

- To develop as a benchmark University in higher and professional education.
- To provide a qualitative premium education and learning experience in the higher education space in a world-class infrastructure and research driven academic environment, to students looking for a well-rounded academic experience with enhanced employability prospects; and

- To harness human capital for sustainable competitive edge and social relevance.

Website : <http://www.bpswomenuniversity.ac.in>

Today's Bhagat Phool Singh Mahila Vishwavidyalaya is the 'dream come true' of Bhagat Phool Singh Ji, who established a Gurukul for girls at Khanpur Kalan in 1936. Even after the demise of Bhagat Phool Singh, his equally dynamic daughter Subhashini Ji not only took control of Gurukul but worked vigorously in expanding the Gurukul in terms of its various constituent institutions like BPS Memorial Girls' College (1967), BPS College of Education (1968), MSM Ayurvedic College (1973), BPS Mahila Polytechnic (1984), TIG Bhainswal Kalan(1999) and PSD Girls' Law College (2003). The State Government under the leadership of Shri Bhupinder Singh Hooda, the Honorable Chief Minister of Haryana took cognizance and upgraded the erstwhile Gurukul to the status of a University exclusively for women in August 2006 and christened it as Bhagat Phool Singh Mahila Vishwavidyalaya, which happens to be the first State Women University of North India. Since then BPSMV has undergone a complete transformation; a 75 years old Gurukul started with only three girls has turned into a modern university with approximately 7000 girls on its rolls studying in various programmes.

- The university is spread over lush green, pollution free 500 acres of networked & safe campus, juxtaposing tradition with modernity.
- The first State Women University of North India providing education from KG to PhD level.
- The university has established the Centre for Society- University Interface and Research (CSUIR) which offers innovative programmes like Integrated Energy Resource Management, Micro Finance Practices, and Folk Medicine etc.
- BPSMV is the first and only Indian university to establish UGC Area Study Centre for Indic-Asian Studies.
- The University offers innovative, job oriented programmes in various disciplines.
- The university has established state of the art Language Labs and Staff Training and Research Institute for Teaching of English.
- The university has signed MOUs with many foreign universities of repute.
- Free placement and personality development assistance is provided to all the enrolled students.
- The university organised Women Youth Parliament to hone leadership skills of students.
- The university has implemented all the good practices pertaining to academic, sports and cultural areas.

Bhagwan Mahavir University is committed to inclusion and innovation in education through philanthropy and pioneering initiatives. Bhagwan Mahavir University provides world class education and empowering opportunities for all sections of society. As the world of business and job opportunities are changing rapidly, we are evolving to make our students not just job ready but also life ready, to help them see learning as a continuous process and to become future- ready professionals. Bhagwan Mahavir University strongly believe in inculcating in our students the vital attitude of lifelong learning. Therefore, we provide our students with ample opportunities to develop self-motivation and creativity. The students are sensitized to a unique learning process where the self is seen as a creator and leader; as such an attitude will continue to yield much dividend throughout their lives. Our unique learning environment imbibes in students the importance of life building traits like dedication, commitment, hard work, reliability, sincerity, team spirit and transparency. We believe that education is the greatest enabler of social transformation and progress at all levels. We are also ever conscious of a University's great role towards shaping mindsets and building character, which in turn build the Nation.

Bhagwan Mahavir University collaborate with the industry which gives faculty members and students an exciting opportunity to see their research work has real-world impact. Centralized skill development cell under “Center of Excellence” acts as an interface between the students, faculty, and the corporate world to initiate continuous interaction with the industry, sharing the industry experiences, understanding industry needs and providing the required support to the corporate world. Our students are well equipped to meet industry demands, goals and expectations and can become a great asset for an organization by taking any challenging assignments entrusted to them to their fullest expectation. Our focus is to groom young future leaders who are value driven human beings and competent professionals with deep passion for humanity, who will lead the world.

Why Join Us

- Bhagwan Mahavir University is to be a one of its kind with a focus on research sector. The University will give equal importance to the research aspects of various academic offerings.
- Research shall be carried out through dedicated Centres at the University which will address the research demands of the sector and will have best research facilities.
- The academic curriculum of the University has been conceived in consultation with leading academicians who have provided their expertise and knowledge.
- University is expected to have more than 20,000 students in campus by next year.
- University will have academic alliances with international institutes / universities having expertise in engineering, sciences and architecture focused research and education.
- Bhagwan Mahavir University shall focus on achieving the following Standards of Excellence, emphasizing on industry centric, research oriented and serving towards community development, as the University grow further year by year.

BHAGWANT GLOBAL UNIVERSITY

Uttari Jhandi Chaur, Kotdwar

District- Pauri - Garhwal, Uttarkhand

Phone: 01382-242904, 242905, 242906, 242907, 8859901136

Website : <http://www.bgukotdwar.ac.in>

Established Under Government of Uttarakhand Act No. 39 of Year 2016.

Vision

To be a provider of globally-competitive proficient professionals

To nurture and sustain academic excellence, programmed to promote innovation, scholarship and abilities to analyze, experiment and synthesize

To foster academic-industry/professional synergies and to forge strategic alliances for greater upward mobility

Objectives

To provide instructions, teaching and training in Higher education in the field of Science, Technology, Management, Medicals, Arts, Commerce and to make provisions for research, advancement and dissemination of knowledge so as to emerge as a premier center for learning & Research in various spheres of Science, Technology, Management, Medical Arts & Commerce.

To create higher levels of intellectual abilities and to contribute to the higher education sector of Developing states and countries at an affordable cost.

To establish state of art facilities for Technical and Professional Higher education and other disciplines of learning

To carry out teaching and research and offer continuing education Programmes.

To create center of excellence for teaching, research and development and for Sharing knowledge and its application.

To provide consultancy to the industry and public organization.

To provide education through distance courses at the door step for those who do not have enough resources to complete the education in full time courses.

To establish e-learning center.

To award degrees, diplomas, certificates and other academic distinctions on the basis of examination or any other method of evaluation.

To ensure that the standard of the degrees, diplomas, certificates and other academic distinctions are not lower than those laid by the AICTE/ NCGE /UGC /MCI and PCI.

BHAGWANT UNIVERSITY

Sikar Road, Ajmer - 305 004, Rajasthan
Tel : +91 145-2789406 , +91-9928144442/3
Fax : +91-145-2789421
Email : unibhagwant@rediffmail.com
Website: <http://www.bhagwantuniversity.com>

Bhagwant University is formed under the aegis of Bhagwant Group of Institutions and has been established by Government of Rajasthan and approved by UGC, as per section 2f of UGC Act 1956. It is a JEE listed university & is a member of IAU, FICCI, AIMA, IAP. It is also an ISO-9001 certified University.

Bhagwant University offers under graduate, post graduate & Ph.D programs in technical & professional courses like Engineering, Management, Pharmacy, Education, Media & Mass Communication, Medical Science, Applied Sciences, and Humanities. This is the only University in Rajasthan which has the most demanding & upcoming engineering courses like Aeronautics, Petroleum, Nanotechnology and Agriculture.

The University has state-of-the-art physical and academic infrastructure, with educated, learned and highly qualified faculty members. It has collaboration with international universities to give global exposure to students. The best academic results serve as testimony to the fact that the students are technically competent to work in various disciplines of the corporate world as well as govt. sectors.

Bhagwant University is located on Sikar road, Ajmer. It is about 10 kms. from bus station and 12kms. from railway station. The University is well connected with bus services at intra-city level and with rail and road at intercity level. The University building is not just aesthetically built but is very functional and well set in green environment.

The main endeavor of Placement Cell, Bhagwant University is to get students placed in reputed multinationals, government jobs, NGO's and the private sector. All registered students with Placement cell are entitled to placement assistance, counseling for employment and even self-employment. The cell assures support to the visiting companies at every stage of the placement process by making university infrastructure available to them. The placement cell acts as an interface between the industry and the students and primarily enables the students to select from their career options. It facilitates the selection process of all the companies as per their requirement.

The placement cell liaisons with corporate, organizations to provide suitable jobs for the candidates completing their studies from the Bhagwant University. The placement cell also proposes to conduct seminars and workshops to enable the students of Bhagwant University to become successful professionals.

BHAIKAKA UNIVERSITY

Gokal Nagar, Karamsad – 388325, Gujarat, India

Tel : +912692 228748

Email : info@bhaikakauniv.edu.in

Bhaikaka University is an outcome of a dream cherished by late Dr. HM Patel, a Former Union Finance and Home Minister. He embarked on building an institution which he envisioned would fill the need long-felt, that for a faculty of Medicine, not many thought would succeed. But determined he was to succeed and went about his task with the same missionary zeal and enthusiasm that characterised much of his work in building Vallabh Vidyanagar.

The Charutar Arogya Mandal was formed in 1972 as a non-profit Trust and a Society; to work in the area of health care and education. Dr. Patel's legacy, Solace for the Suffering, drives all our efforts in health care and education activities. The Trust's main objective, as enshrined in its Constitution, is to make health care facilities accessible and affordable to the people of Gujarat.

The Institutions of the Mandal are located in Karamsad, the Karmboomi of Sardar Vallabhbhai Patel, "Iron Man of India".

Spread over a sprawling green campus of 100 acres, the Trust's activities are focused on the following four areas and guided by their respective Boards of Management in Education, Patient care, Research and Public health.

The Government of Gujarat has approved our Private University status and notified our Trust to commence a State Private University named "BHAIKAKA UNIVERSITY" under the State Private University Act 2009.

Vision

Bhaikaka University will be the most preferred destination for students who aspire to become change leaders to make significant impact in the society.

Mission

Bhaikaka University will develop organisational culture of collegiality and engage transformative educators to promote excellence in education, research and service.

BHAKTA KAVI NARSINH MEHTA UNIVERSITY

Government Polytechnic Campus
Khadia - 362 263, Gujarat, India
Email: info@bknmu.edu.in
Ph. 0285-2681400
Email : info@bkmu.edu.in

Bhakta Kavi Narsinh Mehta University (BKNMU), a State University was established by Government of Gujarat vide Gujarat Act. No 23 of 2015 on 16th September, 2015, situated at Junagadh city of the Saurashtra region, Gujarat State, India. The idea of new university conceived by Honorable Prime Minister Shri Narendra Modi and the seed of inception was laid down by Honorable former Chief Minister of Gujarat- Shrimati Anandiben Patel. Provisionally, the University is made functional in Government Polytechnic Building, Khadiya, which is in close vicinity of 12 kilometers from Junagadh city. The jurisdiction of the University includes Junagadh, Porbandar, Gir Somnath and Devbhumi Dwarka districts. Prof.(Dr.) Chetan Trivedi is presently working as a Vice Chancellor of the University.

To develop the knowledge of different branches of Higher, Technical and Professional learning and research in relation to the different domains and their applications. The prime objects of the University shall be to create centers and institutes excellence.

Mission

Our mission is to undertake quality-related research studies, consultancy and training programs, to establish and expand the academic links and collaborative research with globally competent research establishment and Universities and to promote excellence in higher education by inculcating independent critical thinking, socio-scientific temperament for capacity building, empowering the learners achieving their professional and social goals by improving the quality of life in harmony with our heritage, culture and environment and by providing learning opportunities along with inculcation of highest human values.

Vission

Our vision is to impart quality education with basic morals of life by inculcating knowledge driven temperament for novel and innovative research which can be transformed into innovative practices for the benefit of the society at large and to offer programs that lead the learners towards 'academic excellence' and 'industrial relevance' in education and research.

BHARAT RATNA Dr. B.R. AMBEDKAR UNIVERSITY

Lothian Road, Kashmere Gate
Delhi -110006
Tel : +91-11-23863740/43
Fax : +91-11-23863742

Bharat Ratna Dr B.R. Ambedkar University is a State University with a campus-based, unitary structure with research, postgraduate and undergraduate programmes in the social sciences and the humanities.

The Bharat Ratna Dr B.R. Ambedkar University was established by the Government of the National Capital Territory of Delhi through an Act of Legislature in 2007 and was notified in July 2008. Mandated to focus on research and teaching in the social sciences and humanities and guided by Dr Ambedkar's vision of bridging equality and social justice with excellence, the University considers it to be its mission to create sustainable and effective linkages between access to and success in higher education.

The University is committed to creating an institutional culture characterized by humanism, non-hierarchical and collegial functioning, teamwork and creativity.

The University is broadly structured into Schools and Centres, most of which are now functional. The idea is to focus on areas of knowledge and professional specialisations which are relevant to our context yet are not being given enough emphasis by other universities in this part of the country.

The University also proposes to set up a number of centres with the mandate to facilitate research and dissemination of knowledge in lesser known or neglected areas. Of them, the Centre for Early Childhood Education and Development, the Centre for Social Science Research Methods and the Centre for Community Knowledge are now functional. A Centre for Publishing is also being planned.

The University campus can boast of good infrastructure in terms of well-stocked libraries, reading rooms, online journals and computer labs. Student hostel facilities are available for both boys and girls. The classrooms are equipped with audio-visual equipment and wi-fi connectivity is available throughout the campus.

BHARATH INSTITUTE OF HIGHER EDUCATION AND RESEARCH

173, Agharam Road Selaiyur, Chennai, 600073, Tamilnadu

Tel : 91-44-6111 6299, 91-44-2229 0247

artsadmission@bharathuniv.ac.in

Bharath Institute of Science and Technology (BIST) started with Sri Lakshmi Ammal Educational Trust as the first self-financing Engineering College in Tamil Nadu in 1984 by Dr. S. Jagathrakshakan. The trust then established Sree Balaji Dental College and Hospital in 1989. Sree Balaji Dental College and Hospital was first recognized as a Deemed to be University by MHRD in July 2002, under section 3 of UGC Act 1956 and placed under the purview of new trust of Bharath Institute of Higher Education and Research (BIHER). The Bharath Institute of Science and Technology (BIST) and other institutions (below) was then brought under the ambit of Bharath Institute of Higher Education and Research (BIHER).

- Bharath Institute of Science and Technology
- Sree Balaji College of Nursing, Chennai
- Sree Balaji Medical College and Hospital(SBMCH), Chennai
- Sree Balaji College of Physiotherapy, Chennai
- Sri Lakshmi Narayana Institute of Medical Sciences (SLIMS), Pudhucherry

Thus, Bharath Institute of Higher Education and Research (BIHER) is providing multi-stream, multi-cultural and high-quality education to nearly 10000 students from all around the world. It is functioning in a sprawling area of 603 acres of land with 1.3 crore sq.ft buildings located in six Campuses both in Tamil Nadu and Pudhucherry, equipped with the state of the art infrastructure facilities. There teaching Faculty members are well-qualified and have vast experience in research to teach and supervise various UG and PG programmes.

Vision Implementation Plan

Academics

- Launch new programs with innovative curriculum design - Provide exposure to multiple subjects to get multifaceted exposure.
- Flexibility to students - options / add-ons to core subjects, develop Device Agnostic Technology to access online content
- Funding / incubation entrepreneurial ideas, Flipped class room – Integrated Courses & Need based learning.

BHARATHIAR UNIVERSITY

Coimbatore - 641 046, Tamil Nadu

Tel : 0422-2422439, 2422500, 2422203, 2425398

Fax : 0422-2422387/2425706

The Bharathiar University was established at Coimbatore by the Government of Tamilnadu in February, 1982 under the provision of the Bharathiar University Act, 1981 (Act 1 of 1982). The Postgraduate Centre of the University of Madras, which was functioning in Coimbatore before 1982 formed the core of the Bharathiar University. In May, 1985 the University received the recognition from University Grants Commission (UGC) New Delhi for the purpose of grants.

The University named after the great national poet Subramania Bharathi is enshrined with the motto "Educate to Elevate". In the University, every effort is harnessed to realize his dream of making educational institutions as temple of learning. It is the aim of the University to participate in the task of inculcating necessary Knowledge, Skills and Creative Attitudes and values among the youth of the country to contribute more effectively towards establishing an equitable social and economic and secular ideal of our nation.

The University's mission is :

To be innovative, inclusive and international University ; committed to excellence in teaching, research and knowledge transfer and to serve the social, cultural and economic needs of the nation".

To innovate and offer educational programmes in various disciplines with synergistic interaction with the industry and society.

To impart knowledge and skills to students equipping them to be ready to face the emerging challenges to the knowledge area.

To provide equal opportunity to women students and prepare them to be equal partners in meeting the scientific and technological demands of the nation.

To contribute to the advancement to knowledge through applied research leading to newer products and process.

To prepare the students to work for societal transformation with commitment to justice and equality.

To inculcate among students a global vision with skills of international competence.

The University's Central Library, Administrative Building, the Sports Complex, Bank, Post Office, Canteen, Health Centre, Staff Quarters, Guest House etc., are all located in the main campus.

Besides the main campus, the university has a city campus at Khajamalai, where the Departments of Economics, Education Technology, Social Work, Women Studies, Department of Computer Science and Engineering, Department of Lifelong Learning, the Institute for Entrepreneurship and Career Development (IECD), the Bharathidasan University Technology Park (BUTP), Department of Remote Sensing and Academic Staff College are functioning in addition to a students Hostel.

The Bharathidasan Institute of Management (BIM) is located in the Campus of Bharat Heavy Electricals Limited (BHEL) at Tiruverumbur on the Tiruchirappalli-Thanjavur highway. BIM symbolises the University-Industrial linkage with BHEL to create the country's first ever Management Institute to be housed inside an industrial giant. BIM enjoys a unique symbiotic relationship with BHEL in terms of academic inputs and continuous industry exposure. BIM's excellence over the years had led the former President of India Dr. A.P.J. Abdul Kalam to choose BIM as an ideal training ground for DRDO Scientists. Thus BIM has emerged as one among the top Business Schools of the country. The university has a good library and sports facility.

BHARATI VIDYAPEETH

Pune - 411 030, Maharashtra

Tel : 020-24331317, 25232202, 24331317, 25443706

Fax : 020-24339121/24321910

Email : bharati@vsnl.com, bharatividyaapeeth@yahoo.com,

Website : <http://www.bharatividyaapeeth.edu>

During the last 46 years, Bharati Vidyapeeth has made astonishing strides in the field of education, particularly, higher and professional education. Today Bharati Vidyapeeth conducts more than 156 educational units of various kinds' right from pre-primary schools to postgraduate institutions and a full-fledged professional university (BVDU). Today, Bharati Vidyapeeth has its major campuses in New Delhi, Navi Mumbai, Pune, Solapur, Kolhapur, Sangli, Karad, Satara, and Panchgani and at quite a few other places. Bharati Vidyapeeth is probably the only organization from Maharashtra having its campus in the capital city of India. It is not in the urban areas alone that Bharati Vidyapeeth has started its institutions. Its schools and colleges have dotted rural areas and even the remotest tribal and coastal areas of Maharashtra. Bharati Vidyapeeth runs more than 78 schools and 60 institutions of higher education, including those of professional education. Among these are colleges of Medicine, Dentistry, Ayurved, Homeopathy, Nursing, Pharmacy, Law, Biotechnology, Engineering, Management, Hotel Management & Catering Technology, Environment Science, Agriculture, Physical education and more. With a view to promote research activities and to create a research culture on its campuses, Bharati Vidyapeeth has established five specialized research institutes in the areas of Health Related Sciences, Biotechnology, Information Technology, Applied Chemistry and Social Sciences. Dr. Patangrao Kadam subsequently expanded the scope of his activities and started many other institutions as its sister concerns. They include cooperative units of various kinds, several trusts, quite a few service institutions and even an orphanage. The corporate office of Bharati Vidyapeeth is located in the prestigious area of Deccan Gymkhana in the city of Pune. Its 10 storied building, once the tallest in Pune, is a landmark of the city. Dr. Kadam has always put premium on the quality of education imparted to the students through the institutions of Bharati Vidyapeeth. He has always emphasized that the students of Bharati Vidyapeeth should get updated and excellent education in a very hospitable and conducive atmosphere. So Bharati Vidyapeeth is very selective about the appointment of its academic staff. It provides enriched infrastructural facilities, well-equipped libraries and laboratories, well-developed and sprawling playgrounds and other amenities in its institutions. There is hardly any school or college of Bharati Vidyapeeth, which does not have its own building. 26th April, 1996 was the moment of crowning glory in the life of Bharati Vidyapeeth, as well as, of Dr. Kadam. It was the day the Government of India, on the recommendation of the University Grants Commission, granted the status of "Deemed to be University" to a cluster of 12 institutions of Bharati Vidyapeeth in appreciation of their academic excellence. It was the day of a dream comes true for Dr. Kadam who cherished an ambition of gaining the stature of a university for Bharati Vidyapeeth since its inception.

BHARATIYA ENGINEERING SCIENCE AND TECHNOLOGY INNOVATION UNIVERSITY

The Bharti Vishwavidyalaya welcomes any new members who are studying , lecturers, or show a particular interest in the field!

Bharti Vishwavidyalaya run by Holistic Foundation, Durg.

As a society, we organize exciting new events regularly that provide valuable opportunities to make friends, to learn, and most importantly, to promote the .excellent quality of education and mentoring for the students, aspiring to be competent professionals in Information Technology and Education from year 1999.

Along side this, there are talks from professional people in the industry and site visits, which gives you an insight into what working as an engineer will be. This is a great chance to network too!

“Education is the most powerful weapon which you can used to change the world”

With great student strength at, our efforts are directed to accommodate and address the expectations of every student by the way of enabling them to participate in seminars, workshops in and out of the Institute, apart from educational tours and industrial project works.

To refine the necessary attitude, aptitude and skills to achieve placement on corporate and education sector, the Institute is supportive to the students by arranging periodical tests and group interaction exercises. We endeavor to equip our students with both subjective and management skills, so that they may contribute to the industry being excellent professionals.excellent quality of education and mentoring for the students, aspiring to be competent professionals in Information Technology and Education from year 1999..

We are determined to retain this level of superiority in every sphere of academic activities including research orientation and overall development of the students at University.Keeping up with your university work can give you a real sense of achievement and getting involved with your choice of society will keep those positive and happy vibes going without burning out on essays and reading.

BHATKHANDE MUSIC INSTITUTE

1, Kaiserbagh, Lucknow-226001

Uttar Pradesh

Telephone : (91) - 0522-2610248, 0522-2610318

Fax : 91-0522-2622926

The history of music education in India dates back to ancient period when all education was imparted in Gurukulas and Ashrams of great Saints, Rishi, Munis. The system of modern institutionalization of education in graded, time bound structure was ushered in by the British rulers from the mid-nineteenth century. Indian music education was brought and structured in this system in the beginning of twentieth century. Two stalwarts of Indian music in this century, Pandit Vishnu Digambar Paluskar and Pandit Vishnu Narayan Bhatkhande led and developed two strong and parallel traditions of this institutionalization of music education and training system.

In 1926 Pt. Vishnu Narayan Bhatkhande established a music school in Lucknow with the help and co-operation of Rai Umanath Bali and Rai Rajeshwar Bali and other music patrons and connoisseurs of Lucknow, culturally vibrant princely state of Awadh. This institution was inaugurated at the hands of the then Governor of Awadh Sir William Marris and was named after him as "Marris College of Music". On 26th March 1966, the State Government of Uttar Pradesh brought this college under its control and aptly renamed it after its founder as "Bhatkhande College of Hindustani Music."

At the request of the State Government, the Government of India by a notification on 24th October, 2000, declared this institute as "University", thus elevating its status and making it the only-of-its-kind Music University in India. Bhatkhande Music Institute is registered under the registration of Societies Act 1860 and is an autonomous institution. On 2nd November 2002, Hon.H.E. the Governor of Uttar Pradesh consented to become the President of Bhatkhande Music Institute

Bhatkhande Music Institute (University) has a very glorious history with exemplary achievements in the past. The alumni of this Institute are spread all over the world and many are in the active pursuit of music education and performance. Its University status spells good higher quality music education, training and grooming to the students of not just the city, but of state and worldwide. Bhatkhande Music Institute is also much sought after destination for music students from Sri Lanka, Nepal, Central and East Asian Countries. Many of the students from these countries are studying on I.C.C.R. scholarships.

BHATTADEV UNIVERSITY, BAJALI

Pathsala – 781325 Assam, India

Tel : (03666) 266423

Email : info@bhattadevuniversity.ac.in

Bhattadev University, Bajali, is the realization of a long cherished dream of the people of greater Bajali Sub-Division that came into being on 24th of June, 2019 after the first Vice-Chancellor of the University Prof. Birinchi Kr. Das assumed office. The University was upgraded from the erstwhile Bajali College which had a glorious history of more than six decades and was widely recognized as one of the prominent educational institutions of the state of Assam. The University was established by Bhattadev University Act, 2017 to which the Governor of Assam gave his assent on 16 October 2017. It is named after an illustrious son of Assam Baikunthanath Bhagavat Bhattacharya popularly known as Bhattadev, who is acknowledged as the father of Assamese prose. Bhattadev's erudition in Sanskrit grammar and literature, and his command over the Shrimadbhagavata purana earned him the title of Bhagavat Bhattacharya.

Bajali College was the fruition of the vision and dedication of many prominent individuals of Bajali and the toil and sacrifice of the local agrarian community who contributed from their earnings of selling rice paddy to the establishment of the college. Bajali College grew under the dynamic leadership of Kameswar Das, who stood first class first in his MSc final examination from Calcutta University. Bajali College from its humble origin in the year 1955 strived towards academic excellence and it came to be known as one of the best colleges for science education in Assam. It is imperative to mention here that Bajali College started postgraduate courses in the Geography and Zoology departments way back in the 1980s with the postgraduate Department of Geography being the second oldest in Assam after Gauhati University.

Bajali College endeavoured in its pursuit of academic excellence and indeed it was accredited with "A" Grade in its 2nd cycle by NAAC in the year 2016.

Though in its nascent stage, the University has introduced the postgraduate programme in Physics in the very first year of its inception. It can be mentioned here that Bajali College already had postgraduate programmes in Mathematics, Assamese, Zoology, Geography before its upgradation to Bhattadev University. The University, under the dynamic leadership of Prof. Birinchi Kr. Das, is striving hard and has already taken steps in various fields of activities to establish it as one of the reputed Universities of India in the line of Gauhati University, Tezpur University and IIT Guwahati.

Vision

To develop an excellent university meant for skilling and educating people at large and for researching on areas that are relevant to the society with special attention to local needs.

BHUPAL NOBLES' UNIVERSITY

Maharana Pratap Station Road,
Sevashram Circle, Udaipur-313001, Rajasthan
Ph: 0294 - 2414498, 2414499, Fax: 2414498
Email: info@bnuniversity.ac.in
admission@bnuniversity.ac.in

The Bhupal Nobles' University endeavors to promote the advancement and dissemination of knowledge. It aims to provide instructions in the disciplines and courses stated later in the Bulletin along with the provision for research and consultancy. The University has been set up to inculcate the best of practices for sustainable development of the society and the nation. The University has been established with the noble objective of eradicating illiteracy, ignorance and pernicious social evils through the spread of enlightening, progressive and value oriented education.

This University provides new opportunities, allowing each entrant to widen the range of educational provision thereby support economic regeneration throughout the region to benefit the scholars.

The establishment of Bhupal Nobles' University this year has proved to be a benchmark in the history of the institute whereby it has assumed a place of pride in the academic map of not only the state but the nation as well.

Our Vision

- To develop into a global educational centre maintaining high standards in both teaching and research with focus on quantitative and qualitative progress.
- To provide education to the wide cross-section of society without any distinction of caste or creed and ensure social and economic equality while providing easy and affordable higher education to all.
- To create a team of leaders with essential competencies to confront the challenges of the world today and tomorrow.
- To become an internationally renowned arcade of women education reputed for imparting excellent need specific education.
- To promote research in the field of Pure Sciences, Commerce, Management, Pharmaceutical Sciences, Law, Education, Agriculture, Social Sciences and Humanities and apply its findings for the betterment of the society.

Bidhan Chandra Krishi Viswavidyalaya, BCKV, came into being in West Bengal in 1974. The huge sylvine campus having its teaching, administrative, extension and research units now at Mohanpur, Nadia, WB., has got the District mandates for offering agricultural education both at UG and PG levels, conducting agricultural research as well as organizing extension programmes. With a backdrop of different agro-climatic zones of West Bengal, comprising mainly of small farmers and farm entrepreneurs, it has already accomplished a glorious acumen through a relentless upgradation and diversification to emerge as a centre of excellence at the national level. The faculties of the university are Agriculture, Horticulture and Agricultural Engineering and relentlessly providing modern and high value education to create technocrats and scientist of capability to go competitive both at national and international levels. The Bidhan Chandra Krishi Viswavidyalaya established in 1974 has celebrated its 31st birthday on September 1, 2005. In these 31 years, the University paid primary attention towards imparting education in different branches of study in Agriculture, Horticulture, Agricultural Engineering and other allied disciplines of learning and scholarship. The Viswavidyalaya also worked towards advancement of Research in the respective areas. And finally it made endeavour to disseminate the knowledge amongst the farmers of the State. Since February 2001, however, the Viswavidyalaya has undergone a number of major structural changes. It's North Bengal Campus at Cooch Behar along with three Northern Regional Stations at Kalimpong, Cooch Behar and Dinajpore have emerged into a new Agricultural University, Uttar Banga Krishi Viswavidyalaya (UBKV) to cater more intensively to the needs of agriculture in North Bengal Districts. At present the BCKV is responsible for catering to the needs of agriculture only in the southern Districts of West Bengal. The University thus has its Main Campus, three Regional Research Stations and three Regional Research Substations. At the same time the Viswavidyalaya has been strengthened with the creation of two new Faculties of Horticulture and Agricultural Engineering at Mohanpur taking care of human resource generation in Horticulture and Agricultural Engineering. During this period, a Farmers Training Centre under the Directorate of Extension Education has been organized at Kalyani with necessary facilities of training including accommodation for the trainees. This centre has not only benefited the trainees from different part of the State country but also from all neighbouring states. There is a Medical Investigation Unit (MIU) in the Main Campus to satisfy the health care needs of the students and staff.

BIHAR AGRICULTURAL UNIVERSITY

Sabour, Bhagalpur, Bihar - 813210

Cell/Mobile : 09934054775

Phone/Fax: 0641-2452614

Email: usjsabour@yahoo.com

Bihar Agricultural University is an autonomous institute under Bihar state government established in 2010 under Indian Council of Agricultural Research (ICAR) situated at Sabour, Bhagalpur District of Bihar. Historically, Bihar State is endowed with soil and water resources as well as climatic amplitudes having vast potential of agricultural production of varied nature. The university's area of operation will comprise 25 Districts of Bihar, namely Araria, Arwal, Aurangabad, Banka, Bhabhua, Bhagalpur, Bhojpur, Buxar, Gaya, Jamui, Jehanabad, Katihar, Kishanganj, Khagaria, Lakhisarai, Madhepura, Munger, Nalanda, Nawada, Patna, Purnia, Rohtas, Saharsa, Sheikhpura, Khagaria and Supaul Districts. It is to cater to the specific needs of this potential grain bowl of the state. The headquarters would be located at present Bihar Agricultural College, Sabour Campus, the oldest and agricultural college of the state, engaged in imparting education, conducting researches on farmers problems and transfer of technology under its extension mandate. Bihar Agriculture University is engaged in Research and Extension activities in the field of agriculture. In order to extend the research done in the University to farmers of Bihar, it signed an agreement with World Development Foundation, New Delhi to implement a project of "Agriculture Knowledge Dissemination System". The project basically involved educating the farmers using ICT and video conferencing system for improved agriculture and livestock production.

The mandate of Bihar Agricultural University, Sabour would include the following objectives:

- To impart education in different disciplines of agriculture and its allied disciplines.
- To undertake strategic and applied research for development of agricultural technology.
- To under take extension education programme in the State of Bihar, by planning and organising different programmes of human resource capability in agriculture and related domains.
- To help State Government in production and supply of breeder seeds for multiplication of foundation and certified seeds.
- To serve as a repository of national and international scientific information on various aspects of agricultural and animal production.
- To collaborate with relevant national and international agencies for all round development of agriculture in the State, in particular and the country as a whole; and also to undertake such other activities, as it may deem fit, from time-to- time.

BIHAR ANIMAL SCIENCES UNIVERSITY

Bihar Animal Sciences University, Bihar Veterinary College Campus
Patna- 800014 (Bihar), India
Tel : 0612-2227251
Email: reg-basu-bih@gov.in

Bihar Animal Sciences University (BASU) has been established with its headquarters at Patna through an act of Bihar State (BASU Act No. 15 of 2016, notified in the Bihar Gazette on 29 August 2016). The University became operational from 13 June 2017 with the appointment of its first Vice Chancellor. The new University has been carved out of the Bihar Agricultural University as two of its constituent colleges at Patna viz. Bihar Veterinary College and Sanjay Gandhi Institute of Dairy Technology have been transferred to the BASU, whereas a new College of Fisheries has been established in 2018. To further expand the horizon of the University and strengthen the research and outreach, following research institutes, stations and substations are being transferred to BASU.

Research Institutes / Stations / Sub Stations

Institute of Animal Health and Production, Patna
Exotic Cattle Breeding Farm, Patna
Central Poultry Farm, Patna
Government Goat Breeding Farm, Purnia
Government Cattle Farm, Gaya
Government Buffalo Farm, Sipaya (Gopalganj)

Territorial Jurisdiction

With respect to teaching at the University or College level, research and extension education programmes in the field of Veterinary and Animal Sciences as defined in the BASU Act, the territorial jurisdiction and responsibility of this University shall extend to the whole of the State of Bihar.

The University may establish, operate, maintain and develop Teaching Centres, Educational Centres, Research and Experimental Centres, and Extension Education Training Centres in the field of Veterinary, Animal Husbandry, Fishery, Poultry, Dairy Technology and allied subjects as may be required in various parts of the State, and shall be responsible for its management, development and operations.

All colleges, research and experimental centres, or other institutions coming under the jurisdiction and authority of this University shall be as constituent units of the University under the full management and control of the University officers and authorities. No unit shall be recognized as an affiliated unit.

The University may work having collaboration in teaching and research programmes, multi-disciplinary approach and academic programmes with other Universities, including foreign Universities or reputed and approved institutes.

BIHAR YOGA BHARATI

Munger - 811 201

Bihar

Tel: +91 (0)6344 222430, +91 (0)6344 228603, +91 (0) 9304 799615

Fax: +91 (0)6344 220169

Bihar Yoga Bharati (BYB), an Institute for Advanced Studies in Yogic Sciences, is the culmination of the vision of Sri Swami Sivananda Saraswati and Sri Swami Satyananda Saraswati and is the first of its kind in the world wholly devoted to the subject of yoga. BYB has been established along the lines of Nalanda and Vikramshila, two great spiritual centres of learning. It continues the work started by these ancient centres, as a pathfinder for the current and future spiritual awakening of people, in the spheres of Yoga, Vedanta, Tantra and other allied subjects.

Normally an educational institution focuses solely on academic goals, whereas a gurukul environment combines both intellectual and experiential learning, aiming towards the holistic growth of the student. Emphasis is laid on both the mental and spiritual development of the student.

BYB offers scholars, scientists, doctors and yoga aspirants from all parts of the world a golden opportunity to work together to formulate a scientific basis for the growth, expansion and rapid integration of yoga into modern society.

Sri Swami Sivananda originally had the vision of a yoga institute when he established the Yoga Vedanta Forest Academy in Rishikesh in 1950. This inspiration was carried forward by Sri Swami Satyananda, who established Bihar School of Yoga in Munger in 1963, followed by the Ganga Darshan complex. Swami Niranjanananda, with the blessings of his predecessors, founded Bihar Yoga Bharati in 1994 as an Institute for Advanced Studies in Yogic Sciences.

Sri Swami Satyananda founded Bihar School of Yoga in order to carry out the mission given to him by his guru to spread the message of yoga from door to door and from shore to shore. Under the banner of BSY, he propagated yoga for people of all ages from all countries, races, religions and cultures.

Under his guidance, the ancient science of yoga was taught on a scientific basis with clarity and vision. Thousands of people were and continue to be trained and educated in yogic subjects.

Bihar Yoga Bharati is thus a natural continuation of the teaching activities of BSY. This gurukul based institute is the first of its kind in the world to impart a comprehensive yogic education.

BIJU PATNAIK UNIVERSITY OF TECHNOLOGY

Rourkela - 769 004

Camp: Gandamunda, Khandagiri, Bhubaneswar - 751 030

Website : <http://www.bput.ac.in>

The Biju Patnaik University of Technology (BPUT), Orissa, with its head-quarters in Rourkela came into being in November 2002 through an act of the Government. The main objective of instituting the University was to ensure a high quality of students coming out of the technical colleges through a common curriculum and uniform evaluation. Today, the University has 110 colleges, both constituent and affiliated, with around 58,000 students.

The disciplines include engineering and architecture, business management and hotel management, computer studies and pharmacy. Several of these offer both undergraduate and post graduate studies.

The university is functioning in its new campus located at *Kalinga Vihar* Rourkela, Odisha, India.

When Biju Patnaik University of Technology was established, only five colleges existed Veer Surendra Sai University of Technology, Burla founded in 1956, College of Engineering and Technology, Bhubaneswar founded in 1981, Odisha School of Mining Engineering, Keonjhar founded in 1956, Central Institute of Plastic Engineering and Technology, Bhubaneswar founded in 1968 and Indira Gandhi Institute of Technology, Sarang founded in 1982 were there, under the state government of Odisha and a few other private engineering and management institutes which were under Sambalpur University, in Odisha. Latter in 2009 three new government colleges were added Parala Maharaja Engineering College, Berhampur, International Institute of Information Technology, Bhubaneswar and Government College of Engineering, Kalahandi.

The University has more than 110 colleges that have liberal courses in B.Tech, B.Arch, B.Pharm, B.HMCT, MBA, MCA, M.Pharm and M.Tech courses.

BIKANER TECHNICAL UNIVERSITY

College of Engineering & Technology Campus
RIICO Karni Industrial Area, Pugal Road, Bikaner - 334004
Tel : 0151-2250940,50 0151-2250940,50

Dhanbad, Jharkhand
Tel No. - +91-9431308196
Website : <http://www.bbmku.org.in>

“Binod Bihari Mahto Koyalanchal University, Dhanbad” came into existence by the Jharkhand Govt. notification of 23rd March 2017, published as Gazettes Notification No 216 (Extra Ordinary) dated 11th April 2017. Foundation stone of the University Campus was laid on 13th November 2017 by the Chief of Jharkhand, Sri. Raghubar Das. The University has 10 Constituent Colleges, 18 Affiliated colleges, 25 B.Ed. Colleges, 02 Engineering Colleges, 02 Law Colleges and 01 Medical College spread in Dhanbad and Bokaro districts of Jharkhand, with its headquarter at Dhanbad.

The University offers Undergraduate and Postgraduate courses with 21 Postgraduate Departments, which includes the Department of Management, Education, Mass Communication, Art and Culture, Law, Foreign Languages, Life Science, Computer Science, and Environmental Science and Disaster Management. As per AISHE Survey 2017-18, there are 51603 students (Boys: 24018, Girls: 27585) enrolled in 10 Constituent colleges of the University.

BIR TIKENDRAJIT UNIVERSITY

Canchipur, Near Manipur University, South View

Imphal West - 795003, Manipur

Tel : - 91 93546 65694

Email : info@birtikendrajituniversity.com

Bir Tikendarjit University, Manipur is established by the Manipur Government as an Act No. 9 of 2020 and under u/s 2(f) of UGC act 1956. With a view to keep pace with the rapid development in all spheres of knowledge in the world and the country, it is essential to crate world level modern research and study facilities in the State to provide state of the art educational facilities to the youth at their doorstep so that they can make out of the human resources compatible with liberalized economics and social order of the World.

And rapid advancement of knowledge and changing requirements of human resources make it essential that a resourceful, quick and responsive system of educational research and development be created which can work with entrepreneurial zeal under an essential regulatory set up and such a system can be created by allowing private Institutions engaged in higher education having sufficient resources and experiences to establish Bir Tikendrajit University.

We bring differentiation to our students through blended curriculum, emphasizing industry connect through our Corporate Resource Center (CRC). We believe in overall grooming of our students through enhanced practical and industry exposure. Some of our unique grooming advantages are as below COURSES, ADMISSIONS & SCHOLARSHIPS Our passion is listening to student issues/ ideas, thinking through solutions and coming up with creative solution. Most importantly, we keep it simple.

We believe in providing education that cultivates creative understanding, enables diverse, talented, hardworking graduates to pursue disruptive thinking leading to productivity, to enjoy the pleasures of lifelong learning, and to reap the satisfactions of aiding communities around us.

“The highest education is that which does not merely give us information but makes our life in harmony with all existence.” - *Rabindranath Tagore*.

At BTU, we intend to attract & serve students from diverse social, economic and ethnic backgrounds and to be sensitive and responsive to those who have been underserved by higher education. The great philosopher Sri Vivekananda said that if students cannot reach the door of education, education will reach at the door of the students no matter where they live. In the long term, Bir Tikendrajit University aims at becoming a global institution through innovative programs linking humanities, arts, social sciences, pure sciences and health sciences, which will empower our students and faculty to collectively contribute to the world.

BIRANGANA SATI SADHANI RAJYIK VISHWAVIDYALAYA

GOLAGHAT, ASSAM, 785621

Email : bssrvtechnical@gmail.com

Website : <https://www.bssrv.ac.in/>

Birangana Sati Sadhani Rajyik Vishwavidyalaya has been established by the Government of Assam under the Birangana Sati Sadhani Rajyik Vishwavidyalaya Act 2020. Prof. Jyoti Prasad Saikia has been appointed as the first Vice Chancellor of the university. The university has been allotted land in Rangajan under Morongi Revenue Circle of Golaghat District. Presently, the office of the Vice Chancellor is run from Golaghat Engineering College premises. The mission and vision of the university are to develop global citizens through a holistic learning process, and endeavouring to turn it into a hub of multidisciplinary research and academic excellence for all its stakeholders. The mandate of the university is to fulfil the aspirations of a vast demography, comprising of students in quest of doctoral research, post-graduate diploma courses, and certificate courses. In offering these courses, the university aims at promulgating the policies enshrined in the National Education Policy (NEP) 2020. Therefore, the courses that have been designed are in consonance with the interdisciplinary and multidisciplinary requirements envisaged by NEP. The university aims to be research-centric, and thereby dedicating its efforts towards research activities (60% against 40% academic pursuits). This is in keeping with the objectives of NEP, which anticipates greater contribution from universities in the realm of research. The university will also offer various professional and vocational courses to equip learners with skill sets to be competent and comfortable in their respective fields. This will go a long way in realising the goals envisaged by the university in its policy manifesto, which is in concordance with objectives outlined in NEP 2020.

Our Vision

“To develop global citizens for betterment of mankind by integrating knowledge, values and skills”

Our Mission

1. To develop Birangana Sati Sadhani Rajyik Vishwavidyalaya as the most preferred destination for students and scholars.
2. To develop the Vishwavidyalaya as a hub for multidisciplinary research and academic excellence focusing on integrating knowledge, values and skills”.

Website: www.bgu.ac.in

Birla Global University is a self-financed private unitary University and has been established by the enactment of Birla Global University Odisha Act, 2015 with its main campus spread over an area of nearly 30 acres of land in Gothapatna village under Bhubaneswar city limits. As per the Act the management of the university is carried out by a Board of Governors headed by Smt. Jayshree Mohta, Chairman, Birla Academy of Art & culture being the main promoter of Birla Global University. However, Honorable Governor of Odisha is the Chancellor of the University.

The University has been established with a goal to be the best destination for aspiring new-gen managers. It is committed to redefine 'quality' in management education with state of the art facilities, best of the infrastructures and finest of faculty members. Presently, the University operates with four schools i.e.

1. School of Management offering MBA and BBA(Honours)
2. School of Communication offering MA in Journalism & Mass Communication (MAJMC) and BA in Journalism & Mass Communication (BAJMC)
3. School of Commerce offering M.Com & B.Com
4. School of Social Sciences & Humanities offering MA in Economics

The university plans to extend the scopes of the existing schools as well as to open new schools for Art & Culture, Literature, Sciences and research programmes. In fact, the core strength of the university is its commitment towards research and development. The university, this way, aims at catering to the need of the young mass of the country and to take Odisha to the global arena in the sphere of higher education.

VISION

The vision of the university is to disseminate knowledge based education, a leader in the field of research oriented activities and global leader in the high quality education providing excellence and values in the field of higher education.

MISSION

The avowed mission of the university is to develop scholars committed to the high ideals and search for the knowledge achievement of success in their career. The university in the field of higher education would provide the knowledge to the students to excel in the fields of research, innovation and entrepreneurship development besides a steady career path.

BIRLA INSTITUTE OF TECHNOLOGY

Mesra, Ranchi - 835 215, Jharkhand

PABX: +91 651 2275444 / 2275896 / 2275402 / 2276052

Fax: 0651 2275401

Email : skmbit@yahoo.co.in, registrar@bitmesra.ac.in

Email : vc@bitmesra.ac.in

Website : <http://www.bitmesra.ac.in>

BIT, Mesra is a "Deemed University" under Sec. 3 of the U.G.C. Act 1956. The Board of Governors is responsible for the main functions and overall supervision of activities. It comprises representatives of the Ministry of Education, Government of India, the U.G.C., the State Government, The Chancellor, the AICTE, The Hindustan Charity Trust and the Institute Faculty. Shri C.K. Birla is the Chairman of the Board of Governors while the Governor of the state of Jharkhand officiates as the Institute's Chancellor. There's a Technical Council that decides the academic policy of the Institute.

Keeping up with the times has never been enough at BIT as it has mostly been either at the top of ranking surveys or the first among initiators of path breaking ideas. From the introduction of new academic programmes to re-structuring the current ones, from improving infrastructure to upgrading teaching skills, the student's welfare has always been the focal point in BIT's larger picture. As a result, the Institute enjoys an unsurpassed reputation in academia and corporate circles being the preferred manpower source for many industries not only in India but also abroad. BIT Mesra had been conceived with a vision to be recognized as a world-class learning institution for engineering and technology. But it has moved beyond the fulfillment of a scholastic promise to re-defining education in the new age through creation of aptitude and comprehensive intelligence. Targets are achieved everyday, only to make space for newer dreams.

Campus life is undoubtedly the most cherished memory for a student and BIT ensures that discipline is properly coupled with a more than adequate share of fun and excitement. Students share an open and transparent bond with the faculty and other staff members and everybody puts in their very best to make the Institute a great place to live and learn in. Completely residential, the campus is self-contained with excellent hostel facilities and hangout zones. With more than 10,000 registered students spread across the main campus at Mesra, seven other centres within India and three overseas centres, BIT is today a global name. Along with Undergraduate and Postgraduate Programmes, the Institute has more than 150 registered students for Doctoral Programmes at present.

BIT Mesra has been accredited by the National Assessment & Accreditation Council (NAAC) & the National Board of Accreditation (NBA) established by the UGC & AICTE respectively.

BIRLA INSTITUTE OF TECHNOLOGY AND SCIENCE

Vidya Vihar

Pilani - 333 031, Rajasthan

Tel : 01596-242090, 242215, 242192, 242578

Website : <http://www.bits-pilani.ac.in>

The Birla Institute of Technology and Science, BITS Pilani is an all-India Institute for higher education. The primary motive of BITS is to "train young men and women able and eager to create and put into action such ideas, methods, techniques and information". The Institute is a dream come true of its founder late Mr G.D.Birla - an eminent industrialist, a participant in Indian freedom struggle and a close associate of the Father of Indian Nation late Shri Mohandas Karamchand Gandhi (Mahatma Gandhi). What started in early 1900s as a small school, blossomed into a set of colleges for higher education, ranging from the Humanities to Engineering until 1964 when all these colleges amalgamated to culminate into a unique Indian University of International standing. This university was christened as the Birla Institute of Technology and Science, Pilani, known to many as BITS, Pilani. Over the years, BITS has provided the highest quality technical education to students from all over India admitted on the basis of merit. Its graduates may be found throughout the world in all areas of engineering, science and commerce. BITS symbolizes the maturing of Indian technical ability and "can-do" entrepreneurial spirit, especially as derived from the private sector. BITS is located in the Vidya Vihar campus adjacent to the town of Pilani in Rajasthan.

BITS mission is to advance knowledge and educate students in science, technology, and other areas of scholarship that will best serve the nation and the world in the 21st century. The Institute is committed to generating, disseminating, and preserving knowledge, and to working with others to bring this knowledge to bear on the world's great challenges. BITS is dedicated to providing its students with an education that combines rigorous academic study and the excitement of discovery with the support and intellectual stimulation of a diverse campus community. We seek to develop in each member of the BITS community the ability and passion to work wisely, creatively, and effectively for the betterment of humankind. Our commitment to transparency and stress on equal opportunity has been a key contributing factor behind our emergence as an institute of national repute, our rigorous intake process rewards only merit and ensures that only truly motivated students join us. Our curriculum is continuously being innovated and refreshed to reflect the latest developments in technology and trends within industry. Pure academics are supplemented by pervasive industry engagement and every student is exposed to practical applications of classroom knowledge under a structured semester-long engagement programme.

BIRSA AGRICULTURAL UNIVERSITY

Kanke, Ranchi - 834 006

Jharkhand

Tel : 0651-2450500, 2450866, 2450832, 2450760

Email : registrar_bau@yahoo.co.in, bau@bitsmart.com

Website : <http://www.icar.org.in/birsa/BAU.htm>

Agricultural education was first started in Bihar in 1945 with the establishment of Bihar Agricultural College at Sabour in the District of Bhagalpur. Later on, it was realised that the agricultural situation and features of the plateau region of South Bihar is different from the rest of Bihar.

Hence there was a need of a second college for this region. Ranchi Agricultural College was established in 1955, Ranchi Veterinary College in 1961 and College of Forestry in 1980.

Considering the importance of agricultural education for the agricultural development of the state, the first Agricultural University in Bihar – Rajendra Agricultural University was started in 1971 with its headquarters at Pusa.

In view of the specific agriculture features of Chotanagpur and Santhal Parganas, the establishment of a second Agricultural University, for this region of the Bihar State, was conceived.

Birsa Agricultural University was established on 26th June, 1981 after its formal inauguration by the then Prime Minister of India, Late Smt. Indira Gandhi. Its primary objective is to develop area specific technologies and manpower in the field of agriculture, animal husbandry and forestry for the agricultural development of the plateau region of Bihar and economic upliftment of tribal and other backward class population of the region.

The programmes and activities of education, research and extension are carried out through three faculties (Agriculture, Veterinary Sciences and Animal Husbandry and Forestry) with thirty five departments, College of Biotechnology, six Directorates, three Zonal Research Stations and farms, one University farm, sixteen Krishi Vigyan Kendras, Computer Centre, Central Library and other infrastructure and service units.

Being a completely residential university, hostels for boys and girls, and residential facilities for Teachers/Scientists and supporting staff have been provided in the campus.

BISWA BANGLA BISWABIDYALAY

Bolpur, Shantiniketan, Birbhum-731204

Email : support@bbbwb.org

Phone No : 033 71482942

(During Office Hours only)

The Honorable Chief Minister of West Bengal Smt. Mamata Banerjee announced the launch of this University at Bolpur, close to Santiniketan. The perception of Upinishod as seen by Tagore stands for Tamso Ma Jyotirgamaya (तमसो मा ज्योतिर्गमय) meaning lead us from darkness to light (তমসো মা জ্যোতির্গময়ঃ). That is what we plan to do – improve the overall educational value and nurture the young minds of India. It is a continuous journey of learning and development and we would like to build upon the best practices and lessons from Tagore's vision of education and bring this to Biswa Bangla Biswabidyalay.

Bengal is rich with visionary leaders – be it spiritual, cultural, political, and scientific – including three nobel laureates Rabindranath Tagore, Amartya Sen and Abhijit Vinayak Banerjee. Today, we are facing a difficult task of promoting Tagore's legacy of literature, philosophy and cultural heritage while simultaneously looking towards the future – what is in the best interests for our students' career development and long-term growth. We want our students to take the best of traditional Bengal culture and Tagore's teachings and find their own dynamic vision for the path ahead.

Vision:

We are committed to creating and sustaining an environment for students to have a transformative educational journey in the arts and sciences and to become future leaders. Our hope is to fuel innovation and connect the scientific knowledge with social needs and to accelerate purposeful and positive impact in the world.

Mission

1. The University will offer a broad education that will be interdisciplinary, diverse and form a foundation for critical and innovative thinking.
2. Students will be offered and encouraged to choose coursework from across disciplines, with guidance to form his or her own path in the academic journey.
3. Technology will underpin everything that we do. The lectures and materials will be made available digitally. Students from India and abroad will be able to attend selective classes virtually. Regular and highly talented teachers/scholars from India and abroad as adjunct/visiting faculties will provide the best possible teaching, guiding research and motivate the students to achieve more.
4. Sports facility and Yoga will allow students to improve their physical health and nurture their mental well-being.
5. Dynamic Festivals/music/drama/literature will keep the University campus vibrant and the community engaged.

BML MUNJAL UNIVERSITY

67th KM, Mile Stone

NH-8, Sidhrawali

Gurgaon – 123413, Haryana

Phone: 1800-103-6888 (toll free)

For General Enquiries: info@bml.edu.in

For Admissions: admissions@bml.edu.in

Founded by the promoters of the Hero Group, BML Munjal University (BMU) is a not-for-profit initiative offering undergraduate and post-graduate courses in management (MBA and BBA) and undergraduate courses in engineering (B.Tech) and commerce (BCom (Hons)). The University has been founded with the objective of transforming higher education in India by creating a world-class teaching and learning environment. The 50-acre, fully residential and co-educational university has been notified under the Haryana State Private Universities Act, 2006.

Named after the chairman and founder of the Hero Group, Brij Mohan Lall Munjal, BMU is engaged in creating, preserving and imparting internationally benchmarked knowledge and skills to a diverse community of students from across the world.

BMU's unique learning environment will nurture the spirit of enquiry, creativity, problem solving, entrepreneurship and innovation; and promote hands-on and cross-disciplinary learning; and inculcate a raft of values, job and life skills. This will ensure that BMU students are transformed into well-rounded, industry-ready individuals, who are equipped to take on leadership responsibilities from day one of graduating from the university.

The university is being launched in two phases. The School of Engineering & Technology, School of Management and School of Commerce will be established in phase I, beginning August 2014. In phase II, four additional schools are proposed to be added: School of Liberal Arts, School of Art, Architecture & Design, School of Natural Sciences and School of Law.

When BMU started its operations in August 2014, and it has offered the following undergraduate and postgraduate programmes:

- BTech
- BCom (Hons)
- BBA
- MBA

The campus is located at the 67th KM stone on NH-8, District Gurgaon, Haryana, about 50 km from the Delhi international airport.

BRAINWARE UNIVERSITY

398, Ramkrishnapur Road, Barasat
Kolkata, West Bengal 700124
info@brainwareuniversity.ac.in
Tel. : +91 33 71445592

Employing over 800 top professionals and academicians, Brainware has come to be associated with an institution of repute offering well trained quality manpower to the industry. Every member of the Brainware Family enjoys diverse opportunities for intellectual, personal and professional growth. Learning and working at Brainware will foster quick, well-rounded minds, well-equipped to succeed in our fast-changing world.

To reach out and add worth to people's lives, impart quality education for creating efficient manpower for the future, and promote a superior category of students and researchers who would apply knowledge for the advancement of society and meet the challenges of a rapidly changing world .

To spread and enhance education, collaborate with national and international institutions, promote interdisciplinary research works, upgrade educational standards, and empower the youth with a holistic development by exposing them to a wide culture of creation, innovation, and employment opportunities.

We believe that our students are not just pupils; they are scholars. With that on mind, we keep moving forward.

BODOLAND UNIVERSITY

Debragaon

P.O. – Rangalikhata

Kokrajhar BTC - 783 370, Assam

Bodoland University was established keeping in view the aspirations of the populace of the BTAD towards nurturing matters related to higher education of the students of the region. Accordingly, our University would have to serve the people of the BTAD through preeminence in creating, communicating, preserving and applying knowledge and academic values, and in developing persons who would be able to challenge the present and enrich the future.

Our University aims to be an institute of higher learning accepted as a natural choice by the students of North-East India, known nationally, recognized for its curricula in arts, sciences and professional programs, and admired for setting high standards of education.

It would do the needful to focus on high class teaching, to invigorate research to address scientific, sociopolitical and cultural matters, to generate wisdom, to nurture creativity, to engage in productive partnerships with other institutes of higher learning and to forge interdisciplinary programs.

It would have stringent ethical commitments towards building heritage of engaging knowledge to uplift the society, fostering openness of thought and culture, responding to problems and challenges of the society, promoting diversity in all forms, instilling integrity, and nurturing a high degree of societal responsibilities.

To satisfy the aspirations of the populace of the BTAD, the University authorities would do the needful to uplift the level of education of women in particular of the BTAD, integrating experiences and wisdom of the people of the region.

Our University would change, adapt, and grow to meet the needs of the society. It would create and maintain a work environment where one can achieve one's full potential. It would recognize achievements, and would sincerely acknowledge its shortcomings.

We would like to assure everyone concerned that our University would be controlled by absolutely clean and totally unbiased governance. It is still in a nascent stage. We know that we would soon be able to uplift the standard of our University so that it attains a high rank among the Universities of the country.

Man's desire to share his experience has given birth to many a temple of knowledge which functions not only as seats of learning but also as guardians of progress in all walks of life. These centers of learning are responsible to generate, disseminate and spread knowledge in the domain of science and technology, human values and socio-economic pursuits.

C.V. Raman Global University, Odisha was established as per "Odisha Act 01 of 2020". Although this University is newly born, it takes pride in its rich heritage. Aiming to improve the scholastic ability and effectiveness of the quality education system across the globe, the University is committed to expanding the scope of the existing departments and also to open new ones to deliver multi and inter-disciplinary courses by accelerating the present sectoral focus of its mother Institute.

To begin with, CGU, Odisha started as a degree level engineering college named as C.V. Raman College of Engineering (CVRCE) in the year 1997. Since its inception, it was wedded to quality and steadfastly remained committed to bringing about rapid transformations in the field of technical education by imparting high quality education and training through its well-equipped smart classrooms, world class labs, unbeatable Centres of Excellence and a rich library having connectivity with the leading libraries of the world. These are some of the shining feathers in the crown of CVRCE which helped the institute grow into a university in record time.

CGU, Odisha has also inherited the following things from CVRCE: a well geared system, a responsive and supportive management, rich infrastructure, among a host of other things. In reality, the story of CGU, Odisha is synonymous with the story of CVRCE.

Vision

To emerge as a global leader in the area of higher education through the pursuit of excellence with future of skills and innovation to match the ever changing global scenario.

Mission

Our mission is to realize our vision by:

- Providing State-of-the art education both at undergraduate, postgraduate and research;
- Working collaboratively with technical Institutes / Universities/ Industries of National and International repute;
- Keeping abreast with latest technological advancements with a view to enhancing future of skills, R&D and start-up activities at large;
- Realising its' goals and objectives in a time bound phased manner.

Career Point University follows the world's best IIT-Education system to support every student to realize their potential with the experiential approach in the academics. Thousand of young students, from as many as 18 states of our country, have already made Career Point University as their first choice for their higher education to give thrust to their career.

University offers personal approach to address every student's need. Career Point University is established by Government of Rajasthan Act No. 13/2012 u/s of the UGC Act of the UGC Act 1956.

The university is located in Kota (Rajasthan); which is known for its best education in the country.

The company provides Educational Consultancy and Management Services (ECAMS) and operates three schools in Rajasthan [Global Public School (Kota), Jivan Jyoti Publich School (Jodhpur) & Career Point World School (Kota).

Currently the company provides ECAMS services to Career Point University at Kota, Rajasthan and Career Point University at Hamirpur, Himachal Pradesh. Both universities started offering graduate, post-graduate and research degree and diploma courses in engineering, computer applications, sciences, law, fashion and design, commerce and management since 2012.

It also operates Career Point Technical Campus at Rajsmand, Rajasthan and Career Point Technical Campus at Chandigarh. Both campuses offer graduate, post-graduate degree & diploma courses in engineering, computer applications & sciences.

CENTRAL AGRICULTURAL UNIVERSITY

P B No 23, Iroisemba (P.O.)

Manipur - 795 004

Tel : 0385-2415933, 2414702, 2410644, 2415222

Fax : 0385-2410414, 2415196

Email : snpuri@rediffmail.com, regcau@yahoo.com

Website : <http://www.cicmanipur.nic.in/html/cau.asp>

The Central Agricultural University has been established by an act of Parliament, the Central Agricultural University Act, 1992 (No.40 of 1992). The Act came into effect on 26th January, 1993 with the issue of notification by the Department of Agricultural Research and Education (DARE), Govt. of India.

The University became functional with the joining of first Vice-Chancellor on 13th September, 1993. The jurisdiction of the University extends to six North-Eastern Hill States viz., Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Sikkim and Tripura, with headquarters at Imphal in Manipur.

The mission of the University is to be a centre of excellence in teaching, research and extension education in the field of agriculture and allied sectors. The University aims to develop sustainable farming systems for improving productivity and profitability in agriculture and allied sectors and also train the farmers and extension functionaries for the effective dissemination of advanced agricultural technologies in North-East India.

The University acts as an important link in the chain for converting agriculture and allied vocations into profitable enterprises and offering food and nutritional security for the people of North-East region.

To realize the above mission, University established seven colleges and three Krishi Vigyan Kendras (KVKs) in the six states of North-East India and offers Undergraduate and Postgraduate Degree Programmes in agriculture and allied sciences.

Like other Agricultural Universities, Central Agricultural University, Imphal has integrated programmes of teaching, research and extension education. As per the mandate, the university has established different constituent colleges, namely: College of Agriculture (Imphal, Manipur) College of Fisheries (Agartala, Tripura), College of Home science (Tura, Meghalaya), College of horticulture and Forestry (Passighat, Arunachal Pradesh), College of Veterinary sciences and Animal Husbandry (Aizawl, Mizoram), College of Agricultural Engineering and Post Harvest Technology (Gangtok, Sikkim), and College of Post-Graduate Studies (Umiam, Meghalaya). Except for the College of Agriculture (erstwhile Manipur Agricultural College, Imphal), other constituent colleges of University came into existence after the establishment of University.

CENTRAL INSTITUTE OF BUDDHIST STUDIES

Choglamsar, Leh
Jammu and Kashmir 194104
Tel. : 01982-264391
Email : cibsladakh@gmail.com

Ladakh is known for Buddhist monasteries and living Buddhist culture. Earlier prior to 1959, scholars, novices and monks of Ladakh used to go to famous Buddhist monastic Mahaviharas, like, Sera, Drepung, Tashi Lhunpo, Gadan, Sakya, Sangag Chosling, Dege, Digung etc. in Tibet for their higher monastic education. In 1950s, this practice abruptly came to an end due to political reasons in Tibet. As such the need of an institute of higher Buddhist monastic learning was felt in Ladakh for the formal Buddhist education of monks and novices of the region. Accordingly the 'School of Buddhist Philosophy' was established and inaugurated by H.E. Skyabje Ling Rinpoche (the senior tutor of H.H. The 14th Dalai Lama) at Leh on October 23, 1959 with 10 monks of 10 different monasteries of Ladakh. The famous Tibetan Buddhist Scholar Ven. Yeshe Thubtan appointed as the first Principal of the institute (1959-1967). Two teachers were appointed to instruct the students in Tibetan Literature and Buddhist Philosophy. The entire expenses of the students and the teachers were born by these 10 monasteries of Ladakh for 3 years. In 1962, the institution was shifted to Pethub (popularly known as Spituk) village about 8 kilometers west from Leh.

In 1962 at the behest of Ven. Kushok Bakula Lobzang Thubstan Rinpoche and Pandit Jawaharlal Nehru, the first Prime Minister of India, the institution was given full financial support by the Ministry of Culture, Govt. of India. The School of Buddhist Philosophy was registered as an Educational Institution in the year 1964 under the J&K Societies Registration Act of 1941. Later on the institution was renamed as Central Institute of Buddhist Studies and had its new set up at Choglamsar, 8 kilometers South-East of Leh on Leh-Manali Highway in the year 1973. The same year the institute was affiliated to Sampurnanand Sanskrit University, Varanasi (U.P.) and the courses suitable to the students of the frontier Himalayan region were introduced. The names of the incumbent Principals/Directors of the Institute are:

1. Ven. Lochos Rinpoche, Principal
2. Dr. Tashi Paljor, Principal
3. Dr. Nawang Tsering, Principal
4. Dr. Wangchuk Dorjee Negi, Principal/Director
5. Prof. Konchok Wangdu, Officiating Director

CENTRAL INSTITUTE OF FISHERIES EDUCATION

Website : <http://www.cife.in>, <http://www.icar.org.in/cife/intro.htm>

Central Institute of Fisheries Education is the premier National Fisheries University of India dedicated to development of quality human resources in frontier areas of fisheries and aquaculture.

The institution was founded on 6 June 1961 under the Ministry of Agriculture, Govt. of India and was subsequently included in the Indian Council of Agricultural Research in 1979. It was befittingly conferred the Deemed University status in 1989 and since then has contributed immensely to the development of the fisheries sector through its three-pronged mandate of research, teaching and extension.

Today it takes pride in its elegant and expansive campus comprising of state of art laboratories, library, hostels, guest house and sports facility. The university has six major Departments/ Divisions including Aquaculture; Fisheries Resources, Harvest and Post Harvest; Fish Genetics and Biotechnology; Aquatic Environment and Health Management; Fish Nutrition and Biochemistry and Fisheries Economics, Extension and Statistics.

Its four Centres at Rohtak (Haryana), Kolkata (West Bengal), Kakinada (Karnataka) and Powarkheda (Madhya Pradesh) are spread over different agro-climatic zones and have inland-saline, freshwater and marine farm facilities for on-farm education and extension. Two training-cum-research fishing vessels M.F.V. Saraswati (36 m OAL) and M.F.V. Narmada (11 m OAL) greatly contribute to the learning and research experience of our students and other institutions. Presently, CIFE awards M.F.Sc. and Ph.D. degrees in eleven disciplines.

The institute has grown several folds since 1961 under the steadfast guidance of ten Directors/ Vice Chancellors. Under the able stewardship of its present Vice Chancellor Dr. W. S. Lakra, the University is expanding its sphere of activities and has strengthened its collaborations and linkages with leading national and overseas fisheries institutions for enabling cutting-edge research and human resource development.

CENTRAL INSTITUTE OF HIGHER TIBETAN STUDIES

Sarnath, Varanasi 221007 U.P. (India)
Tel : +91 542 2585242, 2581737
Email: vcoffice.cuts@gmail.com

The Central Institute of Higher Tibetan Studies (Deemed University) (CIHTS) at Sarnath, Varanasi, is one of its kinds in the country. The Institute was established in 1967. The idea of the Institute was mooted in course of a dialogue between Pt. Jawaharlal Nehru, the first Prime Minister of India and His Holiness the Dalai Lama with a view to educating the young Tibetan Diaspora and those from the Himalayan border regions of India, who have religion, culture and language in common with Tibet.

Originally the Central Institute of Higher Tibetan Studies (CIHTS), began to function as a constituent wing of the Sampurnanda Sanskrit University, and eventually emerged as an autonomous body in 1977 under the Department of Culture, Ministry of Education, Government of India.

The founding of the institute occurred after a year-long conference organized by Dudjom Rinpoche gathered exiled spiritual leaders from the four schools of Tibetan Buddhism. As overseen by the 14th Dalai Lama, the conference focused on preserving the culture and spiritual heritage of Tibet, and on salvaging buddhist teachings carried by the exile community in India. Khenchen Palden Sherab Rinpoche attended the conference and became the institute's first Nyingma Professor in 1967.

The institute steadily progressed and the Indian government declared it a Deemed University on 5 April 1988. Formerly headed by Kyabje Zong Rinpoche, Lobsang Tenzin the Samdong Rinpoche (former Prime Minister of the Central Tibetan Administration), and Ngawang Samten, also a former alumnu. In 2016, Lobsang Norbu Shastri^[4] became the institute's leader.

The university attracts students from many regions of the Himalayas, considered as family coming from Kinnaur, Lahaul, Spiti, Ladakh, Monpas from Arunachal. Students from Nepal include Sherpas, Lamas and many more from the bordering Tibetan regions of Mustang and Dolpo. Students also come from Bhutan and Mongolia.

The university also offers courses in Tibetan medicine (Sowa Rigpa), Tibetan Astrology, and Fine Arts.

On 14 January 2009 the institute was officially declared as a university and the inauguration was made by the XIV Dalai Lama. Now the name of the university is Central University of Tibetan Studies.

CENTRAL INSTITUTE OF TECHNOLOGY

PO : Rangalikhata/Balagaon, Kokrajhar – 783370, Assam

Phone: 91-3661-277279

Website : <https://www.cit.ac.in>

Central Institute of Technology (CIT) Kokrajhar is situated in Kokrajhar District of Bodoland Territorial Council (BTC) in Assam. CIT has been established for the basic objective of fulfilling the aspirations of the Bodo People relating to their cultural identity, language, education and overall economic development of the region and to impart Bodo youths with requisite technological and vocational training to produce the required manpower to give the impetus to economic growth of this area and to integrate the Bodo People into the mainstream of Technical and Vocational Education. It is a Centrally Funded Institute under the Ministry of Human Resource Development, Government of India. The Institute was established on the 19th December 2006. The genesis of this Institute was the memorandum of Settlement on Bodoland Territorial Council (BTC) signed between the Assam Government, the Union Government and the Bodo Liberation Tigers, on February 10, 2003, in New Delhi. The Institute is an autonomous body registered under the Societies Registration Act., 1860 and functions under a Board of Governors (BOG). CIT is mandated to impart Technical and Vocational Education such as Information Technology, Bio-Technology, Food Processing, Rural Industries, Business Management, etc. as part of the concerted efforts being made by the Government of India and the Government of Assam to fulfill the aspirations of the Bodo people. It is thus envisioned to acquire a unique place in the field of technical education in the country through its modular and innovative academic programmes.

Institute Mission

Foster skills development with innovative teaching techniques and learning technologies such as e-business and e-learning. Ensure access to education, training, knowledge and technology for promoting skills and innovations to all.

Establish a world class Institute for education, career, technology and vocational training. To promote a two cycle modular degree structure with the objective to make students free from a single career path by enabling them to opt for alternatives at different stages of their study.

Empower the people to fulfill their aspirations by fostering know how in technology and vocational training to produce skilled and trained manpower from the area by serving as a link between education, industry and economic self-reliance. To focus on Institute Industry partnership to implement innovative strategies to create new entrepreneurs, enterprises and industries with access to leading edge skills and on-the-job training.

Address challenges in rapid shifts in the nature of demand for skills by emphasizing on research, development, commercialization and industrialization with necessary thrust to shift from traditional mass approaches to provide more customized training.

CENTRAL SANSKRIT UNIVERSITY

Website : <http://www.sanskrit.nic.in>

The Sansthan was established in 15th October, 1970 as an autonomous organisation registered under the Societies Registration Act, 1860 (Act XXI of 1860) for the development and promotion of Sanskrit all over the country. It is fully funded by Government of India. It functions as an apex body for propagation and development of Sanskrit and assists the Ministry of Human Resource Development in formulating and implementing various plans and schemes for the development of Sanskrit studies. It has assumed the role of a nodal body for the effective implementation of various recommendations made by the Sanskrit Commission set up by the Government of India, Ministry of Education in 1956 to consider the propagation and development of Sanskrit language and education in all its aspects. Sanskrit has played a vital role in the development of all Indian languages and in the preservation of the cultural heritage of India. No Indian language can flourish without the help of Sanskrit. Sanskrit also provides the theoretical foundation of ancient sciences. Hence, it becomes essential to preserve and propagate Sanskrit for all-round development of India. Fully conscious of this responsibility, the Govt. of India, in pursuance of the recommendations of the Sanskrit Commission (1956-57) constituted a Central Sanskrit Board, which recommended the establishment of a Rashtriya Sanskrit Sansthan. Accordingly, the Rashtriya Sanskrit Sansthan was established in October 1970 as an autonomous organisation registered under the Societies Registration Act, 1860 for the development, preservation and promotion of Sanskrit learning all over the country and abroad. The Sansthan is fully financed by the Government of India and works as a vital agency of the Central Government.

Rashtriya Sanskrit Sansthan has now been declared as Deemed University on the recommendation of University Grants Commission by the Ministry of Human Resource Development, Department of Higher & Secondary Education, Shastri Bhawan, New Delhi vide their notification No. 9-28/2000-U.3 dated 7th May, 2002. The University Grants Commission has also notified the above declaration vide their notification No.

F.6-31/2001 (CP-I) dated 13.6.2002

F.9-28/2000-U.3 dated 1.1.2009

F.9-28/2000-U.3 dated 30.06.2009

F.No.6-31/2001(CPP-I/DU) dated March, 2017

F.No. 9-28/2000-U.3(Pt.1) dated 13th February, 2019

F.No. 12-26/2010-Skt.(U.3A) dated 10th April, 2019

The Central Sanskrit Universities Act, 2020

In exercise of the powers conferred by sub section 2 of the section 1 of the Central Sanskrit Universities Act

Corrigendum of the Central Sanskrit Universities Act, 2020

As per the Memorandum of Association, the major objectives of the Rashtriya Sanskrit Sansthan are to propagate, develop and encourage Sanskrit learning and research. This also serves as central, administrative and coordinating machinery for the management of all Campuses. The Government of India has formulated various schemes and programmes for the development of Sanskrit education and is implementing these through Rashtriya Sanskrit Sansthan and other agencies.

CENTRAL TRIBAL UNIVERSITY

Vizianagaram, Andhra Pradesh

Mobile : +91 9666633885

Email : aoctuap@gmail.com

Central Tribal University of Andhra Pradesh was established by the Act of Parliament No.15 of 2019. The jurisdiction of the University extends to the whole country and it is fully funded by the Central Government through the University Grants Commission. The University facilitates the Tribes' long cherished dream of higher education.

OBJECTIVES

The Central Tribal University of Andhra Pradesh has set the following aims and objectives to achieve.

- To provide avenues of education, viz., especially higher education and research facilities to the students of India, which aims inclusion of tribal students and bring them to main stream.
- To disseminate and advance knowledge by providing instructional and research facilities in tribal art, tradition, culture, language, medicinal systems, customs, forest base economic activities, flora, and fauna besides making available to them the advancement in technologies concerning the natural resources of the tribal areas.
- To collaborate with national and international Universities and organizations to undertake joint cultural studies and research on tribal communities.
- To formulate tribal centric development models, publish reports and monographs and to organize conferences and seminars on issues relating to tribes and to provide inputs to the Government(s) on policy matters in different spheres.
- To take appropriate measures for promoting the tribal communities to be able to manage, administer and look after their own resources and needs by accessing to higher education through a university of their own.
- To disseminate and advance knowledge by providing instructional and research facilities in such other branches of learning as it may deem fit.
- To take appropriate measures to promote innovations in the teaching learning process in the context of inter-disciplinary studies and researches and to pay special attention to improve social, educational and economic conditions and welfare of the Scheduled Tribes within the Union of India

CENTRAL UNIVERSITY OF ANDHRA PRADESH

JNTU Road, Chinmaya Nagar, Ananthapuramu
Andhra Pradesh - 515002, India
Email : arcuap@gmail.com
Tel : +91-8554-220031

Central University of Andhra Pradesh holds a special place in the Indian University System. It was born out of a promise made by Government of India to fulfill the aspirations of people of Andhra Pradesh on the eve of bifurcation of the erstwhile composite state of Andhra Pradesh into Telengana and Andhra Pradesh. The University is established in 2018 in the district head quarter town of Anantapuramu in the Rayalaseema region of Andhra Pradesh. The Region has immense historical significance as it forms the part of the Vijayanagara Empire ruled by majestic king Sri Krishnadevaraya, among others. The folklore of the region is richly filled with the stories of Sri Krishnadevaraya's people centric rule and several welfare measures. That apart the region is also known for its mineral deposits and salubrious climate of the Deccan Plateau. The region also is known for sericulture and horticulture crops. As a feather in the cap the global auto major KIA started its operations in a green field project, just 60 KMs away from Ananthapuramu city. Further Ananthapuramu is also a prominent educational hub with higher educational institutes such as Sri Krishnadevaraya university, Jawaharlal Nehru Technological University, Sri Sathya Sai Institute of Higher Learning, Government Medical College and a century old Government Arts College, apart from a host of Engineering Colleges.

Establishment of Central University of Andhra Pradesh heralds a new era in the sphere of higher education. With innovative academic programs which are socially and culturally relevant, the university is, poised for rapid growth in the years to come. Transforming students into knowledgeable and responsible citizens of the nation through value based education with an emphasis on interactive learning coupled with hands on experience is the hallmark of this new university. Accordingly, the university envisages to offer demand driven multi disciplinary courses focusing on experiential learning through several short and long term vocational courses in active collaboration with the industry. The University in course of time will also rollout Study India Program to cater to the needs of the foreign students with academic grades/credits transfer option.

Vision

To be an institute of excellence in the sphere of higher education committed to providing an environment conducive to learning, offering relevant academic programs to promote individual well-being and professional development for a knowledge society through augmenting economic, social , cultural and environmental progress of the people irrespective of caste, creed, colour and region.

Mission

To create and promote a climate conducive to the all round growth of the stakeholders through the use of state of the art technology in partnership with industry and society to promote world class learning, research, innovation and entrepreneurship.

-

CENTRAL UNIVERSITY OF BIHAR

BIT Campus, P.O.- B. V. College

Patna - 800 014, Bihar

Phone/Fax: 0612-2227600

(Administration), 2784106 (Recruitment), 2226538(Academic)

Established under the Central Universities Act, 2009 (Section 25 of 2009), Central University of Bihar (CUB) is an institution of higher studies situated in the state of Bihar. With the motto, i.e. 'Collective Reasoning', the university has been organising its academic curriculum from temporary premises in Patna and Gaya.

The university's academic programme started functioning at a rented building in the premises of Birla Institute of Technology, Patna (BIT) in 2009. The zeal and enthusiasm among the administration, faculty, staff and students helped the university to move ahead in the desired direction in the field of higher studies. The academic journey of university began with the Centre for Development Studies (under the School of Social Sciences and Policy), and a 2-year Master of Arts in Development Studies was launched in the academic year 2009-10 at the BIT campus. The university offers hostel facilities for boys and girls both in Patna and Gaya, in rented buildings. CUB has developed a library having 20,000 books (Patna and Gaya together) to support academic curricula, teaching and research in various science and social science subjects. The library subscribes to 100 journals and periodicals of repute from across the world, and more than 8,000 online journals. The library is equipped with modern amenities, such as online services, online catalogue and digitisation.

Since its inception the university has been offering a very conducive academic environment, modest infrastructure support and innovative pedagogies to nurture the students, who have joined the university with the understanding that it provides unique courses and pedagogy. At the same time, the university has provided opportunities to faculty members by providing them ample logistic support. They are given financial support to participate in national and international seminars /conferences for presenting their latest research work as well as delivering talks. The role of university administration has remained instrumental in its success. The administration has always been committed to providing hassle-free facilities to students and faculty members to achieving academic excellence. In short, in CUB, each and every member despite their respective areas of work is committed to ensure all-round growth of the university. The university is putting its best efforts to serve the nation by rendering state-of-the-art knowledge dissemination to students in various programmes. In December 2013, the university got possession of 300 acres of land from the Government of India to establish the campus at Panchanpur, approximately 12 kms away from Gaya. The foundation stone was laid down by Hon'ble Smt. Meira Kumar, Chancellor of the university on 27th February, 2014. The process of construction at the said site is in progress.

CENTRAL UNIVERSITY OF GUJARAT

Sector 30, Gandhinagar 382030

Website : <http://www.cuja.org.in>

The President of India gave assent to The Central Universities Act, 2009 that envisages establishing and incorporating universities for teaching and research in the various states.

The Central University of Jharkhand came into being under this Act on 1st of March, 2009. The Visitor of the Central University of Jharkhand, Her Excellency, Shrimati Pratibha Devisingh Patil, appointed Dr. Darlando T. Khathing, an internationally renowned scientist and a distinguished academic administrator, as its first Vice Chancellor.

CUJ's focus will be on research in cutting-edge technologies.

Our vision is to create a world class university in every aspect, be it research, teaching, administration or co-curricular activities, to produce world class students ready to excel in every chosen field with honour and uprightness.

The objectives of the University are to:

1. Disseminate and advance knowledge by providing instructional and research facilities in various disciplines
2. Make special provisions for Integrated Courses in:
 - Humanities
 - Social Sciences
 - Science & Technology

Promote innovations in teaching-learning process and inter-disciplinary studies and research

Educate and train manpower for the development of the country

Establish linkages with industries for the promotion of science and technology and

Pay special attention to the improvement of the social and economic conditions and welfare of the people, their intellectual, academic and cultural development.

Students join higher education courses to gain knowledge. At CUJ, we strive hard to turn that knowledge to wisdom in order that society finally gains a useful citizen to guide and mould its destiny. This we plan to do through many compulsory community-based projects, interactions with a wide cross-section of people from within our country and outside it and innovations in the teaching-learning processes.

CENTRAL UNIVERSITY OF KARNATAKA

The Central University of Karnataka (CUK) has been established by an Act of the Parliament (No. 3 of 2009) at Gulbarga, Karnataka. It is one of the 16 new Central Universities established by the Government of India during the UGC XI Plan Period to address to the concerns of 'equity and access' and to increase the access to quality higher education by people in less educationally developed Districts which have a Graduate Enrolment Ratio of less than the national average of 11%.

The CUK, with its territorial jurisdiction all over Karnataka has been initiated its activities from the academic year beginning August 2009 in keeping with the philosophy of achieving and maintaining the highest levels of academic excellence, sensitivity to equity and access in enrolment and recruitment and emerging as a premier national educational and research institution in the country.

621 acres of land at Kadaganchi Suntanur villages on the Gulbarga-Waghdhari Inter-State Highway in Aland taluka identified by the Karnataka State Government has been handed over to the university, where the work of construction of boundary wall is nearing completion and work on various buildings for the first phase of campus development will begin soon.

The university is functioning from its temporary premises at the 2nd floor of Karya Soudha, Gulbarga University Campus where the administrative office, classrooms, library, computer lab and other infrastructure is presently located.

The courses conducted by the university include Integrated M.A. Degrees in History, Economics, English, Geography, Geology, Psychology besides BBA, M.A., M.Sc. MBA and Ph.D. Degrees in the areas of Computer Science, Physics, Mathematics, Social Work, Educational Counselling, English, Kannada, Hindi, Commerce, Geology etc.

The Laboratories like Remote Sensing and GIS Laboratory, Petrological Laboratory and Psychology Laboratory have been established at the University with a view to conducting fundamental as well as applied research in the above mentioned areas.

Website : <http://www.cukerala.ac.in>

Central University of Kerala (CUK) is one of the 15 Central Universities established under “The Central Universities Act, 2009 (Parliament Act No.25 of 2009)”. In January 2009, it started functioning from a transit campus in Vidyanagar, Kasaragod, with two academic programmes: MA in English and Comparative Literature and MA in Economics. The Vidyanagar campus houses the offices of the Vice Chancellor, Registrar, Finance Officer and Controller of Examinations, the School of Languages & Comparative Literature, and School of Global Studies, Central Library, Computer Centre, Language Lab, Council Meeting Hall, Guest House, etc. In 2010, the CUK Science schools started functioning from the Riverside campus at Kanhangad, about 20 km south of Vidyanagar. It houses the office of the Dean of Biological Sciences, library extension centre, computer centre and the schools of Biological Sciences, and Mathematical and Physical Sciences. CUK has statewide jurisdiction, and can establish regional centers in any part of the State. CUK’s mission is to extend the scope of learning through a holistic methodology that accommodates diverse linguistic, scientific and cultural traditions. Our expert faculty with international exposure contributes much to this goal. This multidimensional approach in designing and executing its programmes is hoped to create a paradigm shift in academics. CUK offers updated interdisciplinary syllabi in 16 postgraduate academic programmes in the Choice-Based Credit Semester System. It has state-of-the-art library and laboratory facilities. Internet and digital resources are freely available to the students. Separate hostel facilities are available for women and men. Three types of scholarships are available to all deserving students of the CUK: Merit, Merit-cum-means and Boarding. As the first batch of postgraduate students completes studentship, CUK has enough reasons to feel assured that its vision of education has been realistic. The interdisciplinary syllabi have been a success in all programmes; these contributed to the overall development of the students. Our students’ projects/dissertations have tried to link the ‘local’ with the ‘global’, thus partaking in the CUK’s life-based model of education. CUK is now preparing to propagate its unique cultural model of education through faculty and students exchange programmes, publications and the like. CUK has had, in the last two years, the pleasure of welcoming scholars, artists, and Academicians from various parts of India and the world to join us in our national and International seminars/workshops/conferences. In the academic year 2011-12, our School of Languages and Comparative Literature and School of Biological Sciences have arrived at agreements to receive faculty from prestigious Universities and institutions abroad such as Texas Tech University, USA; University of California, Riverside, USA; Cleveland Clinic, USA; and University of Queensland, Australia.

The Central University of Orissa has been established by the Parliament under the Central Universities Act, 2009 (No. 3C of 2009). It is one of the 15 new Central Universities established by the Government of India during the UGC XI Plan period to address the concerns of “equity and access” and as per the policy of the Government of India to increase the access to quality higher education by people in less educationally developed Districts which have a Graduate Enrollment Ratio of less than the national average of 11%. Koraput District of Orissa comes within the KBK region (Koraput, Bolangir and Kalahandi) which is still considered as an extremely as underdeveloped region of the State of Orissa .These three Districts of the State are known for tribal culture, because majority of the people here belong to ST and SC categories. Since there is no University or any other national level educational set up in this region the Central University is proposed to be established here so that it may widen the access to quality higher education in the country. Provide quality education for all, so that we may fortify the backbone of the nation. Disseminate ‘inclusive education’ to reach the unreached. Advocate a wholesome symbiosis of the indigenous and the global scene. Uphold a strongly grounded holistic worldview of the higher education. Create a niche of its own. This University is quintessentially conceived as an avant-garde premier University of the new millennium which calls for a world-ethos-driven higher education agenda. It is indeed an uphill task at this point of time to develop an exemplary academic institution with a pan-Indian perspective which should be optimally wedded to a global vision. We are now in the process of reinventing and of redefining higher education in a pronouncedly globalised context. But the vision of a new University, needless to say, emanates to a great extent, from the needs of the context, from the needs of the region. Therefore, the vision basically underpins a holistic balance between the region and the globe. At this nascent phase we need to answer a few crucial questions while drawing the vision map of the University. If the University aspires to standout in the global scene to what extent should we cater to the indigenous needs? How should we go about erasing the invariable divide between the rural and the urban needs, between the needs of home and the needs overseas? To what extent should we emphasise the need to create skilled workforces to fill in the bottom of the pyramid? If research is the flagship identity of the University what would be the viable way to foster, nurture and inculcate a research culture from the very birth of the University? How do we sow the seeds of quality culture in every sphere of a new academic institution? What sort of academic reforms and innovations should we initiate at the very beginning? Is wider access a deterrent to quality?

CENTRAL UNIVERSITY OF PUNJAB

Bathinda, Punjab - 151 001

Tel : 0164-2240555/2430585-86, Fax : 0164-2240555

Email : cu.punjab.info@gmail.com; cupvc09@gmail.com

Website : <http://www.centralunipunjab.com>

The Central University of Punjab, Bathinda (Punjab) has been established through the Central Universities Act 2009 which received the assent of the President of India on 20th March 2009. Its territorial jurisdiction extends to the whole State of Punjab. This newly set up Central University of Punjab (CUP) at Bathinda is poised to write new alphabet on the academic horizon of India. This University is one of the important links in the recently set up chain of Central Universities created in the educationally backward areas of India. Going to be an upwardly mobile organization, it is destined to emerge as a quality provider of teaching and research, knowledge and skills, products and services, attitudes and ethics. It is gearing up to provide proper institutional leadership to the emerging demands of access, equity, relevance and quality in the mainstream University system. It has already flexed its muscles and initiated its first academic session. The University also aims to sponsor time-bound and goal-oriented research and development projects of various types for users like industries, companies and other agencies in India and abroad. The Central University of Punjab, Bathinda, is going to be an ultra-modern and futuristic seat of higher learning by creating a community of teachers, scholars and researchers dedicatedly absorbed in academic exploration, research and development, testing and consultancy. It will have world class infrastructure which would be eco-friendly, and optimally used, with the potential to absorb even yet to emerge technologies. It is striving to be an autonomous and hassle-free space where the creative minds would converge and construct world class knowledge and vision, and where new ideas would germinate, strike roots and grow wings. The University is creating supporting and stimulating conditions and opportunities whereby one can learn, grow, interact and discover. It would be an exciting, safe, healthy, motivated and happening place with a green energy efficient, Wi-Fi campus, innovative and ignited faculty, global level laboratories, automated libraries, vast playgrounds, auditoria, research centres and other world class support systems. The University would introduce participatory delivery techniques facilitated through seminars, group discussions, off campus visits, online support, web, multimedia, live projects, field studies, demos, team presentations, skill workshops, etc. The University would carve out and maintain its national character and global outreach through its instructional and research programmes. It is planned to be a multi-facility and multi-faculty university enshrining state-of-the-art infrastructural support systems for teaching and research. It will bring into public domain the global technological trends for the benefit of every strata of society. It started its functioning from Camp Office in April, 2009, which happens to be the residence of the Vice Chancellor, and from November 2009 it shifted to its City Campus spread over an area of 35 acres. The main campus is coming up on 500 acres of land near Bathinda.

CENTRAL UNIVERSITY OF RAJASTHAN

The Central University of Rajasthan has been established by an Act of Parliament (Act No. 25 of 2009, The Gazette of India, No. 27, published on 20th March, 2009 as a new Central University, and is fully funded by the Government of India.

The President of India, His Excellency Shri Pranab Mukherjee, is the Visitor of the Central University of Rajasthan.

The President of India, in her capacity as the Visitor of the University, has appointed Prof. M. M. Salunkhe as the first Vice Chancellor of the University. The state government has allocated 518+ Acres of land for the permanent site of the Central University at Bandra Sindri near Kishangarh on Jaipur – Ajmer Road (NH-8).

The Kishangarh is situated at a distance of approximately 27 Km from Ajmer city and 78 Km from Jaipur of Rajasthan. It is well connected via Indian Railways and National Highway No. 8. In recent years, Kishangarh has come to be known as the marble city of India. It is the only place in the world with a temple of nine planets.

The Central University of Rajasthan aspires to be one of India's most dynamic and vibrant universities, responsive to the changing global trends, providing unparalleled educational opportunities for the learner community especially for those coming from the lower socio-economic strata of society seeking quality education.

It proposes to offer innovative undergraduate and graduate academic programmes as well as continuing personal and professional enrichment in selected areas that will lead to the formation of a scholarly community by advancing, sharing and applying knowledge and by facilitating the development of thoughtful, creative, sensitive and responsible citizens.

The mission of the Central University of Rajasthan is to contribute to and work with a sense of Commitment towards the educational, cultural, economic, environmental, health and social advancement of the region and the nation at large by providing excellent undergraduate liberal education and quality programs leading to bachelors, masters, professional and doctorate degrees.

CENTRAL UNIVERSITY OF SOUTH BIHAR

P.O - B. V. College, Patna, Bihar – 800014
Phone: +91-612-2226536 / 2784112 / 2784102
Email : vc@cub.ac.in registrar@cub.ac.in

Established under the Central Universities Act, 2009 (Section 25 of 2009) as Central University of Bihar (CUB) and the name since changed by the Central Universities (Amendment) Act, 2014 to Central University of South Bihar (CUSB) is an institution of higher learning in the state of Bihar. With the motto, i.e. 'Collective Reasoning' the University has been conducting its academic and administrative activities from temporary premises in Patna and Gaya and looking forward to shifting to the permanent campus on a 300 acre plot of land at Panchanpur (near Gaya town).

As stated in Section 5 of the Act, the objective of the university shall be:

- "... to disseminate and advance knowledge by providing instructional and research facilities in such branches of learning as it may deem fit; to make special provision for integrated courses in humanities, social sciences, science and technology in its educational programmes; to take appropriate measures for promoting innovations in teaching-learning process and inter-disciplinary studies and research; to educate and train manpower for the development of the country; to establish linkages with industries for the promotion of science and technology; and to pay special attention to the improvement of the social and economic conditions and welfare of the people, their intellectual, academic and cultural development." The university's academic programme started functioning at a rented building in the premises of Birla Institute of Technology, Patna (BIT) in 2009. The zeal and enthusiasm among the administration, faculty, staff and students helped the university to move ahead in the desired direction in the field of higher studies. The academic journey of (the) university began with the Centre for Development Studies (under the School of Social Sciences and Policy), and a (two) 2-year Master of Arts in Development Studies was launched in the academic year 2009-10 at the BIT campus. The university offers hostel facilities for boys and girls both in Patna and Gaya, in rented buildings. CUB has developed a library having 20,000 books (Patna and Gaya together) to support academic curricula, teaching and research in various science and social science subjects. The library subscribes to 100 journals and periodicals of repute from across the world, and more than 8,000 online journals. The library is equipped with modern amenities, such as online services, online catalogue and digitisation. Since its inception the university has been offering a very conducive academic environment, modest infrastructure support and innovative pedagogies to nurture the students, who have joined the university with the understanding that it provides unique courses and pedagogy. At the same time, the university has provided opportunities to faculty members by providing them ample logistic support. They are given financial support to participate in national and international seminars /conferences for presenting their latest research work as well as delivering talks. The role of university administration has remained instrumental in its success.

CENTRAL UNIVERSITY OF TAMIL NADU

Thanjavur Road, Thiruvarur - 610 001, Tamil Nadu

Website : cutn.ac.in

The Central University of Tamil Nadu was established by an Act of Parliament (Act No.25 of 2009). The University strives to disseminate and to advance knowledge in humanities, social sciences and, basic and applied sciences.

It aims at promoting innovation in teaching-learning process, interdisciplinary studies and research, and gives special attention to the improvement of the socio-economic conditions of the people and also their academic, intellectual and cultural development. The academic programmes of the University are periodically updated and revised.

The University was inaugurated on 30th September 2009. The foundation stone was laid by Shri. Kapil Sibal, Honourable Union Minister of Human Resources Development, in the presence of Dr. Kalaingar M. Karunanidhi, then Chief Minister of Tamil Nadu. The University is located at Thiruvarur, the headquarters of Thiruvarur District, in the heart of the Cauvery Delta.

The Preliminary work was identifying the required extent of 500 acres of land for the University in two revenue villages (Neelakudi and Nagakudi) near Thiruvarur.

The Government of Tamil Nadu has made available, on a rent-free basis a multi-storied building measuring about 55,000 square feet for a temporary campus to enable launch of the academic programmes. Central Public Works Department (CPWD) is entrusted to carry out the basic civil and electrical works to adapt the building for academic needs.

About 500 Students, 8 Regular and 27 Contract Teaching Staff and 40 non-teaching staff (Regular and Contractual) are engaged in the academic and administrative aspects of the University at present.

The courses are conducted under the aegis of the School of Social Sciences and Humanities, School of Basic and Applied Sciences, and School of Mathematics and Computer Sciences. The courses conducted include English Studies, Classical Tamil, Economics, Chemistry, Physics, Life Sciences, Mathematics and Computer Sciences at the Master's as well as Doctoral levels.

CENTRAL UNIVERSITY OF TIBETAN STUDIES

Sarnath, Varanasi - 221 007, Uttar Pradesh

Website : <http://www.cihts.ac.in>

The University was established in 1967, on the joint initiative of Pandit Jawaharlal Nehru and His Holiness the Dalai Lama. The objective was to take care of the cultural and educational needs of the youth among the Tibetan diaspora in India, and those of the Himalayan regions of India, who earlier had the opportunity of being educated in Tibet, this came to be discontinued in the wake of the Chinese occupation. But later, the university blossomed into a center of excellence in researches on Tibetology, restoration of texts, and imparting the knowledge of the four Sampradayas of Buddhism in Tibet along with ancient and indigenous Bon religion. The university draws students from Tibetan communities in India, and especially the Himalayan regions, from the north-west to the north-east. Besides, scholars from the western countries visit the university in connection with their academic inquiries and studies. There goes on a programme of annual educational exchange of graduate students from colleges in the USA and Australia. The University combines traditional wisdom with modern educational pedagogy, and courses are offered in a graded fashion leading up to M.Phil and Ph.D. levels.

There is a vibrant publication unit, which has published a good number of important texts, restored and translated from Tibetan sources. There are ongoing projects on encyclopedia, lexicons and editing of rare texts, Sanskrit and Tibetan. The annual publication of a journal, Dhih, carrying the reports of research has been widely acclaimed.

The university library, named after the celebrated author-thinker, Shantaraksita, houses a precious collection of books and manuscripts on a variety of dimensions of the Buddhist lore. The general collection of books on history, culture and philosophy is no less valuable. The library has a wing for audio and video recordings of the important teachings and lectures by celebrated persons. The students avail themselves of the facilities of a modern university. Situated at Sarnath, in the vicinity of Varanasi, the university has an ambience of sanctity, environs beautiful, radiating peace and friendship. It is close to the holy site where the Buddha ages ago had turned wheel of Dharma and Buddhism was born. The university is residential, and the students can have access to their teachers as and when they may be in need of it. An atmosphere of civility and culture permeates the campus. It enjoys the status of a “Deemed University”, and is fully funded by the Government of India, Ministry of Culture, and has a five star accreditation as an education center.

CEPT University focuses on understanding, designing, planning, constructing and managing human habitats. Its teaching programs build thoughtful professionals and its research programs deepen understanding of human settlements. CEPT University also undertakes advisory projects to further the goal of making habitats more livable. The Faculty of Architecture was established as the 'School of Architecture' in 1962. It focuses on design in the private realm. The Faculty of Planning, focused on planning in the public realm, was established in 1972 as the 'School of Planning'. The Faculty of Technology, which concentrates on engineering and construction, was established in 1982 as the 'School of Building Science and Technology'. The Faculty of Design was established in 1992 as the 'School of Interior Design'. CEPT University takes its name from the 'Center for Environmental Planning and Technology' (CEPT). CEPT and the various schools that it comprised were established by the Ahmedabad Education Society with the support of the Government of Gujarat and the Government of India. The Government of Gujarat incorporated CEPT as a university in 2005. The University Grants Commission recognized CEPT University under section 2(f) of the UGC Act, 1956 in 2007. The Department of Scientific and Industrial Research (DSIR) of the Government of India recognizes the University as a Scientific and Industrial Research Organization (SIRO). The Ahmedabad Education Society (AES) established the Centre for Environment Planning & Technology (CEPT) in the year 1962 with the inception of School of Architecture (SA) through grant-in-aid from Government of Gujarat. The School of Planning (SP) was established in 1972 with financial support from Government of India (MHRD), Government of Gujarat and Ford Foundation. The other schools; School of Building Science and Technology (SBST) and School of Interior Design (SID) were established in 1982 and 1991 respectively with grant-in-aid from Government of Gujarat. Initially CEPT was established and run by Ahmedabad Education Society (AES). In the year 1994, a separate trust and a society CEPT Society was formed. CEPT is registered as a Society and Public Charitable Trust. CEPT has been registered under the Societies whether Registered Society/ Company/Others Registration Act 1860 with the Asst. Registrar of Societies, Ahmedabad Region, Ahmedabad, vide Registration No. Guj/4185/ Ahmedabad dated 24 Jan 1994. Since inception CEPT operated as an autonomous academic institution free to develop its academic programs and award its own diplomas at the end of various programs of study recognized by the State of Gujarat and the statutory regulatory body for technical courses - the All India Council of Technical Education (AICTE).

CENTURION UNIVERSITY OF TECHNOLOGY AND MANAGEMENT

HIG – 5, Phase -1, BDA Duplex
Pokhariput, Bhubaneswar – 751020
Dist: Khurda, Odisha
Tel: +91 (0674) 2352667, Fax: +91 (0674) 2352433
Website : www.cutm.ac.in

The journey of Centurion began in 2005 by a group of ambitious professionals having aspirations to take it to the pinnacle of quality education, nationally and internationally. The first foray in this respect was the takeover of a failing engineering college in Paralakhemundi, Gajapati: the Jagannath Institute for Technology and Management (JITM). Gajapati is the poorest District of Odisha State, and appears in the Prime Minister's "100 poorest Districts" and "31 most extremist affected Districts" list. Since then, committed efforts have been made to bring about a difference to this area; both academically and socio-economically.

Today, the Centurion University has five campuses at Paralakhemundi, Bhubaneswar, Bolangir, Rayagada, and Chatrapur offering B. Tech., MBA, +2 Science, ITI, Primary and Secondary Education in addition to Skill and Vocational Training and Social Entrepreneurship initiatives.

Centurion University (through its social outreach entity, Gram Tarang) is one of the first partner to National Skill Development Corporation (NSDC) to set up over 50 Skill Training and Capacity Building Centres across the country. We are proud to have entered into partnership with Government of Odisha, Government of India and non-government agencies to provide vocational training with job assurance for BPL, SC & ST youth, who would otherwise be unemployed and unemployable due to lack of adequate education and/or skills.

The focus has been and shall remain the conduit for ameliorating livelihood through self-employment unemployability of marginalised communities of rural and remote areas. The University will continue to address the problem of naxalism, which is considered to be more a socio-economic challenge than a law and order issue. The Centurion University's training programmes have also been nationally recognised. In August 2010, Gram Tarang Employability Training Services has received the "Best Skills Project in Rural Communities" award at the UK-India Skills Forum Awards 2010.

CENTURION UNIVERSITY OF TECHNOLOGY AND MANAGEMENT (CUTM)

Gidijala Junction,
Anandapuram Mandal, Visakhapatnam-531173
Andhra Pradesh, India.
Phone Number: +91-9177587867, +91-9985207475, +91-08933220034

The journey of Centurion University of Technology and Management (CUTM) began in the year 2005 by a group of ambitious academics with aspirations to provide high quality education both nationally and internationally. The first step in this direction was to take over an ailing engineering Institute, the Jagannath Institute for Technology and Management (JITM) in one of the most challenging tribal districts of Odisha and one which was considered to be a left-wing extremist affected area. Subsequently, JITM was transformed into Centurion University of Technology and Management in August 2010, through an act of Odisha Legislative Assembly. It became the First Multi-Sector State Private University in Odisha.

Centurion Approach to Education and Training

From the inception, Centurion University's DNA has been “Shaping lives and empowering communities”. The University has focused on ‘hands-on’, ‘experience based’, ‘practice oriented’ learning that makes a difference through appropriate and relevant innovation and action research. While promoting Nano, Mini and Micro Enterprises, the University works toward learning experiences that are ‘quantifiable’, ‘sustainable’, ‘scalable’ and ‘replicable’.

A globally accredited human resource center of excellence catalyzing "sustainable livelihoods" in the "less developed markets across the globe".

Provision of quality, globally accredited academic programmes in technology and management .

Provision of globally accredited employability training for less endowed segments of the population.

Promotion of entrepreneurial culture and enterprise in the target areas.

Facilitating improved market access to goods and financial services to the target population.

Promotion of lighthouse project interventions in the target area.

CHAITANYA

(DEEMED TO BE UNIVERSITY)

H. No: 5-11-43, Kishanpura
Hanamkonda, Warangal - 506001, Telangana

We are elated to introduce ourselves as a premier group of educational institutions in the area of Higher Education and Technical Education in Southern India. We want to ensure an institution in holistic education and value which teaches students to grow, think, believe and liberate, both in the realms of theoretical knowledge and practical applications. We want to pioneer the growth of the next generation students, the movers and shakers, the innovators and dreamers to bring about an enlightening era of academic brilliance.

With the modest beginning, our Viswa Bharati Education Society, whose members are of high academic excellence, which was registered with Registrar of Societies, Government of Andhra Pradesh. Begun in 1991, the Chaitanya University offers Under Graduate courses including Life Science and Physical Sciences, Commerce, Management, Banking & Insurance combinations. Our University offers non-professional Life Sciences & Physical Sciences courses, M.Sc. 5 years Integrated Chemistry, Biotechnology and two professional courses i.e., MBA and MCA, which were approved by AICTE, a Statutory Body of Government of India.

We also offer Engineering courses such as B. Tech. Computer Science & Engineering, Electronics & Communication Engineering, Electrical & Electronics Engineering, Civil Engineering, Mechanical Engineering, M. Tech. VLSI System Design, Computer Science & Engineering, Power Electronics under the Faculty of Engineering & Technology and Pharmacy courses such as B. Pharmacy, Pharm D, M. Pharmacy Pharmaceutics, Industrial Pharmacy, Pharmaceutical Chemistry, Pharmaceutics & Drug regulatory Affairs under the Department of Pharmacy from the academic year 2021-22, approved by AICTE/PCI & UGC.

Study at Chaitanya-Chaitanya boasts of a beautiful campus, lovely in-class features and wonderful people to light up the most integral years of your life. University is where one pursues the desired tools to build their houses of desire and we attempt to make this time a wonderful phase. We want to establish a fun learning atmosphere and a budding campus to help aid your personal growth and confidence. We want you to be the best you can be, you want you to make the best we can be.

CHANAKYA NATIONAL LAW UNIVERSITY

A. N. Sinha Institute of Social Studies Campus

In the State of Bihar, where the seeds of the earliest republic were sown and the crop of democracy cultivated, a need was felt by the government for a university which would provide quality legal education and strive to raise national legal standards to competitive international level and promote legal awareness in the community, which will lead to the realization of goals embodied in the Constitution of India. Thus, on August 15th, 2006 came into being Chanakya National Law University at Patna under the able guidance of its Vice - Chancellor/Pro - Chancellor, Prof. Dr. A. Lakshminath, former Dean and Registrar, NALSAR University of Law, Hyderabad. CNLU was established under the Chanakya National Law University Act, 2006 (Bihar Act No. 24 of 2006) and included in section 2(f) & 12(B) of the U.G.C. Act, 1956. No Educational Institution is complete without adequate facilities to its Students, Faculties & Employees. CNLU provides wide range of facilities on its campus. A well managed residential accommodation with modern facility provided to students. Mess & Canteen facilities on campus provide everything from a simple coffee and sandwich to a full meal. University provides a full range of medical services for students & for employees who register as patients. In addition to general practice services, CNLU provides a range of specialist clinics and visiting practitioners. University organised regular careers fairs, training workshops, and one-to-one guidance for students. Counseling Service aims to enable students to achieve their academic and personal goals by providing confidential counseling and support for any difficulties encountered while at CNLU. University provides a wide range of IT services including campus internet access via a wireless network and in student residences.

Number of retired Judges of the Supreme Court, High Courts and lower Judiciary as well as Senior Advocates & Educationalist have offered to assist the CNLU in its teaching and research programmes making education at CNLU a rare and exciting experience to the student body. CNLU admired example of maintaining financial autonomy along with greater accountability. It is equipped with the state-of-art infrastructure for successful imparting of legal education of the highest standards. The faculty at CNLU comprises highly acclaimed and experienced academicians who are proactively involved in grooming the younger generation to take CNLU to greater heights. The construction work of the university spread on 18 acres of land at Nyaya Nagar, Mithapur near Mithapur Bus stand, Jakkanpur Police Station, Patna. A sprawling lawn with various types of palm trees has adds beauty to the landscape.

CHANAKYA UNIVERSITY

Chanakya University is a global university in Bengaluru, that will be a pioneering exemplar of a university's vision as elucidated in the National Education Policy 2020. The University will be a multi-disciplinary institution offering new-age programs with the integration of Indian Knowledge Systems. Chanakya University will be adopting the Liberal Education model, which will enable the students to design their degrees based on their academic interests and freedom to choose open electives based on their passion, thereby every student will enjoy the process of teaching-learning.

The University is strategically located near the Bengaluru International Airport and is a part of the Aero-Space Industrial Zone, which houses over 1000 Multi-National Corporates including Rolls Royce, Apple, and the likes. This environment will encourage the students to network with industries for a journey of experiential learning through projects, internships, and interactions with industry leaders, which will prepare them for evolving as a professional. We will be embedding Value-Added Professional Programs which will enhance their employability skills, and every student will evolve as a Transformative Leader in their career space. The University will be led by highly accomplished Academicians, Educationists, and faculty. With Dr. M.K.Sridhar as our Founder Chancellor, and Dr. Yashvantha Dongre as our first Vice-Chancellor at the helm, the university will be guided and mentored by renowned Industry and Academic Leaders.

For the Academic Year 2022, Chanakya University will be launching 4 Year Honours Graduate programs and Post Graduate Programs across three Schools:

School of Commerce and Management
School of Arts, Humanities and Social Sciences
School of Mathematics and Natural Science

Chanakya University will be offering over 75 scholarships based on various schemes including Merit, Arts and Culture, Sports, Children from Defence families, Covid Orphans, and more. The admissions for 2022, is now open, potential students can take the CUPP 2022 (Chanakya University Pravesha Pareeksha) our exclusive online admission entrance test.

Purpose

Create knowledge and transformative leaders for holistic development

Values

Integrity, Humanism, Creativity, Academic Freedom, Team Spirit.

Chandigarh University is a full-fledged university established under 'The Chandigarh University Act' and recognized under Section 2 (f) with the right to confer degrees as per Section 22(1) of the UGC ACT, 1956. Chandigarh University (CU), located in the vicinity of culturally rich and exciting community of Chandigarh, is a multidisciplinary university with an international reputation for the quality of its teaching and research across the academic spectrum. Its growth in quality programs, faculty, facilities and research has attracted students worldwide and positioned the University as a premier institution of higher learning in India. The University's reputation has grown by leaps and bounds where it became known as an institution with formidable academic strengths, unprecedented industry patronage and an unshakable commitment to quality - characteristics that are just as apparent now. CU has one of the widest ranges of academic subjects on offer with its students achieving the very high standards on which the University's reputation is built. The University is internationally distinguished and one of the very best in India, owing to the outstanding faculty, high achieving students, internationally distinguished research and its impeccable placement record. The seven institutes encompass 50 professional courses at Under Graduate, Post- Graduate and Doctoral level in the areas of Engineering, Computing, Architecture, Pharma-sciences, Biotechnology, Animation and Multimedia, Hospitality Management and Business Management including special courses like Petroleum Engineering, Automobile Engineering, Computer & Communication Engineering, Interior Designing and Specialized Engineering and Management courses in association with IBM. The University's commitment to excellence in teaching-learning is evident through globally acceptable curriculum, scientific, transparent and objective evaluation / examination system, project based learning, student centric policies, open environment and convivial campus life. The University's provision of world-class teaching and research is bolstered by the contribution of industrial experts. The University enjoys unprecedented patronage provided by top notch multinational companies which has led to sponsored programs, establishment of industry sponsored labs for R&D, curriculum design and excellent placement opportunities for our students. CU has relationships with universities across the globe. These relationships enable our students to study abroad, benefit from global peers and mentors, and faculty to engage with students and colleagues around the world in teaching/advising relationships and collaborative research projects. These international collaborations also allow students, visiting scholars and faculty from partner universities around the world to spend time at CU in ways that have deepened and broadened teaching, research, and supervisory relationships. Birmingham City University, UK; EPITA, France; Royal Roads University, Canada; University of District of Columbia, USA; University of California, Riverside, USA; University of Business & International Studies, Switzerland and many more have collaborated with us for knowledge sharing and joint research programs.

CHANDRA SHEKHAR AZAD UNIVERSITY OF AGRICULTURE & TECHNOLOGY

Kanpur - 208 002, Uttar Pradesh

Tel : 0512-2534155, 2534055, 2533704, 2533797

Fax : 0512- 2533808

Email : pks_csau@hotmail.com, csauk@up.nic.in, info@csauk.ac.in

Website : <http://www.csauk.ac.in>

The Chandra Shekhar Azad University of Agriculture & Technology, Kanpur is recognized today as the premier institution of agricultural research and education in India. It dates back to 1893 when a small school was started to impart training to revenue officers. It rose step by step to the full-fledged Government Agriculture College (1906).

The U.P. Institute of Agricultural Sciences (1969) and finally to the C.S. Azad University of Agriculture & Technology in 1975.

The University was created with the merger of its two constituent colleges, the erstwhile Government Agriculture College, Kanpur and U.P. College of Veterinary Science & Animal Husbandry, Mathura.

The present status of the University was attained through phases of growth of its constituent colleges. At present, there are three faculties in the University, viz., Faculties of Agriculture and Home Science at Kanpur, and Faculty of Agricultural Engineering & Technology at Etawah.

The University caters to the needs of the farming community spread over 29 Districts of six divisions of Uttar Pradesh.

The climate of the jurisdiction area varies from sub-humid and semi-desert to semi-arid conditions prevailing in different Districts. Soils are mostly represented by vast expanse of the alluvial developed from the river Ganga and its major tributaries. However, the soils of the Central Plateau are coarse loamy, sandy, red (Raker and Parwa) and black (Kaber and Mar).

Wheat, Barley, Rice, Maize, Sugarcane, Gram, Pigeon pea, Lentil, Soybean, Potato, Mustard and vegetables are the main crops of this locality.

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

Changa - 388 421, Distt. Anand, Gujarat
Tel : (02697) 247500/ 248132(Off) , Fax : (02697) 248132
Email : provostbgp@charusat.ac.in/ devang.adm@charusat.ac.in
Website :www.charusat.ac.in

Charotar University of Science and Technology – CHARUSAT is established under the Gujarat Act No. 8 of 2009, Government of Gujarat. University Grants Commission (UGC) has empowered CHARUSAT to award Degrees under Section 22 of UGC Act 1956. CHARUSAT aspires to advance learning and knowledge by teaching and research relevant to the Society.

A remarkable range of programmes offered at CHARUSAT are paired with an extraordinary breadth of extracurricular activities and opportunities for research, independent study and community service. Through its offering in professional programmes CHARUSAT educates and prepares students to realize their potential to become responsible citizens in a diverse and increasingly interdependent global world. The journey started in the year 2000, with only 240 students, 4 programs, 1 institute and an investment of Rs. 3 Crores. Whereas, today, there are 48 different UG and PG Programs with 6000 students enrolled in 8 different Institutes. There is also an R&D Centre conducting research in the emerging sciences like Nanotechnology, Biotechnology, etc. These development activities have an investment of Rs. 100 Crores (1000 Million INR).

Glimpses...

- 105 acre of eco-friendly wi-fi university with 100 MBPS round the clock Internet facility.
- 51 programmes in Engineering, Pharmacy, Computer Applications, Management, Applied Sciences, Nursing, Physiotherapy and Paramedical Sciences approved by respective bodies such as AICTE, PCI, IAP, INC etc.
- Academics programs approved and accredited by academic bodies such as AICTE, NBA, PCI, Nursing Council etc.
- Semester system based continuous evaluation with cumulative grade point average
- Unique research & development centre exploring frontline areas of research like nanotechnology, renewable energy and biotechnology
- State of the art teaching and research laboratories accessible 24 hours
- Well-equipped Knowledge Resource Centre with 51,588 books, 400 magazines, access to 12982 online journals, 1600 eBooks, and 3500 educational CDs
- Distinguished 450 Faculty trained in IITs, IIMs, leading universities and industry
- Placement in prestigious national and multinational corporate
- Transparent admission procedure.

CHARUTAR VIDYA MANDAL UNIVERSITY

Beside BVM College, Opp Shastri Maidan
Vallabh Vidyanagar-388120, Distt. Anand Gujarat, India
Tel: 91-2692-238400, Fax : 91-2692-236492
Email : cvmandal@hotmail.com adminoffice@cvmu.edu.in

Vallabh Vidyanagar, established fifty-five years ago, carries a rarity of purpose behind its origin and a variety of education with its development and growth. Strategically located between Ahmedabad and Vadodara, Vallabh Vidyanagar today has emerged to be an Active Educational Hub in the Western parts of India. Just six kilometers from India's milk city-Anand, it has made its distinct identity in the sector of education by offering numerous emerging and innovative educational programs and by attracting students from across the globe. Anand is situated between Ahmedabad and Vadodara on the main rail-link and also NH8, about 75 kms from Ahmedabad and 40 km from Vadodara. Vallabh Vidyanagar is blessed with the beauty of nature. Its lush green trees of different types and kinds have not only made the town environment-friendly, but also created a serene and ever-enjoyable peaceful atmosphere generating synergistic pleasure on the campus. The pollution-free climate, attracting many to make the town their permanent home, adds value to the academic life on the campus. Vallabh Vidyanagar has all the amenities which major metropolis have; rather it has best of both the worlds - glamour of a big city and simplicity of a small town. On one hand, it captures the current trends of the youth, while it attempts to make those trends meaningful by making the presence of different spiritual centers felt. The town is the synthesis of varied cultures, which enable it to evolve and expand the quality life, as well as to foster the environment of creativity amongst the student citizens. Those who stay here always cherish the golden moments of life on the campus. Today, the town has compounded in strength and consolidated itself to take on the challenges of emerging future.

Future Plans

The first fifty years of CVM coincided more or less with the second half of the twentieth century. Judged by any yardstick, these first fifty years of CVM have been immensely successful. The vision, dedication and commitment of the founders of CVM and its subsequent leaders can be seen clearly today in the results of their tireless efforts. Vallabh Vidyanagar is today an impressive and thriving educational campus in the heart of Charutar, which is itself heartland of Gujarat. The challenges which our society will face over the next fifty years, which will coincide more or less with the first half of the twenty first century, will in many significant ways be different from those that faced the founders. Our society will make a transition to a knowledge-based economy, urbanization will continue, and the preservation of our environment will be a crucial and critical objective. Water and energy will become relatively scarce, and therefore efficient management of both will be essential. Information Technology will continue to leapfrog and spread, and will become increasingly interleaved with our daily lives.

Naturally CVM must also make future plans which enable it to generate successful responses to some of the challenges which the society is going to face. The primary focus of CVM has always been on education - and producing well-trained youngsters is certainly a major part of any society's response to the future challenges it is likely to face.

CHHATRAPATI SAHUJI MAHARAJ KANPUR UNIVERSITY

Kanpur - 208 024, Uttar Pradesh

Website : <http://www.kanpuruniversity.org>

Located in one of the biggest industrial metropolis of State of Uttar Pradesh Kanpur. Chhatrapati Shahu Ji Maharaj University stands as a hallmark of higher education. It is an educational community where students of various religions and cultural backgrounds study and work together in a congenial atmosphere. The university is geared to provide maximum scholastic benefit to each individual student.

The Chhatrapati Shahu Ji Maharaj University Kanpur, has been on the map of higher education for more than three decades. Established in 1966, it has not looked back, now it has 170 affiliated colleges in 15 Districts. Spreading over a campus of 264 acres, the university is booming with academic activities.

While the undergraduate and post-graduate programmes in all disciplines of Art, Science, Commerce, Law, Engineering and Medicine are offered in affiliated colleges and institutions, the residential wing of the campus includes faculties of Life Sciences, Business Management, Education and English. It also has a computer centre, a department of Adult and Continuing Education, Communication and a College Development Council.

For catering to the needs of young engineering aspirants, the university has recently started an Institute of Engineering and Technology in the campus offering courses in four branches of engineering viz. Chemical, Computer Science and Information, Mechanical Engineering in the first instance.

The university seeks to contribute to student an education through curriculum design, the development of new courses and the application of a forward looking and innovative teaching methodology.

Kanpur, the industrial capital of U.P. and commonly known as the Manchester of Northern India has had a very eventful history. It has contributed much to the growth and economic development of the country. Equally memorable and inspiring is its role in the first Indian War of Independence.

Panvel, Navi Mumbai, Maharashtra Chhatrapati Shivaji Maharaj University is established with a vision and Mission to impart quality education in all spheres of high learning in India. The university has evolved to create such graduates who can lead ahead in all walks of life, to mark incredible contribution in society and imbibing with moral values in their lives. The university aims at providing holistic development of the students where they can hone their skills at further perfections. It is the best place where the best courses are under their reach. The Chhatrapati Shivaji Maharaj University is situated in Navi Mumbai, the educational hub of Maharashtra in sprawling & lush green campus. State-of-the-art Infrastructure of university with independent academic & administration block, hostels, laboratories, playground etc. provides scholarly & soothing ambience for learning & growth of the students. It creates a Cooperative and healthy environment with a professional attitude to bring out the best in the student to face the cut-throat global competition. Chhatrapati Shivaji Maharaj University brings together a community of wide ranging interests, competencies & aspirations from Engineering, Architecture, Design, Applied Science, Humanities, Management, Law, Commerce, Life Science and Art etc. An Internationally recognized University for excellence in creating and disseminating knowledge through value based quality education in Technology, Management, Agricultural and Liberal Education leading to betterment of mankind. We aim to provide the best all round education and educational opportunities to our students. We envisage that every seed sown be nurtured with complete care and dedication which flourishes it into a giant tree. We prepare students with an technology oriented education for their bright and prosperous future.

To prepare students with an integrated and technology oriented education for a better career & to be worthy citizens of a global society.

To provide the best all round education it is possible to obtain.

To provide great educational opportunities.

To excel in various disciplines of Education.

To encourage research and development in various department.

To create life changing opportunities that lead to strong careers.

To maintain the delivery of high quality academic programs through constant evaluation and upgrading.

Nurture independence, resilience and joy for learning in all our students.

To ensure effective implementation of the curriculum through latest teaching learning practices.

To equip students with necessary skills and competencies for better employability.

To provide a free environment to the students for a frank expression of ideas.

To promote the rule of Law, Merit, Discipline, Selflessness, integrity, objectivity, openness, honesty & high ethical standards amongst the students.

Committed to produce trained and professional manpower competent and responsive to the challenges of a dynamic and vibrant society.

CHAUDHARY BANSILAL UNIVERSITY

Bhiwani - 127 021, Haryana
Email : admission@cblu.ac.in

The long cherished dream of the people of Western Haryana came true, and the indefatigable efforts of the academicians, intellectuals and political leaders of the region bore fruit when Chaudhary Bansi Lal University notified by the Haryana Government on 4 June, 2014.

It is named after the creator of modern Haryana, Late Ch. Bansi Lal. The University came into being and became functional from 26th July, 2014, with Dr. S. K. Gakhar as the Vice Chancellor. Chaudhary Bhupander Singh Hooda, the Hon'ble Chief Minister, Haryana, laid the foundation stone of the University campus on 30th July, 2014, at Bhiwani-the home town of Ch. Bansi Lal, at a distance of 124 kms from Delhi and 285 kms from the Chandigarh.

The University has been established as a teaching-cum-affiliating University to facilitate higher education in multi disciplines with special emphasis on sports and physical education and to achieve excellence in these and connected fields.

The University will ensure high academic standards in these colleges and fulfill the academic aspirations of thousands of students, many of whom belong to economically backward and underprivileged sections of the society.

The University has started seventeen Postgraduate Departments offering respective courses. Within interdisciplinary framework, the Departments have formed nine Faculties in different fields. In addition, nineteen more Departments under seven Faculties have been planned for the next session. Special emphasis has been given on sports related courses like Sports Management, Sports journalism, Sports Medicine and Sports Nutrition and Physiology etc. A new Faculty of Health System has been planned for having the courses like Public Health and Health Administration etc. Another new course Social Entrepreneurship has also been proposed for skill development among students.

The idea is to bring the laurels of world's top Universities with a blend of Takshshila and Nalanda and collect every precious stones and pebbles to construct a gigantic mountain range like The Himalayas.

Ch. Bansi Lal University has to develop by expanding as well as consolidating these academic programmes, which it will, maintaining the rich tradition and cultural heritage of the region as well as fulfilling its social mission of creating quality human resources in order to serve the nation with dedication.

CHAUDHARY DEVI LAL UNIVERSITY

Sirsa - 125 055, Haryana

Tel : 01666-248052, 247600

Fax : 01666-248123

Email : registrarcdlu@radiffmail.com

Website : <http://www.cdluonline.net>

Established on 2nd April 2003, Chaudhary Devi Lal University, Sirsa is named after Jan Nayak Chaudhary Devi Lal, the former Deputy Prime Minister of India and the former Chief Minister of Haryana. There are 16 teaching departments with 40 courses in the University.

The University has very well equipped library, laboratories and hostels for boys and girls. Well-known, reputed and experienced academicians and professionals have been associated in preparing the academic curriculum of different courses.

The University has two Teaching Blocks comprising of nearly 100 class rooms, tutorial rooms and rooms for teaching and supporting staff (each), VIP guest house, Vice Chancellor's residence and 87 houses for the teaching and non-teaching staff and four well-furnished hostels for boys and girls. It houses Science Departments such as Physics, Chemistry, biotechnology, Food science & Technology, Computer Science, Energy & Environmental Sciences and Mathematics.

The University has developed its own Media Centre equipped with hi-tech gadgets. An impressive main gate has been inaugurated by Hon'ble Chief Minister of Haryana on 2nd August 2009.

The University has ATM facility of State Bank of India. Medical facility is made available to the students employees through a regular appointed Medical Officer. The University has adopted innovative methods in the conduct of University examinations. The University has also made a distinction in timely declaration of results.

The students of this University have shown commendable results in academics as well as co-curricular activities. With the present pace of progress already acquired the University looks forward having a promising future.

CHAUDHARY RANBIR SINGH UNIVERSITY

Jind, Haryana
Tel :- 01681-256852

The University was established by Government of Haryana vide Ch. Ranbir Singh University Act, 2014 (Act 28 of 2014) and it was inaugurated on 25th July 2014 and it was on the same day that Maj. Gen. (Dr.) Ranjit Singh, AVSM, VSM (Retd.) took over the charge as the Vice Chancellor of the University. Prior to the establishment of the University in July 2014, it was functioning as the Post Graduate Regional Centre of Kurukshetra University at Jind (since August 2007). Initially two courses MCA and MBA were started and later in July 2012 MA Music, MA Psychology, MA English, MA Education, M.P.Ed & B.P.Ed. were introduced. Prior to joining as the Vice Chancellor of Ch. Ranbir Singh University, Jind, he has served as Vice Chancellor of The Global Open University, Nagaland, Central University of Haryana, Mahendergarh, nominated Educationist Member of the Navodaya Vidyalaya Samiti and President, Neha Foundation (a registered NGO). He is also the Member of the First Court, Central University of Tripura. The University offers Masters Courses in Eleven Subjects i.e, Computer Applications, English, Economics, History, Management, Commerce, Mathematics, Physical Education, Psychology and Education The University has well-qualified and experienced faculty. At present the university has thirty three faculty members in different disciplines. Remaining conscious of its responsibility to serve the society, university has initiated the social outreach programmes for the welfare of the neighbouring community. Some of these include—adopting of three schools; sensitization programmes with the participation of the society with special focus on emergent issues like female foeticide, gender-discrimination and health, hygiene and sanitation; regular interaction sessions of the Vice Chancellor with the students and faculty of the schools and colleges in Jind region; and massive tree-plantation and cleanliness drive in and around the University campus.

Recent Activities:

- The students of Psychology department along with two faculty members presented papers at International Conference at Amity International University, Noida.
- Delegation of University students participated in the Red Cross Camp at Haridwar.
- Above 2000 saplings have been planted in and around the University Campus as the part of a massive Tree Plantation Drive.
- UGC NET Classes are being conducted for the aspirants from within and outside the University, free of cost.
- Two MCA students got selected in campus placement. However, more companies are scheduled for Campus Placements in the University.
- Personality Development Classes, Yoga and Skill Development for Students as the regular feature of the University curriculum.
- Faculty Development Programme for the faculty of the University
- Orientation Programme for the Fresher Students
- Personality Development Programme with the invited lectures by the eminent Resource Persons.
- Newly-constructed Girls Hostel has been made functional with all basic facilities.

CHAUDHARY SARWAN KUMAR HIMACHAL PRADESH KRISHI VISHVAVIDYALAYA

Himachal Pradesh Krishi Vishwavidyalaya (now Chaudhary Sarwan Kumar Himachal Pradesh Krishi Vishwavidyalaya) was established on 1st November, 1978. The College of Agriculture (established in May, 1966) formed the nucleus of the new farm University. It is ICAR accredited and ISO 9001:2008 certified institution. The University has been given the mandate for making provision for imparting education in agriculture and other allied branches of learning, furthering the advancement of learning and prosecution of research and undertaking extension of such sciences, especially to the rural people of Himachal Pradesh. Over the years, this University has contributed significantly in transforming the farm scenario of Himachal Pradesh. Today, the State has earned its name for hill agricultural diversification and the farming community has imposed its faith in the University.

The University has four constituent colleges. The College of Agriculture has 13 departments, Dr.G.C.Negi College of Veterinary & Animal Science has 16 departments, the College of Home Science has five departments and the College of Basic Sciences has four departments. These colleges offer six Bachelor Degree programmes and the Dean, Post Graduate Studies offers 32 Masters Degree & 19 Doctoral Degree programmes. At present 1235 students are on roll and more than 5584 students have passed out from the University since its inception. The Directorate of Research coordinates research in the field of agriculture, veterinary and animal sciences, home science and basic sciences. It has been giving priority to the location specific, need based and problem oriented research with multidisciplinary approach at main campus Palampur, 3 Regional Research Stations (Bajaura, Dhaulakuan & Kukumseri) and 10 Research Sub-stations (Kangra, Malan, Nagrota, Salooni, Akrot, Berthin Sundernagar, Sangla, Leo & Lari) spread over in all Districts of the State (except Solan and Shimla). The University has developed need-based technology for the different regions of the State and has released 144 improved varieties of different crops. Around 600 quintal breeder seed of different crop varieties is produced and supplied to the State Department of Agriculture for further multiplication and making it available among the farming community, every year. The University has released 13 improved agricultural tools to reduce drudgery in farming. Over 90 farm technologies have been recommended to the farmers. Three patents have been granted to the University by the Patent Office, Government of India.

CHENNAI MATHEMATICAL INSTITUTE

H1, SIPCOT IT Park, Siruseri

Kelambakkam – 603103

Tel : +91-44-6748 0900, +91-44-2747 0226, 2747 0229, +91-44-3298 3441

Fax : +91-44-2747 0225

CMI began as the School of Mathematics, SPIC Science Foundation, in 1989. The SPIC Science Foundation was set up in 1986 by Southern Petrochemical Industries Corporation Ltd (SPIC), one of the major industrial houses in India, to foster the growth of Science and Technology in the country.

In 1996, the School of Mathematics became an independent institution and changed its name to SPIC Mathematical Institute. In 1998, in order to better reflect the emerging role of the institute, it was renamed the Chennai Mathematical Institute (CMI).

From its inception, the Institute has had a vibrant PhD programme in Mathematics and Computer Science. In the initial years, the PhD Programme was affiliated to the Birla Institute of Technology & Science, Pilani and the University of Madras. In December 2006, CMI was recognized as a university under Section 3 of the UGC Act 1956 and will henceforth award PhD degrees directly.

To bridge the gap between teaching and research, in 1998 CMI began an integrated 3-year course in Mathematics and Computer Science leading to a B.Sc Honours degree. In 2001, the B.Sc programme was extended to incorporate two courses with research components, leading to an MSc degree in Mathematics, and an M.Sc degree in Computer Science. In 2003, a new undergraduate course was added, leading to a B.Sc degree in Physics.

These teaching programmes are run in cooperation with the Institute of Mathematical Sciences (IMSc), Chennai. In the initial years, the degrees were awarded by the Madhya Pradesh Bhoj (Open) University (MPBOU), Bhopal.

Since CMI has been recognized as a university, it will now award B.Sc. and M.Sc. Degrees directly.

CMI occupies a unique position in Indian academia, attracting substantial funding from both corporate and government sources. In October, 2005, CMI moved to its new campus at Siruseri, on the southern outskirts of Chennai. In December, 2006.

CMI's vision is to build on its early success and develop into a well-rounded academic institution, in the tradition of the best universities around the world.

CHETTINAD UNIVERSITY

State Highway 121
Kelambakkam, Kanchipuram
Tamil Nadu – 603103
Tel. : +91 (0)44 4741 1000
Fax : +91 (0)44 4741 1011
Email : spkchidambaram@chettinadhealthcity.com
drvraji@chettinadhealthcity.com

From its beginnings in 2005, Chettinad Health City has come a long way. It has put together a remarkable faculty comprising successful specialists and inspirational teachers. It is racing ahead of schedule to unveil an array of student amenities and learning resources comparable with the best anywhere in the world. It is no surprise therefore that Chettinad Academy of Research and Education is fast emerging as a preferred destination for high-quality medical education in this region.

The medical college has a fully-fledged hospital that offers the best training for students in this field, with round-the-clock facilities manned by competent and trained doctors. Emergency and trauma care services handle complex medical, surgical & accidental emergencies.

The hospital itself has 750 beds and various speciality departments. With 70-80% bed occupancy, there is a total of 1100 beds including the Superspeciality Hospital. Chettinad nurtures future doctors by offering them the best practical and clinical training that in turn helps in gaining knowledge and experience.

With years of experience in some of the best institutions in the country and abroad, the faculty of Chettinad Academy of Research and Education comprises a number of specialists who are leaders in their respective fields.

With substantial publications to their credit, they drive the research agenda at the campus. Opportunities to interact with outstanding professionals and remarkable teachers enrich the student experience at Chettinad Health City.

In its quest to offer high quality education CARE has submitted itself to an assessment by the National Assessment and Accreditation Council (NAAC) and within 2 years of its establishment it has been awarded with B Grade (CGPA of 2.83 on a 4 point scale).

CHHATTISGARH KAMDHENU VISHWAVIDYALAYA

Anjora, Durg - 491 001, Chhattisgarh

Email :drnknigam18@gmail.com, mishrauk2005@yahoo.com

Website : <http://cgkv.ac.in>

Chhattisgarh Kamdhenu Vishwavidyalaya (CGKV) was established by His Excellency the Governor of Chhattisgarh State dated 11th April, 2012 with promulgation of the Chhattisgarh Kamdhenu Vishwavidyalaya Act, 2011. Enhanced contribution of livestock sector to the sustainable food security, poverty reduction and economic growth in Chhattisgarh State is the Vision of the Vishwavidyalaya. The mission of the Vishwavidyalaya is to customize an integrated approach for all round development of livestock, poultry and fisheries through imparting quality education, intense research and development for innovative technology generation and extension of technologies to the end users for sustainable productivity to augment and garner a dynamic livestock economy for the state.

Objectives and Mandate

1. To make provision for imparting education towards development of quality human resource in different branches of Veterinary and Animal Sciences
2. To further up the advancement of learning and conducting of research in veterinary and animal sciences
3. To undertake extension education in Veterinary and Animal Sciences
4. To promote partnership and linkages with National and International educational institutions
5. To liaise and establish vital linkages with the departments and organize working in the field of Veterinary and Animal Sciences in the state by whatever name called governed by the Government of Chhattisgarh or the Union Government
6. To liaise with National and International research institutions specialized in the field of veterinary and animal sciences with a view to keep abreast of the latest technology
7. To organize and impart continued education, refresher training courses and summer institutes, hold technical symposium and workshops to bring about professional development and skill improvement of the technical personnel in the field.
8. To make provision for the study of basic sciences with a view to support other professional studies and thereby integrating such studies in the Vishwavidyalaya curriculum
9. To confer such degrees, diplomas, certificates and other academic distinctions as the Vishwavidyalaya may decide from time to time.
10. To pursue such other objectives as the Vishwavidyalaya may determine from time to time.

CHHATTISGARH SWAMI VIVEKANAND TECHNICAL UNIVERSITY

North Park Avenue
Sector – 8, Bhilai-490009, Chhattisgarh
North Park Avenue, Sector - 8
Bhilai 490 009, Chhattisgarh
Tel : 0788-2261311, Fax : 0788-2261411
Email : vc_csvtu@csvtu.ac.in; registrar_csvtu@csvtu.ac.in
Website : <http://www.csvtu.ac.in>

Chhattisgarh Swami Vivekanand Technical University (CSVtu) has been established by an Act(No.25 Of 2004) of Legislature passed by the Chhattisgarh State Govt. Assembly, wide notification No.639/21-A/Prarupan/2004 date 21st Jan 2005 and published in the State Govt. gazette 24th January, 2005.

The University incorporates the purpose of ensuring systematic, efficient and qualitative education in engineering and technological subjects including Architecture and Pharmacy at Research, Postgraduate, Degree and Diploma level.

The foundation stone of the University was laid down by Hon'ble Dr. Manmohan Singh, the Prime Minister, Govt. of India on April 30th 2005.

In early 2005 the State Government of Chhattisgarh decided to establish the University with the aim of providing "systematic, efficient and quality education" in the fields of engineering and technology.

The relevant act was passed in the Chhattisgarh state assembly on 21 January 2005. Manmohan Singh, then Prime Minister of India, laid the foundation stone of the University in a ceremony held on 30 April 2005.

According to a 2008 news report, the Bhilai Steel Plant, one of the largest steel plants of the country, agreed to donate over 250 acres of land to the Chhattisgarh government for the establishment of the University, along with ₹500 million (US\$8.2 million) for related infrastructure development.

After the University adopted an "industry-academia linkage system", a similar system was adopted by five other state universities. The system apparently offers financial rewards for students working on industry-defined problems.

CHHINDWARA UNIVERSITY

Infront of Govt. Autonomous P. G. College
Dharam Tekari Chhindwara – 480002, Madhya Pradesh
Tel : 07162-292970, Mobile No. : 07162-292970

Email : registrar.cuc@mp.gov.in
Website: <http://www.cuc.ac.in>

Chhindwara University has been established according to the Gazette of Madhya Pradesh (Extraordinary) Bhopal dated 17 June 2019 with an intent to become one of the most prominent and sought after universities of Madhya Pradesh and also of the country. The university will launch various innovative and integrated educational programmes which will attract the students and faculty from across the country. The university shall offer best educational environment for thousands of students on campus and act as the administrative centre for its affiliated colleges in Madhya Pradesh. It will also offer facilities for research in pioneering fields to the faculty and students engaged in pursuance of excellence in their fields. Its site on the hill, easily visible from the ring road, shall showcase the University as a world class educational campus of importance. The University curriculum shall cover subjects across the range of human knowledge consisting of studies in the fields of humanities, arts, science, technology, education, law and commerce. It shall offer courses at undergraduate, post graduate and doctoral levels.

Aims & Goals

To provide a creative environment to promote higher studies and research among students and faculty. Organizing short-term intensive courses, conferences and seminars that can turn challenges into beneficial development opportunities for the surrounding community.

Prepare curriculum designs that provide competence for developmental leadership.

To provide best educational facilities to train meritorious students for better career opportunities.

Core Values (बुनियादी मूल्य)

Academic Excellence and Integrity
Outstanding Teaching and Service
Scholarly Research and Professional Leadership
Integration of Teaching, Research, and Service
Individual and Collective Excellence
Diversity, Equity, and Social Justice
Education of Individuals Across the Life Span

CHILDREN'S UNIVERSITY

Subhash Chandra Bose Shikshan Sankul

Sector – 20, Gandhinagar, Gujarat

Phone : +91 - 79 - 23244576/23244569

email : vccu.gujarat@gmail.com

Website : <http://www.cugujarat.ac.in>

The idea of Children's University was presented by the Hon'ble Chief Minister of Gujarat at a workshop of eminent educationists of the country on 9th June 2008. At this workshop, the Hon'ble Chief Minister explained the need of the University. He pointed out that the University will be centered on research regarding children. He added that the children of today are put under the turmoil of unnecessary pressure and that the situation needs to be remedied. He furthered added that the modern world is moving rapidly towards the formation of nuclear families, and children began to become marginalized in terms of care and protection to which they have a natural right. In this context, the Hon'ble Chief Minister said, the Children's University, as he visualized it should come forward to ensure all the needed help and care, not only in terms of physical health but also in terms of psychological needs, so that the children of today and tomorrow grow up under warm and affectionate care extended to them by the entire society into holistic personalities capable of serving the country and humanity to the best of their abilities. The educationists at this workshop warmly welcomed the idea and presented a number of useful suggestions. On 12th September 2008, the Government of Gujarat constituted a Task-Force for formulating action plan and roadmap for establishment of Children's University in Gujarat. The Task-Force had three meetings, first on 6-7th October 2008, second, on 2-3rd January 2009, and third, on 19-20th March 2009. During these meetings, the Task-Force formulated not only the vision, mission and objectives, but also laid down details of the areas and functions of the University, viz., Research, Education, Training, and Extension Services. The structure of the University was also discussed. A special Committee was constituted to formulate a Bill for Children's University, consisting of the Chairman, and Member-Secretary of the Task-Force with other important educational experts of the country. The draft Bill was re-modified in the Department of Education under the guidance of the Commissioner, Higher Education, and other Principals of important Colleges. After the approval of the Cabinet, the Bill was moved by the Hon'ble Education Minister in the Vidhan Sabha on 28th July 2009. The Bill was passed by the Vidhan Sabha after a debate in which several members of Vidhan Sabha participated. After receiving the assent of H.E. the Governor of the State of Gujarat on 31st July 2009, the Bill has now become Children's University Act, 2009. The children of today have to be prepared to become builders of the future, - the future which would be marked by replacement of competitive individualism by the synthesis of individual liberty, collective egalitarianism and universal and spiritual fraternity. The future will be liberated from disabling scepticism and from comforting arrestation of quest of knowledge, and progress will be accelerated by ardent aspirations to realise higher spiritual truths and their manifestation in physical life.

CHINMAYA VISHWAVIDYAPEETH

Ancient Indian Wisdom finds new relevance at the Chinmaya Vishwavidyapeeth

“That knowledge alone is great that makes people’s lives meaningful, purposeful, beautiful, joyful and has stood the test of time!”

– Swami Tejomayananda, Chancellor Emeritus and Former Head of Chinmaya Mission Worldwide

It is this sentiment that brings together noted Acharyas, educationists and scholars under the direction of Chinmaya Mission to establish the Chinmaya Vishwavidyapeeth, a University for Sanskrit and Indic Traditions.

The University aims to bring an attitude of innovation and practical application to ancient Indian wisdom, which has always been rooted in spirituality and the purity marked by an unbroken teaching tradition that reaches back into the mists of time.

With a vision that declares “*vidyayā sanskriti*”, built on core values of Spirituality, Purity, Innovation and Practicality, the Founder, Swami Tejomayananda, and the Chinmaya Vishwavidyapeeth Trust, the sponsoring institution, have mobilized a team of outstanding professionals to deliver an excellent academic platform for the study of Sanskrit and Indic Traditions.

As a University for Sanskrit and Indic Traditions, Chinmaya University aims to create an academic platform that bridges Indian Knowledge Traditions (IKT) with current-day applications in every sphere in society. The University will exceed excellence in higher learning and research with the objective of exploring, conserving and sharing the contemporary relevance of Indian cultural heritage and IKT.

The University aims to integrate the best practices of modern pedagogical advances with the beauty of traditional Gurukula model of learning and prepare students to address contemporary challenges, inspiring them to leave a positive impact on the world as confident and cultured contributors to society.

CHITKARA UNIVERSITY

HIMUDA Education Hub

Kallujhanda, Barotiwala

Distt. Solan 174 103, Himachal Pradesh

Tel : (01795) 661001(Off)

Email : vc@chitkarauniversity.edu.in/ registrar@chitkarauniversity.edu.in

Website : www.chitkara.edu.in/hp

In the year 2002, Chitkara Educational Trust established its Punjab campus 30 kilometers from Chandigarh, on the Chandigarh–Patiala National Highway. In the year 2010 Chitkara University was established by the Punjab State Legislature under “The Chitkara University Act”.

Chitkara University, the best university in Punjab is a government-recognized university with the right to confer degrees as per the Sections 2(f) and 22(1) of the UGC Act, 1956.

The sprawling campus of the University is equidistant from Chandigarh, Mohali, Panchkula, Ambala and Patiala. The University offers multi-disciplinary programs, all of which are designed to be industry-relevant. As a result of this student-centric approach, Chitkara University is renowned as one of the best private universities in the North India region. From business management programs to programs in nursing and medical laboratory technologies; and from computer science, electronics and mechanical engineering programs, to hotel management and architecture—Chitkara University, Punjab is a veritable cornucopia of educational services. Curriculum is delivered in spacious, amphitheatre-style classrooms—fitted with modern information and communication technology (ICT) equipment—and in well-equipped, modern laboratories. Additionally, students are encouraged—and provided relevant facilities—to participate in co-curricular and extra-curricular activities through various clubs and societies on the campus. It is because of the cumulative effect of an elaborate in-campus academic infrastructure; strong national and international collaborations; and a robust on-campus recruitment record—including regular recruitment by reputed blue-chip companies—that the University finds favor with national as well as international students. A healthy number of foreign students regularly study at the campus and number of them also visit on exchange programs, adding to the cultural diversity found on campus. The University in Punjab provides several opportunities for local students, too, to visit foreign universities and institutions on such exchange programs, thereby helping them receive invaluable international exposure.

The University has at the centre of its philosophical core the commitment to excellence in education. It is the strong academic heritage of the University, and such firmness on matters of principles that has seen it grow from strength to strength in such a short span of time.

Website : <http://www.hau.nic.in>

Chaudhary Charan Singh Haryana Agricultural University popularly known as HAU, is one of Asia's biggest agricultural universities, located at Hisar in the Indian state of Haryana. It is named after India's seventh Prime Minister, Choudhary Charan Singh. It is a leader in agricultural research in India and contributed significantly to Green Revolution and White Revolution in India in the 1960s and 70s. It has a very large campus and has several research centres throughout the state. It won the Indian Council of Agricultural Research's Award for the Best Institute in 1997.

HAU was initially a campus of Punjab Agricultural University, Ludhiana. After the formation of Haryana in 1966, it became an autonomous institution on February 2, 1970 through a Presidential Ordinance, later ratified as Haryana and Punjab Agricultural Universities Act, 1970, passed by the Lok Sabha on March 29, 1970. A. L. Fletcher, the first Vice-Chancellor of the university, was instrumental in its initial growth.

The university has 8645 Acres land (around 7219 Acres. at main campus, 1426 Acres. at outstations). Since 1970 there has been significant advances in research, teaching and extension by creation of a strong infrastructure at its main campus and at outreach stations. Besides, the university has also provided a number of service centres including campus hospital, community centre, sports complex, guest houses and residences for its staff.

The development plan of the University is based on the concept of a Central Campus Core around which academic buildings for various colleges, schools and departments, residential, recreational and common facilities such as Faculty House and Club, Farmers' Hostel, Students' Hostel, Hospital, Shopping Centre etc., are built. The buildings comprising the Core are Gandhi Bhawan, Nehru Library, Indira Gandhi Auditorium and the Administration Building, situated on three sides of great Plaza, the greater part of which is four feet above ground level.

Chaudhary Charan Singh University (formerly, Meerut University) was established in 1965, to cater to the needs of higher education in western Uttar Pradesh. The University celebrated its silver jubilee in 1991. Presently, it is one of the premier educational institutions of the country encompassing a vast, beautiful and pollution-free campus which sprawls over 222 acres of land having vast playgrounds and experimental fields, botanical garden, rose garden with life-size statue of the late Prime Minister Ch. Charan Singh, Gymnasium, Indoor Stadium, well equipped Library, Hostels for both girls and boys, Administrative Block, Spacious Auditorium, Guest House, Community Center, Medical Center, Residential.

Quarters for faculty members and employees, Canteen, Bank and Post office. The teaching department belonging to different faculties, are housed in spacious buildings and have well-equipped laboratories and advanced facilities. The University also has a separate engineering college, which is currently offering courses leading to B.Tech. degree in several different branches of engineering.

Initially, the M.Phil and Ph.D. programmes were started in 1969 taking credit of becoming first University in the country to introduce M.Phil. programme. In 1973, Post Graduate level courses were also introduced with the modernized syllabi. Since then, the University has been progressing at a steady rate. During the VIII five years plan, introduction of self-financed courses keeping in pace with the changing demands of the society and also for human resources development, were planned. Now, there are five faculties with 22 UGC sponsored and 35 selffinanced/job oriented courses being run in the campus. 252 professional colleges/institutions 109 colleges and one constituent college are affiliated to Chaudhary Charan Singh University.

Under the able leadership of the Vice Chancellor, a renowned innovative technologist and an established committed academic administrator, the university is offering a large number of new and innovative post-graduate, under-graduate, diploma, advanced diploma and postgraduate diploma courses under self-financed scheme in areas of Agricultural Sciences, Humanities, Social Sciences, Journalism, Mass Communication and Multimedia Techniques, Earth Sciences, Teacher and Physical Education, Fine Arts, Legal Studies, Applied Sciences, Home Science, Business Studies, Geographical Information System (GIS) and Remote Censoring.

Christ University, formerly Christ College (Autonomous) affiliated to Bangalore University was established in July 1969. It became the most preferred educational institution in the city of Bangalore within the first three decades.

From 1990 onwards it has scaled greater heights. Due to the introduction of innovative and modern curricula, insistence on academic discipline, imparting of Holistic Education, a team of creative and dedicated staff, the institution has been continually rated amongst the top 10 educational institutions of the country.

It has the rare distinction of being the first institution in Karnataka to be accredited by National Assessment and Accreditation Council (NAAC) UGC for quality education. In 2004, UGC conferred Autonomy on the Institution.

In 2005, it became the first College in South India to be reaccredited with A+ by NAAC. UGC identified it as an Institution with Potential for Excellence in 2006.

On July 22, 2008, a glorious day in the history of the Institution, the Ministry of Human Resources Development, Union Government of India, under Section 3 of the UGC Act, 1956, vide Notification No. F. 9-34/2007-U.3(A), declared it a Deemed to be University, in the name and style of Christ University. The university's main campus is spread over a large area of 25 acres (10 ha) and is part of the 100-acre (40 ha) Dharmaram College Campus in the central part of Bangalore city. This campus is located on the extension of Hosur Road (NH 7) opposite the Bangalore Dairy Flyover.

In 2009, Christ University opened an Eco-friendly campus spread over 75 acres at Kengeri on the Bangalore-Mysore highway SH 17 which houses the Faculty of Engineering, PU Residential college and the Christ University Institute of Management (CUIM). The city campus is placed close to residential localities such as BTM Layout, which is one of the most popular residential and commercial places in Bangalore, Koramangala, another large neighbourhood and Jayanagar, one of the largest residential neighbourhoods in Bangalore. The University has around 12000 students from all over India and some parts of the world and around 500 faculty members.

CLUSTER UNIVERSITY

B-Camp, Silver Jubilee Government College Campus,
Kurnool – 518 002, Andhra Pradesh
Email : info@clusteruniversity.org
Contact No : 95706 00500

Cluster University has been established under the provisions of the Act No. 13 of 2020 of the Andhra Pradesh, Legislature which received the assent of the Government 2nd January 2020.

The Cluster University is a uniary, non-affiliating University limiting its jurisdiction to the campuses of the three Collges consulting the Cluster namely, (1) Silver Jubilee Government Colelge (Autonomous), Kurnool, (2) KVR Government Degree College for Women (Autonomous), Kurnool, (3) Government Degree College for Men, Kurnool and to such other territorial jurisdiction as the Government may define and prescribe from time to time.

South India has got its first Cluster University under the Rashtriya Uchcharar Siksha Abhiyan (RUSA) scheme. The varsity has been sanctioned by the Union Ministry of Human Resource Development (MHRD) for Kurnool.

The Cluster University will have three Government Colleges in Kurnool – Silver Jubilee Government College, K.V.R. Government College for Women (Autonomous) and the Government Degree College for Men – as participating Colleges. Experts held a meeting to decide on employable courses under the Cluster University such as foreign trade, e-commerce, advertising and sales management, export and import management, computer applications courses and MBA in Silver Jubilee College and research-oriented integrated five-year science courses at the KVR College for Women and library science, fashion technology and physical education courses at the Government Degree College for Men.

A School of Commerce & Management has been set up at the Silver Jubilee College, a School of Sciences will be established at the K.V.R. Government College, and the Government Degree College for Men will have a School of Arts. Principal S. Abdul Khader stated to the media “The Silver Jubilee Government College has already been identified by the University Grants Commission (UGC) as the lead college under the cluster university, as it is an institution with potential for excellence and having NAAC ‘A’ Grade with autonomous status.”

The Ministry of Education, Government of India has also introduced the concept of a ‘Multi-Campus University’ within a radius of 20 km from the lead institution. INR 55 crore will be sanctioned for the creation of need-based infrastructure to be equally shared by the constituent colleges. The principals of the constituent colleges have been directed by RUSA State Project Director S. Srikanta Natha Reddy to prepare a detailed project report for the expedient establishment of the Cluster University.

CLUSTER UNIVERSITY OF JAMMU

Canal Road, Jammu - 180001

Tel. : 0191-2434815

Email : registrarcluj@gmail.com

Cluster University of Jammu is established under the provision of Srinagar and Jammu Cluster University Act 2016 and is an initiative of the Centrally Sponsored Scheme, RUSA (Rashtriya Uchchatar Shiksha Abhiyan), to create new universities through upgradation of existing colleges and conversion of colleges in a cluster. The established Cluster University of Jammu aspires to be a transformative University with five Constituent Colleges.

Rashtriya Uchchatar Shiksha Abhiyan (RUSA) is a Centrally Sponsored Scheme (CSS), launched in 2013 aims at providing strategic funding to eligible state higher educational institutions. The central funding (in the ratio of 60:40 for general category States, 90:10 for special category states and 100% for union territories) would be norm based and outcome dependent. The funding would flow from the central ministry through the state governments/union territories to the State Higher Education Councils before reaching the identified institutions. The funding to states would be made on the basis of critical appraisal of State Higher Education Plans, which would describe each state's strategy to address issues of equity, access and excellence in higher education.

The salient objectives of RUSA are to;

- Improve the overall quality of state institutions by ensuring conformity to prescribed norms and standards and adopt accreditation as a mandatory quality assurance framework.
- Usher transformative reforms in the state higher education system by creating a facilitating institutional structure for planning and monitoring at the state level, promoting autonomy in State Universities and improving governance in institutions.
- Ensure reforms in the affiliation, academic and examination systems.
- Ensure adequate availability of quality faculty in all higher educational institutions and ensure capacity building at all levels of employment.
- Create an enabling atmosphere in the higher educational institutions to devote themselves to research and innovations.
- Expand the institutional base by creating additional capacity in existing institutions and establishing new institutions, in order to achieve enrolment targets.
- Correct regional imbalances in access to higher education by setting up institutions in unserved & underserved areas.
- Improve equity in higher education by providing adequate opportunities of higher education to SC/STs and socially and educationally backward classes; promote inclusion of women, minorities, and differently abled persons.

CLUSTER UNIVERSITY OF SRINAGAR

Srinagar, Jammu and Kashmir

Tel. : 0194-2475604

The establishment of the Cluster University is an innovative and a strategic intervention in the higher education sector of the State. The CUS has been established under "The Srinagar and Jammu Cluster Universities Act, 2016" and the infrastructure development is funded through the Rashtriya Uchchattar Shiksha Abhiyan (RUSA) scheme of the Ministry of Human Resources and Development. The mandate of CUS is to provide opportunities to the aspiring students of the State to pursue higher education and also to bridge the critical gaps in specialized disciplines. The CUS has been created by pooling the resources of five existing colleges of Amar Singh College, Sri Pratap College, Govt. College for Women, M. A. Road, Govt. Degree College, Bemina and Govt. College of Education. These five constituent colleges of the Cluster University have adequate academic, physical and technical infrastructural facilities and the mission of CUS would be to lead these colleges to the advanced schools of learning.

The higher educational sector of the State is in dire need of a paradigm shift due to technological innovations occurring around the world. The modern tools of e-learning shall form an integral component of the educational system at CUS. Innovative under-graduate and post-graduate courses shall be introduced at CUS that will have close linkages with the industry. We intend to devise the curriculum of the CUS schools in coordination with the industry and other stakeholders.

In the words of Albert Einstein "Education is not the learning of facts, but the training of minds to think". At CUS, we intend to introduce a multi-dimensional assessment system that shall include seminars, group discussions, field survey etc. This will widen the intellectual horizons of the students. CUS is also planning to have a complete transparency in the evaluation process and student shall have vested rights to contest the assessments.

The constituent campuses of CUS have glorious past and have immensely contributed to the intellectual growth of the people of the State. The faculty of the constituent colleges is highly skilled with many of them having advanced doctorate and post-doctorate degrees. CUS shall also be recruiting more than 40 faculty in specialized disciplines in the near future. CUS will have one of the largest faculty strengths in the region with this augmentation.

The University welcomes all the aspiring students to our University. It is expected that CUS's prospective students will find the CUS campuses intellectually stimulating and have a wonderful learning experience with the faculty members of the Cluster University of Srinagar.

CMJ UNIVERSITY

Modrina Mansion, Laitumkhrach
Shillong-793003, Meghalaya
G.S. Road, Jorabat, Ri-Bhoi District-793101
Meghalaya
Email: info@cmjuniversity.edu.in cmjuniv@gmail.com

Keeping in view the facts regarding the need for more vocationalised courses in mind and to bridge the considerable gap between the huge demand and supply in the technical education field, a Group of like minded denizens of Meghalaya founded a Trust for the purpose of education and development in north east India in 1999 and through their tireless efforts were able to establish the first private Engineering college of North East India-Shillong Engineering and Management College (SEMC). Within a span of more than a decade, the institute has established itself as a pioneer in the field of technical education.

Till date, more than 4000 students have graduated from this venerable institution and are currently placed at some of the top MNCs and reputed companies all over India and the success of SEMC has prompted numerous private technical institutes to come up in Meghalaya and its neighbouring states.

In the process, this near boom in the technical education sector has benefited a large number of indigenous students of North East who now have the option of studying near their home states at a fraction of cost compared to the students who were forced earlier to pursue their higher education far from their home states. In order to sustain this trend, and to ensure that our state in particular and North East region in general do not lag behind in the new Knowledge era, it is imperative that we continue to produce a critical mass of highly skilled manpower at an accelerated pace.

Keeping this objective in mind, the CMJ Group headed by Mr. C.M.Jha decided to set up one of the first private university in Meghalaya- CMJ University in 2009, where the highest quality of education with the best of facilities could be provided to every student.

The University is situated on a 40 acre Campus on a scenic hillock in Jorabat on the Guwahati-Shillong Highway with spectacular 360 degree views of the picturesque hills. It has a built up area of more than 1, 50,000 sq. ft. with well furnished modern classrooms, fully quipped laboratories, well stocked library with broadband connectivity and well qualified faculty. It is a fully residential university boasting of superior accommodation for Boys and Girls.

The CMR Jnanadhara Trust was established in 1990, as a tribute to the late Sri ChikkaMuniyappa Reddy, a visionary educationalist and philanthropist who believed that every individual deserves an education. He dreamt of bringing quality education to the masses.

The Trust started the National Junior School (now CMR National Public School) in 1991. In its first year, the school had only six kindergarten students, who studied in a modest school building located in the CMR family orchard. The CMR National Public School is now a full-fledged CBSE School with a 1.5 acre campus that hosts 3500 students from Montessori / Kindergarten through Grade XII every year.

The CMR Jnanadhara Trust continues to support and manage the growth of its educational institutions. Today, the CMR Group is a unique educational conglomerate of 20 institutions, 60 academic departments, more than 18,000 students including international students from 58 countries, and over 900 faculty members. CMR has also partnered with the National Education Trust to found the NPS International School on a lush 6-acre campus in Singapore. Academic programmes are varied and cover more than 50 areas of study including engineering, education, law, management, media studies, biosciences, business administration, psychology, paramedical and nursing at the undergraduate, postgraduate, and doctoral levels.

The CMR logo is rooted in Indian tradition, yet rendered in the contemporary form of the Hamsa, the Swan. The swan is the carrier of Goddess Saraswathi – the Goddess of Learning.

It is said that the Swan with its sensitive beak has the power of discrimination-an ability to distinguish pure milk from a mixture of milk and water. The swan thus symbolizes discrimination between right and wrong, good and evil or the eternal and the transient. This ability of the Swan to acquire and apply knowledge in a discerning manner, for the overall good of mankind, appropriately embodies the vision of the CMR Group.

C.T. UNIVERSITY

CT University Ferozepur Road
Ludhiana, Punjab
Tel. : +91-9814078621 , +91-9914511016

CT University (CTU) strives to provide a technologically advanced, ultra-modern, academically and socially vibrant campus that offers a safe and supportive educational environment for all. CTU is a multi-disciplinary, student-centric, research-focused University offering a full range of academic programs at the undergraduate, postgraduate and doctoral level. CTU's multi-disciplinary curriculum leads students towards a strong foundation in the disciplines of Design & Innovation, Humanities & Linguistics, Natural Sciences, Engineering & Technology, Pharmaceutical and Allied Medical Sciences, Education, Physical Education and Sport sciences, Management, Hotel Management and Airlines & Tourism while enabling them to expertise in their own field. The programs at CTU bear the distinctive stamp of interdisciplinary and research, leading to scholarly publications and creative expressions by its faculty and students.

CT Group has risen like a blitzkrieg in academic horizons. It owes its genesis to the establishment of CT Educational Society in the year 1997. CT Group is an academic conglomerate comprising of multiple educational entities including CT University, CT Institutions and 2 schools. CT Group has been monumental in offering quality education for the past two decades, be it at the school level or higher education, Not only creating professionals but leaders of the future. The group currently via its educational entities of Higher education viz CTU, Ludhiana (A State Private University) and CT Institutions, Jalandhar (16 Professional Institutes affiliated to Govt. Universities in Two Campuses) is offering plethora of programmes in disciplines including Engineering, Pharmaceutical Sciences, Architecture & Design, Hotel Management & Airline Tourism, Sciences, Arts, Commerce, Education, to name a few. Currently the group has over 10,000 full time enrolled students belonging to various states of India and around 15 countries across the globe. The setting offers a multiethnic culture for the young minds facilitating learning, life skills beyond the walls of a classroom. The group's unrelenting commitment to offering quality education is reflected by certifications by apex bodies like ISO & NAAC and the laurels & accolades bestowed by the renowned organizations such as IBM, Brands Impact, Higher Education Forum, etc.

To be a leading contributor to world having the best higher education system with transformative impact in research, innovation, creativity and entrepreneurship. To have a transformative impact on students by focussing on deep inter-disciplinary knowledge, solving complex engineering problems , leadership, communication and interpersonal skills, personal health and well being. To create transformative educational experience by engaging with partners outside the traditional borders of University campus. To cultivate transformative community by attracting and retaining diverse, best talent. To create transformative environment where research, innovation, creativity and entrepreneurship can flourish.

COOOCH BEHAR PANCHANAN BARMA UNIVERSITY

Vivekananda Street
Cooch Behar - 736101
West Bengal, India
Registrar : 03582-230833 (Phone & Fax)
Email : registrar@cbpbu.ac.in, cbpbuniversity@gmail.com

Cooch Behar Panchanan Barma University, A has been named after the great social reformer Thakur Panchanan Barma. Panchanan Barma, also known as Thakur Panchanan and Roy Saheb, was a Rajbanshi leader and reformer from Cooch Behar.

He established Kshatriya Sabha in order to inculcate Brahminical values and practices among the people from Rajbanshi community in this region in particular, and in Bengal in general. Thakur Panchanan Barma (1866 - 1935) was born at Khalisamari village in erstwhile Cooch Behar State. He graduated from Victoria College, Cooch Behar - which was then affiliated with the University of Calcutta - with an honours in Sanskrit in 1893. Later he passed MA and LLB in 1897 and 1898 respectively from the same university.

COCHIN UNIVERSITY OF SCIENCE AND TECHNOLOGY

Kochi-682 022, Kerala

Tel : 0484-2577619, 2532550, 2575396, 2356133

Fax : 0484-2577595, 2575397

Email : registrar@cusat.ac.in, info@doe.cusat.edu

Website : <http://www.cusat.edu>

The establishment of the erstwhile University of Cochin in 1971 was a commitment from the Government of Kerala towards the new scientific policy resolution adopted by the Central Government on 4th March 1958. The birth of the new University was with the specific purpose of “development of higher education with particular emphasis on post-graduate studies and research in applied science, technology, industry and commerce”. The University of Cochin was later reorganized as Cochin University of Science and Technology (CUSAT) in February 1986. Syndicate, Academic Council, Senate and the Boards of Studies in different Faculties are the Principal Authorities of the University. Syndicate is the Chief Executive Body which meets every month. The academic structure comprises of nine Faculties viz. Engineering, Environmental Studies, Humanities, Law, Marine Sciences, Medical Sciences and Technology, Science, Social Sciences and Technology. A Sophisticated Test and Instrumentation Centre (STIC) was established in 1996 in collaboration with the Government of Kerala. Centres also exist for Interdisciplinary Studies, Microprocessor Research, National Manpower Information, Rural Development & Appropriate Technology, Ocean Electronics Science in Society, Information Resource Management, Neuro Science, Creative Writing, Comparative Literature, Population Studies, Aquatic Animal Health, Monsoon Studies, Economic Policy and Analysis & Adult and Extension education. The UGC has selected cusat as a centre for Excellence in the field of Lasers and Opto-electronic sciences for which a new Centre, CELOS has been established. The Union Ministry of HRD has acknowledged School of Legal Studies as a Depository of Intellectual Property Rights and an IPR chair has been introduced. Another prestigious chair instituted by the Ministry of HRD is Rajiv Gandhi Chair on Sustainable Development. By giving recognition to several well-established premier research institutions in the country and the Southern Naval Command of Indian Navy, the University has brought within its reach the resources available in these institutions for the use of the academic community. Specialisations are available in almost all Faculties/Departments for higher studies and research.

The Ministry of Human Resources Development, Govt. of India has adjudged CUSAT as an institution to be upgraded to the level of IIT. The first installment of the development aid has been received by the University during April 2006 and the modification works to upgrade CUSAT as the new breed Indian Institute of Engineering Science and Technology (IIEST) are going in full swing.

COTTON COLLEGE STATE UNIVERSITY

Post Box No. 177, Pan Bazar

Guwahati, Assam

Tel. : 0361-2733588, 0361-2733512, 0361-2733530

Fax: 0361-2733502

Cotton College State University (CCSU) was created via an Act of the Government of Assam (Act XIX of 2011), with Cotton College as a constituent College of this new University.

This Act received the assent of the Honourable Governor of Assam on the 3rd of September 2011, and was notified via the Assam Gazette on 5th September 2011.

The vision of this new University is to be a world-class one, excelling in both teaching and research, developing knowledge and skills with an emphasis on this part of our country, providing broad-based education to students to take on the challenges of tomorrow via modern curricula, learning and assessment methods, upholding the highest ethical standards, and providing a clean, efficient and transparent administration.

CCSU staff reporting new results based at least partly on work done while at CCSU, and carrying the CCSU affiliation. The publications are arranged according to the subjects which fall under the different Faculties and Departments, and Centres.

Papers based on multi-disciplinary studies may be listed more than once under different subject headings. Refereed journal papers, publications in conference proceedings, technical reports and books/in books are listed under separate headings.

With a heritage that goes back to more than a hundred years, Cotton College, the premier seat of higher learning in Northeast India, unequivocally occupies the pride of place among the institutions of its kind in the North-Eastern part of the country. Having contributed significantly to the academic and cultural life of the region the institution has not only withstood the test of time but has also carved a niche for itself in the sphere of higher education in the country. Contemporaneous with Murarichand College of Sylhet (now in Bangladesh) of the undivided India under the British rule, Cotton College came into existence on 27th May, 1901 through the untiring efforts of such magnanimous and illustrious sons of the soil like Late Manik Chandra Barooah and Rai Bahadur Bhuban Ram Das, backed by the unstinted support of the intelligentsia of the region of that time. However, had it not been for the unreserved support and concern of the then Chief Commissioner of the then Assam Province from 1896 to 1902, Sir Henry John Stedman Cotton, K.C.S.I., the institution would not have perhaps seen the light of day. While the time came, therefore, to express their sense of gratitude to the foremost popular ruler of the province, the people of 'Gauhati' decided to name the institution itself after him.

DAKSHIN DINAJPUR UNIVERSITY

Wathar – Warananager Road

Dr. Sangram Patil -9764440326

न हि ज्ञानेन सहसं पवित्रमिह विद्यते

Established by the Dakshin Dinajpur University Act, 2018, Dakshin Dinajpur University is on target for commencing the first Academic Session 2021-22. Dakshin Dinajpur district within its present boundaries is only 29 years old, having been carved out in the 1992 bifurcation of erstwhile West Dinajpur district into the new districts of North and South Dinajpur. The predecessor district of West Dinajpur district was itself produced by the 1947 partitioning of the Dinajpur district of undivided Bengal, and the subsequent reorganization of Indian states on linguistic lines in 1956, which transferred the territory of Islampur from Bihar's Purnea district.

Mission

The Dakshin Dinajpur University (DDU) is committed to ignite, guide and channelize the quest for higher learning. The University is dedicated to foster the urge for continuous self-development in every student, researcher and Faculty alike, by providing them with equal opportunity in every sphere of activities. The institutional system is designed to build on and further the knowledge economy with a clear focus on the needs of the immediate community and the nation at large. DDU shall instill the philosophy amongst its students that the principle to learning and acquiring knowledge lies in our ability “to learn, un-learn and re-learn”. This learning mantra is at the core of DDU, equipping the students with problem solving - practical and academic and develop skills to face the challenges of the 21st century.

Vision

DDU envisions a prestigious multidisciplinary institution of outstanding higher educational learning, grounded on innovative and quality teaching. It will provide a holistic development of young minds and thus produce conscientious students equipped and empowered with “knowledge-based-capability” to positively impact their lives and the world around them. DDU will be:

- A smart and green campus to mitigate ecological footprint concerns
- A brand in-itself - “THE” University of choice, with specialized departments and professional courses
- A multicultural academic hub fostering exemplary discipline, integrity, transparency, and accountability for everyone associated with the DDU
- A recognized centre of excellence in higher education statewide, nationally and globally
- A dynamic institution that values and upholds the ideals of equality, justice, ethics and democratic governance
- A unique centre, forging connections with key research institutions including local communities for high-impact utilization of relevant knowledge, creative intellectual engagement and sharing of knowledge

DARJEELING HILLS UNIVERSITY

Jogighat, P.O.- Mangpu, District- Darjeeling

Phone: +91 353 2776366

Fax: +91 353 2699001

Website : <https://www.dhuniv.in/>

A new era in the history of Darjeeling Hills dawns with the establishment of Darjeeling Hills University in the Himalayan foothills of West Bengal. It will open up new vistas in the academic arena of the hilly terrain of Darjeeling Himalayas. Lying amidst the pine-studded slopes of the Eastern Himalayas, set against the snow-capped peaks and blanketed by the emerald-green tea and cinchona plantation, this seat of learning aims to cater for the long-awaited need of higher education and research activities in this region.

The objective of the University will be to disseminate knowledge by offering courses in higher education and research facilities with special emphasis on the amelioration of the socio-economic status of the people of this region as well as the widening of their academic, intellectual and cultural horizon.

The foundation stone of Darjeeling Hills University was laid in September 2016 at Jogighat, Mungpoo. Construction is still going on there. The only university in the hills has started functioning temporarily in the new building of Mongpu ITI.

D.Y. PATIL AGRICULTURE AND TECHNICAL UNIVERSITY

Wathar – Warananagar Road, Talsande, Kolhapur – 416 112, Maharashtra
Mobile : 9699339917, 9699330619
Email : info@dyp-atu.org

It was the dream of President Hon. Dr. Sanjay Patil, to convert the campus into a University. And it was his collaborated efforts with Vice President Hon. Satej Patil, Trustee MLA Hon. Ruturaj Patil, Trustee Hon. Prithviraj Patil and the entire team at Talsande, that a proposal was submitted for a state private University. As per the laws of the Government there are only 4 agricultural Universities in the state but the Agricultural Engineering and Technical College at Talsande with its multidisciplinary courses, became Maharashtra state's 4th private university in January 2021. The campus is striving hard to fulfill the dreams of Dr. Sanjay Patil who held immense faith in achieving education for all. Keeping with the mission of the college to nurture a community of lifelong learners, it aspires to play an important role in sharing the traditional mode of education along with the modern needs of the contemporary society.

Located in the suburbs of Kolhapur, 22kms away, the Talsande campus was originally 205 acres of barren stretch purchased by President of D.Y. Patil Group, Dr. Sanjay Patil in 1989. It took the vision of the Group's president and his endless efforts to convert an unproductive wasteland into a green belt.

Under the visionary leadership of Hon'ble Dr. Sanjay Patil, the eldest son of Hon'ble Dr. D. Y. Patil (Padmashree Awardee), the multi-disciplinary value-based organization has been ranked as one of the best educational institutions in India, strengthening its roots in diverse sectors such as sports, healthcare, agriculture, hospitality, retail, entertainment, and education. Every effort here is harnessed to realize his dream of making educational institutions as temple of learning, with an aim to participate in the task of inculcating necessary knowledge, skills and creative attitudes and values among the youth to contribute more effectively towards establishing an equitable social and economic and secular ideal of the nation. The emphasis is on building institutions that reflect the philosophy and the pioneering spirit of every member who has worked tirelessly to make the Group one of the leaders in education. Ever since its inception, the group has shown a tremendous commitment to innovation and to serving the needs of the nation, and takes immense pride in having established strong, industry-focused teaching programmes with a research-enriched education that is complemented by work-integrated learning opportunity. The group, committed to excellence, with a holistic approach has consistently maintained the highest standards by ensuring quality teaching of the finest caliber. It continues to blaze the trail in Agriculture, Education, Health Care, Hospitality, Retail, Fitness, Sports, Sugar Industry, Power Generation, and Entertainment. The D. Y. Patil Group persistently seeks and adopts innovative methods to improve the quality of higher education and is responsive to the changes taking place in the field of education on a global scale. The Group with its strong presence in Kolhapur, Mumbai, Pune and has also set the sail for exciting endeavors, built on a solid framework of ethics, values, transparency, and excellence.

The DY Patil Group Akurdi Pune - DYP Akurdi, Pune. The group strongly believes that leadership positions drive growth. Leadership positions serve customers better, attract partners and intellectual capital, and lead to large savings that benefits all stakeholders.

At The D Y Patil Group, this is the spirit that has empowered us greatly in our process of ENSURING A BETTER TOMORROW. To the group, tomorrow does not belong to mere technology or sophisticated software, but to our core strength- our people. The group has always placed people's welfare before commercial profits in every activity it carries out.

Appreciated and admired as a frontrunner in the education scenario, The D Y Patil Group has become a name synonymous with quality education. The group strongly believes that world-class education is the stepping-stone to progress. With a long-standing commitment towards quality teaching and learning, the group has nurtured values that go into the making of successful careers. Reiterating excellence in every venture explored, the group stands tall with its undeterred commitment to deliver better. Equipped with state-of-the-art infrastructure, the group has a chain of over 100 educational institutions that encourage individuals to think, question, explore and apply their well-honed minds to scale newer heights of success.

The group believes in imparting education that'll build world citizens of tomorrow. Therefore it hasn't ventured into common streams like science, commerce and arts. In fact, it has gone much beyond that, by venturing into areas like technology, architecture, legal studies, sports academy, management school, hospitality & catering school, etc.

Since 1983, D Y Patil Group of Institutions is leading group known amongst the top education institutions in India. The D Y Patil University, Pune was established by and under the Government of Maharashtra Act No. VI of 2019 and recognized by UGC, New Delhi, India. D Y Patil Group of Institutions is founded to provide quality education and contribute towards the social responsibility. The foundation was laid by Father Founder Hon'ble Dr D Y Patil in the year 1983 by starting the first engineering college in Navi Mumbai. Group began to grow exponentially in all the fields of education namely, Agriculture, Medical, Science, Engineering, Management, Design and many more. Under the leadership of father founder Padma Shri Dr D Y Patil group has more 12 campuses across India those includes 6 Universities and more than 150 Institutes which are engaged in delivering education from KG to PG.

Our Journey

From 2006, at D Y Patil Technical Campus Colleges namely D Y Patil College of Engineering, D Y Patil School of Engineering Academy, D Y Patil Institute of Engineering and Technology, School of Pharmacy, Padmabhushan Vasantdada Patil College of Agriculture, D Y Patil Polytechnic, D Y Patil Institute of Management and D Y Patil School of Architecture are successfully running UG and PG programmes approved by AICTE, MSBTE, PCI and COA wherein more than 7000 students are studying in the various programmes at campus. Rich history of excellence spanning more than 13 years resulted to transform as DY Patil University and continued to provide cutting-edge programs.

Vision

- 21st Century University to be recognized for excellence in learning, excellence in teaching and renewed curriculum through programmes offered at university for making leaders and entrepreneurs.

Mission

- Create vibrant culture of learning with the use of technology to advance knowledge, skill and research for students to emerge as leaders and entrepreneurs.
- Foster academic, research and innovation culture for faculty and students.
- Provide value based and quality education that transforms students as truly global citizens.
- Collaborate with national and international academia, research institutes and industry to strengthen the programme design and delivery.
- Inculcate empathy and compassion to pursue mission of service to the nation and the world.
- Encouraging sports as a part of education to become strong from within and also to develop fitness alongside imbibing leadership skills, tolerance, patience and handling pressure.

D. Y. Patil University was established in the year 2005, in the name of the great educationist Padmashree Dr. D. Y. PATIL. It has its sponsoring institution ‘D.Y. Patil Education Society.’ The society was established in 1986 and is registered under Societies Registration Act, 1860 bearing no. Maharashtra/3029/86 on 23rd November 1986.

The society started its Medical College in 1989, which was initially affiliated to the Shivaji University, Kolhapur and later on affiliated to the Maharashtra University of Health Sciences, Nashik. After almost two decades of status as an affiliated college, based on excellent and constant academic performance, a very strong and aesthetic infrastructural system, efficient and transparent governance and distinct potential for future progress, the Department of Secondary and Higher Education, Ministry of Human Resources Development, on the recommendation of University Grants Commission under Section 3 of UGC Act of 1956, vide its Notification No. F.9-26/2004-U-3 dated 1st September 2005, has accorded the Deemed to be University status to D. Y. Patil Education Society consisting of D.Y. Patil Medical College, Kolhapur.

Dr. D. Y. Patil Educational Group is well organized, well focused organization in education and health care systems since last three decades and today stands the hallmark in field of education.

In order to undertake the frontier level research in the field of medical science, the Centre for Interdisciplinary Research has been established in the University. There are at present 14 collaborative faculty members and 20 full time research scholars working under difference projects sanctioned by DST, DRDO, CSIR, New Delhi and BRNS, Mumbai.

The Centre offers interdisciplinary science research programmes leading to medical research and the Ph.D. awards. To fill up the gap between undergraduate and Ph.D. programme, the University has started two Post Graduate programmes; namely M.Sc. Medical Physics and M.Sc. Stem Cell & Regenerative Medicine. In order to supplement these research activities, the Centre has organized number of national and international conferences and workshops since its establishment.

DY Patil Deemed to be University has been making groundbreaking changes in the arena of education, healthcare, and sports. The moral vision of the university has always been to provide quality education in all spheres of higher learning and healthcare services in India. It has now been 17 diligent years of witnessing out of the box creativity, exceptional growth, and rewarding success of students and faculties. Each year the university, evolves into a stronger source of inspiration for all its students, to dream the bigger picture and turn it into reality. The University believes in creating the pioneers of tomorrow, who follow a vision of transforming India into a global platform for education, healthcare, and sports. Our shining alumni stand as a testimony to the DY Patil model of studies. Every year 15,000 students pass out from the university and each one of them is the beacon bearer of the society, who will change the face of our world with passion, dedication, and willpower. Knowledge empowers, develops, and sharpens the minds of students. It ensures the enhancement of skills and techniques learned by an individual. Hence, knowledge is infinite in nature, which makes it hard to inculcate it in our lives. We as educators must ensure that the youth understands the significance of knowledge in life.

The future of our nation lies in the hands of our Millennials. The potential of the young minds has been witnessed, across the globe with world records being broken and innovation taking place at every turn. DY Patil Group hence harnesses the youth's capabilities by honing their skills and providing students with global standards of education while also equipping them with world-class infrastructure, unique extra-curricular activities, and creative cultural celebrations.

DY Patil Sports Academy's Stadium has been universally applauded by sports critics as the finest sporting facility in India and has been rated as one of the 6 best stadiums in the world by the British Architect's Journal.

DY Patil Deemed to be University welcomes each one of you to visit us and explore opportunities to evangelize your potential as a student and join us on this incredible journey of self-development, exploration, and comprehensive academia all under one roof.

VISION

To positively contribute to the educational and welfare development of local communities and the region as a whole, with the provision of globally recognized educational programs, which focus on developing professional and fundamental skills. Knowledge is the simple act of knowing through reading books, learning facts and experiencing events in real life.

MISSION

Be committed to maintaining high academic standards, enhancing the quality of teaching and learning offered, and providing a high-quality learning experience for its students. To impart and disseminate knowledge in the emerging areas of Healthcare, Science and Technology, Business Management, Hospitality Management, Liberal Education, Teacher's Education, Sports, etc.

Dr. APJ ABDUL KALAM UNIVERSITY

Indore Bypass Road, Arandia Village, Post Jhalaria
Indore, Madhya Pradesh 452016

Avul Pakir Jainulabdeen "A. P. J." Abdul Kalam (15 October 1931 – 27 July 2015) was the 11th President of India from 2002 to 2007. A career scientist turned politician, Kalam was born and raised in Rameswaram, Tamil Nadu, and studied physics and aerospace engineering. He spent the next four decades as a scientist and science administrator, mainly at the Defence Research and Development Organization (DRDO) and Indian Space Research Organization (ISRO) and was intimately involved in India's civilian space program and military missile development efforts. He thus came to be known as the Missile Man of India for his work on the development of ballistic missile and launch vehicle technology. He was a recipient of several prestigious awards, including the Bharat Ratna, India's highest civilian honour. He also played a pivotal organizational, technical, and political role in India's Pokhran-II nuclear tests in 1998, the first since the original nuclear test by India in 1974. He contributed a lot in TIFAC (Technology Information, Forecasting and Assessment Council) under Ministry of Science & Technology, Govt. of India.

While delivering a lecture at the Indian Institute of Management Shillong, Kalam met with heart attack and died from an apparent cardiac arrest on 27 July 2015, aged 83. Thousands including national-level dignitaries attended the funeral ceremony held in his hometown of Rameshwaram, where he was buried with full state honours.

The Dr. A. P. J. Abdul Kalam University is located at lush green area on the new Indore – Dewas bypass road. It is about 10 km away from Indore railway station. It has a large campus and one of the best infrastructures in state. All the department heads and faculty members are highly experienced & work with zeal to impart education and achieve the goal of providing excellent career and values to the student so as to become responsible citizen. \The Society (Ayushmati Education and Social Society) was established in 2004 under the flagship of Central India Institute of Technology ever since its inception, a strong commitment to excellence in teaching and research has made the group a role-model and path-setter for other institution. Its rich academic tradition has always attracted the most talented students who later plays an important contributions to their society.

The Dr. A. P. J. Abdul Kalam University has a long tradition of pursuing excellence in teaching and research in science and technology, humanities, social sciences, performing arts and sports. The University supports excellence and innovation in academic programmes, promotes excellence in research, scholarship and teaching. The University is committed to attract and support the best students and faculty, who excel at teaching and research.

Dr. B.R. AMBEDKAR UNIVERSITY OF SOCIAL SCIENCES

Dr. Ambedkar Nagar (Mhow) - 453 441

The Government of India, MHRD, on the advice of UGC, declared Dr. D. Y. Patil Vidyapeeth, Pune as Deemed-to-be University comprising of Dr. D. Y. Patil Medical College, Hospital and Research Centre, Pimpri, Pune vide its notification dated 11th January 2003. Later on, the Government of India, Ministry of Human Resource Development included three more institutions namely Dr. D. Y. Patil Dental College & Hospital, Pune, Dr. D. Y. Patil College of Nursing, Pune and Dr. D. Y. Patil College of Physiotherapy, Pune (which were established in the year 2000) under the ambit of the deemed-to-be-university vide its notification dated 20th September, 2006. Subsequently, three new institutes namely, Dr. D. Y. Patil Biotechnology & Bioinformatics Institute, Pune, Global Business School & Research Centre, Pune and Dr. D. Y. Patil Institute of Optometry & Visual Sciences, Pune were approved by UGC; vide its Office Memorandum dated 16th March 2010. All programmes offered by the Biotechnology Institute, Management Institute, School of Design and Centre for Online Learning are approved by the AICTE. The Ministry of Human Resource Development (MHRD); vide its notification No. F.10-12/2016-U.3(A) dated 23rd February 2018, on the advice of UGC, included the Dr. D. Y. Patil Homeopathic Medical College & Research Centre, Pimpri, Pune and Dr. D. Y. Patil College of Ayurved & Research Centre, Pimpri, Pune under the ambit of Dr. D. Y. Patil Vidyapeeth, Pune (Deemed to be University) as constituent colleges. Thus, Dr. D. Y. Patil Vidyapeeth, Pune (DPU) had a humble beginning with one institution under its fold. Over the last 19 years it has grown by leaps and bounds with the addition of 12 more professional institutions. Today the 13 institutions of Dr. D. Y. Patil Vidyapeeth, Pune have created a brand name “DPU” in the field of Medicine, Dentistry, Nursing, Physiotherapy, Optometry, Biotechnology, Management, Ayurved, Homeopathy, Design, Allied Health Sciences, Liberal Arts, Science & Technology and Online Learning. Dr. D. Y. Patil Vidyapeeth, Pune has state-of-the-art infrastructure and dedicated faculty over and above the respective council norms. All the programmes offered in these Constituent Units of the Vidyapeeth are duly recognized by the respective Councils such as NMC / DCI / INC / NCISM / NCH / AICTE / UGC / MSOTPT, etc.

The Dr. D. Y. Patil Vidyapeeth, Pune has been Accredited (3rd Cycle) by NAAC with a CGPA of 3.64 on a four-point scale at 'A++' grade on 8th February 2022, valid up to 7th February 2029. The Dr. D. Y. Patil Vidyapeeth, Pune is an ISO 9001: 2015, ISO 14001:2015 and Green Education Campus Certified University. University Grants Commission (UGC) has granted Dr. D. Y. Patil Vidyapeeth, Pune as Category-I Deemed to be University status as per the provision of Categorization of the Deemed to be University under UGC [Categorization of Universities (only) for Grant of Graded Autonomy] Regulations, 2018 vide UGC letter dated 20th April 2018. Subsequently, DPU has been included in the list of Institutions Deemed to be Universities under section 12B of the UGC Act, 1956 by UGC. Under National Institutional Ranking Framework (NIRF) 2022, conducted by Ministry of Education, New Delhi, Dr. D. Y. Patil Vidyapeeth, Pune has achieved rank 3rd in Dental Category, 17th in Medical Category, 41st in University Category and 76th in Overall Category in India. Under Swachh Campus Ranking 2019 of Higher Educational Institutions, conducted by Ministry of Human Resource Development (MHRD), New Delhi, Dr. D. Y. Patil Vidyapeeth, Pune has achieved 9th rank amongst the Cleanest Higher Educational Institutions in the Country in the category 'Residential Universities – UGC'. Dr. D. Y. Patil Vidyapeeth, Pune, Dr. D. Y. Patil Biotechnology and Bioinformatics Institute, Pune and Global Business School and Research Centre, Pune, were recognised as “Social Entrepreneurship Swachhata & Rural Engagement Cell (SES REC) Institutions, by Mahatma Gandhi National Council of Rural Education, Department of Higher Education, Ministry of Education, Government of India in September 2020. Recently, DPU has received “One District One Green Champion” 2021-22 Award for Swachhata Action Plan conducted by Mahatma Gandhi National Council of Rural Education under the Department of Higher Education, Ministry of Education, Government of India.

'Dakshina Bharat Hindi Prachar Sabha' was established in the year 1918 by our beloved father of the nation Mahatma Gandhi with the sole aim of propagating Hindi in southern states. The first Pracharak was none other than Devadoss Gandhi son of Mahatma Gandhi. 'Hindi Prachar' was a movement that emerged as part of Freedom Movement and the leaders who led the nation to 'FREE INDIA' felt the necessity of making a single Indian Language the National Language, and through that language unify the people and thereby intensify National Integration. 1927 saw the emergence of Dakshina Bharat Hindi Prachar Sabha as an independent organisation and Mahatma Gandhi was its President till he breathed his last. Gandhiji desired that the 'Hindi Prachar' in the south should be carried on by involving the local people of the respective area. Till 1920, this Sabha had its office at George Town in Madras and after some years shifted to Mylapore and from thereafter to Triplicane where it functioned till 1936. Provincial Branches were established in 1936 to intensify the movement and the same year saw the Sabha moving into the then new town, Thyagaraya Nagar, in Madras on a sprawling 7-acre land. The foundation for the building was laid by Janab Abdul Hameed Khan and the building was declared open on 7th October, 1936 by Pandit Jawaharlal Nehru who was then the President of the Indian National Congress.

Preliminary Examinations were being held regularly from 1922. The first degree level examination 'Rashtrabhasha Visharad' was conducted and Convocation held which was addressed by Kaka Kalelkar in 1931. The Sabha celebrated its Silver Jubilee in the year 1946 after the Second World War and Gandhiji presided over the celebrations. To commemorate his presence during the Silver Jubilee celebrations in the Sabha and mark that historic occasion it was decided to build a Gandhi Mantap at the spot where Mahatmaji made his presence felt. Accordingly, a Mantap was built and it was inaugurated on 9th June 1963 by Sri Morarji Desaiji.

Dakshina Bharat Hindi Prachar Sabha which is marching ahead towards its centenary year is conducting various Examinations in Hindi which are detailed below under the head 'Examination Department'. An important landmark is the building of 'Mahatma Gandhi Convocation Hall' (Mahatma Gandhi Padavidan Mantap) exclusively for the use of holding the annual convocation and other functions of the Sabha. In 1993 the President of the Sabha and the then Prime Minister of India Hon. Sri P.V. Narasimha Rao inaugurated the Amritotsav "Platinum Jubilee" celebrations at his residence on March 1993 at New Delhi.

DAMODARAM SANJIVAYYA NATIONAL LAW UNIVERSITY

NYAYAPRASTHA, Sabbavaram,
Visakhapatnam-531035, Andhra Pradesh
Tel : 0891-2529952, Fax : 0891-3040170
Email : vcapnlu@gmail.com, apuniversityoflaw@gmail.com
Website : <https://dsnlu.ac.in>

With growing importance for quality legal education, various national law schools acquired lot of importance.

To meet the requirements of students of this State, the Government of Andhra Pradesh decided to establish a new Law University and as per the decision of the Council of Ministers meeting held on 30-06-2008 the Governor of Andhra Pradesh promulgated the Andhra Pradesh University of Law Ordinance, 2008 on 8th July 2008. Subsequently the cabinet on 04-08-2008 approved Andhra Pradesh University of Law Bill, 2008, replacing the Ordinance and this Bill was passed by the State Legislature on 28th August 2008 and became an Act after the same was assented to by the Governor on 23rd September 2008.

Thus A.P. University of Law came into existence with Visakhapatnam as Main Campus and two branches at Kadapa and Nizamabad.

Further Andhra Pradesh University of Law” name changed as “Damodaram Sanjivayya National Law University” vide Andhra Pradesh University of Law (Amendment) Act, 2012 (Act No. 15 of 2012) published in the Andhra Pradesh Gazette Extraordinary dated 14th May 2012.

The Government of Andhra Pradesh has notified vide G.O. Ms. No. 63 dated 22-5-2012 that the 22nd Day of May 2012 is the date on which the provisions of the said Act shall come into force.

DSNLU conducts teaching in law and allied disciplines, with emphasis on practical training of the students in technical skills of the profession through Moot Courts, Seminars, Project Reports, Expert Lectures, work and Interns in law chambers, Court visits and conducting Legal aid and Legal literacy camps in parts of the country, the most recent one being "Abhyeti" conducted in Bhopal.

This is the only National Law University to enter into MoUs with other National Law Universities, which are: National Law School of India University, Bangalore, The West Bengal National University of Juridical Sciences, Kolkata, Rajiv Gandhi National University of Law, Patiala, Chanakya National Law University, Patna

DARSHAN UNIVERSITY

Rajkot - Morbi Highway

Rajkot - 363650, Gujarat (INDIA)

Mobile : +91 - 97277 47310, +91 - 97277 47311

Email : info@darshan.ac.in

Darshan University (DU), is a prominent organization offering a broad slate of academic programs and professional courses for undergraduate, graduate and postgraduate programs in Engineering, Science & Technology. The University is located in peaceful and sylvan surroundings with distinctive collegiate structure, about 19 km from Rajkot, Gujarat, India. It was established as an Engineering Institute in the year 2009, by Shree G. N. Patel Education & Charitable Trust with the objective to impart quality education and training in various fields of Engineering and Technology. It has now been transformed to the DARSHAN UNIVERSITY through an Act by the Government of Gujarat under Gujarat State Private Universities (Amendment) Act, 2021 (Act no. 15).

From its inception, the organization has grown steadily and created a unique identity in the field of Engineering & Technology by implementing skill and training-based foundation for education. The academic environment at the campus creates an ambience to promote creativity and exploration of technical skills. Darshan University is committed to the generation of knowledge, innovations and its contribution towards the development of the Nation.

Our Motto

This verse advises us to perform our allocated duty excellently. Kaushalam signifies doing work with devotion and without attachment. Such detached attitude enhances its values and improves the concentration and skill of the worker. If we work with elegance, fortitude, and skill our Body-Mind-Soul will co-operate with our hands. Any work becomes valuable if carried out with full concentration, dedication, and abilities and also helps us to become valuable to others as well as to society.

Vision

To set an innovative & quality culture in academic education with keeping dynamic equilibrium to the needs of the society.

Mission

- To offer qualitative programs with the provision of adequate academic flexibility.
- To promote qualitative, value-based, and innovative teaching-learning culture among faculties and students by involving them in skill development activities with ensuring holistic development to its fullest extent.
- To create a collaborative environment, open to the free exchange of ideas, knowledge, technology, and resources with other academic institutes & industries.

Drs. KIRAN & PALLAVI PATEL

GLOBAL UNIVERSITY

Krishan Education Campus, Block No. 136/P
Vadodara-Mumbai NH#8, Varnama
Vadodara – 391243, Gujarat

A State Private University established under provisions of Gujarat Private Universities Act 2009, Gujarat Private Universities (Amendment) Act 2009 (Act No. 15 of 2021) & Govt. of Gujarat, Education Department. Drs. Kiran and Pallavi Patel Global University (KPGU), Vadodara was established in 2004 and is approved by AICTE, PCI, NBA and UGC. The university offers various undergraduate, postgraduate and diploma courses in the disciplines of Engineering & Technology, Management, Science, Pharmacy, Nursing, and Ayurvedic Medicine. Admission to KPGU depends on the performance of the candidates in state/ national level entrance exams. Furthermore, the university has highly qualified and well experienced faculty members. As well as, the university has a dedicated Training and Placement Cell which provides 100% placement assistance to its students.

KPGU seeks to be an “University of Global Eminence. Towards this the university has adopted KPGU-Vision-2040 document. That great transition from affiliating Institutions to a University by itself would not have been possible without the contribution of each one of the members of the “Team Edu Campus” under the flagship of Shree Krishna Educational & Charitable Trust. With consistent performance and collective efforts several milestones have been achieved in the past as affiliating institutions. The Pursuit for Newer Horizons has led to the achievement of yet another path breaking milestone and the establishment of KPGU shall be marking the opening of the “Gateway to Global Excellence”. This transformation shall bring forth with it, the number of greater opportunities, that will lead the university to next level of performance and ensure that we progressively grow as envisaged in the KPGU-Vision-2040 document. To realize the bigger pursuit, to make it functionally effective, to gain regional, national and international recognition the organization is geared up for the greater commitment, collective performance, concerted efforts and be ever in consistent pursuit for Quality & Excellence, may it be in academics, research, collaborations, outreach activities, skill enforcement and employability drives; that encompass;

- a. Establishment of Nine University Faculty, 13 Constituent Institutions and six Centres of excellence.
- b. Making significant impact over a period of ten years in terms of increasing the Constituent Institutes by 57%; Centres of Excellence by 64%; Intake by 60% of which 20% shall be International Students; increasing Infrastructure by over 18 Lac Sq. Ft.; UG programs by 78% and PG by 71%; Research output by 78%.
- c. Deliver the contemporary and internationalized higher education that is cured with Skill, Interdisciplinary, Industry driven, curriculum with Global appeal, Fostered with Innovative, Interdisciplinary & High Impact Collaborative Research, Social Inclusiveness with respect to National Development Goals through its skills driven, employability-oriented, highly qualified and experienced faculty and equally competent non-teaching staff.

DATTA MEGHE INSTITUTE OF MEDICAL SCIENCES

Nagpur-440 022, Maharashtra
Phone : + 91-712-3295207,3295234
Fax : +91-712-2245318
Email : info@dmims.org
Website : <http://www.dmims.org>

Datta Meghe Institute of Medical Sciences, a Deemed University was granted this status by the University Grants Commission in 2005. It has been reaccredited with the Grade A grade by the National Assessment and Accreditation Council (NAAC) for a period of five years in March 2013.

Thereafter, it was included in the elite Category A by the Ministry of HRD, Government of India amongst the Deemed Universities in the month of May 2013.

The University is also the recipient of the Dr. B.C. Roy Award for Research. Dr. Dilip Gode, an eminent Laparoscopic surgeon is the current Vice-Chancellor of the University.

The constituents of the Deemed University are located in a 125 acre campus in Sawangi (Meghe), Wardha about 80 kms from Nagpur, Maharashtra, India which is the geographic centre of India. It is located away from the hustle and bustle of the city amidst serene surroundings in a self sustaining complex with an excellent academic ambience.

It is very well connected by road, rail and air (via Nagpur) to all the major cities in the country. Nagpur has now become an international airport with direct flights from Sharjah and many more on the anvil in the near future.

The students welfare activities at this University is one of the top priorities for ensuring all types of students support and welfare on a continuing basis so that the students feel satisfied regarding the role of the University. According to the University, 'Welfare' literally means well being or organized efforts to ensure people's well being.

At any educational institution, students occupy a pivotal position and all activities revolve round them. Hence, the overall institutional ambience must reflect planned efforts for the welfare of its main stakeholder and the activities must not be just confined to narrow goals of achievements of desired academic standards but also incorporate conscious efforts directed towards overall welfare of the students.

DAV UNIVERSITY

Village – Sarmastpur
Jalandhar - Pathankot National Highway (NH 44)
Jalandhar - 144 001, Punjab
Mobile : 8195000352
Tel : 0181-2708848

DAV University at Jalandhar traces its roots to the legacy that has been reforming and redefining India's educational scenario for 127 years.

The university is the culmination of the movement that started with the founding of the first DAV institute to propagate the ideals of the religious and social reformer Swami Dayanand Saraswati in Lahore on June 1, 1886. Lala Hansraj was its first Honorary Headmaster.

Now, the DAV movement has grown to become the single largest non-governmental educational society in the country managing 780 institutions and shaping the careers of youth in India. It employs over 50,000 people and educates more than 20 lakh students every year.

DAV University is a multi-disciplinary institution, home to faculties of teaching excellence in subjects from engineering technology to languages and history to life sciences. The university encourages interdisciplinary study and believes that all areas of study can inform and enrich each other. Since DAV University aims academic excellence, its curriculum conforms to that of the world's very best universities. This institution is set to become a global hub in education, research and placement of the students.

How beautifully sublime is this holy mantra from the Vedas! It captures the essence of the very purpose of human existence, which is, to imbibe the good and discard the evil. This divine mantra was very close to the hearts of Maharishi Dayanand and Mahatma Hansraj, the inspiration and founder of DAV movement respectively, and today forms the bedrock of the ethos and values of DAV.

DAV – Dayanand Anglo Vedic – a concept that is in its amalgamation of our ancient heritage and modernity. “Dayanand” and “Vedic” are the primary motive forces at work for the DAV movement, connoting the richness of the Maharishi’s and our ancient value system and the profundity of Vedic wisdom. Steadfastly balanced between the two “Anglo” that refers to the best of the western knowledge. Therefore, our goal is clear: in DAV, we are to provide education and expanded knowledge at par with the best in the world while keeping it well within the parameters of our ancient Vedic heritage. We are to set and achieve highest standards in education as our sublime mission is man-making.

DAVANGERE UNIVERSITY

Shivagangothri

Davangere - 577 002, Karnataka

Phone : 08192-208029 Fax: 08192-208008

Email : info@davangereuniversity.ac.in

Web: www.davangereuniversity.ac.in

Davangere University is one of the youngest affiliating types of Universities in Karnataka. It has a jurisdiction of two Districts viz., Davangere and Chitradurga and headquartered at Davangere. Davangere which was part of Chitradurga District became a separate District on 15th August 1997 and is emerging as an important educational centre besides being a well known commercial and industrial town in Karnataka.

Davangere University prior to its establishment functioned as a Post-Graduate Centre of the University of Mysore from 1979 to 1987. Later, with the establishment of Kuvempu University in 1987, the P.G. Center came under the jurisdiction of the new university due to its geographical location and hence functioned as its P.G. Centre from 1987 to 2009.

Davangere University was established (with a Gazette Notification from the Government of Karnataka) on 18th August 2009 by being carved out of Kuvempu University with a purpose and vision to meet the educational aspirations of the people of this region. The university has 112 Colleges affiliated to it in total, with one Constituent College and one Autonomous College, offering Graduate and Post-Graduate programmes in various disciplines catering to the educational needs of more than 60,000 students.

Davangere and Chitradurga Districts are centrally located in the State of Karnataka on NH-4. Davangere is very well connected by road and railways (with a distance of 265 kms road, and 327 kms by railways) from Bangalore, the state capital of Karnataka. Shivagangothri, the main campus of the University is located at about 10 kms from Davangere on SH-76 (Biruru-Sammasgi) off NH-4 (Pune-Bangalore) at Bada Cross and is about 60 kms from Chitradurga. The conveyances to reach the campus include both government and private bus services, and there is a railway station near the campus in Tholahunse village. The sprawling 73 acres campus is free from pollution and hustle and bustle of the city. The greenery on campus adds to its ambiance. The University has four Faculties viz., (i) Arts, (ii) Science & Technology, (iii) Commerce & Management, and (iv) Education. It has 20 Post-Graduate Departments of Studies and Research on the main campus offering 22 Post-graduate Programmes and a few Diploma Courses. The university intends to introduce few more Post-Graduate Programmes and Diploma Course from the academic year 2013-2014, and is working towards introducing more number of inter-disciplinary, job-oriented and socially relevant courses in the years to come.

DAYALBAGH EDUCATIONAL INSTITUTE

Agra - 282 005, Uttar Pradesh
Tel : 0562-2801545, 2570760, 2801545
Fax : 0562-2801226
Email : dbei@sancharnet.in

These words convey the unshakable faith in education as a means for inculcating the ideal of better worldliness upheld by the August Founders of DEI. The aim of the institute's founding fathers was to evolve the superman of tomorrow.

In pursuance of these lofty ideals, the genesis of education in dayalbagh was the opening of the Radhasoami Educational Institutes (REI) on January 1, 1917 by Sir Anand Sarup, Kt., the fifth Revered Leader of the Radhasoami Faith. From its modest beginning, the nucleus in form of the REI, not only grew and got divided but also spawned new institutions in response to the changing and evolving needs of society.

A Significant development of far-reaching consequence in the history of education at Dayalbagh was the establishment of the DEI as a Registered Body in 1973, which integrated and brought under one umbrella all the educational institutes of Dayalbagh. In 1975, the Institute formulated an innovative and comprehensive educational policy with the mission objective of evolving a "complete man" which received approbation from the Government of Uttar Pradesh, the University Grant Commission (UGC), and the Ministry of Education and Culture (Department of Education).

On May 16th 1981, the Government of India declared the DEI, Agra, comprising of the DEI women's Training College, REI Degree College, Dayalbagh as a Deemed University under Section 3 of the UGC Act. Accordingly, the three erstwhile colleges ceased to exist as separate entities and began functioning as the faculty of Arts, Commerce, Education, Engineering and Science from the academic session 1981-82. The Institute has since been accorded the Membership of the Association of Indian Universities.

The Institute is located amidst the tranquil environs of Dayalbagh, a self-contained colony renowned for its serene environment and secular establishing, in which its inhabitants lead an active, disciplined and co-operative community life, conforming to the high spiritual ideals of their faith. On the outskirts of the historic city of Agra, the campus is situated in idyllic surroundings, away from the din and noise of the city. Nestled between lush green fields, it provides an excellent academic setting which is in harmony with nature.

This, along with a simple, disciplined and principled life, undoubtedly contributes to the strength of the social, moral and spiritual fiber of the institute's educational system.

DAYANANDA SAGAR UNIVERSITY

Shavige Malleshwara Hills, Kumaraswamy Layout

Bangalore 560 078, Karnataka

Tel: +91-80-42161759, 42113566, 49092924, 42201997

E-mail: info@dsu.edu.in

Dayananda Sagar Institutions founded in the 60s by one such visionary, late Sri Dayananda Sagar committed to take knowledge to the people, transforms today's students into responsible citizens and professional leaders of tomorrow. Dayananda Sagar University created by an Act of the Karnataka State in 2014, built on this adorable legacy and inspired by its own milestones, meeting the needs of quality higher education in this part of the world. Universities of great legacy across the world are the invaluable contribution of certain visionaries to the world. Universities don't manufacture products with specific use and determined life cycle. They share & impart multitudes of streams of knowledge and create wonderful human beings – learned practitioners & Disseminators of knowledge to make the world a better place to be. These Universities of great significance have lived through the centuries building centers of knowledge and great alumni of such Universities. DSU is a proud member of the Dayananda Sagar Institutions family. Founded by Late Sri Dayananda Sagar in the early sixties (with just four students), DSI has morphed into global education power house, spread over five campuses, catering to the education needs of over 17,000 students. Operating under the aegis of the Mahatma Gandhi Vidya Peetha Trust in Bengaluru, DSI has enabled the transformation of tens of thousands of young Indian and international citizens into professionals in diverse specializations. Besides our high-calibre teaching staff, the students are given a challenging academic environment with well-equipped lecture theatres, laboratories, excellent libraries and computer networking facilities. DSU also has exceptional infrastructure for students who possess a passion for sports and games. The hostel facilities, encompassing cultural and recreational needs, cater to both local and international students. Dayananda Sagar Institutions (DSI) have consistently topped the academic charts in every area of knowledge standing out from the midst of a sea of institutions of repute. Its accomplishments are unparalleled. In the recent past, DSI secured 58 ranks from Visvesvaraya Technological University among 220 engineering colleges in Karnataka (in 2014). Research, Innovation and Incubation (spread over 25,000 sq ft of industry quality labs) form the core of DSU. So it isn't surprising that DSU has taken the next logical step: Laying the foundation to transform the entrepreneurial dream of every young Indian and global citizen into a reality. Enabling this transformation is the active support of industry leaders, industry bodies and a dedicated 4 lakh square feet modern ready-to-move-in infrastructure!. Beginning Academic Year 2015–16, Dayananda Sagar University would offer courses in Engineering, Computer Applications, Sciences, Arts and Management in the Bachelors, Masters and Ph.D levels. Supporting the academic activities are the Centers of Excellence in ICT, Health Care, Energy and Life Science, among other fast evolving fields of study.

DECCAN COLLEGE POST GRADUATE AND RESEARCH INSTITUTE

Pune-411 006, Maharashtra
Tel : 020-26692982, 26691457, 26615232, 26683192
Fax : 020-26692104
Email : dakshina@pn2.vsnl.net.in
Website : <http://www.deccancollegepune.ac.in>

The Deccan College, Post-Graduate and Research Institute, Pune is the third oldest Educational Institute in India. The Hindoo College was started on 6th October, 1821 by the Bombay Presidency Government at the initiative of its Governor, Mountstuart Elphinstone by using the Dakshina Fund, which was started by Khanderao Dabhade, a Maratha Sardar and continued by the Peshwas for propagating Sanskrit studies.

This College grew from strength to strength and has emerged as a foremost Institute in the world of higher learning and research. It was renamed as the Poona College on 7th June, 1851 and later as the Deccan College in October 1864. The Deccan College was shifted to the new campus covering an area of 115 acres near Yerawada on 23rd March 1868. With the help of a munificent grant of Rs. 1 lakh donated by Sir Jamsetji Jejeebhoy, the main building of the College was built in beautiful Gothic architecture. The Deccan College, since then, produced a galaxy of students who rose to positions of excellence in various walks of life. They include Sir Ramlkrishna Gopal Bhandarkar, the celebrated Indologist, Lokmanya Bal Gangadhar Tilak, the great nationalist leader, Gurudev Ramchandra Dattatreya Ranade, the eminent philosopher, Gopal Ganesh Agarkar, the great social reformer, Vishwanath Kashinath Rajawade, the famous historian, Dr. Dwarkanath Kotnis, the famous Indian medical practitioner who rendered yeoman service in China, etc. The College was closed down by the British Government in 1934, but because of the efforts of the past students and the public spirited citizens, it was reopened on 17th August 1939 as Deccan College, Post-Graduate and Research Institute, by the Transfer Deed passed by the Hon'ble Bombay High Court. The Past Students Association of this University is growing in strength and actively participates in the development of the University. As per the Transfer Deed, the State Government was asked to run the Institute in perpetuity. Subsequently, two bodies came into existence - The Deccan College Poona Trust, as the custodian of the landed property and the Deccan College, Post-Graduate and Research Institute to take care of the academic activities of the Institute. In the next half-a-century, the University, apart from giving instruction to Postgraduate students and producing galaxy of Ph.D. Dissertations, carried out outstanding research in Ancient Indian History, Culture and Archaeology, Linguistics, Medieval and Maratha History, Sociology, Anthropology and Sanskrit studies. Eminent scholars such as the late Professors S. M. Katre, H. D. Sankalia, Irawati Karve, C. R. Sankaran, T. S. Shejwalkar, and their colleagues and successors such as Professors A. M. Ghatage, M. A. Mehendale, S. B. Deo, M. K. Dhavalikar, etc.

DEENBANDHU CHHOTU RAM UNIVERSITY OF SCIENCE AND TECHNOLOGY

Murthal - 131 039, Haryana

Website : <http://www.dcrustm.org>

The erstwhile Chhotu Ram State College of Engineering, Murthal Haryana Government Institute was upgraded to Deenbandhu Chhotu Ram University of Science & Technology, Murthal through an act of legislation dated 30.10.2006 issued vide Haryana Govt. notification No. Leg./33-2006 dated 6.11.2006.

The University is located on the National Highway No. 1(G.T. Road) 48 Km. from ISBT, New Delhi towards Chandigarh. The location of university falls within one of the fastest growing industrial belt of Haryana. The University is spread over 273 acres and has a fully residential campus with ample built up space in a contemporary architectural idiom.

This university aims to create new frontier of knowledge and produce excellent engineers who have learnt their skills in an environment of highly competent & skilled faculty—engineers who will known for their innovation, imagination, synthesizing & analytical competence, scientific intellect and who are committed to excellence.

The objectives of the University are to Create self-sustaining Centres of Excellence

- to facilitate & promote studies & research in engineering areas of higher education with focus on the new frontier of science, engineering, technology, architecture & management studies
- to produce excellent technical professionals with human values.
- to create an academic environment where all are involved, and where teaching & learning are both a pleasure and are seen as positive gain.
- to give hands-on training.
- to contemporize technical education through ICT (Information & Communication Technology)
- to offer a suitable environment for overall development of individual.
- to promote Institute-Industries interaction programs for producing innovative excellence.
- to meet the increasing needs of the millennium & to cater to the technical education demands of the National Capital Region, by offering various technical/professional courses at Under Graduate , Post Graduate and Research Levels.

DEEN DAYAL UPADHYAY GORAKHPUR UNIVERSITY

Gorakhpur - 273 009, Uttar Pradesh

Tel : 0551-2330767, 2340458, 2340363, 2201507

Fax : 0551-2340458/2340363

Email : vicechancellor@ddugu.edu.in, registrar@ddugu.edu.in

Website : <http://www.ddugu.edu.in>

The University of Gorakhpur is a teaching and residential-cum-affiliating University. It is situated at a distance of about 2 kilometers from the downtown to the east and almost walking distance from railway station to the south. Although the idea of residential University at Gorakhpur was first mooted by Dr. C.J. Chako, the then Principal of St. Andrews College, then under Agra University, who initiated post-graduate and undergraduate science teaching in his college, the idea got crystallized and took concrete shape by the untiring efforts of Late Pt. S.N.M. Tripathi. The proposal was accepted in principle by the first Chief Minister of U.P., Late Pt. Govind Ballabh Pant, but it was only in 1956 that the University came into existence by an act passed by the U.P. Legislature. It actually started functioning since September 1, 1957, when the faculties of Arts, Commerce, Law and Education were started. In the following year, 1958, the faculty of science came into being. Faculties of Engineering, Medicine and Agriculture came into existence in later years. Late Mahant Digvijay Nath also made valuable contribution in the formation of the University. The Madan Mohan Malviya Engineering College. At one stage the federal jurisdiction of the University was spread over colleges in Gorakhpur and the adjoining erstwhile twelve Districts with about 125 affiliated colleges. In 1973, when the Gorakhpur University Act was replaced by uniform piece of legislation called the U.P. Universities Act, about two dozed colleges located in five Districts were transferred to the newly created Avadh University with headquarters at Faizabad. The jurisdiction of the Gorakhpur University was drastically curtailed further in its headquarters at Jaunpur. At present, with the establishment of new colleges and the creation of new Districts, there are 123 colleges located in five Districts of Gorakhpur Division. In the beginning the University had its own teething troubles. But due to the zeal, untiring efforts and foresight of its founding fathers and the then faculty members, it has come of age having completed more than forty years of a most meaningful existence. It now has neat and attractive campus spread over an area of about 300 acres with well-planned teaching and residential campuses. In the beginning the University was housed in two buildings the Pant Block (inaugurated by late Pt. Pant) and the Majithia Block (named after Sir Surendra Singh Majithia, who made a significant donation to the building through his family trust). Several other buildings came up during the following decades : they include the Central Library, the Arts Block, the Administrative Block, the Law Faculty, a Student's Union building, a Gymnasium hall, a Health Centre, a Computer Centre and Research Buildings for Chemistry, Zoology, and Botany. Besides, there are separated Buildings for Commerce and Education Faculties and also for Home, Science, Geography, Psychology, Sociology, Hindi, Ancient History, Fine Arts and Music, Political Science and Adult Education.

DEFENCE INSTITUTE OF ADVANCED TECHNOLOGY

Girinagar, Pune - 411 025

Maharashtra

Tel : 020-24304021, 020-24389318, 24389411, 24389657

Email : registrar@diat.ac.in vc@diat.ac.in

The Defence Institute of Advanced Technology, (DIAT) as it is known today, came into being as the Institute of Armament Studies in 1952 in the CME campus.

In 1967, the Institute was renamed as "Institute of Armament Technology, (IAT)", which moved to its present location at Girinagar, Pune. From the relatively narrow scope of Armament Studies alone in the Fifties, the role of the Institute was considerably enlarged by the Defence R&D Council in 1964 and further in 1981.

On the basis of accreditation by the All India Council of Technical Education (AICTE), Pune University recognised eight courses for the award of ME degree in 1980. In the year 2000, the Institute acquired the status of a Deemed University. IAT has been renamed as DIAT w.e.f. 1st April 2006.

To be a center of Excellence of international repute for Education, Training and research in Advanced Technologies with a view to strengthen national security and self reliance.

Defence Institute of Advanced Technology (DU) is committed to creating a center of Excellence for Education, Training and research in contemporary and futuristic Technologies by way of continual improvement and consistent Innovation in material as well as Intellectual Infrastructure towards customer's delight.

Quality Objectives

- To cultivate core Competencies in Basic & Applied Research in contemporary & Futuristic Technologies.
- To attract and nurture Intellectual capital.
- To maintain an Eco-Friendly and appropriate Academic Ambience.
- To promote professional Development of personnel for productive performance.
- To strengthen collaboration with the Armed Forces, Academia, R&D Institutions and Industry.
- To generate adequate financial resources for sustainable Growth and Development.

Website : <http://www.dce.edu>

"69 years of Tradition of excellence in Engineering & Technology Education, Research and Innovations" Delhi College of Engineering, (initially established with the name – Delhi Polytechnic) came into existence in the year 1941 to cater the needs of Indian industries for trained technical manpower with practical experience and sound theoretical knowledge. The institution was set up at historic Kashmere Gate campus as a follow up of the Wood and Abbott Committee of 1938. It comprised of a multi disciplinary and multi level institution offering wide ranging programmes in engineering, technology, arts and sculpture, architecture, pharmacy and commerce. The national diploma awarded by the institution was recognized as equivalent to degree level for the purposes of employment. In 1952 the college was affiliated with University of Delhi and started formal Degree level Programmes. The department of Architecture later became the School of Planning and Architecture, now a Deemed University and Institution of National importance. The department of Arts and Sculpture became College of Arts and the departments of Chemical Technology and Textile Technology were shifted out en-block to mark beginning of the IIT Delhi at its new campus at Hauz Khas. The department of commerce was later abolished and the faculty of management studies of the University of Delhi was established by Prof. A Das Gupta, of DCE. Delhi College of Engineering is thus the mother institution of a number of national projects including IITD, SPA, College of Arts and even the famous FMS. Till 1962, the college was under the direct control of Ministry of Education, Government of India.

In 1963, the administration of the college was handed over to Delhi Administration. Delhi College of Engineering was under the administrative control of Department of Technical Education & Training, Govt. of NCT of Delhi. For academic purposes, the college was affiliated to University of Delhi since 1952. From July 2009, the DCE has become Delhi Technological University vide Delhi act 6 of 2009.

The erstwhile DCE has functioned from its historic Kashmere Gate Campus for almost 55 years and has shifted in 1996 to its lush green sprawling campus of 164 Acres at Bawana Road, adjoining Sector-17, Rohini, Delhi-42. Its shifting to new campus has added the dimension of research and caused innovations in plenty, which has received high national and international acclaim. As a Delhi Technological University it has the desired autonomy to excel and shape itself as a world class Technological University.

DELHI PHARMACEUTICAL SCIENCES AND RESEARCH UNIVERSITY

Mehrauli-Badarpur Road, Pushp Vihar, Sector - 3
New Delhi - 110017
Tel : 29553771, 29554649
Fax: 91-11-29554503

DPSRU stated its journey with a DIPLOMA in Pharmacy course in 1964 at Kashmiri gate polytechnic and later it was transferred to PUSA Polytechnic building with induction of B.Pharmacy course with 20 students in 1972, later on in 1979 it has been shifted to the present lush green campus of 10.5 acres at Pushp Vihar, subsequently in 1978 M.Pharmacy was started in two streams i.e. Pharmacology, Pharmaceutics, where in 1982 Hospital Pharmacy, in 1996 Quality Assurance, in 2007 Pharmaceutical Chemistry and Clinical Pharmacy and in 2008 Pharmaceutical Management were also added up as strames of M.Pharmacy. M.Pharmacy in Herbal Drug Technology is likely to be started in academic year 2009-2010. Ph.D. programme under stipendiary category (14000 + hostel/HRA) were started in year 2006.

Apart from this DIPSAR conduct M.Pharm and PhD courses for Teachers of Pharmacy colleges under Quality Improvement Programme. Medicine and Antidote information centre "MAPIC" was inaugurated in 2003 by Hon'ble Chief Minister Smt. Sheila Dixit, for disbursement of the information about any drug, its side effects, uses contraindications toxicity or first aid remedy for accidental consumption of poisons. It is the only Institute of Pharmacy in India where the faculty members are selected through Union Public Service Commission (UPSC), Govt. of India. It is funded by Govt. of NCT of Delhi. Moreover now DIPSAR is equipped with 10 state of art research l laboratories, gymnasium, Swimming Pool, Guest House, Sports Complex, World Class Hostels, State of art animal house with clean and dirty corridors etc.

The Institute has been identified by AICTE as the Host Institution for National Doctoral Fellowship Scheme (NDF) and early Faculty induction Programme (EFIP).

In addition work on 8+1 storey P.G block at present location (Pushp Vihar) has already begun after approval from different authorities like Airport authorities, MCD, Fire authorities, Urban art authorities.

Vision

To be the ultimate destination for education, training and research in pharmaceutical sciences and allied areas and thereby, cater the health needs of the people at large

Mission

To produce able leaders, administrators and personnel who can take up responsibilities as pharmaceutical sciences professionals, suitable for community, industries and institutions related to health.

DELHI SKILL AND ENTREPRENEURSHIP UNIVERSITY

Ground Floor, Integrated Institute of Technology Complex,
Sector 9, Dwarka, New Delhi-110077

Tel : (011) - 20985112

Email : admin@dseu.ac.in Website : <https://dseu.ac.in>

The Delhi Skill and Entrepreneurship University (DSEU) was established in August 2020 by the Government of NCT of Delhi to equip students with world-class skill education to enable access to aspirational jobs and inculcate entrepreneurial mindset and entrepreneurship. DSEU aims to create a win-win for the youth and the industry by filling the existing gaps in skill training. Building on the education philosophy of thinkers such as Mahatma Gandhi and Vinoba Bhave, DSEU aims to integrate the use of the hand, head, and heart for balanced living and engagement in lifelong learning. The focus will be on teaching both self-reliance for life-long independence and the wisdom towards nurturing and valuing interdependence. The University wishes to change the existing paradigm of skilling, making skill acquisition aspirational and providing opportunities to all for skilling, up-skilling and reskilling. Besides, DSEU will support and nurture entrepreneurs and provide quality mentorship to steer the entrepreneurial journeys of those interested, by providing incubation, and constant support.

The University has twin objectives-

- To change the existing paradigm of skilling, make skill acquisition aspirational and provide an opportunity to all for skilling, up-skilling, and re-skilling.
- Support and nurture entrepreneurs and entrepreneurship

The University will offer courses to people from all walks of life and empower the marginalized and minority groups by providing them with an opportunity to attain world-class education. The University aims to develop aware and well-rounded citizens. The course curriculum offered at DSEU will be inspired by industry requirements and will help graduates to be career-ready. Holistic development at affordable costs will be the aim of the University while also ensuring that no student is denied admission due to lack of the ability to pay. The University will provide the opportunities of scholarships, freeships and financial assistance for getting loans and support from the Delhi government schemes for higher education.

Vision

Delhi Skill and Entrepreneurship University (DSEU) aims to be recognised as a premier and pioneer institute of higher education in the domain of skill and entrepreneurship. DSEU has been incorporated with the purpose to fill the existing gaps in skill training in India and empowering the country's workforce through quality skills training and bringing it at par with robust industry standards along with providing the students with exposure to entrepreneurship expertise by bridging the gap between the demands of the industry and the interests of the students.

Mission

Delhi Skill and Entrepreneurship University's mission is to accord dignity to each and every skill by emphasizing its teaching and learning and inculcate entrepreneurial mindset. The mission is to work in partnership with the industry to nurture talent which is work ready on the day they graduate.

DELHI SPORTS UNIVERSITY

Camp Office: Ludlow Castle Sports Complex,
4 Sham Nath Marg, New Delhi - 110054
Email : info@dsu.ac.in
Website : <http://dsu.ac.in>

The Delhi Sports University has been established by the Government of Delhi under the provisions of Delhi Sports University Act 2020 (Act 01 of 2020). Delhi Sports University has been established and notified by the Delhi Government. India's first woman Olympic Medallist, Padma Shri K Malleswari, has been appointed as the first Vice Chancellor. It is a first of its kind school-university integrated institution for excellence in sports education with the aim to provide world-class sports training and education. DSU will run and administer multiple Delhi Sports Schools from grades 6th to 12th to build foundational core competencies in prospective high performing sportspersons. The university will also administer and manage specific training and coaching Sports Divisions under Centres for Excellence, to maintain quality driven training facilities and infrastructure and impart world class training to aspirant sportspersons.

Delhi Sports School (DSS) : Delhi Sports School is Delhi's first fully residential school dedicated to sports. It will be operated and managed by Delhi Sports University. It aims to nurture the sporting talent among students to achieve the highest level of excellence in their chosen sport and perform at major sporting events alongside academics through a specialized sports integrated curriculum.

Our Mission

DSU aims to ensure student mastery of the chosen sport through personalized sports training, effective assessments, and exposure to the world of sports in a safe and collaborative environment and support them to represent India in major international sporting events.

Our Three-fold Vision

- ❖ **World Class training infrastructure and facilities :**Enabling larger participation at international platforms and hence increasing the chances of securing more wins and medals through high-end sports training.
- ❖ **Sports at par Academics :** Enabling a larger talent pool for Delhi Sports University and School and hence more chances at winning Olympic medals.
- ❖ **Alternative Career Pathways for Sportspersons :** Enabling meaningful contribution to the society by ensuring that graduates of Delhi Sports University and School are responsible citizens of the country.

DELHI TEACHERS UNIVERSITY

NH-24, KASMABAD, PILKHWA,

DELHI-NCR, PIN-245304

Email: info@dtuniversity.in

Website : <https://dtuniversity.in>

Telephone: 01765-520523-24, +91 84273-29955

Email: contact@deshbhagatuniversity.in international@deshbhagatuniversity.in

Desh Bhagat University, Mandi Gobindgarh came into existence as a State Private University under Punjab Govt. Desh Bhagat University Act, 2012. It has evolved from Desh Bhagat Group of Institutes which was established in 1996 near Mandi Gobindgarh, a well-known industrial town of Punjab, and had its campuses at Mandi Gobindgarh, Muktsar, Moga, Chandigarh and Kenya. The University has been established with the lofty mission of pursuing excellence in higher education by providing the young students a distinct and unique combination of academic, professional and personal development.

The various courses taught in the university include Agriculture Sciences, Airlines, Animation, Applied Sciences, Art and Craft and Fashion Technology, Ayurveda, Commerce, Computer Sciences, Education, Engineering, Hospitality and Tourism, Hotel Management, Languages, Law, Management, Media, Nursing, Performing arts, Physical Education, Social Sciences. Located in a totally pollution free environment, the university has a sprawling campus with state-of-the-art infrastructure including lush green Wi-Fi Campus, AC Class Rooms equipped with latest teaching aids, computer labs having latest model computers, well-stocked digital libraries, hostels for boys & girls with all modern facilities, seminar/conference halls, playgrounds and its own fleet of buses to transport students from different places.

The ultimate aim of Desh Bhagat University is to provide quality education and the best possible exposure to its students in order to make them not only highly successful professionals, managers, entrepreneurs and technologists but also to make them fully responsible and awakened members of the society by imparting them the much-needed value education and soft skills. There is also special emphasis on the holistic development of the personalities of the students with a view to make them time-relevant, market-relevant and society -relevant individuals.

University's Mission :

1. To practice innovation through international teaching practices and mentor students through specially crafted industry-academia curricula.
2. To promote research not only for educational purposes, but also support the industry by inventing solutions and resources for various processes and systems.
3. To promote entrepreneurship by shaping leaders and professionals, who are not only industry ready but have value systems of weaving models of entrepreneurial ventures.

DEV BHOOMI UTTARAKHAND UNIVERSITY

Dev Bhoomi Campus, Chakrata Road Navgaon,
Manduwala, Dehradun 248007, Uttarakhand
Email: info@dbuu.ac.in
Website : <https://www.dbuu.ac.in>
Admissions & Outreach : 1800 103 4049, 094115 19803

As DBGI transforms into Dev Bhoomi Uttarakhand University, it brings with it a proud legacy of close to two decades. It will be built around its core values based on academic excellence, diversity and mutual respect, shared governance, social conscience, environmental responsibility, and more. Being an autonomous university also opens an array of opportunities. As Dev Bhoomi Uttarakhand University it finds itself on a stronger global platform that will expand its international reach. In fact, it will be better placed to forge collaborations and stronger bonds with National and International universities of repute. It will result in student and faculty exchange programs that enhance the learning experience. Students of Dev Bhoomi Uttarakhand University can also expect a more robust curriculum with the latest technological And managerial inputs, as it is now able to streamline and synchronize academic activities across all courses. As an autonomous university, it can exercise more flexibility in setting higher standards for admission and performance evaluation. Dev Bhoomi Uttarakhand University is an auspicious new beginning; not just for students but for the entire state too

Vision

To foster a society of lifelong learners with the ability of critical thinking, entrepreneurship, leadership and to create an environment for discovery, innovation, discourse and expression.

Mission

- Setting a benchmark to improve performance and quality assurance in academics.
- Creating a thriving and sustainable research environment.
- Laying impetus on successful student support system so as to nurture creativity, resiliency and problem solving skills.
- Inculcate the spirit of "सिद्धिर्भवति कर्मजा"
- Devise and Design programs in consonance with national policies and global challenges.

Dev Sanskrit University is completely different from other universities in the country and abroad due to its fundamental characteristics. The goals and activities of other universities often remain confined to the academic realm, but its goals and activities are broadened in academic as well as spiritual, cultural and social scope. Through this learning practice, the personality of the students is expanded. Through this learning practice, the personality of the students will be fully developed. By awakening their inner divinity and inherent powers in a holistic manner, the significance of the rise of this divinity will be proved.

The Seeds of the Dev Sanskriti University Were Sown When Kulmata, Bhagwati Devi Sharma (1926-1994) Recognized The Divine Samskaras (Spiritual Vibrations) of this place. Dev Sanskriti Vishwavidyalaya in its way to realize its objectives is making innovative efforts for holistic education at international level in addition to providing new opportunities to its students

Be an nationally acclaimed University, recognized for excellence in teaching, research and outreach; provide the highest quality education to students, nurture their talent, promote intellectual growth and shape their personal development; remain dedicated and steadfast in the pursuit of truth and serve humanity through the creation of well-rounded, multi-skilled and socially responsible global citizens.

Forster all-round development of students through multi-faceted education and sustained engagement with local, national and global communities, and nurture lifelong inspired learners from across the globe in line with our cultural ideal of 'Dev Snakriti Vishwavidyalaya'.

Website : <http://www.dsvv.org>

All the cultures of the world are supposed to have their origin in Indian culture. The Sanskrit substitute for 'culture' is 'sanskriti', which stands for all the activities and behavioral patterns that are virtuous.

The word 'culture', now a day is used in so many peripheral contexts that its original meaning has been masked. An emerging drug or pub culture among the youngsters of today is an example related to this. That's why there is need for an educational system which could mould the mentality of the society's back bone i.e. Students.

This is well known to everyone that education has been much professionalized and commercialized. The lust of earning more and more money through educational institutions has deviated it from its main and fundamental basic aim of building a multidimensional personality of a student in order to prepare them to face the challenges of practical life.

DSVV is an exceptional creation, a unique university of its kind. A divine device of the almighty got executed through a sage, saint, and seer, vedmoorti, taponistha, Pt. Shri Ram Sharma "Acharya". He had a vision to revive old rishi traditions and to re-establish and uplift it in a renovated form from the current deteriorating state.

Vandaniya Mata ji perceived the extra ordinary vibrations of this land of DSVV, during the shraddhanjali-samaroh in 1990. At that time, she visited all the places, where the guests were to be accommodated and other programs were to be conducted. She went into the deep reverie for a few moments when she visited this place. On awakening, she commented that the land was supremely charged by divine vibrations.

Construction work began after the sacred ritual of Bhoomi-pujan (23/5/1999) and Dev sanskriti Mahavidyalaya came into existence. Eventually, the governor of Uttarakhand state formalized it as "Dev Sanskriti Vishwavidyalaya" through an ordinance (22/1/2002).

The name Dev Sanskriti Vishwavidyalaya also carries great significance. Dev Sanskriti stands for the values, conventions and practices, inherited from the sublime practices, which we have inherited from the rishis, saints and scholars of the celestial land of India.

DEVI AHILYA VISHWAVIDYALAYA

R.N, Tagore Marg

Website : <http://www.davv.ac.in>, <http://www.dauniv.ac.in>

Devi Ahilya Vishwavidyalaya (DAVV), formerly University of Indore was established in 1964, by an Act of Legislature of Madhya Pradesh. DAVV is a State University whose jurisdiction was initially restricted to only Indore city. Later on its jurisdiction was extended to seven tribal dominated Districts of Indore division namely, Jhabua, Alirajpur, Dhar, Khargone, Khandwa, Burhanpur and Barwani. It is thus catering to the educational needs of the most industrially developed District of MP, Indore on one hand and to the seven tribal and rural backward Districts of the State on the other.

The vision of the University derives from its motto “Dhiyo Yonah Prachodayat”. Accordingly, the University has adopted and given to itself the following vision and the mission. University has been creating, advancing and disseminating knowledge since 1964. University initially started with few departments, now has 27 teaching departments and offers undergraduate, post-graduate and research programmes in 16 Faculties. The University has number of supporting centers including Directorate of Distance Education, and Directorate of Physical Education and Sports. The sports department conducts number of national competitive events as per Association of Indian Universities guidelines. University mentors the students through Career Counseling and Opportunities Guidance cell, Equal Opportunity Cell, and National Service Scheme Units. University offers number of support services through Health Centre, Day Care Centre, University Cultural Centre, and Student Welfare Department.

University functions from its two campuses namely Nalanda and Takshshila. University administrative office is located at Nalanda Campus, RNT Marg and Teaching departments are at Takshshila campus.

University has excellent campus with Network facility operated through National Knowledge Network, Auditorium for cultural activities, over hundred class rooms with ICT enabled 24x7 learning facilities, Live Video Multicasting Unit, FM Radio Station and Wi-Fi that make the Campus ICT friendly. Bank, Post office and Coffee House facilities are also available on the campus. Twenty seven Schools/Institutes of the University impart teaching on the Takshshila campus to 10,500 students and to nearly 1,000 students through distance education mode. The University has 270 affiliated colleges in addition to 33 University teaching departments and centres. University has proposed a Medical College and a Hospital and it will be located on a new campus at the Airport Road, Indore.

DHANAMANJURI UNIVERSITY

Imphal – 795001, Manipur

Email : dmuniv.Manipur@gmail.com

helpdesk.dmu@gmail.com

Dhanamanjuri University (DM University) has come into existence during the current year under “ The Dhanamanjuri University Act, 2017 “ which came into force on the 6th of April, 2018 through a notification in Manipur Gazette published by the Department of Higher and Technical Education, Government of Manipur. “The Dhanamanjuri University Bill, 2017 was passed on the floor of Manipur Legislative Assembly on 3rd August, 2017. The University was established under the National Scheme of Rashtriya Uchchatar Shiksha Abhiyan (RUSA).

Dhanamanjuri University is a long cherished dream of our founding fathers and Maharani Dhanamanjuri, the mother spirit in the birth of this seat of learning, translated into action. Manipur, an ancient Kingdom, had a composite traditional system of education in the field of warfare, martial arts, games and sports, culture and many other schools of thought training the people in various professional activities in ancient forms. The people have carried down this legacy of quest for knowledge and civilized existence since time immemorial. Ancient works of knowledge in the original scripts of Manipur stand as testimony to the nurturing of the idea of a University in the minds of our forefathers and foremothers. The state has celebrated the tradition of a purely intellectual pursuit which conserves the original ethos of the land and its people while receptive with an open mind to change in course of time.

The University was established under the National Scheme of Rashtriya Uchchatar Shiksha Abhiyan (RUSA) as fulfilment of one of its primary components i.e., to convert colleges to cluster Universities. Maharani Dhanamanjuri gifted us Dhanamanjuri College and in recognition of her contribution to the development of Higher Education, the university is named after Maharani Dhanamanjuri. The University is built up of the three Dhanamanjuri Colleges namely DM College of Science, DM College of Arts, DM College of Commerce along with G.P. Women’s College and LMS Law College, all of which occupy common, adjoining or neighbouring physical spaces.

DM University at present is functioning from DM College campus situated in the heart of Imphal city and the campus is bounded by National Highway No.2 in the East, Thangmeiband road in the West and North, and the Naga River in the South. Ghanapriya Women’s College is located at the South West of Kangla, the Old palace of Manipur near the Raj Bhavan and LMS Law College is located just in-front of the DM Campus crossing the National Highway No.2.

DHARMASHASTRA NATIONAL LAW UNIVERSITY

BRBRAITT Campus, South Civil Lines, Ridge Road
Jabalpur – 482001, Madhya Pradesh
Phone : +91-761-2600070, Email : info@mpdnlu.ac.in

The Madhya Pradesh Dharmashastra National Law University has been established by the Madhya Pradesh Dharmashastra National Law University Ordinance, 2018. The University has been allotted 120 acres of land in the lush green surroundings at Village Pipariya adjacent to the Jabalpur Airport. A state of art infrastructure shall be established with all the modern amenities including residential facility. It aims to provide campus facility, library, computer labs, e-library, moot court hall, sporting facilities, auditorium, hostel for accommodation, mess, canteen. etc. with quality education. Till the development of University infrastructure, the University shall function at the Bharat Ratna Bhim Rao Ambedkar Institute of Telecom Training (BRBRAITT), Ridge Road, Jabalpur which has a campus of 35 acres with administrative building of 11,729 square meters in area. BRBRAITT is the apex training institute of Bharat Sanchar Nigam Limited, delivering quality trainings in the field of Telecommunication, OFC, Mobile, Data Communication, IT, Switching, Finance, Management etc., with its state-of-art equipment of latest technology labs. The training center was established on 22-04-1942 and known as Telecom Training Centre (TTC), Jabalpur. It holds the pride of being the oldest training centres in the field of Telecommunication in Asia. It is an ISO 9000:2008 certified institute located at the heart of the Cantonment area in Jabalpur. It has a safe and secured campus of 35 acres of land housing administrative-cum-technical block, four hostels with lodging and boarding arrangements, inspection quarters madhuban and residential quarters. In temporary set at BRBRAITT, the teaching rooms in the academic block will be air-conditioned and will be quipped with the modern audio-video equipments necessary for modern and pragmatic style of teaching. It will also have well equipped library with various books and e-library containing various legal softwares. The University will provide a separate hostel for girls and boys having approximately 40 twin sharing air-conditioned rooms for each. The hostel and academic block will be Wi-Fi enabled. A well equipped gymnasium shall also be established shortly. The environment of the institute in Cantonment area is pleasant, fresh, friendly and apt for learning.

About the city

Jabalpur is a tier 2 city in the state of Madhya Pradesh, very heart of India situated at bank of river Narmada. It is known and considered as *Sanskardhani*, a “Cultural Center”. It is one of the most famous city of Madhya Pradesh and have many historical connections which dates back to the epic times. It is very well connected with all the parts of India through road, rail and air. With this one of the main city attraction for all especially legal persons is that the principal bench of M.P. High Court is situated at Jabalpur. The city has many legal luminaries and the university shall have the advantage of seeking guidance from various previous and former judges of High Court and senior lawyers. Law students will also gain from their practical guidance during their course. The Madhya Pradesh State Judicial Academy which is a judicial training and research centre is also located in Jabalpur which conducts various training programs, workshop, and seminars for legal professionals and students and in this perspective the establishment of DNLU at Jabalpur city is a boon for law students.

It was in 1968 that Late Shri Dharmsinh Dadubhai Desai founded Dharmsinh Desai Institute of Technology with one Department of Chemical Engineering offering an UnderGraduate course and a Diploma course in Chemical Engineering.

The objective was to provide technical education and prepare students for the needs of the industry. Various engineering departments were successively added.

The University shall undertake programmes and projects for development of human resources, both through formal and non-formal delivery systems, in areas of professional pursuits in all walks of human endeavours, with accent on relevance, value addition, societal needs and futuristic pilot projects.

To become a multi-disciplined and learner-oriented university. To closely associate with and be responsive to Industry.

To create a supportive and caring environment for staff and students.

To improve R&D activities in areas of national priority.

The University is for persons who wish to advance in the workplace and emerge as competent professionals and noble citizens.

The University meets these needs by delivering applied and professional programs, primarily at the graduate and higher level, that anticipate and respond to the changing world and global economy. We are committed to the highest level of quality, teaching excellence, and applied research that pursues solutions to real world problems.

DIAMOND HARBOUR WOMEN'S UNIVERSITY

Diamond Harbour, South 24 Parganas
West Bengal – 743 331
Email : vc.dhwu@gmail.com

Diamond Harbour Women's University came into existence in 2013. It was established under West Bengal Act XXXVII of 2012 on 28th January 2013. It is the first University in this region and has been envisaged in answer to the long standing requirement of the girl-student of this region and beyond for greater scope in the search for attainment of selfhood. This is a region with strong links to the metropolis Kolkata. It is well connected by road and rail and is the gateway to the Sunderbans, an eco-region of recognized significance. It marks the confluence of the mighty river Hooghly (a tributary of the Ganga) with the Bay of Bengal. In January the Gangasagar Mela attracts thousands of pilgrims across the country. The region remains rural, though fishery is an important economic activity, increasingly acquiring industrial dimensions. In recent years, migration, both short and long term has become an important demographic feature of the region. The Diamond Harbour Road connecting south-west Kolkata to Diamond Harbour has emerged as an education hub. Beginning with the campus of the Indian Institute of Management, Joka, Calcutta there are other major management institutes such as Calcutta Business School, Neotia Institute of Technology, Management and Science, etc. There are also well known schools such as Vivekananda Mission, K.E.Carmel School, Ramakrishna Mission Siksha Mandir, etc. The region has a strong tradition in undergraduate education and there are a number of flourishing undergraduate colleges in and around the area.

The University has already started functioning from the academic year 2014-15 with the introduction of 2- year, 4- semester PG courses in six subjects; Bengali, English, History, Political Science, Education and Women's Studies. Classes are presently being held in a three storied dedicated academic building within the campus of the Fakir Chand College located close to the Diamond Harbour Railway Station. From the coming academic session ie AY 2015-16 the University proposes to introduce few more post graduate courses including M.Sc courses in science. Later in due course the University will move to its own campus near Sarisha crossing in Diamond Harbour. The present Vice Chancellor, Prof. Anuradha Mukhopadhyay joined her duties in early 2015. The University hopes to address both research and teaching in the context of its location as well as globally. The objective is to function efficiently and effectively as a University providing teaching, training and research in various branches of learning/courses of study so as to promote advancement and dissemination of knowledge to meet the growing needs of the society. As a women's university, it will address in particular questions of livelihood and security for women. It will not only provide opportunities for women in the area to access new opportunities but will also hope to draw women from other parts of the country into interaction with a rather unique corner of this diverse land.

Dibrugarh University, the easternmost University of India was set up in 1965 under the provisions of the Dibrugarh University Act, 1965 enacted by the Assam Legislative Assembly. It is a teaching-cum-affiliating University with limited residential facilities.

The University is situated at Rajabheta at a distance of about five kilometres to the south of the premier town of Dibrugarh in the eastern part of Assam as well as India.

Dibrugarh, a commercially and industrially advanced town in the entire northeastern region also enjoys a unique place in the fields of Art, Literature and Culture.

The District of Dibrugarh is well known for its vast treasure of minerals (including oil and natural gas and coal), flora and fauna and largest concentration of tea plantations. The diverse tribes with their distinct dialects, customs, traditions and culture form a polychromatic ethnic mosaic, which becomes a paradise for the study of Anthropology and Sociology, besides art and culture.

The Dibrugarh University Campus is well linked by roads, rails, air and waterways. The National Highway No.37 passes through the University Campus. The territorial jurisdiction of Dibrugarh University covers seven Districts of Upper Assam, viz, Dibrugarh, Tinsukia, Sivasagar, Jorhat, Golaghat, Dhemaji and Lakhimpur.

The University Campus extends over an area of more than 500 acres of which 60 acres are still covered under tea plantation.

The University is accredited by National Assessment and Accreditation Council (NAAC) with an institutional score of 71% (B grade). The Re-accreditation has also been done in March 2009.

Dibrugarh University is a member of the Association of Indian Universities (AIU) and recognised by all Universities in India and abroad on reciprocal basis.

DHANALAKSHMI SRINIVASAN UNIVERSITY

NH-45, Trichy Chennai Trunk Road, Samayapuram

Tiruchirappalli - 621112, Tamil Nadu

Tel : 0431-2670888, +91 6384176766, 6384176769

The Dhanalakshmi Srinivasan University (DSU) has been established under the Tamil Nadu Private Universities Act, 2019, located in Tiruchirappalli, Tamil Nadu, India. Uniqueness of DSU lies in its multi-disciplinary nature in offering a wide range of academic programmes encompassing medicine and engineering. Our motto is “education for the real world” with dedication and commitment towards nurturing the future generation. Green ambience with state-of-the-art infrastructure along with top-class faculty aims to serve the need of national and international students.

Academics of DSU is, essentially multidisciplinary, offering four major streams initially: Medicine, Paramedical, Engineering & Technology and Agricultural Sciences. A combination of School of Medicine and School of Allied Health sciences complement each other. In addition, School of Physiotherapy and College of Nursing posits Health Education holistic in DSU. Engineering & Technology stream is offering host of eleven Engineering programs starting from B.E Mechanical Engineering, Chemical Engineering to cutting edge branches like B.E Artificial Intelligence and Data Sciences to Cyber Security.

Vision

- Developing quality manpower, through modern means of higher education.
- Success assured for every student aspirant in a safe and serene environment.
- Uniqueness in housing all disciplines of higher education in a single campus.

Mission

- Dedicated academicians , who are experts in traditional and current technology oriented education methods to deliver the best quality teaching and training to students.
- Curriculum on par with international standards coupled with a thrust to creative thinking, ethical values, experiential learning and societal concern towards achieving a world class status.
- State of art infrastructure that provides smart class rooms, digital libraries, laboratories, auditorium, hostel, recreation, gym, swimming pool, cafeteria and places of worship.
- All out effort to groom students through language skills, soft skills, sports, cultural programs, mentoring and innovative entrepreneurship.
- Thrust on quality research, specialization, technology development and community service.
- An educational environment with a green campus, where students can follow their chosen fields and attain their full potential without any constraint will be provided besides ensuring cent percent placement of students.

Website : <http://www.daiict.ac.in>

The DA-IICT at Gandhinagar represents Wave-4 of educational innovation in Gujarat. The first wave was the nationalist wave and led to Gandhian experiments in education including Nai Talim. The Gujarat Vidyapith established in 1920 was a hybrid model of a university based on Gandhian principles.

The second wave led to the establishment of a whole range of educational institutions in Gujarat, mainly private colleges.

The third wave, an inspired one, was spearheaded by the industrialist Kasturbhai Lalbhai and the scientist Vikram Sarabhai and led to the establishment of a network of national institutes of international renown. A whole array of remarkable intellectuals provided the leadership of these institutes.

It was in Wave 4 when the focus shifted to higher education and private participation. One of the institutes created during this period is DA-IICT. It is a University under the State Act of Gujarat.

The DA-IICT was established in Gandhinagar in 2001. It is the only advanced institute named after the Late Dhirubhai Ambani, the founder of Reliance Group.

An act of the Gujarat Legislature provided for the establishment of the DA-IICT and conferred on it the status of a university. (Gujarat Government Gazette Volume XLIV, Thursday, 6 March, 2003)

On 30 November 2004, the DA-IICT as a private university was included in the list of universities maintained by the University Grants Commission under Section 2(f) of the UGC Act, 1956.

DA-IICT is also a member of the Association of Indian Universities (AIU) as approved by the AIU in its 84th Annual Meeting held during 12-14 November 2009.

The institute is a non-affiliating university and does not receive any aid or other financial assistance from the Central or State Government.

DIT UNIVERSITY

Musssourie-Diversion Road
Makkawal, Dehradun - 248 009
Uttarakahand
Email : dit@dituniversity.edu.in
Phone No. : 0135 - 3006000/1/3/4
Fax No. : 0135 – 3000309

With a rich heritage spanning over 16 years, DIT University (erstwhile Dehradun Institute of Technology, Dehradun), flagship of the Unison group, is famous for its under graduate, post graduate programs & doctoral programs & academic excellence.

Our infrastructure, facilities, teaching methodologies & academic rigor make sure that DIT retains a special place in the academic landscape of northern India and in the hearts of those who live, study & teach here. By combining the resources of a research focused university with a holistic approach to education, DIT University emphasizes on emerging technologies, innovative thinking, teamwork, entrepreneurship, overall development and the importance of partnerships and global outlook. Our students are sought after by employers, and making a difference in our cities and communities for well over a decade now. As we embark on the course to an aggressive growth trajectory, we reaffirm our commitment to you - as our stakeholder, that DIT University shall emerge as one of the most progressive universities in keeping with the principles of TRUST, ACCOUNTABILITY & INTEGRITY - the very cornerstone on which the foundation of this great Institution was laid. We at DIT University are forever committed to help you realize your career ambitions & unlock your true potential.

A campus with over 6000 students, coached by highly distinguished faculty using the latest teaching aids, excellent hostel facilities, and a vision that drives us to ensure imparting wholesome technical education to our students, is what sets us apart from the run-of-the-mill engineering Universities spread all over the country.

An educational oasis located in peaceful and pristine Doon Valley away from hustle and bustle of the city which enhances concentration. The 21 acre University campus provides unparalleled opportunity for students. A wealth of resources and support services help students get the most out of their time at DIT University. From first rate libraries to innovative computer technology, students have access to many tools to explore academic interests. The opportunities to develop mind, body and soul to enable students to explore their talent.

The campus is located at the edge of the Mussoorie hills, on acres of park land. The DIT campus is just a short ride on public transport from the heart of downtown Dehradun. No matter what your choice of study, the DIT campus will inspire you. As student at DIT, you'll have all this and more at your doorstep.

Dr. A.P.J. ABDUL KALAM TECHNICAL UNIVERSITY

Sector-11, Jankipuram Vistar, Lucknow—226031

Uttar Pradesh, India

Tel : 0522-2336805

Email : vc@aktu.ac.in provc@aktu.ac.in registrar@aktu.ac.in

Dr. A.P.J. Abdul Kalam Technical University (AKTU) (formerly UPTU) was established by the Government of Uttar Pradesh, vide Act Amendment No. 1156(2) LXXIX-V-1-15-1(Ka), 24-2015 dated Sept 9, 2015 Uttar Pradesh Adhiniyam Sankhya 23 of 2000. Under the University Act, 'Technical Education' includes programmes of education, research and training in Engineering, Technology, Architecture, Town Planning, Pharmacy, Applied Arts & Crafts and such other programmes and areas that the central Government may in consultation with All India Council for Technical Education (AICTE) by notification in Gazette declare. The University is affiliating in nature and its jurisdiction spans the entire state of U.P. in affiliating B.Tech., M.B.A., M.C.A., B.Arch., B. Pharma., B.H.M.C.T., M.Tech. and Ph.D. programmes in 756 colleges/institutions imparting graduate, postgraduate and doctoral level training in all government and private institutions located all over U.P. in engineering, technology, architecture, pharmacy, hotel management and catering technology as well as M.B.A. and M.C.A. programmes.

U.P. being the largest state of India with an area of around two lacs forty thousand square kilometers and population of more than 165 million people makes AKTU as one of the largest technical universities not only in India but perhaps in Asia. Because of its gigantic size and number of colleges affiliated to it and geographic dispersion, it has been subdivided into five zones with 150-160 colleges in each zone for the ease of management and facilitating inter-zonal comparison and possible internal competition to enhance quality of teaching-learning processes.

AKTU envisions to facilitate and nurture the quality of technical education and research in its own premises as well as all affiliating institutions. The total number of affiliated colleges was 49 in the year 2000 which has now gone up to 756 and the University is still growing. The University Conducts State level Entrance Examination U.P.S.E.E. for admission to various programs in institutions affiliated to AKTU and some Universities of U.P.. The University conducts central examinations in each semester for all the affiliated colleges and institutions and declares results quickly using technology-enabled systems. At present around 4,00,000 students are enrolled in its various programmes AKTU was reconstituted as "Gautam Buddha Technical University, Lucknow" and "Mahamaya Technical University, Noida" on 1st May 2010 through amendment of U.P. Govt. vide act no. 05 of 2010, Subsequently U.P. Government again combined the Gautam Buddha Technical University and Mahamaya Technical University with effect from 1st Nov. 2013 vide amendment act 21st of 2013 and reconstituted A.K.T.U. Lucknow. AKTU is currently located at Sec-11, Jankipuram, Vistar Yojna, 226031 in the Capital of U.P. at Lucknow but is in the process of having its own Headquarter building in its vicinity. AKTU also has a NOIDA Centre to facilitate closer academic and industrial interaction around that zone where a prominent cluster of private affiliated colleges exists.

Dr. A.P.J. ABDUL KALAM UNIVERSITY

Avul Pakir Jainulabdeen "A. P. J." Abdul Kalam (15 October 1931 – 27 July 2015) was the 11th President of India from 2002 to 2007. A career scientist turned politician, Kalam was born and raised in Rameswaram, Tamil Nadu, and studied physics and aerospace engineering. He spent the next four decades as a scientist and science administrator, mainly at the Defence Research and Development Organization (DRDO) and Indian Space Research Organization (ISRO) and was intimately involved in India's civilian space program and military missile development efforts. He thus came to be known as the Missile Man of India for his work on the development of ballistic missile and launch vehicle technology. He was a recipient of several prestigious awards, including the Bharat Ratna, India's highest civilian honour. He also played a pivotal organizational, technical, and political role in India's Pokhran-II nuclear tests in 1998, the first since the original nuclear test by India in 1974. He contributed a lot in TIFAC (Technology Information, Forecasting and Assessment Council) under Ministry of Science & Technology, Govt. of India.

While delivering a lecture at the Indian Institute of Management Shillong, Kalam met with heart attack and died from an apparent cardiac arrest on 27 July 2015, aged 83. Thousands including national-level dignitaries attended the funeral ceremony held in his hometown of Rameshwaram, where he was buried with full state honours.

The Dr. A. P. J. Abdul Kalam University is located at lush green area on the new Indore – Dewas bypass road. It is about 10 km away from Indore railway station. It has a large campus and one of the best infrastructures in state. All the department heads and faculty members are highly experienced & work with zeal to impart education and achieve the goal of providing excellent career and values to the student so as to become responsible citizen.

The Society (Ayushmati Education and Social Society) was established in 2004 under the flagship of Central India Institute of Technology ever since its inception, a strong commitment to excellence in teaching and research has made the group a role-model and path-setter for other institution. Its rich academic tradition has always attracted the most talented students who later plays an important contributions to their society.

The Dr. A. P. J. Abdul Kalam University has a long tradition of pursuing excellence in teaching and research in science and technology, humanities, social sciences, performing arts and sports. The University supports excellence and innovation in academic programmes, promotes excellence in research, scholarship and teaching. The University is committed to attract and support the best students and faculty, who excel at teaching and research.

Dr. ABDUL HAQ URDU UNIVERSITY

D.No. 5-2, K.C. Building, Pandipadu Village, Gooty Road
Kurnool – 518002, , Andhra Pradesh
Tel : 08518-240025

The Dr. Abdul Haq Urdu University has been established by an Act of State Legislature Government of Andhra Pradesh (Act No. 13 of 2016, published 7th May 2016). The Act was amended as Act No 35/2018.

- It is an Act to establish and incorporate a university at the state level mainly to promote and develop Urdu language.
- To impart vocational and technical education in Urdu medium through campus based teaching and distance education modes.
- To provide for matters connected therewith or incidental thereto.

The Dr. Abdul Haq Urdu University (AHUUK), one of the major institutions of higher education in Andhra Pradesh is largely devoted to post graduate studies and is widely known for its excellence in Research and its distinguished faculty. The University has with Departments and Centre's organized in 5 Schools of study.

Vision of the University

Education through mother tongue as the medium of instruction helps the student in comprehending the subject in depth with ease, and at the same time, it creates a spontaneous flair for exploring it further. The reason is that mother tongue plays a vital role in understanding the world around us in its correct perspective. However, to expand our knowledge in future, we need expertise in English which is now a global language. Mastery over any chosen subject with proficiency in at least two languages other than mother tongue will help the student in developing his knowledge, and better in cognitive abilities in comparison to the mono-lingual nations. Dr. Abdul Haq Urdu University has developed a vision of bilingual medium of instruction wherein the subjects whether they belong to Humanities, Social Sciences or Sciences will all be explained in easy Urdu by retaining the technical terms and terminologies in English as they are without translating them into Urdu. The theories and the main concepts will also be taught both in Urdu and English simultaneously. This will facilitate the students to gain mastery over any kind of subject with a comfortable level of fluency in English. In this way, the University will help the Urdu students to feel themselves closer to the main stream while the Non-Urdu students will also be benefited equally in full measure. This is high time that we should think of making our young generation simultaneously fluent in three languages- mother tongue, regional language, and the global language, English. Imparting knowledge this way would help a student gain easy mastery in communication and at the same time will help him in developing his mastery by his extended reading on the subject.

Mission of the University

The mission of the Dr. Abdul Haq Urdu University is to contribute to and work with a sense of commitment towards the educational, cultural, economic, environmental, health and social advancement of the region and state at large by providing excellent undergraduate liberal education and quality programs leading to bachelors, masters, professional and doctorate degrees. The uniqueness of AHUUK is that it has a bilingual class teaching, both in Urdu and English will help the student in achieving mastery over the subject perfectly. In addition, diploma in vocational course along with the regular degree will make a student free from the fear of unemployment. On the basis of this the university move forward with confidence to equip ourselves to build our mother land.

DOON UNIVERSITY

Motharawala Road, Kedarpur

PO – Ajabpur, Dehradun – 248 001

Uttarakhand

Tel : 0135-2532012,2533102,2532013, 2533136, 2532556

Fax : 0135-2532014

Email : kkdekadu@yahoo.com/registrar@dibru.ernet.in

Website : <http://gov.ua.nic.in/doonuniversity>

The idea of Doon University draws its elements from huge deficit that the state of Uttarakhand has been experiencing in the area of excellence in higher education.

The Doon University Bill, 2005 (Uttaranchal Adhiniyam Sankhaya 18 of 2005) was passed by the Uttarakhand Legislative Assembly and assented to by the Governor on April 23, 2005. It was published in the Uttarakhand Gazette on April 26, 2005. On 9th May 2009 its statutes were approved and the University going to start its first academic session on 6th August 2009.

The spirit of the Act is to create an autonomous and accountable institution of higher learning. Accordingly the University intends to impart socially and economically relevant education. It also aims to provide lead in frontier areas of research and methods of pedagogy. Indeed the mandate is huge and challenging.

In accordance with the provision in Section 5(1) of the Act, Doon University shall become a Centre of Excellence in the chosen areas of studies, and shall carry out research for the advancement and dissemination of knowledge. Such an effort shall be benchmarked with the best in the country and globally.

The university will be known for:

- Student and learning-to-learn centered pedagogy supported by a community of eminent research-scholars,
- Leadership through collaborative educational ventures and,
- Value- based learning.
- Offer state-of-the-art educational programmes in cutting-edge disciplines of regional, national and international relevance,
- Conduct high quality and multi-disciplinary research to push the boundaries of knowledge in the chosen areas and,
- Provide a challenging and conducive environment for scholar-researchers to engage in pursuit of excellence.

Dr. B. R. AMBEDKAR NATIONAL INSTITUTE OF TECHNOLOGY

Dr B R Ambedkar National Institute of Technology was established in the year 1987 as Regional Engineering College and was given the status of National Institute of Technology (Deemed University) by the Government of India on October 17, 2002 under the aegis of Ministry of Human Resource Development, New Delhi. Now the Ministry of Human Resource Development, Government of India has declared the Institute as “Institute of National Importance” under the act of Parliament-2007. The Institute has been placed amongst top 50 engineering institutions of the country as per the survey conducted by Mint-C Fore in the year 2008. The survey was based upon vital parameters, such as curriculum, quality of academic input, students’ care, admission procedure, infrastructure, placements and overall goodwill of the Institute. A large number of reputed Industrial houses in the country visit the Institution and select the final year students as Engineers/ Management Trainees. The highest pay package offered to the B Tech students (Batch 2005-2009) has been Rs 7.2 lakhs per annum by M/S NTPC Delhi.

As one of the National Institutes of Technology (NIT), the Institute has the responsibility of providing high quality education in Engineering, Technology and Sciences to produce competent technical and scientific manpower for the country. The Institute offers B Tech, M Tech, M Sc & Ph D programmes in the several disciplines of engineering, technology and Sciences.

To build a rich intellectual potential embedded with interdisciplinary knowledge, human values and professional ethics among the youth, aspirant of becoming engineers and technologists, so that they contribute to society and create a niche for a successful career.

To become a leading and unique institution of higher learning, offering state-of-the-art education, research and training in engineering and technology to students who are able and eager to become change agents for the industrial and economic progress of the nation. To nurture and sustain an academic ambience conducive to the development and growth of committed professionals for sustainable development of the nation and to accomplish its integration into the global economy.

Website : <http://www.braou.ac.in>

The University, initially known as Andhra Pradesh Open University, came into being on 26th August 1982 through an Act of Andhra Pradesh State Legislature (APOU Act, 1982). Subsequently, the University was renamed as Dr. B.R. Ambedkar Open University on 7th December 1991 by the Government of Andhra Pradesh (APOU Act, 1992). The establishment of this University, the first of its kind in India, heralded an era of affirmative action on the part of the Government for providing opportunities of higher education to all sections of society and catering to the changing individual and social needs. Hence the motto of the University is Education for all.

In 1983, the University started functioning with a modest learner enrolment of 6,321 and 22 Study Centres. Since then there has been a steady growth in intake and an increase in the number of Study Centres. In 2001 the enrolment is about 1 lakh and the number of Study Centres have increased to 137. The total number of students on rolls in all the programs is about 4,50,000. Now the total study centres increased upto 200.

Looking back at the achievements of the University during the last two decades, it has brought legitimacy to the Open Learning system by maintaining:

- Quality of the learning materials
- Wide network of delivery systems
- Validity of testing and evaluation processes and
- Equivalence of content and form of its programs.

The University has carved a niche for itself in the field of open learning by

- Providing access to a large number of heterogeneous learners cutting across the differences in age, gender, location and choice of courses.
- Innovatively designing the undergraduate curriculum as Foundation Courses, Core courses and Application-oriented courses
- Creating a wide network of learner support systems.
- Reaching out to the unreached through multiple media including broadcast and telecast modes.
- Enhancing the interactivity of instruction through live phone-in and teleconferencing.
- Offering courses in three mediums of instruction - English, Telugu and Urdu.
- Giving hands on training in laboratory practice for Science and Technology Courses.
- Widening access to Research, Post-graduate, P.G. Diploma, Undergraduate, Certificate and professional programs through the distance mode.

Dr. B.R. AMBEDKAR UNIVERSITY

Website : <http://www.brau.in>

Dr. B.R. Ambedkar University, Srikakulam has been established by Andhra Pradesh State Government G.O vide MS No: 89 Higher Education (UE.II) Department dated 25/06/2008, with a view to augment the education facilities in the Srikakulam District and to cater to the educational needs of the people of the District. With G.O MS No: 138 Higher Education (UE.II) department dated 28/07/2008, Prof. S.V. Sudhakar, Department of Social Work, Andhra University has been appointed as the First Vice-Chancellor of Dr. B.R. Ambedkar University, Srikakulam and he assumed the office of the Vice-Chancellor of Dr. B.R. Ambedkar University, Srikakulam on 28/07/2008. G.O. MS No: 159 Higher Education (UE.II) Department dated 07/08/2008 transferred the existing Andhra University Campus at Etcherla to the Administrative control of Dr. B.R. Ambedkar University-Srikakulam. Prof.H.Lajipathi Rai, Dept of Commerce, SriKrishnadevaraya University, Ananthapur has been appointed as second full-term Vice Chancellor for 3 years vide G.O.Ms.No.29,Dt. 15-05-2013 who assumed charge on 17-5-2013.

Prior to this, as a policy of extending higher education facilities to the backward regions of Srikakulam District, Andhra University, with U.G.C. Support, came forward to institute two disciplines viz. Economics and Rural Development at Post Graduate level in 1977-1978 at Srikakulam in the name and style of Andhra University Post Graduate Extension Centre, later as Andhra University Dr. B.R. Ambedkar Post Graduate Centre, still later as A.U. Campus Etcherla, Srikakulam, and presently as Dr. B.R. Ambedkar University, Srikakulam. Initially the Centre was started in the South wing of Government Degree College (Men) and after acquisition of land and an old Zamindari Building at Etcherla, the Centre was shifted to the present campus on 29-09-1986. The State Government sanctioned 12 additional courses to this Centre, of which only four courses, viz., M.Com., M.Sc. Mathematics, B.L. and M.L.I. Sc. were actually started from the academic year 1988-1989 and two more courses viz. M.B.A. and M.L. were added in the year 1994. During the academic year 2005-2006, M.A. Education course was started and in the academic year 2006-2007, the University Administration introduced M.A. English, M.Sc. Organic Chemistry and M.C.A. Courses in the campus. Presently the campus has 16 P.G. courses catering to the needs of 1200 Plus Post Graduate students and 27 research scholars working for their M. Phil. and Ph.D., and is backed up by 76 faculty members (12 Regular Teachers, and 64 Teaching Associates) and 82 non-teaching staff members (12 Regular, 37 Employees with Time Scale, 13 Employess Daily Wages and 19 Contract Employees).

Website : <http://www.brauagra.ac.in>, <http://www.dbrau.ac.in>

The foundation of Dr B. R. Ambedkar University (originally known as Agra University) was laid on the 1st of July, 1927, as a result of hectic efforts of a band of enthusiastic educationists like Rev. Canon A.W. Davis, Munshi Narain Prasad Asthana, Dr L.P. Mathur, Lala Dewan Chand, Rai Bahadur Anand Swaroop and Dr Brajendra Swaroop,. Original jurisdiction of University extended over United Provinces of Agra, Central India and Rajputana with 14 affiliated colleges and 2530 students of which, 1475 students belonged to United Provinces. Initially, there were only four faculties in the University viz. Arts, Sciences, Commerce and Law. Faculties of Medicine (1936), Agriculture (1938), Home Science (1980), Basic Sciences (1981), Fine Arts (1982) and Management (1994) were added subsequently. A decisive characteristic in influencing the education of an academic institution is the pursuit of excellence and consistent adherence to high standard in terms of imparting knowledge promoting research. During last eighty three years the University has endeavoured to keep adopting these high ideas and has established rich traditions and evolved respect from the intellectual community.

University has sincerely served the cause of higher education in northern India. The ancient principle of integrating ethical and moral values in education has been the endeavour of the University. To inculcate these essential values in its students academicians have been assiduously trying to sharpen the content and curriculum of the University. The University was renamed as Dr. B. R. Ambedkar University in 1996. The University now caters to the educational need of the seven Districts of Agra Division Agra, Aligarh, Mainpuri, Hathras, Firozabad, Etah and Mathura. Besides, the University is proud of having affiliated to it, Sarojini Naidu Medical College, which is one of the oldest and premier Medical Institute of the country. At present university has approx 200 affiliated colleges and 15 residential Institutes spread out in its four residential campus viz. Paliwal Park, Khandari Campus, Civil Lines Campus and Chhaleshar Campus. Furthermore, this university affiliates colleges of Homeopathy, extending all over the State of U.P. The University is steadily surging ahead as a centre for higher scientific vocational and job oriented education and innovative research.

The goal of the University is to innovate in the field of education and to become a centre of excellence both Nationally and Internationally. The University is not only confined to impart quality education but also to satisfy the burning desire of the students who are exploring the creative intellect and learning attitude of the students. The University is making every effort to fulfill the spirit of University motto "Tamso Ma Jyotirgamay" moving from darkness to light.

The Konkan region, inspite of being a generous gift of natural resources, has by and large remained under-developed.

This led to the peculiar social problem of migration of able-bodied and talented men to nearby areas like Mumbai and Pune in search of employment, leaving behind old men, women and children to look after agriculture in traditional way following the most primitive methods of cultivation.

The Konkan region is distinguished from the rest of Maharashtra State by virtue of its disitinct agroclimatic conditions, soil types, topography, its location between the Sahyadri ranges and the Arabian sea, crops and cropping pattern, land holdings, and socio-economic conditions of the farmers.

As such, the problems in agriculture and allied sectors are also entirely different from the other parts of Maharashtra. Due to this uniqueness, the Government of Maharashtra established the Konkan Krishi Vidyapeeth on the 18th May 1972 to impart education, conduct research on location specific problems and disseminate the improved crop production technologies amongst the farming community.

The university was renamed as Dr. Balasaheb Sawant Konkan Krishi Vidyapeeth, Dapoli on 12th February 2001.

In the Konkan region, there are in all 19 different constituent and private colleges which run UG and PG programmes and every year 1550 students are admitted. Out of these 19 colleges, the maximum number is in Ratnagiri District (10), followed by Sindhudurg (4), Raigad (3) and Thane District (2).

Dr. BABASAHEB AMBEDKAR MARATHWADA UNIVERSITY

Aurangabad-431 004, Maharashtra
Tel : 0240-2403111, 2400007, 2400104, 2403113

The Dr. Babasaheb Ambedkar Open University (BAOU) was established by the Act No.14 of 1994 passed by the Gujarat State Legislature, and assented to by the Governor of Gujarat on 27th July, 1994. The BAOU is the seventh Open University in the country in terms of their establishment.

The University offers 72 programmes with an enrolment of more than 1,00,000 learners. The headquarters of the university is located at Ahmedabad.

The University has established Regional Centre on the campus of South Gujarat University, Rajkot and has initiated the process of another establishing Regional centre on the campus of North Gujarat University, Patan.

The University has more than 507 study centers. It has jurisdiction over the whole state of Gujarat. It is open to all persons irrespective of classes, castes, creed, religion or sex.

The important and distinguishing objectives for BAOU are to:

- Advance and disseminate learning and knowledge by a diversity of means, including use of any communication technology,
- Provide opportunities for higher education to a large segment of the population,
- Promote the educational well-being of the community generally, and * Encourage the Open University and distance education system in the education pattern of the Sate

Dr. BABASAHEB AMBEDKAR TECHNOLOGICAL UNIVERSITY

Vidyavihar PO, Goregaon Dist Raigad
Lonere - 402 103, Maharashtra
Tel : 02140-275101, 275093, 275103, 275320
Fax : 02140-275040/275142/ 275103
Website : <http://www.dbatechuni.org>

Dr. Babasaheb Ambedkar Technological University is one and only one of its kinds in the State. The University is located at Lonere, the place in the ranges of Western Ghat, at the foot of Raigad fort, the place from where Chhatrapati Shivaji administered his major activities. It is autonomous in nature and Unitary in its character. It is established in the year 1989 by the Government of Maharashtra.

Although relatively young, the University is making its mark in the field of research and technological services through its dedicated faculty and disciplined students.

The University has a conducted institute of its own, "Institute of Petrochemical Engineering", running Diploma Courses in eight streams of engineering and technology. The University extends its services to the society through a governmental scheme of "Community Polytechnic" by educating the dropouts and empowering them with technical skills. The University offers education especially to rural women through a Certificate Course in Nursing Technology.

Dr. BHIMRAO AMBEDKAR LAW UNIVERSITY

RUSA Buildng, Shiksha Sankul, J.L.N. Marg,
Jaipur - 302015, Rajasthan
Tel. : 0141-2553648, 2553649, 2553652, 2553653

Dr. Bhimrao Ambedkar Law University has been established as a State University by the Government of Rajasthan under the provisions of Dr. Bhimrao Ambedkar Law University, Jaipur Act 2012 with a view to launching Bachelor's, Master's and Doctoral programmes in the areas of law and related subjects.

The State Government has decided to support this university in a big way by locating land for the university for ensuring a developed campus with residential facilities.

The Vice Chancellor has already advertised many times for filling up the positions of different administrative and academic posts and based on the interviews, many learned and experienced officials have been appointed on merit as well as deputation basis.

The 5 years integrated B.A., LL.B. Degree course has already been launched and full time regular instructions have already begun.

Dr. Bhimrao Ambedkar Law University, Jaipur is an unique example of the State Law University established in a State as most of the States including Rajasthan have already got the National Law Universities legislated.

However with the establishment of the State Law University in Rajasthan will give more powers to the State Government as this university will be fully funded by the State Government.

Dr. BHIMRAO AMBEDKAR NATIONAL LAW UNIVERSITY

Dr. B.R. Ambedkar National Law University, Sonapat (DBRANLU) was established by the State Government of Haryana in the year 2012 under the Haryana Act No. 15 of 2012 under the name of National Law University Haryana enacted by the legislature of the State of Haryana. As a tribute to Dr. B.R. Ambedkar, a great social reformer and architect of our present legal system and the Constitution, the State Legislature of Haryana through an amendment in 2014 changed the name of this university to Dr. B.R. Ambedkar National Law University, Sonapat. The University has its own space wherein the campus is coming up with high speed currently is under construction is situated in the education hub of India – Rajiv Gandhi Educational City, Rai, Sonapat – where more than thirteen renowned educational institutions and universities are located and are functional. The location provides a positive and congenial environment for legal education and professional training besides overall development of students. The University has firmly resolved to impart advanced legal education, to hone practical legal skills and inter disciplinary understanding, keeping in view the requirements of a just and equitable society. The Chief Justice of India or his nominee, who shall be sitting Judge of the Supreme Court, shall be the visitor of the University. Hon'ble Shri Satyadeo Narayana Arya, Governor of the State of Haryana is the Chancellor. Prof. (Dr.) Mrs. Viney Kapoor Mehra is the founder Vice Chancellor of the University.

OBJECTIVES

- To evolve and impart comprehensive legal education including distance and regular legal education at all levels to achieve excellence in the field of law and its allied disciplines.
- To organize advanced studies and promote research in all branches of law and allied disciplines.
- To disseminate legal knowledge and legal processes and their role in national development by organizing lectures, seminars, symposiums, workshops and conferences.
- To promote cultural, legal and ethical values with a view to promote and foster the rule of law and the objectives enshrined in the Constitution of India.
- To improve the ability to analyse contemporary issues of public concern and their legal implications for the benefit of public.
- To liaison with institutions of higher learning and research in India and abroad.
- To publish periodicals, treaties, study books, reports, journals and other literature on all subjects relating to law.
- To promote legal awareness in the community for achieving social and economic justice.
- To do all such things as are incidental, necessary or conducive to the attainment of all or any of the objectives of the university.

Established in 1985, AISECT has established itself as India's largest education, skill development, services and e-governance network, which is changing the face of semi-urban and rural India. With 12,000 centres across 27 States and 3 Union Territories, as well as several higher education institutions, AISECT has transformed the lives of millions of people at the grass root level. An ISO 9001:2008 certified organization, AISECT has carved its own unique value proposition and is untiringly reaching out to the remotest corners of the country for the dissemination of its products and services. Recognized in a World Bank-IIM (A) Joint Report as "the most sustainable and scalable form of IT penetration & popularization in India, AISECT's sustained efforts have been recognized by 'World Bank', 'IIMA', 'World Economic Forum', 'NASSCOM', 'World HRD Congress' and a host of other national and international bodies.

AISECT'S endeavors includes the creation of a unique multipurpose centre model, offering a wide array of university certified vocational courses through six major academies, partnering with the Central & State Governments for numerous skill development and capacity building initiatives, the recent partnership with the National Skill Development Corporation (NSDC) to provide skill based training to over 1.3 million people in the next 10 years, establishment of several higher education institutions including Dr. C.V Raman University in Bilaspur (Chhattisgarh), AISECT University in Bhopal (Madhya Pradesh) and SCOPE Group of Institutions in Bhopal (Madhya Pradesh), e-governance innovations as India's leading Service Centre Agency (SCA) for the prestigious Common Service Centre (CSC) Project, offering business correspondence services for 26 nationalized banks through its financial inclusion initiatives, creation of innovative digital platforms like AISECTOnline.com and RojgarMantra.com along with breakthroughs in the K12 segment with Eduvantage PRO, a low cost interactive multimedia education tool. AISECT has also been the proud recipient of several National and International Awards for its outstanding efforts in the field of Education, Empowerment and Enterprise. A few notable among them are, the Schwab Foundation's Social Entrepreneur of the Year Award instituted by the World Economic Forum as well as the Ashoka Senior Fellowship for AISECT's Chairman Mr. Santosh Choubey, the NASSCOM I.T. Innovation Award, the Manthan Award South Asia & Asia Pacific, the NASSCOM EMERGE 50 Leader Award, the Indian Innovation Award, the Golden Icon National e-Governance Award, the Asian Forum i4D Award, the World HRD Congress Award, the TiE Lumis Partners Entrepreneurial Excellence Award, the National CSI Award, the e-Gov. Award for Best ICT in Financial Inclusion and the World Education Summit Award.

There are large number of programmes offered at Dr. CV Raman University (Khandwa) which are of varying duration ranging from one month certificate courses up to diploma, UG and PG level programmes. All courses are very well designed, to include emerging technologies from the field, to meet industrial needs, at the same time following skill framework approved by the Government. AISECT, the sponsoring body of Dr. CV Raman University (Khandwa), are the pioneers for skill education at national level. The teaching learning methodology therefore is quite different at Dr. CV Raman University (Khandwa).

There are large numbers of Skill Academies under the conventional teaching departments, who ensure skill delivery with lot of emphasis on hands on experience. The pedagogy is loaded with ICT based teaching learning system. Through our value based education we make our students responsive to social issues. We engage our talented community of youth in various cultural, social and sporting activities through large number of events round the year providing platform for their holistic development. This not only has enriched the campus life at Dr. CV Raman University (Khandwa) but also provides best opportunities for placement and also motivation for starting own business or industrial venture. I am sure that students at Dr. CV Raman University (Khandwa) will have a totally different learning experience and campus life which is ready to transform them in to competent smart professionals and worthy citizens.

To establish Dr. C.V. Raman University as a platform that stands for imparting quality education and to provide a research driven environment to the students that would help them to inculcate necessary skills and knowledge required to make their mark in the challenging and ever changing professional world.

To create a research driven environment

To spark imaginative approach and offer proper guidance to prepare industry ready professionals

To strengthen ties with leading academic and corporate bodies across the world

To be regarded as an avant-garde institution

To contribute towards the social and economic development of the country

Doctor Harisingh Gour Vishwavidyalaya Sagar (A Central University), formerly University of Saugar, was established on 18th July 1946 by Dr. Sir Hari Singh Gour (Nov. 26, 1870 – Dec. 25, 1949). By his lifetime saving. This 18th University of India and the oldest and the biggest University of Madhya Pradesh has perhaps the singular distinction of being founded by the munificence of a single person's hard earned money of about two crore of rupees. Apart from being a great jurist and legal luminary par excellence, he was a great Patriot, Philanthropist, Educationist and Social Reformer.

Dr. Hari Singh Gour was the first Vice-Chancellor of Delhi University (1922 to 1926) and first Dean (1924) of The Faculty of Law in Delhi University. Dr. Hari Singh Gour also held the Vice-Chancellor of the Nagpur University, (two times in 1928 and 1936).

Dr. Gour was the founder Vice-Chancellor of the Sagar University (1946). The Govt. of India honored his memory by issuing a commemorative postage stamp in 1976. The University was rechristened as Doctor Hari Singh Gour Vishwavidyalaya in February 1983 by the State Legislature. The University is situated 5 Km. east of Sagar city and its campus covers an area of 1312.89 acres over Pathatiya Hills connected to the Vindhya Range, surrounded by lush green forests(about 100 acres) within its campus and has effectively contributed to the maintenance and preservation of ecosystem and its biodiversity. It is one of the finest picturesque campuses in India. It has 36 University teaching departments (number keeps adding) 9 faculties and 175 affiliated colleges covering 6 revenue Districts of M.P. There are 4 hostels for boys (940 seats) and two hostels for girls (app. 400 seats). State Bank of India. Post office, STD booth, Employment and Guidance Bureau, University, University Press, 3 canteens and a shopping complex provide auxiliary services in the campus. The Jawaharlal Nehru Library of the University has more than 4,00,000 books. As many as 26 departments have their own departmental libraries. Apart from conventional degree, post graduate and research courses, Geology, Pharmacy, Criminology & Forensic Science, Anthropology, Performing Arts, Journalism & Mass Communication, Adult Education, Electronics, Business Management, Microbiology, Biotechnology and Computer Applications are some of the special subjects, which attract a large number of students from the four corners of the country. The Institute of Distance Education of the University runs various self-finance, Correspondence Courses such as in M.Lib.Sc., B.Lib., MC(J), BJ (C), PG Diploma in Environmental Marketing and Personnel Management, PG Diploma in Criminology and Police Administration. Hospital of Saugar of Saugar of Delhi of Saugar. The University has a centre of Indira Gandhi Open University, Audiovisual Research Centre, Central Instrumentation Laboratory, Shrimant B.S. Jain Centre for Research and Education in Psychology and Population Research Centre created by the Ministry of Health and Family Welfare, Govt of India.

The Government of Maharashtra has established the Dr. Homi Bhabha State University, as a Cluster University, with the Institute of Science, Mumbai; Elphinstone College, Mumbai; Sydenham College, Mumbai; and Secondary Training College, Mumbai, as the Constituent Colleges. The Institute of Science, Mumbai is the Lead Institute of the University. All the colleges are more than 99 years old; the youngest the Institute of Science was established in 1920; while the oldest the Elphinstone College was established in 1835.

The University is an independent degree granting entity with its own Rules and Regulations. This is the first University of its kind in the State of Maharashtra and is established as per the guidelines of Rashtriya Uchchar Shiksha Abhiyan (RUSA). The establishment of this University is expected to charge the Higher Education system in the State with new vigour. It will lead to optimum use of resources of the constituent colleges and will offer the learners wide options of learning with flexibility and assist them with student-friendly support system. It will generate contemporary and relevant infrastructure and provide undergraduate and post-graduate programmes in diverse disciplines under choice based credit system (CBCS). The CBCS will adopt a cafeteria approach, where the students will be given freedom to select some courses from an array of courses as per their preferences. The students may take some of the courses across the constituent colleges. The programmes will be dynamic and demand driven. The students may participate in various activities organized by the constituent colleges.

Features

1. Being the University of Cluster of only four constituent colleges, which are geographically in proximity, the University would be managed and administered much more efficiently than any other state university.
2. All the constituent colleges are accredited by Grade 'A' by the NAAC.
3. All the colleges are elite colleges, are in existence for a long time, and with heritage mark.
4. The colleges are Government Colleges and hence the fee structure will be regulated and reasonable.

Sprawling 42 Acres University Campus has been conceived as an international standard facility, beginning with it's the impressive environment friendly profile. It has been specially designed for local climate conditions.

An intelligent building starts with an environmentally friendly design. Keeping this in mind we created a project that is environmental friendly and energy efficient. Intelligent buildings are designed for long term sustainability and minimal environmental impact through the selection of recycled and recyclable materials, construction, maintenance and operations procedures.

Eco friendly fly ash bricks have been used to boost thermal insulation and cut energy requirements.

Providing the ability to integrate building controls, optimize operations, and enterprise level management results in a significant enhancement in energy efficiency, lowering both cost and energy usage compared to non-intelligent projects. Intelligent buildings are intended to be the preferred environment for occupants. An intelligent design finds the balance, providing a superior indoor environment and minimizing energy usage and operating labor.

This is where the technology becomes valuable. Using integration and automation we are able to implement solutions that both provide a superior environment and minimize energy.

The periphery around the campus has a green buffer of heavy plantation, which filters out dust & noise from the vicinity and helps in maintaining pleasant surroundings. Rainwater harvesting system has been adopted.

Waste water is recycled for horticultural needs. Solar energy panels supplement power generation; provide hot water in winters & street light at night. An in house sub-station is operational. This takes care of the electrical needs during power failure.

Aiming to bring about change and progress through education, the Tmt.Kannammal Educational Trust was constituted in 1985 and started Thai Moogambigai Polytechnic College. Within three years of its inception, Dr. M.G.R. Engineering College was founded in 1988, and the Thai Moogambigai Dental College was started in the year 1991. Both the colleges acquired Deemed University status in 2003 as Dr. M.G.R. Educational and Research Institute as per the orders of the University Grants Commission, New Delhi and the Union Ministry of Human Resources and Development, Government of India, New Delhi.

The 21st century poses a lot of challenges that could be overcome with the help of education and technology. Keeping this in mind Dr. M.G.R Educational and Research Institute University was started with a vision of providing a better foothold for the students of today to face the challenges. To succeed in the world today you need more than just academics. The modern adult is expected to have a combination of technical know-how and ambitious confidence. Being aware of the demand that is placed on the youth today, Dr. M.G.R. Educational and Research Institute University has preserved to nurture and groom young men and women through Engineering, Medical, Dental and Humanities and Sciences.

MISSION

To Encourage our Students to be “JOB CREATORS AND NOT JOB SEEKERS”

The value Academic Integrity, Morality and Accountability. We hope to bring attention to issues of National relevance and Global Concern. The encourage appreciation of intellectual excellence, innovation and creativity and an unfettered spirit of exploration, progress, rationality and enterprise, creation of Centers of Excellence for Quality Education and Research in the emerging fields of Engineering, Technology, Medical Sciences, Humanities and Sciences, to inculcate competence in the students in the above fields, with dignity and discipline.

Dr. N.T.R. UNIVERSITY OF HEALTH SCIENCES

Andhra Pradesh University of Health Sciences

The vision of the late legendary, Padmashree Dr N T Rama Rao, erstwhile Chief Minister of Andhra Pradesh, became a reality when 'The Andhra Pradesh University of Health Sciences, first of its kind, was established in 1986 by the Government of Andhra Pradesh, with Vijayawada as Headquarters. It is a state wide University with the aim of ensuring efficient and systematic education, training and research in allopathic and Indian systems of medicine, Dentistry and Nursing. Act No.6 of the A P Legislature was passed accordingly and the University was inaugurated on 9th April, 1986 by the then Chief Minister Dr. N.T.Rama Rao. The University started functioning from 1st November in the same year.

The objectives of the University are:

- * Improvement of standards of medical education in Andhra Pradesh
- * Maintenance of uniform curriculum in all the affiliated colleges
- * Conduction of a good quality basic and applied research, to arrive at solutions to the health needs of the people of Andhra Pradesh.

The university advocates and promotes improvisation of available natural resources for preparation of medicines for cure of human ailments, thereby bringing out the true spirit of the ancient proverb in scriptures "Vaidyo Narayano Harihi"

By establishment of the university, all disciplines of health sciences are brought under one roof: namely modern medicine, ancient Indian systems of medicine, allied health sciences like dentistry, physiotherapy, nursing, paramedical sciences. Apart from these, veterinary sciences is also included under its purview. The degrees awarded by the university are recognised by national statutory bodies like MCI, DCI, Central council of Indian Medicine, Central council of Homeopathy and Indian nursing council. The university strives to keep up the standards of education by strict adherence to rules governing each course as per the decisions of the respective councils. Outgoing students of the university are keeping up the flag high with attractive placements in India and abroad, in Government and private sectors, as well as in corporate sector. The governing bodies of the university are the Executive Council, Finance Committee, Academic Senate, Boards of studies and the Planning board. The first chancellor of the university was none other than Padmashree Late Dr N T Rama Rao garu. Presently, the Hon'ble Governor of Andhra Pradesh is the Chancellor.

Dr. Rajendra Prasad Central Agricultural University Act, 2016, with effect from 7th October, 2016, the erstwhile Rajendra Agricultural University, Bihar, Pusa (Samastipur) is converted into Dr. Rajendra Prasad Central Agricultural University. Accordingly, the University shall be governed by the provisions of Dr. Rajendra Prasad Central Agricultural University Act, 2016.

In the imperial Gazetteer of India 1878, Pusa was recorded as a government estate of about 1350 acres in Darbhanba. It was acquired by East India Company for running a stud farm to supply better breed of horses mainly for the army. Frequent incidence of glanders disease (swelling of glands), mostly affecting the valuable imported bloodstock made the civil veterinary department to shift the entire stock out of Pusa. A British tobacco concern Beg Sutherland & co. got the estate on lease but it also left in 1897 abandoning the government estate of Pusa.

In present Pusa, apart from the University a number of other organization such as Regional Research Station of IARI, New Delhi., Borlaug Institute for South Asia (BISA), Women's Teacher Training School, Campus Public School (affiliated to CBSE), Kendriya Vidyalaya, Rajendra Sishu Sadan, Govt. Basic School, Govt. High School, Govt. Girl's High School, Uma Pandey College, Brahmadeo Rai Sharma Mahila Mahavidyalaya, Community Development Block, a referral Hospital, Central Bank of India, Punjab National Bank, Syndicate Bank, State Bank of India, Cooperative Training Centre, Post Office, Office of Telecommunication and Pusa Police Station etc. are also functioning and contributing to the all round growth and development of Pusa Estate.

Pusa has thus faced many ups and downs since July 5, 1784 when a stud farm was established through a sanad with the seal of East India Company at a rental fee of 1500 Siccas for the land occupied where captain W. Frazer was the superintendent of the farm. Even today Pusa is contributing a lot to the field of agricultural education and research and holds a bright future.

Dr. RAM MANOHAR LOHIA AWADH UNIVERSITY

Faizabad - 224 001

Uttar Pradesh

Tel : 05278-246223, 246224, 245957, 246042

The Government of Uttar Pradesh, established Avadh University, Faizabad, initially as an affiliating university by its notification No. 1192/fifteen-10-46(6)-1975 dated 04 March, 1975 and appointed Prof.(Dr.) Surendra Singh as the first Vice chancellor. In 1993-94, it was renamed as Dr. Ram Manohar Lohia Avadh University, Faizabad in the memoriam of late Dr. Ram Manohar Lohia, an epic socio-economic ideologue and freedom fighter par excellence.

The university initially started its office in a rental building at Civil Lines, Faizabad. Land acquisition process for varsity's formal office started in 1976. Ultimately, the then Chancellor and the Governor of state Shri G.D. Tapase laid foundation of the present administrative building of the varsity on 02 May 1978.

The university assumed the shape of an affiliating cum residential varsity in April 1984. The residential segment became functional with the opening of four PG departments in the campus viz. History, Culture & Archaeology, Economics & Rural Development, Mathematics & Statistics and Physics & Electronics. Four more departemnts viz. M.B.A, Bio-Chemistry, Microbiology and Environmental Sciences were added to its academic paraphernalia in 1993-94 which in-turn brought recognition of the varsity under 12B scheme of U.G.C.

In 2000-01, Institute of Engineering & Technology was established on the campus with B.Tech. (in Mechanical Engineering, Information Technology, Computer Sciences and Electronics & Communication Engineering) and M.C.A. courses. In the same year, some other courses like M.C.J., M.S.W., B.Lib. and M.Lib. were also added to widen the academic spectrum of the residential setup. In addition, a number of PG programs like M.Sc-Biotechnology, M.T.A., M.P.Ed., M.Ed. and UG programs like B.B.A., B.C.A. and B.P.Ed. became functional on the campus from the session 2005-06.

Presently, the university is catering education to about 7 lakhs regular/private student through its nine residential PG departments and on campus Institute of Engineering along-with more than 400 affiliated colleges spread over in the 10 Districts of Faizabad, Sultanpur, Pratapgarh, Ambedkarnagar, Barabanki, Balrampur, Baharaich, Shravasti, Amethi and Gonda.

Dr. RAM MANOHAR LOHIA INSTITUTE OF MEDICAL SCIENCES

Vibhuti Khand, Gomti Nagar, Lucknow – 226010

Dr. RAM MANOHAR LOHIYA NATIONAL LAW UNIVERSITY

Sector – D, LDA Kanpur Road Scheme

Lucknow – 226012, Uttar Pradesh

Tel : 0522-2422855, Fax : 0522-2425901

Email : vcnlulucknow@gmail.com; vicechancellor@rmlnlu.ac.in

Website : <http://www.rmlau.ac.in>

The year 1987 saw the beginnings of the tectonic shift in perceptions about law as a career from one of the least attractive careers, to one of the most sought after, with the establishment of the National Law School, Bangalore. It was a time of hope for the legal fraternity.

The concept of a national institution to act as a pace-setter and a testing ground for bold experiments in legal education came up before the Bar Council of India in the context of the Council's statutory responsibility for maintaining standards in professional legal education (under the Advocates Act).

Dr. Ram Manohar Lohiya National Law University, was established by an Act of Govt. of Uttar Pradesh in 2005, U.P. Act No.28 of 2005 and came into being on 4th of January 2006 to meet up the new challenges in legal field and to strengthen the vision that was given by the establishment of first National Law School of the country. Originally incorporated as 'Dr. Ram Manohar Lohiya National Law Institute, Uttar Pradesh' word 'Institute' was substituted by the 'University' later, vide an amendment in the Act in November 2006. This was done to give a comprehensive national character to the Institute on lines with the other premier National Law Universities of the Country.

The University, which is getting liberal grants from the State Government, is committed to provide excellent infrastructural facilities and environment to advance and disseminate learning and knowledge of law and legal process and to develop in the students and research scholars a sense of responsibilities to serve the society in the field of law by developing skills in advocacy, judicial and other legal services and legislation and the like.

The present law has to meet the requirements of the society, which is entering into 21st Century. Law has to deal with problems of diverse magnitudes and a student of law and an Advocate has to be trained in Professional skills to meet the challenges of globalization and universalization of law. With the advent of multinationals in India as anywhere else, the task of lawyers would be highly technical and an imperative need would arise to have competent lawyers who would be trained in the right culture of Legal Education. This makes a sound case for introducing reforms in Legal Education, and we at Dr. Ram Manohar Lohiya National Law University aim at all these aspects.

Dr. SHAKUNTALA MISRA NATIONAL REHABILITATION UNIVERSITY

Mohaana Road
Lucknow-226017, Uttar Pradesh
Tel : 0522-2998380/81/82

Dr. Shakuntala Misra National Rehabilitation University, established by Government of Uttar Pradesh in the year 2008, is a highly innovative that proactively brings together under one umbrella-the academia and social responsibility. The potent synergies of this blending open up huge possibilities for translating ideas into action, taking science to soil, and lab to land. First of its kind in India, the University not only offers accessible and world class higher education to all but also addresses the educational needs of the physically challenged in a seamless and sensitive academic environment.

The impressive and modern University campus is spread over 131 acres of land in Lucknow-the state capital of Uttar Pradesh. Wi-Fi equipped campus with barrier-free infrastructural and educational environment; technology-friendly smart classrooms with modern audio-visual education aids like Computers, CCTV, Projectors etc.; Multimedia educational approach; well equipped computer lab with JAWS (Job Access with Speech); and green eco-friendly campus-all combine to offer the student a world-class educational experience for all-round development. The Library in the University caters to the students with a rich collection of international and national books, journals, reports and reading material on a wide range of subjects.

The allied facilities of the University include Post-Office, Bank, Electricity Sub-Station, Students Hostel (Boys' & Girls'), Guest House, Staff Quarters, Computer Center, Placement Cell, RTI Cell, Disability Cell and Bus Shuttle Services to name a few. The state-of-the-art infrastructure of the University makes it a self-sufficient academic microcosm.

The University encourages inter-disciplinary and multi-disciplinary approach for holistic academic development of faculty and students alike. Dedicated and distinguished faculty with wide exposure in their respective disciplines make for lively transaction of knowledge and vibrant class room atmosphere. The course curricula of various courses in the University are designed to meet the international standards of that are comparable with the best. The uniqueness of the University lies in imparting quality education based on international parameters and the paradigm of inclusive empowerment of differently abled people. The University firmly believes that knowledge and comprehensiveness are glorious attributes of a civilized society. Hence, our endeavour is to educate and inculcate moral values in students for making them good individuals and good citizens.

Dr. SHYAMA PRASAD MUKHERJEE UNIVERSITY

P.O. - Ranchi University Morahabadi

Ranchi- 834008

Telephone : 0651- 2233803

Email :rcrprincipal@gmail.com

Website : <http://www.dspmuranchi.ac.in>

Situated on the tropic of cancer, at an altitude of 651m from sea level amidst tropical flora and fauna, Ranchi College, Ranchi (now upgraded as a Unitary State University and known as Dr. Shyama Prasad Mukherjee University, Ranchi) had been established during the Pre- Independent India. Established in 1926 as a Government Intermediate College, it marched ahead and began Under-Graduate and post-graduate Courses in various subjects of Arts/Science in the year 1946.

Even after Independence, Ranchi College continued to celebrate its recognition as Government College. Till the creation of Ranchi University, Ranchi on 12th July, 1960, it functioned as a Unit of Patna University, imparting quality Higher Education in faculties of Humanities, Science and Social Science.

Following the creation of Ranchi University, Ranchi on Saturday, July 12th, 1960, Ranchi College had been placed as a Unit of Ranchi University by the then Government of Bihar. Meanwhile, a new 28th state of India, Jharkhand was carved out of the Southern part of Bihar on November 15, 2000. Now the pressure was high on it. And, it took the responsibility well. Based on its performance, the UGC accorded it the status of an “Autonomous College” in 2009. Also, it had been recognized by the UGC as “College with Potential for Excellence”. This primer college of the Capital has set its mood and it never looked back.

And, on Tuesday, April 11, 2017 Ranchi College, Ranchi scripts a history and is upgraded as Unitary University, named as Dr. Shyama Prasad Mukherjee University, Ranchi

Traversing over 110 acres of land, in the heart of the Capital city of Jharkhand, Dr. Shyama Prasad Mukherjee University, Ranchi has an elephantine Building Architecture, strong base of Human Resources, well-furnished Laboratories and digitally equipped classrooms, Language Laboratory for Development of Communicative Skills, Attractive Classrooms (some are heritage classrooms), Expanded Gardens and Botanical Gardens catching its span till a nearby Oxygen park.

Mission

- To develop our campus as an educational hub strongly networked with the parents of students, Alumni, leading industries, and academic institutions.
- To impart employment worthy knowledge and skills to every aspiring and deserving youth.
- To create an environment that encourages creative thinking and innovation.
- To educate all students with comprehensive training and inculcation of ethical values in order to meet the needs of industry and civil society.

Vision

- Our vision is to be a leading institute by transforming students into proficient and socially responsible professionals.

Chairman's Message

It is my pleasure to welcome you to Dr. Subhash University, Junagadh. We realize that the teen age is the best part of one's life to dream, plan and endeavor to achieve one's desired goal. Our social philosophy is that the students are the parents' assets passed on to us for value addition. Our personal endeavors would be to play the roles of teacher, tutor, mentor, friend and counselor to nullify any short comings in the students and to discover and strengthen their abilities to become most sought after technical man power from this region. I am certain that parents and public would extend their helping hands to make the students realize that after their Mother as the very first teacher at home their college is their second institutional Mother who nourishes and moulds their technical bodies. With parental cultivation of their wards to show similar respect and love to their Mother institution, the parents and public can rest assured that all of us at Dr. Subhash University will return the students to Society as knowledgeable, competent and confident professionals.

Dr. Subhash University which is an institutional Jewel of Junagadh, was founded in the year 2010 by the industrialist, philanthropist and a visionary Late Shri Pethaljibhai N. Chavda and is dedicated to the memory of his late son Dr. Subhash P. Chavda. It is the flagship institution among the seventeen institutions managed by Dr. Subhash P. Chavda Ahir Kelavani Mandal, Junagadh which is a trust.

Dr. Y.S. PARMAR UNIVERSITY OF HORTICULTURE AND FORESTRY

Nauni, Solan - 173 230, Himachal Pradesh

Website : <http://www.yspuniversity.ac.in>

Dr. Yashwant Singh Parmar University of Horticulture and Forestry, Solan, was established on 1st December, 1985 with the objective to promote education, research and extension education in the fields of Horticulture, Forestry and allied disciplines. Late Dr. Yashwant Singh Parmar, the first Chief Minister and the architect of Himachal Pradesh perceived the importance of Horticulture and Forestry to develop and improve the State economy which led to the establishment of this University. Its history lies in erstwhile Himachal Agricultural College, Solan, established in 1962 and affiliated to the Panjab University. It became one of the campuses of Agriculture Complex of Himachal Pradesh University on its formation in 1970. Consequent upon the establishment of Himachal Pradesh Krishi Vishvavidyalaya in 1978, this campus became its Horticulture Complex and finally in 1985, assumed the status of a State University, being the only University in the country engaged exclusively in teaching, research and extension in Horticulture and Forestry.

The University is located at Nauni in Solan District of Himachal Pradesh, 13 km from Solan on Solan-Rajgarh Road, at an elevation of 1300 metres above mean sea level. Solan town is situated on national highway (NH-22) and is well connected by train and bus services.

From this year, a new “Institute of Biotechnology and Environmental Science” has been established at Neri in Hamirpur District located on Nadaun-Hamirpur State Highway, about 6 Km away from Hamirpur town and is well connected with bus service.

The University has two constituent Colleges located at the main campus, Nauni, one for Horticulture and the other for Forestry, having 8 and 7 departments respectively besides Seed Technology & Production Centre functioning under College of Horticulture. B Sc (Honours) Horticulture and B Sc (Honours) Biotechnology degree programme(s) shall commence from this Academic Year at the “Institute of Biotechnology and Environmental Science” at Neri in Hamirpur District. In addition, there are 5 Regional Research Stations and 12 Research Sub-Stations situated in different zones of the State and four Krishi Vigyan Kendras (KVKs) at Chamba, Rohroo, Sharbo and Kandaghat.

Dr. Y.S.R. ARCHITECTURE AND FINE ARTS UNIVERSITY

Andhra Pradesh is a fast-growing State in all aspects and is acquiring importance both at National and International level. The fields of Architecture, Engineering, Fine Arts, Management and Pharmacy have become essential for the growth of our country. To meet the need of experienced professionals with practical, creative and real life problem solving skills in art, design and architecture, Dr. YSR Architecture and Fine Arts University is established to offer quality and state-of-the art education.

Earlier, Under the special policy of providing a systematic education in Art and Architecture to the present needs of design industry, Jawaharlal Nehru Architecture and Fine Arts University was established under the Act of Andhra Pradesh State Legislature No.31 of 2008 by Late Dr. YS. Rajasekhara Reddy garu Former Chief Minister of Andhra Pradesh. After the separation of Telugu state into two namely Telangana and Andhra Pradesh Prof. D. Vijay Kishore (OSD, Vice-Chancellor I/c), made the proposal of a separate Architecture and Fine Arts University in the state of Andhra Pradesh to the honourable Chief Minister Sri. Y.S. Jagan Mohan Reddy Garu and the State Government. Under the

dynamic leadership of the Chief Minister a new University is established under Sub Section (2) of the Section (1) of the Jawaharlal Nehru Architecture and Fine Arts University (Amendment) Act, 2019 of A.P Legislature Act No.15 of 2020 paving way for Dr. YSR Architecture and Fine Arts University, Kadapa.

The University comprises of Ten versatile departments offering Under graduate, Post graduate and research programs in two specialised constituent bodies namely School of Planning and Architecture (SPA) and College of Fine Arts (CFA). Its teaching programs aim to build thoughtful professionals and its research programs deepen the understanding of human settlements.

Human habitat and environment being the basic concern of the University, the spectrum of academic programmes is being continuously extended by providing programmes in new fields and emerging areas. The University also undertakes advisory projects to further the goal of making built environment more functional and sustainable. Through its education, research and advisory activities, and improve the impact of habitat professions in enriching the lives of people in A.P's Villages, Towns and Cities.

Dr. Y.S.R. HORTICULTURAL UNIVERSITY

PO Box No. 7, Venkataramannagudem
West Godavari District - 536 101, Andhra Pradesh
Tel : +91 - 8818 – 284311
+91 - 8818 – 284223, +91 - 8818 – 284311
Email : vcaphu@gmail.com vc@drysru.edu.in
Website : www.drysru.edu.in

The University was established by the Government of Andhra Pradesh through G.O.Ms.No.134 dated 26-06-2007 at Venkataramannagudem, near Tadepalligudem in West Godavari District. It is the second Horticultural University in the country. Andhra Pradesh being the leader in the production of mango, oil palm, chillies, turmeric, sweet orange, papaya and second largest producer of total fruits and spices richly deserves Horticultural University to increase the productivity, sustaining the productivity and commercialization of Horticulture in the State.

Started functioning w.e.f 26th June 2007, the university was managed by the Agricultural Production Commissioner and Principal Secretary to the Government, ATM as the Special Officer supported by an Officer on Special Duty and Coordinator drawn from the Acharya NG Ranga Agricultural University. Three new Colleges of Horticulture, one each at Venkataramannagudem in West Godavari District, Mojerla in Mahaboobnagar District and Anantharajupet in Kadapa District were started in the 2007-08 academic year. The UG and PG educational programmes being offered at Rajendranagar, Hyderabad under Acharya NG Ranga Agricultural University were also brought into the fold of Andhra Pradesh Horticultural University from 2007-08 academic year onwards.

The Board of Management of the university was constituted on 16th February, 2008 and the first Vice-Chancellor was appointed on 26-02-2008. Consequently 27 Research Stations dealing with Horticultural Research and two Polytechnics were transferred along with the assets and employees with effect from 01-04-2008. The Dr.Y.S.R Horticultural University started functioning independently from 10-05-2008 at its headquarters at Venkataramannagudem. Manpower and technology development through education and research has to be in accordance with the present day need; both qualitatively and quantitatively. Present day demand influenced by the development in the recent past such as nutritional security, food safety, environment safety, commercialization and globalization of horticulture and avoiding huge post-harvest losses have to be met through manpower and technology development. Accordingly, the course curriculum for graduate and post-graduate courses have been developed. The course contents and the courses have been formulated with slight modifications in the IV Deans Committee recommendations of ICAR within the permissible limits to suit the specific needs of Andhra Pradesh Horticulture. Hands on training in commercialisable technologies in Horticulture has been designed for two batches 14 weeks each, in the VII and VIII semesters of the B.Sc. (Hons.) in Horticulture.

DRAVIDIAN UNIVERSITY

Kuppam - 517 425, Distt. Chittoor

Andhra Pradesh

Tel : 08570 -278236, 254001, 278220, 254005

Fax : 08570-278209,278230

Website : <http://www.dravidianuniversity.ac.in>

The Dravidian family of languages, which includes more than 27 tongues, the most ancient, living language family of the world, one of the richest contributors to the cultural mosaic of India, often confronts the question whether it enjoys its due recognition in the subcontinent; whether it is being academically cared adequately and receives equal attention on par with other languages of National importance; and whether the Dravidians contribution to Indian literature, Indian philosophy of Indian history and culture are being properly and adequately evaluated by the scholarly community.

It is such agonized perceptions of a few outstanding academics and administrations that has led to the formation of Dravidian University Thanks to the boldness of the Government of Andhra Pradesh, it had taken up the task of establishing the Dravidian University in 1997 at the tri- lingual junction, Kuppamin Chittoor District, A. P., 8 k.m away from TamilNadu, 4 km, away from Karnataka and hardly about four hours drive to Kerala, basically to promote a spirit of integration and strong bonds of fraternity among the major Dravidian language speakers of the Southern states and to advance studies and research in the integrated body of Dravidian lnguico - cultural heritage.

The Dravidian University was established through a Legislature Act of Andhra Pradesh and conceived as an Inter - State Institution. The neighboring Governments of Tamil Nadu, Karnataka and Kerala have extended initial support which enabled the University to take up constructions of Vemana Bhavan, Thiruvalluvar Bhavan, Narayanaguru Bhavan and Basava Bhavan remembering the great Social Saints of the South who enshrined the language cultures with their immortal thoughts.

The University located in a serene rural setting with pleasant greenery spread over the spacious campus of about 1000 acres endowed with huge deposits of granite, giving a picture of rock garden, is one of the most ideally suited institution for quite and dedicated studies and research harmonizing the individual, both internally and externally. The campus absolutely pollution free.

Every growing institution should be potential enough to dream, and Dravidian University also continues to dream to achieve higher goals and to attain a gratifying place of distinction in the galaxy of Indian Universities enjoying international repute.

With the help of our mentors, we network with the industry to ensure that top Indian companies and MNCs come to the campus for placements. Simultaneously, Eklavya University is strengthening its education programs to incorporate interdisciplinary and skill based learning opportunities. This is in keeping with the new education policy that emphasises interdisciplinarity in the sphere of education. Further, with online education being the new norm, Eklavya has moved in a seamless manner to online teaching through its advanced technological infrastructure. Far ahead of other institutions in the region, the University has been successfully using online instruction, webinars, virtual classes, and discussion forums, to aid learning.

Eklavya University prepares you for a life of meaning and means. You will be taught by extraordinary teachers, gain hands on learning experiences, and develop strong industrial networks as you pursue your academic and experiential passions. This is our Commitment to you.

Vision

Eklavya University, will transform lives and communities through learning.

Mission

- Nurture achievers in life and careers through a value based, industry relevant and future ready education.
- Emphasize research, interdisciplinary learning, and practical hands on education.
- Equip every student with the required social and technical skills to achieve employment generation.
- Provide a holistic education deeply rooted in the ways of the traditional Gurukulsystem.
- Bring quality education within the reach of every individual, by committing to the achievement and maintenance of excellence in education, research and innovation.
- Create and disseminate knowledge through research and creative inquiry..
- Serve students by teaching them problem solving, leadership and teamwork skills, lateral thinking, commitment to quality and ethical behaviour.
- Create a diverse community, open to the exchange of ideas, where discovery, creativity, and personal and professional development is encouraged and can flourish.

ENGLISH AND FOREIGN LANGUAGES UNIVERSITY

O.U. Campus Hyderabad
Telangana - 500 007, Andhra Pradesh
Tel : 040-27098141, 27097530, 27098225, 27098392
Fax : 040-27070029, 27098402
Email : cieflhyd@ciefl.ac.in
Website : <http://www.ciefl.ac.in>

The Central Institute of English was the brainchild of the first Prime Minister of India, Pandit Jawaharlal Nehru. CIE, as it was called then, was set up in 1958 in Hyderabad to train teachers of English.

In April 1972, the Institute broadened its scope to include the major foreign languages, and was renamed the Central Institute of English and Foreign Languages. CIE became CIEFL, and in July 1973 in recognition of its high standards of excellence, the University Grants Commission accorded the Institute the status of a deemed university.

The Institute continued to grow; M. Litt. and Ph.D. programmes were added to the existing Post Graduate Diploma courses. To meet the demands of language teachers across the country, the Institute set up two Regional Centres: one in Shillong (1974), and the other in Lucknow (1976).

With the introduction of the Department of Correspondence Courses in 1974, language teachers, both English and foreign languages, had access to many courses through the distance mode.

In 2000, the CIEFL shed its 'training institute' avatar, and for the first time began to offer M.A programmes in English Literature, English Language Teaching, Cultural Studies, Linguistics and Phonetics, and Media and Communication. Seven years later, in 2007, thanks to an Act of Parliament, the Institute affectionately called 'see fl' by many became 'iifl'.

In the past 50 years, many scholars have visited us and interacted with our faculty and researchers; prominent visitors have included Mulk Raj Anand, Raja Rao, Anita Desai, William Golding, Noam Chomsky, Michael Halliday, Richard Kayne, E C G Sudharshan, U R Ananthamurthy, A.K Ramanujam and Braj Kachru.

ETERNAL UNIVERSITY

Baru Sahib, Distt. Sirmour-173101

Himachal Pradesh

Phone : 01799-276012, Fax : 01799-276006

The Eternal University, established by Act No. 3 of 2009 by the government of Himachal Pradesh, is one of the few universities in the world committed to value based higher scientific and technical education as per the visions of Sant Baba Attar Singh Ji and Sant Baba Teja Singh Ji effectively translated and implemented by Baba Iqbal Singh Ji under Kalgidhar Trust in close collaboration of network of CBSE affiliated Akal Academies for promoting rural education, women empowerment and universal brotherhood for eternal world peace. Situated at Baru Sahib in the Valley of Divine Peace the university provides a unique, peaceful, social, spiritual and pollution free environment for harmonious development away from the worldly distractions. I am highly thankful to Baba Iqbal Singh Ji, Chairman of Kalgidhar Trust and Chancellor Eternal University for his blessings, faith and trust while giving me the opportunity to lead the Eternal University as its Vice Chancellor. No postgraduate education programme in a university can be run effectively without basic and applied research facilities for imparting state of art training and hands on experience to the students. Concerted efforts will be made to identify, support and promote basic and applied research to generate knowledge and technology in the strategic and emerging thrust areas and research gaps of India in general and Himachal Pradesh in particular by competent and dedicated faculty through multidisciplinary teams across its constituent colleges and schools and institute-industry linkages. New postgraduate programmes will be introduced in upcoming areas including nanotechnology, food technology and renewable energy in addition to the ongoing biotechnology and public health programmes.

Efforts will be made to revise and develop the course curriculum with a suitable emphasis on vocational courses as per industrial requirements, to attract the best talent through motivation, scholarships and fellowships and create active and cordial teacher-taught interaction for value-based education in this unique residential and predominantly girls' university such that our graduates are transformed as the best citizens to earn their livelihood and act as our ambassadors for promoting universal brotherhood and eternal peace. Efforts will be made for on the campus training and certification of the pass outs, industrial visits, motivation, development of communication skills for their suitable industrial placement and higher education in India and abroad. Ministry of Human Resource Development, University Grants Commission and several other central and state governments' nodal supporting and regulatory councils and commissions for higher education must consider the private universities as their valuable assets and partners and not competitors for sharing their responsibility of right to education for every Indian.

ERA UNIVERSITY

Sarfarazganj, Hardoi Road
Lucknow-226003, Uttar Pradesh
Phone: 0522-4153777
Website: <http://era.university-nic.in>

Quality education leads to quality living. Life, nourished with knowledge of the highest order, not just stirs up your potential, it also takes you beyond your capabilities. Obsessed with the idea to transform education from being a cluster of well-understood subject to becoming well-adapted aspects and principles of life the ERA EDUCATIONAL TRUST has conceptualized Era's Lucknow Medical College and Hospital as a "Centre of Excellence" in medical education, medicare, training and research. The college is affiliated to Dr. Ram Manohar Lohia Avadh University, Faizabad and is recognized by Government of India and Medical Council of India, New Delhi. ELMC is offering comprehensive patient care with a humane touch on charitable basis for the benefit of the poor and needy. The college is on the list of WHO/ AVICENNA and IMED/FAIMER directories.

Era's Lucknow Medical College & Hospital brings to the semi-urban and rural population in and around Lucknow the best medical facilities in the state at subsidized rates. The charity work done by the hospital benefits the poorest of the poor. Free admission, free medicine and free meals are provided to patients from underprivileged sections of society. Diagnostic services are also available free of cost for such patients. The registration fee for a patient is a token amount of Re. 1/- after which the patient can consult highly experienced doctors for a period of 15 days during which patient is also provided with medicines. Beds are provided to in-patients @ Rs. 5 /- per day. For the children of employees of ELMC&H an English medium school has been established within the campus. Books are provided free of cost. Uniform is provided at subsidized rates. A nominal fee of Rs. 50/- per month is charged which is further reduced to Rs. 10/- to charge as a token amount for Extremely needy students just to maintain their self respect. The EET through its tireless efforts aims at inculcating the traits of honesty, compassion, courage, persistence and responsibility among students, so as to enable them to become competent doctors on one hand, and sensitive and caring human beings on the other.

FAKIR MOHAN UNIVERSITY

Vyas Vihar, Nuapadhi

Balasore - 596 019, Orissa

Tel : 06782-264244, 257011, 261711, 262129

Fax : 06782-264244

The Fakir Mohan University, Vyasa Vihar, Balasore was established by the Government of Orissa, under Section 32 of the Orissa Universities Act, 1989 (Act 5 of 1989) and it was notified vide the Government's Notification No. 973 dated 3rd July, 1999. The University has also been duly recognized by the UGC under section 2(f) of the UGC Act by the Notification No. F-9-1 / 2000 (CPP-I), dated 11th February 2000 as well as under section 12(B), vide UGC letter No. F.9-1 /2000 (CPP-I) dated 23rd December, 2005. It has also been accredited by the Association of Indian Universities, vide their letter No. Meet: SC: 261:2K/108693, dated 22nd August, 2000. The University is functioning from its present campus at Vyasa Vihar. New campus at Nuapadhi has already started functioning. All the P.G. Departments of the University are computer based. Automation of the office and the library is going to be completed soon.

The University has Computer lab, Biotechnology lab, Environmental Science lab and Applied Physics and Ballistics lab. Besides its lab in the department there is a centralised computer centre, central library with internet connection. Welfare facilities include bank, canteen, gym, boys hostel, girls hostel, and staff quarters. Directorate of Distance and Continuing Education under Fakir Mohan University is established with the mission to reach out to more and more people and help them in their endeavor to study further and taking education to the doorstep of the people by removing all barriers of learning without compromising the quality of education.

To cope with the increasing demand for higher education and to enable the students of the weaker sections of the society and of rural background for higher education who are unable to pay fee charged by private technical institutes. To provide quality education at reasonable fee structure. To introduce a host of Vocational Degree and Diploma Courses through Distance Education mode, with the hope to reach out to more and more people and help them in their endeavor to study further and taking education to people at their door step by removing all barriers of learning. But, of course, without compromising the quality factor. To provide meaningful opportunity for employment of young people by enhancing their knowledge base. To cater to the needs of the unprivileged section of the society particularly the physically and mentally retarded population of the state. To serve as catalyst and development of an open learning system and contribute to create the best academic environment for unemployed youths of the Country.

FLAME UNIVERSITY

Gate No. 1270, Lavale, Off. Pune Bangalore Highway
Vadai, Dist. Pune – 412115
Toll Free : 1800-209-4567
Email : enquiry@flame.edu.in

FLAME University has been established as a State Private University vide the FLAME University Act 2014 (Maharashtra Act No. II of 2015) of the Government of Maharashtra. FLAME University is recognized by the University Grants Commission (UGC) under Section 2(f), and degrees awarded by the University are recognized under Section 22 of the UGC Act, 1956.

Our postgraduate business program offered by FLAME School of Business is also approved by AICTE. It is accredited by the National Board of Accreditation (NBA) for a period of five years. This program has also been accepted into the CFA University Recognition Program. Additionally our postgraduate communication program offered by FLAME School of Communication is approved by AICTE.

FLAME University exists to build an aspirational destination for students and faculty, to push the design and nature of studies and to create a societal upgradation phenomenon particularly in the fields of liberal education and leadership.

FLAME will be amongst India's most reputed and respected universities. We will be the university of choice for higher education in India. We will be recognized for the impact our teaching has on our students and the community at large. Further, we will be the leader in creating and disseminating knowledge in the disciplines we offer. With that, we will pioneer the advancement of knowledge in these disciplines.

FLAME is conceptualized with a desire to give something back to society. We believe in sharing of "Gyan" or knowledge since the ultimate goal for all human beings in the accumulation of knowledge. With that dictum, FLAME aims inculcate a habit of lifelong learning and inquiry amongst students, leading to the advancement of their well-being.

The leadership team at FLAME University is responsible for articulating the vision of the University, defining the benchmarks and goals, and overseeing implementation and achievements. The team provides rigorous leadership through purposeful and consultative oversight.

The various teams meet periodically to discuss, debate and decide on academic, administrative and policy issues, and the efficient and ethical running of the University in consonance with the stipulated statutes and regulations. The members on various leadership teams are always encouraged to have open and frank conversations, set new agendas, and offer new ideas for discussion about the future of the University.

FOREST RESEARCH INSTITUTE UNIVERSITY

P.O. - I.P.E., Kaulagarh Road

Dehradun - 248 195, Uttarakhand

Tel : 0135-2755277, 2756803, 2751826, Fax : 0135-2756865

Email : ppbhoj@icfre.org, nautiyaltc@icfre.org, icfre@envfor.delhinic.in

Website : <http://www.icfre.org/institutes2/fri.htm>

<http://www.enfor.nic.icfre/fri/fri.htm>

Established as Imperial Forest Research Institute in 1906, Forest Research Institute (FRI) Dehradun, is a premier institution under the Indian Council of Forest Research and Education (ICFRE). Styled in Greco Roman Architecture by C.G. Blomfield, the main building is a National Heritage which was inaugurated in 1929.

The Institute's history is virtually synonymous with the evolution and development of scientific forestry, not only in India, but over the entire Indian sub-continent. Set in a lush green estate spread over 450 hectares, with the outer Himalaya forming its back drop, the Institute's main building is an impressive edifice, marrying Greco-Roman and Colonial styles of architecture, with a plinth area of 2.5 equipped laboratories, library, herbarium, arboreta, printing press and experimental field areas for conducting forestry research, quite in keeping with the best of its kind anywhere in the world. Its museums, in addition to being a valuable source of scientific information, are a major attraction for tourists. The Institute caters, in particular, to the research needs of the Indo-Gangetic plains of Punjab, Haryana, Chandigarh, Delhi and Western Uttar Pradesh, as Well as the U.P. Himalayas. Forest research at the FRI is organized under fourteen divisions.

As per the Notification no. F.9-25/89-03, Ministry of Human Resource & Development, Dept. of Education, Govt. of India Dated 6th December, 1991 the Forest Research Institute-dehradun shall be deemed to be a University (Published in Gazette of India, Part I, Section I). Forest Research Institute, Dehradun made a humble beginning from the Forest School established in 1878. Initially named as Imperial Forest Research Institute, FRI came into being in 1906.

The following targets are fixed for planning of Quality Objectives at divisional levels. Quality objectives shall be planned as per procedure No.QSP/5.4.1/01 by all the concerned HoDs. MR shall coordinate for effective implementation and follow-up.

1. Generation and dissemination of knowledge for conservation, development and sustainable management of forest resources and environmental protection.
Target for annual growth: 5 %
2. Customer satisfaction through timely delivery of quality products and services.
Target for annual growth: 2%
3. Human resources development through quality education and trainings.
Target for annual growth: 5%

FOOTWEAR DESIGN & DEVELOPMENT INSTITUTE, NOIDA

A-10/A Sector 24 Noida Gate No -1 FDDI Complex
Noida, Uttar Pradesh 201301
Tel : 0120 450 0203

Established in 1986, Footwear Design & Development Institute (FDDI) is a premier academic and training institution dedicated to the development and growth of Footwear, Leather, Retail & Fashion Merchandise, and Fashion Design sectors. You should consider FDDI for one of the most important phases of your education because:

- FDDI is an Institution of National Importance (INI) functioning under Ministry of Commerce & Industry, Government of India. INI is a recognition given to only 95 academic institutions in India which include IITs, IIMs, AIIMs, NITs, and IIITs.
- Its curriculum is industry-focused and covers internships, live projects, field visits, case studies, and interaction with people from the industry.
- Well-qualified faculty members, some with experience of handling international projects, teach here
- Seven campuses of FDDI have been approved as “Centre of Excellence” to take up research and innovation in some of the domains we teach.
- It has alliances with leading international schools/ universities such as Arsutoria school, University of Northampton, and Tomas Bata University.

FDDI being an “Institution of National Importance” is amongst the four Institutes in the world offering higher education in Footwear and Product Design, Manufacturing and Management.

The international linkages and tie-ups, structured blending of the technical training and the application based managerial specialization in the area of Design, Production, Marketing, Merchandising and Retail Management, the Alumni have witnessed high career opportunities in Footwear Designing, Footwear Fashion/Styling and CAD, Production and Planning, Marketing, Merchandising, Buying/Sourcing, Costing and Quality Management, Shop Floor operations and in the back end of Footwear Retailing sector both in India and abroad.

It is a privilege to have ensured our primary goal of meeting the educational needs of the society is fulfilled to the best of our abilities. In the process of providing quality education, we have developed world class infrastructure, conducive teaching-learning environment, and a dedicated support system for student progression. We are committed to create leaders who can expand the boundary of knowledge. Today, the FS University has a record of producing efficient, confident, and highly skilled workforce with global outlook and progressive approach which in turn is going to contribute to the nation building with a strong adherence to ethics and Sanskar.

FS University is a name synonymous with unparalleled success. We at FS University believe to the philosophy of ‘modernity blends with tradition, while fostering talent’. We are committed towards this philosophy and thus constantly compliments classroom learning with extracurricular activities. We are committed to incorporate path breaking ideas, cutting edge technologies and latest research trends into academics and scholastic work for the benefit of students, research scholars, faculty members and other associated academicians across the globe.

VISION

We are committed to create a learning sphere which will facilitate our students to enhance their skill sets based on the imparted knowledge which will enable them to participate in nation building. Our vision is to be an inclusive, accessible, and valuable platform in fulfilling the aspirations and career goals of our diverse range of students and supporting future leaders, innovators, and entrepreneurs.

MISSION

We are devoted to providing the best of education to our students to make them better citizens who will contribute towards building a better society through their aspiration and academic excellence. Our mission is to empower our students at all stages of their career journey to take ownership of their future, helping them to make the connection between their experience, education, and future ambitions.

Website : <http://www.gbpuat.nic.in>

After independence, development of the rural sector was considered the primary concern of the Government of India. In 1949, with the appointment of the Radhakrishnan University Education Commission, imparting of agricultural education through the setting up of rural universities became the focal point. Later, in 1954 an Indo-American team led by Dr. K.R. Damle, the Vice-President of ICAR, was constituted that arrived at the idea of establishing a 'Rural University' on the land-grant pattern of USA. As a consequence a contract between the Government of India, the Technical Cooperation Mission and some land-grant universities of USA, was signed to promote agricultural education in the country.

The US universities included the universities of Tennessee, the Ohio State University, the Kansas State University, The University of Illinois, the Pennsylvania State University and the University of Missouri.

The task of assisting Uttar Pradesh in establishing an agricultural university was assigned to the University of Illinois which signed a contract in 1959 to establish an agricultural University in the State. Dean, H.W. Hannah, of the University of Illinois prepared a blueprint for a Rural University to be set up at the Tarai State Farm in the District Nainital, UP. In the initial stage the University of Illinois also offered the services of its scientists and teachers. Thus, in 1960, the first agricultural university of India, UP Agricultural University, came into being by an Act of legislation, UP Act XI-V of 1958.

The Act was later amended under UP Universities Re-enactment and Amendment Act 1972 and the University was rechristened as Govind Ballabh Pant University of Agriculture and Technology keeping in view the contributions of Pt. Govind Ballabh Pant, the then Chief Minister of UP. The University was dedicated to the Nation by the first Prime Minister of India Pt Jawaharlal Nehru on 17 November 1960.

The G.B. Pant University is a symbol of successful partnership between India and the United States. The establishment of this university brought about a revolution in agricultural education, research and extension. It paved the way for setting up of 31 other agricultural universities in the country.

G.D. GOENKA UNIVERSITY

G.D. Goenka Education City
Sohna Gurgaon Road, Sohna, Haryana
Tel : +91-124-3315900, +91-8800992021, +91-8800992022 / 23

G H Raisonni University, Amravati is a vibrant community of academicians and learners that helps students to choose and succeed in the field of their choice. Although, as a university our journey has just started two years back but history explains our strong foundation in the education sector. Raisonni Group of Institutions (RGI) has a glorious history of more than two decades of existence in the education sector that was started in 1998 by acquiring a single engineering college which has grown into one of the leading educational group in Central India.

G H Raisonni University was established on 13th June, 2016 under The Madhya Pradesh Niji Vishwavidyalaya (Sthapana evam Sanchalan) Adhiniyam Act No. 17 of 2007'. It is situated at Saikheda, which is at the border of Maharashtra and Madhya Pradesh. The University is at a distance of Approx 60Kms from Nagpur as well as Chhindwara. Raisonni University has a vibrant community of academicians and learners that helps the students to choose and succeed in the field of their choice. Although, as a university our journey has just started but history, explains our strong foundation in the education sector. Raisonni Group of Institutions (RGI) has a glorious history of near about 2 decades of existence in education sector that was started in 1998 by acquiring a single engineering college in Nagpur, which has grown into one of the leading educational groups in Central India with its presence in 6 major cities.

G H Raisonni University intends to play a proactive role in the present day knowledge-driven global economy by imparting state of the art education to aspiring and ignited young minds to prepare them to succeed, flourish, prosper and thrive in an unknown and uncertain future. A Naturally beautiful and green pollution free campus of the University having excellent location with easy approach from all sides of the city, facilitates the environment friendly atmosphere for all round development of the student. This is a massive educational institute in central India aimed at providing quality Undergraduate and Postgraduate programs to the students. The academic programs at GHRU, Amravati follow the flexible Choice Based Credit System (CBCS) with Outcome Based Approach. Our approach to creating an exceptional student experience and delivering the highest level of teaching and learning is quite simple.

Vision

Be an internationally acclaimed University, recognized for excellence in teaching, research and outreach; provide the highest quality education to students, nurture their talent, promote intellectual growth and shape their personal development; remain dedicated and steadfast in the pursuit of truth aligned with the promise of serving humanity through the creation of well-rounded, multi-skilled and socially responsible global citizens.

Mission

Foster all-round development of students through multifaceted education and sustained engagement with local, national and global communities, and nurture lifelong inspired learners from across the globe in line with our cultural ideal of "Vasudhaiva Kutumbakam".

GLA UNIVERSITY

17 KM Stone, NH-2, Chaumuhan

Mathura – 281406

Uttar Pradesh

Tel.: +91-5662-250900, 250909

Fax: +91-5662-241687

It was in the year 1998 that Shri Narayan Das Agrawal took the initiative to fulfill his father's dream and laid down the foundation of the GLA Group of Institutions that later grew to become the GLA University through the U.P. State Legislative Act of 2009 (UP Act 21 of 2010). The Campus of the University is spread across more than 80 acres of lush green and expansive grounds. The University is home to more than 6,000 students, studying in a gamut of professional courses. The establishment feels proud of its alumni base of more than 9,500 students. The University premises are one of the best in the region and give the University, an advantage over its compatriots. The campus with modern infrastructural facilities deserves a mention for its well designed and maintained buildings, contemporary laboratories, spacious residential complexes, and recreational facilities.

The University employs more than 350 qualified faculty and 500 staff members. Renowned academicians, who believe in the over-all growth and development of their students, head the institutions of GLA University. GLA follows an interdisciplinary approach in its teaching methodologies and that is what sets it apart from other universities.

Our Vision:

To be a Pace-Setting University of Academic Excellence focused on EDUCATION, RESEARCH and DEVELOPMENT in Established and Emerging Professions"

Our Mission:

- To impart quality education at both the undergraduate and post-graduate levels, to conduct research and to provide consultancy and extension services as per current and emerging socio-economic needs.
- To continuously improve the quality of the teaching-learning process and set standards that other institutes would want to emulate.
- To be totally student-centric and cater to overall growth and development of intellect and personality so that the alumni are worthy citizens and highly sought after professionals.
- To empower the faculty and staff so that the university's ambience is one of harmony, mutual respect, cooperative endeavour and receptive forever

GLOCAL UNIVERSITY

Delhi-Yamunotri Marg (State Highway 57)
Mirzapur Pole, Dist - Saharanpur
Uttar Pradesh - 247001
Tel: 0132-6548036 Mob.: 9045734000, 9045738000
Website : <http://glocaluniversity.edu.in>

Glocal's campus is spread across 300 acres approx. in the quiet surroundings of the Shivalik foothills; offering the perfect blend of state-of-the-art infrastructure and beautiful natural surroundings.

Being a residential campus, we take special care to ensure that our students are provided with all the necessary amenities required. To that effect, the university comes equipped with fully furnished separate hostel facilities for boys and girls with an attached dining hall to each hostel. A 3-star hotel facility is also provided in the campus for visitors.

Glocal University is strategically connected by road to the National capital - New Delhi, and the state capital of Uttaranchal - Dehradun.

The University is approximately a 2 hour drive away from the Jolly Grant Airport and is situated close to the urban industrial cities of Saharanpur and Dehradun.

At the Glocal University, we strongly believe in harnessing the power of knowledge by combining learning with extensive application-based study and professional ethics, thus maximizing one's overall potential and nurturing a winning mentality in each of our students.

We believe in a radical approach towards education with in-depth study and international teaching techniques that encourage a practical application of knowledge along with a code of ethics, hence developing one's inner self and providing the perfect edge.

- Six major schools and over 45+ UG/postgraduate/professional courses to offer
- Highly esteemed and qualified faculty with years of rich industry experience
- Sprawling 300-acre campus and world-class infrastructure
- State-of-the-art facilities, fully furnished hostels and recreation centres
- Recognized by UGC under Section 2(f) of UGC Act 1956 and established by the Uttar Pradesh Private Universities Act, 2011 (UP Act no. 2 of 2012) (as passed by the Uttar Pradesh legislature).

GALGOTIAS UNIVERSITY

Plot No.2, Sector 17-A

Yamuna Expressway, Greater Noida,

Gautam Buddh Nagar, Uttar Pradesh

Website : <http://galgotiasuniversity.edu.in>

Galgotias University's mission is to graduate socially responsible future technologists and business leaders with good communications skills, problem solving skills and an entrepreneurial spirit with a commitment to economic development.

With a strong multidisciplinary knowledge base, graduates of GU will be well prepared to succeed in an increasingly competitive global economy.

With a focus on multidisciplinary research and education and a learning model that emphasizes active learning, GU aspires to be globally known for innovation at the intersection of disciplines. GU's bold vision builds upon over a decade of excellence of Galgotias Institutions in engineering and business education.

Galgotias Institutions have been nationally ranked by India Today, Business Today and Outlook for their programs in engineering. Galgotias Business School was recently recognized by Dun and Bradstreet as a leading business school in India.

With a 100% placement record for the last four years supported by multinational firms like Accenture, Hewitt, IBM, Infosys, Nokia, and Samsung, Galgotias Institutions have earned the respect of top performers in the industry.

The unwavering commitment to quality in all aspects of education including infrastructure, academics and administration has won us respect from the corporate world as well. With a focus on research that drives innovation, we are emerging as the leading centre for knowledge generation and dissemination. It is our endeavor to continuously explore new opportunities by innovating to create new epicenters of growth.

The faculty at Galgotias University is inspired by the vision to be known as one of world's premier educational institutions for multidisciplinary education and research. Envisioning a larger societal purpose has always been a hallmark of Galgotias and the compelling vision of impacting the society at large is now an integral part of our education model.

GANDHINAGAR UNIVERSITY

Khatraj – Kalol Road, Moti Bhoyan, Tal. Kalol,

Dist. Gandhinagar-382721

Contact : +91 9904405900 / 01, 27642 81862

Website : <https://gandhinagaruni.ac.in>

The responsibility and power of a university is to create an enabling environment of active learning and become a centre of excellence that develops visionary leaders and passionate professionals who contribute to the community and the country. It is an endeavour that demands the courage and commitment to pursue the dream with energy and effort. Gandhinagar University is an institution of the future, holistic in its approach and determined on the use of technology to provide the best inputs for the students to achieve their potential and beyond.

Vision

To develop young engineers with active and creative minds, a sense of understanding and sympathy for others and the courage to act on their beliefs. We stress the total development of each student: spiritual, moral, intellectual, social, emotional and physical.

Mission

To treat every student as an individual, to recognize his / her potential and to ensure that he/she receives the best preparation to help one meets his /her career ambitions and goals.

Why Choose Us?

The lush green campus of Gandhinagar University is located on the outskirts of Ahmedabad / Gandhinagar, is in complete harmony with nature. The picturesque location provides a refreshing environment in which students can pursue their studies peacefully and undisturbed. A place, where tranquility acquires a new dimension and where modern architecture blends with traditional values to heighten the spirit of continuous learning.

Life On Campus

The University aspires to be a premier research and study centre, pursuing knowledge in both fundamental and applied areas while working closely with business and industry to promote technological innovation and economic development. Alongside, GU aims to give the best experience of the cultural exposure of local and national festivities,

- Jazba
- TechXtreme
- Celebrating Festivals
- Sports Events
- Hobby Club

GANGADHAR MEHER UNIVERSITY

Fatak, Budharaja, Sambalpur

Odisha - 768004

Tel :- 91-663-2403413/2000492,

Fax :-91-663-2400970, 2403413

Website :- www.gmuniversity.ac.in

Established in 1944 as Sambalpur College, the name of the institution was changed to Gangadhar Meher College in 1949 after the name of the illustrious Oriya poet. It is situated in a tribal dominated part of Orissa and strives hard for excellence in its way to fulfill its goal and mission since then. Basically, it aims at educating weaker sections, which constitute half of the population of Western part of Orissa.

Basically, it aims at educating weaker sections, which constitute about half of the population of Western Orissa.

From a small student strength of 192 in 1944, the college has made rapid strides over the periods of time and has grown into a multi-faculty Post-Graduate College, catering to the needs of about 4500 students. It provides teaching facility in 19 subjects at Under-Graduate level and 7 subjects at the M.Phil. stage. Over and above, the conventional streams of study in Humanities, Science and Commerce, this institution has introduced courses in 'Still Photography and Audio Production. In addition to this, the college has been offering Computer courses at B.Sc. and M. Sc. levels including M.C.A.

The college has opened some career oriented courses like B.B.A., M.B.A. and B.Sc. Information Science and Telecommunication from the academic session 2003-2004. The relevance of these courses in general terms and within the specific context of a backward part of the country is undeniably significant. This college has also been identified as a center to upgrade the merit of SC/ST/Minority/OBC(Non Creamy Layers) students through different schemes, functioning since 2007-2008.

The college has been functioning as an Autonomous College since 1991 and managed and controlled by statutory and non-statutory bodies, as prescribed by the University Grants Commission. The autonomy of this institution has been extended up to 2013-2014 by the UGC letter No.:-F.22-1/2009(AC)/April 2009, basing on its academic reputation , co-curricular activities, quality of institutional management and responsiveness of administrative structure. The college has been identified as 'College with Potential for Excellence'(CPE)by the U.G.C. since 2004-05 and it has been extended up to end of XI Plan period. It is also NAAC accredited with B-Grade since February 28 2005. This Institution is fully committed to its aims and goals and taking good care of students.

Gauhati University Institute of North East India Studies is located in the Gauhati University campus, which is situated a few kilometers away from Lokapriya Gopinath Bordoloi International Airport, Barjyar, Guwahati; nearest Railway Stations are Kamakhya and Guwahati which is also well connected by road transport. The Gauhati University Institute of North East India Studies was established on 1st February, 2010 with the aim of studying language, culture, communication, society etc. with an interdisciplinary approach. Research studies and several professional studies are the goal of the GUINEIS; G.U. The diversity of the region is worth studying with serious academic approach. The states of the North East India are located in very strategic point which can create immense possibilities for the nation in different dimensions as like cultural, political, social, trade and commerce, tourism etc. Systematic study of the language, culture, communication, society etc. of the region is important to fulfill its purposes. Therefore, GUINEIS is established as the platform for interdisciplinary research and also to conduct some of the time demanding courses suitable for the North East India region in particular and the nation in general. Gauhati University is the premier institution of higher education being the first ever university of the region and being situated at heart city of the region. Therefore Gauhati University is the suitable place for pragmatic study of the North East region. The facilities to reach the direct field of study are easier from here. Studying North East India with scientific approach can overcome the developmental retardation of the region and also to pave the path for solving the conflict situations and restoration of peace and development in the North East India. With the emerging horizon of employability in the contemporary world, it is time bound need for creating various professional courses to suit the need and expectations of the students in North East India. Human resource development by promoting new generations to get engaged as skilled professionals in various fields can lead the north east India's younger generations to get involved more actively in the nation building process. Better chances of vocational education are to be created so as to engage their mindset in a positive developmental outlook. GUINEIS aims at creating such an environment in the entire North East India. Presently, 1year P.G.Diploma in Creative Writing and Translation Studies is offered by the institute. Several other courses as like P.G.Diploma in Media and Culture; P.G.Diploma in Bihu, Sattriya and Manipuri; P.G.Diploma in Theatre Studies etc. are to be initiated soon in the institute. The "Gauhati University Institute of North-East India Studies" is going to prove itself to be a leading institute for higher research in its field and ignite the minds of the scholars with true research zeal. It aims at providing its students; job oriented vocational and professional courses in excellence so that the outgoing students get satisfactory engagement in different professional fields in the ever expanding professional arenas.

GAUTAM BUDDHA UNIVERSITY

GIRIJANANDA CHOWDHURY UNIVERSITY

Main Campus : Hathkhowapara, Azara, Guwahati, Assam 781017

Constituent Campus : Kunderbari Rd, Dekargaon, Tezpur, Assam 784501

Contact Us : 7099034050

Email : info@gcuniversity.ac.in

Website : <https://gcuniversity.ac.in>

Nestled between the picturesque water body of the Deepor Beel – a famous Ramsar site and the Bor Luit - the mighty Brahmaputra river, Girijananda Chowdhury University is on a sprawling 20-acre campus in the outskirts of Guwahati, Assam. Girijananda Chowdhury University was established by the Act No. XLVII of 2022 of the Assam Government as a State Private University under the aegis of Shrimanta Shankar Academy Society registered under the Societies Registration Act 1886. The establishment of Girijananda Chowdhury University has evolved out of the initiative of the Girijananda Institute of Management and Technology (GIMT) and the Girijananda Institute of Pharmaceutical Sciences (GIPS) to impart professional higher education in a spirit of philanthropy and social commitment. During the last 16 years of their existence, these institutes earned the reputation of quality professional education as evident in the accreditation of the various programmes by the National Board of Accreditation (NBA) and the award of extramural grants from the AICTE, DST etc.

Our Educational Philosophy

Formation of the Girijananda Chowdhury University is the culmination of the vision of the Shrimanta Shankar Academy Society to extend the benefit of higher education to the students of this geographically isolated region of the country. The educational philosophy of Girijananda Chowdhury University that underpins its academic plans and programs revolves around the larger goal of harnessing the infinite potential of the young minds through imparting knowledge and skill in their chosen domains in a way that would liberate their minds from the shackles of dogmatism, orthodoxy and narrow world views. Inculcating the universal human values of empathy and equity for empowering the human being constitute the core value of Girijananda Chowdhury University.

Our Educational Premise

Girijananda Chowdhury University believes in exposing the young students to the real world enabling them to learn through critical thinking, creative problem solving, encountering with differences and enabling them to find relevance through the multiple perspectives of the world and life. The spirit of Liberal Education is the essence of Girijananda Chowdhury University's teaching – learning framework. Girijananda Chowdhury University provides opportunities to the students in a milieu that is interdisciplinary and multidisciplinary with greater scope in choosing one's knowledge domains according to innate aptitude, inclination and desire. In their educational journey at Girijananda Chowdhury University, the students shall hone the skills of oral and written communication, analysis and synthesis, information and quantitative literacy, reasoning and logic, critical thinking, creative problem solving, global competence and citizenship, ethics, etc. The pedagogy at Girijananda Chowdhury University is student-centric and is through dialogic learning with emphasis on the holistic development of the student.

GANDHI INSTITUTE OF TECHNOLOGY AND MANAGEMENT (GITAM)

Beach Road, Gandhi Nagar

Gandhi Institute of Technology and Management, popularly known as GITAM, was founded in 1980 by an inspired group of eminent intellectuals and industrialists of Andhra Pradesh led by Dr. M. V. V. S. Murthi, former Member of Parliament and popular philanthropist. The vision of MAHATMA, the Father of the Nation was to see India as a socially and economically resurgent country and he looked upon education as an important means to achieve this goal. Gandhiji's view of education was not narrow or sectarian. He envisaged universities as institutions of higher learning that transcend all linguistic, racial and other barriers. GITAM is committed to imbibe his values and abide by his philosophy.

During the past 33 years, GITAM has been committed to excellence in higher education foraying into diversified disciplines of learning. It has steadily evolved into a world class university recognized for the experiential learning it offers, the competent and compassionate faculty, the stellar research laboratories, academic vibrancy and cosmopolitan culture.

Dr. MVVS Murthi, visionary, industrialist, educationist, philanthropist and former parliamentarian has been guiding the destinies of the University since its inception.

The University has three campuses - its main campus at Visakhapatnam, off campuses at Hyderabad and Bengaluru. Known for its creative dynamism and flexibility, the university offers varied programmes blending skill development and value orientation to shape the career of students and develop holistic personality to be privileged members of the civil society.

The University also offers several programmes through distance learning to increase access to higher education with emphasis on reaching the unreached.

The University has established placement cell in each of its institutes to train and guide the students in finding lucrative placements. The placement record has been consistently highly impressive, with major recruiters from both the core and IT companies.

Welcome to GITAM University, a dream destination of all academic seekers.

GLS UNIVERSITY

GLS University is established in the year of 2015 with the objective of providing an ideal and creative learning environment and continuing the tradition of excellence in education of the sponsoring body of the University, viz., Gujarat Law Society (GLS)

Gujarat Law Society, established in the year 1927, is one of the largest and oldest educational institutions in the State of Gujarat. GLS was promoted by luminaries Sardar Vallabhbhai Patel, Shri Ganesh Mavlankar, the first Speaker of the country and Shri I.M. Nanavati with the vision of Excellence in Education. With the advent of the era of self-financing educational institutions, GLS took a pioneering role by offering programmes in several disciplines such as Business Management, Computer Technology, Commerce, Business Administration, Education, etc., apart from those already being offered in Law and Humanities. GLS has also been offering a wide range of professional programmes encompassing various functional and sectorial specializations like Human Resource Management, Banking & Insurance, CA, CS, Professional Accounting, Export Management, Personality Grooming, Communications, etc. All the courses being offered at GLS have been having high preference and acceptance in the student community as well as in the corporate fraternity. With the establishment of the GLS University, it is all poised to introduce programmes, design their course structure, curriculum management, student development activities, etc., as per global standards.

Vision of the University

- To create value through economic, social and environmental developments whilst being a world class education provider in a manner that is nationally entrenched, regionally recognised and globally relevant.
- To foster a culture wherein original ideas are generated through a strong accent on innovation, inquiry, scholarship, creativity and research.
- To develop a leadership which is capable, compassionate, conscious and committed to the common good.

GSFC UNIVERSITY

Vigyan Bhavan, Fertilizernagar
Vadodara, Gujarat - 391750

GSFC University is recognized under the Gujarat Private University (Second Amendment) Act, 2014 and is established by the GSFC Education Society - an initiative of Gujarat State Fertilizers and Chemicals Ltd.– a five decades old industrial giant - to continue the tradition of serving the community in multiple ways. The vision behind establishing this distinct University is societal development through relevant and cutting edge knowledge in frontier areas of professional growth

Our educational abode dwells on the philosophy of "Buddhi Gyanen Shudhayanti". It means purification of mind and intellect through knowledge is vital to human life. It strengthens the path of success towards perfection. All the while being compassionate towards mankind and society at large. A huge banyan tree is a part of our logo. It symbolises multiple roots of innovation that sprout towards sustainable growth. The rising Sun is in the background of banyan tree in logo. It symbolises plethora of opportunities for an accomplished life. Thus "Incubating Innovators" is the proclamation that GSFC University commits to. Augmenting cutting edge skills is the core determination of GSFC University. To supplement and nourish these skills strong industrial support is a vital agent. Students at GSFC University receive a unique opportunity in the form of hands on training in industry besides the classroom learning that gears them for their career development in multiple ways. With focused deliberations on the state of education vis-à-vis industry demands, the GSFC University will focus on a culture of openness, which is participative and provides a platform for the two key stakeholders—students and faculty—to excel. The curriculum will include activities that promote active industrial connect as well as social responsibility and will be delivered in a blended-learning pedagogy.

Forums connecting industry with academia, a students' forum to foster dialogue beyond the campus, and internships tailored to the need of the students will engender collaborations. Sabbaticals and faculty development programmes involving external partners will be another facet of University-supported collaboration. The GSFC University will initiate a fundamental change in the way academic institutions are established. Our purpose is to train and develop human capital, as opposed to simply awarding degrees. We will continually measure our efforts and make changes as needed, to create thinking individuals, equipped to meet and exceed the ever-changing demands of the today's marketplace.

GOA UNIVERSITY

Teleigao Plateau, Goa - 403 206

Tel: (0832) 6519048

Fax: (0832) 2451184, 2452889

Email: registrar@unigoa.ac.in shetye@unigoa.ac.in

Website : <http://www.goauniversity.org>

Goa University, established in June 1985 by an Act of Goa Government, is located on a picturesque campus spread over 427.49 acres area of Taleigao plateau overlooking the Zuari Estuary, within close vicinity of the capital city of Panaji, in North Goa. The Campus, having easy accessibility by road, rail and air, is well organized and beautiful in nature. Goa University, the only university in the State is committed to its motto - dissemination of knowledge, as inscribed in its emblem Learning is Divine. Following the liberation of Goa and with considerable backing of the Government, the University of Bombay, established a Centre for Post-Graduate Instruction and Research in June 1965 in Panaji. This subsequently grew into the seat of post-graduate education (master's and doctoral) in the state of Goa. The staff of this Centre formed the core faculty for post-graduate education of the newly formed Goa University.

With a modest beginning with only a few departments in the temporary premises during early years, the University moved to its present location on Taleigao Plateau in 1992 with its own buildings designed by the famous architect Shri. Satish Gujral. The campus became the main campus of the university. Besides being the most important location for post-graduate studies, it also serves as the academic nerve-centre of the higher education system in Goa. Today Goa University, is a university of affiliated colleges, 55 of which are distributed across Goa, 30 in general education, 25 in professional education, with total enrolment of about 28,000. Most of these are enrolled in undergraduate programmes and the main campus which is primarily for post-graduate and doctoral students has an enrolment of about 2,000. Interestingly, a large majority of students enrolled in the various programmes are women. Presently, Goa University has 12 faculties of which 6 faculties operate on the campus with 24 Departments and 3 Research Centers that offer post-graduate education in the State of Goa. Goa University has always been a favorite choice for academic pursuits of students aspiring higher education in the State. The University teaching Departments, have incorporated a wide-range of advanced and inter-departmental/ interdisciplinary teaching components and research methods in almost all Programmes/courses.

The University has been one of the earliest to introduce the Choice Based Credit System (CBCS) with modular courses in all the campus based PG programmes as recommended by UGC. Many of the post-graduate programmes are designed keeping in mind the industrial requirements and societal needs in perspective, and are intended to offer gainful employment opportunities. All the PG programmes include Dissertation work to promote research temperament among the students.

GOKHALE INSTITUTE OF POLITICS AND ECONOMICS

846 Shivajinagar, Deccan Gymkhana B, Pune - 411004, Maharashtra

Website : <http://www.gipe.ernet.in>

Gokhale Institute of Politics and Economics (GIPE), Pune, is one of the oldest research and training institutes in Economics in the country, research in the socio-economic dimensions of the Indian society, and training to researchers in this domain being its primary objectives. Established in 1930 by the Servants of India Society, the Institute is registered under the Societies Registration Act, 1860, and the Bombay Public Trusts Act, 1950. The Servants of India Society, founded by late ShriGopal Krishna Gokhale, are the Trustees of the Institute. In view of the eminent and sustained contribution of the Institute to teaching, training and research in Economics since its inception, and in recognition of its potential to emerge as a centre of excellence in the field of teaching and research in Economics, the University Grants Commission, in 1993, granted to the Institute the status of a Deemed to be University. Although primarily a research Institute, GIPE has also been recognized as a teaching institution for award of the M.A. and Ph.D. degrees in Economics. The Institute was initially affiliated to University of Bombay, and, in 1949, became a constituent recognised Institute of University of Pune. As Centre for Advanced Study in Economics, the Institute was granted effective autonomy by the University of Pune in 1986. Subsequently, in recognition of the pioneering stature of the Institute in the study of Economics, it was conferred the status of a Deemed to be University from May 9, 1993. The flagship MA (Economics) program offered at the institute is a nationally acclaimed and coveted program. In keeping with the need of the present-day economy, the Institute launched, from July 2011, two new Master's Degree programmes -- MA in Financial Economics and MA in Agribusiness Economics, a Post Graduate Diploma program in Financial Derivates (in association with National Stock Exchange, Mumbai) as well as a Certificate Program in Financial Economics. The MA programs attract the finest talent from across India through a national entrance test. The Institute also supplements the core academic program with a Certificate Course in Computer Applications for Economic Analysis. Students of the Institute are employed in academic research institutions, international agencies, non-governmental agencies working in developmental issues, financial institutions, forecasting companies, analytic firms, insurance companies, banking sector, retail sector companies, consulting firms, economic journalism, etc. In accordance with its long-term plans to evolve as a centre for teaching, learning and research in diverse applications of Economics, the Institute has, beginning July 2014, planned to introduce an inter-disciplinary Master's Degree programme in Law & Economics – an innovative programme would address the need for skilled manpower in niche regulatory authorities such as RBI, SEBI, WTO, CCI, regulatory offices, etc.

Email : bcud.gondwanauniversity@gmail.com

Website : <http://gondwanauniversity.org>

The Gondwana University has been conceived and formed with a foresighted view to cater the aspirations of the economically so also socio- culturally backward Districts of Gadchiroli and Chandrapur. Though the network of Governmental agencies have been constantly trying to execute the state welfare policies of an all inclusive development, the resultant progress has been sluggish compared to other areas of the state. This lag has created a host of socio-political tensions and problems as is seen in the rise of Naxalites violence. Though a speedy all inclusive growth is a right answer to all this it cannot be achieved without apt vision and well-tailored methodology. The formation of a new university is therefore a right step in the direction. The compiled data on overall life of the domain of the university indicates that it has area specific problems like age old poverty, prejudices followed from static mind-sets, directionlessness emerging from traditional ignorance etc. The cumulative effect of all this is a deep chasm between the local populace and the rest of the mainstream society. In brief turning problems in to opportunities forms the real syllabi of the new university. To translate the above vision in to reality the university has contemplated befitting modalities commensurate with our intended objectives. Same time efforts will also be made to build up motivational strength in the learners so as to in-still in them hope and ambition for self promotion. This certainly is a colossal and formidable task, yet at the same time is a worthy challenge and we have willfully accepted it. Conventionally a university is concerned with higher education alone. As a bold experiment we wish to have a small but important deviation from this. For example in rural and backward areas we find vast number of young people, who are educated just up to middle school level, yet have inborn talents for doing skilled jobs after proper and adequate training. So there is need to provide such people a job oriented education, motivating them to be an entrepreneur or to be employed with a good package to live their life equal status and satisfaction. There things are possible though our university by applying certain modern tactics in the field of education. With the above concept in mind the university will be having following mission and vision.

The University will fulfill its mission by addressing the needs of qualified students for differing interest, plans, expectations, and ages. Our mission is to empower the youth of rural and semi-urban area with the best of traditional education and the all-important professional and career oriented skills which are vital in the contemporary global scenario. In short it is to provide a value based quality education at an affordable cost.

GOPAL NARAYAN SINGH UNIVERSITY

Inspired by faith, informed by our core mission and values, and dedicated to the ongoing legacy of our founders, Gopal Narayan Singh University sets the standard for an engaged, contemporary and nurturing institution that fosters the transformative power of advanced learning.

The GNS University System is made up of people who want more—we are chasing extraordinary. As innovative, diverse, globally engaged citizens and leaders, we enrich our culture and society, create prosperity, and serve the public good.

Mission

The mission of Gopal Narayan Singh University is to contribute to society through the pursuit of education, learning, and research at the highest international levels of excellence. We provide student-centered education and foster personal and intellectual growth to prepare students for productive careers, meaningful lives, and responsible citizenship in a global society.

Vision

To set the standard for an engaged, contemporary university where innovative change-makers confront humanity's urgent challenges.

To create a brilliant future for the GNS University in which the students, faculty, and staff thrive and the citizens of Bihar, the nation, and the world benefit—a future in which the GNS University System is the recognized leader among public research university systems in:

- Teaching and scholarship
- Research and discovery
- Engagement and public service
- Economic development
- Healthcare
- Arts and culture
- Global reach
- Athletics

GOVIND GURU TRIBAL UNIVERSITY

Village Badvi, Mahi Dam Road
Banswara – 327001, Rajasthan
Tel : 02962-247022
Email: registrar@ggtu.ac.in
Website : <https://www.ggtu.ac.in>

The Govind Guru Tribal University, Banswara Formerly known as (Rajiv Gandhi Tribal University) was renamed and headquarter moved to Banswara, and having its affiliated colleges in banswara, dungarpur and pratapgarh.

This is a State University, which was established by an Act in 2012 and (Change of Name and Headquarters, and Amendment) Act, 2016. The temporary headquarters of the university are at Udaipur. Presently, the main office of the university is located in a rented building. The university building and institutes will soon be constructed on the land allotted to it.

The University is primarily for higher education, research, innovations, and development. It also aims at creating new knowledge, sharpening vocational skills, and developing appropriate attitudes among the promising young generation for the reconstruction of the society based on the highly cherished ideals of the functional democracy. The university is committed to providing quality oriented – meaningful education to the youth for their present academic needs and for their bright future

The main objects of the university, as per the Act of the University, are as follows:

1. To provide avenues of higher education and research facilities primarily for the tribal population;
2. To disseminate and advance knowledge by providing instructional and research facilities in tribal art, culture, tradition, language, medicinal systems, customs, forest based economic activities, flora, fauna and advancement in technologies relating to the natural resources of the tribal areas or any other related branches of learning as it may deem fit;
3. To collaborate with national and international universities or organizations or institutions, specially for undertaking cultural studies and research on tribal populations;
4. To formulate tribal centric development models, publish reports and monographs; and to organize conferences, seminars on issues relating to tribes, and to provide inputs to policy matters in different spheres;
5. To take appropriate measures for promoting, the members of tribal communities capable of managing, administering and looking after their own needs by access to higher education through a University of their own; and
6. To take appropriate measures for promoting innovations in teaching learning processes in inter-disciplinary studies and research, and to pay special attention to the improvement of the social, educational and economic conditions and welfare of the Scheduled Tribes, their intellectual, academic and cultural development

GRAPHIC ERA UNIVERSITY

Website : <http://www.geu.ac.in>

Graphic Era University, formerly known as Graphic Era Institute of Technology is reckoned for its academic excellence in engineering, computer applications, management and allied sciences, is the dream of one man who had the vision to reform destiny. GEU believes "Leadership is the capacity to translate vision into reality"

GEU is a centre for research and specialised studies, an institution that has created engineers, managers, technocrats and entrepreneurs with a world class rating. GEU has been appreciated over the years by numerous parents owing to our excellent services and strict discipline levels.

GEU aims at developing the aptitude of the students through interactive sessions with their mentors, regular brainstorming sessions and exposure to a plethora of events. The University offers a vibrant cultural ambience that aids in unleashing the hidden talent of the students through overall development and grooming.

GEU is Declared as Deemed University U/S 3 of the UGC Act, 1956 vide Notification F.9-48/2007-U.3(A) dated August 14, 2008 and Approved by Ministry of Human Resource Development, Government of India.

GEU is the culmination of the dream of one man who had the vision to reform destiny. An eminent academician and computer engineer of repute, Prof. (Dr.) Kamal Ghanshala has emerged as a new face of imparting holistic education. His foresight and acumen has soared this institution as a pioneer in technical education. Prof. (Dr.) Kamal Ghanshala founded Graphic Era in the year 1993 as one of his bold venture in providing service to the society through a private educational system, without looking for any form of assistance from other agencies. The university is nestled amidst the beautiful and serene surroundings of Rajaji National Park, Dehradun, and offers an environment that fosters learning and stimulates creativity. Pleasant weather all round the year ensures that the students enjoy a rich and vibrant atmosphere. GEU is an institution that exudes brilliance and believes in igniting minds, making independent and learned intellectuals. Graphic Era has been acclaimed and honored at various events and occasions with numerous awards which speak volumes about the brilliance that is taught at GEU.

GRAPHIC ERA HILL UNIVERSITY

Society Area, Clement Town
Dehradun-248002, Uttarakhand
Tel.: 0135- 2645996/ 6556553
Email : vcgehu@gmail.com

Graphic Era Hill University was established on April 28, 2011 by an Act of Uttarakhand State (Act No. 12 of 2011) under the aegis of Graphic Era Educational Society, Dehradun.

In spite of being in its initial stage, the university has been growing at an exponential pace under the able guidance of our excellent leadership and dedicated services of staff and faculty members.

Our presence can now be felt on the national and international platform. The aim of the university is to impart high quality knowledge and skills over a wide spectrum of professional and technical domains such as engineering, law, management, allied sciences and to provide world class training and research facilities, especially to the people hailing from the hills of the state of Uttarakhand.

We visualize Graphic Era Hill University (GEHU) as an internationally recognized, inquiry- driven, ethically engaged destination university with a diverse community, whose members work collaboratively, for the positive transformation of the world by pioneering teaching, research and social awareness.

The mission of the university is to promote learning in the true spirit. The university offers the knowledge and skills needed to succeed as professional and the values and sensitivity needed to become responsible citizens of the world.

The university has campuses at Dehradun as well as at Bhimtal. All these campuses are designed as self- contained communities with academic and research facilities, laboratories, libraries, administrative offices etc.

The unique feature of this university is that it provides 30% reservation and 25% concession in the fee structure for the students of the hilly areas.

The Vision of the University is to make an internationally recognized, inquiry-driven, ethically engaged institution with a diverse community, whose members work collaboratively, for the positive transformation of the world by pioneering teaching, research and social awareness.

GUJARAT AYURVEDA UNIVERSITY

Website : <http://www.ayurveduniversity.com>

Gujarat Ayurved University was established in 1967 by an act passed by Gujarat State legislative Assembly in 1965. It is the first statutory University of its Kind both at national and international level - exclusively devoted to Ayurvedic studies and Research. This University is administratively linked to Ministry of Health and Family Welfare both at State and Centre-indicating its special status.

Gujarat Ayurved University is an academic and institution of higher learning established in 1967 by an Act of Gujarat State Assembly. This university is an autonomous organization fully financed by Govt. of Gujarat State. University looks after the management of the Institutes and Colleges situated in the campus along with conducting the examination of all the degree/diplomas awarded by the University. This University has three wings.

1. Administrative wing and the centers working directly under University.
2. Constituent Institutes and Colleges working in the campus.
3. Affiliated colleges of Ayurveda whose examinations are conducted by the University.

Gujarat Ayurveda University being a premiere institution of Ayurveda and W.H.O. collaborative center, became a center of attraction for foreigners. Students from Nepal, Sri Lanka, and Mauritius came here for regular P.G. degree course. The University started a three-month introductory course in Ayurveda in 1990. Since then students from the countries like Germany, Poland, England, Iceland, Switzerland, Netherlands, USA, Canada, Malta, Russia, Ukraine, Mongolia, Australia, Vietnam, Japan, Reunion Island, UK, Poland, Russia, Korea, Finland, Italy, Israel, Turkey, South Africa, Myanmar, Denmark have come to this University to attend various courses. In 1998 the University has broadened its objectives and set a goal to popularize Ayurveda in foreign countries and opened all its courses for foreigners. Many new courses have been introduced exclusively for foreign nationals. To coordinate these activities and to provide exclusive information to foreign nationals, an International Center for Ayurvedic Studies has been inaugurated on January 5th, 1999. This center looks after the admission of foreign nationals in various courses and provides technical and administrative help to the students. Other than regular courses of the various Institutes this center organizes following courses exclusively for the foreign nationals.

GUJARAT BIOTECHNOLOGY UNIVERSITY

C/o. Gujarat State Biotechnology Mission
Block 11, 9th Floor, GH Road, Sector – 11
Gandhinagar – 382010, Gujarat
Tel : +91-79 -232 -52197

Gujarat Biotechnology University (GBU) is a modern University near GIFT City, Gandhinagar. Funded by the Government of Gujarat's Department of Science and Technology, GBU will create a culture of excellence in innovation with entrepreneurship at its core. GBU offers Masters by Research (MScR) and Ph.D. biotechnology programmes through its close partnership with the world-leading University of Edinburgh who provide curriculum delivery, academic leadership and faculty training. GBU has a strong translational focus, aiming to deliver biotechnology solutions for society in collaboration with the vibrant life science industry in Gujarat, across India and internationally. GBU will develop critical thinkers with a research-based multidisciplinary training. Internships with industry and placements at the University of Edinburgh will enlarge the horizons of graduates, who will be highly sought-after by employers.

Objectives

GBU aims to develop cutting-edge biotechnology research capacity in Gujarat:

- to create an institution of excellence, imparting state-of-the-art, product-focused, research-based education and skills in biotechnology;
- to create capabilities for developing world-class infrastructure, intellectual property base and skillsets for education, training, research, product development and technology commercialisation in the biotechnology field;
- to develop innovative methods for applied and translational research to set high standards of practice-based education in biotechnology and allied sciences;
- to address societal challenges in Gujarat, nationwide and internationally; to develop linkages with institutions of national and global repute and to create templates and models of collaboration for interdisciplinary study and research to solve developmental problems using the tools and techniques of biotechnology and allied sciences;
- to create a platform for developing industry linkages delivering research solutions to society by catalysing translational opportunities;
- to function as a leading resource centre for biotechnology knowledge and development.

GUJARAT FORENSIC SCIENCES UNIVERSITY

Sector - 18/A, Near Police Bhavan
Gandhinagar - 382 007, Gujarat
Phone: +91-79-65735504 / 65735512
Fax: +91-79-23247465 / 23256251

Established by the Government of Gujarat, under the flagship of Home Department - Government of Gujarat. The Gujarat Forensic Sciences University is a highly specialized higher education institution that came into existence through an Act: No. 17, passed by the Gujarat State Legislative Assembly, dated the 30th of September 2008.

It is the only university across the world, dedicated to Forensic & Investigative Science. The University started functioning from July 2009 onwards and in May 2011, received recognition by the 'University Grants Commission'; as a State University, under Section 22 of the UGC Act 1956. It is located at Gandhinagar - the capital city of the State of Gujarat, which is a vibrant; industrious; safe and business friendly State of India.

The University is segregated into three academic departments, namely: Institute of Forensic Science, Institute of Behavioural Science and Institute of Research & Development. It currently offers only postgraduate level academic programs.

The University runs in parallel association with the Directorate of Forensic Science (DFS) - Gujarat State, to provide hands-on training. DFS - Gujarat State is a state-of-the-art; NABL accredited; ISO-IEC 17025:2005 certified laboratory, maintaining international standards in terms of infrastructure and facilities for Forensic Analysis.

The GFSU's Ultramodern Campus construction is already underway; near the DFS premises, on a government allocated land of 50,000 Square Meters. The foundation of the University's campus was laid by the Hon'ble CM of Gujarat State, on the 10th of October 2011.

The University is headed by the Director General; followed by the Registrar and a Director; as Head of each of the Institutes.

The highest body of the University is the Board of Governors; having the Director General of the University, as its Chairman.

GUJARAT MARITIME UNIVERSITY

Attalika Avenue Knowledge Corridor, Koba Gandhinagar

Gujarat – 382426

Tel : +91 79-23270500

Email : info@gmu.edu.in

The Indian Maritime sector has been consistently exhibiting strong growth and is slated to be the maritime market of the future. The establishment of Gujarat Maritime University (GMU) is an endeavour by the Gujarat Maritime Board to provide a fillip to this growth by bridging the knowledge gap within the industry.

Gujarat Maritime University has been established under the Gujarat Private Universities Act, 2009. The prime objective of Gujarat Maritime University is to be a global center of excellence in maritime education, research and development, professional training and it aims to enhance and increase the human capital and capacity of maritime industry both in India and across the globe. The aspiration is to serve the global maritime community by producing educated and well trained professionals in the maritime domain.

In the first phase, the University plans to offer programs catering to the commercial aspects of Maritime value chain like maritime law, shipping finance and economics, maritime management, logistics, ship broking, ship finance, chartering, ship management just to name a few. The first phase will also have short term Executive Development Programs and Management Development Programs. The second phase will focus on the technical aspects.

Vission

To be a global center of excellence in maritime education, research and development, professional training with an aim to enhance the capacity of maritime industry both in India and across the globe

Mission

To provide world class education focused on areas across the value chain of the maritime industry.

To empower students to excel in global maritime industry through an interdisciplinary approach to learning.

To address the challenges of the industry and encourage innovation through cutting-edge research and collaboration with industry.

To serve the global maritime community by producing educated and well trained individuals.

GUJARAT NATIONAL LAW UNIVERSITY

Website : <http://www.gnlu.ac.in>

Gujarat National Law University (GNLU) is the statutory university established by the Govt. of Gujarat under the Gujarat National Law University Act, 2003. The University is recognized by the Bar Council of India (BCI) and University Grants Commission (UGC) (2f & 12b). The University is also member of the Association of Indian Universities (AIU) and the University is functioning as nodal agency to uplift the legal education in the State of Gujarat. The GNLU Act 2003 proclaims, " shall be to advance and disseminate learning and knowledge of law and legal processes and their role in national development: to develop in the students and the research scholars sense of responsibility to serve society in the field of law by developing skills in regard to advocacy, legal services, legislation, parliamentary practice, law reforms and such other matters; to make law and legal processes efficient instruments of social development; and to promote inter-disciplinary study of law in relation to management, technology, international cooperation and development." The ethos of imparting education in Gujarat National Law University comprises of a mutual endeavor of the Faculty and the students who become part of our august family after clearing the hurdle of a rigorous and strenuous selection procedure. The cream of the country finds a place amidst us. The University has been in a process of striving for academic and professional excellence in the field of legal studies in the country. The University became functional from the year, 2004. Our teaching methodology and the student response to it can be safely summarized as being par excellence. Our student fraternity has won us laurels in the various spheres of national and international moot court competitions, paper presentations and the attendant Cultural activities. We strive for an all round and inter-disciplinary academic excellence in sync with the other National Law Schools of the country. Since its inception the University has been holding regular in-house Moot Court competitions where-in meritorious students are sent abroad for participating in Moot Court jamborees. The hub of activity happens to be our Moot Court Committee and the Legal Aid Clinic, which have developed a workable and efficient interface with the industry and the Judiciary to the satisfaction of us all. As we persist in our academic endeavors, it won't be an overstatement to make, that our University will become a leader in the sphere of legal education in the country. Our founding myth too objectifies the ideal of, "Let all good and noble thoughts come to us from all directions", which is a hymn from the Rigveda. We, the fraternity of Gujarat National Law University aim at a homogenization of all trends and civilizational patterns by inculcating in our students, an appreciation of other cultures and regions of the country in all its homogeneity.

GUJARAT NATURAL FARMING AND ORGANIC AGRICULTURAL UNIVERSITY

At. Po. Halol, Taluka Halol,
Block Halol, Dist. Panchmahal - 389350
Email: vc.goau@gmail.com
Website : <https://goau.gujarat.gov.in>

Education is a dynamic process with fast changing national and international scenario in the perspective of natural farming and organic agriculture. Considering the urgent needs of research, extension and education in various aspects of natural farming viz; natural resource management, soil and water conservation, management of nutrients naturally, ITK, conservation of biodiversity, encouragement of local brands/ seeds and marketing at local level etc., Government of Gujarat has established Gujarat Natural Farming and Organic Agricultural University vide Act No. 16 of 2017 of Government of Gujarat and its subsequent amendment vide Act No. 2, 2022. This is India's first of its kind and unique University, established as per Gujarat Organic Policy-2015 of Government of Gujarat at Jambudi Site of Halol Block of Panchmahal Districts of Gujarat.

कृषि: एव प्राणाऽस्ति || (Only Agriculture is the soul) is our Mantra and “Naturally prosperous and Organically sound Agriculture in Gujarat and India” is the prime vision of the GNFOAU. Future of the agriculture will be dominated by looming dangers of food safety and insecurity originating from an unholy alliance of existing and emerging environmental, economic and social issues. At present indiscriminate use of fertilizers and agro-chemicals deteriorates soil fertility, productivity, environment, biodiversity, human and animal health. One of the promising options to mitigate these challenges is Natural farming. GNFOAU aims at to address these issues through three dimensional activities including education, research and extension education in Natural Farming and Organic agriculture and related disciplines. The mandate is to undertake post graduate programs including Master (M.Sc.), Doctorate (Ph.D.) and P.G. Diploma as well as certificate courses pertaining to natural Farming and Organic Agriculture.

GNFOAU will strive to attain fruitful achievements and recognitions with the dedicated involvement of our officers, scientists, faculty and supporting staff. The blessings of Hon. Governor and the Chancellor of our University, encouragement and support from visionary Hon. Chief Minister and constructive support from Hon. Ministers of Department of Agriculture, Farmer's Welfare and Cooperation and all positive collaboration espousal from the State and the Central Governments, we will make all the endeavors possible to justify the mandate given to the University.

GUJARAT TECHNOLOGICAL UNIVERSITY

2nd Floor, ACPC Building
L.D.College of Engineering Campus, Navrangpura
Ahmedabad, Gujarat
Tel : 079-26300499(Reg.), 26300699, 26300599

Gujarat Technological University (International Innovative University), commonly referred as GTU, is a statewide institution affiliating many esteemed engineering, pharmacy, and management colleges and varsities across the western Indian Districts of Gujarat.

Gujarat Technological University was established on 16th May, 2007 to provide excellence in science and technology field. GTU makes degree engineering 100, degree pharmacy 90, diploma engineering 90, MBA 119, MCA 76, Hotel Management 2, diploma Pharmacy 16, in total 4 lac students and 20 thousand professors united under GTU and has achieved new stage in science and technology. GTU library provides live environment to enable the advancement of knowledge and discovery. Our Mission is to provide Faculties and students a vast ocean of knowledge which can bring new inventions and discoveries.

Earlier, Gujarat University was the prime university of Gujarat state heading all colleges including technical colleges. To ensure more efficient, and systematic imparting of technical education, the state government formulated GTU. GTU declares results all around from February to April for winter exams and all around from June to August of summer exams.

The Objective of Integrated Training and Placement cell is offering the best candidates at one location. At the same time single point of contact to offer better services to industries. Moreover, we would like to invite industries for campus recruitment. Industries may arrange campuses at all seven places for that region or we can merge and make two or three centres as per the need of the industries.

GTU made a small beginning by organizing a Preparatory Meeting and a Half-day Seminar on Saturday, 10th August 2013 on Solid Waste Management systems. Krupali Raval and Priyanka Deliwala, two young women-students at LJ Institute of Engineering & Technology developed an innovative system of solid waste management as their Final Year project. They have studied the properties of the solid waste in Ahmedabad and the dumping site of Pirana. I visited the Institute on 13th May 2014 to inaugurate the use of the system for the entire LJ campus.

GUJARAT UNIVERSITY

P.B. No. 4010, Navrangpura

Ahmedabad - 380 009, Gujarat

Email : registrar_gu@vsnl.net

Website : <http://www.gujaratuniversity.org.in>

The Gujarat University was conceived in the nineteen twenties in the minds of public-spirited and learned men like Gandhiji, Sardar Patel, Acharya Anandshankar B. Dhruva, Dada Saheb Mavlankar, Kasturbhai Lalbhai and many others. However, the University could come into existence only after the achievement of independence. In 1949, the University was incorporated under the Gujarat University Act of the State Government 'as a teaching and affiliating University.' This was done as a measure of decentralisation and reorganization of University education in the then Province of Bombay.

During the course of its life of more than five decades, the University has seen the establishment of seven more Universities which were carved out of the jurisdiction of the Gujarat University, viz., Sardar Patel University, Saurashtra University, Bhavnagar University, South Gujarat University, Gujarat Ayurveda University, Gujarat Agricultural University and North Gujarat University.

Even then, the Gujarat University is the largest university in the state catering to the needs of higher education of more than two lakh students scattered over 235 colleges, 15 recognised institutions and 24 approved institutions. There are 34 Post-Graduate University departments and 221 P.G. Centres.

Gujarat University is an affiliating University at the under-graduate level, while it is a teaching one at the post-graduate level. Indeed, the responsibility for post-graduate instruction has been statutorily given to the University, and accordingly it has evolved a plan of co-ordinated instruction under the direct control and supervision of the University so as to ensure efficient and diversified instruction. An important feature of this University is the system of external examinations in the Faculties of Arts and Commerce, both and under-graduate and post-graduate levels.

The external examinations were introduced with a view to enabling working students and the others who could not afford the high cost of university education to realize their dream.

Gujarat University has developed phenomenally in the last 57 years to be recognized as a premier University in the country today. It provides education in one of the widest range of disciplines to about two lakh students.

GUJARAT UNIVERSITY TRANSPLANTATION SCIENCES UNIVERSITY

IKDRC-ITS Premises, Civil Hospital Campus

Website : www.guts.education

The foundation of the University is based on Smt.G.R. Doshi and Smt.K.M.Mehta Institute of Kidney Diseases and Research Centre (IKDRC) established in 1981 with private-public partnership to provide state of art care for kidney diseases to people with limited financial resources. The institute grew to be the largest tertiary care centre of its kind in the world with 200 indoor beds for Nephrology, Urology and Transplantation services in 1992.

The Institute of Transplantation Sciences (ITS) with 200 additional beds was established in 1997 as a sister concern and was named after its founder Dr. H.L. Trivedi in 2006. The institutes perform about 350-400 kidney transplants and 25 liver transplants every year, the highest in the public sector. Institutes are dedicated to helping people with end-stage organ failure. The comprehensive approach has kept them consistently at the forefront of this lifesaving field. Research carried out here is of very high standards bringing envy to many.

Dr. Trivedi and team have become well known globally for pioneering transplantation with minimum or no immunosuppressive medications through their innovative stem cell technology. In addition, insulin making stem cells to cure diabetes and neuronal stem cells to cure neuronal degenerative diseases/ traumatic injuries, etc and cardiomyocytes generated from mesenchymal stem cells are the unique research areas of the team here. Active postgraduate teaching programs in Nephrology, Urology, Anesthesia and Pathology are ongoing for last 25 years. However there is no well designed curriculum for teaching and training in the field of transplantation in India.

IKDRC-ITS being the pioneer institutes for transplantation not only in the state of Gujarat but in India as well, Government of Gujarat conferred upon the status of State University and named it as Gujarat University of Transplantation Sciences, so that the branch of transplantation can develop well here. Thus IKDRC-ITS is the first constituent institute of the University.

Transplantation science is one of the most challenging and complex branches of Modern Medicine. It is a team work requiring support from many medical and paramedical specialties. The mission of the University is to serve as an academic and research nucleus to these specialties to improve the clinical, scientific, and social aspects of Transplantation making it accessible and affordable to population at large giving them healthy and productive lives.

GUJARAT VIDYAPITH

P.O. Navjivan, Ashram Road

Ahmedabad - 380 014, Gujarat

Tel : 079-27541392, 55449002, 27546767, 27541288

Fax : 079-27542547

Email : vc@gujaratvidyapith.org, registrar@gujaratvidyapith.org

Website : <http://www.gujvidyapith.org>

Gujarat Vidyapith was founded by Mahatma Gandhi on October 18, 1920 to liberate the Indian youths from the shackles of British colonial rule. As against the British colonial education system, propounded by Lord Macaulay, that produced human resources for the oppressive British Empire, Gandhi wanted his Vidyapith to prepare the youths for the task of national reconstruction and usher in 'Hind Swaraj', the India of his dream.

Gujarat Vidyapith was established as a national university without a government charter. Gandhiji was its life-long chancellor. Professor A T Gidwani was its founder vice-chancellor. Later, many more institutions, colleges and schools were affiliated to the Vidyapith. In 1923, the total number of students in these institutions stood at 30,000.

After Gandhiji, Sardar Vallabhbhai Patel, Dr. Rajendra Prasad and Morarji Desai adorned the post of chancellor of the Vidyapith.

Until 1930, Vidyapith imparted graduation-level courses in languages such as Gujarati, Marathi, Bengali, Sanskrit, Persian, English as well as in History, Mathematics, Philosophy, Economics, Accountancy, Music, Political Science, Pharmacy, Archaeology and Indology.

The Vidyapith stopped functioning temporarily during the civil disobedience movements of 1930 and 1932 and the Quit India movement of 1942. The students and faculty members participated actively in the freedom struggle, many of them courting arrest.

The Vidyapith started functioning afresh from 1945 and in June 1947, the Mahadev Desai College of Social Work was established. The Government of India declared the Vidyapith as a deemed university in 1963.

Today, it is one of the national universities with a charter from the Government of India and seeks to promote Gandhiji's ideals of service-oriented education.

GULBARGA UNIVERSITY

Gulbarga University was established in 1980 by an Act of Karnataka State. Its jurisdiction extends to the five Districts of Gulbarga, Bidar, Raichur, Bellary and Koppal of Hyderabad Karnataka. Earlier it was a post-graduate centre of Karnatak University, Dharwad since 1970. The main campus is situated on a 860 acres of land, 6 kilo meters east of Gulbarga city. It has 38 post-graduate departments and 4 post-graduate centres located at Krishnadevarayanagar, Bellary, Raichur and Bidar. Another post-graduate centre at Basavakalyan is on the anvil. The University enrolls about 3500 students every year for various post-graduate, M.Phil. and Ph.D. programmes in various disciplines. There are about 160 faculty members and about 700 technical and non-technical supporting staff. There are 305 colleges affiliated to this University which enrol graduate / diploma courses in arts, fine arts, music, social sciences, science & technology, commerce, education and law.

The Logo Statement "Vidyeye Amrutha" translates as "Education is Nector" and conveys the spirit of Gulbarga University which is catering to the needs of Hyderabad – Karnataka region. The starting of this University comes to our people as "Nector". Hence this logo symbolises the endeavour of the University in its prime focus of imparting higher education for the development of this region.

Vision

Excellence in higher education, empowerment through knowledge, inclusive growth for socio-economic transformation and sustainable development.

Mission

To equip students with relevant knowledge, competence, and creativity to face global challenges.

To achieve innovations in teaching-learning, research and extension activities to realize national goals.

To facilitate optimum use of human and natural resources for sustainable development.

To promote participation of all the stakeholders in the development of the University and the region.

To empower students through inclusive growth.

To adopt and promote the knowledge output for human development.

To create awareness of human rights, value system, culture, heritage and environment.

Guru Ghasidas Vishwavidyalaya, is a Central University of India, located in Bilaspur C.G. State, established under Central Universities Act 2009, No. 25 of 2009. Formerly called Guru Ghasidas University (GGU), established by an Act of the State Legislative Assembly, was formally inaugurated on June 16, 1983. GGU is an active member of the Association of Indian Universities and Association of Commonwealth Universities. Situated in a socially and economically challenged area, the university is appropriately named to honor the great Satnami Saint Guru Ghasidas (born in 17th century), who championed the cause of the downtrodden and waged a relentless struggle against all forms of social evils and injustice prevailing in the society. The University is a residential cum affiliating institution, having its jurisdiction spread over Bilaspur Revenue Division of the state of Chhattisgarh.

The department is offering specialization in Medical Anthropology and Tribal Development. Besides the courses in the table, Ph.D s have been awarded on some crucial topics like genetic analysis, disease prevalence in isolated community, tribal unrest. The course contents also deal with issues and concerns covering different dimensions of human rights and development.

The departmental field work have been conducted on the tribals inhabiting remote areas. The department published a number of articles, papers and books covering different ethnographic areas. Department also completed a number of research projects like Rehabilitation and Displacement, Nutritional Status of the korwas, Tribal Indebtedness, Monograph and Village Studies.

The department is in close collaboration with the local NGOs for productive research and development. Department organized a Refresher course in Anthropology and sociology, memorial lectures on Globalization of culture, workshop on Tribal Self-Rule, Seminars on 'Women empowerment' and 'Intersection of Religious and social upliftment of Harizons in central India' and held lecture series for the students, research scholars, NGOs and government officials related to tribal affairs. Department invited two ful-bright scholars from U.S.A.. Ministry of Human Resource development, Government of India, sanctioned grants to establish the Sahid Bir Narayan Singh Chair with a view to conduct research on primitive tribe and to work for documentation and preservation of cultural information, knowledge and resources.

Guru Gobind Singh Indraprastha University, 'A' Grade accreditation with NAAC, established by Government of NCT of Delhi under the provisions of Guru Gobind Singh Indraprastha University Act, 1998 read with its Amendment in 1999.

Guru Gobind Singh Indraprastha University has received the Platinum Technology Award for quality and excellence in the field of education, in Geneva, Switzerland, presented by Otherways Management and Consulting, a Paris-based international organisation.

Guru Gobind Singh Indraprastha University is a member of the Association of Commonwealth Universities, Association of Indian Universities, Medical Council of India and Distance Education Council.

Guru Gobind Singh Indraprastha University was established as Indraprastha University (IPU) on 28 March 1998 by the Govt. of NCT Delhi as a state University. The university was named after the ancient mythological city of Indraprastha, which features prominently in the *Mahabharata* epic.

In 2001, the university was officially re-christened as Guru Gobind Singh Indraprastha University (GGSIPU) after the Tenth Great guru of Sikhs Guru Gobind Singh.

Vision: “The University will stimulate both the hearts and minds of scholars, empower them to contribute to the welfare of society at large; train them to adopt themselves to the changing needs of the economy; advocate them for cultural leadership to ensure peace, harmony and prosperity for all.”

Mission: “Guru Gobind Singh Indraprastha University shall strive hard to provide a market oriented professional education to the student community of India in general and of Delhi in particular, with a view to serving the cause of higher education as well as to meet the needs of the Indian industries by promoting establishment of colleges and Schools of Studies as Centres of Excellence in emerging areas of education with focus on professional education in disciplines of engineering, technology, medicine, education, pharmacy, nursing, law, etc.”

GURUGRAM UNIVERSITY

Mayfield Garden, Sector - 51

Gurugram, Haryana – 122003

Email : gurugramuniv@gmail.com

admission.gurugramuniversity@gmail.com

Gurugram University is a State University established by Haryana Act 17 of 2017 and started functioning from academic year 2018–19. Dr (Prof.) Badruddin badar is the head of Law Department and current Controller of Examination, also first appellate authority under RTI Act, 2005, his son i.e., Jahangir Badar was appointed as adjunct faculty in Faculty of Law, Gurugram University by himself in January, 2020, his daughter has also been appointed as a lecturer in Criminal Law. This university is best, there is no discrimination among the students, everyone is treated equally.

Gurugram University will be synonymous with excellence in education. The students from every nook and corner of the country and from every group and stratum of society will live, learn and play in the sprawling lush green campus, nestled at Sector-51, Gurugram. It is great that you have taken an important step forward by choosing to embark on a future enriched with global studies at Gurugram University. The University will have faculty and other support and service staff, who will cater various needs of students and campus which will facilitate learning and imbibe the best practices among students. Moreover the University will provide world class facilities, which will be constantly reviewed and upgraded to reflect the latest trends and developments in higher education. Gurugram University is planning to be one of the most prestigious University in Haryana and is likely to be a microcosm of the Indian nation, drawing students from every nook and corner of the country and from every group and stratum of society. The university has started functioning from the campus of newly constructed Rao Tula Ram College of Science and Commerce. Gurugram University (GU) will soon emerge as a global university with a wide offering of programs and courses spanning varied educational faculties. The university believes in creating evangelists of knowledge; people who spread the light quite literally. Our premier University will attract many foreign students due to its world class facilities, which will be constantly reviewed and upgraded to reflect the latest trends and developments in higher education. In last few years Gurugram has developed into a hub of medical tourism, similarly the Gurugram University will transform the city into hub of educational tourism. The scholarships will also be offered by the University which will help in character building, skill enhancement and nation building.

The decision of the Haryana Government under the able, clean and dynamic leadership of Shri Manohar Lal Khattar to open up a University at Gurugram endorses the plan to re-establish the Indian Universities, underscores the commitment to rebuild India and particularly the State of Haryana as a seat of knowledge.

To sum up, the aim of the Gurugram University is to produce among the best-in-class knowledge creators, problem solvers and process managers, who also display deep social, cultural, ecological and national sensitivity, are collaborative leaders and responsible citizens.

Website : <http://www.gju.ernet.in>

The Guru Jambheshwar University, Hisar, was established on October 20, 1995 by an Act of the Legislature of the State of Haryana. It was formally inaugurated on November 1, 1995. It is named after Guru Jambheshwar Ji Maharaj. a saint environmentalist of 15th century. Keeping in view the nature of courses offered at the University and the mandate for which it had been established the name of the University has been changed as Guru Jambheshwar University of Science & Technology. The University is situated at Hisar, a rapidly growing town situated at 167 Km. from Delhi on Delhi- Rohtak-Hisar-Sirsa-Fazilka National Highway (NH- 10) and at a distance of 231 Km. from Chandigarh on NH-65.

The University is situated over a sprawling area of about 372 acres. The campus is laid out with picturesque landscape, numerous buildings of various designs and wide road network. It presents a spectacle of harmony in architecture and natural beauty. Approximately, 225 acres of land have been developed providing with all modern facilities such as road networks, water supply, street lighting, electricity supply and parks/lawns. The University has a cafeteria with the facility of a big dinning hall, kitchen, store and office on the ground floor. One big hall is also on the first floor. The cafeteria provides refreshment breakfast and lunch facilities. Facilities for special program like tea party etc. are also available here. Besides, there is a Shopping Centre which offers several facilities to the residents, such as saloon, laundry, post office, bookshop, bank withATM facility, grocery shop, sweets shop, computer and photocopying facilities, etc.

The University is recognized by the University Grants Commission under Section 2(f) for recognition of degrees on 11.1.1996 and under section 12(8) of the UGC Act to be eligible for central assistance on 7.2.1997. The University has been accredited by National Assessment and Accreditation Council (NAAC), in 2002 as grade 'A' and has been re-accredited as grade 'A' with (CGPA 3.26), in 2009.

Jurisdiction : The jurisdiction of the University extends to the courses being run in the areas of science, technology, engineering, pharmacy, physiotherapy and management on the University Campus and all Technical Institutions (except 8.Pharmacy institutions) in the Districts Fatehabad, Hisar and Sirsa with effect from the academic session 2011-12.

Guru Nanak Dev University was established at Amritsar on November 24, 1969 to mark the 500th birth anniversary of Sri Guru Nanak Dev Ji. It is both a residential and an affiliating university. In conceiving the future course of the University, the objectives enshrined in the Guru Nanak Dev University Act 1969, emphasised that the new University would make provision for imparting education and promoting research in the humanities, learned professions, sciences, especially of applied nature and technology. The University is successfully catering to twenty thousand students in various faculties at University Campuses and Constituent Colleges. Guru Nanak Dev University is the first University of the region which introduced on-line admissions to its courses, on-line counselling for State Level Admissions and Credit Based Evaluation System. All the results have been computerized and OMR (Optical Magnetic Recognition) system is being used to bring in more efficiency and transparency. It is again first for any University in the region to have computerized its examination and registration system. The students now have an all time access to their results through SMS service. The University has risen to 16th rank in the top 50 universities of the country, as per recent survey conducted by 'India Today' and has achieved 11th Position, out of the 500 universities, in Publications in science. The University has won the highest sports Award in the country, the Maulana Abul Kalam Azad Trophy, for a record of 21 times. The university has won National Championship in Inter-University Youth Festivals in the year 2012. The University has been National Champion for 8 times. The University has also won the North Zone Inter-University Cultural Championship for the 12 times this year. Studies and research on the life and teachings of Guru Nanak, in addition to working towards the promotion of Punjabi language and spreading education among educationally backward classes and communities were the other commitments. In consonance with these expectations, the University in its eventful history of 43 years has taken long strides in spreading the message of the Guru and promoting education in such fields as Science, Arts, Management, Information Technology, Industrial Technology, Environment, Planning and Architecture. To fulfill its commitment, the tuitions fee charged from the students of the departments of Guru Nanak Studies and the School of Punjabi Studies has been waived. This year, this University is declared University with Potential for Excellence by University Grants Commission, New Delhi to establish Centres of Advance Studies in Chemistry, Physics, Environmental Sciences and Comparative Literature. The University is accredited with a CGPA of 3.5 out of 4 with 'A' Grade, highest for any University by the National Assessment and Accreditation Council and Academic Staff College of the University placed at 12th rank by NAAC, Bengaluru.

Guru Ravidas Ayurved University, Hoshiarpur, Punjab, India. GRAU is an inspirational idea of Sh. Tikshan Sud, Medical Education & Research Minister under the able guidance of Sr. Parkash Singh Badal, Hon'ble Chief Minister, Punjab to promote Ancient pathy of Ayurveda, Research and Medical Tourism in the field of Ayurveda, Yoga, Unani, Sidha and Homoeopathy. In the State of Punjab, there are four Universities dedicated to the development of concerned Sciences, Namely Punjab Technical University, at Jalandhar, Baba Farid University of Health Sciences, at Faridkot, Punjab Agricultural University, at Ludhiana and Guru Angad Dev Vetenary Sciences University, at Ludhiana. There is no parallel system as far as technology is concerned. However, in the field of Medical Sciences, there is a system of Indian Medicine parallel to that of Modern system of Medicine, not only at national level, but internationally, in the form of Ayurveda, Sidh, Unani, Yoga and Homeopathy. The Ayurvedic system of medicine was invented by Acharaya Dhanwantri ji and both in Medicine and Surgery, the Ayurvedic System is well established and includes 'Chark Rishi ji' for Medical problems and the great 'Shushrat', the shining star in the field of Ayurvedic Surgery.

Similarly in the method of Yoga, the great Patanjali is known the world over. 'Sidh' system of medicine has also developed to its glorious heights in this land of Himalayas. The philosophy of Ayurved is totally different from that of Modern Medicine, wherein the philosophical basis of disease is the cell of the organ, while in Ayurved the philosophy is that the disease in the Human body is because of imbalance of inherent forces and the same manifest through some organ.

Similarly the system of Homeopathic Medicine also takes into consideration the body as a whole, rather than different organs individually and its philosophical basis is also drometrially opposite to that of modern medicine. Hence, it is required that independent research and development is carried out extensively in the theoretical as well as technical aspects of Ayurved, Sidh, Unani and Homeopathic Systems of Medicine. With this aim, the State of Punjab feels that this task of carrying out independent research and development of new Technologies for effective implementation of the ancient systems of Medicine and also for the theoretical and technological research in the field of Homeopathy, as separate and Independent University is required to be established in the State. Hence, this bill fall under the category of money bill under Section 199 of the Constitution of India and as such is being sent for the prior approval of His Excellency, the Governor of Punjab.

GURUKUL KANGRI VISHWAVIDYALAYA

Haridwar - 249 404, Uttarakhand

Tel : 01334-246366, 246235, 246811, 243090

Fax : 01334-245265/246366/246811

Email : swatantrak56@yahoo.com, queries@gkvharidwar.org

Website : <http://www.gkvharidwar.org>

Gurukula Kangri Vishwavidyalaya was founded on March 4, 1902 by Swami Shraddhanandaji with the sole aim to revive the ancient Indian Gurukula System of education, on the bank of Ganges at a distance of about 6 km. from Haridwar and about 200 km. from Delhi. This institution was established with the objective of providing an indigenous alternative to Lord Macaulay's education policy by imparting education in the areas of vedic literature, Indian philosophy, Indian culture, modern sciences and research. It is deemed to be a university fully funded by UGC/Govt. of India. Arya Samaj has been advocating women's education since the day it was founded. As part of its policies for the up-liftment of women in the country, Kanya Gurukula Campus, Dehradun was established in 1922 by Acharya Ramdevji as a second campus of women's education. To give real shape to the dreams of Swami Shraddhanandaji, Kanya Gurukula Campus, Haridwar was established in 1993. Gurukula has witnessed many distinguished guests in its journey till date. To name a few of them are Mr. C.F. Andrews, Former Prime Minister of Britain, Mr. Remjy McDonald, Mahatma Gandhi, Pt. Madan Mohan Malviya, Dr. Rajendra Prasad, Dr. Radha Krishnan, Sh. Jamnalal Bajaj, Dr. Munje, Sadhu Vaswani, Pt. Jawahar Lal Nehru, Smt. Indira Gandhi and Sh. Gyani Jail Singh, Sh. L.K. Advani and recently in 2011 Smt. Meira Kumar, Speaker Lok Sabha visited the Vishwavidyalaya.

Achievements

(a) Deemed University Status : The distinguished services of this institution to the nation were recognized when it was given the status of Deemed to be University in 1962 by University Grants Commission.

(b) Four Star Status : National Accreditation and Assessment Council (NAAC) has awarded four star status to the Vishwavidyalaya in 2002.

(c) Centenary Year : Vishwavidyalaya celebrated year 2002 as its centenary year. The Vishwavidyalaya has had phenomenal growth over the past 100 years and now offers 20 UG courses and 17 PG courses in different disciplines. Research programmes leading to the degree of Ph.D. are being run in the fields of Vedic literature, Sanskrit literature, Philosophy, Hindi, English, Psychology, Ancient Indian History Culture & Archaeology, Environmental Science, Physics, Chemistry, Mathematics, Human Consciousness and Yogic Sciences, Botany, Zoology, Microbiology, Computer Sciences and Management Studies.

(d) Membership : Gurukula Kangri Vishwavidyalaya is a Registered autonomous institute. All the degrees conferred by Vishwavidyalaya are recognized by UGC and AICTE wherever required. Gurukula Kangri Vishwavidyalaya is a pride member of Association of Indian Universities and Association of Commonwealth Universities.

HARICHAND GURUCHAND UNIVERSITY

Thakurnagar, Gaighata, North 24 Parganas

West Bengal- 743287

Email : Registrar: registrarhguniv@gmail.com

Office of The Vice Chancellor:

hgunivoffice@gmail.com / hgucontact@gmail.com

Website : <https://harichandguruchanduniversity.com>

With an emphasis on strengthening the education infrastructure of North 24-Parganas and surrounding districts of West Bengal, the Harichand Guruchand University (HGU) was established by the West Bengal State Government by incorporation of the *Harichand Guruchand University Act, 2018, West Bengal Act XXVII of 2018, Part- III, Acts of the West Bengal Legislature*, Law Department Legislative Notification, published in The Kolkata Gazette (Extraordinary), 2nd January, 2019.

Sri Sri Harichand Thakur and his son Sri Sri Guruchand Thakur are the saviours cum pathfinder to the Dalit communities in the greater undivided Bengal presidency. They are remembered for their phenomenal contribution for uplifting the untouchables in Bengal.

In the memory of such legends and to honour the deliberation of the Matua community to get enlightened through knowledge, Hon'ble Chief Minister of West Bengal, Smt. Mamata Banerjee on 11th January of 2019 laid the foundation stone of Harichand Guruchand University at Thakurnagar, North 24 Parganas, West Bengal.

This University has been instituted with a dedicated vision of bridging a pool of opportunities in higher education vis-à-vis envisaging scholastic work in social and cultural issues of Matua community. With this very aim, Prof. (Dr.) Tapan Kumar Biswas, Professor in the Department of Folklore, Kalyani University, joined as the first Vice-chancellor of the Harichand Guruchand University on 30th January, 2021.

He is a renowned academician and has many research works about the Matua community and their heritage to his credit. Presently, the State Government has identified 8.8-acre land at Chandpara in North 24 Parganas, to be allotted for the building of the University infrastructure.

Till then a makeshift arrangement has been made to carry out administrative cum academic proceedings of the University in the premises of P. R. Thakur Government College, Thakurnagar, North 24 Parganas- 743287.

In this initial phase, the University has opened its academic door with three faculties: Science, Arts and Education. More school of studies are in plan to be opened in the near future.

HARIDEV JOSHI UNIVERSITY OF JOURNALISM AND MASS COMMUNICATION

Sawai Ram Singh Road
Jaipur - 302 004, Rajasthan
Tel : (0141) 2373762,2373739
EPABX: (0141) 2373761-62
Website : www.hjuj.ac.in

The foundations of Haridev Joshi University of Journalism and Mass Communication (HJUJ) stand on the bedrock of freedom of expression and providing access to information and knowledge of diverse viewpoints. In fact, HJUJ is the result of Rajasthan Government's commitment towards promoting quality journalism. The conviction, in the minds of Members of the Rajasthan Legislative Assembly and the policy makers in the State of Rajasthan, on the crucial role of the media in preserving democratic principles also facilitated the enactment of the legislation that brought HJUJ into existence in 2012.

Haridev Joshi University of Journalism and Mass Communication (HJUJ) aims to be one of India's finest universities devoted to media studies and mass communication. The university is named after an illustrious former Chief Minister of Rajasthan, the late Haridev Joshi, who began his public life as a freedom fighter and journalist in the tribal Banswara region. HJUJ, a dream project of Rajasthan Government, is mandated to lead three core programmes -- teaching, training and research - embracing a broad social mission to impart high calibre journalistic education to strengthen democratic values and processes in society.

Located in Jaipur, the capital of India's largest State Rajasthan, HJUJ offers an array of innovative courses in journalism and mass communication to combine both theory and practice at the graduate, postgraduate and doctoral levels. Committed to instilling quality in education and make it responsive to fast changing global trends, HJUJ will adopt media-study-tools to impart professional skills and lead students, including those belonging to weaker sections of society, towards advanced educational opportunities.

An autonomous and independent mass media is *joie de vivre* to promoting public welfare, protecting peoples' fundamental rights and basic entitlements. India has a long tradition of a pluralistic, fair and independent press that rose to prominence through its deep involvement in the country's Freedom Struggle. In recent decades, other mass media like radio, television, cinema and digital or 'new' media have also earned enormous recognition. Through Its multiple academic programmers dovetailed with fast emerging issue-based practical sessions and in-plant training schedules, HJUJ will strive to function as a media-laboratory to roll out ethically competent professionals in various segments of the fast expanding media industry.

HARCOURT BUTLER TECHNICAL UNIVERSITY

Harcourt Butler Technical University, Nawabganj

Kanpur– 208 002, Uttar Pradesh

Tel. : +91-512-2534001-05 / +91-512-2533812

Harcourt Butler Technical University Kanpur has been established in year 2016 by the Government of Uttar Pradesh with a view for making it a leading Residential University to become a Centre of Excellence with focus on Research and Development and Incubation in the field of Engineering, Technology, Basic & Applied Sciences, Humanities, Social Science & Management Architecture and other professional courses. HBTU aims to promote studies, research & innovation in Engineering areas of higher education, to enhance skill development through continuing education programme and knowledge and to achieve excellence in higher Technical education. On academic front, the University is running Four Schools with thirteen Undergraduate Programmes in Chemical Engineering, Civil Engineering, Computer Science & Engineering, Electrical Engineering, Electronics Engineering, Information Technology, Leather Technology , Mechanical Engineering, Biochemical Engineering, Food Technology, Oil Technology, Paint Technology and Plastic Technology along with M.C.A, full time & part time M.Tech. Programme in various disciplines and going to start full time Ph.D. programme in number of disciplines as part of Quality Improvement Programme of MHRD and TEQUP-II. In view of the emerging need of the time, the University is planning to start number of Programmes at Undergraduate and Post Graduate level in the near future.

The University provides a congenial environment for the holistic growth and all round development of the students such that they become globally acceptable personalities with communication skills, proper attitudes, aptitudes, problem solving capabilities and to work as a team.

HBTU Kanpur(Formerly HBTI) has received aid from the World Bank(Phases TEQIP-I , TEQIP-II) for various developmental projects. This aid will be spent for:

- Development of the Infrastructure.
- New Laboratory equipment.
- Maintenance and repair of old laboratory equipment.
- Funding for research and lectures attended by faculty in foreign Universities.
- Aim towards community development and overall growth.

The faculty members have contributed large numbers of research papers in Indian as well as International journals. Besides, many R&D Schemes sponsored by D.S.T, U.G.C, I.C.A.R, D.R.D.O.,U.P.C.S.T., C.S.I.R., D.A.E., I.C.M.R.,D.O.E. and Ministry of Civil supplies have been successfully completed. All these accomplishments definitely prove it to be a fecund ground for nurturing intellects.

HEMCHANDRACHARYA NORTH GUJARAT UNIVERSITY

P.B. No. 21, Rajmahal Road
Patan – 384265, Gujarat
Tel : 02766-230456, 9825041654, 230427, 9825069812
Fax : 02766-231917/233649

Website : <http://www.ngu.ac.in>

The geographical jurisdiction of the North Gujarat University encompasses four Districts- Mehsana, Patan, Banaskantha and Sabarkantha. Each one of the four District has its own distinct heritage. Geographically a part of the whole area is towards the desert of Kutchh, while on the North Eastern side are rocky regions of forest populated by the tribal. The economy of the area is mainly agricultural. There are a few towns here and no big city. The rest of the population lives in villages. With a view to catering to the peculiar cultural and educational needs of the area, North Gujarat University was established by the Ordinance No. 5 of 1986 dated 17.5.1986 which was later passed as the North Gujarat University Act No.22 of 1986 on 11/9/86 by the Legislative Assembly of Gujarat. The University has been functioning since then and growing and expanding steadily.

Patan a town in Patan District, was chosen for the University Headquarter. The historical importance of the place cannot be underestimated. For centuries it had been the capital city of a large kingdom extending far beyond the bounds of present day Gujarat, under the Solanki rulers and a very important seat of Jain scholarship. It is the holy land of Hemchandracharya a great thinker who made valuable contribution to the studies in grammar, literature, religion and philosophy. The RANI-VAV, a great architectural and sculptural monument of yester years, the lakes of Shahastralinga and Khansarovar, the Jain temples of Panchasara and a few other remains in and around the place testify to the glory that was Patan, in not so distant past.

The North Gujarat University was carved out of Gujarat University whose Headquarter is at Ahmedabad. On bifurcation, the North Gujarat University inherited no physical assets from its parent University. It had, therefore, to start its existence ab-initio so far as its local habitation was concerned. PATAN, a historical town in northern part of Gujarat, was officially designated as the Head-Quarter town of the University. The town happens to have composite campus of four affiliated colleges. The managing council of the colleges was kind enough to put at the disposal of the infant University its two hostel buildings on rent to accommodate its offices. Thus began the University to operate and serve 41 colleges scattered over the three erstwhile Districts of Banaskantha, Mehsana and Sabarkantha allotted in its jurisdiction. Along with the two hostel buildings the University rented a hall, called the Gandhi Memorial hall, to house its library. The aim was to start building up a nucleus library for the future post-graduate departments of the university.

HEMWATI NANDAN BAHUGUNA GARHWAL UNIVERSITY

Srinagar-246 174, Uttarakhand

Tel. : 01346 – 252328, 01346 – 250558, 01346 – 253755, 01346 – 252143

Fax : 01346 - 252247

Inception of Garhwal University on Dec. 1 st 1973 was the fulfillment of a long cherished dream of the local people .The University was established under the provisions of Uttar Pardesh State Universities Act (Act No. 10 of 1973) on 1.12.1973 and the Act come in force w.e.f. 1.12.1973. The name of the university was rechristened to Hemwati Nandan Bahuguna Garhwal University in 1989 in commemoration of the memory of a leading statesman of the country, the son of the soil Shri Hemwati Nandan Bahuguna, and subsequently established as Central University under the provision of the Central Universities Ordinance, 2009, No.3 of 2009 published in the gazette of India, extraordinary Part-II, Sec-I, New Delhi, 15 January 2009. Our University is among the ten largest Universities of the country with 3 campuses and more than 180 affiliated colleges and institutes (both state run/aided and self financed) and examining approximately 150000 students annually, providing higher education services in 7 out of the 13 Districts of the State of Uttarakhand. The University is blessed with state of art research facilities, some of the best teachers and close academic relations with a number of premier institutions. With its Headquarters at Srinagar some 108 K.M. from Rishikesh along the Delhi-Niti National Highway, Birla Campus at Srinagar (bisected into two halves. the Srinagar Campus and the Chauras Campus by the river Alaknanda), BGR Campus set on enticing mountain slopes at Pauri (29 K.M. from Srinagar and some 100 K.M. from Kotdwar, the nearest railway station) and SRT Campus at Badshahi Thaul amidst dense pine forest (some 85 K.M. from Srinagar and 65 K.M. from Rishikesh on the route to Gangotri). The University offers a variety of higher learning courses and academic programmes through 10 Faculties. As a mark of the appreciation of its importance and achievements it has been upgraded as a Central University. HNB Garhwal University nestled in the lap of Himalayan ranges is the Garhwal Himalaya. "The abode of Gods; Devbhumi or Tapobhumi", is how it finds mention in mythology and religious literature. Srinagar Garhwal is situated (30 0 13' N /78 046' E) in Pauri District of Garhwal region of Uttaranchal on the bank of river Alaknanda in mid-Himalaya. Being the royal capital of the erstwhile rulers of Garhwal in the past, variously known as Sripur, Sriksheeta and Danush Teertha, it remained capital of Garhwal kingdom till 1805 AD; thereafter the centre of Gorkha rule till 1850 AD and administrative centre of British till 1890 AD. The historic township enroute to the supershrine resorts of Kedarnath and Badrinath is well linked by road to all the prominent places of the region, including the three rail heads- Rishikesh, Kotdwara and Dehradun. Of late, Srinagar has strongly emerged as a centre of higher learning and research with the establishment of the University. The historic town Srinagar is well linked by the road with all the prominent places of the region, including the three rail heads- Rishikesh, Kotdwara and Dehradun.

HEMWATI NANDAN BAHUGUNA MEDICAL EDUCATION UNIVERSITY

123, Ganga Vihar, Behind Roadways Workshop
Haridwar Road, Dehradun -248001
Phone: (+91) 135-2723321, 2723322
Fax: (+91) 135-2723323
Email : info@hnbmu.ac.in

The establishment of the Hemwati Nandan Bahuguna Uttarakhand Medical Education University fulfills one of very long cherished and important aspirations of the people of Uttarakhand to have best and highest level medical facility within the state. Although successive state governments tried to provide a chain of hospitals in the entire length and breadth of the state and also opened several medical, dental, nursing and para-medical colleges, both in the public and private sectors, for providing education in respective fields so that necessary trained personnel is available within the state for hospitals in Uttarakhand, still for various serious and critical cases the patients and their attendants had to run to Delhi and other distant places to get specialized and high level treatment.

This caused insurmountable problems and incurring of huge funds in terms of money for them. This was because highest level medical education and research was not available within the state. Moreover, the medical, nursing and para-medical institutions were so far affiliated to non-medical universities in the state which only conducted their examinations and awarded degrees and diplomas and had no expertise to guide the quality of education and research.

The establishment of the Hemwati Nandan Bahuguna Medical Uttarakhand Education University at Dehradun, by an Act enacted by the Uttarakhand Legislative Assembly and assented to by the Governor on 18 February 2014 by the Uttarakhand Govt-Act-No72/xxxvi(3)/2014/07(1)/2014 to fulfills the long standing need of the people of Uttarakhand to have an institution for the advancement and development of medical education in the state.

It aims not only to guide the medical, dental, nursing and para-medical education in the state by affiliating all such institutions with it but also itself carry high level and specialized teaching and research. It shall also have a medical college of its own within its campus to serve as a model for other colleges within the state. It shall cooperate and collaborate with best similar institutions within the country and abroad so that the best medical education can be provided within the state of Uttarakhand. It also aims at providing quality research.

HIDAYATULLAH NATIONAL LAW UNIVERSITY

Raipur - 493 661, Chhattisgarh
Uparwara (Post), Abhanpur New
Raipur - 493661, Chhattisgarh
Tel : 0771-3057603,604 (30 lines), Fax : 0771-3057666
Email : registrar@hnlu.ac.in dipakdas@hnlu.ac.in

"Dharma Sansthanartham" (for the sake of establishing the primacy of the laws of eternal values) is the motto of Hidayatullah National Law University, Raipur, established by the Government of Chattisgarh under the Hidayatullah National University of Law, Chattisgarh, Act (Act No.10 of 2003).

HNLU is a Residential University and is sixth in the series of National Law Schools in India. HNLU has been included in the list of the Universities maintained by the University Grants Commission under Section 2(f) of the UGC Act, 1956 and has been declared fit to receive Central assistance in terms of the rules framed under Section 12 (B) of the UGC Act, 1956.

The university is recognized by the Bar Council of India under section 7 of the Advocates Act. Hon'ble Mr. Justice H. L. Dattu, Judge Supreme Court of India is the Visitor of the University, Hon'ble Mr. Justice Yatindra Singh, the Chief Justice of High Court of Chattisgarh is the Chancellor and Prof. (Dr.) Sukh Pal Singh, is the Vice-Chancellor of the University.

The new campus of HNLU is the glorious result of the excellence of human effort and human spirit - simply unputdownable. The Government of Chhattisgarh has been kind enough to allot the required land and give necessary financial assistance for the construction of the new campus.

His Excellency Dr. A.P.J. Abdul Kalam, the President of India laid the Foundation Stone of the permanent building of this University on 28.01.2004, in the presence of His Excellency Lt. Gen. K.M. Seth, the Governor of Chhattisgarh and Hon'ble Dr. Raman Singh, the Chief Minister of Chhattisgarh.

The Government of Chhattisgarh initially allotted a sum of Rs.10.00 Crores in the year 2005-2006, for commencing the construction of the new building. Additional budgetary allocation of Rupees Thirty Crores replenished to meet the total financial requirement for the construction of new Campus.

Blessed are those who have the opportunity to serve humanity. At HIHT University, we groom young minds to not only be thorough professionals but to also be good human beings with moral and ethical values.

Our founder's philosophy is embodied in his golden words "Love, Serve, Remember". He believed that one must learn to work lovingly and selflessly. One can, through rigorous practice become skillful, but working lovingly and selflessly is what we need to learn.

It is this philosophy that the institute strives to incorporate in its system of education as well as in the treatment of the sick. Swami Rama did not teach any particular religious doctrine but his teachings aimed at transforming individuals by inspiring them to take charge of their own lives through discipline and strong will power.

His principle of compassion and selfless service is evident in patient care at the hospital and other in the outreach services offered by our medical professionals. We also see a reflection of his philosophy and teachings in the free care provided to very poor patients in our hospital through the Sewa Fund, scholarships for needy and meritorious students and other voluntary health services.

"All of the body is in the mind, but not all of the mind is in the body." Swami Rama strongly emphasized that a majority of diseases have a psychosomatic basis and that these diseases could be ameliorated by harmonizing the body, breath, mind and emotions simultaneously.

Swami Rama's pioneering work on the use of biofeedback as a therapeutic modality has laid the foundation for stress management and holistic health programs. The Department of Holistic Medicine in the Hospital integrates the spiritual basis of life with traditional and modern medicine. His basic teachings emphasized correct breathing techniques, healthy eating habits and various yogic and meditative practices.

The science of Joyful Living/Stress Management programme for students and faculty is a reflection of his nonsectarian and universal approach to life.

HIMACHAL PRADESH TECHNICAL UNIVERSITY

Gandhi Chowk, District Hamirpur
Himachal Pradesh - 177 030
Tel : 01972-224152,224153
Fax : 01972-224150
Website : <http://www.himtu.ac.in>

The Himachal Pradesh Technical University is established with the objectives for value creation and welfare in society through technical education and training, research, innovation public and private sector consultancy, entrepreneurship, continuing education programmes, autonomous Colleges/Institution and affiliating constituent and private Colleges/ Institution.

At the same time the University is responsive to the changing and exceptional requirements of our societies and economies and contribute to find answers to global problems.

This implies the continued existence and evolution of the University – defined by a commitment to offering society need – based and research-based technical education to increasingly diverse student bodies, to strengthening the linkage between teaching-learning and research, and to providing the University students with competences required to rapidly changing skilled labour markets.

This requires the University with different traditions, vision, mission mixes, and thrust areas in the context of a system of higher education Institutions incorporating progression routes from one institution to another, based on equality of esteem for diverse missions, and aware of the importance of balancing the need for competitiveness with that of enhanced cooperation, social cohesion and solidarity.

The first statutes are based on a desire to assign competence and responsibility to the relevant University's authorities, and to regulate by statutes only that which is required by the Himachal Pradesh Technical University Act of 2010 to be regulated by statutes or which is obviously necessary.

University vision is of autonomous Himachal Pradesh Technical University as dynamic, flexible institution promoting oriented research led inter disciplinary learner-centric technical education, and generates added value in teaching-learning, research, and knowledge transfer required for promoting integrated national development and global understanding.

HIMACHAL PRADESH UNIVERSITY

Summer Hills, Shimla -171 005, Himachal Pradesh

Tel : 0177-2831363, 2647670, 2830912 2622062

Website : <http://www.hpuniv.nic.in>

The Himachal Pradesh University was founded on July 22, 1970. It is located at Summer Hill which is at a distance of 5 kms from the main town, Shimla. The University is nestled amidst tall and lush green trees of deodars, oaks, pines and rhododendrons. The location of the University presents a panoramic natural view among the woods, settled around Summer Hill. The camps where one half bathes in the fresh sun towards the east and another half in the grandeur of unique sunset on the West. Overlooking snow peaked majestic mountain ranges add to the lofty ideals and vision of the university. Its salubrious climate and calmness presents congenial atmosphere to pursue higher studies. The University campus occupies an area of 200 acres and has been designed to possess a distinctive architectural style. Himachal Pradesh University is the only multi-faculty and affiliating University in the state. It firmly believes in what India's first Prime Minister Jawahar Lal Nehru said in his oft. Cited convocation address at the University of Allahabad, "A University stands for humanism, for tolerance, for region, for progress, for the adventure of ideas and for the search for truth. It stands for the onward march of the human race towards even higher.

Mission and Objectives

- To cultivate the spirit of free enquiry, to foster independent and critical thinking, to be a repository of knowledge, to be an instrument of dissemination of knowledge and to promote the traditions, values enshrined in Indian heritage and tradition. To be specific, its purpose is to empower, in particular, the people of Himachal Pradesh, most of whom lives in difficult, remote and tribal areas, through educational processes by undertaking teaching, research and outreach programmes.
- Further, it strives to have a system of higher education rigorously intellectual and socially relevant. It is to inculcate in students values of reason, discipline, democracy, patriotism, respect for differences, rigor, objectivity, professionalism, social responsibility, cooperation, non-violence and perfectionism.
- The University aims at providing opportunity, both through the formal and distance mode, for total quality education to everyone irrespective of gender, race, creed, caste, or class. It is engaged in equipping students with relevant and appropriate skills, attitudes and experiences for meeting the challenges of life.

Hence broadly speaking, the mission of the University is to usher Himachal Pradesh and India into the new millennium as a leading contributor in the field of education and research both in the social sciences, languages, behavioural sciences and in science & technology.

A society of leading Visionaries, educationists and professionals projected the founding of the Himalayiya University. The sole purpose was to build the knowledge empire for the upliftment of the rural community of Dehradun and nearby areas and to expand its branches around the nation. The Himalayiya University was established in the year 2019 with a vision to create job opportunities for the young generation by providing the best education in Medical and Non-medical fields.

The University campus spans over 10.5 acres with a lush green environment surrounded by a reserve forest, a small river, and agricultural fields. The Himalayiya University is located at the Fatehpur Tanda (District Dehradun, Uttarakhand), which is about 30 km on NH-58 from Dehradun city and can be easily reached by 15 mins drive from Dehradun Airport (Jolly Grant Airport). The University campus spreads over an average of ten acres with a green plush surrounding a reserve forest, a small river, and agricultural fields. The global standards set at Himalayiya University in the field of teaching and research spur us on in our relentless pursuit of excellence.

The University focuses on

- Enriching the academic experience by experimenting with new dimensions in teaching and learning activities.
- Developing leadership, and problem-solving excellence, among students.
- Strengthening relationships among learners and facilitators to develop an exceptional learning environment.
- Promoting Student-centred learning and constructing new feats for better future endeavour.
- Upholding the highest ethical standards to inculcate integrity and reliability in students.
- Promoting transparency in the work system

Vision

To provide skilled, honest, and innovative entrepreneurs to strengthen nation-building by becoming one of India's finest Universities.

Mission

Upholding the highest ethical standards to inculcate integrity and reliability. Providing the skills to survive, serve and fine tune professionally to perfection.

HIMGIRI ZEE UNIVERSITY

Website : www.himgirizeeuniversity.edu.in

Himgiri Zee University (HZU) has been established to meet the growing demand for trained human resources in various social, educational, scientific, technical and professional organizations so as to channel human energy towards sustainable economic and social development.

In order to make a positive difference to education and employment, Shri Subhash Chandra, Chairman, Essel Group of Industries and Zee Telefilms had brought together in 1995 a group of committed anthropologists, sociologists, economists and development communications professionals to set up TALEEM Research Foundation in Ahmedabad. One of the mandates of Taleem Research Foundation was to set up the Himgiri Zee University.

Based on the motto 'Vasudhaiva Kutumbakam' (World as Family), Himgiri Zee University has been established for the vocationalisation of higher education which is national in character and transnational in jurisdiction.

The University is characterized by its resolve not to discriminate on grounds of caste, creed, residence, community, gender and religion. HZU has been established under Act No. 17 of 2003 of the State Legislative Assembly, Government of Uttaranchal (Act 2003, Uttaranchal Adhiniyam Sankhya 17 of 2003) and has since become operational.

The University offers programmes in both the regular and the distance learning modes and envisages the use of modern technologies for this purpose.

HZU will provide educational opportunities to all segments of society, without discrimination of any kind. In addition to regular face-to-face education, HZU will, through the use of modern technologies of communications, bring education to the doorsteps of all those who did not have access to higher education earlier or were denied such an access.

HINDI UNIVERSITY

ALO Building
37/2 Bhairab Dutta Lane, Nandibagan,
Salkia, PS: Golabari,
Bus/Auto Stoppage: Pilkhana More
Howrah, 711106, West Bengal
Phone : +91 8274 991 949

There had long been a demand among the Hindi speaking communities of West Bengal for higher studies in their mother tongue. Hindi as a subject at UG and PG levels did exist before. But it was Srimati Mamata Banerjee, the Honb'le Chief Minister of West Bengal, who came forward to fulfill this legitimate demand for Higher Studies in Hindi Medium. Hindi speaking people lie scattered all over the state but their population density, leaving apart the border District Paschim Bardhaman, is mostly found in the districts of Hooghly (South East part), South 24 Parganas, Howrah and Kolkata. The town of Howrah is situated almost at the centre of this radius. No wonder that the State Government has judiciously chosen Howrah as the location of Hindi University and has opened up the entire State for its operational territory.

The Hindi University Act (West Bengal Act XXI of 2019), passed by the West Bengal Legislative Assembly, was Gazette-notified on 10 January, 2020. The 10th Day of January is, therefore, to be reckoned as the Foundation Day of Hindi University. Prof. Damodar Mishra, an eminent academician, was appointed the first Vice-Chancellor in December 2020, and the provisions of The HINDI UNIVERSITY ACT came into effect on 1st January, 2021 in terms of Government Notification dated 30.12.2021.

Despite the closure of academic institutions due to COVID 19, permission for teaching two Post Graduate courses – Hindi and Translation Studies – was received. Without wasting any time Syllabus was prepared and students admitted during 2020-2021– thanks to the dynamism of the first Vice-Chancellor.

Vision

- Expanding further the scope of Higher Education in West Bengal through Hindi as a medium of instruction.
- Promoting Hindi for bridging linguistic differences and for national integration.
- Ensuring Quality in Higher Education by smoothing out linguistic barriers.

HINDUSTAN UNIVERSITY

Hindustan College of Engineering, started in the year 1985, was conferred the "University Status" by University Grants Commission (UGC), Government of India, Under Section 3 of UGC Act 1956 from the academic year 2008-09 and under the name HITS (Hindustan Institute of Technology and Science).

Today, Hindustan Institute of Technology and Science is one of the most sought after engineering Institutions in Tamil Nadu, reputed for its highly qualified and experienced faculty and excellent infrastructural facilities for curricular and extra curricular activities, the University has maintained an enviable academic excellence right from its inception.

The student community comprises of students from all over India and Overseas. We have students hailing from Afghanistan, Bangladesh, Bhutan, China, Egypt, Ethiopia, France, Indonesia, Kenya, Korea, Liberia, Libya, Mauritius, Nigeria, Oman, Rwanda, Singapore, South Africa, South Korea, Sudan, U.A.E, Thailand, Vietnam, Tanzania, USA, etc.

The university has accomplished its mission and its academic achievements are a testimony to the same. More than 80% of students secure first class with distinctions year after year. Over 950 students have been placed in leading companies in India and abroad in the last 3 years.

The students of this reputed institution are receiving placement offers from leading companies in India and Abroad.

The institution has collaborative partnerships with leading universities in USA, Singapore, Australia, etc. It has students and faculty exchange programs with leading international universities. The university has also has received numerous accolades and awards over the years.

Mission

To provide every individual with a conducive environment suitable to achieve his / her career goals, with a strong emphasis on personality development, and to offer the academically inclined the resources to gain quality education in all spheres of engineering, applied sciences and management, without compromising the quality and code of ethics to each student of the Institution.

Website : www.hbni.ac.in

In pursuit of its mandate, the DAE has established research and development centres as well as grant-in-aid institutions, and has taken in its fold several existing institutions as its grant-in-aid institutions. Together all institutions under the umbrella of the DAE present a formidable group in terms of expertise in science and engineering and research infrastructure.

All research institutions under the umbrella of the DAE had been pursuing academic programmes with affiliation from universities located nearby. These programmes were either research based degree programmes (Ph.D. and M.Sc. by research) or class room based course work programmes in certain specialized areas [Diploma in Radiological Physics (DipRP), and Diploma in Medical Radio Isotope Techniques (DMRIT)] or those having a combination of class room courses and research (M.D., M.Ch. and D.M.). Student intake for these programmes was less than the full potential of the institutions and intensity of academic exchanges between R&D centres and grant-in-aid institutions had scope for improvement.

For developing a well trained manpower to fulfill its mandate, DAE founded the “Training School” at Atomic Energy Establishment, Trombay (AEET) in 1957. There was no opportunity available anywhere in the country to impart sufficiently broad-based training in the field of nuclear science and engineering. The Training School provided just the needed avenue both for training as well as for recruitment. With the renaming of AEET as BARC the Training School has come to be known as BARC Training School and the increased demand for manpower has prompted setting up training schools at other units of the DAE.

The Training Schools offer a well designed compact, one year intensive programme for fresh engineers and scientists giving them a sound knowledge base in nuclear science and technology. For historical reasons, the name “Training School” continues, however, given the depth and range of its operation of its programmes, it functions as a Graduate School.

The DAE has also made significant contributions to the development of research activity in the universities in the country. Through the Board of Research in Nuclear Sciences (BRNS), it has strengthened the research programmes in the universities by funding well defined projects. BRNS has the distinction of being the first agency in the country for funding extra-mural research. In the past one decade, funding through BRNS has been significantly stepped up.

HOMOEOPATHY UNIVERSITY

Plot no.10, 11, & 12, Village Saipura, Sanganer,
Jaipur - 302029 Rajasthan (INDIA)

Telephone: +91-0141-5184408/09

HSNC University, Mumbai, is constituted under sub-section (6) of section 3 of the Maharashtra Public Universities Act, 2016 (Mah. VI of 2017), the Government of Maharashtra vide notification no. Rusayo-2019/CR-186/UE-3 dated 30th October 2019 in the official gazette as a Cluster University comprising a cluster of the existing - HR College of Commerce and Economics, Churchgate, Mumbai as the lead college and Kishinchand Chellaram College, Churchgate, Mumbai and Bombay Teachers' Training College, Colaba, Mumbai as the constituent colleges with H(S)NC Board as its parent body.

In the offing is a liberal education system that will revolutionise the learning system like never seen before. A buffet approach to courses; multi-disciplinary in approach and technology-based education i.e. EDUCATION 4.0 is what students enrolling with the HSNC University are heading for. Along with the popular courses, students can look forward to unconventional courses like a new School of Yoga as well as of Performing Arts – Kathak and Bharatnatyam and School of Music, both vocal and instrumental. This is in addition to the much-in-demand School of Law. The curriculum has already been endorsed by the Industry as well as reputed foreign universities to ensure that students transition to their internships and jobs is a smooth one. In addition, students can look forward to a research and entrepreneurship culture at the HSNC University and research projects supported by the Industry itself. The HSNC Mumbai University, which is being built on the strongest credentials of its three constituent Colleges, will continue to hold the baton of excellence high, and move in the direction of setting loftier standards in the national and international higher education scenario. Remember, you are at the right place and at the right time. Yes – HSNC University: Where Excellence is the only Compelling Option.

VISION

Create World Class Centres of Excellence that influence the future by:

- Providing Quality Education
- Research
- Exploring new ideas
- Keeping up with Technological and Socio-economic Change

MISSION

- Excellence in Academics
- Innovation in Education
- International Engagements
- Technological Advancements
- Socially Responsible Citizens
- Leadership Development

In view of addressing the need to have an educational system which supports innovation, research-driven academic programmes, recruitment, development & retention of outstanding faculty, world-class yet affordable education to increase students' employability and improve career prospects, VEF has come up with IEC University at Atal Shanti Kunj in Baddi, District Solan, Himachal Pradesh.

IEC University aims to deliver multi-disciplinary world class education through effective and efficient processes so as to make it accessible to all sections of society. Sprawling over 14.5 acres and situated on the foothills of beautiful Shivalik Mountains, the University campus is an escape from the madding crowd. Lined with lush green trees, beautifully landscaped gardens and magnificently designed buildings with state-of-the-art facilities, IEC experience is truly international.

The heart of the IEC campus is its Academic block which houses two floored Digital library, acoustically designed auditorium, 80 lecture theatres, well equipped labs, Engineering workshops, Seminar Halls and a Computer Center with 24X7 internet connectivity.

The University also has excellent support facilities like canteen, gymnasium, health care center, sports complex, transportation facility, Banks, ATMs, Post office & Courier services, Residential facilities for staff, Hostels, Students Activity Center (SAC) and Hobby clubs. At IEC we appreciate that the end goal of every educational institute is to groom students to handle Industry problems which increases their employability. At IEC we have created a proper mix of the four important modes of learning in the curricula. Classroom Learning—Teacher is an integral part of the education system. He or She knows what to deliver and how to do it best. So the first mode is learning through an expert. Technologies to aid learning—To make the lecture more comprehensible and aid understanding, we have all the required technologies at place. This understanding is further increased through practicals. Doing something on your own improves your skills and understanding of the concepts. Hands on practice is what we believe in. Bringing out their leadership skills—The next mode is to make the student play the lead role and to open up. This is done through seminars, conferences, GDs, Technical quizzes, what's the good word and a lot more activities. These exercises help in improving their soft skills including confidence level which is very important for having a successful career.

IES Group continuously strives for academic excellence through faculty development programmes, capacity and capability building training sessions etc.

Our Vision

IES University aspires to be a centre of academic research for promoting human excellence by imparting knowledge, enhancing skills and inculcating an innovative mindset in faculties as well as students for contributing to national growth and receiving Global acclaim.

Our Mission

A well reputed University offering courses in different academic disciplines and providing immense opportunities and assistance to students for overall personality development.

IASE DEEMED UNIVERSITY

Gandhi Vidya Mandir
Sardarshahr 331 401, Rajasthan
Tel : 01564- 220025, 223520
Fax : 01564 - 223642,223054
Email : info@iaseuniversity.org.in
Website : <http://www.iaseuniversity.org.in>

The Institute of Advanced Studies in Education (IASE) was sponsored by a non-governmental, Non-profit-motive making registered society, namely, Gandhi Vidya Mandir (GVM). The Government of India has accorded it the formal recognition of Deemed University, under Section 3 of the UGC Act-1956 vide notification F.9-29/2000-U.3 of 25th June 2002, and by the UGC vide notification F.6-25/2001 (cpp-i) of 27th December 2002. The University is nestled like an oasis in the Thar desert, near the town of Sardarshahr in India's north-western state of Rajasthan. It is about 300 km west of Delhi, 125 km east of Bikaner and 250 km north of Jaipur (connected by rail and road). GVM has its own triad of helipads. GVM was founded in 1950, on a 1000- acre piece of land, on one of the harshest and most backward terrains. Acutely prone to droughts, heat and cold waves, epidemics and other travesties of nature, GVM has striven to alleviate the acute backwardness through various permanent and adhoc programmes of education, culture, livelihood, health and hygiene, vocations etc. There is no discrimination on the lines of caste, creed, class, colour or ideological or political learning. The rich cultural and spiritual heritage of India and propagation of Gandhian ideals of Ahimsa, Sarvodaya and Universal Brotherhood are given due importance in the curricular, as well as periodical, programmes. GVM was the vision of Shri Kanhaiyalal Dugar who later embraced sanyas and came to be known as Swami Shri Ramsharanji, an embodiment of universal humanism. He, with the blood and sweat of many devoted social workers, philanthropists, students and staff, created this epitome of emulative excellence in human endeavor. Shri Dugar dedicated his entire life and all his personal wealth to the cause of education and up-liftment of the down-trodden. GVM boasts resident / non-resident students, from pre-primary to Ph.D.level. There is a separate multi-faculty colleges for girls and co-educational colleges in Ayurved, Para-Medical, Life Sciences, Veterinary Sciences, IT and Management, Engineering, Art and Home Science. There are well-planned hostel (A.C./Air-cooled also) for 1000 students, separate for boys and girls, amidst a self-contained colony of academicians. The sprawling 1000 acres university campus is a verdant oasis in the lap of an intense desert. It is dotted by large parks, gardens, playgrounds, auditoria, cultural and spiritual centres. GVM was conceptualized and nurtured as a University. The studies in education started in 1953, through its Basic Teacher's Training College . The degree courses started in 1956, postgraduate in 1958 and the facility for Ph.D was added in 1968. 'The Institute of Advanced Studies in Education' came into being under the Centrally Sponsored Scheme of Education in 1993. The new millennium heralded the dawn of a dream-come true. After an arduous toil of over fifty years, Institute of Advanced Studies in Education (IASE) of GVM was formally recognized as Deemed to be University of Government of India and UGC, in 2002.

ICFAI FOUNDATION FOR HIGHER EDUCATION

The ICFAI Foundation for Higher Education is a Deemed University under Section 3 of UGC Act. 1956, It comprises of IBS Hyderabad (Faculty of Management), Faculty of Science and Technology (FST), Faculty of Law (FOL).

IFHE campus is a lush green sylvan campus with built-up area of over 10 lakh sq. ft. The campus is equipped with the state of art facilities like amphitheatres, auditoriums, academic blocks, fully equipped library block, computer center, language lab, hostels, canteen, faculty accommodation, ATM center, sports and recreation facilities.

IBS, since its establishment in 1995, has grown impressively and achieved widespread recognition from business and industry, academic circles and professional bodies. IBS is consistently ranked among the top B-Schools in India, in the annual B-School surveys every year.

Faculty of Science and Technology provides quality education in the field of Science and Technology and strives to acquire a reputation as a highly purposive, innovative institution setting the pace for workable reforms in professional education suitable and most relevant for the India cultural milieu.

Faculty of Law will train a new cadre of legal professionals through a comprehensive and contemporary body of integrated knowledge and rigorous education and research programs. FOL encourages students to acclimatize to the independent thinking and directs them towards a creative, holistic and strong domain knowledge.

The campus at Hyderabad is a 91 acre lush green campus with built-up area of over 16 lakh sq.ft. The campus is fully residential, wi-fi enabled and equipped with state-of-the-art facilities.

Lecture theatres and classrooms are designed to facilitate the case pedagogy that IBS has adopted. All lecture theatres and classrooms are networked, wi-fi enabled and fitted with audio visual tools to enhance the teaching-learning experience. The complete academic monitoring and control is done through the intranet- the Campus Net and the Faculty Zone.

The ICFAI University, Jaipur has been notified by the Government of Rajasthan (Act No. 20 of 2011).

The University believes in creating and disseminating knowledge and skills in core and frontier areas through innovative educational programs, research, consulting and publishing, and developing a new cadre of citizens with a high level of competence and deep sense of ethics and commitment to the code of professional conduct.

The University is administered as per the relevant, Statutes and Rules. The Board of Management is headed by the Chairperson and has the President and others as members. The Academic Council chaired by the President is responsible for all academic matters.

The University presently offers Bachelor's and Master's Programs in Management and Science & Technology.

Vision

To be a top ranking private university of choice for students, staff and corporates, recognized for excellence in Higher Education and Research specially relevant to social needs.

Mission

The mission of the University is to offer world class, innovative, career-oriented professional post graduate and undergraduate programs through inclusive technology - aided pedagogies to equip students with the requisite professional and life skills as well as social sensitivity and high sense of ethics. The University will strive to create an intellectually stimulating environment for Research, particularly into areas bearing on the socio- economic and cultural development of the state and the nation.

IFTM UNIVERSITY

Lodhipur Rajput, Delhi Road (NH-24)
Moradabad-244102, Uttar Pradesh
Tel : 0591-2360817, Fax : 0591-2360818
Email : info@iftmuniversity.ac.in
Website : <http://iftmuniversity.ac.in>

Having tasted the success and feeling the appetite of ever growing demands of students and parents alike, IFTM ventured into other areas of professional education. It started offering new courses in Engineering, Pharmacy and Computer Applications to cover the entire spectrum of professional courses. Year 2002 saw the addition of another feather in IFTM's cap whereby a new Engineering institute viz; College of Engineering and Technology (CET) was established. It offers various undergraduate and postgraduate engineering courses in Computer Science, Electronics & Communication, Information Technology, Mechanical and Biotechnology. By the year 2010, IFTM group has established itself as a niche player by becoming a "Centre of Excellence" in various disciplines of professional education providing best in class education for Management, Engineering, Computer Applications and Pharmacy courses.

All the technical and professional courses are approved by AICTE with Pharmacy course being also approved by PCI. National Board of Accreditation (NBA) has accredited all the eligible courses. Year 2010 brought a new dawn upon IFTM group and the great dedication, commitment, perseverance; untiring efforts of the entire IFTM team were noticed and appreciated by the government of Uttar Pradesh (U.P.).

Hence IFTM was granted the University status by U.P. Government vide IFTM University Act No. 24 of 2010. IFTM University started the operations from the session 2010 as it already had the necessary and university compliant facilities and infrastructure. In an endeavor to expand the horizon of its offerings in professional education space, IFTM University has added more programmes at UG, PG and Doctorate levels in different disciplines. To bridge the gap between High School and Degree courses, IFTM University will also offer the Diploma courses. In addition to professional courses the University has a comprehensive plan to introduce other subjects in the field of Natural, Social and Medical Sciences.

Current times are challenging for Education sector with lot of churn happening and as the saying goes "Challenging times need unprecedented measures", IFTM University embarks upon a journey to be the "Trusted Partner of Choice" for Parents, Students, Teachers and Industry Champions. Thus with the humble beginning in 1996, IFTM has traversed a long path to become IFTM University by 2010. It strives to scale new heights and aspires to forge new partnerships with National & International bodies in order to make an indelible mark on the face of Indian Education.

THE INSTITUTE OF CHARTERED FINANCIAL ANALYSTS OF INDIA (ICFAI) UNIVERSITY, DEHRADUN

IMS Unison University, a constituent of Unison Group is a premier educational and research University nestled amidst beautiful and serene surroundings offering an environment that fosters learning and stimulates creativity.

It started in 1996 as IMS Dehradun, a non- profit organization set by a group of visionaries dedicated to the cause of changing the face of professional education in Northern India.

The University today provides a platform for excellence in teaching, learning, and administration. State- of- the- art Information Technology is extensively used in the University contributing to the development of well trained graduate, post- graduate and doctorate students to fulfill the manpower needs of the corporate world.

IMS Unison University aspires to become a world -renowned center for creation & dissemination of knowledge. It aims to provide a holistic career – oriented education that develops intellectual, moral and physical capabilities of the students, nurturing creativity and innovation through challenging project works.

University presently offers under- graduate and post- graduate program in several streams of Management, Computer Applications, Law and Mass Communication under the following four schools:

1. School of Management
2. School of Computer Applications
3. School of Law
4. School of Mass Communication

The University is committed towards delivering quality education, providing the required academic infrastructure, developing strong industry interface and providing placement opportunities to its students.

INDIAN AGRICULTURAL RESEARCH INSTITUTE

New Delhi-110 012

Tel : 011-25733367, 25843375, 25733390

Fax : 011-25846420

Email : snagarajan@iari.res.in

Website : <http://www.iari.res.in>

The journey of Indian Agricultural Research Institute (IARI), popularly known as Pusa Institute, began in 1905 at Pusa (Bihar) with the generous grant of 30,000 pounds from an American philanthropist, Mr. Henry Phipps. The institute was then known as Agricultural Research Institute (ARI) which functioned with five departments, namely Agriculture, Cattle Breeding, Chemistry, Economic Botany and Mycology. Bacteriology unit was added in 1907.

The name of ARI was changed to Imperial Institute of Agricultural Research in 1911 and, in 1919 it was renamed as Imperial Agricultural Research Institute. Following a devastating earth quake on 15th January 1934, the institute was shifted to Delhi on 29th July 1936. Post independence, the institute has been renamed as Indian Agricultural Research Institute (IARI).

During the fifties, the advancement of scientific disciplines constituted the core program of IARI and provided the base for its fast expansion in the 1960's and 1970's. It attained the status of a Deemed University in the year 1958.

The green revolution that brought smiles to millions of Indians bloomed from the fields of IARI with the development of famous wheat varieties which contributed an estimated on billion tones of addition production. As the Mother of several ICAR institutions, IARI continues to be the leading institution for agricultural research, education and extension in the country.

The present campus of the Institute is a self-contained sylvan complex spread over an area of about 500 hectares (approx. 1250 acres) and located about 8 km (5 miles) west of New Delhi Railway Station and about 16 km (10 miles) east of IGI Airport (Palam). The location stands at 28.08 °N and 77.12 °E, the height above mean sea level being 228.61 meters (750 feet). It is adjacent to hillside road.

Currently, the Institute has 20 divisions 5 multi-disciplinary Centres situated in Delhi, 8 regional stations, 2 off-season nurseries, 3 All India coordinated research projects with headquarters at IARI and 10 national Centres functioning under the all India coordinated research projects. It has the sanctioned staff strength of 3540 comprising scientific, technical, administrative and supporting personnel.

INDIAN ASSOCIATION FOR THE CULTIVATION OF SCIENCE

2A & 2B Raja S C Mullick Road Kolkata - 700032, India

Email: helpdesk@iacs.res.in

Fax: +91-33-2473 2805

Telegram: INDASSON

Indian Association for the Cultivation of Science (IACS) is an institute of higher learning in Kolkata, India. Established in 1876 by Mahendra Lal Sarkar, a private medical practitioner, it focuses on fundamental research in basic sciences. It is India's oldest research institute. Located at Jadavpur, South Kolkata beside Jadavpur University, Central Glass and Ceramic Research Institute and Indian Institute of Chemical Biology it is spread over a limited area of 9.5 acres. In May 2018, the Ministry of Human Resource Development announced that IACS had been granted the status of Deemed University under De-novo Category under section 3 of the University Grants Commission (UGC) Act 1956.

Department of Science and Technology, Ministry of Science & Technology, Government of India has funded setting up a Technical Research Centre for Molecules and Materials at IACS, under the new initiative announced as a part of Finance Minister's Budget Speech 2014. The proposed duration of the Centre is 5 years, which will operate in project mode and will be integrated with the mainstream research activity at IACS after the project tenure. The Centre has a clear translational goal of taking basic research findings to industry by developing technology through PPP model. The Centre is expected to increase research collaboration in interdisciplinary areas, bringing about an emphasis on experimental research having theoretical foundation, foraying into emerging and frontier areas of quantum materials, advanced materials, nanomaterials, biologically inspired materials, biomaterials, photovoltaic materials, polymeric materials and exploring biological investigations for societal, environmental and therapeutic applications and so on. IACS has years-old tradition and expertise of carrying along strong and unique synergy in research between Chemistry, Physics and Biology with an aim to constantly explore possibilities of applying the research findings to technology development that will be useful for society and mankind. A Technical Research Centre in IACS will indeed be a significant step towards consolidating molecules and materials research and translational work. The Technical Research Centre at IACS is envisaged to increase research collaboration in the interdisciplinary areas, foraying into new vistas of translational research. As is clear now, the next several decades would continue to belong to the materials because all technological innovations will be driven by developing materials and there appears to be a fantastic period ahead when biology, chemistry, physics and technology will meet together to define molecules and materials with new functionalities and properties that could not have been conceived earlier.

Keeping this in mind the TRC in IACS will cover a variety of areas such as nanomaterials, quantum materials, functional polymers and other organic molecules and systems, materials with spintronics applications, strongly correlated electron systems, bio-materials and biology-inspired materials. Under this initiative, we plan to put together several advanced instruments and facilities that would facilitate interdisciplinary research in materials, both in terms of synthesis of materials and investigation of their properties and functionalities, with the translational goal of developing applications and technologies based on such molecules and materials.

INDIAN INSTITUTE OF ENGINEERING SCIENCE AND TECHNOLOGY, SHIBPUR

Shibpur, PO - Botanic Garden, Shibpur

Howrah 711 103, West Bengal

Tel : 033-26682916/26682674, 26681503

Fax : 033-26684564/26682916

Email : vc@becs.ac.in, regis@becs.ac.in, indranaths@lycos.com

Website : <http://www.becs.ac.in>

Indian Institute of Engineering Science and Technology, Shibpur, commonly abbreviated as IEST Shibpur, is a public institution for research and education in engineering, science and technology, located at Shibpur, in Howrah District, in the state of West Bengal in India. It is classified as an Institute of National Importance by the Government of India since 2014.

Established in 1856, it is the country's second-oldest institution for engineering education and has a long and chequered history. It was formerly an institution under the state government of West Bengal and known as Bengal Engineering and Science University, Shibpur from 2004 to 2014 and Bengal Engineering College, Shibpur prior to that.

In March 2014, recognizing the institute's contribution to engineering for more than a century and its potential for further excellence, it was elevated to national status by amending the National Institutes of Technology and Science Education and Research (NITSER) Act, 2007, thus renaming it to IEST Shibpur and granting it the status of Institutes of National Importance at par with the Indian Institutes of Technology and Indian Institute of Science.

The institute offers Bachelor's, Master's and Doctorate degrees in Engineering and Architecture as well as Master's and Doctorate degrees in Science and Management in addition to various part-time courses.

The institute is located on the western bank of the Hoogli River in Howrah, opposite the city of Kolkata, which is connected by transportation to all the major Indian cities by rail transport and air routes and also by the Golden Quadrangle Road Network. Vidyasagar Setu on the Hooghly river has made it possible to go to the heart of Kolkata from the institute in a few minutes.

The nearest railway station is Shalimar Station, which is two kilometres from the campus. It is five kilometres from the Howrah Station. Netaji Subhas Chandra Bose International Airport is the main airport which is 30 kilometres from the main gate of the campus. India's largest botanical garden Acharya Jagadish Chandra Bose Indian Botanic Garden is located beside the institute campus.

INDIAN INSTITUTE OF FOREIGN TRADE

IIFT Bhawan, Qutab Industrial Area

New Delhi - 110 016

Telephone : +91-11-26965124, +91-11-26965051

+91-11-26853055, +91-11-26963880, +91-11-26531490

Fax : +91-1126853956

Email : ashokkapoor@iift.ac.in

The Indian Institute of Foreign Trade (IIFT) was set up in 1963 by the Government of India as an autonomous organisation to help professionalise the country's foreign trade management and increase exports by developing human resources; generating, analysing and disseminating data; and conducting research. The Institute visualises its future role as:

- A catalyst for new ideas, concepts and skills for the internationalisation of the Indian economy.
- The primary provider of training and research-based consultancy in the areas of international business, both for the corporate sector, Government and the students community.
- An institution with proven capability to continuously upgrade its knowledge base with a view to servicing the requirements of the Government, trade and industry through both sponsored and non-sponsored research and consultancy assignments.

The Institute's portfolio of long-term programmes is diverse, catering to the requirements of aspiring International Business executives and mid-career professionals alike. These are:

Two-year MBA (International Business), New Delhi, Kolkata, and Dar-es-Salaam

- Three-year MBA (International Business) (Part-Time), New Delhi and Kolkata
- Executive Masters in International Business, New Delhi
- Certificate Programme in Export Management, New Delhi

IIFT has, over the years, undertaken path-breaking research studies with organisations like WTO, World Bank, UNCTAD and the Ministry of Commerce & Industry, Government of India.

The Institute has also trained more than 40,000 business professionals across 30 countries in various facets of international business and trade policy via its Management Development Programmes.

INDIAN INSTITUTE OF MANAGEMENT, AHMEDABAD

Sargam Marg, Vastrapur, Ahmedabad, Gujarat - 380015

Tel : 079 2630 8357

The decade following independence in 1947 was witness to a surge of innovative ideas to build a fledgling independent nation into a model democratic state committed to growth with equity. The establishment of the Indian Institute of Management Ahmedabad (IIMA) was the outcome of one such innovative initiative. Led by space scientist Dr. Vikram Sarabhai and an eminent industrialist and philanthropist Shri Kasturbhai Lalbhai, and proactively supported by the then Chief Minister of Gujarat, Dr. Jivraj Mehta, a group of enlightened individuals set up IIMA in 1961. This group ably wove together a coalition of five actors - the governments at the centre and the state, local industrialists, the Ford Foundation and the Harvard Business School, to establish the foundations of the Institute. IIMA was set up as an institution that would be managed by a Society, the IIMA Society, created under the Societies Act. The Institute was to be run by a Board of Governors, constituted by the IIMA Society; the Board would have representation from all the relevant constituencies so as to reflect the multifarious needs of a developing nation. IIMA was therefore conceived as a Board-managed institution, free from the exclusive control of any one constituency. Thus, operational freedom is an integral part of the DNA of IIMA.

IIMA has been consistently ranked as the premier management school in the country by several national agencies. IIMA programmes are also ranked highly in several international rankings. In 2008, IIMA became the first management school in the country to be awarded EQUIS (European Quality Improvement System) accreditation by the EFMD (European Foundation for Management Development).

Vision and Strategic Priorities

IIMA aims to continue to be recognized as a premier global management school operating at the frontiers of management education and practice while creating a progressive and sustainable impact on society. The Institute delivers on this vision through its focus on the following aspects:

Promoting excellence in scholarship by encouraging high-quality research, distinctive and impactful teaching, and meaningful contribution to knowledge-creation in a variety of disciplines. Educating and nurturing leaders of institutions and entrepreneurial organizations and supporting them in their efforts to create high-quality talent and value. Impacting the world of policy and practice through continuous engagement with alumni and prominent stakeholders, decision makers and leaders across the spectrum, including government, businesses and non-governmental enterprises. IIMA supports its vision by placing emphasis on a high-performance work environment, supported by a culture of autonomy, creativity and collaboration amongst its faculty members, staff and students. As the Institute engages in its objectives, it will ensure that its research and teaching activities continue to address diverse areas which are of concern to varied sections of society.

INDIAN INSTITUTE OF MANAGEMENT, AMRITSAR

Punjab Institute of Technology Building,
Inside Government Polytechnic Campus
Polytechnic Road, PO : Chheharta, G.T. Road, Amritsar - 143105
Phone: 0183-2820040, Email : admissions@iimamritsar.ac.in

Indian Institute of Management (IIM) Amritsar is the 15th IIM set up by the Ministry of Education (earlier Ministry of Human Resource Development) with the support of the Government of Punjab. After the registration of IIM Amritsar Society on July 27, 2015, the first batch for the class of 2015-17 was enrolled in August 2015. Later, on October 14, 2015, IIM Amritsar Board of Governance & Society was constituted.

Being located in Amritsar, the land of the Golden Temple and Wagah Border, the institute benefits from the enriching experience offered by this holy city. The Institute is currently run in the Punjab Institute of Technology Building, 5 km away from the railway station and 10 km from the airport. Its permanent campus will be constructed about 7 km from the ISBT and 8.5 km from the railway station, making it easily accessible.

IIM Amritsar, at present, offers a Post Graduate Program in Management. This program has been designed to provide world-class management education so as to meet the requirements of enterprises across sectors by producing highly insightful management professionals. The institute is committed to imparting strong educational foundations and values in the hearts, thoughts and actions of the future managers. Owing to its indefatigable allegiance to providing exemplary education, IIM Amritsar has established itself as the vanguard of quality education and learning in a short span of time.

The Institute follows the same pedagogy as practiced by the other members of the prestigious IIM fraternity. With the various facilities like state-of-the-art IT-enabled classrooms, a digital library giving access to the most relevant national and international business and management journals, auditorium, student activity room, indoor & outdoor sports facilities, gymnasium, spacious hostel rooms, etc., IIM Amritsar provides a nurturing environment for its students to learn and grow. IIM Amritsar also focuses on creating an entrepreneurial culture, where the students and faculty work together to create best enterprising solutions. Besides getting to learn from qualified faculty and industry leaders, the students, here, learn by involving themselves in various club and committee activities. The tireless efforts of our students result in their winning many corporate and B-school competitions and, ultimately, their bagging promising career opportunities. In a true sense, IIM Amritsar is the playground for the dreams to nurture, personalities to flourish and careers to change the world.

Vision

To Enable Society to Sustain Effectively by Developing Leaders with Wisdom and Integrity.

Mission

To be admired by the society as an exceptional management institute which is globally connected and locally responsive, offering quality management education, advisory and research.

INDIAN INSTITUTE OF MANAGEMENT, BANGALORE

Bannerghatta Road, Sundar Ram Shetty Nagar, Bilekahalli
Bengaluru – 560 075, Karnataka
Tel : 080-26582450

The Indian Institute of Management Bangalore (IIMB) is a leading graduate school of management in Asia. Under the **IIM Act of 2017**, IIMB is an Institute of National Importance. IIMB has 109 full time faculty members, about 1200 students across various degree-granting programmes and nearly 5000 annual Executive Education participants.

Our logo carries a proclamation in Sanskrit, तेजस्वि नावधीतमस्तु (tejasvi navadhitamastu), which translates as 'let our study be enlightening'. Our vision is to be a global, renowned academic institution fostering excellence in management, innovation and entrepreneurship for business, government and society. Located in India's high technology capital, we are in close proximity to some of the leading corporate houses in the country, ranging from information technology to consumer product companies, giving us the added advantage of integrating classroom knowledge with practical experience.

Our degree granting programmes comprise the Doctor of Philosophy (Ph.D.), the Master of Management Studies (Public Policy), the Master of Business Administration – one-year fulltime, the Master of Business Administration – two years (weekend), the Master of Business Administration – two years fulltime, and the Master of Business Administration (Business Analytics) – two years fulltime.

We offer the NS Ramaswamy Pre-doctoral (NSR Pre-doc) Fellowship, as a Certificate programme, with the aim to increase social diversity of management academia in India. Along with 11 disciplinary areas, we have ten centres of excellence that offer courses and conduct research on interesting questions facing various sectors of industry. We have key partnerships and collaborations with Goldman Sachs for women entrepreneurship, with Michael and Susan Dell Foundation for incubation of non-profits, and with NITI Aayog for scaling up of new ventures. We are committed to make deep social impact using technology-enabled education. Towards this end, we offer Massive Open Online Courses (MOOCs). We are the first management school in India to offer MOOCs on the edX platform. We are also the coordinating institute for management education for SWAYAM, GoI's online education platform. We have taken several steps to meet the vision set for IIMB. These include hiring high quality faculty, enhancing the quality of research, emphasizing internationalization, expanding our activities in the field of entrepreneurship, in both research and mentoring, scaling up in terms of student intake in all the programmes, deepening our engagement with the alumni, improving infrastructure, and improving administration and governance.

We have been accredited by the EFMD Quality Improvement System (EQUIS) for period of five years in 2016. EQUIS is a global school accreditation system run by the European Foundation for Management Development (EFMD) that specializes in higher education institutions of management and business administration. The five-year accreditation, highest that EQUIS confers, is a testimony to the fact that the evaluating team was confident about our ability to sustain efforts undertaken to achieve excellent standards in education, internationalization and research.

INDIAN INSTITUTE OF MANAGEMENT, BODH GAYA

Uruvela, Prabandh Vihar, Bodh Gaya – 824234, Gaya, Bihar

Tel : 0631 220 0238

Email : Director Office : director_office@iimbg.ac.in

Ph.D. Admission : phdadmission@iimbg.ac.in

MBA Admission : pgadmission@iimbg.ac.in

IPM Admission : ipmadmission@iimbg.ac.in

The Indian Institutes of Management have been the archetype of management schooling in India since their foundation after our independence in 1947. IIMs are perceived as the most prestigious and elite B-schools in India which lay emphasis on practical experience and critical thinking instead of rote learning and conventional academic schedule. Building on the grand heritage of the IIM brand, IIM Bodh Gaya fosters a culture and curriculum whose sole purpose is to create socially responsible managers and emotionally mature leaders. A dynamic curriculum in consonance with academics and industry experts provides the students with the opportunities to master new skills and explore diverse perspectives. Apart from the conventional classroom setup, IIM Bodh Gaya lays emphasis on practical learning as students partake in case studies, sessions with industry experts, live projects, etc.

The Institute's thrust on meaningful research is evident through the credentials and accomplishments of its faculty that has publications in ABDC and Scopus listed journals of repute. In a short span of time, IIM Bodh Gaya has strengthened its position in the corporate world, with its students contributing in illustrious business organizations of the country.

IIM Bodh Gaya acknowledges the significance of exposure to global standards and contemporary trends for enrichment of its students' learning experience. In order to bring that international exposure and cultural diversity to the campus, the institute has established collaborations with several reputed institutions in France, Venezuela, Russia, Mexico, Italy and S. Korea while discussions are underway with many other international universities across the globe. Historically, the eastern part of the country has been an eminent seat of learning with ancient universities of Nalanda and Vikramshila where learners from all over the world congregated for pursuit of knowledge. Having been recognized as a key Buddhist destination, Bodh Gaya attracts millions of tourists every year.

An ancient seat of learning that represents one of the prominent paths to enlightenment, Bodh Gaya is home to Mahabodhi Temple, a UNESCO World Heritage Site and several other notable temples and monasteries. Nestled in Bodh Gaya is the iconic 80 ft. statue of Buddha and Indosan Nippon temple that was constructed in 1972 and has a gallery of Japanese art. This land of enlightenment continues to serve as a source of inspiration for IIM Bodh Gaya in its journey to become The Enlightening IIM.

INDIAN INSTITUTE OF MANAGEMENT, INDORE

Prabandh Shikhar, Rau-Pithampur Road
Indore - 453556, Madhya Pradesh, India
Tel : +91-731-2439666
Fax : +91-731-2439800

With the objectives of imparting high quality management education and training, the Department of Higher Education, Ministry of Education, Government of India established Indian Institute of Management Indore as Institutions of Excellence. These Institutions are recognized as premier management institutions, comparable to the best in the world for teaching, research and interaction with industries.

Established in 1996, Indian Institute of Management Indore (IIM Indore) has been a leader in the field of management education, interfacing with the industry, government and PSUs. It is promoted and nurtured by the Ministry of Education, Government of India and is an institute of national importance under the Indian Institutes of Management Act 2017.

Situated atop a scenic hillock, the 193 acre campus of IIM Indore provides an ideal backdrop for contemplative learning. IIM Indore has the latest in teaching aids, rich learning resources, a strong IT backbone, state-of-the-art sports complex and hostels as well as contemporary infrastructure.

IIM Indore offers interdisciplinary learning and research in its academic programmes by providing exposure to a format which integrates data, information, tools and techniques, perspectives and concepts, from various basic disciplines aimed at advancing fundamental understanding to solve real life problems.

IIM Indore is one of the fastest growing institutions in India today. For IIM Indore, last few years of its growth have proved to be the most rewarding years in terms of international expansion, introduction of new programmes, infrastructure facilities, strengthening of manpower etc.

Mission

IIM Indore seeks to be a contextually-relevant business school with world-class academic standards that develops socially-conscious managers, leaders and entrepreneurs. IIM Indore is committed to:

- Excellence in management education, research, and training
- Use of contemporary participant-centric pedagogies and teaching methods
- A presence in emerging segments of management education

INDIAN INSTITUTE OF MANAGEMENT, JAMMU

Canal Road Nawabad, Cantonment
Jammu – 180016, Jammu and Kashmir
Tel : 0191 258 5837

The Indian Institute of Management Jammu (IIM Jammu) is a public, autonomous business school located in Jammu, Jammu and Kashmir, India. Established in 2016, it is, as of 2021, the latest Indian Institute of Management to be established. Prof. B. S. Sahay is the Founder Director of IIM Jammu. IIM Jammu is currently offering Master of Business Administration (MBA) and Doctor of Business Administration (DBA) in Management as per Indian Institutes of Management Act 2017. The student intake is 140 for Masters of Business Administration (MBA) programme for the year 2019.

Transitioning into higher managerial roles for the first time can be exciting, gratifying, and challenging all at once. Digital revolutions enveloping today's dynamic business landscape has led to a 'new normal' requiring new kinds of managers with future-ready managerial skills. Against this backdrop, the Indian Institute of Management Jammu (IIM Jammu) has developed the Executive Programme in General Management to help sharpen your cross-functional competencies, data-driven decision-making skills, and creative problem-solving ability. Whether you're an aspiring manager or an experienced professional, this high-impact programme, delivered via interactive live online sessions and on-campus immersion, will help you build a new path on your leadership journey while advancing your general management skills and calibre.

IIM Jammu is the 20th Indian Institute of Management established by the Ministry of Human Resource Development. It was established with the approval of the Union Cabinet, chaired by the Prime Minister Narendra Modi on 13 October 2016.

IIM Jammu is constructing its permanent campus in 200 acres of land in Jagti situated 18 kilometres away from Jammu Airport. The permanent campus will offer technologically advanced classrooms, hostels, faculty residence and state of the art infrastructure. Further, IIM Jammu is setting up an Off-Campus Centre at Srinagar.

IIM Jammu is currently offering Masters in Business Administration (MBA), Doctor of Business Administration (DBA) in Management, Executive Education programme and Faculty Development Programme. The MBA programme spans over six trimesters spread over the two years. The fundamental courses that lay the premises for various management roles are covered in the first year. Between the first and second year, students undertake an eight-week summer internship. In the second year, students pursue elective courses from Marketing, Business Policy and Strategy, Finance, Operations Management, Human Resource Management and Organization Behaviour area. The student intake for 2019–2020 year is 140 which will progressively go up to a cumulative student strength of 200 in the 4th year.

INDIAN INSTITUTE OF MANAGEMENT, KASHIPUR

Kundeshwari, Kashipur-244713, Uttarakhand
Tel:+91-7088270882, 7900444090, 91, 92, 93

The Indian Institute of Management Kashipur is a second-generation IIM set up by the Government of India in 2011. It aspires to achieve excellence in management education by using innovative teaching methods, promoting high quality research and practicing sustainable leadership.

Celebrating ten years of serving the education and management sector, IIM Kashipur is committed to its four core values: collegiality, transparency, green consciousness, pro-active engagement with all stakeholders. The Institute believes that as an institution of national importance, it has a larger role to play in the field of management education and social transformation. Our strategic goals include improvement of the academic ecosystem; synergy between educational theory, practice and research; promotion of innovation, entrepreneurship and public service; empowerment of local stakeholders; upliftment of economically challenged sections of the society; and gender diversity.

The Institute is bestowed with the stunning beauty of nature, lending a wholesome experience to academic rigour. The 200-acre campus, situated just 25 kms away from Jim Corbett National park, spreads loudness and cheers in the serene town of Kashipur, nested in the lap of Himalayas. The Institute is also situated in one of the densest industrialized districts with more than 180 ventures that have set up their plants in and around the region. This strategic geographical positioning provides a vantage point for IIM Kashipur when it comes to 'Learning by Doing' through regular industry interaction and live projects.

The Institute is manned by a committed staff group that works relentlessly to keep the campus and each office functioning to the best of their capacity while serving the stakeholders. Most of our staff have contributed a substantial amount of time and effort in creating and taking IIM Kashipur ahead. IIM Kashipur takes pride in constantly striving to adhere to global standards and has a strong policy framework for the same that addresses needs of all stakeholders.

Vision

To be an Institute of eminence that fosters management research and education and develops leaders for creating positive societal impact in a changing world.

Mission

The Institute strives to create and disseminate knowledge through applied and interdisciplinary research and practices in emerging areas of management. The institute develops socially conscious, competent, and ethical business leaders and researchers capable of critical thinking, innovation, and entrepreneurship while being inclusive and focusing on both regional development and internationalisation.

INDIAN INSTITUTE OF MANAGEMENT, KOZHIKODE

IIMK Campus P. O., Kozhikode - 673 570 Kerala, India

Tel: +91-495-2809100

Fax: +91-495-2803010-11

Spread over about 112.5 acres of land, the Indian Institute of Management Kozhikode, is situated on two hillocks in the Kunnamangalam Area of ancient city of Calicut in Kerala. Boasting of one of the most picturesque and oxy-rich campuses in the country, the world class infrastructure includes air-conditioned classrooms, guest care areas and LAN/WAN connectivity which enables every IIMK resident to be exposed to a wholesome experience. Managed by a dedicated regular administrative staff of 67, it is one of the most efficient Institutions in the country, which knows how to keep balance sheet green and keep all the stakeholders happy. With its roots dating back to 1997, the Indian Institute of Management Kozhikode, started with a batch of 42 students but has grown tremendously over the years with a current batch strength of 356 odd students, making it the fastest growing management school in the country. IIMK pioneered the Interactive - Learning (I-L) Program for working executives in India. The interactive learning programme started with 300 class contact hours in 2001-02, the two year-long Executive Management Education Programme is today the most rigorous available in the country having around 738 class contact hours.

The institute moved to its new campus in January 2003 and the number of programs increased manifold with this step. The training activity is expected to witness further growth with the latest 64 room executive hostel and the construction of a modern 200 bed management development complex. The Institute today is a leader in Faculty Development Programmes (FDP), conducting the largest number of programmes (18) totalling 20 weeks in 2008-09, and is the major QIP (Quality Improvement Programme) Centre of the All Indian Council of Technical Education, in the field of management education. The Institute started its Fellow (Doctoral) Programme in Management in 2007 to complete full range of educational services expected from an Institution of higher learning and is also taking new initiative to give impetus to the post-doctoral research activities in the management field, dedicating over 30000 sq. ft. in library space for it, and creating a 300 people strong capacity for boarding and lodging facilities in summers. The Institute takes prides in conducting various National and International Conferences and has conducted 15 conferences in the last 5 years, truly living up to its motto of 'Globalizing Indian Thought'. Furthermore, the Institute has also started taking Consulting Assignments, revenue from which crossed the Rs. 10 million mark in 2007.

IIMK is also one of the few Centres for Development of Digital Libraries in the world and is a country leader. A prominent achievement which comes to the limelight is the establishment of an Incubation Centre for Excellence, in collaboration with the Government of Kerala to help the Scheduled Castes/tribes students overcome their deficiencies in communication, personality etc. Incidentally, IIMK is one of the few management institutes in the country who have filled full quota of SC/ST candidates in its Postgraduate Programme on regular basis with sound track record in job placement. With a highly qualified and experienced faculty, and backed by a large number of committed adjunct and visiting faculty from Industry and other leading management institutes including foreign universities, academics is always a high priority.

INDIAN INSTITUTE OF MANAGEMENT, KOLKATA

Diamond Harbour Road, Joka, Kolkata – 700104, West Bengal, India
Tel : +91-33-2467-8300/8301/8302/8303/8304/8305/8306/
8312/8313/6212/1761/1766/9189/2453-2676/3451

The Indian Institute of Management Calcutta (IIMC) was established as the first national institute for Post-Graduate studies and Research in Management by the Government of India in November 1961 in collaboration with Alfred P. Sloan School of Management (MIT), the Government of West Bengal, The Ford Foundation and Indian industry. During its initial years, several prominent faculty formed part of its nucleus, including Jagdish Sheth, J. K. Sengupta, among others.

Over the years, IIMC has grown into a mature institution with global reputation, imparting high quality management education. It has been playing a pioneering role in professionalising Indian management through its Post Graduate and Doctoral level programs, Executive Training Programs, Research and Consulting Activities.

Today, the institute serves as an autonomous body, continually evolving to meet its goals in an ever-changing business environment.

The vision of the Institute is to emerge as an International Centre of Excellence in all facets of Management Education, rooted in Indian ethos and societal values. Over the past four decades, IIM Calcutta has blossomed into one of Asia's finest Business Schools. Its strong ties to the business community make it an effective mechanism for the promotion of professional management practices in Indian organizations. Today, IIM Calcutta attracts the best talent in India - a melting pot of academia, industry and research. The best and brightest young men and women pursue its academic programs.

The residential experience is a foundation of the IIMC culture, which includes teamwork and the building of lifelong relationships. Students and partners live on or near campus, making social events and shared activities a way of life.

From our core curriculum of general management skills to advanced electives and seminars, our students have exceptional access to a preeminent faculty of thought leaders, all of whom teach in the MBA program.

To our students, we offer intellectual depth, abundant resources, and individual attention. To our alumni, we provide a lifelong connection to excellence. To the world, we have a commitment to ethical and responsible leadership.

INDIAN INSTITUTE OF MANAGEMENT, LUCKNOW

Prabandh Nagar, IIM Road
Lucknow – 226 013, Uttar Pradesh
Tel. : 0522 273 4101

The Indian Institute of Management Lucknow is fourth in the prestigious IIM family of management schools to be established in India after IIM Calcutta, IIM Ahmedabad and IIM Bangalore. The establishment of IIMs was envisioned and initiated by the first Prime Minister of India – Pandit Jawaharlal Nehru. The Institute was established in the year 1984. Since then IIML has touched million lives directly or indirectly through its faculty, alumni and support staff. IIML moulds its students into value driven leaders, managers and global players. The institute undertakes a diverse range of academic activities aimed at creation, dissemination and application of management knowledge and practice.

In 2005, IIM Lucknow expanded its area of influence in the realm of management education by becoming the first IIM to set up a satellite campus exclusively for Executive Education at Noida in Delhi NCR region. Situated in a city known for its cultural heritage, the campus is spread over more than 190 acres of beautifully landscaped area. With its foundation in the city of “Tehzeeb”, IIM Lucknow as well inculcates human values and professional ethics in the students to help them make a positive impact not just on the nation but on a global platform. IIM Lucknow is an ideal setup conducive to learning, accessibility and excellence.

Mission

The mission of IIM Lucknow is to improve management systems with regard to business, industry and public services through pursuit of excellence in management education, research, consultancy and training.

Our Vision

To be a preeminent centre of excellence, generating and imparting knowledge in management and providing socially conscious and globally relevant thought leadership.

Our People

By providing an academically inspirational environment which helps manifestation of human inner potential for holistic benefit of businesses, government and society at large.

Our Offer

By nurturing value based young leaders who are capable of driving social and economic transformations towards an ethical, just and sustainable society.

Our Approach

By encouraging and developing individuals having entrepreneurial spirit and actions capable of solving societal problems through innovative and sustainable business models.

Our Values

By developing a workplace that promotes global ethos and fosters creativity, courage, integrity, respect and responsiveness.

INDIAN INSTITUTE OF MANAGEMENT, NAGPUR

VNIT Campus, South Ambazari Road
Nagpur– 440010, Maharashtra, India

IIM NAGPUR

Indian Institute of Management Nagpur started its journey in the year 2015 under the mentorship of Indian Institute of Management Ahmedabad. The Institute's first batch of Post Graduate Programme (PGP) in Management commenced on the 23rd of July 2015.

At present, IIM Nagpur is located within the campus of VNIT Nagpur till it moves to its own campus (of approx 135 acres) at MIHAN, Nagpur.

IIM Nagpur, being a new generation IIM, aims to create value-driven leaders, global managers, and entrepreneurs with strong conceptual foundations and analytical approach to help them be the best in whichever field they choose.

The aim is to innovatively address the needs of a modern India, and connecting aspirations and realities to attain benchmarks that are respected internationally. IIM Nagpur is gradually increasing its portfolio of activities to fulfill these objectives.

The institute's curriculum has been designed by experts from the field of management education. The learning process here helps the students connect to the industry and other stakeholders in a multidimensional way. A significant feature of IIMN is the Field Immersion Module which helps the students to experience real-life problems and come up with practical solutions for them.

The campus is rich with state-of-the-art classrooms to facilitate various pedagogies, IT infrastructure for connectivity and access to academic resources among others.

The students at IIMN are encouraged to explore their entrepreneurial ambitions and for that, the institute's faculty, who have an excellent track record of research and teaching, provide the required support and guidance to the students.

IIM Nagpur is a member of The Association to Advance Collegiate Schools of Business (AACSB). Both IIM Nagpur and AACSB are committed to a common goal, that is, the creation of the next generation of great leaders. Through this alliance, therefore, IIM Nagpur aspires to connect with the global network and contribute to the improvement of the quality of business education around the world.

INDIAN INSTITUTE OF MANAGEMENT, RAIPUR

Atal Nagar, P. O. - Kurru (Abhanpur),
Raipur – 493 661, Chhattisgarh, India
Tel: +91 771 2474639
Email : librarian@iimraipur.ac.in

Indian Institute of Management (IIM) has been set up by the Government of India, Ministry of Human Resource Development (now known as Ministry of Education) in 2010 at Raipur, the capital of Chhattisgarh. Chhattisgarh is one of the fastest growing states of India with its rich mineral, forest, natural and local resources.

The Institute believes in preparing ethical leaders who are not only committed to business, commerce and industry but are also socially conscious towards their contribution in nation building and bring in name for the country globally. The institute is abuzz with activities carried by the student clubs which are now expanding their scope of activity and bringing luminaries from the Corporate.

The Government of Chhattisgarh has allotted over 200 acres of land for the IIM Raipur campus in Atal Nagar. The new campus is a state-of-the-art campus presenting a blissful mix of modern architecture, culture & heritage of Chhattisgarh.

Library acts as the main learning resource centre of the institute. It has been providing up to date and nascent information resources and services both in hard and soft forms to the academic and administrative communities since 2010. It has thus become an indispensable learning resource centre for students, researchers and faculty members of the institute. The library has built a robust collection of books, subscription to print journals, magazines, newspapers, and many other resources like student's project reports, CDs/DVDs etc. The Library offers its users the convenient access to the best of Business Management related digital resources through its subscription to e-databases and e-journals consisting of scholarly contents round the clock all across the campus via wi-fi network. Remote access facility is also available on request.

Mission Statement

“To provide a learning centric environment that nurtures management thought through research and practice to create future leaders”

Vision Statement

“To become a premier management institution that inspires thought leadership through scholarship and teaching by incorporating an ethos of inquiry, consciousness, and innovation”.

INDIAN INSTITUTE OF MANAGEMENT, RANCHI

Suchana Bhawan, 5th Floor, Audrey House Campus,
Meur's Road, Ranchi – 834 008, Jharkhand
Tel: +91- 0651 2280113, Fax: +91-0651 2280940

The ninth Indian Institute of Management was established at Ranchi in 2009. This was made possible with the extensive support of the Indian Institute of Management Calcutta and the Government of Jharkhand, working under the guidance of Ministry of Education, Government of India. We started at a time when the management education world over was criticized for over emphasis on competition, aggression and achievement of results by any means. The biggest challenge was to revive the aura and exclusivity of classroom-teaching in an era ruled by the advent of technology in education as well. There was an evident void in terms of fulfilling the requirements of firms that employ management students. It was of utmost importance to re-build the curriculum so as to bridge the gap between what was taught and what was needed in the actual business circles. Moreover, it became all the more important to imbibe in students the feeling of returning to the society. We understood the need to incorporate right values in the young minds and also impart education relevant for an information age that encourages networking and collaborative advantage. Also we decided to build contextual knowledge into the programs.

IIM Ranchi currently offers a two year MBA in General management, which is our flagship programme. Going by the growing importance and indispensability associated with human resources, we are the only IIM offering a full-time two year programme in Human Resources Management (MBA-HR). We also offer Fellow Program in Management (FPM), a fellowship programme funded by the government and an 24-month part time Diploma in Management (PGEXP). Our programs are carried out in a world-class fashion with students being exposed to case-studies, relevant projects and relevant industry experience apart from class pedagogy.

We aim at creating efficient managers and business leaders. We strive to ensure that our students develop the right skills required to sustain and grow in any organization. An equal weight is also given on developing the right values and attitude in students to help them sail through times of trial and turbulence. We pay keen attention towards cultivating a winning spirit, which is why they are encouraged to participate in standard competitions on all platforms. At the same time, we also take efforts in preparing the students for the future by teaching courses on emerging trends and areas like neural networks, analytics and energy management.

Thus IIM Ranchi prides itself in its carefully designed curriculum, a values-oriented approach and a holistically nurturing environment. Our programs are aimed at grooming students to enable them to face challenges of the real world; to make them efficient leaders who are grounded and humble; to instil in them the quest for excellence and not just for achievement. Having said that, with a pool of immensely talented students, guided by the most competent and capable faculty, we are truly an institute with a difference.

INDIAN INSTITUTE OF MANAGEMENT, ROHTAK

NH-10 Southern Bypass, Sunaria, Rohtak-124010 Haryana, India
Tel : +91-1262-228555, +91-1262-228511, 01262-228539/7082001615

E-mail: pgpadmission@iimrohtak.ac.in ipmadmission@iimrohtak.ac.in
pgpoffice@iimrohtak.ac.in ipmoffice@iimrohtak.ac.in

Indian Institute of Management Rohtak is the IIM established by the Ministry of HRD, Government of India by IIM Act 2017. IIM Rohtak is an institute of national importance as per Ministry of HRD, Government of India.

Established in 2009, Indian Institute of Management Rohtak is a benchmark for top management education in India with a vision to become a global leader in due course. The institute has an enlightened and progressive leadership, acclaimed faculty members, extensive infrastructure and robust teaching pedagogy in place. It continues to impart knowledge in the management domain with a unique cross-functional perspective to prepare future leaders who can manage and create powerful organizations. To realize the vision of the Institute, IIM Rohtak is providing world-class education in management not only through full-time and regular programmes but also through various long duration and short duration programmes.

Located within the National Capital Region (NCR) of India, IIM Rohtak is 90 minutes from Delhi international airport. The state-of-the-art campus spread over an area of 200 acres is strategically located on National Highway - 10 and is well connected to Delhi.

IIM Rohtak has been ranked amongst the top five IIMs in research. Institute offers a dynamic environment for high-quality research in all functional areas of management that will benefit various segments of the business and society.

Vision

The vision of IIM Rohtak is to be a global leader in the creation and dissemination of management knowledge, and a global learning center, in due course of time

Mission

The primary mission of IIM Rohtak is to develop (corporate and non-corporate) managers with a sense of excellence, strong social commitment, and a passion for a value system. The broader institutional mission of IIM Rohtak is to create knowledge through quality publications and management education.

INDIAN INSTITUTE OF MANAGEMENT, SAMBALPUR

Jyoti Vihar, Burla, Sambalpur – 768019, Odisha, India
Tel : 070644 10810

Indian Institute of Management Sambalpur is a public business School located in Sambalpur, Odisha, India. It is one of the Indian Institutes of Management. The first batch of students started in September 2015. Currently the institute is hosting its 5th batch of 2019–2021. The present campus of IIM Sambalpur is situated at Sambalpur University Campus, Jyoti Vihar, Burla, Sambalpur, Odisha. IIM Sambalpur was announced in 2014 by Ministry of Human Resource Development (MHRD) and was established in 2015. The first batch of students started in September 2015.

It was initially mentored by IIM Indore until appointment of its independent director. IIM Sambalpur was registered as a Society under Societies Registration Act, XXI of 1860 on August 19, 2015. The present campus of IIM Sambalpur has been set up at Jyoti Vihar, Burla, Sambalpur, Odisha. IIM Sambalpur has been allotted a piece of land measuring over 237 acres in Basantpur, for the permanent campus by the Government of Odisha.

IIM Sambalpur is functioning from its temporary campus at Sambalpur University. The campus houses the one academic block, canteen, hostels, and an auditorium. The Government of Odisha has selected 237 acres of land for the construction of the permanent campus of IIM Sambalpur at Basantpur. In 2018, the Government of India proposed a budget of 400 crore (US\$56 million) for facilitating the construction of the permanent campus. On 2 Jan 2021, Prime Minister Narendra Modi laid the foundation stone of the permanent campus that is expected to be ready by 2022.

Located amidst hills and rivers, the temporary campus of IIM Sambalpur is functioning in a state of The art buildings at the Jyoti Vihar, Burla – the education hub comprising the Sambalpur University, and elite Medical and Engineering University. Specked in the picturesque settings and nestled in Barapahad (Twelve Hills), the temporary campus lies at one end of Hirakud Dam – the world’s longest earthen dam and is surrounded by mountains, verdant forests, and Debrigarh wildlife sanctuary making the town very picturesque and close to Nature. The natural beauty of the jungles, river bed, and dam itself would surely not let down the birdwatcher and animal lovers.

The campus is surrounded by a large number of big industries such as MCL, HINDALCO, Vedanta, TATA’S, NTPC, L&T, etc. which provide opportunities on real-life experiential learning for students of IIM Sambalpur. The wi-fi enabled campus houses, Academic building, the classrooms, hostels, and the auditorium. The library offers an extensive collection of physical and digital resources comprising books and e-books, print and e-journals, an exhaustive range of databases, reference titles, case studies, and other materials. The hostel block also accommodates the mess, 24×7 cafeteria, Health care center and gym for the fitness freaks which are under construction.

INDIAN INSTITUTE OF MANAGEMENT, SHILLONG

Umsawli, Shillong – 793018, East Khasi Hills District, Meghalaya, India
Tel : (0364) 230-8000
Email : director@iimshillong.ac.in

IIM Shillong has been set up with a vision of expansion and mobilization of facilities for offering good quality management education and research in the North Eastern region of India. The decision of coming up with an Indian Institute of Management in the North East was unanimously taken by the Union Minister of Human Resource Development along with the Chief Ministers of the North Eastern States in the Review Meeting held at Shillong during June 2004. Shillong was drafted as the permanent location for the institute after consultation between the Ministry of Development of North Eastern Region (DONER) and the Chief Ministers of States of the region.

Located in the green contours of North Eastern part of the country, IIM Shillong which commenced operations in 2008, remains committed to its goal of excellence in management education and research so as to evolve into a nationally and internationally recognized educational institution. Besides high quality standards and academic rigor, which are considered as the hallmark of an IIM, in IIM Shillong there is also emphasis on the ever growing significance of sustainable development and business practices. The Institute strives to impart to its students ethical values, compassionate behaviour, and concern for society.

To ensure a holistic management education and to help the graduates grow into innovative leaders of the future, the Institute provides opportunities outside the classrooms as well, be it industrial interactions, sports competitions, cultural activities or entrepreneurial pursuits. The quality of instruction, rigorous course curriculum and exposures that the students get at IIM Shillong when coupled with their Summer Internship experience makes them adequately prepared and confident to face the challenges of the corporate world.

IIM Shillong is governed by a Board of Governor and is managed by several Executive Committees, Finance Committee and a Grievance Committee.

Vision

To become an internationally recognized management Institute with a global outlook grounded in Indian values.

Mission

To generate and disseminate knowledge in all aspects of management education for sustainable development and to develop innovative leaders with strong ethical values.

INDIAN INSTITUTE OF MANAGEMENT, SIRMAUR

Rampur Ghat Road, Paonta Sahib, Sirmaur, Himachal Pradesh – 173025
Email: contact@iimsirmaur.ac.in Website : <https://www.iimsirmaur.ac.in>

Indian Institute of Management Sirmaur (IIM Sirmaur) is a Centrally Funded Institution of National Importance set up by the Government of India in 2015. IIM Sirmaur is one of the newer institutions of the IIM family in the country. As a premier institution, under aegis of Ministry of Education, Govt, it aims to provide Management Education of high quality and promotes allied areas of knowledge and inter-disciplinary studies. Institute strives for the seamless integration of management education with local and global aspirations in an enabling environment. It supports that management education is not just about seeking the most competitive employment opportunities, but also about learning to serve socio-economic concerns through ethical and visionary corporate leadership. It strives to focus on indigenous areas and innovative practices, to develop sensitive corporate leaders and entrepreneurs of tomorrow.

‘Vision’ of IIM Sirmaur is “To be globally respected institution for management excellence.”

‘Mission’ of IIM Sirmaur is “To develop and foster professionals with competencies in creating and leading future-oriented solutions for sustainable growth adhering to the highest standards of ethical and human aspects of work in Himachal Pradesh, India, and the world.”

In view of the Vision and Mission of the institute, the **‘Objectives’** set out for the institution are to develop competence, conduct research, and prepare professionals and advise small, medium and large organizations on **‘Values’** not limited to one or a combination of all of these mentioned below:

To develop the student capacity and potential in line with the growing demands for industry from the point of view of domestic and international Markets.

- Achieving international standards in teaching and quality research.
- To grow by increasing the number of participants in flagship programmes like MBA and the doctoral programme: PhD.
- To ensure and maintain high level of student satisfaction with respect to the programme design, delivery and the student placements.
- To impart education of the highest standards that is commensurate with the needs of the ever-evolving and pragmatic world of business, to make learning an enriching experience for the students.
- To connect with social responsibility and engage in community outreach by organising and participating in various activities.
- To contribute to socio-economic environment and quality of life through outreach activities.
- To promote indigenous growth and development of the region and the local communities through relevant research initiatives.
- To consciously expose students to array of activities across domains that contribute to their holistic development as citizens by constantly focussing upon the basics and value orientation that ultimately converts into creating global business leaders.

INDIAN INSTITUTE OF MANAGEMENT, UDAIPUR

Balicha, Udaipur – 313001, Rajasthan, India

Tel : 0294 247 7106

Email : mbaadmission@iimu.ac.in mbascmadmission@iimu.ac.in

mbademadmission@iimu.ac.in phdadmission@iimu.ac.in

IIM Udaipur, a second-generation IIM, one of the fastest-growing management schools in the country. It was set up by the Indian Government in 2011. Taking the legacy of older IIMs forward, IIMU aspires to set new benchmarks in the field of management education by combining excellence in both teaching and research. At IIM Udaipur, we are committed to becoming a globally recognized management school by 2030 and we are inevitably on our way. With an accomplished faculty, a flourishing research ecosystem and success in attracting the best minds of the country, IIMU is able to champion our core values of excellence and integrity. At IIMU, we challenge our students to expand their knowledge and their intellectual horizons so they emerge transformed and prepared to have an impact on the world of business and society at large. Additionally, the Institute strives to make a real difference to the region, forging strong relationships with local NGOs and government and working closely with industry on live projects, internships, guest lectures, faculty research and many events throughout the academic year.

Udaipur, the capital of the former princely state of Mewar, evokes the same sense of heritage, beauty and grandeur as such timeless destinations as Venice and Prague. This cradle of culture and history is the perfect backdrop for IIM Udaipur.

If ever there was a place that lent itself as an environment for the kind of management education IIMU aspires to deliver it is Udaipur and Rajasthan. With this heritage, culture and location IIM Udaipur is truly where history meets the future.

IIMU provides students with the freedom and institutional support they need to explore their entrepreneurial ambitions. This is reflected in all aspects of our programs: in-depth orientation to entrepreneurship on day one; an inspiring range of elective courses; intensive mentoring during the program and beyond; flexible placement options for students choosing to pursue an entrepreneurial venture; assistance in procuring seed funding and equity capital. If being an entrepreneur excites you, there is no better place to be in India.

At IIM Udaipur, learning has no boundaries. Our initiatives to instill a global perspective are an integral part of all our activities: the International Business in Practice elective in the two year MBA enables students to work on short-duration consulting assignments at international locations and the one year GSCM program gives students the option of spending an entire five-month semester at Purdue University mastering advanced global SCM. Other opportunities include international student exchange programs and overseas summer internships.

INDIAN INSTITUTE OF MANAGEMENT, TIRUCHIRAPPALLI

Pudukkottai Main Road, Chinna Sooriyur Village,
Tiruchirappalli - 620 024, Tamil Nadu.
Tel : +91-431-2505000 / +91-431-2501124
Email : iimt@iimtrichy.ac.in

Indian Institute of Management Tiruchirappalli (IIMT) is the eleventh IIM and was instituted on 4th January 2011. Tiruchirappalli is a city known for its prominence in education, spirituality, art and culture and IIM Trichy tends to benefit from this. IIMT is functioning from its sprawling state-of-the-art campus spread over 175 acres of land on Trichy-Pudukkottai highway, about 11 km from Tiruchirappalli International Airport.

IIM as a name has steadily become synonymous with excellence in management education and has established a benchmark for unwavering quality in India. IIM Trichy aims to find its own footing in developing competent professionals for the industry and doing quality research in India.

Hard work, Perseverance, Passion and Integrity are some of the virtues necessary to attain success. IIMT boasts about a collection of eminent faculty and motivated students which form its backbone. Students are selected after a thorough screening process and IIMT takes excellent care in ensuring an optimal student-teacher ratio to encourage better learning and to impart appropriate guidance.

"Knowledge is endless" is a motto that has strongly governed IIM Tiruchirappalli. IIMT holds strong values which it imparts to its students, primary amongst which is an unceasing desire to learn. It also firmly believes that the foundation of value creation lies in the path of continuous learning.

The institute recognizes the fact that its students would be the catalyst of change for the betterment of future and hence, takes great responsibility in shaping them into leaders of tomorrow. IIMT understands and gives students complete freedom to decide upon their academic gradient based on their work experience and academic background as well as their appetite for challenges, providing them with an environment conducive in enhancing their learning experience.

Mission

To nurture a learning environment for the creation and dissemination of management knowledge of global standards and to develop leaders of enterprises who add value to society and nation building.

Vision

To be a leading management institution with significant impact on business and society.

INDIAN INSTITUTE OF MANAGEMENT, VISAKHAPATNAM

Andhra Bank School of Business Building
Andhra University Campus
Visakhapatnam – 530 003, Andhra Pradesh
Tel : +91 891-282 4444
Email : info@iimv.ac.in info@iimv.ac.in

Indian Institute of Management Visakhapatnam is an Institution of National Importance under the IIM Act 2017. Its overarching goal is to attain standards of global excellence in management, management research and allied areas of knowledge; serving in the process, the cause of inclusive, equitable and sustainable national development goals as enshrined under the Objects of the Act. True to this mandate, the Institute, under the mentorship of IIM Bangalore, is focusing on world-class intellectual, infrastructural and institutional resources, facilitating high-quality teaching-learning processes and research culture. With a vibrant and talented student cohort representing about 20 states of the country and a founding team of faculty with impeccable teaching and research credentials, the Institute has built a good image and identity for itself in the comity of IIMs, in a relatively short time. Leveraging its multiple strengths, the Institute is all set to scale up its activity profile in scale, scope and specialization towards greater fulfilment of its objectives, in nature and extent.

Indian Institute of Management Visakhapatnam (IIMV) belongs to the prestigious IIM family of business schools. It is a new generation IIM, set up by the Government of India in September 2015. The Indian Institutes of Management Act 2017 declares IIMs as Institutions of National Importance, empowered to attain standards of global excellence in management, management research and allied areas of knowledge. IIM Visakhapatnam is located in its temporary, but state-of-the-art facility in the salubrious Andhra University campus in the ‘City of Destiny’, Visakhapatnam. The Institute has begun the process for building a permanent, full-fledged, world-class campus on approx. 230 acres of land in the (relative) vicinity of the upcoming green-field international airport, about 25 kilometres from the present (temporary/transit) campus. The first phase of the new facility is expected to be functional by 2021.

Indian Institute of Management Bangalore, the acknowledged leader in management education, is the mentor for IIM Visakhapatnam. The instructional (admission, academic, evaluation etc.) and institutional processes of IIM Visakhapatnam are therefore aligned with those of IIM Bangalore, ensuring high standards, ab initio. The founding team of faculty is recruited through a rigorous process of screening and assessment under the aegis of the Mentor Institute. Coming from IIMs and IITs, they have impressive academic and research credentials. This cohort is complemented by faculty drawn from IIM Bangalore and experts from the industry.

The Institute looks forward to attaining standards of global excellence as enshrined in the IIM Act, through its high-quality academic, research, consulting and capacity building initiatives, winning and sustaining in the process, the trust and confidence of students, parents, faculty, business, government and society.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, ALLAHABAD

Devghat, Jhalwa
Allahabad – 211012, Uttar Pradesh
Tel : 0532-2431684, 2552380
Fax : 0532-2430006/2431689
Email : contact@iiita.ac.in, mdt@iiita.ac.in
Website : <http://www.iiita.ac.in>

The Indian Institute of Information Technology Allahabad (IIIT-A) was established in 1999, as a center of excellence in Information Technology and allied areas. The institute was conferred the "Deemed University" status by Govt. of India in the year 2000. The Institute has been conceived with the ambitious objectives of developing professional expertise and skilled manpower in Information Technology (IT) and related areas. As an apex nucleating institute in the area of IT, the establishment of IIIT-A, is a major step of Govt. of India towards strengthening the indigenous capability necessary for exploiting profitably and harnessing multi-dimensional facets of IT at all levels, and attaining expertise to enable the country to emerge as a leading player in the global arena. The beautiful 100 acre campus, situated at Deoghat, Jhalwa, designed meticulously on the Penrose Geometry pattern, is being further topped by fine landscaping to give an all round soothing effect to create a stimulating environment. The campus is envisaged to be a fully residential one, with all its faculty, staff and students housed in different pockets. All academic and residential areas are connected to the Institutes's network.

Mission

The mission of IIIT, Allahabad is to be a unique and world class nucleating "Apex Center of Excellence" in the area of Information Technology and Allied Sciences, so as to enhance India's Technological strength in IT and for become a pace-setting institution for other similar institutes to be established in the future. IIIT seeks to derive its strength from a linkage with sound Indian traditions of centuries past, and sets out to create knowledge-based resources in regional languages.

Charter

To train and educate, at certificate, diploma, undergraduate and postgraduate levels, engineers of outstanding ability, who may become leaders in the IT industry and profession. To carry out advanced research and development in leading edge technology areas in computer Hardware & Software, which can be useful on a comparatively long term basis.

To develop and promote national and international linkages by way of adjunct faculty, partnership in research, student exchange, credit transfer and joint degrees.

To work for the creation and development of resource databases, associated software and courseware for all important applications, so as to ensure future availability of newer software technologies for English, Hindi and other Indian languages.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, AGARTALA

P.O.: NIT Agartala, Barjala, Jirania

Tripura – 799 046

Tel : +91-9436556680, 0381-2548510, 0381-2546630

Email : kgnits@gmail.com

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY AGARTALA (IIIT AGARTALA), is one of the Indian Institutes of Information Technology (PPP) in the country, set up with the objective of making available facilities for higher education, research and training in various fields of Information Technology.

To address the challenges faced by the Indian IT industry and growth of the domestic IT market, the Ministry of Human Resource Development (MHRD), Government of India intends to establish twenty Indian Institutes of Information Technology (IIIT), on a Not-for-profit Public Private Partnership (N-PPP) basis. This institute is an institute of national importance under act of parliament and is currently operating from its temporary campus at mentor institute NIT Agartala, where all facilities are provided to the students of IIIT Agartala.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, BHAGALPUR

Sabour, Bhagalpur – 813210
Email: admission@iiitbh.ac.in
Tel : +91-7632995210

Indian Institute of Information Technology, Bhagalpur (IIIT Bhagalpur) is one of the IIITs set up by MHRD, Govt of India in PUBLIC-PRIVATE PARTNERSHIP (PPP) mode. It started functioning from the academic year 2017.

Bhagalpur is a city of historical importance on the southern banks of the river Ganges in the Indian state of Bihar. It is the 3rd largest city of Bihar and also the headquarters of Bhagalpur district and Bhagalpur division. Known as Silk City, it is a major educational, commercial, and political centre, and listed for development under the Smart City program, a joint venture between Government and industry. The Gangetic plains surrounding the city are very fertile. The river is home to the Gangetic dolphin and the Vikramshila Gangetic Dolphin Sanctuary is established near the town. The ancient Vikramshila university, established in 9th century, was intended to complement the world class universities at Nalanda and Takshila. It lasted for four centuries before being destroyed during an attack by Bakhtiyar Khilji of the Delhi Sultanate.

Indian Institute of Information Technology Bhagalpur is a joint venture of Govt. of India (50%), Govt. of Bihar (35%) and BELTRON (15%). The Institute started its first academic session from 1st August 2017. Bhagalpur College of Engineering (BCE) had provided the buildings to IIIT Bhagalpur in its campus. They were renovated and logistics were provided by IIIT Bhagalpur. The institute is fully residential and has separate hostels for boys and girls with proper security arrangements and other facilities. Govt. of Bihar has provided 50 acres of land to IIIT Bhagalpur carved out of BCE Bhagalpur campus on the banks of river Ganga. The institute has taken possession of the land and construction of the state of the art Permanent campus is likely to start soon.

IIIT Bhagalpur is being mentored by IIT Guwahati and thus it has access to academic expertise, resources and research oriented faculties of IIT Guwahati. Laboratories are set up under the expert guidance of IIT Guwahati. The institute started with B. Tech programmes in two branches namely Computer Science Engineering (60 seats) and Electronics and Communication Engineering (60 seats) in 2017. From 2018, a new branch namely Mechatronics Engineering (30 seats) is being started. The admission of the students is held through JEE MAINS organised by JOSAA/CSAB. 73 students, from various parts of India, were admitted in the first batch in 2017 against the planned intake of 120. The Institute arranges invited talks by experts within and across the disciplines. Apart from the academics, the institute provides for sports, music and cultural facilities to ensure overall development of the students. NSS (National Service Scheme) activities are included in the curriculum to strengthen students' obligation towards public service.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, BHOPAL

C/o Maulana Azad National Institute of Technology (MANIT), Bhopal
TC-105, New Teaching Block, Bhopal, Madhya Pradesh - 462003
Tel : 0755-4051950

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY BHOPAL (IIIT-Bhopal), is one of the Indian Institutes of Information Technology (PPP) of National Importance in the country, set up with the objective of making available facilities for higher education, research and training in various fields of Information Technology. To address the challenges faced by the Indian IT industry and growth of the domestic IT market, the Ministry of Education (MoE), Government of India intends to establish twenty Indian Institutes of Information Technology (IIIT), on a Not-for-profit Public Private Partnership (N-PPP) basis. The partners in setting up the IIITs would be the MoE, Governments of the respective States where each IIIT will be established, and the industry. On the same line INDIAN INSTITUTE OF INFORMATION TECHNOLOGY BHOPAL (IIIT-Bhopal) is newly established Educational Institute by the Ministry of Education, Government of India and few industry partners as Not-for-profit Public Private Partnership (N-PPP) Institution. The industry Partner of IIIT Bhopal is, Rajiv Gandhi Proudyogiki Vishwavidyalaya (RGPV, Bhopal M.P.). The capital cost of IIIT Bhopal to be contributed in the ratio of 50:35:15 by the Government of India, Government of Madhya Pradesh and third partners respectively. Approximately 50 acres Land has been identified at Bhopal for setting up the institute. At present, IIIT-Bhopal is operating from its make shift campus at Maulana Azad National Institute of Technology (MANIT), Bhopal, till the time its new campus is made operational at Bhopal, Madhya Pradesh. Governing Council consisting of distinguished people from academia, industry and government preside over the governance of the Institute.

Our Vision & Mission

The institute is committed to get itself recognized as the forerunner in Information Technology related science and engineering. It aspires to establish a firm foundation for education and research under a high-quality faculty base with the objective to be the fountainhead of new ideas and innovations in technology and science. IIIT Bhopal strives to propel the nation on the growth-trajectory envisaging to achieve the aspired synergistic ends of the institution and society at large.

Missions

- To impart a high quality of innovation & research oriented education and to provide an environment to nurture the leaders of tomorrow.
- To enable the students formidably at the forefront of solving problems at national and global level within the context of larger humanistic concerns.
- To undertake collaborative projects which offer opportunities for long-term interaction with academia and industry.
- To project the spirit of involvement and inclusiveness, and showcasing the strength of mutual cooperation, thereby inspiring IIIT Bhopal to a glorious height.

Indian Institute of Information Technology Sri City, Chittoor known as IIIT Sri City (IIITS) was established in 2013 by MHRD, Government of India as an Institute of National importance by an Act of Parliament. IIITS is one among the 20 Institutes across India, focusing on Information Technology education, research and development. The Institute is located in Sri City (www.sricity.in) located about 60 KMs from Chennai on the Nellore Highway. The nearest airports are Chennai (70 KMs) and Tirupati (70 KMs).

IIITS The Institute was setup by the Government of India along with Government of Andhra Pradesh and Industry Partners represented by Sri City Foundation as a Public-Private-Partnership (PPP) institution. The Institute is governed by the Board of Governors consisting of eminent personalities from the Government, Industry and Academia. IIITS offers B. Tech, M.Tech, M.S. and Ph. D. programmes in the areas of Computer Science & Engineering and Electronics & Communications Engineering.

IIITS significantly positioned as an institution known for UG-led research which aims to develop technology related research that can solve real-world problems and create a positive impact in our day-to-day lives. The Institute also offers students a unique opportunity to actively take part in research which would help create innovative and entrepreneurial mindset.

Highly qualified and committed faculty members is the hallmark of IIITS. The fulltime faculty have received their PhD degrees from globally recognized universities. Many of them have spent couple of years' time as Post-Doctoral Fellows in overseas universities. We at IIITS benchmark our pedagogy to leading universities and make continual efforts in upgrading our approach, course curriculum and teaching methodology. We emphasize and encourage students to be self-learners, gain experiential learning through involvement in various academic, research and co-curricular activities. The curriculum designed allows students to choose courses and projects of their choice. Moreover, the Institute promotes an environment wherein students are encouraged to participate in a variety of technical, cultural and social clubs, for skills development and community engagements.

IIITS aims to be better year-by-year and make a difference to every stakeholder who is actively engaged with it. Our endeavor would be to benchmark ourselves with the Top 100 Technology Universities of the world in terms of infrastructure, technology, research, best practices, facilities, etc.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, DHARWAD

IIIT Dharwad Campus, Ittigatti Road,
Dharwad - 580009.

Tel : 0836 2250879, 0836 2357747

Email : contact@iiitdwd.ac.in

A spacious, well-developed 60 acre campus with modern designs and contemporary infrastructure. Academic Block with large-sized classrooms and laboratories. Each classroom is designed to accommodate at least 80 students so that any distancing requirement can be managed with our normal class sizes. The building also has one 240-seater room and two 120-seater rooms. Overall, there will be 30 classrooms/labs spread across 5 floors. A Boys Hostel with about 200 rooms spread over 6 floors with a spacious Dining Hall and a Common Room for reading, games, activities, etc. Both the Dining Hall and the Common Room are of double height to give them excellent light and ventilation apart from a grand look. All rooms will be equipped with new furniture. The Infosys Girls Hostel with about 100 rooms and all the same features as the Boys Hostel, if not better! This building is built by Infosys for IIIT Dharwad as a part of its CSR initiatives. Well-equipped modern kitchen to prepare food hygienically for both hostels. Laundromats in both hostels for your convenience. A Health and Fitness Block with a Wellness Centre, pharmacy, well-equipped gym, yoga room, activity/club rooms, music room, canteen, e-Bank, salon and a small shop for essential supplies. The building also has an expansive entry area with a high-ceiling lobby for small gatherings, music, digital screening etc. The canteen has both indoor and outdoor seating.

Full campus-wide WiFi networking, Uninterrupted power supply for essential areas/services with a dedicated HT cable for the campus and a diesel generator back-up. A developed water body with a capacity of about 1.2 crore litres (but not for swimming or fishing!) that drains its overflow to an external stream leading to Shalmala River and NeerSagar Dam. There is also a circle on the main road from where you can watch the Sunset across the water body every evening (except when it is cloudy :-)

An outdoor sports field for cricket/football; Shuttle bus service to the BRTS bus stop on PB Road (Sattur/SDM bus stops) for connectivity to both Dharwad and Hubballi; The iconic Main Building with all the administrative offices and meeting rooms, a spacious Knowledge Resources Centre (formerly called a library), Data Centre, Digital Studio, Video-conference Room and Placement Centre; An Incubation Centre connecting the Main Block to the Multi-purpose Hall (at the second floor level); A Multi-purpose Hall with a stage, an indoor basketball court and seating capacity for about 600 people for academic, sports and cultural events; Concrete roads throughout the campus with designed trenches and no overhead cables. Smart street lighting is also being planned. A walking/jogging path along the periphery inside the campus of about 2 KMs total length and gradients of up to 25 metres from the highest to the lowest points.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, GUWAHATI

Bongora, Guwahati-781015, India

Tel : +91 - 361 - 2630015 / 2630026

Mob : +91 - 9531435223 / 9531435211

diroffice@iiitg.ac.in registrar@iiitg.ac.in

Indian Institute of Information Technology Guwahati (IIITG) is an institution of National Importance under an Act of Parliament (THE INDIAN INSTITUTES OF INFORMATION TECHNOLOGY (PUBLIC-PRIVATE PARTNERSHIP) ACT, 2017). It offers B.Tech. courses in Electronics and Communication Engineering (ECE) and Computer Science Engineering (CSE), M.Tech. courses in CSE and ECE and runs PhD programmes in ECE, CSE, Mathematics, and Humanities and Social Sciences (HSS). IIITG started operations in August 2013 with B.Tech programmes in CSE and ECE. The first batch of B.Tech. students completed their programme in May 2017. The first convocation of the Institute was held on May 15 2018. The institute has further received funding for infrastructural development and academic improvement under TEQIP III.

IIITG is one of the 20 IIITs set up by the Central Govt. in PPP mode. A Bill (Act of Parliament) to declare all the PPP-IIITs (including IIITG) as Institutes of National Importance was passed by both the houses of the Indian parliament in July, 2017.

In its very first year when it became eligible, IIITG has got a rank of 66 in the Engineering category of NIRF 2020. What is even more notable is that it is ranked the highest among all MHRD IIITs! This includes even the older, Govt. funded IIITs! We were not eligible for ranking in the Overall category as we have less than 1000 students.

IIITG strives to be attentive to academic needs of every student. Classes are conveniently scheduled between 9 A.M. to 5 P. M. Every class room is air-conditioned and has projection facilities. For online classes, we are subscribing to a Learning Management System (LMS) through which we deliver our lectures. For online examinations, we have subscribed to another Cloud based software. An Institute-wide wi-fi system provides Internet access throughout the Institute. Further, DG power back up is available in case of power failure. The permanent campus has been constructed on 67 acres of land about 4 km from Guwahati airport.

The foundation stone for its permanent campus was laid on 19 January, 2016 by Hon'ble Prime Minister Shri Narendra Modi in the august presence of former Governor of Assam Shri Janaki Ballabh Patnaik, former Chief Minister of Assam Shri Tarun Gogoi and former Minister of Human Resources & Development Smt Smriti Zubin Irani. The institute moved to its permanent campus in July, 2018. Prof. Gautam Barua former Director of IIT Guwahati is the Director of the Institute.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, KALYANI

Webel IT Park, Kalyani – 741235, Nadia, West Bengal

Tel : 09836075844

Email: iiitkalyani.office@gmail.com office@iiitkalyani.ac.in

The Indian Institute of Information Technology Kalyani has been setup with an objective to produce best-in-class human resources in IT and to harness the multidimensional facets of IT in various domains. IIIT Kalyani strives to evolve into a world-class academic institution with the highest quality of education and research facilities and produce industry ready IT graduates to meet the industry demands. The institute will act as a catalyst in fostering an innovative entrepreneur-focused ecosystem to ensure that new products, solutions and IP are created in the State taking advantage of the intellectual capital of the State. IIIT Kalyani has been set up at Kalyani, West Bengal by Government of India (Ministry of Education), Government of West Bengal and industry partners on a Not-for-profit Public Private Partnership (N-PPP) basis, being funded in the ratio of 50:35:15 respectively by the above three parties. Additionally, the Government of West Bengal has lent support to the institute by granting 50 acres of land for setting up the Campus. The industry partners of IIIT Kalyani are Coal India Ltd. and Rolta Foundation for the present. The institute is run by the Board of Governors of IIIT Kalyani whose members include the representatives of Government of India (MHRD), Government of West Bengal, industry partners and eminent people from academia, industry and civil society. IIIT Kalyani has been attributed the status of Institute of National Importance (INI) by the cabinet in March 2017. While construction has been started in the land provided, the institute is presently running from the temporary campus at Webel IT Park, Kalyani.

Dedicated to the service of the Nation Motto The motto of IIIT Kalyani is "vidya dharma sarva dhanam pradhanam". This literally translates to "Education is the most important wealth", essentially implying that doing your work well is (true) yoga. This can be traced to Sri Krishna's discourse with Arjuna in the Bhagavad Gita. The quote, in the larger context of the Gita, urges man to acquire equanimity because a mind of equanimity allows a man to shed distracting thoughts of the effects of his deeds and concentrate on the task before him. Equanimity is the source of perfection in Karmic endeavours that leads to Salvation.

The Institute aligns all its activities to serve national interest and seeks To provide broad-based education, helping students hone their professional skills and acquire the best-in-class capabilities in their respective disciplines To draw the best expertise in science, technology, management and law so as to equip students with the skills to visualize, synthesize and execute projects in these fields To imbibe a spirit of entrepreneurship and innovation in its students To undertake sponsored research and provide consultancy services in industrial, educational and socially relevant areas.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, KOTA

MNIT Campus, Jaipur – 302017, Rajasthan

Tel : 0141-2715071, 0141-2715071

Email : office@iiitkota.ac.in

Indian Institute of Information Technology, Kota (IIIT, Kota) is an institute of national importance. IIIT Kota is a joint venture of the Ministry of Human Resource Development (MHRD) Govt. of India and Govt. of Rajasthan with Industry Partners in Public-Private-Partnership (PPP) mode. IIIT, Kota was established in 2013. Currently the institute is mentored by Malaviya National Institute of Technology Jaipur (MNIT Jaipur) and situated at MNIT Jaipur. The main site of IIIT, Kota shall be constructed at Ranpur near Kota on 100.37 acres of land made available by the Govt. of Rajasthan.

The institute is governed by the eminent personalities of the Government, Industry and Academia. Currently we offer B.Tech in the discipline of Computer Science & Engineering and Electronics & Communication Engineering only.

Functional Structure

The functional structure of IIIT, Kota consists of (i) Governing Body (ii) Finance Committee (iii) Building and Works Committee (iv) Academic Senate. The institute has the following four supportive and active Industrial Partners as envisioned in the mission and vision of the Institute.

- Cairn India Limited
- Vakrangee Softwares Limited
- Genpact India Limited
- National Engineering Industries Limited

Regulations

IIIT, Kota follows the regulations according to its Memorandum of Understanding (MoU) & Memorandum of Association (MoA). Statutes, ordinance and other prevailing rules of the mentor institute (MNIT Jaipur) are being followed

Building Status at Permanent Campus

As of now, IIIT Kota does not have its own building. It is being operated from the premises of the mentor institute (MNIT Jaipur). However the boundary wall along with tree plantation has been completed in its permanent campus at Ranpur near Kota. Further, the director office, conference hall, accounts and establishment block, academic block with adequate number of lecture theatres, labs and faculty cabins, seminar hall with capacity of more than 200 persons, computer center, library, workshop and store, boys and girls hostels, guest house, director's and staff residencies, transit accommodation and other development work such as rain water harvesting structure, sewerage treatment plant, overhead tank are to be taken up in the phased manner on receipt of required funds from the central and state governments for which the matter is under vigorous pursuance with the authorities concerned.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, KOTTAYAM

Valavoor - Chakkampuzha Rd, Valavoor, Kerala - 686635
Tel : 0471 2597459

Indian Institute of Information Technology, Kottayam at Valavoor, Pala, Kerala is one among the IIITs that have been established as "Institutions of National Importance" by Ministry of Education, Govt. of India under the ambit of IIIT (PPP) Act 2017. IIIT Kottayam campus is situated at Valavoor, Pala, Kottayam - a picturesque location, spread over in 53 acres of land - allotted by Govt. of Kerala in the southern part of the state commonly referred to as God's Own Country.

The institute offers 4 year B.Tech and B.Tech (Hons) program with specialized courses covering all major research domains of computer science and engineering, viz Data Science, Cloud Computing, Artificial Intelligence, Machine Learning, Parallel Computing, HPC, Programming Languages, Bio Informatics and so forth. The Institute also offers a 4-year B.Tech and B.Tech (Hons.) program in Electronics and Communication with specialized courses covering all major research domains viz, Signal Processing, Communication, Networking, VLSI design, Embedded Systems, Computer Vision, and Applied electromagnetics.

The students are admitted against the JoSAA/CSAB counselling against the JEE main rank list. In addition, Institute also offers Ph.D programs in CSE, ECE and Mathematics as well as M.Tech in AI & Data Science for the working professionals.

Vision

To contribute to India and the world through excellence in Information Technology, technical education and research and to serve as a valuable resource for industries and society.

Mission

Generate a specialized cadre of Information Technology experts by imparting quality education, training and to attain international standards in teaching, research and consultancy with global linkage

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, LUCKNOW

Chak Ganjaria, C. G. City, Lucknow – 226002, Uttar Pradesh

Email : contact@iiitl.ac.in

Indian Institute of Information Technology, Lucknow (IIIT Lucknow) is one of the 20 IIITs being set up by the Central Government in Public Private Partnership (PPP) mode. IIIT Lucknow admitted its first batch of B. Tech. in Information Technology with an intake of 50 students w.e.f. the academic session 2015-16. It currently offers all the amenities ,academic and non-academic to its students that can help them flourish and serve the nation with all their apprehension in the various fields of technology. The admission is made through central counselling of candidates who qualify in JEE (Mains).

The Institute is being set up with the financial contributions of MHRD, Govt. of India, Govt. of Uttar Pradesh, and U. P. Electronics Corporation Ltd. as industry partners. The mission of IIIT Lucknow is to be a unique and world class nucleating “Apex Center of Excellence” in the area of Information Technology so as to enhance India’s Technological strength in Information Technology . IIIT seeks to derive its strength from a linkage with sound Indian traditions of centuries past, and sets out to create knowledge-based resources in regional languages.

The permanent campus of IIIT, Lucknow is coming up in 50 acres of land at Chak Ganjaria Region, Lucknow. The Institute is being set up with the financial contributions of MHRD, Govt. of India, Govt. of Uttar Pradesh, and U. P. Electronics Corporation Ltd. as industry partner. It is a couple of kilometers away from the International cricket stadium (along with many other sports facilities) which is being set up in Gomti Nagar extension.

The Institute is surrounded by a 100 Acre IT City SEZ Lucknow project which is being developed by HCL Group selected through a competitive bidding process envisages initial investment of approx. Rs 1500 crores. The IT city will provide direct employment to 25,000 with indirect employment to approx. 50,000 people.

Evolving a brand-name takes years of nurturing, hard work and passion. IIIT Lucknow, which started its journey in 2015, has brought in the culture of innovation among its students. These students have received training that is ‘deep in depth’, yet ‘wide in breadth’. Such training has moulded them into better qualified professionals.

At the Indian Institute of Information Technology Lucknow, we are committed to playing a key role in creating an ambience for the creation of new ideas, knowledge and graduates who will be tech-leaders of tomorrow.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, NAGPUR

Survey No. 140,141/1 behind Br. Sheshrao Wankhade Shetkari Sahkari Soot Girni,
Village - Waranga, PO - Bori (Butibori) Tahsil- Nagpur (Rural)
District Nagpur – 441108
Tel : 0712-2985010;9405215010
Email : info@iiitn.ac.in

The Indian Institute of Information Technology (IIIT), Nagpur is one of the IIIT under the Indian Institute of Information Technology (Public-Private Partnership) Act, 2017.

Indian Institute of Information Technology, Nagpur (IIITN) is one of the 20 Indian Institutes of Information Technology established under the Public-Private Partnership Scheme by the Ministry of Education (erstwhile Ministry of Human Resource Development), Government of India. IIITN has been declared as an “Institution of National Importance” under the provisions of the Indian Institute of Information Technology (Public-Private Partnership) Act, 2017. The Institute started functioning during the year 2016-17 and presently operating from its Makeshift Campus in Nagpur under the Department of Higher Education, Ministry of Education, and is supported by the Department of Higher Education, Government of Maharashtra, and Tata Consultancy Services, Mumbai as Industry Partner.

Institute’s Mandate

One of the main objectives of the Institute is to develop competent and capable youth imbued with the spirit of innovation and entrepreneurship with the social and environmental orientation to meet the knowledge needs of the country and provide Global Leadership in Information Technology & Allied Fields.

Institute’s Vision

The Institute aspires to attain the status of a top-notch Institution in Information Technology and Allied Fields and to emerge as an elite Research Institution by imparting futuristic quality education of Global Standards to corroborate the status of an “Institution of National Importance”.

Institute’s Mission

To undertake socially relevant, industry-oriented In-House Research & Development Programmes as well as to undertake cutting-edge research through Public-Private Participation in Information Technology & Allied Fields. The Institute shall endeavor to develop innovation and entrepreneurship with social and environmental orientation.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, PUNE

Near Bopdev Ghat, Kondhwa Annexe
Yewalewadi, Pune-411048
Tel : 9404542134

Indian Institute of Information Technology Pune (IIITP) is committed to providing the best-in-class technical education in the country. The institute is facilitating knowledge transfer while keeping up with the latest development pedagogy.

IIITP is an Institute of national importance established by the Ministry of Education (MoE), Government of India, and Industry partners on a Not-for-profit Public Private Partnership (N-PPP) basis. IIIT Pune is functioning from a transit campus located at KJEE's Trinity Academy of Engineering at the scenic foothills of Bopdev Ghat, Yewalewadi, Pisoli, Pune. The permanent campus for IIIT Pune is over 100 acres at Nanoli village, Tal. Maval, Pune.

IIIT Pune offers undergraduate programs, master degree and a Ph.D. in Electronics and Communications Engineering and Computer Science & Engineering. The academic curriculum for the UG programs is designed to match international standards in engineering education with a view to produce quality engineers.

The Institute is actively working on revamping its undergraduate curriculum to meet the future IT requirements. Apart from academics, the institute provides a comprehensive environment that promotes art, culture, sports, societal contributions, and self-governance.

Undergraduate students participate in ongoing research and technology development, as a result, a vibrant undergraduate program exists to fulfil the needs of society. The Ph.D. programme is aimed at assisting students acquiring proficiency in their chosen area of research.

The academic programme leading to the Ph.D. Degree is broad-based and involves a course credit requirement and a research thesis submission. The Institute encourages research in interdisciplinary areas through a system of joint supervision and interdepartmental group activities.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, RANCHI

Khojatoli, Namkum, Ranchi, Jharkhand – 834010

Tel. : +91 3262235203, +91 7992316012

Email : director@iiitranchi.ac.in skumar@iiitranchi.ac.in

Indian Institute of Information Technology Ranchi is an autonomous institute setup by the MHRD, Government of India, and Government of Jharkhand along with the industry partners Central Coalfield Limited (CCL) (5%), Tata Consultancy Services (TCS) (5%) and Tata Technologies (5%) on a Public Private Partnership. MHRD, Government of India has taken up the initiative to setup 20 new Indian Institutes of Information Technology (IIITs) on a Public Private Partnership Model. A major objective in establishing IIITs is to set up a model of education which can produce best-in-class human resources in IT and harnessing the multi-dimensional facets of information technology in various domains. While the number of students produced by these IIITs would be small, the impact they create would be great. The IIIT Ranchi is funded by Government of India (50%), Government of Jharkhand (35%) and Industry Partners (15%). The IIIT Ranchi is expected to meet operating expenses from tuition fees, grants, sponsorships and donations. Additionally, the Government of Jharkhand has lent support to the institute by granting land for setting up the Campus at Ranchi, Jharkhand. IIIT Ranchi is autonomous, not-for-profit, self-sustaining, teaching and research-led education Institution. The Institute is managed by professionals from the area of academics and research, under the guidance of a Board of Governors of the Institute that has representatives of participating Industry partners, eminent academicians & researchers and representatives from Government. IIIT Ranchi will focus on applied research and education in IT and in selected domain areas. IIIT Ranchi will contribute significantly to the global competitiveness of key sectors of the Indian economy and industry.

Now (2016-17), IIIT Ranchi is offering two Under Graduate Programmes, B. Tech (Honours) Computer Science and Engineering and B. Tech (Honours) Electronics and Communications Engineering. IIIT Ranchi is committed to academic excellence and good governance.

Vision 2027

IIIT Ranchi will be one of the leading Institutes in India for its academic excellence and good governance.

Mission

- Quest for academic excellence and good governance
- Quest for growth of Institute
- Quest for most admired and respected Institute for students, employees and Industries
- Quest for innovative leader
- Quest for economic growth of the nation
- Digital and Swachh Institute

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, RAICHUR

Tel : 040-2301 6002

Email : info@iiitr.ac.in

IIIT Raichur was established by Ministry of Education, Government of India, in 2019 under Public-Private Partnership (PPP) Model. It was given the status of Institute of National Importance (INI) by the Government of India, under the Indian Institutes of Information Technology Laws (Amendment) Bill, 2020. The bill was passed by the Lok Sabha on 20 March 2020 and by the Rajya Sabha on 22 September 2020. IIIT Raichur began functioning on 26 July, 2019 from a temporary campus at Indian Institute of Technology, Hyderabad (IIT Hyderabad), with Budaraju Srinivasa Murty as the mentor Director and IIT Hyderabad as the mentor institute.

The institute will start functioning from its temporary campus in Govt Engineering College, Raichur from the academic year 2020-21. As the mentor institute, IIT Hyderabad will continue to oversee the functioning of IIIT Raichur. The Government Engineering College, Raichur, has been equipped with all the necessary arrangements to accommodate the IIIT Raichur. All the facilities and amenities at GEC Raichur Campus will be extended to IIIT Raichur as well.

IIIT Raichur is sharing the campus of its mentor institute - IIT Hyderabad. All the Academic and Curricular activities take place at IIT Hyderabad Campus. The students are residing in the Hostels at IIT Hyderabad.

The State Government of Karnataka has handed over a land of 60 Acres for the construction of Permanent Campus at Raichur. The institute has invited tender for Appointment of Architect for Comprehensive Architectural Design Package for Development of Master Plan, Academic Block, Administrative Block, Faculty & Staff Housing, Student Hostels, Sports Facilities and Related Infrastructure for IIIT Raichur.

IIIT Raichur offers a B.Tech program in Computer Science and Engineering with an intake of 30 students. It uses a Fractal Academic System, involving continuous evaluation of students, and more choices on subject they want to pursue outside their core area. It has a well refined curriculum with emphasis on the advanced courses starting from the first year itself, which lets the students stand on par with the emerging technologies in the field of Computer Science.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, SENAPATI MANIPUR

Mantripukhri, Imphal – 795002, Manipur
Tel : - +91 385-242-1017 / 2920

Indian Institute of Information Technology Senapati, Manipur (IIITSM) is an institution under MHRD, Govt. of India. IIIT Senapati, Manipur was established in 2015 in order to develop Manipur as preferred destination for Information Technology (IT) related manpower and industry. This shall enable Manipur to gear up for providing IT related services as well as high-quality Research & Development in IT. IIITSM offers B.Tech in Computer Science and Engineering (CSE) and Electronics and Communication Engineering (ECE) and PhD in CSE, ECE and Humanities and Basic Sciences from its own campus located at Mantripukhri, Imphal. Although a new institute, the campus has adequate classrooms, laboratories for CSE and ECE, conference hall, playground, hostels, faculty quarters, guest house and own administrative offices. The excellent student-faculty ratio enables 360-degree technical supervision and personal development of each student. IIITSM is one of the 20 IIITs set up by the Government of India in PPP mode. Being an Institute of National Importance IIITSM strives to be attentive to academic needs of every student. Classes are conveniently scheduled between 8 A.M. to 5:00 PM. Institute-wide WiFi connectivity empowered students to explore about the life-changing tools 24x7.

Mission

The IIIT Senapati, Manipur undertakes the mission to provide technical education by offering state-of-the-art undergraduate, postgraduate and doctoral programmes with international standards of excellence and with emphasis on research to undertake collaborative projects which offer opportunities for long-term interaction with academia and Information Technology (IT) industry as well as technology development in the area of national importance.

Vision

To contribute to India and the World through excellence in Information Technology in general; to build leaders and entrepreneurs through transformative and Innovative Education in the context of socio-economic relevance to the North East of India in particular; to serve as a valuable resource for industry and society; and remain a source of pride for all Indians. Manipur, being projected as a Gateway to South East Asia under the Look East Policy of the Government of India, IIIT Senapati, Manipur will be looking for opportunities to spread IT education and to contribute to Human Resource development in its neighboring countries. IIIT Senapati, Manipur has a vision of establishing itself as an Institution of excellence in Cyber Security, Cyber Crime and Forensic so that human resource from IIIT Senapati, Manipur will be prepared to face this growing global threat. It also envisages itself for achieving excellence in application of robotics facilitating human life to overcome congenital as well as acquired disabilities.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, SONEPAT

IIIT Sonapat is located at IIT Delhi Techno Park,
Rajiv Gandhi Education City Rai, Sonapat
Contact No.- 01744-233189, 7496966902, 9729077477
Email:- sonapatiit@gmail.com

Indian Institute of Information Technology, Sonapat (IIIT, Sonapat) is one of the Indian Institutes of Information Technology located at Sonapat, Haryana. The academic session of IIIT Sonapat started from its mentor Institute National Institute of Technology, Kurukshetra from year 2014. IIIT Sonapat is a joint venture of the Ministry of Human Resource Development, Government of India, the Govt. of Haryana, with Industries in Public-Private Partnership model and has been declared as the Institute of national importance.

On 18 March 2013, Ministry of Human Resource Development, Government of India introduced a bill in the Parliament to establish 20 new Indian Institute of Information Technology's in different parts of the Country. As per the bill, MHRD will establish the 20 new IIITs under the Public Private Partnership (PPP) mode partnering with respective state governments and industry partners. The new IIITs are envisaged to be Institutes of National Importance. Aimed at generating highly competent manpower of global standards for the Information Technology Industry, the institutes are also expected to act as major catalyst to develop new knowledge in the field of Information Technology. Indian Institute of Information Technology – Sonapat, Haryana is amongst 20 new IIITs approved by MHRD and started to intake students from 2014.

The admission to IIIT is through Joint Seat Allocation Authority. The students are allotted admission by JosAA based on their Joint Entrance Examination (JEE-Main) ranks. The Indian Institute of Information Technology, Sonapat, Haryana is listed in the JosAA website under List of participating institutes in Indian Institute of Information technology(IIIT) Category.

The Institute presently offers B.Tech in Information Technology (IT) and Computer Science and Engineering (CSE) and B.Tech in Electronics and Communication Engineering (ECE). The Institute currently admits 30 students for each branch. The classes are held along with the students of National Institute of Technology, Kurukshetra.

Indian Institutes of Information Technology (IIITs) are a group of institutes of higher education in India, focused on information technology. Five of them are established, funded and managed by the Ministry of Human Resource Development. The rest are set up on the Public-Private Partnership (PPP) model.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, SURAT

SVNIT Campus: Ichchanath, Surat – 395007, Gujarat

Phone : 0261-2204322(O)

Email : office.iiitsurat@gmail.com

To address the challenges faced by the Indian Information Technology Industry & growth of the domestic IT Market, the Ministry of Human Resource Development (MHRD), Government of India has established twenty Indian Institutes of Information Technology (IIIT), on not-for-profit Public Private Partnership basis. As a part of this, IIIT-Surat was planned and started with initial mentoring by SVNIT, Surat till the new campus of IIIT is ready in Surat. A memorandum of understanding and a memorandum of association have been signed between the President of India, the Governor of the State of Gujarat and Industry partners namely; Gujarat Narmada Fertilizer Corporation (GNFC), Gujarat Informatics Limited (GIL) and Gujarat Gas Limited (GAL). After series of meetings at MHRD, Directorate of Technical Education (Gujarat State) and SVNIT, Surat planed various academic activities. State Government has requested Collector of Surat to allocate 50 acres of land in Surat and is in progress. B. Tech. courses in Electronics & Communication Engineering and Computer Science & Engineering have begun in SVNIT campus from July, 2017. The admission to these B.Tech., courses is conducted by Joint Seat Allocation Authority (JoSSA) from the year 2017-18 onwards. The hostel facility for the students is provided by SVNIT. The academic activities of IIIT-Surat are in time-synchronization with SVNIT.

Vision

To develop a globally competitive Centre of Excellence in the field of Computer Science and Technology to inspire the younger generation of Engineers to realize the 'Make in India' dream a reality.

Mission

Imparting preeminent knowledge in the field of Information Technology to younger generations so that they can serve the Society and Nation through evolving excellence in technology and innovations.

Objectives

- Enrich the upcoming young engineers with contemporary knowledge of Computer Science and Engineering and Electronics and Communication Engineering.
- Evolve seamless acquaintance in various technical fields through innovation and research.
- Cultivate the effective communication skill for establishing upbeat interaction to inspire leadership qualities in young Engineers.
- Setting up excellent facility and create environment for advanced studies in Science and Technology for fostering the innovative ideas linked with globally competitive areas of research.
- Nurture lifelong learning practices, ethical and human values in youngsters.
- Conduct campus outreach programmes for facilitating solutions to practical problems in small scale industries and other occupations including agriculture.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, TIRUCHIRAPPALLI

OXFORD ENGINEERING COLLEGE CAMPUS,
TRICHY DINDIGUL HIGHWAY, PIRATTIYUR,
TIRUCHIRAPPALLI – 620009, TAMIL NADU
Tel : 0431-2500539
Email: office@iiitt.ac.in

Indian Institute of Information Technology Tiruchirappalli (IIITT), also known as IIIT Trichy, is an Institute of National Importance and one among the 21 IIITs proposed under the non-profit Public-Private Partnership (PPP) Model by MHRD.

IIITT is an academic and research institute fully funded by Government of India, Government of Tamil Nadu and Industry Partners in the ratio of 50:35:15.

Industry partners include Tata Consultancy Services (TCS), Cognizant Technology Solutions (CTS), Infosys, Ramco Systems, ELCOT, and Navitas (TAKE Solutions).

The focus is to address the challenges faced by the Indian IT industry and growth of the domestic IT market, the Ministry of Human Resource Development (MHRD), Government of India has established Indian Institute of Information Technology Tiruchirappalli on a Not-for-profit Public Private Partnership (N-PPP) basis like 21 other IIITs.

A major objective in establishing IIITT is to set up a model of education which can produce best-in-class human resources in IT and harnessing the multidimensional facets of IT in various domains. While the number of students produced would be small, the impact they create would be great.

IIIT Tiruchirappalli is operating in the temporary campus within the premises of Oxford Engineering College campus, Tiruchirappalli - 620 009, Tamil Nadu from mid-July 2020. Before that IIIT Trichy was operating in the temporary campus within the premises of National Institute of Technology (NIT) Campus, Tiruchirappalli – 620 015, Tamil Nadu, since March 2016. NIT Tiruchirappalli is the mentor institution for IIIT Trichy that provides academic and administrative support to the IIITT. In future, the permanent campus will be built at Sethurappatti Village, Srirangam Taluk, Tiruchirappalli District.

Vision

To achieve "World Class Excellence in Information and Communication Technology".

Mission

- To impart Information Technology education to students and future leaders.
- To establish Center of Excellences in Information Technology.
- To engage in cutting edge technology research to meet the current needs and future challenges of India and the world at large.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, UNA

Transit Campus-II: Vill. Chandpur, Teh. Haroli
Distt. Una Himachal Pradesh-177220

Transit Campus-I: National Institute of Technology,
Hamirpur, Himachal Pradesh 177005

Tel : 01972-224373, 01975-257902

Email : director@iiitu.ac.in

IIIT Una is one of the 20 IIITs being setup, funded and managed by the Ministry of Human Resource Development, Govt. of India under the Public Private Partnership (PPP) model. The partners setting up IIIT Una are the Ministry of Human Resource Development, Govt. of India, the Govt. of Himachal Pradesh, HP Power Corporation Limited and HP Transmission Corporation Limited. Admissions to the undergraduate programmes in the Institute are made through the Joint Entrance Examination (JEE).

At present, IIIT Una operates from its temporary premises of Transit Campus-II (DevBhumy Group of Institutes, Vill. Chandpur, Teh. Haroli, Una, H.P.) and Transit Campus-I(NIT Campus, Hamirpur). The permanent campus is coming up in the district of Una In Himachal Pradesh.

Visions

To provide valuable resources for industry and society through excellence in technical education and research.

Mission

- To offer state-of-the-art undergraduate programs in CSE, IT, and ECE streams.
- To undertake collaborative projects for a longer period of time with academia and industries in the form of internships.
- To develop human intellectual capabilities to its fullest potential.

Objectives

- To design and implement a curriculum which fills the Industry –Academia gaps and ensuring its regular updation with the changing need of Industry and society in-large.
- To engage the best minds in teaching-learning process of the Institute.
- To create state-of-the-art learning facilities such as well-equipped Labs, Library, etc.
- To establish the state-of-the-art research facilities in the Institute.
- To collaborate with the best education and research Institutes/Organizations in the Country and across the world.
- To develop a learning environment where creativity can prosper without any limitations.
- To build a learning and experimentation platform where dreams and visions can become a reality.
- To develop prototypes of research-based products conforming to global standards for competing globally.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, VADODARA

C/o. Block No. 9, Government Engineering College
Sector – 28, Gandhinagar, Gujarat - 382028

Indian Institute of Information Technology Vadodara (IIIT-V) is established by the Ministry of Education (MoE), Government Of India under Public Private Partnership (PPP) as Institute of National Importance with a view to develop new knowledge in information technology and to provide manpower of global standards for the information technology industry and to provide for certain other matters connected with such institutions or incidental thereto. The partners in this project are Government Of India, Government of Gujarat, Gujarat Energy Research and Management Institute, Gujarat State Fertilizers and Chemicals and Tata Consultancy Services. The Institute was established in the year 2013. At present, IIIT-V is operating from its temporary premises at Government Engineering College (Gandhinagar) till the time its new campus is made operational at Vadodara, Gujarat. The Government of Gujarat has lent support to the Institute by providing 50 acres of land at Dumad, Vadodara and a Academic Block at GEC, Gandhinagar

Student stay in hostel at SABAR Campus complex.

Vision

- To create leaders who will be at the forefront of innovation, creating and applying pivotal technologies that will transform the world of tomorrow, and seek solution to problems of our businesses and our society.

Mission

- To deliver world-class education to students so that they excel in deep technical know-how including in new technologies, creativity, social awareness, entrepreneurial skills and lifelong learning.
- To conduct curiosity-driven and problem-led research that generates transformative ideas that will improve our society and our world.
- To Promote a transparent culture which prizes practical learning, innovation, problem-solving, teamwork, adaptation to change and entrepreneurship.
- To Engage and develop educators who are responsible to educate the next generation and to ensure that we always meet our exacting standards for education, research and culture.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY DESIGN & MANUFACTURING (IIITD&M)

Kancheepuram, Melakottaiyur Village, Off Vandalur-Kelambakkam Road
Nellikuppam Road, Chennai - 600 127, Tamil Nadu
Phone: +91 - 44 - 2747 6300
Fax: +91 - 44 - 2747 6301
E-Mail: office@iiitdm.ac.in

Globalization has created uniformity in customer expectations world over. With opening up of Indian economy, our manufacturing sector has to compete globally even for the domestic market. This would require strong products with leading technology / quality and compelling cost advantage.

Suitably trained manpower with skill sets appropriate for design, development and prototyping using modern IT tools is critical to achieve this goal. This Institute is envisioned as an academic institution of excellence that would facilitate and promote the competitive advantage of Indian products in global markets. This Institute will serve as an inter-disciplinary institution for education and research in the area of Product Lifecycle Management (PLM) encompassing design and manufacturing using state of the art concepts, tools, processes and practices of the industry world over.

Indian Institute of Information Technology Design & Manufacturing Kancheepuram (IIITD&M Kancheepuram) is a Centre of Excellence for technical education and research established in 2007 by the Ministry of Human Resource Development, Government of India to pursue design and manufacturing oriented engineering education and research and to promote the competitive advantage of Indian products in global markets.

It is one of the two IIITD&Ms, the other one being located in Jabalpur. The institute, which was operating from its temporary campus within the Indian Institute of Technology Madras, which was also its mentor institute, has moved to its permanent campus at Kelambakkam-Vandalur road near Chennai in 2011. The institute offers academic and research programs that integrate engineering design, manufacturing and management with information technology. The institute offers undergraduate and postgraduate programs which focus on IT, design and manufacturing in engineering sectors.

The institute is located on a 51 acre campus on the outskirts of Chennai, off the Vandalur-Kelambakkam road. It is a fully residential campus with all students residing within the campus. The campus houses the academic block, the administrative block, lecture hall complex and laboratory block.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY DESIGN AND MANUFACTURING

DINNEDEVARAPADU Grama Panchayat
Kurnool– 518002, Andhra Pradesh

Indian Institute of Information Technology Design and Manufacturing Kurnool (IIITDMK) is an autonomous institute fully funded by MHRD, Govt. of India. IIITDMK is mentored by Indian Institute of Information Technology, Design and Manufacturing (IIITDM) Kancheepuram, Chennai and commences its academic programmes from 2015 onwards. IIITDMK is presently hosted in IIITDM Kancheepuram, Chennai campus. The Government of Andhra Pradesh alienated 151 acres at Kurnool located at about 200 Kms from Hyderabad and development of permanent campus is in progress.

- B.Tech Computer Engineering (40 Seats)
- B.Tech Electronics and Communication Engineering (Design and Manufacturing (40 Seats)
- B.Tech Mechanical Engineering (Design and Manufacturing) (40 Seats)

IIITD&M is an autonomous institute established by MHRD in 2007. It is a residential institute with academic, research, hostel, and recreational facilities. IIITK students will be accommodated in IIITD&M campus and it will be the mentor institute for the academic programmes.

IIITDM Kurnool Site Details

Location: DINNEDEVARAPADU Grama Panchayat, Pincode – 518002.

Dinnedevarapadu gram panchayat is located in kurnool mandal near by 5 km to kurnool head quarter of kurnool district.

Nearby Landmark

Jagannatha Gattu Temple is a Hindu temple in Dinnedevarapadu, Kurnool. It is a popular tourist place located near Kurnool city. It is said that the shivalinga was brought by bheemasena from the kasikshetra. The shivalinga is of 6 feet height and 2 feet in width which is made up of granite stone. This is very famous for the lord Shiva temple.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, DESIGN AND MANUFACTURING JABALPUR

Dumna Airport Road, PO: Khamaria,
Jabalpur - 482 005, Madhya Pradesh
Tel : 0761-2632615-044, 2632273, 2632068
Fax : 0761-2632524, 0761 2632049
Email : director@iiitdmj.ac.in; registrar@iiitdmj.ac.in
Website : <http://www.iiitdmj.ac.in>

Indian Institute of Information Technology, Design and Manufacturing (IIITDM) Jabalpur, one of the premier technical Institutes of the country, established by Ministry of Human Resource Development (MHRD), Government of India, shall be a Global Center of Excellence in engineering education and research by building itself as an Enterprise of Knowledge. The academic community including students, shaped with the unique creativity based on fundamental strong multidisciplinary academic skills, the capacity for a bold innovative thinking involving positive change and an integrity of character, grounded in an active and resolutely pioneering spirit, shall be indulged in meaningful innovations based on a knowledge-based engineering approach.

Probably at no previous moment in the world history have commerce and industry become so complex, extensive, and globally interrelated as they are today. India, which is going through a rapid growth in its manufacturing sector, is not unaffected by these changes. The modern manufacturing environment entails a large variety of cross-disciplinary activities including the Design and IT. Engineers consequently are being called upon to work within new environmental, economical and social constraints which are increasingly becoming a part of contemporary engineering practice. Obviously, these elements need to find their way into the engineering curricula. However, traditional engineering instructional formats isolate teaching and research into specific disciplines with un-integrated curricula and therefore the structure of our engineering curricula have hardly changed in accordance with the modern manufacturing needs. Such divisions in the existing higher education formats are found to act as barriers to learning, behavior, and performance. Another aspect of engineering education which needs to be considered is the basic nature of the IT profession. The IT driven market of today features a model of innovation which is quite different from the research models that most institutes are familiar with. The new market model for innovation emphasizes on fast concept, funds projects with venture capital, fosters innovation by rewarding entrepreneurs who specialize in transforming people's practices to become more productive with the help of new technology. In contrast, the conventional research model emphasizes on careful development of ideas and principles and achieves innovation only after ideas have gone through a long pipeline that distills out the best and brings them into practice over a period of 15-20 years.

INDIAN INSTITUTE OF PETROLEUM AND ENERGY

2nd Floor, AU Engg College, Main Building
Andhra University, Visakhapatnam-530003
Tel. : 0891 2585152
Email : info@iipe.ac.in

Indian Institute of Petroleum and Energy (IIPE) is the first Petroleum institute of National importance planned to be started in Vizag.

The Government of India, under the Andhra Pradesh Reorganization Act 2014, has agreed to establish a Petroleum University of national importance in the state of Andhra Pradesh. The State Government of Andhra Pradesh has allotted land measuring 150 acres at Anthakapalli Village, Visakhapatnam for the permanent campus of Indian Institute of Petroleum & Energy (IIPE).

Till such time as the IIPE sets up its own campus, the institute will operate from its temporary campus at Andhra University College of Engineering (A), Visakhapatnam, effective academic session 2016-2017, in line with the MoU between Andhra University and IIPE for sharing infrastructure / resources. Further, other facilities such as Laboratories, workshops, e-library, wi-fi etc will be made available for the students of IIPE by Andhra University.

A Society has been registered titled Indian Institute of Petroleum & Energy with 9 members viz., C&MD HPCL (President), Secretary-Industries & Commerce Department, AP Government, Chairman IOCL, C&MD ONGC, C&MD GAIL, C&MD Oil India Limited, ED-HR HPCL (Secretary), FA&CAO OIDB (Treasurer) and Prof K S Gandhi, Professor Emeritus, Department of Chemical Engineering, Indian Institute of Science, Bangalore.

A Memorandum of Understanding has been signed between IIT-Guwahati (JEE Advanced 2016) and IIPE (signed by RGIPT on behalf of IIPE) for the selection of candidates with regard to admission for the academic session 2016-17 at IIPE for B.Tech courses (Chemical Engineering and Petroleum Engineering) on the basis of Rank List.

INDIAN INSTITUTE OF PUBLIC HEALTH GANDHINAGAR

Sardar Patel Institute Campus
Drive-In Road, Thaltej
Ahmedabad, Gujarat– 380054
Phone: +91-079-40240444
Email: contact@iiphg.org

The Public Health Foundation of India (PHFI) is a public private initiative that has collaboratively evolved through consultations with multiple constituencies including Indian and international academia, state and central governments, multi & bi-lateral agencies and civil society groups. PHFI is a response to redress the limited institutional capacity in India for strengthening training, research and policy development in the area of Public Health.

Structured as an independent foundation, PHFI adopts a broad, integrative approach to public health, tailoring its endeavours to Indian conditions and bearing relevance to countries facing similar challenges and concerns. The PHFI focuses on broad dimensions of public health that encompass promotive, preventive and therapeutic services, many of which are frequently lost sight of in policy planning as well as in popular understanding.

The Prime Minister of India, Dr. Manmohan Singh, launched PHFI on March 28, 2006 at New Delhi. PHFI recognizes the fact that meeting the shortfall of health professionals is imperative to a sustained and holistic response to the public health concerns in the country which in turn requires health care to be addressed not only from the scientific perspective of what works, but also from the social perspective of, who needs it the most.

Our Vision, Mission and Values

<i>Vision</i>	Our vision is to strengthen India's public health institutional and systems capability and provide knowledge to achieve better health outcomes for all
<i>Mission</i>	<ul style="list-style-type: none">• Developing the public health workforce and setting standards• Advancing public health research and technology• Strengthening knowledge application and evidence-informed public health practice and policy

INDIAN INSTITUTE OF SCIENCE

Bangalore 560 012, Karnataka

Tel : 080-23600690, 23600757

Fax : 080-23600936/23600757

Email : diroff@admin.iisc.ernet.in, regr@admin.iisc.ernet.in

Website : <http://www.iisc.ernet.in>

The Indian Institute of Science (IISc) was conceived as a 'Research Institute' or 'University of Research' by Jamsetji Nusserwanji Tata, in the final years of the 19th century. A long period of almost thirteen years was to elapse from the initial conception in 1896 to the birth of the institute on May 27, 1909. The early history of the Institute is a fascinating chapter in the story of higher education and scientific research in India. The cast of characters in the drama that led to the establishment of the Institute includes, in addition to its charismatic and generous founder J.N. Tata, figures from the pages of Indian history. There is Swami Vivekananda, whom J.N. Tata befriended on his famous voyage to the United States, the Maharaja of Mysore, Shri Krishnaraja Wodeyar IV and his mother then acting on his behalf, and Lord Curzon the Viceroy of India, whose first task on arrival on December 31, 1898 was to receive a draft proposal prepared by the Provisional Committee set up to plan the establishment of the Institute. The plan was shepherded through many difficult years by Burjorji Padshah, a close associate of J.N. Tata. Unfortunately, J.N. Tata died in 1904 unaware that his vision would indeed be realized a few years later. When the British Government finally issued the Vesting Order in 1909, an unmatched experiment in higher education and research was launched in India. IISc is truly the first example of a public-private partnership in this country; an institution, whose evolution over a century is testimony to the robustness of its foundations. The Institute occupies nearly 400 acres of prime land in Bangalore, generously donated by the Maharaja of Mysore in March 1907. Indeed, the contribution from the princely state of Mysore was the decisive element in determining the location of J.N. Tata's proposed institution. Remarkably, in a gesture unmatched in the annals of private philanthropy in India, Tata did not wish his name to be associated with the Institute. His dream was to create an institution that would contribute to the development of India. The name, Indian Institute of Science, which was finally chosen, reflects in every way the wishes of J.N. Tata. Visitors to Bangalore who seek out IISc still have to ask local residents for directions to the 'Tata Institute', a clear recognition that Jamsetji Tata's act of generosity has remained undimmed in public memory, despite the passage of a century. The Institute began with only two departments: General and Applied Chemistry and Electro-Technology. The first Director, Morris W Travers began the task of organizing the Institute shortly after his arrival in India at the end of 1906. Travers began the construction of the main building, which is one of Bangalore's landmarks today. The Departments of Organic Chemistry and Biochemistry were among the earliest to be established. The Physics department came into being in 1933, when C.V. Raman became the first Indian Director of the Institute. In the century that has passed since its inception, IISc has grown to become India's premier centre for research and postgraduate education in science and engineering.

INDIAN INSTITUTE OF SCIENCE EDUCATION AND RESEARCH, BHOPAL

Bhopal Bypass Road, Bhauri
Bhopal - 462 066, Madhya Pradesh
Mobile : 095890 81337
Email : sherly@iiserb.ac.in

Indian Institutes of Science Education and Research (IISERs) were created in 2006 through a proclamation of Ministry of Human Resource Development, Government of India, to promote quality education and research in basic sciences. Soon after the announcement, two of these Institutes at Pune and Kolkata, respectively, were started in 2006. This was followed by an Institute at Mohali (2007) and at Bhopal and Trivandrum in 2008. Each IISER is a degree granting autonomous institution with a prime focus to integrate science education and research, with a motive of attracting bright students and world class faculty. Indian Institute of Science Education and Research Bhopal will provide a platform for the faculty to engage in high quality pedagogy, at both undergraduate and postgraduate levels, and to perform cutting edge research in frontier areas of basic sciences. The Institute is also committed to impart high moral and ethical values to students and create a genuine concern for social and environmental issues. With these set of broad objectives, it is believed that IISER Bhopal will emerge as a world-class Institute within a few years of its inception. IISER Bhopal offer BS-MS (Dual Degree) programme, Integrated Ph.D. programme in Chemistry, Mathematics and Physics and Ph.D. programme in Biological Sciences, Chemistry, Earth and Environmental Sciences, Mathematics and Physics. The details of these programs can be found under academic affairs.

Vision

- "To emerge as an Institute of the highest calibre in which teaching and education will be totally integrated with the state of the art research."

Mission

- Promote research and development activities in science and application of scientific methods by investing in infrastructure and faculty, promoting academic reforms and spreading scientific awareness among public.
- Provide pivotal training in natural sciences and liberal arts enabling the young minds to develop not only rationale but creative thinking capabilities as well.
- Foster an environment of liberal education of natural sciences with a spirit of freedom of thought.
- To collaborate and develop strategic alliances in order to tread new and innovative vistas for long-term dialogue between academia and industry.
- To nurture a scientific temper in the society so as to eliminate the illogical dogmas and irrational thoughts.
- Create a cadre of scientists of high calibre imparting training in the latest techniques of scientific experimentation in order to carry out research at the cutting-edge areas of science.

INDIAN INSTITUTE OF SCIENCE EDUCATION AND RESEARCH, KOLKATA

Mohanpur - 741 246, West Bengal
Phone : +91-33-6634 0012, +91-33-6451 32294
Registrar Office : +91-33-66340021
Fax : +91-33-2334 7425

Indian Institute of Science Education and Research Kolkata (IISER Kolkata) was established in 2006 by the Ministry of Human Resource Development (MHRD), Government of India. IISER Kolkata is designed to reach the prestigious position in the global setting that IISc, IIMs and IITs presently enjoy. IISER Kolkata is an autonomous institution awarding its own degrees. The central theme of the IISER Kolkata is to integrate education with research so that undergraduate teaching as well as doctoral and postdoctoral research work could be carried out in symbiosis.

The institute has five major departments: biological sciences; chemical sciences; earth sciences; mathematics and statistics; and physical sciences.

It offers a five-year dual bachelor's-master's degree, doctoral degrees, master's degrees by research (MR) and postdoctoral studies.

The institute hosts the Centre of Excellence for Space Sciences (CESSI) and a Max Planck-DST Partner Group of Chemical Ecology funded by the Max Planck Society.

The main campus near Kalyani has a field station for ecological, environmental and field studies, and a broadband seismological observatory. The institute jointly runs the Göttingen-Kolkata: Open shell systems (G-KOSS) in fundamentals of molecular spintronics with Georg-August-Universität Göttingen.

Mission and Vision

The basic idea of IISER is to create research Universities of the highest calibre in which teaching and education will be totally integrated with the state of the art research. These Universities are devoted to Undergraduate and Postgraduate teaching in sciences in an intellectually vibrant atmosphere of research. One of the important objectives of creating these Universities is to make education and careers in basic sciences more attractive by providing opportunities in integrative teaching and learning of sciences and break the barriers of traditional disciplines.

INDIAN INSTITUTE OF SCIENCE EDUCATION AND RESEARCH, MOHALI

IISER Mohali, Knowledge City, Sector 81
SAS Nagar , Manauli PO, Punjab - 140306
Telefax: 2240266, 2240124.
Enquiries: sysadmin@iisermohali.ac.in

The Indian Institutes of Science Education & Research (IISERs) were established by the Ministry of Human Resource Development (MHRD), Government of India, based on the recommendation of the Scientific Advisory Council to the Prime Minister. Five IISERs have been created and are functioning at Pune, Kolkata, Mohali, Bhopal and Thiruvananthapuram. The basic mandate of the IISERs is to carry out research in frontier areas of science and to provide quality science education at the undergraduate and the postgraduate level. Each IISER is an autonomous institution and awards its own degrees.

The **foundation stone** of Indian Institute of Science Education & Research (IISER) Mohali was laid on 27th September 2007 by the Prime Minister of India Government of India. The first Director Prof. N. Sathyamurthy joined on 18th June 2007. Classes for the first MS (Int) batch began on 16th August 2007. The transit campus was inaugurated on 13th November 2007. IISER Mohali started its academic programs in 2007 with a small batch of students in the BS-MS dual degree program. Five batches of students have completed the course requirements and have been awarded their degrees. The PhD program was started in 2008 and more than 30 students have graduated. The Integrated PhD program was started in 2012.

IISER Mohali's fully residential campus is coming up on 125 acres of land given by the Punjab Government, in the Knowledge City at Sector 81 Mohali. Most of the buildings in the initial phase have been completed and are in use. With a faculty of 80, various programs for 1170 students are being conducted along with cutting edge research in basic sciences.

MS (Integrated) Program

The 5 yr MS (Int) program in Science at IISER Mohali admits students after 10+2. The course structure is interdisciplinary & research oriented in nature, with a focus on the basic sciences. The first two years of the program constitute a common core with courses from Physical Sciences, Chemical Sciences, Life Sciences, Mathematics & Computer Science, Humanities & Social Sciences, as well as Interdisciplinary courses. The MS degree is awarded in the subject in which the student opts to major in, after the core years. In the fifth year, the students will undertake a research project, and participate in state-of-the-art scientific research at IISER Mohali's research labs. The graduates are expected to take up science as a career, although the diverse skills gained will equip them to pursue high-profile careers in any field, including industry.

INDIAN INSTITUTE OF SCIENCE EDUCATION AND RESEARCH, PUNE

Dr. Homi Bhabha Road
Pashan, Pune 411 008, Maharashtra
Tel : +91 (20) 2590 8000
Fax: +91 (20) 2025 1566

The Government of India, based on the recommendation of Scientific Advisory Council to the Prime Minister, through the Ministry of Human Resource Development (MHRD), has established five Indian Institutes of Science Education and Research (IISER) in 2006. These institutes are currently located in Kolkata, Pune, Mohali, Bhopal and Thiruvananthapuram. IISERs are a unique initiative in science education in India in which teaching and education will be totally integrated with the state-of-the-art research nurturing both curiosity and creativity in an intellectually vibrant atmosphere of research. IISERs are destined to become Science Institutes of the highest caliber and reach the prestigious position in the global setting that IISc, IIMs and IITs presently enjoy.

Each IISER is an autonomous institution awarding its own Masters and Doctoral degrees. Students are encouraged to carry out research projects during the vacation periods in the first four years of their Masters programme in various research institutes outside IISER. The teaching classrooms, teaching laboratories and research laboratories are state of the art with an excellent research atmosphere with the facilities and standards second to none in India. The construction of the final campus has been completed.

Objectives

- To create a world class institution for undergraduate and postgraduate education in science with an intellectually alive atmosphere of research.
- To create a unique research institution in the country in which education will be totally integrated with state-of-the-art research.
- To create a cadre of high calibre internationally well-known faculty members devoted to teaching as well as research in science.

Vision

- Establish scientific institutions of the highest caliber where teaching and education are totally integrated with state-of-the-art research
- Make learning of basic sciences exciting through excellent integrative teaching driven by curiosity and creativity
- Entry into research at an early age through a flexible borderless curriculum and research projects

INDIAN INSTITUTE OF SCIENCE EDUCATION AND RESEARCH, THIRUVANANTHAPURAM

Computer Science Building,
College of Engineering Trivandrum Campus
Trivandrum - 695016, Kerala, India
Phone : 0471 - 2597459/2597438, Fax : 0471 2597427
Email : registrar@iisertvm.ac.in

Indian Institute of Science Education and Research, Thiruvananthapuram (IISER-TVM) is dedicated to scientific research and science education of international standards. Traditionally, teaching has been segregated from research in undergraduate science curricula in our country. IISERs were established by the Ministry of Human Resource Development, Government of India, to bridge this dichotomy. IISER-TVM started functioning in August 2008. The institute aims to provide high quality education in modern science, integrating it with outstanding research at the undergraduate level itself, and develop a spirit of research cutting across disciplines. The faculty are engaged in research in the frontier areas of basic sciences, with a high degree of autonomy and creativity.

Thiruvananthapuram or IISER-TVM, is one of seven IISERs, institutes established by the Ministry of Human Resource Development, Government of India, to bridge the gap between teaching and research at the undergraduate science level in the country. It aims to provide high quality education in modern science, integrating it with outstanding research of international standards at the undergraduate level itself, and develop a spirit of research cutting across disciplines. The institute awards five-year integrated Master of Science degrees in Mathematics, Physics, Chemistry and Biology. There are facilities for doing research in those areas leading to the award of PhD.

IISER-TVM is located on the campus of the College of Engineering, Trivandrum (CET). A site of 200 acres (0.81 km²) for establishing a permanent campus has been identified at Vithura, at the foothills of the Ponmudi hills of the Western Ghats, about 50 km from Thiruvananthapuram. There are six other IISERs in India, namely IISER Bhopal, IISER Kolkata, IISER Mohali, IISER Pune, IISER Tirupati and IISER Berhampur.

INDIAN INSTITUTE OF SCIENCE EDUCATION AND RESEARCH, BERHAMPUR

Engineering School Road
Berhampur - 760 010, Ganjam District, Odisha
Mobile : 090900 78389
Email : registraroffice@iiserbpr.ac.in
director@iiserbpr.ac.in

The Ministry of Human Resource Development (MHRD), Government of India, has proclaimed Indian Institute of Science Education and Research (IISER) Berhampur to promote quality education and cutting edge research in basic sciences and to provide a platform for the faculty to engage in high quality education, at undergraduate and postgraduate levels. The classes will begin from the academic session of 2016-17.

Indian Institute of Science Education and Research, Berhampur also referred as IISER Berhampur, is a public research and education institute in Berhampur, Odisha, India. It was established by the Ministry of Human Resource Development in order to promote Higher Scientific Learning and Research as well as Scientific Exploration at the Undergraduate and Postgraduate levels of education and to create Scientists and Academicians of the highest quality. IISER Berhampur is recognized an Institute of National Importance by the Government of India. This new institute will start functioning from 2016-17 academic year in the month of August. IISER Bhopal will mentor this institute till a new director is appointed.

Academic programmes

- IISER Berhampur is initially offering Integrated B.S. - M.S. degree. Admission to this program is in co-ordination with the other IISERs through a Joint Admission Programme.

INDIAN INSTITUTE OF SCIENCE EDUCATION AND RESEARCH, TIRUPATI

C/o Sree Rama Engineering College (Transit Campus)
Rami Reddy Nagar, Karakambadi Road
Mangalam (P.O.) Tirupati -517507, Andhra Pradesh
Phone : Reception: +91 (0877) 2500 400 /656 1515
Email: iiserooffice@iisertirupati.ac.in

The Government of India, through the Ministry of Human Resource Development (MHRD), has established six Indian Institutes of Science Education and Research (IISER). These institutes are located in Bhopal, Mohali, Pune, Kolkata, Thiruvananthapuram and Tirupati.

The IISERs represent a unique initiative in India where teaching and education are totally integrated with state-of-the-art research nurturing both curiosity and creativity in an intellectually vibrant atmosphere of research. Each IISER is an autonomous institution awarding its own Masters and Doctoral degrees.

IISER Tirupati is the sixth Institute in the chain of IISERs being established by the Govt. of India under the Ministry of HRD for imparting quality education in basic sciences and set up state-of-art research facilities for front line and cutting edge research in science. This is a new institute and is currently being mentored by IISER Pune.

The Director and the Board of Governors of IISER Pune will be looking after the IISER Tirupati activities till the Director for IISER Tirupati is appointed. Similarly, a separate Board of Governors and other statutory bodies are will be constituted for the new institute.

IISER Tirupati academic activity has started in August 2015.

INDIAN INSTITUTE OF SPACE SCIENCE AND TECHNOLOGY

Valiamala P.O., Thiruvananthapuram-695547

Tel : 0471-256-8462

Fax : 0471-256-8406

Email : registrar@iist.ac.in, ao@iist.ac.in, ksd@iist.ac.in

Website : <http://www.iist.ac.in>

IIST is Asia's first Space Institute and the first in the world to offer the complete range of undergraduate, post graduate, doctoral programmes with specific focus to space science, technology and applications.

This unique concept took root in January 2007, when IIST was registered as a Society under the Travancore -Cochin Literary, Scientific and Charitable Societies Registration Act, 1955.

IIST received the approval of the Union Cabinet on 26 April, 2007 and it was formally inaugurated on 14 September 2007 by Dr. G. Madhavan Nair. In a little less than a year of its establishment, IIST received the recognition of UGC as a 'Deemed to be University' under Section 3 of UGC Act, 1956.

The Institute has the unique mandate of encouraging and equipping brilliant youngsters from all parts of the country to take up a career as Scientist/Engineer in the Indian Space Research Organisation. IIST functions as an autonomous body under the Department of Space, Government of India.

To be a world class educational and research institution contributing significantly to the Space Endeavours.

Create a unique learning environment enriched by the challenges of the Space Programme.

Nurture the spirit of innovation and creativity.

Establish Centres of Excellence in niche areas.

Provide ethical and value based education.

Promote activities to address societal needs.

Network with national and international institutions of repute.

INDIAN INSTITUTE OF TEACHER EDUCATION

Ramkrushna Paramhans Vidya Sankul
Near KH-5, KH Road, Sector - 15
Gandhinagar, Gujarat-382016
Phone : 079 - 2324 3733/34
Tele Fax : 079-2328 8016
Email : info@iite.ac.in, Website : <http://www.iite.ac.in>

Indian Institute of Teacher Education epitomizes the extension of the knowledge tradition embedded in the rich intellectual and cultural heritage of India. IITE has been envisioned to introduce and initiate future teachers into the process of transformation into evolved beings who can lead and guide the children of tomorrow towards the knowledge century in the true sense.

With holistic training components, value-education and skill-orientation as the mainstay of the teacher education, IITE has a vision of empowering the nation and the world with teachers who can take the onus of shaping the next generation of students with a sense of responsibility for the nation and an orientation for internationalism.

The Indian Institute of Teacher Education Act was passed in March 2010. IITE offers a four-year integrated course on Teacher Education.

To create teachers of tomorrow with the transformative knowledge of Indian tradition and usher in a new era of teacher education, focusing upon the integral development of teachers.

To provide integrated courses in teacher education, marked and defined by value-education, global outlook, and interdisciplinarity.

Our Vision

To create teachers of tomorrow with the transformative knowledge of Indian tradition and usher in a new era of teacher education, focusing upon the integral development of teachers.

Our Mission

To provide integrated courses in teacher education, marked and defined by value-education, global outlook, and interdisciplinarity.

INDIAN INSTITUTE OF TECHNOLOGY

Kanpur - 208 016

Uttar Pradesh

Phone: +91-512-259 7220, 259 8333 (Res.)

Email : imanna@iitk.ac.in

When I came to Kanpur first to join as the Director of the Institute, almost everybody I met in Kanpur asked me..if I had wanted to commit professional suicide, I did not at all worry about this because I was no longer myself but an instrument of a historical process" (Extracts from the convocation address given by Dr. P.K. Kelkar on 1981 May 17). The institute was registered under Registration of Society Act XXI of 1860 on 2nd November, 1959. Soon after the five IITs were set up, Prime Minister Pandit Jawaharlal Nehru had realized that to keep pace with the ever changing world of science and technology, it is necessary to collaborate closely with the outside world. The Kanpur Indo-American Programme (1962-1972) at IIT-Kanpur was a stride in this direction. During the period 1962-72, the Institute received technical assistance under KIAP from a consortium of nine leading Institutions of U.S.A. Under the program, faculty members from these Institutions assisted the Institute in the setting up of the academic programs and development of laboratories for instruction as well as research.

Indian Institute of Technology, Kanpur is one of the premier institutions established by the Government of India. The aim of the Institute is to provide meaningful education, to conduct original research of the highest standard and to provide leadership in technological innovation for the industrial growth of the country. The Institute began functioning in the borrowed building of Harcourt Butler Technological Institute in 1959 with 100 students and a small faculty. The Institute now has its own sprawling residential campus, about 2255 undergraduate and 1476 postgraduate students, 309 faculty and more than 900 supporting staff. The combined record of its past and present faculty and students along with the alumni spread across the world is awe-inspiring. With the path-breaking innovations in both its curriculum and research, the Institute is rapidly gaining a legendary reputation.

IIT-Kanpur is located on the Grand Trunk Road, 15 km west of Kanpur City and measures close to 420 hectares. This land was gifted by the Government of Uttar Pradesh in 1960 and by March 1963 the Institute had moved to its current location. If someone had visited it then, he/she would have seen a standing crop, acacia woods, a long winding line of stately mango trees, flocks of peafowl and a conventional country side scene of India. The residential campus is planned and landscaped with a hope for environmental freedom. Halls of residence, faculty and staff houses and community buildings surround the central academic area to provide flexibility in movement and communication. The person who brought this mammoth transformation was Mr.Achyut Kanvinde, a Delhi-based architect. Since the beginning, the Institute has attracted scholars from across the country. The rich cultural diversity of India is reflected in the campus activities of IIT-K as well.

INDIAN INSTITUTE OF TECHNOLOGY

Kharagpur - 721302, West Bengal

Website : <http://www.iitkgp.ernet.in>

The first Indian Institute of Technology, established in August 1951 initially started with only 10 departments, 42 faculty members and 224 freshers. The vast tree-laden campus, spreading over 2100 acres has a self-contained township of over 22,000 inhabitants. Currently having about 714 faculty, more than 1500 employees and 14500 students on the campus. IIT Kharagpur has been engaged in a steady process of development with about 19 academic departments, 16 centres, 12 schools and 2 academy.

As per NIRF Ranking 2020, the Institute is ranked 1st in Architecture, 4th in Law, 5th in Engineering, 5th in Management and 5th in Overall.

The Institute has its strong worldwide network of 70000+ Alumni which is growing steadily every year. The Institute is proudly associated with national initiatives like National Digital Library of India, National AI Platform, Rural Technology Action Group and Global initiative of Academic Networks.

Besides, the Institute has strong focus towards research in areas like Advanced manufacturing, Health care, Food security, AI and machine learning, Cyber physical system, Smart infrastructure, Safety, Quality and Reliability.

Vision and Mission

To be an academic institution of global eminence focusing on creativity through teaching, research, innovation and enterprise that produces people, ideas and programmes of high quality in a manner that will best serve the nation and the world.

To be a destination that nurtures talent and ideas in an ambience where science and technology converge with other branches of learning to foster the emergence of knowledge and leaders, enabling excellence in action as enshrined on the institutional motto of Yogah Karmasu Kaushalam.

Institutional Goals

To impart the highest quality education and research experience covering sciences, technology, humanities, medicine, management, law and other fields of learning to empower individuals with knowledge and values to attain their full potential.

To foster original thinking and creativity, democratize education, disseminate knowledge, empower with technology, and germinate opportunities for innovation and enterprise that can touch lives of people at large.

To promote collaboration with the best in the world enabling knowledge and resource sharing, problem solving capability and joint action towards national development and international progress.

IIT KGP is known by IIT of firsts for its various unique initiative like:

1. **Vinod Gupta School of Management (VGSoM)**, IIT Kharagpur, established in 1993 is the first school of management within the IIT system.
2. **Rajiv Gandhi School of Intellectual Property Law (RGSOPL)** is a law school which was set up in collaboration with the George Washington University Law School, Washington DC and has the unique distinction of being the only law school within the IIT system.
3. **Ranbir and Chitra Gupta School of Infrastructure Design and Management (RCGSIDM)** has been started by IIT Kharagpur in the year 2008. It is the first of its kind in India wherein interdisciplinary technical and management skills are given due emphasis in order to foster the demands of the growing infrastructure sector in our country.
4. **Rekhi Centre of Excellence for the Science of Happiness** aims to promote research, training and education and the practice of well-being for students and teachers through the application of happiness.
5. **Academy of Classical and Folk Arts** aims to nurture the innovation skills of the unique talent pool at IIT Kharagpur through India's rich milieu of creative arts.
6. **Centre of Excellence for Indian Knowledge System** has an objective to introspect the spirit of India through deeper studies in Indian scientific and linguistic heritage and access the historical educational resources.
7. **Dr. B C Roy Multi Speciality Medical Research Centre 2021** is one of a kind medical research centre which will focus on research areas like Oncology, Medical implant, Medical imaging-sensing, Point of care devices, Rehabilitation technology, Proteomics etc.
8. **Dr. Syama Prasad Mookerjee Institute of Medical Sciences-2021** is a state of the art medical hospital in the IIT system offering facilities like Burns Unit, Neonatal ICU, Dialysis Unit, Blood Bank, OPD. This hospital is a product of the fusion between technology and healthcare.

INDIAN INSTITUTE OF TECHNOLOGY

The Indian Institutes of Technology (popularly known as IITs) are institutions of national importance established through an Act of Parliament for fostering excellence in education. There are fifteen IITs at present, located in Bhubaneswar, Chennai, Delhi, Gandhinagar, Guwahati, Hyderabad, Indore, Jodhpur, Kanpur, Kharagpur, Mandi, Mumbai, Patna, Ropar and Roorkee. Over the years IITs have created world class educational platforms dynamically sustained through internationally recognized research based on excellent infrastructural facilities. The faculty and alumni of IITs continue making huge impact in all sectors of society, both in India and abroad. Institute of Technology, Banaras Hindu University (IT-BHU) Varanasi and Indian School of Mines (ISM) Dhanbad, are the oldest institutions in India and are known for their immense contributions towards society at large and for science and technology in particular.

To contribute to India and the World through excellence in scientific and technical education and research; to serve as a valuable resource for industry and society; and remain a source of pride for all Indians.

To generate new knowledge by engaging in cutting-edge research and to promote academic growth by offering state-of-the-art undergraduate, postgraduate and doctoral programmes.

To identify, based on an informed perception of Indian, regional and global needs, areas of specialization upon which the institute can concentrate.

To undertake collaborative projects which offer opportunities for long-term interaction with academia and industry.

To develop human potential to its fullest extent so that intellectually capable and imaginatively gifted leaders can emerge in a range of professions.

- Academic integrity and accountability.
- Respect and tolerance for the views of every individual.
- Attention to issues of national relevance as well as of global concern.
- Breadth of understanding, including knowledge of the human sciences.
- Appreciation of intellectual excellence and creativity.
- An unfettered spirit of exploration, rationality and enterprise.

INDIAN INSTITUTE OF TECHNOLOGY

Old Dhamtari Road, Datrenga,

Chhattisgarh - 492015

Tel. : 076940 42262

IIT Bhilai is one of the six new IITs established by the Ministry of Human Resource Development, Government of India, located at Chhattisgarh state. Until the infrastructure of IIT Bhilai permanent campus is ready; the institute will start and function temporarily at the campus of Government Engineering College (GEC) Raipur. Four storied Block-B of GEC building has been fully renovated and furnished to start IIT Bhilai.

Permanent campus of IIT Bhilai will come up over 525 acres of land around Kutelabata near Bhilai.

Student hostels at IIT Bhilai temporary campus

IIT Bhilai will be a residential campus, with well facilitated students' hostels. All hostels will be equipped with extra activities, sport, recreation rooms, TV room, washing machines, and dining etc. Hostels will be equipped with Wi-Fi access. The institute has a good sports ground. Students can involve in numerous sports to enable them maintain their physical fitness and develop team spirit.

Security: Academic blocks as well as hostels will have security personnel round the clock.

INDIAN INSTITUTE OF TECHNOLOGY

WALMI Campus, Belur Industrial Area

Near High Court, PB Road

Dharwad-580011, Karnataka

Tel. : 022 2576 5050

Email: pic.newiitmc@iitb.ac.in

Alternate Email: shiva.pd@gmail.com

Indian Institute of Technology Dharwad (IIT Dharwad) is located at the outskirts of the twin cities of Hubballi-Dharwad in the north of Karnataka. This picturesque place is located between the Western Ghats (Malenadu) and the deccan Planes (Bayalu Seeme). Accordingly, Dharwad derives its name from the Sanskrit word “DWARAWATA”. The twin cities are well known for their culture, literature and the Indian freedom movement. The historic fort of Kittur, where Rani Chennamma fought the British in 1824, is just 20 kilometers from the IIT Dharwad campus. The interim campus of IIT Dharwad is located just a few meters away from this highway. The WALMI (Water And Land Management Institute) campus of IIT Dharwad is fully equipped with class rooms, laboratories, modern hostel buildings. This campus is expected to serve the needs of IIT Dharwad for the first couple of years. The 560 acre new IIT Dharwad campus is expected to come up in a couple of years and is located two kilometers away from the Pune-Bangaluru National Highway (NH4). Mentored by IIT Bombay, the academic activities of IIT Dharwad are well tuned to bring out the best in every student. The Institute offers three undergraduate (B. Tech.) programs in engineering. IIT Dharwad follows a semester system. An academic year (July-April) consists of two semesters, each of approximately 16 weeks duration. The first semester begins in the last week of July and ends by the last week of November. The second semester starts in the first week of January and ends by the last week of April. In each of the two semesters of the first year, a student is required to register for the relevant courses listed in the curriculum for that semester.

The Institute follows a credit system. Credits are allotted to various courses depending upon the number of lectures, tutorials and laboratory hours per week. The student's performance in a course is continuously evaluated throughout the semester and culminates in the award of a Grade on a 10- point scale. Performance in a semester is evaluated in terms of the weighted average of grade points secured in all the courses registered in that semester, which is known as Semester Performance Index (SPI). A Cumulative Performance Index (CPI) is the weighted average of the grade points obtained in all the courses registered by the student since the time of joining the Institute. To students admitted through JEE (Advanced) 2016, IIT Dharwad offers the B.Tech. undergraduate program. The B.Tech. programs consist of eight semesters spread over four years. During the first semester all branches will have a common curriculum.

Temporary campus of IIT Dharwad (WALMI campus) has all the facilities including class rooms, a seminar room, library, a computer laboratory, faculty offices and cafeteria. All class rooms and laboratories are network connected and the institute is well linked to the mentoring institute, IIT Bombay.

INDIAN INSTITUTE OF TECHNOLOGY

Palaj, Gandhinagar – 382355, Gujarat

Tel : +91 - 7069038216, 7069038217

Email: office@iitgn.ac.in

The Indian Institute of Technology Gandhinagar strives to offer the best undergraduate and graduate education in India with unmatched innovations in curriculum. The institute promotes critical thinking and an appreciation of the interdisciplinary character of knowledge, with an emphasis on the liberal arts, project oriented learning, compulsory courses in design and the life sciences, diversity and globalization. The five-week immersion Foundation Programme for all new undergraduate students was recognized with the World Education Award 2013 by the World Education Summit for innovations in engineering education. Nearly a quarter of its undergraduate students receive study abroad experience during their academic career. IIT Gandhinagar is committed to promoting excellence in science, technology, as well as the humanities and social sciences and to the development of rounded and nuanced minds.

IIT Gandhinagar was founded in 2008 and is located in Palaj, Gandhinagar, Gujarat on the banks of river Sabarmati. Gandhinagar is in proximity to Ahmedabad which is one of the oldest living cities in India, known both for a rich cultural past as well as state-of-the-art infrastructure, thriving industries, and many modern amenities. The city is also the hub of prestigious academic and research institutes, such as the Indian Institute of Management, Ahmedabad, and the National Institute of Design. Gujarat's long standing mercantile and business tradition encourages excellence and entrepreneurship.

IIT Gandhinagar offers BTech and MTech programmes in Chemical, Civil, Electrical, Mechanical and Materials Science and Engineering and also offers MSc programmes in Mathematics, Physics, Chemistry and Cognitive Science. It also offers MA programme in Society and Culture. Ph.D. programmes are offered in all the engineering and science disciplines such as Chemical, Biomedical, Civil, Electrical, Mechanical, Computer Science and Materials Science and Engineering, Chemistry, Physics, Mathematics, Earth Science, and Cognitive Sciences. Apart from the graduate programmes in engineering and science, institute also offers PhD in Literature, Philosophy, Psychology, Sociology, political sciences and Social Epidemiology.

INDIAN INSTITUTE OF TECHNOLOGY (ISM)

Dhanbad – 826004, Jharkhand

Tel : 0326-2235001 to 2235004

Fax : 0326-2210028, 2296603

Email : chairman@iitism.ac.in director@iitism.ac.in

dydir@iitism.ac.in

Website : <https://www.iitism.ac.in>

Standing tall since early decades of 20th century, the institute is steadily sailing through the millennium change and has emerged into one of the most prominent institution-Indian Institute of Technology IIT(ISM) with full bloom functioning of 18 branches of Engineering, Applied Sciences, Management Studies and Humanities. IIT (ISM) has had a centenary long credentials of outperforming achievements/contributions in academia and the industry. The Indian National Congress at its XVII Session of December 1901 passed a resolution stating that “in view of the fact that the tendency of recent legislation namely, The Indian Mines Act VII of 1901, is that all Indian mines must be kept under the supervision of mining experts, the Congress is of opinion that a Government College of Mining Engineering be established in some suitable place in India on the models of the Royal School of Mines in England, Mining Colleges of Japan and at other places in the continent”. The McPherson Committee formed by Govt. of India, recommended the establishment of an institution for imparting education in the fields of Mining and Geology, whose report, submitted in 1920, formed the main basis for establishment of the Indian School of Mines, Dhanbad.

The Indian School of Mines was formally opened on 9th December 1926, by Lord Irwin, the then Viceroy of India to address the need for trained manpower related to mining activities in the country with disciplines of Mining and Applied Geology. In 1967 it was granted the status of a deemed to be university under Section 3 of UGC Act, 1956. Since its establishment, IIT(ISM) has undergone considerable expansion of its activities, and presently it can be considered as a total technology education institute.

The Indian Institute of Technology (Indian School of Mines) constituted under Institute of Technology Act, 1961 is administered through IIT Council-the apex body, Government of India under the Chairmanship of Honourable Minister, MoHRD for uniform and smooth governance of Pan-IIT in our country. To be a nationally and internationally acclaimed premier institution of higher technical and scientific education with social commitment having an ethos for intellectual excellence, where initiative is nurtured, where new ideas, research and scholarship flourish, where intellectual honesty is the norm and from which will emerge the leaders and innovators of tomorrow in the realm of technology.

Situated in the heart of the country's prime coking coal belt, 260 kms from Kolkata with a campus spread over an area of 393 acres, (with 218 acres of existing campus and 175 acres under acquisition and development) the fully residential IIT(ISM) has all the facilities of world class academic institute. What started as an institution to impart mining education has graduated into a full-fledged technical institution of international acclaim offering a host of programmes like B. Tech., M. Tech., M. Sc. Tech., and MBA.

INDIAN INSTITUTE OF TECHNOLOGY

Farmagudi, Ponda, Goa - 403401

Tel : 0832 240 4200

Institute of Technology Goa (IIT Goa) is an autonomous premier engineering and technology university located in Goa. The new Indian Institute of Technology (IIT) at Goa would start functioning from July, 2016 in a temporary campus housed at Goa Engineering College (GEC) Campus located at Farmagudi, Goa. For the academic year 2016-2017, it will offer B.Tech courses in three core branches namely Electrical, Computer Science and Mechanical.

As part of the mentorship plan, IIT-Bombay would be the mentor for IIT-Goa. The HRD Ministry had set up an IIT monitoring cell at IIT-Bombay and the committee members had been designated as officials on special duty to supervise the process of setting up IIT-Goa.

The campus is located at Farmagudi, Ponda approximately 29 km southeast of Panaji, the capital of Goa and it is a temporary campus. The state of Goa is well connected by road ways, rail ways and air ways with various parts of the country. At present IIT Goa is temporarily accommodated and functioning in the Goa Engineering College (GEC) Campus located at Farmagudi, Goa.

Goa Government had identified land for permanent campus in Loliem village measures approximately 280 acres, has been approved by Union ministry of human resources development (HRD). The MHRD expects that the IIT Goa will function from the temporary campus for just the initial three years and is expected to move to its permanent facility by the fourth year.

Thirty seats each in the streams of computers , electrical and mechanical engineering are being made available at the institute and classes are slated to begin after July 15, 2016, along with the other IITs across the country.

Website : <http://www.iitb.ac.in>

The Indian Institute of Technology Bombay is a public engineering institution located in Powai, Mumbai, India. It has been ranked among the top engineering colleges in India. It is the second-oldest institute of the Indian Institutes of Technology system.

IIT Bombay was founded in 1958. In 1961, the Parliament decreed IITs as Institutes of National Importance. A high-power committee of Government of India recommended in 1946 establishment of four higher institutes of technology to set the direction for the development of technical education in the country. Planning for the Institute at Mumbai began in 1957 and the first batch of 100 students was admitted in 1958. Since its establishment in Powai, the institute has physically expanded to include more than 584 major buildings with a combined area of more than 2.396 gross square feet (550 acres or 2.22 km²). IIT Bombay has a comprehensive graduate program offering doctoral degrees in Science, Technology, Engineering and Mathematics. Currently IIT Bombay has a total of 14 academic departments, six centers, one school, and three interdisciplinary programmes. Over the last 53 years, around 39,000 engineers and scientists have graduated from the institute. Educational programmes here extend beyond the physical sciences and engineering into humanities and social sciences such as Economics, English, Philosophy, Psychology and Sociology and into management studies. Over the years, the institute has also created a niche for its innovative short-term courses through continuing education and distance education programmes.

Apart from being the best technical school in the country and one of the top few globally, IITB creates experiences that students don't forget. If you are passionate about your interests and hoping for a peer group that consists of equally passionate individuals, you will choose IITB. Students typically find something they hold close to the heart at the institute. Be it a passion for biochemistry or an addiction to semi-conductors, you can be sure that IIT will not fall short. A major attraction of IITB is its distinguished faculty. The faculty at IITB is one of the finest among the Indian vocational institutes. Most members of the faculty are achievers in their own right as well as excellent teachers and mentors. The institute hosts the Society for Innovation and Entrepreneurship (SINE), which promotes independent thought amongst the students. The society supports the research and incubation of technological ideas that can be translated into entrepreneurial ventures. The institute thus offers a conducive environment in which new ideas can be generated, researched, and nurtured before they become industry ready.

Indian Institute of Technology Guwahati, the sixth member of the IIT fraternity, was established in 1994. The academic programme of IIT Guwahati commenced in 1995.

At present the Institute has eleven departments and three inter-disciplinary academic centres covering all the major engineering, science and humanities disciplines, offering BTech, BDes, MA, MDes, MTech, MSc and PhD programmes.

Within a short period of time, IIT Guwahati has been able to build up world class infrastructure for carrying out advanced research and has been equipped with state-of-the-art scientific and engineering instruments.

Indian Institute of Technology Guwahati's campus is on a sprawling 285 hectares plot of land on the north bank of the river Brahmaputra around 20 kms. from the heart of the city. With the majestic Brahmaputra on one side, and with hills and vast open spaces on others, the campus provides an ideal setting for learning.

Indian Institute of Technology Guwahati is located just on the outskirts of the city of Guwahati and is well connected to other parts of the country by road, rail or air.

The 74,000 square metre Academic Complex houses the academic departments, centres, their laboratories, classrooms, etc. A spacious Administrative Building accommodates the offices of the Institute. The Computer and Communication Centre houses a modern Computer Centre and Central Library. A lecture hall complex with four lecture halls, each capable of seating 250 scholars and an auditorium of 1500 capacity provide space for teaching and holding various events/programmes. The Sports Complex comprising of an indoor sports stadium with synthetic badminton, table tennis and squash courts, gymnasium and the Students Gymkhana office, an 8 lane 50 m long swimming pool and flood-lit playing fields for all major outdoor games provide ample scope of recreation for the campus residents. A 72-room Guest House, ample faculty and staff quarters, married students' flat-lets, eight men's and one women's hostels with single occupancy rooms make the residential component of the infrastructure. The Institute also has a hospital with 30 beds, a commercial complex with a restaurant and several shops and two community halls. A Conference Centre with a provision of 4 halls (2 halls with 150 capacity and 2 halls with 200 capacity) and a food court is nearing completion.

IIT Bhubaneswar academic campuses are situated in Samantapuri (Behind Hotel Swosti Plaza) and Toshali Bhavan, Satyanagar in Bhubaneswar, Orissa. Bhubaneswar is well connected by direct train and flight services to most major cities of the country.

The Samantapuri campus is about 15 minutes drive (8 km) from the Bhubaneswar Railway station and 20 minutes drive (12 km) from the Bhubaneswar Biju Patnaik Airport.

The Satyanagar campus is about 5 minutes drive (3km) from the Bhubaneswar Railway station and 15 minutes drive (8km) from the Bhubaneswar Biju Patnaik Airport. Private/Pre-paid taxi can be hired to reach the Institute campuses.

The institute was established on July 22, 2008 under the mentorship of IIT Kharagpur.

The major facilities are:

- A Hall Library at the Hostel is being set up to ensure that students are able to access books and materials 24x7
- Student's accommodation in the SBI colony located in Kesura about 20 minutes drive from the institute
- Labs
- Canteen

Indian Institute of Technology Bhubaneswar came into existence in July 22, 2008, inheriting the brand name IIT. This fact itself charges the Institute not only to be worthy of its inheritance but also to be distinctive and distinguished on its own by scripting a path towards novelties. Presented below are the statements for Vision, Mission, Goals & Strategies (to achieve the Goals) and the Core Values of IIT Bhubaneswar.

Vision

“We will be a highly respected Institute in the world for our distinctive knowledge”

Indian Institute of Technology Patna is one of the new IITs established by an act of parliament on August 06, 2008. It runs from its transit campus in Patliputra Colony, Patna.

Patna which was known as Patliputra has been a center of knowledge since long has been attracting visitors and scholars from many parts of the world such as China, Indonesia, Japan, Korea, Sri Lanka, among others. This has been a land of visionaries. Some of the historical legends from this region include Lord Gautam Buddha, Lord Mahavir, Guru Gobind Singh, the famous astronomer Aryabhata and the first President of India, Dr. Rajendra Prasad.

IIT Patna has three schools – (1) School of Engineering consisting of the following Departments namely, Computer Science & Engineering, Electrical Engineering, Mechanical Engineering, Chemical and Biochemical Engineering, Civil & Environmental Engineering, Materials Science & Engineering (2) School of Basic Sciences consisting of Chemistry, Physics, and Mathematics Departments (3) School of Humanities consisting of Humanities & Social Science Department. The transit campus of IIT Patna is located on the campus of Navin Government Polytechnic in Patliputra Colony Patna. The institute is approximately seven kilometers away from the Patna Junction and eight kilometers from the Loknayak Jai Prakash Narayan Airport Patna. The permanent campus of the Institute is coming up at Bihta which is approximately 34 kms from Patna.

As of March 2014, IIT Patna has five hundred thirty three students enrolled in its B Tech programs, eighty five M.Tech students and one hundred forty Ph.D students.

As of April 2014 IIT Patna is currently running with eighty one members in the faculty and the staff strength of sixty seven. This number is expected to increase as the Institute is growing at a steady pace. The members of the faculty have a wide range of academic and research experience. They come with academic and research training from various institutes of excellence within the country and abroad.

The recent publication records of the faculty with several practical constraints appear to be outstanding. It includes many national and international journals of repute. This includes a wide range and huge number of conference publication and participation. IIT Patna has more than 150 research papers published in refereed international journals and more than 100 papers presented in national/international conferences during 2008-2011.

Email: diroffice@iitmandi.ac.in

The laying of the foundation stone at Kamand, the site for the permanent campus of IIT Mandi, took place on 24th February 2009. The IIT Mandi Cell was set up at the IIT Roorkee on 18th March 2009, to steer the activities of the IIT Mandi. A Preliminary Project Report (PPR) outlining a road map of 10 years for development of academic program, campus development and related issues was finalized initially on 25.4.2009. A major component of the report was development of a scaled drawing of the 538 Acres of land at Kamand and its land-use-plan. The report was submitted to Govt. of H.P. in April 2009. The IIT Mandi was registered as a society in Uttarakhand, on 20th June 2009. The admission of the First batch of students of IIT Mandi took place in July 2009 and their classes were conducted from 27th July 2009, onwards. Staying arrangement for IIT Mandi students was made in student hostels, Rajendra Bhawan (Boys) and Kasturba Bhawan (Girls). Plans were finalized for development of a Transit Campus of IIT Mandi at Govt. Post graduate College, Mandi in August, 2009 during the visit of Shri Ashok Thakur, Additional Secretary, Govt. of India, MHRD, Department of Higher Education, on Aug. 13th, 2009. This campus will start functioning in near future and will be in operation till the main Campus at Kamand is developed. Revised PPR was finalized on Sep. 15, 2009 after incorporating changes in the forest land by excluding patches of dense forest. The buildings of Transit campus were handed over by the H.P. Govt. to IIT Mandi on Nov 16, 2009. An MoU was signed, for Creation of Virtual Class Rooms at IIT Mandi over National Knowledge Network (NKN), between IIT Mandi, National Informatics Centre (NIC) and National Informatics Center Services Incorporated (NICSi). The first meeting of Building & Works Committee, exclusively for IIT Mandi, took place on Dec. 14, 2009 to consider mainly the preliminary estimates submitted by CPWD for development of the Transit campus at Mandi. The First meeting of Finance Committee and BOG of IIT Mandi took place on Dec. 21, 2009, when the estimates prepared by the CPWD (for renovation of the Transit Campus buildings as well as Construction of a laboratory block and students activity centre etc) on the basis of Architectural drawings prepared by M/s R. P. Vaidya Associates - Space Matrix, were approved. BOG also approved specialization of Faculty and Grouping of Non-Teaching Staff for reservation purposes etc for IIT Mandi. Prof. Timothy A. Gonsalves joined as Director of IIT Mandi on Jan 15, 2010 and took charge from Prof. S. C .Saxena, Director, IIT Roorkee. Prof. Timothy A. Gonsalves went on his first visit to Mandi on Jan 21-23, 2010. The website of IIT Mandi was activated under the domain name iitmandi.ac.in on Feb.2, 2010, by ERNET India The first advertisement for faculty and non-faculty positions of IIT Mandi appeared in the Times of India on Feb.3, 2010. On May 10, 2010, Mr. Rajat Kumar Sharma, JE(Civil), joined as the first permanent employee of IIT Mandi. On Tuesday 8th June, 2010 Dr. Aniruddha Chakraborty joined as the first faculty member of IIT Mandi. His research interests are in theoretical physical chemistry and he is an Assistant Professor in the School of Basic Sciences at IIT Mandi.

INDIAN INSTITUTE OF TECHNOLOGY

Ahاليا Integrated Campus
Kozhipara P. O.
Palakkad, Kerala - 678557
Tel.: +91 04923 226 300

At the Gateway of Kerala, where the sahya mountains open up a 32 km gap to welcome north east monsoon into a major rice growing region of the state, a new institution is being set up. In the 500 acres of land, boarded on one side by the mountains and just a few meters away from the Coimbatore- Kanyakumari National Highway and a few kilometers from the Palakkad (Pkd) railway junction, a buzzing new campus will come up in a couple of years. In the mean time, the temporary facilities of the institute, at the Ahاليا integrated campus, is already equipped to meet all the needs of the students and faculty. With fully equipped labs and class rooms, modern hostel building for girls and boys and sports facilities, the temporary campus is ready to host the bright young minds of the country for their first two to three years of study. IIT Palakkad is dedicated to create an environment wherein students and faculty can dream, think and innovate to create a better future for the world. Mentored by the experienced minds at IIT Madras the academic programs at IIT Palakkad is designed to bring out the best out of every student.

Academic building: Set up in the sprawling Ahاليا Integrated campus, the temporary set up of IIT Pkd has all the facilities required for a free academic environment. The 55, 000 sqft academic building houses eight class rooms, a seminar hall, a board room, an auditorium, library, Physics, Chemistry and Electronics labs, 75 seater computer lab, cafeteria and faculty offices. For the curious and the tinkerer, this building also houses a dedicated innovation lab. All class rooms and seminar halls are video enabled and connected through National Knowledge Network to IIT Madras and other established IITs. The building is wheel chair friendly.

Accessibility : 28 KM from the Palakkad railway station (PGT), 50 KM from the Coimbatore international airport (CJB), the transit campus of IIT Palakkad is easily accessible by air, road and rail from any part of the country. The campus is only 3 KM away from the Salem – Kanyakumari national highway. A few trips of public transport services operate daily between Palakkad Town and the Campus. Apart from this, weekend bus service to Palakkad town and Walayar railway station is arranged for students.

Hostels and sports facilities: With spacious, double occupancy rooms, with attached toilets in every room, access to WiFi and recreational facilities and a separate dining block , the hostels at IIT Palakkad is on par with the best available in any other IIT. Set up in a calm and safe environment the hostels are only 500 mts from the academic building. Boys and Girls hostels, and a mess block with dining facilities for 120 students at a time forms a separate secured block in the campus. In addition there is a gym, table tennis, volleyball, basket ball courts and access to football/cricket grounds available in the campus.

Medical facilities: The campus houses several hospitals and the students, faculty and staff of IIT Palakkad have access to the general medical facilities available in these hospitals.

INDIAN INSTITUTE OF TECHNOLOGY

Khandwa Road, Simrol

Indore - 453552, Madhya Pradesh

Email: securityhelpdesk@iiti.ac.in arunsubra@iiti.ac.in

Email : registrar@iiti.ac.in director@iiti.ac.in

IIT Indore is one among the new IITs. It started from the academic year 2009-10. IIT Indore is an autonomous engineering and technology institute of higher education. It will come up in 525 acres of land at Simrol, 25 kms from Indore. Union Human Resources Development Minister Mr. Arjun Singh laid the foundation-stone of the Institute on 17 February 2009.

Indore is the commercial capital of Madhya Pradesh with many industries in the area of mechanical engineering, pharmacy and electronics. This gels perfectly with the disciplines provided by the institution.

Indore is also an educational hub and apart from a young and vibrant student population, also has institutes of international repute like Raja Ramanna Center for Advanced Technology (RRCAT), IUCA, and IIM Indore.

Thus, the environment is perfect for setting up an esteemed institution which will hopefully achieve great heights in the near future.

Currently, IIT Indore is functioning from the premises of Pithampur Autocluster Limited (PACL) and the Institute of Engineering and Technology, Devi Ahilya Vishwavidyalaya. As in the case of other IITs, the Institute is fully residential.

At present, a temporary residential campus for the students and the faculty is provided at Silver Springs Township where students can avail of facilities like high speed internet connectivity, an exclusive gym, 24 hours medical facility, student activity centre (SAC), swimming pool and sports grounds. Simultaneously, the task of getting the new campus ready at the earliest is in progress.

INDIAN INSTITUTE OF TECHNOLOGY

Old Residency Road, Ratanada

IIT Jodhpur is committed to Technological Thought and Action to benefit the economic development of India. Scholarship in teaching and learning, and Scholarship in research and creative accomplishments, are two driving forces for us IIT Jodhpur.

All new starting July 2014 academic year, IIT Jodhpur is embarking upon Blended B.Tech. Program - a flagship technical educational program that will make IITJ Students and Faculty Members live to the needs of Industry and Nation. It is a blend between classroom instructions and industry experience, through immersion inside and outside the Industry. Learning-by-doing, experiential and cooperative learning, working on live assignments under the tutelage industry professionals, and engaging faculty members and students in joint R&D projects with Industry, are some of the key features of Blended B.Tech. Program. The history of the IIT system dates back to 1946 with an idea of creating of Higher Technical Institutions for post-war industrial development in India. The committee, headed by Nalini Ranjan Sarkar, recommended the establishment of these institutions in various parts of India, possibly on the lines of the Massachusetts Institute of Technology.

The first Indian Institute of Technology was founded in May 1950 at Kharagpur. Jawaharlal Nehru, the first Prime Minister of India, in the first convocation address of IIT Kharagpur in 1956 clarified that these institutes of technology will help meet the technological challenges of the Nation. On 15 September 1956, the Parliament of India passed an act known as the Indian Institute of Technology (Kharagpur) Act, declaring IIT Kharagpur as an Institute of national importance. Also, IIT Kharagpur was given the status of an autonomous University. Next four IITs were established during 1959-1960 at Bombay, Delhi, Kanpur and Madras. IIT Guwahati started in 1992, and the then University of Roorkee was given the status of an IIT (and called IIT Roorkee) in 2001. Establishment of the eight more IITs across the country began with decision of the cabinet, which was announced by the Minister of Human Resource Development on 28 March 2008 – IITs at Bhubaneswar, Gandhinagar, Hyderabad, Jodhpur, Patna and Ropar began functioning from 2008, while other IITs at Indore and Mandi commenced their sessions from 2009. Having produced cream of the crop students during the past decades, IITs became hallmark of quality technology education internationally, simply by creating the needed ambience for quality academics. Our endeavor at IIT Jodhpur is to live up to this brand image, which has been built meticulously over the period of 50-60 years, and to keep producing world-class students to contribute towards the development of the nation as well as the world.

INDIAN INSTITUTE OF TECHNOLOGY

Jagti, NH-44 , PO Nagrota
Jammu - 181 221 J&K, India
Tel.: 0191-2570381

The Indian Institute of Technology Jammu was inaugurated on 6th August 2016, and welcomed the first batch of students into the campus in Paloura, Jammu. In the initial phases, the establishment of IIT Jammu was done under the mentorship of IIT Delhi.

In 2018, IIT Jammu shifted the primary operations to the Main Campus in Jagti, Nagrota. The State Government, Jammu and Kashmir has provided land for the establishment of a permanent campus of the Indian Institute of Technology in Jammu, which consists of 400 acres. Currently the Phase 1 A of the main campus, spread across 25 acres, is operational. Phase 1 B and 1 C are undergoing construction.

The campus in Paloura currently houses the Ph.D. scholars and is being developed into a high-end research facility.

The main campus of the Institute is located on National Highway 44 and is about 15 kilometers from the Airport

The greatest resource of an educational institution is its human resource. The people should reflect the culture and aspirations of the institution. They should be passionate, open and friendly, curious, empathetic, ethical and have attributes of a good citizen.

The Institution should have adequate motivational factors for the students, including a serene environment along with excellent facilities and opportunities in the workplace.

Vision

The vision of the Institute shall be reflected in the culture of the Institute. The culture shall encourage mutual respect, creativity, collaboration, and passion for attempting to solve problems innovatively.

Processes

The processes of IIT Jammu shall reflect the development of humanistic technology driven by the design thought. Hands-on educational systems shall be enriched through research and practicum.

Infrastructure

To promote state-of-the-art research in thematic areas, sustainability at the state-of-the-art infrastructure will be demonstrated.

The Indian Institute of Technology Gandhinagar, deemed an institute of national importance by an Act of the Indian Parliament, strives to offer the best undergraduate engineering education in India with unmatched innovations in curriculum. The institute promotes critical thinking and an appreciation of the interdisciplinary character of knowledge, with an emphasis on the liberal arts, project oriented learning, compulsory courses in design and the life sciences, diversity and globalization. Its five-week immersion Foundation Programme for all new undergraduate students was recognized with the World Education Award 2013 by the World Education Summit for innovations in engineering education. Nearly a quarter of its undergraduate students receive study abroad experience during their academic career.

IIT Gandhinagar was founded in 2008 and is located in Chandkheda, Ahmedabad, Gujarat. Ahmedabad is one of the oldest living cities in India, known both for a rich cultural past as well as state-of-the-art infrastructure, thriving industries, and many modern amenities. It is also the hub of prestigious academic and research institutes, such as the Indian Institute of Management, Ahmedabad, and the National Institute of Design. Gujarat's long standing mercantile and business tradition encourages excellence and entrepreneurship.

IIT Gandhinagar offers 4-year BTech and MTech programmes in Chemical, Civil, Electrical, Mechanical, and Materials Science and Engineering. It also offers 2-year MSc programmes in Mathematics, Physics, Chemistry, and Cognitive Science, and a 2-year MA programme in Society and Culture. Ph.D. programmes are offered in Biomedical Engineering, Chemical Engineering, Civil Engineering, Computer Sciences, Electrical Engineering, Mechanical Engineering, Materials Science and Engineering, Chemistry, Physics, Mathematics, Earth Science, Cognitive Science, History, Literature, Philosophy, Psychology, Sociology, and Social Epidemiology.

IIT Gandhinagar is committed to promoting excellence in science, technology, as well as the Humanities and Social Sciences and to the development of rounded and nuanced minds.

Construction of IITGN's permanent campus is currently underway in Palaj, Gandhinagar, the capital of Gujarat. The Institute will shift to the new campus in early 2015.

IIT Hyderabad is part of history in the making. We, the faculty, students and staff are creating a new institute, an institute, which in due course of time will make an indelible mark in education and research. Though we are young, we have a great vision, agility, commitment and energy to create an innovative education and research environment that will be the envy of all. Through our deeds we shall be the catalysts for change in our local environs as well as the rest of India and the world. In a very short time, just about a year, IIT Hyderabad has made significant strides. IIT Hyderabad admitted the first batch of 111 B.Tech. students, and started functioning on August 20, 2008. Three departments, CSE, EE & ME were initiated. The first year had its highs and lows but was an exciting period that will be etched in the minds of the pioneer batch. In January 2009, IIT Hyderabad admitted 11 PhD students. On February, 27, 2009, the foundation stone of IIT Hyderabad was laid by Smt. Sonia Gandhi, Hon'ble Chairperson of UPA. For the 2009-10 academic year, IITH will be admitting 120 B.Tech. students, 35 M.Tech. students and 10-15 Ph.D. students.

Though young, IITH celebrated all the student activities, and held a cultural program, ELAN. A few students received international scholarships and some are interning in Japan. IITH received nearly 1700 faculty applications in 10 departments. We are aggressively recruiting faculty and building up a highly qualified manpower. From the very first year IITH has embarked on research and development; it received 2 funded projects: One on "Development of High Energy Density Li-on Batteries for Mobile Applications" jointly with International Advanced Research Centre for Powder Metallurgy and New Materials (ARCI).

The second is a joint project with Kio University and University of Tokyo on "Information Network for Natural Disaster Mitigation and Recovery". IITH, through its Master Plan, has embarked on creating a signature campus which will provide the ambience for fostering inventions and innovations. A campus, that will possess the scale beyond existing IITs. We would like to express our gratitude to the mentor IIT, namely, IIT Madras, for outstanding support at all levels. The above achievements have been possible through the energies invested by IITM at IITH. For this we express our special thanks to Prof. Ananth, Director, IIT Madras.

IIT Hyderabad will do its best to offer an innovative environment wherein your dreams will be realized: dreams for higher knowledge, dreams for scientific inquiry, dreams for technology creation, dreams for co-curricular activities, and dreams to change the world.

Indian Institute of Technology - Roorkee is among the foremost of institutes of national importance in higher technological education and in engineering, basic and applied research. Since its establishment, the Institute has played a vital role in providing the technical manpower and know-how to the country and in pursuit of research. The Institute ranks amongst the best technological institutions in the world and has contributed to all sectors of technological development. It has also been considered a trend-setter in the area of education and research in the field of science, technology, and engineering.

The Institute has completed 150th year of its existence in October 1996. On September 21, 2001, an Ordinance issued by the Government of India declared it as the nation's seventh Indian Institute of Technology. The Ordinance is now converted into an Act by the Parliament to make IIT, Roorkee as an "Institution of National Importance".

The Institute offers Bachelor's Degree courses in 10 disciplines of Engineering and Architecture and Postgraduate's Degree in 55 disciplines of Engineering, Applied Science, Architecture and planning. The Institute has facility for doctoral work in all Departments and Research Centres. The Institute admits students to B.Tech. and B.Arch. courses through the Joint Entrance Examination (JEE) conducted at various centres all over India.

To be the fountainhead of new ideas and innovations in science and technology and continue to be a source of pride for all Indians. To create an environment that shall foster the growth of intellectually capable, innovative and entrepreneurial professionals, who shall contribute to the growth of Science and Technology in partnership with industry and develop and harness it for the welfare of the nation and mankind.

Core Values

- Academic integrity and accountability
- Respect and tolerance for the views of every individual
- Attention to issues of national relevance as well as of global concern
- Holistic understanding, including knowledge of the human sciences
- Appreciation of intellectual excellence and creativity
- An unfettered spirit of learning exploration, rationality and enterprise
- Sensitivity to social responsibilities

INDIAN INSTITUTE OF TECHNOLOGY

Nangal Road, Rupnagar - 140 001, Punjab

Tel. (91) 1881-242142 (Office)

Fax (91) 1881-223395

Email: registrar@iitrpr.ac.in aracademics@iitrpr.ac.in

Tel. (91) 1881-242103 (D), (91) 1881-227079, 1881-242186

Fax (91) 1881-223395

Hearty Congratulations and greetings to all those students who got qualified in JEE entrance examination. It is now time for you to choose your branch of study as well as place of study in any of the IIT's. Now why not IIT Ropar in Rupnagar, Punjab. If you have already chosen IIT Ropar or in the process of doing so, then you are making the right choice. Here are the reasons:

The Indian Institute of Technology Ropar is one of the eight new IITs set up by the Ministry of Human Resource Development (MHRD), Government of India in 2009. In true tradition of IIT system, this institute is committed to provide state-of-the-art technical education in a variety of fields and also for facilitating transmission of knowledge in keeping with the latest developments in pedagogy. IIT Delhi was assigned the responsibility of mentoring IIT Ropar. The first academic session (2008–09) of IIT Ropar was conducted at IIT Delhi campus. The institute currently operates from the premises of Government Polytechnic College for Girls (Ropar), which has been fully renovated and furnished. The temporary campus for IIT Ropar is set up with all the required facilities. Class rooms fitted with multimedia, Airconditioners, faculty rooms and administrative wing are all in place. There are four hostels; three for boys and one for girls. These hostels, equipped with modern messing units. Faculty recruitment, creation of laboratories and other support facilities are in full swing. The Institute has been operating from the transit campus since 18th August, 2009. In a few years, the institute will be relocated to its own campus, spread over a 500 acre area, along the banks of the river Satluj.

The Institute is located at Ropar, the headquarters of Rupnagar District, Punjab. This institute, with its establishment, joins a string of premier educational institutions in Punjab. The town of Ropar, the District headquarters, is 42 kms from Chandigarh, the capital of Punjab. Rupnagar is well connected by both road (National highway NH-21) and railways (the Delhi-Ambala-Una railway line passes through Rupnagar). The nearest airport is in Chandigarh, about 50 kms from Rupnagar. Mohali, the nearest major city, will soon have its own international airport. At present, the transit campus has excellent facilities for several sports, including a cricket field, three lawn tennis courts, a football field, a hockey field, a gymnasium, a basket ball court, badminton courts, an athletics track, table tennis room and also number of facilities for several athletic events. The institute also encourages its students to participate in inter-IIT sport events and other competitions. Space for recreational and creative activities is also available.

Indian Institute of Technology Madras is one among the foremost institutes of national importance in higher technological education, basic and applied research. In 1956, the German Government offered technical assistance for establishing an institute of higher education in engineering in India.

The first Indo-German agreement in Bonn, West Germany for the establishment of the Indian Institute of Technology at Madras was signed in 1959.

The Institute was formally inaugurated in 1959 by Prof. Humayun Kabir, Union Minister for Scientific Research and Cultural Affairs. The IIT system has sixteen Institutes of Technology.

The first of these to be instituted are at Kharagpur (estb. 1951), Mumbai (estb. 1958), Chennai (estb. 1959), Kanpur (estb. 1959), Delhi (estb. 1961), Guwahati (estb. 1994) and Roorkee (estb. 1847, joined IITs in 2001).

IIT Madras is a residential institute with nearly 550 faculty, 8000 students and 1250 administrative & supporting staff and is a self-contained campus located in a beautiful wooded land of about 250 hectares. It has established itself as a premier centre for teaching, research and industrial consultancy in the country.

The Institute has sixteen academic departments and a few advanced research centres in various disciplines of engineering and pure sciences, with nearly 100 laboratories organised in a unique pattern of functioning.

A faculty of international repute, a brilliant student community, excellent technical & supporting staff and an effective administration have all contributed to the pre-eminent status of IIT Madras. The campus is located in the city of Chennai, previously known as Madras. Chennai is the state capital of Tamilnadu, a southern state in India.

INDIAN INSTITUTE OF TECHNOLOGY

Tirupati – Renigunta Road, Settipalli (Post)
Tirupati, Andhra Pradesh – 517506

Tirupati is a major pilgrimage and cultural centre in the Chittoor District of Andhra Pradesh. It is located at the foothills of the Eastern Ghats at a distance of 150 km from Chennai and 250 km from Bengaluru cities. Tirupati is well connected by air, rail and road. Tirupati is also an excellent educational centre consisting of various existing universities, institutions etc. The Andhra Pradesh Government proposes to make Tirupati a major knowledge hub. Other institutions coming up in the vicinity of the proposed IIT Tirupati campus include IISER Tirupati and IIIT Chittoor. Indian Institute of Technology Tirupati is the first among the 3rd generation IITs, announced in 2014, to have the foundation stone laid in March 2015. This new IIT starts functioning on a temporary campus in Tirupati from the academic year of 2015-16. IIT Tirupati is starting with the full support of its mentoring institute, IIT Madras. IIT Tirupati plans to offer academic programs to produce outstanding Engineers, Technologists and Scientists who are capable of addressing the societal needs to enhance the quality of life of people. This is possible with focused academic programs imparting relevant knowledge and skills. Since engineering is applied science, more emphasis would be laid on theoretical knowledge and practice oriented laboratories. Programs are being planned to nurture innovation and creativity, teamwork, communication skills, ethics and societal interaction. With the objective of creating technologists who are conscious of social, environmental and sustainable issues, courses in humanities and social sciences will be given due importance in the curriculum.

Hostel Facilities : A fully equipped hostel for boys will be operated in one of the newly constructed facilities on Chittoor Bypass Road near SV University. Dining, sports and recreational facilities will be available. Hostel facilities for girls will be located very near the temporary academic campus premises.

Facilities, Co-curricular and Extra-curricular activities : On the temporary academic campus, facilities such as bank, post office, restaurant, Gym are available. There will be plenty of opportunities to participate in Co- and Extra- curricular activities depending on the interest of students.

The permanent campus is to be located at Merlapaka on Yerpedu-Venkatagiri road, 22 kilometers from Tirupati and 14 kilometers from the airport. The A.P. Government is providing over 500 acres with a scenic mountain backdrop for the development of a modern campus. It is planned that the permanent campus will be operative by 2019. Large industrial parks like Sri City near Tada already exist in the vicinity of the proposed campus. The A.P. Government proposes to further develop major industrial activity in the Chennai-Nellore-Tirupati triangle area. This would provide many opportunities of internships and placement for the students studying at IIT Tirupati.

IIT (BHU), Varanasi has formerly been known as the Banaras Engineering College (BENCO), the College of Mining and Metallurgy (MINMET), the College of Technology (TECHNO) and the Institute of Technology, Banaras Hindu University (IT-BHU). Its establishment is intimately linked with that of the Banaras Hindu University (BHU). The first convocation ceremony at BHU was held on 19 January 1919. The Chancellor of the University, Maharaja Krishnaraja Wadiyar of Mysore who had come to preside over and address the convocation, performed the opening ceremony of the Banaras Engineering College (BENCO) Workshop buildings. An Artisan Course was started on 11 February 1919. BHU has the credit of first starting degree classes in mechanical engineering, electrical engineering, metallurgy and Pharmaceuticals, thanks to the foresight of its great founder, Pt. Madan Mohan Malaviya. The Department of Geology was started under BENCO in 1920. Courses in Mining and Metallurgy were introduced by the Geology Department. The Department of Industrial Chemistry was started in July 1921. In 1923, Mining and Metallurgy was established as a separate department and in 1944 it was raised to the status of a college forming the College of Mining and Metallurgy (MINMET). BHU was the first Indian university to introduce the study of Pharmaceutical Chemistry. This initiative was taken in 1932 when a new group of subjects for the B.Sc. Examination consisting of (a) Chemistry, (b) Botany with Pharmacognosy and (c) Pharmaceutical Studies was started in 1934 and in 1935 a new three year programme leading to the degree of Bachelor of Pharmacy was introduced. The science departments of the University were under the Central Hindu College. In September 1935, a new College of Science was constituted comprising the departments of Physics, Chemistry, Botany, Zoology, Geology, Pharmaceutical Chemistry, Industrial Chemistry and Ceramics. In 1937, the Department of Glass Technology also came into existence under this college. The year 1939 witnessed the establishment of a separate College of Technology (TECHNO) comprising the departments of Industrial Chemistry, Pharmaceuticals, Ceramics and Glass Technology. In 1968, BENCO, TECHNO and MINMET were merged into one and the Institute of Technology (IT-BHU) was established integrating the departments of Mechanical Engineering, Electrical Engineering, Civil and Municipal Engineering, Mining Engineering, Metallurgical Engineering, Chemical Engineering and Technology, Silicate Technology and Pharmaceuticals. The Department of Silicate Technology subsequently became the Department of Ceramic Engineering. A separate Department of Electronics Engineering was also established. The departments of Applied Physics, Applied Mathematics and Applied Chemistry were established in 1985.

INDIAN LAW INSTITUTE

Bhagwandas Road, New Delhi-110 001

Tel. : 011-23386321, 011-23382190

Fax: 011-23386321

Email: ili@ili.ac.in; director@ili.ac.in; registrar@ili.ac.in

Indian Law Institute (ILI) was founded in 1956 primarily with the objective of promoting and conducting legal research. The objectives of the Institute as laid down in its Memorandum of Association are to cultivate the science of law, to promote advanced studies and research in law so as to meet the social, economic and other needs of the Indian people, to promote systematization of law, to encourage and conduct investigations in legal and allied fields, to improve legal education, to impart instructions in law, and to publish studies, books, periodicals, etc.

The Institute is an autonomous body registered under the Societies Registration Act, 1860. The Indian Law Institute has the requisite independence and academic freedom to carry out its objectives. The membership of the Institute is now nearly three thousand representing the persons interested in the study and advancement of law.

Hon'ble Chief Justice of India is the ex-officio President of the Institute. The Law Minister of Government of India & the Attorney-General for India are its ex-officio Vice Presidents. Third Vice-President is elected by the members of the Governing Council, from among themselves.

Judges of the Hon'ble Supreme Court of India and High Courts, prominent lawyers, Government officials and Professors of Law are represented in the Governing Council of the Institute.

The Institute's Library is one of the best libraries in the country. It has more than 75000 titles. It subscribes to 270 current legal periodicals. JILI is one of the leading law journal. ASIL contains surveys written by academicians and practitioners.

The Indian Law Institute has been granted Deemed University Status in 2004 vide Government of India, Ministry of Human Resource Development Notification No. F.9-9/2001-U.3 dated 29.10.2004.

INDIAN MARITIME UNIVERSITY

East Coast Road, Uthandi
Kanathur, Chennai-600119, Tamilnadu
Tel : 044 2453 0343, 2453 0878
Fax: 044 -24531084
Email : registrar@imu.co.in
Website : www.imu.tn.nic.in

The birth of Indian Maritime University is a long cherished dream of the maritime community of India. The Indian Maritime University, established through an Act of Parliament (Act 22) in November 2008 as a Central University, is poised to play a key role in the development of trained human resource for the maritime sector.

The following are the objects of the University :

- (i) to facilitate and promote maritime studies, training, research and extension work with focus on emerging areas of studies like oceanography, maritime history, maritime laws, maritime security, search and rescue, transportation of dangerous cargo, environmental studies and other related fields, and also to achieve excellence in these and connected fields and other matters connected therewith or incidental thereto.
- (ii) to promote advanced knowledge by providing institutional and research facilities in such branches of learning as it may deem fit and to make provisions for integrated courses in Science and other key and frontier areas of Technology and allied disciplines in the educational programmes of the University;
- (iii) to take appropriate measures for promoting innovations in teaching-learning process, inter-disciplinary studies and research; and to pay special attention to the promotion of educational and economic interests and welfare of the people of India;
- (iv) to promote freedom, secularism, equality and social justice as enshrined in the Constitution of India and to act as catalyst in socio-economic transformation by promoting basic attitudes and values of essence to national development; and
- (v) to extend the benefits of knowledge and skills for development of individuals and society by associating the University closely with local, regional and national issues of development.

India is traditionally a maritime nation and has a rich maritime heritage. History documents trade links of India had with other nations of the world from the ages of Harappan civilization. India's maritime history precedes the birth of western civilisation. The world's first tidal dock is believed to have been built at Lothal around 2300 BC during Harappan Civilisation, near the present day Mangrol harbour on the Gujarat coast. The Rig Veda, written around 2000 BC, credits Varuna with knowledge of the ocean routes commonly used by ships and describes naval expeditions using hundred-oared ships to subdue other kingdoms. The maritime tradition of India is as old as our civilization and as vast as the Indian Ocean.

INDIAN NATIONAL DEFENCE UNIVERSITY

Binola – 122 001
Gurgaon, Haryana

Indian National Defence University (INDU) has been established by the Government of India at Binola in Gurgaon District of Haryana State. The principal proposal regarding the creation of this University was accepted by the Union Cabinet on 13 May 2010, and is expected to be functional very soon. The then Prime Minister of India Manmohan Singh laid the foundation stone of the Indian National Defence University (INDU) at Binola, Gurgaon, on 23 May 2013.

The campus has an area of 200 acres, and the land has been acquired by the Haryana Government and handed over to the Ministry of Defence in April 2013.

The Indian National Defence University (INDU) aims to provide knowledge-based higher education for management of the defence of India to the military leadership and other concerned civilian officials. It will also keep them abreast of the emerging security challenges via scholarly research and training. It will develop and propagate higher education in defence studies like defence management, defence science and technology. It will also promote the policy with its orientation towards, research related to national defence. It will prepare officers for high level leadership as well as staff and policy responsibilities.

The think tanks of the university will be responsible for providing inputs for policy formulations. The President of India is the Visitor, and the Defence Minister is the Chancellor of the University. INDU will be governed as per its own norms and will be responsible to promote coordination and interaction between Institutions of Armed Forces or establishments of the country. It will also give opportunities of higher studies through distance learning to both military and civilian personnel. It will also give affiliation to defence training institutions to award degrees.

The students of the university will be from armed forces as well as from other civilian government agencies and the police. The teaching faculty will be composed both of military personnel and civilians in the ratio of 1:1. According to the proposal, the proposed courses will include war gaming and simulation, neighborhood studies, counter insurgency and counter terrorism, Chinese studies, evaluation of strategic thought, international security issues, maritime security studies, Eurasian studies, South East Asian studies, material acquisition, joint logistics, and national security strategy in peace and war. The university will offer post graduate studies, and doctoral and post-doctoral research.

INDIAN STATISTICAL INSTITUTE

203 Barrackpore, Trunk Road
Kolkatta 700 108, West Bengal

Tel : 033-25752001, 25752500, 2575-3304, 25778597, 25776680, 25776925

Fax : 033-25776925

Website : <http://www.isical.ac.in>

What began as a small room in the Presidency College in 1931, now comprises buildings on several acres of land in four major cities (Calcutta, New Delhi, Bangalore and Hyderabad)! What began with a total annual expenditure of less than Rs. 250 in 1931, now has a total annual expenditure of over Rs. 15,000,000! What began in 1931 with a solitary human 'computer' working part-time, now comprises over 250 faculty members and over 1,000 supporting staff and several modern-day personal computers, workstations, minicomputers, supermini computers and mainframe computers! Impressive as these figures are, they convey little idea of the road traversed, the range of activities undertaken and the intimate relationship of the Institute with the life of the nation.

Mahalanobis set up the Statistical Laboratory in the Presidency College sometime in the 1920s. On 17 December 1931, the Indian Statistical Institute was founded as a learned society and housed in the Statistical Laboratory. The Institute was registered on 28 April 1932, as a non-profit distributing learned society under the Societies Registration Act (XXI of 1860) and is now registered under the West Bengal Societies Registration Act XXVI of 1961 amended in 1964. Sir R.N. Mookerjee accepted the office of the President of the Institute, and held this office until his death in 1936. During the 1920s and until the mid-1930s, all or nearly all the statistical work done in India, was done single-handedly by Mahalanobis. The early statistical studies included analyses of data on stature of Anglo-Indians, meteorological data, rainfall data, data on soil conditions, etc. Some of the findings of these early studies were of great impact in the control of floods, development of agriculture, etc., and led to the recognition of Statistics as a key discipline.

Mahalanobis' influence was so pervasive that students of Physics began to take interest in Statistics. Subhendu Sekhar Bose was the most notable of them. Later, several talented young scholars including J.M. Sengupta, H.C. Sinha, R.C. Bose, S.N. Roy, K.R. Nair, K. Kishen and C.R. Rao, joined to form an active group of statisticians. Mahalanobis continued to be the nucleus. Theoretical research in Statistics began to flourish in the Institute. Research on large scale sample surveys won Mahalanobis a Fellowship of the Royal Society. Design and analysis of agricultural experiments also bloomed and led to some international contacts, notably with Sir Ronald A. Fisher.

INDIAN VETERINARY RESEARCH INSTITUTE

Izatnagar - 243 122, Bareilly, Uttar Pradesh

Tel : 0581- 2300096, 2301375, 2310259

Fax : 0581- 2303284, 2302179, 2310259

Email : jdee@ivri.res.in , root@ivri.up.nic.in, dirivri@ivri.up.nic.in

Website : <http://www.ivri.nic.in>

Established in 1889, the Indian Veterinary Research Institute (IVRI) is one of the premier research institutions dedicated to livestock research and development of the region. The institute with faculty strength of more than 275 has a major mandate of research, teaching, consultancy and technology transfer activities. The institute with its long scientific heritage has always enjoyed a certain prestige, a tradition all of its own. The institute imparts quality post-graduate education to students not only from various parts of the country, but also from overseas. Today, the institute with its deemed to be university status contributes immensely to human resource development in the discipline of veterinary sciences with skills and knowledge necessary for the challenges of the new millennium. It awards degrees to master and doctoral programmes in more than 20 disciplines of veterinary and animal sciences, livestock products technology, basic sciences and extension education. To impart continuing education to field veterinarians, the institute also conducts diploma courses in veterinary preventive medicine, animal husbandry, veterinary biological products, animal reproduction, poultry husbandry, medicine and surgery, zoo and wild animal health care and management, meat and meat products technology. The institute's research is currently addressed with clear benchmarking of deliverables through 157 research and 44 service projects. The institute undertake basic, advanced and applied research through 85 externally funded projects. A number of national and international research projects on animal health and production systems are addressed by the institute. Presently 19 National Agricultural Innovation Projects, 3 All India Network Projects, 3 Outreach Program and 26 DBT funded projects are operational. Besides these extramural funded programmes the institute is having 5 international collaborative projects with USA, UK, Australia, international organisation, IAEA, etc. The institute continues to play an important role in quality control and potency testing of immunobiologicals to various stakeholders with a good liaison with industry. In the liberalized scenario, to my mind this represents the inherent and fundamental strength of IVRI. Kisan Mela and Pashu Vigyan Pradarshini and other extension activities including KVK, ATIC, Helpline, etc. play a key role in technology transfer mission of the institute. I welcome this opportunity to share information with you. Research and resources cut across nations and we hope and regard ourselves as a world institute and a member of global community. I am particularly pleased to make a special mention of the recent website with new look and updated information. It gives me a great sense of satisfaction and happiness in creating a unified vision of the opportunities and challenges across the organization. I hope the information covered through this website on IVRI provides some glimpses of this oldest research institution widely known as "Mecca of Veterinary Sciences" in the region. I take this opportunity to welcome you to visit the site and we are open to suggestions, If any on improvement of this web based information.

INDIRA GANDHI DELHI TECHNICAL UNIVERSITY FOR WOMEN

Kashmere Gate, Delhi – 110006

Tel :011-23900220 / 23900221

Email : vc@igit.ac.in; registrar@igit.ac.in

Website : <http://igit.ac.in>

Indira Gandhi Delhi Technical University for Women (IGDTUW) has been upgraded from Indira Gandhi Institute of Technology in May 2013 vide Delhi State Legislature Act 9, 2012, as a non-affiliating teaching and research University at Delhi to facilitate and promote studies, research, technology, innovation, incubation and extension work in emerging areas of professional education among women, with focus on engineering, technology, applied sciences, management and its allied areas with the objective to achieve excellence in these and related fields. Erstwhile Indira Gandhi Institute of Technology (IGIT) was established in 1998 by Directorate of Training and Technical Education, Govt of N.C.T of Delhi as the first engineering college for women only. From 2002- 2013, the college remained the first and only constituent college of Guru Gobind Singh Indraprastha University. The upgradation of IGIT, already a prestigious college of north India, to University has enabled it to function even more efficiently as a teaching and research centre in various branches of engineering, promoting advancement and dissemination of knowledge and learning among women of the country and to meet the requirement of technically skilled women workforce. The objective of the University is to foster industry relevant research and innovations and empower the women of our country through value based higher education making them employable, self reliant, responsible citizen of the country with concern for environment and society.

Vision

To make India a Knowledge Society and Knowledge Economy by empowering the women of our country through education in Engineering, Science, Management and Technology. To become one of the top technical Universities in the country known for its value based, quality technical education supported with industry relevant research, with focus on environmental and social issues.

Mission

To foster an environment for excellence in professional education and ensure active participation of women in the field of Engineering, Science, Management and Technology, while striking out a work-life balance. To start new professional courses for women in sun-rise disciplines and forge alliances with industry to impart industry relevant education. To emancipate women through pursuit of knowledge enabling them to gain equal status in society through realization of their rights and responsibilities To develop sustainable systems and state-of-the-art infrastructure to enable the Indian women to become the future leaders, managers, researchers and productive team players in the field of science, technology and management.

INDIRA GANDHI INSTITUTE OF DEVELOPMENT RESEARCH

Gen A K Vaidya Marg, Santosh Nagar,
Mumbai 400 065 , Maharashtra

Fax : 022-28401336, 28401346
Email : rrk@igidr.ac.in
Website : <http://www.igidr.ac.in>

Indira Gandhi Institute of Development Research (IGIDR) is an advanced research institute established and fully funded by the Reserve Bank of India for carrying out research on development issues from a multi-disciplinary point of view.

IGIDR was registered as an autonomous society on November 14, 1986 and as a public trust in January 1987. On December 28, 1987 the campus was inaugurated by Late. Shri Rajiv Gandhi, the then Prime Minister of India.

Subsequently, the Institute was recognized as a Deemed University under Section 3 of the UGC Act. Since then it has been awarded the highest National Assessment and Accreditation Council (NAAC) rating of A++ (under the old methodology) given to Indian academic institutions.

Starting as a purely research institution, it rapidly developed into a full-fledged teaching cum research organisation when it launched a Ph.D. program in the field of development studies in 1990.

The objective of the Ph.D. programme is to produce researchers with diverse disciplinary backgrounds who can address issues of economics, energy and environment policies. In 1995, the institute initiated the M. Phil programme.

The M.Sc. programme commenced in 2003 to introduce students to the world of research at an earlier stage.

At present the Institute has about 150 employees and students that include about 26 full time faculty members, 24 non-academic staff and about 90 M.Sc./M.Phil/Ph.D students.

INDIRA GANDHI KRISHI VISHWAVIDYALAYA

Krishak Nagar, Raipur - 492 012, Chhattisgarh

Tel : 91-771-2442131, 2442302, 0771- 2443419

Fax : 0771-2442302, 2442131

Email : hazracr@yahoo.co.in

Website : <http://igau.edu.in>

Indira Gandhi Krishi Vishwavidyalaya, is an autonomous nonprofit, research and educational organization working for the up-liftment of farmer's livelihood of Chhattisgarh. Education, Research and Extension are the major activities coordinated through agriculture, veterinary, dairy and agricultural engineering faculties and Directorates of instruction, research and extension. Grant in aid is received from ICAR, State Government and international agencies.

Indira Gandhi Krishi Vishwavidyalaya, Raipur, has a long historical background. IGKV was established on 20 th January 1987 after bifurcating from Jawaharlal Nehru Krishi Vishwavidyalaya, Jabalpur . From that time to this date, the University has been expanded several fold. In the British regime one Agricultural Research Station was established in 1903 known as “Labhandi Farm” at Raipur.

This Labhandi Farm had grown slowly and today it has become the campus of Indira Gandhi Krishi Vishwavidyalaya, Raipur . In Between, Rice Research Station (RRS) was established in mid sixties. Later in 1974 Madhya Pradesh Rice Research Institute (MPRRI) was established under the able leadership of great rice scientist Dr. R.H. Richharia.

The College of Agriculture was established in 1961 under the government of Madhya Pradesh and it was shifted to the present campus in 1964. After the establishment of Jawaharlal Nehru Krishi Vishwavidyalaya, Jabalpur in 1964 as a State Agricultural University (SAU) under the land-grant pattern of USA , the College of Agriculture became a constituent college of Jawaharlal Nehru Krishi Vishwavidyalaya , Jabalpur , Madhya Pradesh. In 1979 National Agricultural Research Project (NARP) came into existence with the financial support of World Bank.

he jurisdiction area of IGKV is the entire Chhattisgarh State situated in Eastern India consisting of 18 Districts having 3 different Agro climatic Zones. The state is larger than Punjab, Haryana and Kerala states when put together. Rice is the main crop grown during the monsoon season (June-September).

In fact, the role and responsibility of IGKV is vital, because it has to cater the needs of socio-economically resource poor, relatively illiterate and tribal farmers with tradition bound agriculture.

INDIRA GANDHI NATIONAL OPEN UNIVERSITY

Website : <http://www.ignou.ac.in>

The Indira Gandhi National Open University (IGNOU), established by an Act of Parliament in 1985, has continuously striven to build an inclusive knowledge society through inclusive education. It has tried to increase the Gross Enrollment Ratio (GER) by offering high-quality teaching through the Open and Distance Learning (ODL) mode. The University began by offering two academic programmes in 1987, i.e., Diploma in Management and Diploma in Distance Education, with a strength of 4,528 students. Today, it serves the educational aspirations of over 3 million students in India and other countries through 21 Schools of Studies and a network of 67 regional centres, around 2,667 learner support centres and 29 overseas partner institutions. The University offers about 228 certificate, diploma, degree and doctoral programmes, with a strength of nearly 810 faculty members and 574 academic staff at the headquarters and regional centres and about 33,212 academic counsellors from conventional institutions of higher learning, professional organisations, and industry among others.

The mandate of the University is to:

- Provide access to higher education to all segments of the society;
- Offer high-quality, innovative and need-based programmes at different levels, to all those who require them;
- Reach out to the disadvantaged by offering programmes in all parts of the country at affordable costs; and
- Promote, coordinate and regulate the standards of education offered through open and distance learning in the country.
- To achieve the twin objectives of widening access for all sections of society and providing continual professional development and training to all sectors of the economy, the University uses a variety of media and latest technology in imparting education. This is reflected in the formulated vision of IGNOU, keeping its objectives in focus, which reads:

The Indira Gandhi National Open University, the National Resource Centre for Open and Distance Learning, with international recognition and presence, shall provide seamless access to sustainable and learner-centric quality education, skill upgradation and training to all by using innovative technologies and methodologies and ensuring convergence of existing systems for large-scale human resource development, required for promoting integrated national development and global understanding. The University has made a significant mark in the areas of higher education, community education and continual professional development. The University has been networking with reputed public institutions and private enterprises for enhancing the educational opportunities being offered by it. As a world leader in distance education, it has been conferred with awards of excellence by the Commonwealth of Learning (COL), Canada, several times.

INDIRA GANDHI UNIVERSITY

Village : Meerpur, District : Rewari -123401

Haryana

Tel : 01274-248753, 54

Fax : 01274 – 248754

Email : universityindiragandhi@gmail.com

The Indira Gandhi University, Meerpur, Rewari was established through an ordinance promulgated by the Governor of Haryana on Sept. 07, 2013. It started its functioning from Sept. 13, 2013 with appointment of Sh. Mohinder Kumar IAS (Retd.) as first Vice-Chancellor by the Governor of Haryana.

The university campus is situated in village Meerpur at a distance of about 13 Km from District headquarter of Rewari in Southern Haryana.

It is spread over about 100 acres of land in lush green area. Before coming in to existence as an independent State University it was the Post Graduate Regional Centre of Maharishi Dayanand University, Rohtak and was established on 03.10.1988.

At present University runs 10 Post Graduate courses in 08 teaching departments. Apart from this, five departments are running M.Phil program and one Pre-Ph.D. program. The university is planning to launch various other courses in near future.

This University will work as a beacon light to remove the darkness of ignorance and lack of knowledge and to spread the golden brightness of the light of knowledge in the area. As a newly started University, it has limited courses to offer at present but right from the next year a considerable number of courses will be started with the blessings of the Govt. of Haryana, and the number will increase with the passage of time.

There is a lot of scope in the field of campus development and construction work which is in progress with a great speed. The University aims at providing quality education in all the streams sought by students and scholars.

INDIRA GANDHI TECHNOLOGICAL AND MEDICAL SCIENCES UNIVERSITY

Headquarters : Ziro – 791120, Lower Subansiri District

Arunachal Pradesh (India)

Mobile : 09873124147

Website : www.indiragandhiuniversity.in

The Indira Gandhi Technological and Medical Sciences University, Arunachal Pradesh established in the year 2012 at Ziro in the Lower Subansiri District under the provisions of the Indira Gandhi Technological and Medical Sciences University Act 2012 (Act 6 of 2012) was passed in the Eighth Session of the Fifth Legislative Assembly of Arunachal Pradesh and the same received the Assent of the Hon'ble Governor of Arunachal Pradesh on 26 May 2012.

The Arunachal Pradesh Gazette (Extraordinary) No. 99, Vol. XIX dated 30 May 2012 published the Notification regarding the Indira Gandhi Technological and Medical Sciences University, Arunachal Pradesh.

The University's main campus is coming up at Ziro in Hong Village in 150 hectares of land in a green environment gifted by the BMTT Forest Preservation Committee, Gano and registered by the Deputy Commissioner of Lower Subansiri District.

Presently the University is operating from the District Hospital, Ziro and the SSB Campus IT Park for conducting Practicals and Theory Classes respectively.

Raja Birendra Bahadur Singh and Rani Padmavati Devi the then rulers of Khairagarh princely estate were the inspiration behind the inception of this unique university which is named after their beloved daughter, Princess INDIRA. The main building of the University is housed in the donated palace.

Late Priya Darshani Indira Gandhi, who later became the Prime Minister of India inaugurated the University on October 14, 1956. This is the oldest University of Chhattisgarh and celebrated Golden Jubilee on 14th October 2006. University is situated in the Central Part of India in Chhattisgarh at Khairagarh.

Khairagarh is surrounded by three rivers and provides a tranquil and serene atmosphere to the student-artists. The campus of this University presents a rare example of fraternity and brotherhood. Teachers and students of different Faculties are from different parts of Country and various cultural backgrounds. Their presence at the campus makes Khairagarh town a real heterogeneous place.

Indira Kala Sangit Vishwavidyalay (IKSVV), Khairagarh, State - Chhattisgarh, Country - INDIA was established in 1956. IKSVM is member of the Association of Indian Universities (AIU). Any student or scholar from any part of the WORLD can come & stay in the University campus for study or research.

The oldest & priceless classical recitals are kept in the Listening Room of the University with utmost care. Students & Scholars of Music, Musicians, Musicologists, Art Critics, Music Promoters & Actor/Actress make their presence in the campus to acquit the latest and the best in Indian Classical Music, Indian Classical Dance, Visual Arts, Literature & Theatre.

Unique Library of Music, Dance and Visual Arts, Book 41267 Back volumes of Journals 2415, Periodicals subscription 41, Rare Books 600, Manuscripts 90, Painting picture Plats 300 and Exhibition Catalogues 690. 71 books added and 22212 books consulted during the year. Seating facility provided for 100 students, Budget Rs. 05 Lakhs (11 Plan). Library has covered under INFLIBNET Programme for the computerization and networking. Database created for books, thesis and audio-visual materials.

INDRAPRASTHA INSTITUTE OF INFORMATION TECHNOLOGY

Okhla Industrial Estate, Phase III
(Near Govind Puri Metro Station), New Delhi – 110020
Tel : +91-11-91-11-26907400-7404 (5 lines)
Fax : +91-11-91-11-26907405
Email : jalote@iiitd.ac.in; info@iiitd.ac.in
Email : director@iiitd.ac.in; registrar@iiitd.ac.in
Website : <http://www.iiitd.ac.in>

Indraprastha Institute of Information Technology, Delhi (aka. IIIT-Delhi or IIIT-D) was created as a State University by an act of Delhi Government (The IIIT Delhi Act, 2007) empowering it to do research and development and grant degrees. IIIT-Delhi was officially established on 10th June, 2008 as per this notification in the Delhi Gazette. First class (for BTech (CSE) students) was held on 8th September, 2008.

The institute began with its first batch of 60 BTech students in 2008. This first batch graduated in 2012 - the first Convocation took place in November, 2012. By that time, the institute has attracted nearly 30 faculty members, and its academic program consisted of B.Tech., M.Tech. and Ph.D. programs in CSE and ECE. In a relatively short time, it has earned a good reputation in India and abroad for being a center of quality education and research in IT.

2012 turned out to be more remarkable year because during the summer of this year, the institute started functioning from its permanent campus in Okhla. Smt. Sheila Dikshit, Chief Minister of Delhi, inaugurated the campus in October, 2012. The early days of this institute were chronicled by the founding and current Director in his blog here.

The mission of IIIT-Delhi is to be a global centre of excellence in Information Technology education, training and research. Its twin aims are:

- To carry out advanced research and development in information and software technologies, and in leveraging IT in specific domain areas.
- To train and educate, at both undergraduate and postgraduate levels, engineers of outstanding ability who can become innovators and new product creators.

It aims to encourage innovation and entrepreneurship in specified domain areas of IT. Towards this end it plans to organize itself as a conglomerate of R&D Centers, some of which would be in partnership with different companies and global organizations. All centers will also be engaged in teaching and thesis guidance. These centers, with various labs, will be the hub of activity, with active contribution from faculty and students—BTech, MTech and PhD.

INDRASHIL UNIVERSITY

8th Block, Magnet Corporate Park, S.G.Road
Ahmedabad-54 Gujarat
Email : contact@indrashiluniversity.edu.in
Website : <http://indrashiluniversity.edu.in>

Indrashil University is an educational initiative of Cadila Pharmaceuticals Ltd. It is established by an Act of State Legislature of Gujarat as a State Private University under Gujarat University Act, 2009.

A World Class University involves learning from the traditional, adaptability to present day needs and immediate future. The University campus will have an educational environment which would stimulate and facilitate intense and creative environment with the process of learning and research. It would foster the formation of community of thinkers, scholars and concerned citizens.

We at Indrashil University aim at providing Global Education, carrying out Global Research, and providing Global Learning platform to students in all the programmes across all schools. Our faculty is our strength. We have recruited faculty members from premiere institutions across the country which include IITs, BITS, NITs. More than 50% of our faculty members are Ph.D. holders.

Vision

Indrashil University strives to be an epitome of excellence in higher education by imparting knowledge, focused education and experiences to students in the field of Life Sciences and the research aspects related to it. This will empower them to go back to the world as experts in their fields, serving humanity and giving back to the world, which is sciences at its best.

Mission

Indrashil University seeks to realize their mission by providing their students with high quality education and training that is unmatched. Combining rigorous academic study along with the support of industry experts, students get prepared as sector specialists with a global footing.

Core Values

- Indrashil University believes in creating an ecosystem by developing affordable innovation with a strong focus on Life Sciences.
- Indrashil University will be the first choice for anyone wanting to gain knowledge and expertise in the field of Life Sciences.
- Indrashil University will be known as the Indian Newcastle of Life Sciences.

INDUS INTERNATIONAL UNIVERSITY

IIU is sponsored by Kartha Education Society (Mumbai), a not for profit society with its mission to provide higher education & research opportunities in under- represented areas which haven't been served by the traditional public universities.

Kartha Education Society (Mumbai) has been active in the field of education with proven experience of running colleges, schools and other institutions for over 19 years in India and abroad.

Indus International University (IIU) has been established under Establishment and Regulation Act, 2009, of Himachal Pradesh Government with the right to confer degree as per sections 2f and 22 of the UGC Act 1956.

IIU has been set up as a not-for-profit institution with its primary objective of providing access to educational opportunities in various higher education areas in rural India so that students need not travel to the other cities wherein the major public universities have been housed.

“Indus International University (IIU) is recognized by the University Grants Commission (UGC) vide letter F.No 8-11/2010 (CPP-I/PU) dated 12th July 2010 and is included in the list of universities maintained by the University Grants Commission under section-2 (f) of UGC Act 1956”

The Indus International University envisions to be recognized nationally and internationally as a leader in providing innovative educational opportunities for learners within the global society.

The Mission of the Indus International University is to provide a high quality, contemporary world class undergraduate and post graduate education to its students and produce graduates who will be well prepared for a globally interdependent but culturally diverse society and be leaders in their respective professions.

INDUS UNIVERSITY

Rancharda, Via-Thaltej
Ahmedabad – 382115, Gujarat
Tel: +91-2764-260277 / 78 / 79
Mob: +91-9099944241 / 42
Email: info@indusuni.ac.in

The University is managed by Bhandari Charitable Trust known for its philanthropic activities besides their contributions to societal needs and at present has four Constituents Institutions, Indus Institute of Technology & Engineering (IITE), Institute of Design Environment & Architecture (IDEA), Institute of Aviation Technology & Engineering (IATE) and Institute of Information & Communication Technology (IICT). Indus Foundry Training & Research Centre (IFTARC), supported by CED scheme of State Government is the Metallurgical Research Centre of the University. It offers scores of degree programmes at UG and PG levels in diverse disciplines of Engineering, specific streams of Management, Computer Applications, Information Technology, Aircraft Maintenance and Architecture to more than 1000 students per annum and the programmes are approved and recognised by competent academic administrative bodies either at State or National levels. The University also offers Research Programmes leading to the award of Doctoral Awards in Engineering, Management, Applied Sciences and Mathematics besides being in the forefront of carrying out R&D and Consultancy activities in specific disciplines of Engineering for external environments. Indus University will be a Nationally Acclaimed University - Amongst the Best Universities of Our Country - for Academic Excellence, Professional Relevance, Research and Innovations in Socially Relevant Thrust Areas, Seamlessly Integrating Indian Values and Global Ethos, Satisfying All Its Stake Holders. To Offer Quality Technical and Management Education to the Members of Its Learners Community in the Best Traditions of Creative and Innovative Teaching - Learning Process Encompassing the Philosophy "Where Practice Meets Theory" by Ensuring State-of-Art Infrastructure and Attracting Competent and Qualified Human Resources who will Engage in Research and Development Activities Aimed at Building a 'Brand' for the University. Continuous Upgradation of Course Curriculum and Regular Academic Auditing Processes and Procedures Aimed at Meeting the Dynamically Knowledgeable and Skilled Human Resource Requirements of Diverse Professional Environments. Indus University offers holistic education programs in Engineering, Management, Aviation Technology and Architecture in the best traditions of two-way learning process with emphasis on 'Hands-On' exposure in consonance with the motto 'Where Practice Meets Theory', a conceptual motto hitherto unattempted by the facilitators of Technical Education in our country, to ensure a brand for the University in more than one sense of the term or the other. Curriculum has been designed and developed in tune with this motto thus providing extended avenues to the budding and young members of the learners community to acquire knowledge on par with skill, parameters defining a professional with the right combination of attitude and aptitude, making them ready quality human resources meeting the needs of diverse professional environments.

IIHMR UNIVERSITY

1, Prabhu Dayal Marg, Sanganer Airport
Jaipur - 302 011, Rajasthan
Phone: 91-141-3924700, 2791431-32
Toll Free No. 1800-3010-5700
Fax: 91-141-3924738
E-mail: iihmr@iihmr.org

The IIHMR University is a specialized Research University in management research, postgraduate education and training exclusively in the health sector. The University aims to generate new knowledge and technologies to provide evidence and inputs for developing effective policies, health interventions and strategies. The origin of the IIHMR University has its roots in pioneering and significant contribution of Institute of Health Management Research, (IIHMR) Jaipur in the last three decades in policy and program management research, and capacity development in health and hospital management in India and South East Asia.

The IIHMR University has a mission to improve the standards of health through better management of health care and related programs through management research, education, training and institutional networking in a national and global perspective in the health sector. World Health Organization designated IIHMR as a WHO Collaborating Centre for District Health Systems based on Primary Health Care for its significant contribution in strengthening health systems by promoting and conducting health policy and program management research and capacity building. The Ministry of Health and Family Welfare, Government of India identified it as Institute of Excellence for training and capacity building. A critical mass of professionally trained health care, hospital, rural and pharmaceutical managers have been produced by IIHMR to better manage health systems. The University has been instrumental in a paradigm shift in management of health care programs and hospitals in India. For its significant contribution in health, hospital, rural and pharmaceutical management education, it has been awarded several Leadership Awards/Best sectoral B school. In addition, IIHMR has become a major destination for training and capacity development in leadership and strategic management, hospital management, disaster management, quality management, project management, health management information systems, health economics and finance.

The IIHMR University has a unique organization culture that enshrines core values and ethos of autonomy, accountability, openness and transparency. The interdisciplinary teams of faculty and research staff constitute an enabling environment for learning, professional growth and development. The multidisciplinary faculty represents public health, management, economics, statistics, demography, social and behavioral sciences, rural development and pharmaceuticals.

IIS UNIVERSITY

ICG Campus, Gurukul Marg

SFS, Mansarovar, Jaipur 302 020, Rajasthan

Tel. No.: +91-141-2400160-61, 2397906-07, Fax: +91 - 2395494, 2781158

Email : info@iisuniv.ac.in, vc@iisuniv.ac.in, registrar@iisuniv.ac.in

Website : <http://iisuniv.ac.in>

The International College for Girls (ICG), a pioneer institution for women education, was founded in the year 1995 as an affiliated college to the University of Rajasthan. Started with just 56 girls and seven members of staff, it became a Postgraduate College in 1999. Today, ICG stands tall with over 3500 students on roll, 208 faculty members and 46 support-staff (technical & non-teaching). Pursuit for excellence in higher education at ICG got due recognition by the National Assessment and Accreditation Council (NAAC), an autonomous institution of the University Grants Commission (UGC). ICG the only college in Rajasthan which has been accredited A+ by NAAC. The college has also been identified as a Model College by the Government of Rajasthan. In a survey conducted by A.C. Nielson for 'India Today' the college has been rated best in the state in all the faculties for the last several years. A major milestone in the history of ICG is the conferment of the Autonomous Status on the college by the UGC for a period of six years with effect from 2007-08. The Autonomy is a concept created and evolved by the UGC for qualitative enhancement of higher education. It was realized that the higher academic institutions be given more freedom for the development of intellectual climate in the country. Autonomy enabled the college:

- To restructure and redesign the curriculum
- To prescribe rules for admission
- To ensure academic and operative freedom to the faculty members
- To evolve methods of assessment of students' performance, conduction of exams and preparation of results
- To use modern tools of educational technology
- To promote healthy practices

ICG has also been given the CPE status i.e. a "College with Potential for Excellence", status by UGC. The college is one among the 50 colleges in India identified by the University Grants Commission (UGC) under the CPE scheme during phase-II. The latest feather in the cap is the conferment of the status of *deemed to be a University* by the Ministry of Human Resource Development, Government of India, under section 3 of UGC Act, 1956. International College for Girls is now The IIS University, Jaipur. The status of deemed to be a University has provided greater autonomy in setting our own educational agenda (courses, syllabi, teaching methodologies etc.) as well as the authority to award degrees. The academic courses and programmes offered under the aegis of The IIS University is approved by UGC and also accredited by the National Assessment and Accreditation Council (NAAC). The IIS University has already secured a place in the list of the 'A' category institutions reviewed by the Ministry of Human Resource Development, Government of India giving further deemed to be universities on being credence to our pursuit for excellence in higher education.

INSTITUTE OF ADVANCED RESEARCH

Koba Institutional Area
Gandhinagar- 382426
Gujarat - India.
Phone : 079-30514100
Email : contact@iar.ac.in
Website : <http://www.iar.ac.in>

Located on the banks of River Sabarmati, Gujarat, Land of Mahatma Gandhi, Institute of Advanced Research is a University established under the "Gujarat Private Universities Amendment Act 2011" with an aim to create Excellence in Research and Education.

The University has been set up by "The Puri Foundation for Education in India" a Registered Charitable Trust.

Vision

Institute of Advanced Research will carry out research in the frontier areas of science to contribute towards the advancement of human knowledge and alleviation of human suffering.

Mission

To conduct fundamental / applied / analytical research in the frontier areas of science with the ultimate objective of contributing to high quality basic research and human resource development, and to find application of the research results for the benefit of mankind.

INSTITUTE OF CHEMICAL TECHNOLOGY

Nathalal Parekh Marg, Matunga East

Mumbai – 400019, Maharashtra

Telephone: (91-022) 3361 1111/ 2222; Fax: (91-022) 3361 1020

E-mail: admission@ictmumbai.edu.in, admission.ict@gmail.com

Website : www.ictmumbai.edu.in

When compared with a large number of engineering and technological institutes, which mushroomed during past 2-3 decades, the genesis of ICT, still popularly called UDCT/UICT by many, is beyond fathom and imagination. Its low profile in common man's vocabulary is both bane and benefit. Even our neighbours have never known what we do or what we stand for- for them it is a 'dagdi' (stone) college or a hospital, at the most; they are intrigued and bewildered whereas it is a benefit for us from the academic view point since we continue to work quietly, sans the typical college atmosphere, impart high class education, and conduct research par excellence, having a direct relevance to solving societal problems and adding to quality of life. Philanthropy, visionary leadership of the University of Bombay (now Mumbai), active participation of the industry to create endowments for faculty positions and laboratories, and the support of the then Governor of the Province of Bombay, which extended to almost 10% of India, led to the foundation of the University Department of Chemical Technology on October 1, 1933. The Vice Chancellor Sir Vithal Chandavarkar, an industrialist, educationist and proponent of textile industry, put all his valour behind the fledgling UDCT and assisted in creating a far-sighted roadmap. The Committee constituted by the University for establishing the UDCT was chaired by none other than the great civil engineer Bharat Ratna Sir M. Visvesvaraya, and comprised of, among others, such stalwarts as Sir K.M. Munshi, the Founder of Bharatiya Vidya Bhavan, and Shri Kapilram Vakil, a doyen of inorganic chemical industry in India. Research was incorporated as an integral part of the UDCT right from inception, and the first batch of students for the B. Sc. (Tech.)- a two-year post-B Sc. Course, with Textile Chemistry and Chemical Engineering as the branches, was admitted on 4th August, 1934. With the growth in demands for chemicals, drugs, polymers and materials after World War II, other branches of chemical technology embracing Foods and Drugs, Oils, Plastics, Paints, Varnishes, Intermediates and Dyes, Pharmaceuticals and Fine Chemicals, were added and these courses were later reorganized to give a distinct flavour to all branches of Chemical Technology. Birth of several industries was a direct result of UDCTs' activities. In 1951, Chemical Engineering branched out as a post-Inter Science four-year degree programme, B. Chem. Eng., which has been the most sought after ever since. The B.Sc. (Tech.) courses were converted into post-B.Sc. three-year courses in 1966 and finally further converted into B. Tech. programmes, which are post-HSSC (12th Standard) in 1998.

The ICT is a vibrant and invigorating institute, a symbiosis of academic excellence, culture, ethos, value systems, and an architect of new and useful knowledge, standing tall among all institutes of national importance.

INSTITUTE OF INFRASTRUCTURE, TECHNOLOGY, RESEARCH AND MANAGEMENT (IITRAM)

Near Khokhara Circle, Maninagar (East)
Ahmedabad, Gujarat - 380026
Tel. : +91 079 29292910 / 20
Email : office@iitram.ac.in

Institute Of Infrastructure, Technology, Research And Management(IITRAM) has been established as a State University by the Government of Gujarat under the provisions of the Institute of Infrastructure, Technology, Research and Management Act 2012. The University believes in defined rights and responsibilities for better execution and clarity which helps to achieve desirable result. The University functions according to its statutory act, through which it has formed regulatory committees governed by different bodies consisting of officers and academics personnel of the University. These committees are governed by principles mentioned in the University act which are mandatory and help to ensure compliance, enhance the University's mission, planning and budgeting cycle which illustrates the governance and management responsibilities in the development of the strategic and business plans and the annual budget.

IITRAM provides Engineering Education with specialization in Infrastructure and Management of Infrastructure to create centres of excellence, to organize advanced studies and to promote research. It shall foster cultural and ethical values with a view to enhance professional morality, research integrity, globally acceptable business ethics and morals for professionals.

The objectives of the University include :

Imparting knowledge and offer courses with specialization in Infrastructure and Management of Infrastructure in particular.

Imparting knowledge in the other areas of higher education with focus on science, technology, management and allied areas.

Developing training facilities for urban bodies, industries and technical teaching and other allied bodies.

Believing in open institution mechanism to attract best minds of the world (students as well as faculty) and to be globally competent.

Setting up innovative foundation in developing Knowledge parks, Techno parks and Technology incubators to foster entrepreneurship.

INSTITUTE OF LIVER AND BILIARY SCIENCES (ILBS)

D-1 Vasant Kunj, New Delhi-110 070
Tel. : 011-46300000
Ext. 7055, 7056, 26706700-02, 64703890
Tel. : 46300000011, 46300000
Ext : 6002, 26706730
Tel : 011-46300000011-46300000
Ext : 6003 , 011-26123504 (Telefax)

The Institute of Liver & Biliary Sciences (ILBS) has been established by the Government of the National Capital Territory of Delhi as an autonomous institute, under the Societies Act.

The mission of ILBS is to become a dedicated international centre of excellence for the diagnosis, management and advanced training and research in the field of liver and biliary diseases.

The first phase of ILBS is already functional having 180 hospital beds, 74 of which cater as intensive care (ICU) beds.

The second phase of ILBS, likely to be operational by early 2012, will add a dedicated multi-storie research complex, auditorium, guest-house, hepato-biliary oncology unit, additional beds and residential accommodation.

The ILBS aims to provide a healthy work environment to its faculty and staff. ILBS is a deemed university under the UGC act and it aspires to become a unique model for an academic career both for the national and international students and the faculty.

ILBS envisions to :

To become an international centre of excellence for the prevention and cure, advance competency-based training and cutting edge research in liver, biliary and allied sciences.

Quality Statement :

ILBS is committed to the highest levels of patient satisfaction, healthcare and staff and patient safety through continual improvement by ensuring:

- Evidence-based clinical practices of highest standard.
- Transparent management processes, facilitating patient satisfaction & ensuring dignity and rights of patients.
- Safe and conducive work environment for staff, and
- Establishing a dedicated centre of excellence in healthcare, teaching/training & research in the field of Liver Biliary Diseases.

INTEGRAL UNIVERSITY

Dasauli, Post Bas-ha, Kursi Road

Lucknow 226 026, Uttar Pradesh

Tel : 0522-2890812; 2890730, Fax : 0522-2890809

Email : info@integraluniversity.ac.in

Website : <http://www.integraluniversity.ac.in>

Integral University, a seat of educational excellence, is a premier university in Lucknow, the Capital of Uttar Pradesh, India. The university had been established under the Act number 9 of 2004 by the U. P. State Government. It is rather historic that, within a span of six years the Institute of Integral Technology on account of its educational excellence, credibility and value based education in a highly disciplined and decorous environment was recognized as a noted seat of learning all across the country and thus was granted a University status in 2004. The project started with a school in small huts. The foundation stone was laid on 30 November 1993 by the scholar Maulana Abul Hasan Ali Hasani Nadwi, rector of Darul-uloom Nadwatul Ulama, Lucknow. The school was then shifted to a main building which was inaugurated by the then Governor of Uttar Pradesh Shri Moti Lal Vohra on 14 January 1996. An engineering college was simultaneously established by the Islamic Council for Productive Education(ICPE) in 1997, which started functioning from 1998 with two courses namely, Computer Science and Engineering, and Electronics Engineering. Later other courses like Architecture, Information Technology, Mechanical Engineering, Civil Engineering and MCA were added. Shri Atal Bihari Vajpayee, the then Prime Minister of India, laid the foundation stone of a residential complex on 30 June 1999. During his speech he expressed his hope that the Institute of Integral Technology, Lucknow having the abbreviation IIT will maintain the same standard as the other IITs do. Institute of Integral Technology, Lucknow then affiliated to Uttar Pradesh Technical University made a promising start when the first batch of Computer Science and Engineering gave a 100% result and all secured first division, as was the case with the second group of Electronics Engineering wherein all but two students got first division. Hon'ble Mulayam Singh Yadav, the then Chief Minister of Uttar Pradesh and Justice Syed Saghir Ahmad, Judge (Retired) Supreme Court of India were overwhelmed by the progress and other achievements in the field of education set up by Institute of Integral Technology, Lucknow along with its highly impressive infrastructure. The Hon'ble Chief Minister, Shri Mulayam Singh Yadav declared that the Institute of Integral Technology, Lucknow shall be elevated to a full-fledged university in no time. He also granted the Minority Status to the Institute. Soon after this declaration he also got the bill passed in the Assembly on 26 February 2004 and issued Govt. Gazette Notification No. 389/ lkr - fo - 1-1 (d)-9-2004 dated 27 February 2004 for the formation of Integral University, Lucknow. Integral University, Lucknow is now a member of and listed by the Association of Indian Universities (AIU).Some of the dignitaries that have visited Integral University, Lucknow include the likes of Union Minister of Minority Affairs(2012–2014) and former Deputy Chairman of Rajya Sabha, Dr.K.Rahman Khan(INC) and Chief Minister of Sarawak Province, Malaysia, Haji Abdul Taib Mahmud. Integral University, Lucknow also hosts eminent personalities from all walks of life and boasts of strong presence of visiting faculty from some of the most well known universities across the globe.

INTERNATIONAL INSTITUTE FOR POPULATION SCIENCES

The International Institute for Population Sciences (IIPS) serves as a regional Institute for Training and Research in Population Studies for the ESCAP region. It was established in Mumbai in July 1956, till July 1970 it was known as the Demographic Training and Research Centre (DTRC) and till 1985 it was known as the International Institute for Population Studies (IIPS).

The Institute was re-designated to its present title in 1985 to facilitate the expansion of its academic activities and was declared as a 'Deemed University' in August 19, 1985 under Section 3 of the UGC Act, 1956 by the Ministry of Human Resource Development, Government of India.

The recognition has facilitated the award of recognized degrees by the Institute itself and paved the way for further expansion of the Institute as an academic institution.

Started in 1956 under the joint sponsorship of Sir Dorabji Tata Trust, the Government of India and the United Nations, it has established itself as the premier Institute for training and research in Population Studies for developing countries in the Asia and Pacific region.

IIPS holds a unique position among all the regional centres, in that it was the first such centre to be started, and serves a much larger population than that served by any of the other regional centres. The Institute is under the administrative control of the Ministry of Health and Family Welfare, Government of India.

Besides teaching and research activities, the Institute also provides consultancy to the Government and Non-Government organizations and other academic institutions. Over the years, the Institute has helped in building a nucleus of professionals in the field of population and health in various countries of the ESCAP region.

During the past 53 years, students from 42 different countries of Asia and the Pacific region, Africa and North America have been trained at the Institute. Many, who are trained at the Institute, now occupy key positions in the field of Population and Health in Government of various countries, Universities and Research Institutes as well as in reputed National and International organizations.

INTERNATIONAL INSTITUTE OF INFORMATION TECHNOLOGY

26/C, Opp. Infosys (Gate -1), Electronic City
Hosur Road, Bangalore - 560 100, Karnataka
Tel : 080 4140 7777

The International Institute of Information Technology Bangalore, a Deemed University, popularly known as IIITB, was established in 1999 with a vision to contribute to the IT world by focusing on education and research, entrepreneurship and innovation. The Institute is a registered not-for-profit society funded jointly by the Government of Karnataka and the IT industry.

Since its inception, IIITB, with its unique model of education, research, and industry interaction, has grown in stature to become an institution of considerable repute in academic as well as corporate circles. The Institute works in partnership with the corporate sector, while retaining the freedom of an academic institution. It is inspired by other renowned institutions, and also strives to emulate an academic culture that is on par with the best international institutions.

The International Institute of Information Technology Bangalore, a Deemed University, popularly known as IIITB, was established in 1999 with a vision to contribute to the IT world by focusing on education and research, entrepreneurship and innovation. The Institute is a registered not-for-profit society funded jointly by the Government of Karnataka and the IT industry.

Since its inception, IIITB, with its unique model of education, research, and industry interaction, has grown in stature to become an institution of considerable repute in academic as well as corporate circles. The Institute works in partnership with the corporate sector, while retaining the freedom of an academic institution. It is inspired by other renowned institutions, and also strives to emulate an academic culture that is on par with the best international institutions.

Considering the pervasive nature of IT in all walks of life, IIITB encourages and admits students from a wide variety of academic disciplines into the programmes. About half of our students in recent years have been bright young men and women who already have some work experience, but have decided to take a break from their careers to pursue our M.Tech. programme in order to shift their careers on to more stimulating and rewarding paths. Strong interaction with the industry is built into our academic programmes because IIITB believes in equipping students to become productive right from the day they enter the industry. For those aspiring for academic goals, IIITB provides a research environment as well. Students have the opportunity to get financial aid in the form of scholarships and internships to help meet tuition and other expenses, so a bright student is limited only by his or her own vision and ambition.

INTERNATIONAL INSTITUTE OF INFORMATION TECHNOLOGY

Gachibowli, Hyderabad – 500032

Andhra Pradesh

Phone : +91-40-6653 1000, Fax : +91-40-6653 1413

Email : office@iiit.ac.in

Website : <http://www.iiit.ac.in>

The International Institute of Information Technology, Hyderabad (IIIT-H) is an autonomous university founded in 1998. It was set up as a not-for-profit public private partnership (N-PPP) and is the first IIIT to be set up (under this model) in India. The Government of Andhra Pradesh lent support to the institute by grant of land and buildings. A Governing Council consisting of eminent people from academia, industry and government presides over the governance of the institution.

IIIT-H was set up as a research university focused on the core areas of Information Technology, such as Computer Science, Electronics and Communications, and their applications in other domains. The institute evolved strong research programmes in a host of areas, with computation or IT providing the connecting thread, and with an emphasis on the development of technology and applications, which can be transferred for use to industry and society. This required carrying out basic research that can be used to solve real life problems. As a result, a synergistic relationship has come to exist at the Institute between basic and applied research. Faculty carries out a number of academic industrial projects, and a few companies have been incubated based on the research done at the Institute.

IIIT-H is organized as research centres and labs, instead of the conventional departments, to facilitate inter-disciplinary research and a seamless flow of knowledge within the Institute. Faculty assigned to the centers and labs conduct research, as well as academic programs, which are owned by the Institute, and not by individual research centers.

The Institute combines pioneering research with top class education. An innovative curriculum allows the student flexibility in selecting courses and projects. Students, even at the undergraduate level, get to participate in ongoing research and technology development - an opportunity unprecedented in India. As a result, a vibrant undergraduate programme co-exists with a strong postgraduate programme. Recognizing that the goal of education is to develop a broad and humanistic outlook among students (and beyond), the Institute runs a unique human values programme at the undergraduate level. Regular faculty conducts the programme. Also, elements of the programme are made available to IIIT-H's postgraduate students, faculty and students at other universities and colleges, and any interested individual or organization. In sum, the Institute offers students a unique environment that promotes culture, sports, societal contributions, art, self-governance and human values. It is also at the forefront of research that has the potential to make a major social impact.

INTERNATIONAL INSTITUTE OF INFORMATION TECHNOLOGY

IIIT Bhubaneswar owes its origins to the initiative of the Government Odisha. It is a result of the desire of the Government to establish a world class institute of Information Technology in the state. The Institute has been registered as a society in Nov 2006. In January 2014, the Institute is converted to a University by the Government of Odisha. There is misconception that IIIT Bhubaneswar is a Institute promoted in PPP mode by the Government. The Institute is fully owned by the Government of Odisha. The Information Technology Department is the controlling Department. The Government provides funds for the Infrastructure creation. However, the Institute has to earn its Revenue Expenditure. This is the model in all State Government promoted IIITs in Bangalore, Hyderabad and Delhi. The Institute enjoys academic, financial and administrative autonomy by the powers invested through the IIIT Bhubaneswar act. IIIT aspires to be a national Institute in line with its Peer Institutes.

The Governance structure of the Institute is modelled after those of the IITs. The Governor of the state is the Chancellor of the Institute. The Board of Governors has members from Odisha Legislative Assembly, Government of Odisha, Leaders from the IT industry and Eminent educationists. Currently, the Chairman of the Institute is the Chief Secretary of the Government of Odisha. The Institute has its focus on quality and rigorous education, quality resource, academic infrastructure, technology and innovation. These initiatives have helped IIIT-Bhubaneswar achieve pre-eminence in India and beyond.

Vision

Our vision is to be an unique institute imparting education, training, research, and consulting in technology and related fields to develop human resources who will lead the economy and the society in the coming decades.

Mission

The mission of IIIT is to be a knowledge seeking Institution of higher learning that will educate students in technology and other disciplines of scholarship. The Institute will work closely with the Industry and other users of the technology to develop and deliver technological solutions to enhance their competitive position. The Institute is committed to the entire value chain of knowledge creation, diffusion and preservation to meet the challenges of the century. The Institute will borrow best practices in education delivery systems, research and consulting practices. Leveraging technology to bring about next generation of practices will be a key to this strategy.

The Institute is dedicated to creating a community of students, faculty and scholars with passion for learning, creativity, innovation in all aspects of academic pursuit.

Dr. SPM IIIT-Naya Raipur, established by the International Institute of Information Technology University Act, 2013 of the Government of Chhattisgarh, is a joint venture by Chhattisgarh State Government and National Thermal Power Corporation (NTPC). The institute is committed to pursue excellence in higher education, research and development in Information Technology (IT) and associated disciplines. It firmly believes in bestowing knowledge dissemination and imparting entrepreneurial skills to the students to enable them to address real world problems. To empower this vision, IIIT-NR fosters state-of-the-art research and product development laboratories to carry out inter-disciplinary research and product development endeavours.

The institute is mentored by a highly eminent board comprising of Mr. Ajay Chowdhry, Founder, HCL; Prof. Arogyaswami Paulraj, Marconi Awar winner and Professor Emeritus, Stanford University; Dr. B.K.Gairola, Ex-Mission Director, National e-Governance Mission and Ex-DG NIC; Shahla Nigar, Secretary, Public Health Engineering Department and Secretary, Skill Development, Technical Education and Employment Department, Govt. of Chhattisgarh; Mr Sanjay Sukla , Secretary, Department of of Electronics & Information Technology, Govt. of Chhattisgarh; Mr. Vivek Acharya, Director of Directorate of Technical Education , Govt. of Chhattisgarh; Mr. Sujit Bakshi, CEO, BPO Division at Tech Mahindra; NTPC Ltd; Shri. S K Reddy, Regional Executive Director, NTPC Ltd; Mr. Steven A. Pinto, Retired Lead Director of the Chairman's Supervisory Board of the Emirates Investment Bank, UAE; Mr. Sanjay Madan, Group General Manager and head Lara Super Thermal Power Project, NTPC Ltd. and Dr. P.K.Sinha, Vice Chancellor & Director, Dr. SPM IIIT-NR.

Dr. SPM IIIT-NR's fifty-acres residential campus is located in the newly developed smart city of Naya Raipur, approximately 23 kms from the city of Raipur. The vibrant lush green campus of IIIT-NR is enabled with Wi-Fi connectivity, CCTV surveillance, hi tech security measures and excellent amenities for sports and other recreational activities. The modern architecture of the buildings and the serene environment of the campus fosters an ambience for the students for creativity and innovation. The classrooms are equipped with state-of-the art technologies for teaching and learning.

INTERNATIONAL SPORTS UNIVERSITY

Maharashtra, Sports & Youth Services
Shree Shivchhatrapati Sports Complex
Mahalunge-Balewadi, Pune – 411045
Maharashtra

The University will offer various courses including Physical and Sports Education, Sports Sciences and Sports Medicine, Sports Technology, Sports Governance, Sports Management, Sports Media and Communication, Sports Coaching and Training. In the first phase, a 3-year programme in sports science and sports technology will be started. A 12 weeks programme in sports coaching and training with a capacity of 50 students will begin in initial stage. With most of district associations in the State involved in infighting causing hindrance in development of sport and players' performance, Kedar said a GR is being prepared where all the administrative work would be taken over by the State Sports Ministry and they (erring association officials) would be barred from interfering in the work.

We have infrastructure ready there. We only need to plan and start academics. Pune also has a rich history in sports. I hope the university will benefit everybody, not only in Maharashtra but in entire country. "It will also provide job opportunities to sportspersons of the region," assured Kedar. The Sports Minister aims to develop a winning habit among sportspersons. "I want Maharashtra to produce match winners. They should have grit and determination to perform only to win. Then only it is possible to produce medal winners. My aim is to inculcate "zidd" in every sportsperson of the state," retorted Kedar.

I/c. Secretary (Legislation) to Government,
Law and Judiciary Department.

MAHARASHTRA ACT No. XXXV OF 2020.

(First published, after having received the assent of the Governor in the
"Maharashtra Government Gazette", on the 28th December 2020).

International Sports University at Balewadi, Pune will be "operational" from October 2021 for which a Governing Council has been formed, informed Maharashtra Sports and Youth Affairs Minister Sunil Kedar while interacting with reporters during a Meet The Press organised by Sports Journalists Association of Nagpur on Saturday. The International Sports University will be first of its kind in India and will cater to need of all sportspersons. "The rules and regulation (Intentional Sports University Act) has been prepared and has been passed unanimously by members of both the Houses during the winter session of the State. The governing council members include former India footballer Henry Menzes, cine star Rahul Bose, who is also a former rugby player, Vidya Yerwadekar, former Vice-Chancellor Symbiosis

University, Pune, Prof Ratnakar Shetty, former professor, Wilson College, Mumbai and former BCCI Head of Operations, former India cricketer Nilesh Kulkarni, Dr Anjali Thakre, Principal, Shivaji Sharirik Shikshan Mahavidyalaya, Amravati, Anjali Bhagwat, two-time Olympian and former India shooter, Additional Secretary, School Education and Sports, Mumbai and Commissioner, Sports and Youth Affairs, Maharashtra," informed Kedar. According to Kedar, appointments of faculties and other administrative work will begin from the coming month. Kedar said that ready infrastructure at Balewadi in Pune was the reason for selecting the venue in entire State. "The infrastructure is ready at Pune.

INVERTIS UNIVERSITY

Invertis Village
Bareilly-Lucknow National Highway-24
Bareilly-243 123, Uttar Pradesh

Website : <http://www.islamicuniversity.edu.in>

The Islamic University of Science and Technology (IUST), Awantipora, Kashmir has been established through an Act No. XVIII of 2005 dated: 07th November 2005 passed by J&K State Legislature and notified by the State Government, through Jammu & Kashmir Government Gazette dated: 11-11-2005.

While the university started functioning in November, 2005 the teaching programme was started in July 2006. The Chancellor of the University is the Chief Minister of J&K State and the executive authority of the University is its Executive Council with the Vice Chancellors of University of Jammu, Kashmir and Baba Ghulam Shah Badshah University as members.

The University came into existence with a mandate to advance and disseminate knowledge, wisdom and understanding amongst all segments of the society within and outside the State. It is also charged with creating an environment for learning, teaching and research in the sciences, technology, humanities and social sciences and that is in keeping with the highest standards of scholarship and higher education. People belonging to all sections of society are entitled to avail the facilities and opportunities offered by the University and there is no distinction on the basis of class, caste, creed, colour or religion.

Conduct and promote studies and research and prepare trained manpower aware of their social and cultural obligations and contemporary issues who would effectively participate in all developmental processes of the nation.

The University aims to build the broad personality of its students, infusing in them a sense of belonging and responsibility as constructive members of the society, guided by the norms of universal brotherhood, scientific temper and prepare them to take up the mantle of leadership in all professions of modern world.

Develop adequate linkages and appropriate methodologies to promote contemporary knowledge and to put in place a system that thrives on the concept of competitiveness.

The moving spirit in the exercise is to create opportunities for the youth of the State by laying foundation of a knowledge society.

I.K. GUJRAL PUNJAB TECHNICAL UNIVERSITY

Near Pushpa Gujral Science City
Ibban, Kapurthala-144603, Punjab
E-mail: registrar@ptu.ac.in
Phone: 01822-662533, 35, 82

I.K.Gujral Punjab Technical University (PTU) was established by an Act of State Legislature on 16th January, 1997, to promote technical, management and pharmaceutical education in the state at degree level and above. It was established as Punjab Technical University and renamed as I.K.Gujral Punjab Technical University by State Government in the honor to Late Sh. Inder Kumar Gujral, Former Prime Minister of India, in 2015. The University has the mandate to set up centres of excellence in emerging technologies and for promoting training, research and development in these areas. The University has undertaken the task of training students to help in the development of skilled manpower in this sector in the country in general and in the state in particular. With this goal in mind, the university is promoting a number of courses in different streams in regular as well as distance education programmes. At present University have 121 AICTE and 65 UGC institutes affiliated with it. IKGPTU is undertaking and supervising the instructions and award of 30+ bachelor's degrees in Engineering & Technology & 20+ in non-AICTE & UGC courses. The University has a land area of 78.16 acres & it owns more than 10 campuses throughout the state of Punjab. University started its journey with 09 Engineering & 05 Management colleges. IKGPTU has its own learning centers under Distance Education Programme. The University has a rich strength of lakhs of students, which also includes 1,500+ international students from 30+ countries.

I.K.Gujral Punjab Technical University (PTU) has bagged the much coveted Best Technical University Award for the year 2013. The Award, instituted by Indian Society for Technical Education (ISTE) and Kalinga Institute of Industrial Technology (KIIT), Bhubaneswar, encourages technical universities to enhance their performance and to serve the community as well as stakeholders by improving quality and maintaining the standard of the programs offered. Earlier, University had bagged an award in the "Best University Promoting High Quality Research at Master's and Doctoral Thesis Work" category in the CCI Technology Education Excellence Awards 2013. This award was instituted by a Consortium of Co-Chairpersons-Industry (CCI) of Gujarat Technological University (GTU), jointly with the Communication Multimedia and Infrastructure Association of India (CMAI). IKGPTU has also been conferred upon eINDIA 2010 Award of the Year as "ICT Enabled University of the Year" and "Open and Distance Learning Initiative of the Year Award" by the Ministry of Information and Communication Technology, Govt. of India, at Hyderabad on August 5, 2010. IKGPTU is offering a number of schemes for students like SC/ST welfare schemes, in which no fee is to be paid by the SC/ST students, and also is successfully executing the schemes of Punjab Government. The university also offers free schemes for needy & scholar students. It also offers various scholarship schemes like GATE Scholarship, JRF and SRF scholarships, UGC/NET Schemes and Scholarships, research grants, research and development projects etc.

ISBM UNIVERSITY

Nawapara (Kosmi), Block & Tehsil- Chhura

District- Gariyaband

Chhattisgarh- 493 996, India.

Contact Us : +91-9373199999 / +91-9109333333

The University is envisioned to be a centre of academic innovation and research where students and faculty would collaborate together to learn, research, create, innovate, inspire and incubate.

ISBM University endeavours to offer services across the student-life cycle, supporting the students not only with teaching-learning but also with career development, skill enhancement, employment opportunities, business incubation, fund raising and mentoring. With the network and pan India presence of the Group, the students of ISBM University can benefit with the reach and network across corporate and industries. This would help our students with placement as well as business networking and incubation.

ISBM University is established and approved by the Government of Chhattisgarh under the Chhattisgarh Private Universities (Establishment and Operation) Act, 2005 (Amendment Act 2016) to confer doctorate, degree, diploma and certificates to students.

At ISBM University, we are led by purpose and passion. We're committed to challenging convention and ourselves in order to meet the needs of new-age students; and we strive for a greater impact: one measured in people helped and lives improved.

Vision

Our vision is to be a distinguished University committed to entrepreneurship and incubation, that lets a thousand minds bloom with virtues of knowledge, wisdom and humanity.

Mission

Our mission is to research, develop and deliver knowledge, wisdom and skills necessary to succeed in life. We would achieve this mission within the gamut of world-class faculty, infrastructure, technology, curricula and collaborative teaching and research.

ITM (SLS) BARODA UNIVERSITY

Dhanora Tank Road, Paldi, Village, Halol Highway, Near Jarod
Vadodara – 391510 (Gujarat), INDIA
Tel : 9714393081, 9714394081, 9723708751

ITM (SLS) Baroda University, Vadodara, Gujarat India is a well-reputed State Private University established in 2019 through the State Legislative act no 20 of 2019, Government of Gujarat and recognized by the University Grants Commission, New Delhi under the section 2(f) of the UGC Act, 1956. Samata Lok Sansthan (SLS) Trust, the main sponsoring body of the University, has been in the field of providing quality higher education for the last 20 years in India. In Gujarat, through various colleges and academic institutions, it has been engaged in delivering higher education in the areas of engineering, architecture, pharmacy, management, etc., for more than 10 years. These colleges and institutions have now come under the fold of ITM (SLS) Baroda University, Vadodara, Gujarat, India, after the notification by the Government of Gujarat and recognition by University Grants Commission, New Delhi.

The University is at the forefront of radical and student serving educational innovations. It has been crafted to serve as a hub where all the stakeholders can collaborate in optimizing teaching-learning processes to create a quality outcome for the society in general. The collaborative system ensures tailor made programmes, effective teaching learning processes, creation of enabling habitat, pro-active participation of industry, embedding of stakeholders at every step of value chain and others. The broad outcome is helping students in transforming their passion into career of their choice.

Quality education doesn't just happen in the classroom. The pristine lush-green campus of ITMBU, located at the banks of Vishwamitri river, is a treat to visit and is able to capture anyone's imagination. Avenues and roads, adorned with trees and medicinal plants laden with emerald green leaves and beautiful ornamental flowers, make the habitat at the University picturesque and spellbinding. The world class infrastructure, the beautiful interruptions of creative sculptures and paintings all through the campus, sports and wellness provisions renders itself into a perfect eco-system for the students to groom themselves.

Sculptures by internationally recognized artists are interspersed in open greens, wooded areas, or inside buildings all through the campus of ITMBU. These works of art are approachable for the pleasure and inspiration of students, members of ITMBU and visitors.

ITM Baroda University, Vadodara provides ample of opportunities to harness their rich facets of persona. Students have taken lead in creating several clubs concerning the same.

ITM UNIVERSITY

Uparwara, New Raipur
Raipur-493661, Chhattisgarh
Tel: 0771-3092600

Website : <http://www.itmindia.edu>

ITM University (formerly Institute of Technology and Management) was founded in 1996, to promote excellence in Technical and Management education by Educate India Society, registered under the Registration of Societies Act of 1860.

The University was conceived in response to the acute deficiency of centers of higher learning in the country as also, the need to develop relevant human capital to meet the technology and management challenges of the 21st century. The founders had a clear and well defined mission - to build an unaided, self - financed University committed to delivering education of internationally recognized standards, a University that would go on to serve as an intellectual resource base in India and the sub-continent.

"Our aim from the beginning has been to make this University the most eminent in the country, in order to draw to it the youth of every State"

Committed to making a profound and lasting contribution to society, ITM University recognises no more exalted role than that of "Educated Citizens" - citizens with a powerful sense of fairness, a profound belief in democratic ideals and a willingness to celebrate talent of many kinds. For the founders, this goal is rich with meaning.

ITM University stands faithful to the vision of its founders - it seeks students and faculty who take seriously their commitment to their community and their world, who are aware, active and involved. Students who graduate from ITM University are expected to understand the technological, environmental and ethical challenges they will face in a world of accelerating change. Recognizing that those challenges will transcend the traditional boundaries between disciplines and nations, ITM University encourages education that is distinctively interdisciplinary and international.

" Yatha Drishti, Thatha Srishti As the Vision, so the World "

Continuous efforts are made to realize this goal by providing a unique learning environment in which, the faculty and the students, share the responsibility for learning. The University's commitment to totally merit based decisions in every aspect of its operations constitutes an integral part of this learning environment; from selection of faculty and staff, to admission and evaluation of students. All programs of the University adhere to this core philosophy.

ITM University is a multidisciplinary university known for its quality of research and teaching across the academic spectrum, with subjects spanning the sciences, engineering, management, fine arts, social sciences, arts, nursing etc.

It has been at the forefront of learning, teaching and research and leader in many different fields in its educational endeavour. In a relatively short-time span it has created an image for its excellence as an institution of higher learning through outstanding teaching and world-class research so as to produce well-rounded graduates with lifelong abilities to provide leadership within the societies they serve. We have a well-deserved reputation for last 15 years for excellence, as demonstrated by host of educational institutions already operating under our flagship banner i.e., ITM Universe.

ITM University-Gwalior, is established by the Act of State Legislature, M.P. and is notified in the Official Gazette (extra-ordinary) of the State Government after having received the assent of His Excellency Governor of M.P. Who will be the Visitor of ITM University. ITM University-Gwalior, is sponsored by Samata Lok Sansthan, a registered charitable Trust. The Trust was successfully running various Institutions in discipline of Engg. Technology, Life Science, Computer Applications, Management, Nursing & Education etc for last 15 years enjoying the top ranking in the State & the Region. The flagship Institutions under ITM Group of Institution (known as "ITM Universe"™ – brand name) like Institute of Technology & Management (ITM) & Institute of Allied Science and Computer Applications (IASCA) at Gwalior are NBA & NAAC accredited respectively.

ITM University-Gwalior Campus is a delight to see. One sees hundreds of original works of Art permanently displayed in common areas & monumental sculptures in marble, granite, mild steel or stainless steel in open areas. There is so much of world class curricular & extra curricular activities throughout the year that the city folks of the Region eagerly awaits for each event. The largest Amphitheatre of India at ITM Campus becomes witness to ever bubbling energies of youth. There is no barrier between students & higher authorities in this Campus. Each student expresses through ITM's various clubs. In 165 Acres sprawling lush green environs of Vindhyachal ranges, the beautiful campus of ITM University is the most Happening & Happy campus in this part of India attracting Scholars, Nobel laureates, Artists, Heads of States & Top Corporates to mingle & interact with more than 9000 students of different streams.

INDIA INTERNATIONAL UNIVERSITY OF LEGAL EDUCATION AND RESEARCH

Upasnagar, Sancoale, Airport Road,
South Goa, Goa, Pincode-403722 India
Contact : (+91) 728-2828-709 (Helpline No.)
(+91) 915-6177-212 (Mr. Rajnish, APRO)
Email : info@iiuler.com
Website : <https://www.iiuler.com>

India International University of Legal Education & Research, Goa (India), an initiative of 'Bar Council of India Trust for Promotion of Education (Legal and Professional) and Reforms in Law and For Improvement of Research and Social Training'.

MILESTONES IN THE EVOLUTION OF LEGAL EDUCATION IN INDIA

1961 : In 1961, the Advocates Act was passed, through which the Bar Council of India came into being and the responsibility of Legal Education was entrusted to BCI.

1986 : Bar Council of India Trust established National Law School of India University, Bengaluru; introduced five-year Integrated Law Degree Programme redefining Legal Education.

2022 : India International University of Legal Education and Research (IIULER, Goa) established by BCI Trust-PEARL FIRST through Statute of Goa Legislature.

Vision

- The vision of IIULER, at Goa is to become an institution of excellence which fosters legal education with focus on advancing human dignity, social welfare and justice.
- Our goal is to enable our students to acquire the core competencies - like legal analysis, research and writing, professional aptitude responsibility and ethics - fundamental to embark on a career in law.
- IIULER is committed to providing outstanding legal education so that law professionals are driven to achieve personal excellence with a goal to serve the public and foster justice. Towards that end, we offer a collegial and collaborative learning environment in which “socially relevant legal education” is imparted via innovative teaching methods like “electronic teaching” or “open access teaching” along with traditional teaching and where there is focus on personalized attention to students by knowledgeable and accessible faculty.
- IIULER will ensure that the law graduates inculcate acumen and acquire knowledge, skills, and integrity to effectively serve national and global communities.
- IIULER is further committed to equipping its students to compete in a globalized world; therefore, its students will also be exposed to the teaching of foreign languages which will greatly enhance their employability.
- IIULER recognizes that excellent and original legal scholarship is a sine qua non of quality legal education as legal scholarship not only informs and enriches the teaching of law, but also shapes and provides direction to legal discourse on
- various socially pressing issues not just in academia but also influences judicial, and professional discourse.
- IIULER will derive inspiration from our ancient tradition of teaching and justice system while remaining forward-looking. Its teachers and students fraternity will exemplify a strong tradition of service to society.

JECRC University – driven by a culture of excellence, research & innovation

JECRC University has its campus in Jaipur the capital city of Rajasthan and the famous tourist and business city in north-western India.

The 32-acre JU campus combines unique classical architecture and thoughtful layout and landscaping to create a perfect learning ecosystem. The campus is located around the prime industrial and institutional hub of Jaipur and is well connected with all parts of the city.

JECRC University is driven by the spirit of innovation-led research. This is spelt out in infrastructure as well as practices.

The multifaceted research encompasses subject-specific exploration as well as the contexts of the business environment in which our students will operate and perform. JECRC is known for a strong research culture and close industry linkages.

JU aims at creating valuable resources for industry and society through its interventions in creation of research and innovative culture, academic and professional enhancement and cultural enrichment.

JU Edge

- Academic integrity and accountability
- Respect and tolerance for the views of every individual
- Attention to issues of national relevance as well as of global concern
- Breadth of understanding, including knowledge of the human sciences
- An unfettered spirit of exploration, rationality and enterprise
- Strong research orientation and culture based foundation
- Sustainable development and responsible education
- Internationally accepted pedagogy
- Language courses for global exposure

The advent of JK Organization on the industrial landscape of India almost synchronizes with the beginning of an era of industrial awareness - an endeavor for self-reliance and the setting up of a dynamic Indian industry.

This was way back in the middle of the 19th century. And the rest, is history.

JK Organization has been a forerunner in the economic and social advancement of India. It always aimed at creating job opportunities for a multitude of countrymen and to provide high quality products. It has striven to make India self reliant by pioneering the production of a number of industrial and consumer products, by adopting the latest technology as well as developing its own know-how. It has also undertaken industrial ventures in several other countries.

The Singhanias of today, under the visionary leadership of Late Shri Hari Shankar Singhania, Former President, JK Organisation have achieved an exemplary growth in diversified industries with a lead position in major businesses over the years through companies like JK Tyre, JK Paper, JK Lakshmi Cement, Fenner India, JK Agri Genetics and other such successful enterprises.

In the fiercely competitive world, it's not just what you know, but what you do with what you know, that separates success from failure. Turning knowledge into wisdom. And information into workable ideas.

It is with this profound philosophy of education, that the multi-discipline JK Lakshmipat University (JKLU) was established in Jaipur, the capital city of Rajasthan, in the year 2011 to give students the cutting-edge of holistic learning and to develop promising youngsters into leaders of tomorrow with globally relevant, future-ready and actionable intelligence.

The University has excellent infrastructure, a proper mix of experienced, young and dynamic faculty and a strong focus on placements for building technocrats and leaders of tomorrow. The curriculum provides for high weightage on internship to develop employable professionals with the cooperation of business and industry.

JADAVPUR UNIVERSITY

188 Raja S C Mallik Road
Kolkata 700 032, West Bengal
Tel : 033- 24146000, 24135237
Fax : 033-24137121, 24146414
Email : vc@jdvu.ac.in, registrar@jdvu.ac.in
Website : <http://www.jadavpur.edu>

To trace the history of Jadavpur University is to trace a part of India's freedom movement, at least from the Swadeshi Movement onwards. It was 1905 -1906.

Bengal stood divided. The times were feverish. The hegemony of the British establishment had to be challenged. Education had to play a new role in this changed scenario. It had to become a new form of resistance through which the emergent nationalist spirit could be propagated. With this in mind the National Council of Education (NCE) came into being.

Its primary aim was to impart education - literary, scientific and technical on national lines exclusively under national control. To achieve self-reliance, through education. The foundation of the NCE was made possible by the munificence - scholarly as well as monetary - of the likes of Raja Subodh Chandra Mallik , Brajendra Kishore Roychowdhury of Gouripur as well as Sir Rash Behari Ghosh (first President of NCE), poet Rabindranath Tagore and Sri Aurobindo Ghosh.

In 1910 the Society for the Promotion of Technical Education in Bengal which looked after Bengal Technical Institute (which later became College of Engineering and Technology, Bengal) was amalgamated to NCE. NCE henceforth looked after the College of Engineering and Technology, Bengal which by 1940 was virtually functioning as a University. After Independence, the Government of West Bengal, with the concurrence of the Govt. of India, enacted the necessary legislation to establish Jadavpur University on the 24th of December 1955. Now Jadavpur University has successfully established itself as a foremost Indian University with a vast repertoire of courses offered, an enviable list of faculty members and has come to be known for its commitment towards advanced study and research.

Generous donations for the great cause of national education came from Raja Subodh Chandra Mallik, after whom the road on which Jadavpur University stands, is named, Brojendra Kishore Roy Choudhury, Maharaja Suryya Kanto Acharya Choudhury and others and National Council of Education (N.C.E.), Bengal proceeded with its programme. Subsequently came a princely bequest of Rs13lakhs from Sir Rashbehari Ghosh, the legendary legal luminary. Calcutta Corporation under the guidance of its Mayor Deshbandhu Chittaranjan Das leased out to N.C.E. the present site of Jadavpur Campus where its Engineering College was shifted in 1924. The Aurobindo Building, now housing the administrative offices, used to be the venue of teaching of the Engineering College.

जगद्गुरु रामानन्दाचार्य राजस्थान संस्कृत विश्वविद्यालय

अनादिकाल से भारत देश ज्ञानोपासना का केन्द्र रहा है । यह शाब्दी साधना ऋषियों के अनहद में मुखरित होती हुई साक्षात् श्रुति-स्वरूप में इस धरा पर अवतीर्ण हुई ।

यह विश्वविदित तथ्य है कि ऋग्वेद मानव के पुस्तकालय की सर्वप्रथम् पुस्तक है । ऋचाओं की अर्चना, सामगानों की झंकृति, यजुर्मन्त्रों के यजन तथा आथर्वणों के शान्ति-कर्मों से भारतीय प्रजा पल्लवित और पुष्पित हुई ।

वेदों की श्रुति - परम्परा ने अपने ज्ञान का प्रसार करते हुए उपनिषद्, अष्टादश पुराण, शिक्षा-कल्प-निरुक्त-व्याकरण-ज्योतिष-छन्द, योगतन्त्र, षडदर्शन, रामायण, महाभारत, ललित काव्य, नीतिकाव्य आदि का अमूल्य वाङ्मय सर्वजनहिताय, सर्वजनसुखाय विश्व को दिया । श्रमण परम्परा का बहुमूल्य वाङ्गमय भी संस्कृत में निहित है ।

इस बहुआयामी साहित्य के विकास के फलस्वरूप भारतीयों की प्रसिद्धि अग्रजन्मा के रूप में हुई तथा वेदों का ज्ञान भारतीय मनीषा का पर्याय बन गया । इस प्रकार भारतीय संस्कृति की संवाहिका होने का गौरव संस्कृत भाषा को जाता है ।

संस्कृत के इस विशाल वाङ्मय की कालजयिता का यही रहस्य है कि सहस्राब्दियों से गुरुकुलों और ऋषिकुलों आदि में इसका अध्यापन होता रहा ।

इस गुरुशिष्य-परम्परा को सुनियोजित रूप देते हुए संस्कृत के अनेक अध्ययन केन्द्र देश भर में चलते रहे उसी परम्परा में ही 20 वीं सदी में अनेक संस्कृत विश्वविद्यालय स्थापित हुए ।

Website : <http://www.jhru.com/admission.htm>
E-mail : pandey_bjrhu100@rediffmail.com

The Jagadguru Rambhadracharya Handicapped University was established to provide higher & professional education to persons with disabilities.

There are approximate 9 crore disabled in India. The coverage in formal school system is around 5%. The scenario of higher education is much grim. The socio economic condition and facilities available at higher education centre for persons with disability are considered to be major obstacle in accessing higher education. Though there are various institutions and organizations to cater for some of the needs of disabled persons, activities of such institutions/organizations were found to be very-very limited.

To ensure greater participation of disabled in higher & professional education by providing disabled friendly campus, class rooms and courses in order to prepare students of strong character enriched with traditional and modern knowledge.

Provide boarding, lodging and essential requirements to disabled students to facilitate them for better accessibility in higher education.

Explore suitable placement for the educated disabled graduates in public & private sector enterprises. To prepare Expertise/Manpower to cater the needs of disability sector.

Promote disabled persons spiritually, socially and economically by providing suitable education to bring them to the main stream.

Sanskrit & basic knowledge of Computer is compulsory in the University curriculum for Undergraduate & Postgraduate students as well. University believes that Sanskrit is Mother of all languages and one cannot understand Indian culture without knowing it. Sanskrit is the key to unfold the mystery of nature and great Indian Heritage and culture similarly; the knowledge of Computer is necessary to cope with modern challenges.

Free tuition (Except professional & training courses for which nominal fees is charged). Affordable boarding to all students. Facility of sports for all type of persons with disabilities. Study materials/lectures are available in Braille script for visually impaired and in video mode for hearing impaired students.

JAGADGURU SRI SHIVARATHREESWARA UNIVERSITY

Website : <http://www.jssuni.edu.in>

JSS University is a culmination of a half-century of perseverance in the field of education steered by the philosophy of noble minds. The medical institutions under the aegis of JSS University, are islands of excellence in their respective fields in medical sciences. The binding philosophy of these institutions, is that of training physicians, dentists, pharmacists, nurses and other healthcare professionals to provide the highest standards of patient care, whilst also pursuing cutting edge research.

The JSS Medical institutions have had a long-standing legacy in advancing education with both the preparation of educators and the advancement of research and scholarship. There is a strong focus on combining practical classroom expertise with clinical exposure, and these two aspects of the University's system of education are a natural and necessary combination. Renowned as a destination of learning, the reputation of JSS medical institutions has become synonymous with quality education in India and abroad. The University Grants Commission (UGC) declared Jagadguru Sri Shivarathreeswara University, Mysore as Deemed-to-be University, hailing an important milestone in strengthening the educational evolution of some of the pioneering institutions. The 4 constituent colleges under the ambit of the University are JSS Medical College, Mysore, established in 1984 the JSS Dental College in Mysore, established in 1986 the JSS College of Pharmacy, Mysore, established in 1973 and another College of Pharmacy in Ooty, which was established in 1980. Spread over Mysore and Ooty, the University makes for a serene and conducive setting for students and researchers to learn, and grow. To the student and teaching community; JSS University offers a commitment to providing life-long professional development, advanced research, service to society and fostering global integration in healthcare. Students come here from all over India and abroad and bond over the special time they spend in the hallowed environs of the campus and its surroundings. JSS University has a tradition of more than a thousand years behind it - a tradition of total dedication to the service of humanity in the fields of education, culture, religion and more importantly, in nurturing a spirit of tolerance. The University has the task of carrying this tradition forward. A university is not just an institution for imparting knowledge and providing skilled doctors, pharmacists, engineers and so on; It must take up the task of arousing the spirit of curiosity amongst its students – a burning desire to expand the frontiers of knowledge. Perhaps more importantly, it must have before it the vision of creating in them a spirit of tolerance, of compassion, of maintaining ethical standards, and a desire to build a better society for themselves and for those less fortunate than themselves.

JLU Bhopal is a fully government recognised and approved state private university under section 2(f) of UGC Act 1956, Government of India.

JLU Bhopal is a practice-based university, which carries forward the legacy of JSWS in being a pioneer in provision of quality education. The courses on offer through various schools embody the university's longstanding commitment to leadership and innovation in higher education. The curriculum for individual course is designed through perfect blend of inputs from renowned academicians and industry leaders who are a part of our academic advisory board. The academics at JLU is of the highest globe caliber and is committed to excellence in teaching and learning.

JLU Bhopal is offering full time degrees at undergraduate, postgraduate and research level in the field of Management, Media, Communication, Banking, Finance, Law, Hospitality, Commerce, Economics, Engineering & Technology, Humanities and Arts. We welcome you to explore your study options and career paths with us.

The university is always keen to ensure that teaching is always innovative and effective. Problem based learning – an approach that fosters skills in group working and collaboration, self – direction, reasoning, critical reflection, knowledge acquisition and application are incorporated in all courses. The university follows a credit-based grading system prevalent in the best institutions globally based on continuous evaluation and assessment which is scientifically accepted, allowing different weightage to different courses in a program based on its utility in the overall program structure. It is a globally accepted and implemented system and has over a period of time become an essential component of teaching techniques across the world. The system has achieved wide-spread acceptance owing to the flexible credit based structure which provides the best training and learning where the student learn at his own pace and what he perceives to be contributing to his/her professional careers.

JAI NARAIN VYAS UNIVERSITY

Bhagat Ki Kothi, Pali Road
Jodhpur 342 011, Rajasthan
Tel : 0291-2432947, 2615417
Fax : 0291-2649465, 2649733
Email : vcjnvu@sancharnet.in
Website : http://www.jodhpur.nic.in/det_insti.htm, <http://www.jnvu.org>

Jai Narain Vyas University, Jodhpur was established in 1962 as University of Jodhpur. The following four Government Colleges of Jodhpur became part of the University

- I. MBM Engineering College (now Faculty of Engineering with 11 Departments),
- II. Jaswant College (now Faculty of Commerce & Management Studies with 04 Departments)
- III. S.M.K. College (now Faculty of Law and Campus of Institute of Evening Studies and also being used presently for Under graduate teaching of Faculty of Arts. This also houses Coaching Centre for Weaker Sections)
- IV. K.N. College for Women (The multi-faculty constituent college of the University).

Shah G.L. Kabra Teacher's Training College also existed as private college at the time of foundation of the University. This is now one of the affiliated colleges of the University.

The University is proud of the fact that it has recognized several National Institutes located in Jodhpur for pursuing research leading to Ph.D. degrees. Three other centers working in the fields of Art, Culture , History and Heritage are also recognized by the University.

This is the only residential University in the State of Rajasthan, catering mainly the needs of students of western Rajasthan (the Marwar). Since, this University is located in the great Indian Thar Desert, its R&D activities centered on heritage, society and challenges of the region. This is the Western most University of the country and imparts education and conducts research in border areas neighboring Pakistan. It is our endeavor to provide education not only to citizens of the Desert/border Districts but also to the wards of Defence/Paramilitary forces and other Organizations which are working in strategically important sectors of the country.

Jai Narain Vyas University is a residential university but the Colleges situated within the municipal limits of Jodhpur are affiliated to the University. Date of UGC recognition as university July 14, 1962.

Website : <http://www.jpvt.bih.nic.in>

Jai Prakash Vishwavidyalaya (University) was established on 22.11.90 by the enactment of Section 3(b) of Bihar State Universities Act, 1976 with its Head Quarters at Chapra, after Carving it out from the then, Bihar University (now B.R.A. Bihar University) Muzaffarpur.

The territorial jurisdiction of the University is stretched over the whole of Saran Division comprising three Districts of Chapra, Siwan and Gopalganj.

The Colleges situated in these Districts were automatically transferred to Jai Prakash University, Chapra. There are altogether 21 constitute Colleges, 11 affiliated colleges in which 2 are deficit Grant Colleges (including one minority college). There are some proposed Colleges of which a few are professional colleges.

The Head Office of Jai Prakash Vishwavidyalaya is located in the eastern side of Chapra town. The University offices are functioning here from 9th April 2008. 242 acres of land has been acquired here for University campus.

The University building construction is going on in full swing. Chapra is connected to rest of India and its major Cities through road and rail links. It in turn is also connected to the state capital, Patna.

The University Department of Botany and Zoology are functioning from Science Block, Physics, Chemistry, Geography and Psychology are functioning from EBC Hostel building, the Directorate of Distance Education and Central Library are running in the campus of Jai Prakash University, Chapra.

The University Department of Hindi, Bhojpuri and Philosophy are functioning from Inspection Bungalow of local State Electricity Department at Dak Bungalow Road (earlier University Headquarter) and rest of all Non-practical subject Departments of Arts and Commerce are located at PG Building in Rajendra College Campus on Gudri Main Road.

Website : <http://www.jvbi.ac.in>

Jain Vishva Bharati Institute (JVBI) is committed to provide highest quality of educational services to the utmost satisfaction of the students and give them an opportunity to cultivate an integrated personality blended with spirituality and moral values. JVBI was established with the inspiration of Gurudev Tulsi. In 1991, Government of India notified JVBI as Deemed-to-be University under Section 3 of University Grants Commission Act, 1956. The Institute continues to be housed in the common campus of its parent organization body Jain Vishva Bharati. Gurudev Shri Tulsi remained its first constitutional Anushasta (moral and spiritual guidance) followed by Acharya Shri Mahaprajna as its second Anushasta. Acharya Mahashraman is its present Anushasta. The goal of the JVBI has been clearly spelt out in the Preamble of its Constitution (Memorandum and Articles of Association) which reads as under:

“The Jain Vishva Bharati Institute is an endeavour in the direction of putting into practice, promote and propagate the high ideals of Anekant, Ahimsa, Tolerance and Peaceful Co-existence for the weal of the mankind. "We, the members of the Jain Vishva Bharati, therefore resolve to constitute and establish the said University of Advanced Studies, Research & Training in Jainology in the context of comparative studies in Indology, World Religions, Ahimsa and World Peace."

Even though the town is located in an arid zone, the campus is full of greenery with parks, peacocks and gardens. It is like an oasis in the middle of the desert. The environment is free from noise and pollution. The spiritual ambience of the campus provides a peaceful atmosphere of the traditional “Gurukul”, is ideal for studies and research. The academic environment on the campus fosters self-discipline promotes quality of life and commitment to higher values. In todays competitive environment JVBI provides training for the improvement of communication skills, interpersonal relations, art of negotiation, decision making, development of self-confidence etc. for making the students able to stand in all challenging situations. Rajasthan is a magical land set amidst the desolate desert beauty. It is synonymous with romance and chivalry and is immensely rich in culture, history and natural beauty. Everything about Rajasthan fascinates from miles of golden stretches of sand to the kaleidoscope of magnificent forts, opulent palaces and marvelous havelies, each a splendid architectural creation having a legend of its own. The cities of Rajasthan still retain the medieval flavour keeping alive the timeless traditions in the rich art and craft.

JAIPUR NATIONAL UNIVERSITY

Website : <http://www.jnujaipur.ac.in>

Jaipur National University (JNU), Jaipur came into existence in the year 2007. Two professional institutes of the Seedling Group, established in 2002, with several technical & professional programmes of studies, were merged with the University to form its major part.

In 2008, an expert panel of UGC members accorded approval to our programmes under Clause 2(f) of the UGC Act, 1956. The School of Distance Education and Learning was accorded approval by the Joint Committee of the UGC- AICTE- DEC for offering programmes through Distance Education mode. Besides these mandatory recognitions, the University has earned the trust and goodwill of aspiring students, parents, public and concerned agencies, based on excellence in teaching and sincere emphasis on high standards of research. In such a short span, JNU has carved a niche for itself in the country because of its commitment to providing quality education and a conducive learning environment.

The University is becoming an obvious choice for professional and technical education, as well as for lovers of quality academic pursuits. Here is a University where the exceptional and the affordable come together.

The University has demonstrated high standards of teaching and research. Highly qualified and experienced faculty adorns its classrooms. For the fourth consecutive year, the University has been rated among the top 20 BT Schools of India by the well-known magazine Biospectrum.

Eminent scholars are invited for delivering lectures on a regular basis for the benefit of both students and teachers. Collaboration with top national and international Universities and institutions is one of its hallmarks. Keeping in view the philanthropic orientation of the Sponsoring Body and the policies of the State, the University is fulfilling its social responsibility by awarding scholarships, freeships, arranging remedial/add-on courses and other necessary facilities for the needy students. We believe in quality education for the development of our students, hence contributing to the progress of our State and Society.

JAMIA HAMDARD

Hamdard Nagar

New Delhi-110 062

Tel : 011- 26059662, 26059871

Fax : 011-26059662, 26059871

Email : info@jamiahamdard.edu

Website : <http://www.jamiahamdard.edu>

The history of Jamia Hamdard begins with the establishment of a small Unani clinic in the year 1906 by Hakeem Hafiz Abdul Majeed, one of the well-known practitioners of Unani System of Medicine of his time. Hakeem Hafiz Abdul Majeed had a vision of making the practice of Unani Medicine into a scientific discipline so that Unani medicines could be dispensed in a more efficacious manner to patients. He gave the name "Hamdard" to his venture which means "sympathy for all and sharing of pain". His illustrious son, Hakeem Abdul Hameed, carried forward the philosophy and objectives of Hamdard in independent India. Even at the time of partition of India in 1947, Hakeem Abdul Hameed was dreaming of setting up a complex of educational institutions which would concentrate on highlighting the contribution of Islam and Islamic culture to Indian civilization and development of Unani medicines for curing diseases. On 22 Shawwal, 1367 Hijri, corresponding to 28th August, 1948, Hamdard, which was a commercial enterprise at that time, was converted into a Wakf, with the object of giving effect to Islamic teachings of public charity including health and education. In 1964, Hamdard National Foundation was created with a view to receive and disburse the profits earned by Hamdard (Wakf) Laboratories. Hamdard National Foundation was to take up charitable causes in the areas of education, medical relief and the advancement of knowledge, consistent with the principles of the true teachings of Islam. For setting up a complex of research and educational institutions, Hakeem Abdul Hameed purchased a piece of land in Tughlaqabad area of South Delhi which was hardly inhabited in those times. In order to implement and execute the objects of Wakf as enshrined in the Wakf deed, Hakeem Abdul Hameed and his Muslim associates, established several institutions for teaching and research as given below. In 1962, Hakeem Abdul Hameed set up the Institute of History of Medicine and Medical Research with the object of promoting education and research in the history of medicine, besides appraising the principles of medicine. In 1963, Hakeem Abdul Hameed and his Muslim friends and associates set up Indian Institute of Islamic Studies with a view to promote the study of Islamic Culture and Civilization especially its contribution to Indian society and culture. In 1963, Hamdard Tibbi College was set up in Gali Qasim Jaan, Old Delhi. It was later shifted to Jamia Hamdard Campus in 1980 to provide education in Unani Medicine to students so that the heritage of Unani Medicine largely available in Arabic and Persian is passed on to the students of next generation. In 1972, Hamdard College of Pharmacy was set up with the objective of providing education and training in all branches of pharmacy. The year 1989 saw the fulfilment of the dream of Hakeem Abdul Hameed when Jamia Hamdard was given the status of Deemed to be University by the Ministry of Human Resource Development on 10th May, 1989.

Jamia Millia Islamia, an institution originally established at Aligarh in United Provinces, India in 1920 became a Central University by an act of the Indian Parliament in 1988. In Urdu language, Jamia means ‘University’, and Millia means ‘National’. The story of its growth from a small institution in the pre-independence India to a central university located in New Delhi—offering integrated education from nursery to research in specialized areas—is a saga of dedication, conviction and vision of a people who worked against all odds and saw it growing step by step. They “built up the Jamia Millia stone by stone and sacrifice by sacrifice,” said Sarojini Naidu, the nightingale of India.

Under the colonial British rule, two dominant trends joined hands and contributed towards in the birth of Jamia. One was the anti-colonial Islamic activism and the other was the pro-independence aspiration of the politically radical section of western educated Indian Muslim intelligentsia. In the political climate of 1920, the two trends gravitated together with Mahatma Gandhi as a catalyst. The anti-colonial activism signified by the Khilafat and the pro-independence aspirations symbolised by the non-cooperation movement of the Indian National Congress helped to harness creative energies and the subsequent making of Jamia Millia Islamia. Rabindranath Tagore called it “one of the most progressive educational institutions of India”.

Responding to Gandhiji’s call to boycott all educational institutions supported or run by the colonial regime, a group of nationalist teachers and students quit Aligarh Muslim University, protesting against its pro-British inclinations. The prominent members of this movement were Maulana Mehmud Hasan, Maulana Mohamed Ali, Hakim Ajmal Khan, Dr. Mukhtar Ahmad Ansari, and Abdul Majid Khwaja. On 22 November 1920, Hakim Ajmal Khan was elected the first chancellor of Jamia. Mohamed Ali Jauhar became Jamia’s first Vice Chancellor, as Allama Iqbal could not accept the offer made through Gandhiji. It also elected a syndicate and created a syllabus subcommittee. The known freedom fighter and Muslim theologian, Maulana Mehmud Hasan, laid the foundation stone of Jamia Millia Islamia at Aligarh on Friday, 29 October 1920. On 1 March 1935, the foundation stone for a school building was laid at Okhla, then a non-descript village in the southern outskirts of Delhi. In 1936, all institutions of Jamia, except Jamia Press, the Maktaba and the library, were shifted to the new campus. The basic emphasis of Jamia was on evolving innovative education methods. This led to the establishment of a teacher’s college (Ustadon ka Madrasa) in 1938. In 1936, Dr. M.A. Ansari passed away. On 4 June 1939, Jamia Millia Islamia was registered as a society.

JANARDAN RAI NAGAR RAJASTHAN VIDYAPEETH

Pratap Uagar, Udaipur - 313 003, Rajasthan

Tel : 0294-2492440, 2450280

Fax : 0294- 2492440

Email : info@jnrnvu.edu.in, vc@jnrnvpu.org, regis@jrnvpvpu.org

Website : <http://www.jnrnvu.edu.in>

With the awakening of national consciousness in the early years of the last century, a few notable efforts were made in British India to improve the system of education prevalent in India during that time. Gujarat Vidyapeeth, started by Mahamatma Gandhi, aimed at preparing youth to serve and uplift the rural masses; Shantiniketan tried to bring the cultures of the East and West into universal harmony; Jamia Milia tried to educate the Muslims in leading with the needs of the main stream of national wide and the Gurukul Change aimed at preserving the cultural heritage of the nation keeping with the requirements of the modern age. Inspired by the same spirit Pandit Janardan Rai Nagar established "Rajasthan Vidyapeeth" in 1937 to uplift the down-trodden common man in the feudal state of Mewar. Started as Night Study Centre for the Elementary, Secondary and Advanced Courses in Hindi, our national language, Rajasthan Vidyapeeth has grown into a large complex of more than 50 institutions spread over several Districts of Rajasthan.

Historically, Rajasthan has been a paradise for knowledge seekers, as it has a rich cultural heritage in the form of manuscripts, historic documents, icons, photographs and monuments. Late Manishi Pandit Janardan Rai Nagar's initiative and vision led him to start the Prachin Sahitya Shodh Sansthan in 1941 to preserve, edit, translate and publish old manuscripts. Probably, it was a unique Institute of its kind in Rajasthan, which was established for the conservation of cultural heritage. After the historic event of the unification of Rajasthan, 'Hindi Vidyapeeth' added new dimensions to its basic objectives. It became a leading Non-Government Organization during the course of its journey and the founder Pandit Janardan Rai Nagar renamed it as Rajasthan Vidyapeeth. Early sixties proved to be the landmark in the history of Rajasthan Vidyapeeth when it decided to meet the challenges, which started springing up after independence. The first Prime Minister of India had deep faith in democracy and he decided to spread the message of sharing responsibilities at the grass-root level. As a result the Panchayati Raj institutions came into existence. Rajasthan Vidyapeeth also decided to join hands with the GOI to share this responsibility and established Community Centers Department and Janata College during the Second Five-Year Plan. The objective was to provide benefits to the people of remote villages. It was the beginning of the full-fledged Institute of Adult & Continuing Education. During this period, Vidyapeeth started a new unit, which is called JANPAD, with the objective of propagating the knowledge of day-to-day local national affairs for the urban society through black-board / broadcast service mass communication being the aim.

JSS Academy of Higher Education & Research, formerly known as JSS University, is a Deemed to be University located in Mysuru, Karnataka. It was established in 2008 under Section 3 of the UGC Act 1956 and is part of JSS Mahavidyapeetha, which runs a variety of educational institutions. This deemed-to-be university is recognized by MHRD and accredited by NAAC with A+ Grade (3.47 CGPA). JSS AHER has been graded as Category-I Deemed-to-be University by UGC in the Year 2018.

The Deemed to be University has been focusing on teaching, research and health services since its inception. Under the leadership and gracious Patronage and Blessings of His Holiness Jagadguru Sri Shivarathri Deshikendra Mahaswamiji, the Chancellor of JSS Academy of Higher Education & Research, Pro Chancellor, Dr. B. Suresh, a noted multifaceted leader of repute and Vice Chancellor, Dr. Surinder Singh, an acclaimed Administrator, the Deemed to be University has made great progress in grooming graduates, postgraduates, and Ph.D. researchers by providing effective value based education across our institutions by focusing on overall development of an individual through state-of-art facilities to make the learner a useful citizen to the society.

National Institutional Ranking Framework (NIRF), MHRD ranked JSS Academy of Higher Education and Research 37th rank among 957 Universities in India in 2018.

Today, more than 600 faculty members instruct approximately 2000 undergraduate and graduate students and around 300 research scholars. JSS AHER generous financial aid program ensures that talented students from all economic backgrounds can afford quality education. A vast range of educational, cultural, social and extra-curricular activities are available to students, faculty and staff. Campus life activities are built around the concepts of encouraging each member to express his or her talents and to respect all members of our pluralistic culture.

JSS AHER has also played a pivotal role in ensuring that the students and faculty benefit through wide-ranging international tie-ups. The institutions have collaborations with reputed universities, industrial and research organizations. These include International collaboration with La Trobe University- Australia, Khon Kaen University -Thailand, University of Southern Nevada and Long Island University - USA, AIMST University – Malaysia, Howard University - Washington DC, University of Illinois at Chicago - USA, AlfaGene Biosciences Inc – USA, National Institutes of Health - USA, Oman Medical College – Oman, etc. A wide range of international study and research opportunities are available to both undergraduate and graduate students, including the chance to conduct research abroad.

JSS SCIENCE AND TECHNOLOGY UNIVERSITY

JSS TI Campus , Mysuru 570006
Phone : 0821- 2548285, 86
Email : jss.st.university@gmail.com

JSS Science and Technology University is one of the recent additions to the institutions administered by JSS Mahavidyapeetha, and is the second University being established besides a Medical University at Mysuru. India's higher education system is on the verge of major reforms and JSS Science and Technology University has been established envisioning to create a bright future and a desired learner centric eco-system and transform into a futuristic global University. The Availability of skilled human resources and trained technical manpower in engineering and technology is a major reason for growing investments in the state. In this context higher education system has a key role and more particularly JSS S&T U with an objective of transforming the students at all levels of higher education including research and innovation with measures to improve quality of workforce.

Education has always been India's prime priority. Mysuru is the holy land for educational institutions. Education is the basic necessity for wellbeing and development of a Nation. A well-established higher education system forms the flagship for transforming to meet the global needs. Yet, a large chunk of people in India need literacy and many more need to acquire employable skills to suit the emerging modern India. Hence JSS S&T University is committed to deliver high quality educational opportunities for youth and transform not only its neighborhood but offer courses to equip aspiring youth to meet the global needs of industry in every sector.

Vision

- Advancing JSS S&T University as a leader in education, research and technology on the international arena.
- To provide the students a universal platform to launch their careers, vesting the industry and research community with skilled and professional workforce.
- Accomplishing JSS S&T University as an epicentre for innovation, centre of excellence for research with state of the art lab facilities.
- Fostering an erudite, professional forum for researchers and industrialist to coexist and to work cohesively for the growth and development of science and technology for betterment of society .

Mission

- Education, research and social outreach are the core doctrines of JSS S&T University that are responsible for accomplishment of in-depth knowledge base, professional skill and innovative technologies required to improve the socio economic conditions of the country.
- JSS S&T University is committed to provide world class amenities, infrastructural and technical support to the students, staff, researchers and industrial partners to promote and protect innovations and technologies through patents and to enrich entrepreneurial endeavors. JSS S&T University core mission is to create knowledge led economy through appropriate technologies, and to resolve societal problems by educational empowerment and ethics for better living.

JAWAHARLAL INSTITUTE OF POST GRADUATE MEDICAL EDUCATION AND RESEARCH, PUDUCHERRY

JIPMER Campus Rd, Gorimedu, Dhanvantari Nagar, Puducherry – 605006

Office Superintendent : 0413-2298288 , 0413-2912111

PS to Dean : 0413-2298283, Director Office : 0413-2296002, 0413-2272901

Email : dean@jipmer.edu.in director@jipmer.edu.in

JIPMER which includes a tertiary care referral hospital is an Institution of National Importance (an autonomous body) under the Ministry of Health and Family Welfare, Government of India.

Three main functions of this institute are,

- To impart quality education in Under-graduate and Post-graduate medical and paramedical courses;
- To set trends in medical research and
- To offer patient care of high order.

By Patient Safety, we mean prevention of harm to patients while receiving health Care. Medical errors during health care delivery are one of the most important cause morbidity and mortality. Medical errors not only result in additional costs for hospitalization, litigation, hospital acquired infections, lost income and disability but they also cause erosion of trust, confidence and satisfaction among the public and health care providers. Patient safety should be the central driving force towards achieving high quality health care. In August 2012, under the initiation and leadership of our former Director Dr T.S.Ravikumar, all the departments and division of JIPMER were asked to nominate one member for creating an innovative multidisciplinary team which will work towards improving patient safety and quality of health care at JIPMER. Close to seventy members were nominated by each department and divisions of the hospital. As an initial step, these members were trained by an In-house CME and Workshop with internal and external faculties as resource persons in 20th October 2012. After the initial orientation and training through CME cum workshop, JIPMER Quality Council (JQC) was created by our Director on the same day.

Functions of JQC : Members of JQC are called as JIPMER Quality councilors. These quality councilors will act as patient safety champions and will act as the nodal persons to educate other health care worker in their own departments and divisions about the science of patient's safety. They will have regular intra-group and inter-group discussions/meetings to find out JIPMER specific solutions to issues related to patient safety. They will also implement deliverables each month and bring the feedback to the monthly JQC meeting which will be conducted every month. This is a modified version of PDSA (Plan Do Study Act) cycle used in quality improvement. Bidirectional Rapid cycle learning model (i.e., “train the trainer to train the end user” and getting the feedbacks at every level) will be used to educate each and every health care worker of JIPMER.

JAWAHARLAL NEHRU ARCHITECTURE AND FINE ARTS UNIVERSITY

Mahaveer Marg, Masab Tank
Hyderabad - 500 028, Andhra Pradesh

Website <http://jnafau.ac.in>

The College of Fine Arts, one of the foremost institutions of Art in India, has the unique distinction of completing sixty nine (69) years of useful and yeoman academic service in the field of education in general and Fine Arts in particular. Established in the erstwhile Nizam State in the year 1940, the College of Fine Arts is one of the premier institutions of Art which has been rendering continuous service by way of stimulating creative interaction amongst photog-raphers, painters, sculptors, commercial arts and animators. Taking its roots as a 'School of Arts and Crafts' to promote arts and local crafts, the College has gradually grown in stature as the Govt. College of Arts and Architecture under the management of the Department of Technical Education, Government of Telangana, Hyderabad.

With the establishment of Jawaharlal Nehru Technological Uni-versity in Oct. 1972, the College merged with the university and became a Constituent College of the JNT University. Situated in the busy urban area of the city, the college has its own sprawling campus, buildings, workshops, library, Computer Labs & required amenities. The success of the College, in no small measure, belongs to the intellectual support extended by the staff and the emotional rapport that the students established with the College. The alumni of the College who have occupied very prestigious and useful positions in various organisa-tions will stand out as unique testimony for their aesthetic and artistic compe-tence acquired from the college.

The college attained its independent status as the College of Fine Arts exclusively devoted for the development of Applied Art, Painting, Sculpture , Photography & Animation. Thus this College acquires a unique status in the state and serves the three regions Andhra, Telangana and Rayalaseema for all their art educational needs. We are pacing towards Diamond Jubilee celebrations.

The Jawaharlal Nehru Technological University has been bifurcated and divided into four different universities, such as JNTU Ananthapur, JNTU Kakinada, JNTU Kukatpally, Hyderabad & JNA & FA University, Masab Tank, Hyderabad established under Andhra pradesh Legislature Act No.31 of 2008 as per the above act, the JNTU College of Fine Arts, has become one of the Constituent College of newly firmned Jawaharlal Nehru Architecture & Fine Arts University, Masab Tank, Hyderabad w.e.f.2008-09.

JAWAHARLAL NEHRU CENTRE FOR ADVANCED SCIENTIFIC RESEARCH

Jakkur P.O., Bangalore- 560 064

Ph: 080 22082772, Fax: 91-80-22082766.

Email: academic@jncasr.ac.in

Website : <http://www.jncasr.ac.in/admit>

JNCASR has a bright and diverse student body. At present, there are 291 students registered in the various academic programmes of the Centre. While the majority of these students are pursuing Ph. D. degree, we also have students enrolled in our Integrated Ph. D., M. S. / M. S. (Engg.) programmes. The student population at JNCASR is drawn from across the length and breadth of the country; in addition, we frequently have foreign students visiting the Centre under various exchange programmes. The majority of new students joining the Centre during the August semester each year are admitted, based on their performance in interviews carried out in the early summer. Certain programmes also consider admitting students halfway through the academic year (i.e., at the start of the January semester). In order to be eligible for consideration in these interviews, students have to meet various academic criteria, as specified under the various degree programmes listed in the menu page. Admission in these programmes is fairly competitive. All students who are admitted to the Centre's programmes receive stipends that are more than adequate to cover their tuition and living expenses, including hostel fees, etc.

We generally expect students to take less than five years to complete a regular Ph. D. programme. Students who are admitted to the Integrated Ph. D. programme also get an M. S. degree, typically three years into their programme of study.

In addition to carrying out research, students take a combination of required and elective courses. The majority of courses are held on-campus, and taught by the Centre's faculty members. However, students can also choose to attend a few courses at other scientific institutes in the Bangalore area.

In addition to regular academic courses, there are also seminar courses, and we have recently introduced a course on scientific writing. After completing two years in their Ph. D. programmes, students have to pass an oral comprehensive examination, where they present and are quizzed about their research, as well as the material covered in their coursework.

Since 2002, the Centre is recognized as a "Deemed to be University" by the University Grants Commission, and students' degrees are awarded directly by JNCASR. Since the inception of the Centre, 324 degrees have been awarded; these include 178 Ph. D.'s, 87 M. S. degrees (Integrated Ph. D.), 55 M. S. (Engg.) and 4 M. Sc. (by research - Biological Sciences). Students who are alumni of the Centre have gone on to enjoy successful academic careers, and are currently spread out across the world.

JAWAHARLAL NEHRU KRISHI VISHWAVIDYALAYA

Krishinagar, Jabalpur - 482 004, Madhya Pradesh

Phone: 0761 - 2681706, 2681809 (O)

Ph.: 0761-2681778 (O) ; Exch: 0761-2680771, 2681773, Extn.: 316

E-mail: vst.vcjkvv@gmail.com e-mail: registrarjnkvv@yahoo.com

Government of India with the assistance of the State Government established the biggest multi-campus university at Jabalpur, in the heart of India, named after the architect of modern India, Pt. Jawaharlal Nehru based on the recommendations of Radhakrishnan commission (1949) on the concept of establishment of Agricultural University.

An approach was envisaged to narrow down the gap between the experts and farmers through Joint Indo-American Team on Agricultural Research and Education in 1954-55 and 1959-60 on the patterns of Land Grant Colleges of USA. On October 2, 1964, Jawaharlal Nehru Krishi Vishwa Vidyalaya (JNKVV) was inaugurated by the then Union Minister for Information and Broadcasting Smt. Indira Gandhi. The Central Administrative Office of the University is located about 7 km North of Jabalpur town on National Highway No. 7.

The University was created by an act of Madhya Pradesh Legislature passed in 1963. The University had to part with the creation of sister universities Indira Gandhi Krishi Vishwavidyalaya (IGKV) at Raipur in 1987, Rajmata Vijayaraje Scindhia Krishi Vishwa Vidyalaya, Gwalior in 2008 and Nanaji Deshmukh Veterinary Science University, Jabalpur in 2009.

At present, the University holds an area of about 1544 ha of land. The area under the University jurisdiction contains alluvial, deep black, medium black, shallow and light black, mixed red and black, mixed red and yellow and skeletal or Gravelly soil. It is low to medium in available nitrogen and phosphorus, and medium to high in available potassium. At present, JNKVV encompasses five colleges of Agriculture (Jabalpur, Rewa, Tikamgarh, Ganjbasoda and Waraseoni, Balaghat); one Agricultural Engineering (Jabalpur); 4 Zonal Agricultural Research Stations (ZARS) (Jabalpur, Powarkheda, Tikamgarh, Chhindwara); 2 Regional Research Stations (Rewa, Sagar); Agricultural Research Stations (ARS) (Dindori, Waraseoni, Garhakota, Sausar, Tendini) and 20 Krishi Vigyan Kendras (KVK) (Badgaon, Betul, Chhattarpur, Chhindwara, Damoh, Dindori, Harda, Jabalpur, Katni, Mandla, Narsinghpur, Panna, Powarkheda, Rewa, Sagar, Seoni, Shahdol, Sidhi, Tikamgarh, Umaria) representing 6 agro- climatic zones spread over 25 Districts.

JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY

Pithapuram Road, Kakinada - 533 003, Andhra Pradesh

ravindra.vipparty@gmail.com

Website : <http://www.jntukakinada.edu.in>

JNTU (Jawaharlal Nehru Technological University) was originally 'The College of Engineering, Vizagpatnam' at the time of its establishment in 1946. It is now a sprawling campus of 110 acres, green with mango trees in the fast developing Port city of Kakinada, East coast of peninsula India. Kakinada has a rich political literacy and cultural heritage passed on through generations. This college became a constituent of the Jawaharlal Nehru Technological University w.e.f 02-10-1972 through an act of legislature along with other sister institutions under the control of the then Director of Technical Education, Government of Andhra Pradesh. Earlier, it was affiliated to Andhra University. In the year 2003 the college has become autonomous.

The College is governed by the rules and guidelines provided by the university from time to time. The Principal is the administrative and the academic Head of the College. He is assisted by the Vice-Principal and the College Academic Committee in academic matters and the Deputy Registrar and the office staff in administrative matters. The day-to-day activities of the college are carried out by budgetary allocation from the University fund. The entire academic activity in the college is overseen by the highest body called College Academic Council, which has at least one academician of repute and an industrialist on its body along with senior Professors of the college. Also the entire administrative activity is overseen by the highest body called College Governing Council (CGC) headed by the Vice Chancellor of the University. The college has made rapid strides since its formation and is playing a pivotal role in the technological advances of the region.

All the five engineering departments are provided with RCC roof buildings. Additional accommodation for Electronics and Telecommunications Engineering, Computer Science & Engineering and Electrical and Electronics Engineering departments is being provided through new buildings as annexes to the existing ones. Plans are afoot to accommodate teaching and non-teaching staff in newly constructed quarters in place of present 50 year old sheds. The college provides hostel accommodation for nearly about 400 boys and 300 girls. Other amenities on the campus include Bank, Post-Office, dispensary, guesthouse, and play fields. The Research and Development activity in the College got a boost with the procurement of modern and sophisticated equipment under MHRD and AICTE schemes. Academically, the post-graduate programmes introduced in 1971 in each of the available disciplines have undergone changes in course-structure and syllabi to meet the demands of the current needs.

Situated in the heart of the city at Kukatpally a major landmark- Jawaharlal Nehru Technological University, Hyderabad has an environment of academic excellence with 'A' Grade accreditation by NAAC (National Assessment and Accreditation Council). Bringing the spark of knowledge to young minds and instilling a new confidence and vigour to face the world, it is providing quality education for nearly 4 decades.

The territorial jurisdiction of the university covers the areas of Hyderabad, Ranga Reddy, Medak, Nizamabad, Adilabad, Karimnagar, Warangal, Khammam, Nalgonda and Mahboobnagar Districts of Telangana State.

This university has been deemed an autonomous one after Act No 30 of the approval of the Andhra Pradesh Legislature known as the Jawaharlal Nehru Technological Universities Act, 2008 which came into force on 18th August, 2008. It is a teaching cum research oriented university consisting of the constituent and affiliated colleges. The main officers and councils of the university are Chancellor, Vice-chancellor, Rector, Executive council and Academic Senate. The Governor of Telangana shall be the Chancellor of the university. The first vice-chancellor of the university is Dr.D.N.Reddy a brilliant administrator and widely read scholar.

Picking out bright students from the rural backgrounds through its impartial selection system and honing them according to the needs and requirements of today's cut-throat competitive world, thereby preparing them for a challenge called "life" is what this university excels in.

A premier institution with academic and research -oriented courses, the B.Tech programs (Undergraduate programs) are about 25. Major branches among them are Aeronautical Engineering, Automobile, Biotechnology, Information Technology, Electronics, Electrical, Instrumentation &Control, Metallurgy, Mechanical, Bio-medical, Civil and many more. A few courses are also offered through the correspondence cum contact mode. The Post-Graduate programs form about 77 in number namely M.Tech, MSIT,MBA,MCA and MSc. The major branches are Bio-Technology, Chemical Engineering, Civil Engineering, Remote-Sensing &GIS, Electronics& Communication Engineering, Water Resources, Mechanical Engineering, Nano-Technology, Energy Systems, Environmental Studies, Microbiology, Food-Technology and many more like Management, Computer Applications, Pharmaceutical Sciences etc.

The State Government of Andhra Pradesh through A.P. Govt. Act No. 30 of 2008 has separated the erstwhile JNTU into four different Universities viz., JNT University Anantapur, JNT University Kakinada, JNT University Hyderabad and JNA&FA University Hyderabad.

JNT University Anantapur started functioning from the 155 acre campus of one of its Constituent College at Anantapur, since August 2008.

As a budding University it is committed to develop and nurture a Technical Education System in the four Districts of Rayalaseema viz., Anantapur, Chittoor, YSR, Kurnool Districts and SPSR Nellore District which would produce skilled man power of high quality comparable to the best in the world and in adequate numbers to meet the complex technological needs of the economy.

JNTUA, by virtue of the quality of its academic programmes, has consistently been ranked amongst the leading technical Universities in the country.

The University has initiated many schemes to assure quality education to the students, career development of faculty members, progression of students towards higher education and generating career opportunities through the campus placement programmes in reputed organizations across the globe.

The University is working dedicatedly towards the vision of producing quality technical graduates, competent teachers, scientists and leaders in the academics, research, industry and administration under the guidance and dynamic leadership of its Chairman.

JNTUA has the following Constituent Colleges/Units:-

- JNTUA College of Engineering, Ananthapuramu.
- JNTUA College of Engineering, Pulivendula
- Oil Technological Research Institute, Ananthapuramu.
- JNTUA College of Engineering, Kalikiri.

JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY

Gurajada, Vizianagaram – 535 003

Andhra Pradesh

Email : registrarpreshi@jntugv.edu.in

Website : <https://jntugv.edu.in>

NTU College of Engineering, Vizianagaram was established in the year 2007 as a constituent College of JNTU Hyderabad. JNTU Hyderabad was trifurcated into three Universities by the Andhra Pradesh Act No. 30 of 2008 and since 24th August 2008, the College has become the constituent college of JNTU Kakinada. Vide University Act No.22 of 2021, JNTU Kakinada is bifurcated and Jawaharlal Nehru Technological University Gurajada, Vizianagaram come into existence as a separate University vide G.O.Ms.No.3, dated: 12-01-2022.

The university is spread across six districts i.e Vizianagaram, Visakhapatnam, Srikakulam, Parvathipuram Manyam, Alluri Sitharama Raju and Anakapalli. There are 2 constituent colleges and 37 affiliated colleges under its jurisdiction and catering education in different Engineering, Pharmacy and Management departments.

Website : <http://www.jnu.ac.in>

Jawaharlal Nehru University, also known as JNU, is a public central university in New Delhi, India. In 2012, The National Assessment and Accreditation Council gave the university a grade of 3.9 out of 4, the highest grade awarded to any educational institution in the country. The university is ranked second among the public universities in India, as published by India Today.

JNU was established in 1969 by an Act of Parliament. It was named after Jawaharlal Nehru, India's first Prime Minister and was founded by Smt. Indira Gandhi, and G. Parthsarthi was the first vice-chancellor.

The objective of the founders was to make the university a premier institution of higher learning and to promote research and teaching leading to the increasing engagement of its students and teachers in higher level academic work and national and international policy making.

In 2011-12 the university received over 250 Crores as central subsidy, amounting to over 3,50,000 Rupees per student.

The university is an example of the new red brick universities built in the mid-20th century. Located in the southern part of New Delhi and spread over an area of about 1000 acres (4 km²), the campus occupies some of the northernmost reaches of the Aravalli Hills. The campus maintains large patches of scrub and forestland – the JNU ridge is home to over 200 species of birds and other wildlife such as, Nilgai, Indian Crested Porcupines, Common Palm Civet, jackals, mongoose, peacocks as well as a large number of snakes.

The JNU library is a nine-storey building in the middle of the academic block of the university and is the tallest structure on the campus. It contains large collections of books, printed journals, newspapers and archives of primary sources. On the ground floor are the reading rooms, a section of the stacks, the library's collection of the back numbers of scholarly journals, computer terminals and a newspaper and journal section. The floors are devoted to different subjects.

The library houses the P.C. Joshi Archives. The library compound is fully Wi-Fi, with online access to international academic journals including Project MUSE and JSTOR.

JAWAHARLAL INSTITUTE OF POSTGRADUATE MEDICAL EDUCATION AND RESEARCH

JIPMER Campus Rd, Gorimedu,
Dhanvantari Nagar, Puducherry, 605006.

JIPMER ACADEMIC SECTION:

Office Superintendent: 0413-2298288, 0413-2912111

PS to Dean: 0413-2298283, Email: dean@jipmer.edu.in

Jawaharlal Institute of Postgraduate Medical Education and Research (JIPMER) can trace its origins to the 'Ecole de Medicine de Pondicherry' established by the French Government in 1823. In 1956 foundation for new medical college was laid and in 1964, hospital was inaugurated. JIPMER became an institution of national importance under the Ministry of Health and Family Welfare, Government of India in the year 2008. It is an institution established for teaching, research and patient care in the area of health. JIPMER spreads over 192 acres. The institution houses one administrative block, one academic centre, one nursing college, seven hospital blocks, seven accessory services buildings and four residential complexes. 12 broad types of medical, nursing and allied health science courses covering all disciplines in healthcare from basic to super speciality training are conducted.

JIPMER is one among the very few institutions in the country which is providing teaching from undergraduate to superspeciality & sub-specialties, conducting path breaking research and providing specialty care of high order. The model of providing free specialty health care while maintaining quality and safety makes JIPMER a unique model in the country. JIPMER's success in providing best treatment even to the least affordable in the society makes it a model of speciality care delivery of the future. JIPMER continues to rank among the top best five medical schools in the country. JIPMER is witnessing expansion in the form of new campuses like JIPMER Karaikkal, JIPMER outreach centre at Yanam apart from the soon to be commissioned screening OPD block and superspeciality extension block. Conceptual plans for Puducherry second campus for Institute of organ transplantation and Institute of advanced trauma and rehabilitation were initiated during this period.

Our Vision

To be distinguished as a world leader among medical institutions by providing exemplary medical education, higher training, safe patient care, quality research and innovations through community collaboration.

Our Mission

Medical Education : To provide outstanding learner-centered medical education

Clinical Care : To deliver excellent patient and family focused care

Research : To bring out advance knowledge through innovation and discovery

Community Service : To improve the health of the medically underserved community

JAYPEE INSTITUTE OF INFORMATION TECHNOLOGY

A-10, Sector 62, Noida - 201 307, Uttar Pradesh

Tel : 0120-24009890, Fax : 0120-2400986

Email : jp.gupta@jiit.ac.in

Website : <http://www.jiit.ac.in>

Jaypee Institute of Information Technology, Noida was established in the year 2001 and has been declared as a “Deemed to be University” under Section 3 of UGC Act 1956. The undergraduate programs of the University have been accredited by the National Board of Accreditation of AICTE.

JIIT's state-of-the-art, environmentally conditioned campus comprises smart buildings with Wi-Fi connectivity covering the Academic Block, Business School cum Research Block, Faculty Residences, Student Hostels and Annapurna. Well equipped modern laboratories and an intellectually stocked Learning Resource Centre with over 43750 books and 1.7 lacs E-Resources and resources provide a pleasant and stimulating ambience. To become a Centre of Excellence comparable to the best in the world for producing professionals with leadership quality in technology, innovation, entrepreneurship and management.

To develop as a benchmark University in emerging technologies

To provide state of the art teaching learning process and R&D environment

To harness human capital for sustainable competitive edge and social relevance

At JIIT, special emphasis has been placed on developing a student on a solid foundation of knowledge, confidence building, pursuit of excellence improving self-discipline and enhancement of creativity through motivation and drive into an engineer well trained for the rigors of professional and social life. Students are encouraged to make life outside the classroom vibrant and enjoyable by engaging themselves in multiple extra-curricular activities either on the sports ground or in hobby clubs. The University's sports complex comprises both outdoor and indoor facilities including swimming pools, gymnasium, pool and billiards table.

The JIIT campus has been networked for total connectivity. Its server room is equipped with Compaq Alpha Server for high performance UNIX computing, Intel Xeon Servers with multiple processors, high end Intel Pentium servers with multiple processors, various engineering and technical computing software, network management tools, Client/Server database computing system connected over a switched fast Ethernet with optical fiber backbone. The Institute's LAN is a state-of-the-art switched network with fibre optics and enhanced CAT5/CAT6 UTP backbone. It consists of more than 5000 network access points spread using 65 Cisco switches, 2 Routers and 15 VLANs.

JAYPEE UNIVERSITY OF ENGINEERING AND TECHNOLOGY

AB Road, Raghogarh
Distt. Guna - 473 226, Madhya Pradesh
Tel. : +91-7544-267051, 267310-314, 07544-263045
Fax : +91-7544-267011
Email : contact@juet.ac.in sks.negia@juet.ac.in

Jaypee Institute of Engineering and Technology, Guna was established in the year 2003 based on the MOU signed between Jaiprakash Sewa Sansthan (a not-for-profit trust sponsored by Rs. 18,000 Cr Jaypee Group) and the Government of Madhya Pradesh with an aim of becoming a Center of Excellence in Engineering and Technology. Government of MP has, vide gazette extra ordinary no. 3 of 2010 dated 29th April 2010 has established Jaypee University of Engineering and Technology (JUET), Raghogarh, Guna as a private university in the State of MP under the provisions of MP Niji Vishwavidyalaya Adhiniyam 2007. The university has been notified by the UGC under section 2(f) of the UGC Act, 1956. This is one of the three Universities established for imparting Engineering education by the Jaiprakash Sewa Sansthan (JSS), an educational initiative which recognizes the role of IT and emerging technologies in improving the quality of life of the people of India. JUET's location at Raghogarh, in Guna District, is a well thought out process. This region, currently in a rural setting with strong agricultural activities is likely to grow as a major industrial hub. JUET is being developed as a major center to provide competent, well trained technical manpower to the region.

The JUET campus on the national highway linking Agra to Mumbai sprawls over 125 acre as a modern institution of higher learning in the field of engineering and technical education.

The foundation stone of this institution was laid on 15th March 2002 by the then chief minister of Madhya Pradesh Shri Digvijay Singh. The academic activities started in the year 2003. Presently the university offers 4 year (8 semester) B.Tech Programmes, M.Tech. Programmes and Doctoral Programmes in Chemical Engineering, Civil Engineering, Computer Science and Engineering and Electronics and Communication Engineering and Mechanical Engineering. The Doctoral Programmes are also available in Mathematics and Physics streams. Six Semester Diploma programs in Civil Engineering with specialization in Cement Technology and Mechanical Engineering with specialization in Thermal Power are also offered.

The University aims to offer the complete educational spectrum of programs in emerging technologies at the degree levels. Research in emerging areas of technology is a major thrust and is leveraged for all academic pursuits.

JAYPEE UNIVERSITY OF INFORMATION TECHNOLOGY

Waknaghat, P.O. Waknaghat, Teh Kandaghat,

Distt. Solan - 173 234, Himachal Pradesh

Tel : 01792-257999, 01792-245371, 01792 -239248

Fax : 01792-245362

Email : sk.kak@juit.ac.in, uni@juitindia.edu, balbir.singh@juit.ac.in

Website : <http://www.juit.ac.in>

Set up by Act No. 14 of 2002 vide Extraordinary Gazette notification of Government of Himachal Pradesh dated May 23, 2002. Approved by the University Grants Commission under section 2(f) of the UGC Act, vide letter no. F.9-10/2002(CPP-I) dated 09 December 2002. The University commenced academic activities from July 2002 with undergraduate B.Tech. degree programs in Electronics & Communication Engineering, Computer Science & Engineering, Information Technology, Bioinformatics, and Civil Engineering (from July 2003).

The University is offering M.Tech (Electronics & Communication Engineering), M.Tech (Computer Science & Engineering), M.Tech (Applied and Computational Mathematics), M.Tech (Biotechnology), M.Tech (Environmental Engineering), M.Tech (Structural Engineering), M.Tech(Construction Management), M.Tech(Computational Biology) and M Pharma. The University is offering Ph.D. in Bioinformatics, Biotechnology, Civil Engineering, Computer Science & Engineering, Electronics & Communication Engineering, Humanities & Social Sciences, Mathematics, Pharmacy and Physics & Materials Science.

JUIT Waknaghat offers a challenging academic environment to its students. It aims to instill the habit of life-long learning and therefore, provides a learner-centric rather than a teacher-centric educational process. The system has been designed to provide students the freedom to learn what they want to learn at a pace determined by them. Post-graduate students are encouraged to develop independence in thought and action as well as the ability to develop solutions that tightly fit problem requirements. These students shall acquire the capability to deploy appropriate technology paradigms for given tasks, explore new technology, and lead teams to solve complex problems.

The University is spread over 25 acres of lush green picturesque slopes of Waknaghat, in District Solan of Himachal Pradesh, creating a tranquil environment that can heighten the spirit and energy level of all learners and inspire them to optimize their learning efforts. The architectural design of the campus is entrusted to M/s Arcop Associates Pvt. Ltd., an eminent Canada based architect firm, with the construction being undertaken by the Group itself. Functionally and aesthetically spread out, the architectural plan builds on providing an intellectual ambience in clusters in an exciting landscape that is easy flowing and community-friendly.

JAYPEE UNIVERSITY

Aligarh Road, Anoopshahar
Bulandshahr – 203 390, Uttar Pradesh

Jaypee University at Anoopshahr is an interdisciplinary university located in the hinterland of Uttar Pradesh in serene and pious environment on the banks of holy river Ganges is sponsored by Jaiprakash Sewa Sansthan, (JSS) a not-for-profit-trust, and fully backed by the Jaypee Group of Companies. Sanction has been received to commence the functioning of the University vide Govt. of Uttar Pradesh Letter No. 347/Sattar-1-2014-20(4)/2011. Anoopshahr is located on the banks of holy river Ganges in the District Bulandshahr of Western Uttar Pradesh and has a population of around 24000. The town is very well connected from all important places of Uttar Pradesh and Delhi. It is 120 KMs from Delhi, 100 KMs from Noida, 82 KMs from Greater Noida, 78 KMs from Moradabad, 42 KMs from Bulandshahr and 100 KMs from Meerut. Further, all these towns are well connected by rail from all parts of the country. Nearby railway stations include Rajghat 12 KMs, Babrala 30 KMs, Bulandshahr 42 KMs and Aligarh 60 KMs. Anoopshahr was founded by Bargujar Raja Anup Rai around 1610, during the time of Mughal Emperor Jahangir and is also called “Choti Kashi”, which mean small Kashi. It has a number of Inter Colleges, a Degree College and now the Jaypee University.

Vision

To become a Center of Excellence comparable to the best in the world for producing professionals with leadership quality in technology, innovation, entrepreneurship and management.

Mission

Develop as a benchmark university in the areas of Engineering & Technology, Bio and Medical Sciences, Management, Commerce, Humanities & Social Sciences, Economics and other areas to contribute in the development of nation

- Harness human capital for sustainable competitive edge and social relevance

Salient features:

- A New Generation Interdisciplinary University to produce quality professionals.
- Set-up in about 80 acres of lush green environment providing intellectually stimulating education.
- Carry academic synergy of three existing Jaypee Universities.
- Fully equipped state-of-art, modern infrastructure already in place.
- Resources include: Well qualified and experience faculty, fully equipped labs, well stocked library, separate hostel for boys and girls, fully networked campus, indoor and outdoor games and associated utilities for students.
- Existing Training & Placement (T&P) unit of Jaypee Universities shall facilitate placements.
- Well connected by road -2½ hrs from Delhi, Noida; 1½ hrs. from Meerut, Moradabad and 1 hr. Aligarh and Bulandshahr.

Jeppiaar University is a non-profit State Private University in Chennai district, started in the year 2022, assisting deserving students from Tamilnadu and all over India and abroad. Students of Jeppiaar University will get an cutting advantage from international standards higher education at affordable cost.

In addition to talent acquisition, this will benefit Tamilnadu in attracting industries, employment generation, revenue generation and in the overall growth and economic development of the state.

Jeppiaar University is located near Chennai Suburban in Jeppiaar Nagar, near Sholinganallur. The campus has state of art facilities with environment friendly environment, latest technologies and, conducive to learning. The Jeppiaar Educational Trust under the Chairmanship of Late Hon. Col. Dr. Jeppiaar, was formed in 1987 with the objective of imparting quality education by establishing School of Engineering, School of Arts and School of Science & AHS.

Vision

We aspire to be the premier university of choice for professional education with intensive research and practical based environment. We aim to produce diverse & competitive graduates for success in a global interdependent society.

Mission

- To foster holistic development of students through multi-faceted education with high intensive research, experiential learning, state-of-the art technology, life-long personal & professional fulfilment and sustained engagement with local, national and global communities
- To strengthen industry - academia integration for relevance driven excellence in education, research and extension activities.
- To improve employability through futuristic curriculum & progressive pedagogy with cutting-edge technology.
- To build an entrepreneurial ecosystem that will empower students to apply their abilities to develop solutions for greater social impact through academia.
- To inculcate moral values, build cognitive skills and social responsibilities.

J.C. BOSE UNIVERSITY OF SCIENCE AND TECHNOLOGY

NH-2, Sector-6, Mathura Road, Faridabad- 121006

Tel.: 0129-2310126, 0129-2310126

Admission Helpline No.: 8826350209

COVID Cell helpline no. For students : 9818107139

Email : contact@jcboseust.ac.in vc@jcboseust.ac.in

J.C. Bose University of Science and Technology, YMCA, Faridabad (erstwhile YMCA University of Science and Technology, Faridabad erstwhile YMCA Institute of Engineering, Faridabad) was established in the year 1969, as a joint venture of the National Council of YMCAs of India, Govt of Haryana, and the Central Agencies for Development Aid, Bonn, Germany. It started as an Indo-German project with an aim to impart technical education to a developing India on German pattern.

The labs & workshops have been setup with the assistance of German expertise. In 1996, State Govt. of Haryana took complete control of the Institute and upgraded it to University status in December 2009. The university offers 4-year B.Tech degree course in seven disciplines i.e

- Civil Engineering
- Computer Science
- Information Technology
- Electronics & Instrumentation Control
- Electronics & Communication Engineering
- Electrical Engineering
- Mechanical Engineering

The University has added new chapters in it's glorious history i.e M.B.A., M.C.A, M.Tech. (Computer Engineering, Electrical Engineering, Electronics Engineering & Mechanical Engineering), M.Sc. (Physics, Maths, Chemistry & Environmental Sciences), M.A.(Mass Communication and Journalism) and Ph.D.

It follows it's course curriculum duly approved by the industries and the University. The salient features of German education have been retained & as such the University stands apart from other colleges of Haryana.

Right from the very beginning at institutional level, it has emphasized greatly on practical work related to industry. As a result our students are well accepted by the industries. The fact that many of them are entrepreneur with names of repute at national and international level establishes the same.

The sophisticated equipments/machines in the workshops and laboratories enable the students to operate various machines independently so as to acquire thorough knowledge and develop competence in their respective skills.

J.G. UNIVERSITY

Viswanath Northview, University Road, Navrangpura,
Ahmedabad - 380009, Gujarat, INDIA
Tel : 06354601366
Email : connect@jguni.in

JG University is a Private University established under the Gujarat Private University Act 2009. The University offers a diverse set of programmes on advanced technology humanities and arts to build a desirable future for the students.

Each student enrolling in JG University, regardless of their programme, will go through the JG University College of Liberal Studies (J-CLS). The J-CLS will offer a range of courses in liberal arts framework to open up the minds of students, in varying intellectual traditions.

This training will unlock imagination and creativity, even as it adds the much-needed diversity in thoughts and actions. Liberal arts subjects inspire them to think in interdisciplinary approaches.

Most importantly, it takes students through the experience of engaging with various disciplines before they make a choice for their majors. In other words, they choose their majors at the end of first or second year, thus making an informed choice.

JG University proud to host some of the most brilliant minds in the spheres of science, technology, humanities and arts. JG University constantly strives to onboard intellectuals, scholars, academicians, industry experts and thought leaders across the globe.

At JG University, faculty collaboratively work with students on real-life projects, analysing, interpreting the challenges of the future, and deliberate and work to find plausible solutions. They aim to prepare students extensively, building a bridge to enter the chosen profession industry.

JG University is an interdisciplinary space; buzzing with ideas and energy. The intellectual fountainhead of it remains our faculty.

VISION

Enabling students to explore infinite possibilities to become global change leaders with appropriate skills and values.

J.S. UNIVERSITY

info@jsu.ac.in

JS University, Shikohabad is the ‘dream come true’ of Shri Jagdish Singh Ji, through Sri Jagdish Jan Kalyan Educational Trust which is working seriously in the field of quality education for rural area students since long back. Dynamic educationist Dr. Sukesh Kumar working vigorously in expanding the Colleges of this Trust in terms of a well planned University. The State Government under the leadership of Shri Akhilesh Yadav, the Honorable Chief Minister of Uttar Pradesh took cognizance and introduced a Bill to the status of a University in March 2015 and christened it as J.S. University, Shikohabad, Firozabad. Honble Chief Minister proposed, “With a view to encourage infusion of philanthropic capital in private sector to participate in the field of higher education and encourage competition to attract high quality faculty and students and continuously enhance quality it has been decided to establish and incorporate a teaching University by the name of J.S. University, Shikohabad, Firozabad by Shri Jagdish Jan Kalyan Educational Trust, Shikohabad, Firozabad..” We are working hard for this noble purpose. Our motto is (Progress through proper application of knowledge.)

VISION

The J.S. University of UP aspires to be one of India’s most dynamic and vibrant universities, responsive to the changing global trends, providing unparalleled educational opportunities for the learner community especially for those coming from the lower socio-economic strata of society seeking quality education. It proposes to offer innovative undergraduate and graduate academic programmes as well as continuing personal and professional enrichment in selected areas that will lead to the formation of a scholarly community by advancing, sharing and applying knowledge and by facilitating the development of thoughtful, creative, sensitive and responsible citizens.

MISSION

The mission of the J.S. University of UP is to contribute to and work with a sense of Commitment towards the educational, cultural, economic, environmental, health and social advancement of the region and the nation at large by providing excellent undergraduate liberal education and quality programs leading to bachelors, masters, professional and doctorate degrees.

JHARKHAND RAKSHA SHAKTI UNIVERSITY

Mears Road, Ranchi, Jharkhand
Tel : 088735 15026

Jharkhand Raksha Shakti University (JRSU) is a State University located at Ranchi, Jharkhand, India. It was established by the Government of Jharkhand through the Jharkhand Raksha Shakti University Act, 2016. It offers courses in the fields of Police Science and Security Management.

The foundation stone for the university was laid by the Union Minister of Defence Shri Manohar Parrikar on 23 January 2016. The University opened on 4 October 2016 with 179 students on five courses. Union Defence Minister Shri Manohar Parrikar laid the foundation stone of Jharkhand Raksha Shakti University and said strength as well as intelligence is the need of the hour to deal with cyber attacks.

“Strength as well as intelligence is required, because it is the cyber age,” Parrikar said, adding the twin qualities would help in dealing with cyber attacks.

He was addressing a near capacity crowd at Birsa Munda Stadium here after unfurling the country’s tallest and biggest tricolour at Pahari Mandir and laying the foundation stone of Jharkhand Raksha Shakti University on-line.

“With this (laying the foundation stone), Jharkhand has become the third state (after Gujarat and Rajasthan) to have Raksha Shakti University,” Parrikar said.

The Raksha Shakti University, which started in Gujarat a few years ago, offers certificate, diploma and degree courses in the field of police science and internal security.

According to an official statement, the university will be established on 25 acre land near Ranchi and its total intake capacity will be 300 to 500 students every year.

Chief Minister Shri Raghubar Das said that construction work of the university would begin in June/July.

Parrikar said Jharkhand has 50 per cent of the mineral resources of the country, but the state did not progress as it should have.

“The state has given much to the country. And the country will also give (it back) ... I see change will come. Within the next two years the university will start functioning,” he said.

Remembering 1971 war Martyr Albert Ekka, the Defence Minister said that he expects Jharkhand to contribute more to the defence and security services in the country.

JHARKHAND RAI UNIVERSITY

Ashok Nagar

Ranchi – 834002, Jharkhand

Ph No: 0651- 2242139 / +91-97714-46901 / +91-73522-44262

Email: info@jru.edu.in

Jharkhand Rai University has been established under “Jharkhand Rai Univeristy Act, 2011” by Jharkhand State Legislature. JRU a globally-oriented university, has distinctive expertise and insights. JRU aspires to be a bold and dynamic community, with a “no walls” culture and a spirit of enterprise which strives for positive influence and impact through education, research and service.

Jharkhand Rai University is supported by Rai Business School which has already established itself as among the best in management education since 2002. It is known for its academic integrity and intellectual warmth on one hand and its fine blend of cutting edge curriculum, skill building pedagogy and uncompromising learner centricity on the other. Jharkhand Rai University offers Undergraduate and Postgraduate degrees in different disciplines. The University possesses a team of dedicated, highly qualified and industry experienced faculties. As mentors, they provide numerous student-research opportunities at both the undergraduate and postgraduate levels, inspiring students to advance their skills and aspirations.

The University believes that transformative education that nurtures thinking individuals who are alive to opportunities to make a difference, are valued members and leaders of society, and global citizens effective in diverse settings.

High-impact research that advances the boundaries of knowledge and contributes to the betterment of society. Dedicated service, as a university, that adds to social, economic and national development.

The eight key components of JRU’ strategy are:

- Nurture, recruit and retain best quality people, the single most important determinant of the quality of education and research.
- Attract the best students, who are academically strong, and who have passion, commitment, leadership potential and come from diverse backgrounds.
- Provide a high quality educational experience that stretches students, is globally-oriented, and develops skills and values to enable them to reach their full potential.
- Focus on high impact research that advances knowledge and its application, and which is of high international quality and impact.
- Inject a spirit of enterprise into education and research, and develop impactful synergies in education, in research, and between education and research, within a dynamic “no-walls” environment.

Website : <http://www.jiwaji.edu>

Jiwaji University Gwalior came into existence on May 23, 1964, through M.P. Govt. Ordinance no. 15 of 1963. Late Dr. Sarvapalli Radhakrishnan, the then President of India, laid the foundation stone on 11th December 1964 at a sprawling campus of over 225 acres of land at Naulakha Parade ground.

This was a generous contribution of Scindia family, in particular Kailashwasi Maharaja Shrimant Jiwaji Rao Scindia and late Rajmata Shrimati Vijayaraje Scindia. The institution was christened after the name of Kailashwasi Shrimant Jiwajirao Scindia as a standing memorial to his persona. The motto of the university is embedded in its logo Vidyaya Prapyate Tejah.

It is now almost forty seven years that University has witnessed a logarithmic phase of growth. It has also seen the strides that can parallel to any other national/ international academic institutions.

The university fraternity has contributed with full strength for the growth of this institution which is flourishing and fragrant in the tough terrain of Chambal and Gwalior region and promoting the higher education for the better quality of life of the people.

During the IX-Plan, the University volunteered for assessment and accreditation by National Assessment and Accreditation Council (NAAC) of UGC.

The committee has appreciated the approach of inter-disciplinary teaching, extra curricular activities, health and public awareness programs, healthy student-teacher relations, transparent admission procedure, cosmopolitan student profile, judicious use of resources and quality of research.

The university has been accredited with "FOUR STAR" status. The university has now once again preparing for NAAC accreditation. The UGC XI plan committee has also appreciated the performance of the university at various fronts.

JODHPUR NATIONAL UNIVERSITY

www.jodhpurnationaluniversity.com

Website : <http://www.jodhpurnationaluniversity.com>

Education not merely means getting diploma/degree in any field of academics, but it explains the process of learning and getting knowledge of various skills that should be relevant to their respective field and worthful for the society/mankind.

Sh. Kamal Mehta a man working in the field of Banking and Finance since 1998 and C.A. by profession laid down the foundation stone of Jodhpur National University to meet the needs of people of Rajasthan in the field of professional and technical education. Recognition of various courses with various councils, top class infrastructure, reputed faculty, brilliant students, intensive corporate interaction, University toppers, GATE ranks, placement-hi-tech-personality enhancement teaching and academic environment encouraged us to establish an University.

This University will be committed to “Ready to work” culture, placement, multi- skilling, influencing practice and promoting value based growth. The University will emphasize skill and attitudes as much as knowledge of developing indigenous learner centric pedagogic technologies and adopting practices from elite institutions. It will try to integrate education with action oriented research, group dynamics, customized practice exercises. Two pillars on which rest the edifices of our educational pedagogy and development are social relevance and responsiveness, concurrent co-operation and competition.

The University will ensure the completion of course in a fixed time frame, hi-tech teaching material, quick response to technological changes, cultivating the brilliancy among student and interactive faculty.

The University will have 4-tier educational process: ie. Research, Post graduate courses, under graduate courses, P.G. diploma and certificates in Engineering, Technology, Management, Pharmacy, Dental, Law, Computer Applications, Applied Science and education sectors.

The University will provide interaction with highly qualified and dynamic faculty of 132, faculty has published 58 research paper, 20 books in a very short period. Faculties are equipped with 79 labs, 137 journals and 26000 state of the art library books. A 31 acre campus with hospital, transportation, residential accommodation, bank with ATM facility, and modern hostel facilities.

JUNAGADH AGRICULTURAL UNIVERSITY

Junagadh - 362 001, Gujarat

Phone: (Office) +91-285-2671784, +91-285-2672346

Fax: +91-285-2672004

E-mail: vc@jau.in registrar@jau.in

Website : <http://www.jau.in>

The College of Agriculture, Junagadh started functioning in the month of June, 1960. The college was affiliated to Gujarat University, Ahmedabad from its inception till the year 1967. Subsequently, on inception of Saurashtra University in 1968 at Rajkot, the affiliation was transferred to it. The Gujarat Agricultural University was established in February 1972 with the Statewide mandate for the triple function of Agricultural Education, Research and Extension Education. For strengthening of these activities at regional level, the Gujarat Agricultural University is separated in to four different Agricultural Universities in the State by Gujarat Agricultural University Act-2004. Junagadh Agricultural University is one of them, which came in to existence from 1st May, 2004. The university represents eleven Districts viz., Amreli, Bhavnagar, Jamnagar, Junagadh, Porbandar, Rajkot, Surendranagar, Devbhoomi Dwarka, Gir Somnath, Botad and Morbi historically known as Saurashtra, covering about 32.82 per cent area of the Gujarat State. The region is endowed with 788 kms of sea coast stretching all along from gulf in the north west through the Arabian sea in the South up to the Gulf of Cambay in the east. The university is functioning in a typical Arid and Semi Arid type of climate in the state. Hence, drought, erratic rainfall, low fertility and salinity ingress are the major constraints limiting productivity and prosperity of the agriculture of this region. The major crops grown in the region are oilseeds (groundnut, sesame, castor), cotton, bajra, wheat and spices followed by mango and sapota among fruits. Saurashtra is the home of famous breed of cattle, cow (Gir), buffalo (Jafrabadi), goat (Zalawadi) and horse (Kathi).

Junagadh Agricultural University offers education in agriculture and allied sciences i.e., Agriculture, Agricultural Engineering, Fisheries, Veterinary Science & Animal Husbandary and Agri Business Management. The teaching set up in the university consists of five faculties viz., agriculture, agricultural engineering, fisheries, veterinary science & animal husbandary and post graduate studies. The post graduate level studies are also offered in agriculture and agricultural engineering according to the intake capacity of the various faculties. The College of Agriculture was established in 1960 and the College of Agricultural Engineering & Technology at Junagadh was established in 1984 at the Junagadh. Whereas the College of Fisheries Science was started in 1991 at Veraval. The Polytechnic programmes in Horticulture, Agro Processing and Animal Husbandary at Junagadh, Agriculture at Dhari, Home Science at Amreli, Agril. Engineering at Targhadia are run by this university.

In addition to these Diploma course on Agriculture at Halvad and Certificate courses on Bakery and Mali trainings at Junagadh are also run by this university. Agro based ITI centres each at Junagadh and Mahuva are also run by this university.

Mobile : 9938290208, 9437862698

Email : vc@kalahandiuniversity.ac.in

registrar@kalahandiuniversity.ac.in

The University started as Kalahandi Science College from 18th July 1960 continued as a Pvt. College till 30.11.1961 was taken over by the Government of Orissa on 01.12.1961. It was then renamed as Govt. Science College, Bhawanipatna. The +2 Wing of the institution started in the year 1982. With its vertical academic growth the College was conferred with Autonomous Status in 2002. On 01.09.2020 it upgraded to an affiliating university, named as Kalahandi University, Bhawanipatna.

The University is situated in the KBK (Kalahandi-Bolangir-Koraput) region, one of the most backward regions of the Country. It caters to the hopes and aspirations of the vast tribal populations of the area as a Temple of learning for Higher Education. At present, this College with its head high stands as one of the front ranking institutions in Odisha. It serves this backward region as well as the country eagerly to keep the eternal flame of learning, knowledge and competence ablaze so that the young aspiring minds of this locality prepare themselves to serve the country at large.

The University offers a variety of courses at different levels. Besides Arts, Science and Commerce at Higher Secondary and Degree levels this institution also offers MA, M.Com and M.Sc. in 16 different subjects. Also on the offer is a self-financing degrees course in Computer Science.

KALAKSHETRA FOUNDATION

Kalakshetra Road, Thiruvannamiyur
Chennai- 600041, Tamil Nadu
Phone: 044 2452 0836

Kalakshetra, as the name suggests, is a centre for artistic endeavour. Founded in 1936 by the vibrant visionary Rukmini Devi Arundale, the Institution stands testimony to her dream of creating a space where the essence of Indian thought would find expression through artistic education. An institution she established with the vision “of imparting to the young the true spirit of Art, devoid of vulgarity and commercialism.” Spread over almost 100 acres by the seashore in Chennai, the Kalakshetra Foundation, as it is known today, is a vital centre for the study and performance of fine arts, envisioned and designed with the style and proportion of Indian aesthetics. It was recognised by the Government of India as an Institute of National Importance by an act of Indian Parliament in the year 1993 and is now an autonomous body under Ministry of Culture, Government of India. Though it had its genesis in the estate of the Theosophical Society (which formed the bedrock of the institution’s philosophy), by the very nature of the work it was intended for, Kalakshetra moved to its own space – what is now a sprawling, sylvan 99 acre campus by the seashore in Thiruvannamiyur, Chennai. Rukmini Devi along with her trusted aides, faced the challenge of moving campus with the resolve and energy she was so well known for, saying “Even if I have to start with only one acre and gradually add half acre by half acre...we must erect our own buildings, studies, theatres, a hostel...all very simple and yet beautiful.”

Encouraged by her husband, Dr. George Arundale, Rukmini Devi had acquired land in the village of Tiruvannamiyur, a short distance away from the Theosophical Society. In 1951, a sapling of the great banyan tree in the Theosophical Society’s grounds was planted at Tiruvannamiyur. The new campus was consolidated in the years that followed until it covered one hundred acres beside the sea. Gradually, other trees were planted on the sandy stretches of land. Rukmini Devi and her associates undertook the Herculean task of finding the funds and the energy to build up the institute once again. They built roads, planted trees, found committed architects, engineers and building material during a period of shortages, to create a sylvan oasis of art and education. By the year 1962 Kalakshetra had moved into its new home, a campus that reflected (and continues to reflect) its founder’s dream, bringing to the institution its own unique identity.

In 1993, the Government of India deemed Kalakshetra an Institute of National Importance by an Act of Parliament. However, Kalakshetra’s challenge today is to preserve the aesthetic essence of its founding while continuing to move ahead and evolve, to usher in modernisation and artistic exploration while adhering to the spirit of its founding. Because, Kalakshetra, to those who have passed through its portals, is far from being just another school or institution. Kalakshetra is a grammar that helps its students not only to be able to perceive the beauty of art, but to carry its fragrance within them through their life. A grammar that is secretly embedded in the green trees and natural ponds, in the handloom fabric and adherence to meticulous hard work....the rationale for walking barefoot on mud paths and learning under the banyan.... an aesthetic hidden in the appropriateness of living, hidden in romancing the sunrise over the ocean.

‘KAUSHALYA’ THE SKILL UNIVERSITY

Temporary Campus
Mahatma Gandhi Labour Institute (MGLI),
Drive-in-Road, Memnagar, Ahmedabad-380052
Contact : 079-4001-3700 / 079-4001-3704

Website : <https://kaushalyaskilluniversity.ac.in/>

Established by a legislation of Government of Gujarat in October 2021, One-of-its-kind Affiliating State University.

Our Vision

To promote skill based education, training and entrepreneurship development in an integrated manner and to offer education with Skills to every youth in the state.

Our Mission

- To address 21st century skill gaps with skilling, re-skilling and up-skilling of youth in the spirit of NEP 2020.
- To follow global skilling benchmarks & standards..
- To maximize reach and coverage through affiliated Skill Institutes like Centre of Excellence (CoEs) and other institutions.
- To integrate skill with higher Education through transfer of academic credit earned from skill programs
- To facilitate research in emerging areas of Primary, Secondary and Tertiary industry of State and to raise overall skill level.

Some of the Objectives of Kaushalya – The Skill University

- To emerge as one of the foremost University of quality in skill education and training recognized by industries - nationally and internationally.
- To develop the knowledge of technology, management and environment for the advancement of the quality of life of mankind in general and in relation to the domains of skill education and training.
- To create infrastructure of global standard for education, training and research in the areas related to skill development.
- To promote skill education in an integrated and holistic manner with higher education to ensure pathways for progression and mobility.
- To exchange expertise and best practices in support of skill development efforts with any other national or international college, institution, organization, universities etc.
- To develop qualified candidates with skill proficiency and competency at different levels as per National/State qualification framework of skill education.
- To provide inter-relationship for national and global participation in the fields of science, technology and management in relation to the domains of skill development and allied fields.
- To establish close linkages with industry to make teaching, training and research at the University relevant to the needs of the society - at national and global levels.

K.K. MODI UNIVERSITY

Help Desk : +91 8084644855, 7091193009

Website: www.kkuniversity.ac.in

E-Mail: kkunalanda@gmail.com

The K. K. University (KKU), established under the Bihar Private Universities Act 2013 and passed by the Cabinet of Government of Bihar in its meeting held on May 16, 2017 has been notified vide 15/M 1-38/2014-1147 dt. June 8, 2017.

The Samajik Kalyan Sanstha as its sponsor aims at providing quality education in the fields of sciences, humanities & social sciences, paramedical, engineering, commerce and management, pharmacy, etc by establishing appropriate infrastructure suitable to the spread of higher education (HE), vocational education & training (VET), and industry specific employment oriented programmes for the development of trained manpower at various levels enabling overall growth of Bihar ,and also, help India establish global linkages as supplier of trained human resources across the world.

The Vision of the University is to ensure “Excellence in Higher Education”. The Motto of the University lies in its vision, namely, “Knowledge, Skills and Wisdom”.

Vision

A Centre of Excellence with vibrant academic activities to motivate youth to the world of knowledge, skills and Science & Technology with focus on the development of the state, the region and the nation.

Mission

To impart quality education in the fields of Engineering, Science & Technology at Under-graduate as well as Post-graduate levels with special attention to encourage innovation and academic excellence in these fields.

To engage in creation of knowledge, development of technologies, and R&D activities.

KHONGNANGTHABA UNIVERSITY

Khurai Salanthong Chaithabi Leirak,

Imphal, Manipur 795010

Website : <https://www.khongnangthabauniversity.org>

The Khongnangthaba University was established with the approval of the government of Manipur under the provision of Manipur private university Act 2021. Under the Act No-6 of 2021. Gazette File No2/3/2021/Leg./L Dated 23rd Feb. 2021. To promote and foster the traditional knowledge and its value which was the basic foundation of the civilisational process of every social life is also an inseparable part of the education system.

In the background of this basic perspective the idea of the establishment of the 'Khongnangthaba University' was conceived on the conceptual platform of one Lourembam Khongnangthaba, a legendary personality of high profile (Chingu/Maichou) who vehemently advocated for the protection and promotion of the identity and importance of the traditional knowledge and its value. The basic objective of this educational institution is to make a consistent attempt to explore and foster the value of traditional knowledge both in social and technical scientific temperament with positive transformation and interpretation within the framework of national educational curriculum. Apart from this the institution aims to provide and extend facilities for the promotion of an academic environment to create a platform for the growth and strengthening of the degree of the quality of skill and intellect by exploring the traditional expertise and resources through the intensive research work.

The identity of the nation can be distinctively manifested only when the value of the traditional knowledge is fully explored. But the education system introduced during the British Colonial period and its subsequent continuous process has produced a catastrophic effect towards the promotion of the knowledge of the traditional value of the oriental social life particularly of the small society like Manipur. The present framework of the structure of the education system has not given enough and proper space to impart the importance of the value of the knowledge of oriental outlook to the young blood of the society through the platform of the education. Now after having a long experience of its merits and demerits the people began to assert for the promotion of the traditional knowledge and its concept of oriental outlook in the tune of the ongoing developmental process of modern social life with new interpretation through the academic curriculum.

KONERU LAKSHMAIAH EDUCATION FOUNDATION

Greenfields, Vaddeswaram
Guntur District – 522502, Andhra Pradesh
Tel : 0866 – 2577715, Fax : ,08645 - 247249
Email : vc@kluniversity.in, registrar@kluniversity.in
Website : <http://www.kluniversity.in>

The Koneru Lakshmaiah Charities was established as a trust in the year 1980 with its official address at Museum road, Governorpet, Vijayawada, Andhra Pradesh – 520 002 and started KL College of Engineering in the Academic year 1980-81. The Trust was converted into a Society by the name Koneru Lakshmaiah Education Foundation in the year 1996.

The KL College of Engineering has attained autonomous status in the year 2006 and in February 2009, the Koneru Lakshmaiah Education Foundation Society was recognized as Deemed to be University. In short Koneru Lakshmaiah Education Foundation is named as K L University. Vijayawada is located on the banks of river Krishna in the state of Andhra Pradesh and has been historically a cultural, political and educational center.

The city is well connected by National Highway and Rail with Chennai (440 km), Hyderabad (275 km), Vizag (385 km) and is a central junction for trains running from North to South India. Daily flights operate from Hyderabad and Bangalore.

K L University is situated in a spacious 100-acre campus on the banks of Buckingham Canal of river Krishna, eight kilometers from Vijayawada city. Built within a rural setting of lush green fields, the institute is a virtual paradise of pristine nature and idyllic beauty.

The campus has been aptly named "Green Fields" and the splendid avenue of trees and gardens bear testimony to the importance of ecology and environment.

The campus ambience is most befitting for scholastic pursuits. The University has been situated on a built up area of around 15, 00, 000 S. Ft.

Vision :

To be a globally renowned university.

Mission :

To impart quality higher education and to undertake research and extension with emphasis on application and innovation that cater to the emerging societal needs through all-round development of students of all sections enabling them to be globally competitive and socially responsible citizens with intrinsic values.

K.R. MANGALAM UNIVERSITY

Sohna Road, Gurgaon, Haryana

Phone No: +91-8800697010-20

Landline No: 0124-2867800

Email: welcome@krmangalam.edu.in registrar@krmangalam.edu.in

The K.R. Mangalam Group has made a name for itself in the field of education. Over a period of time, the various educational entities of the group have converged into a fully functional corporate academy. Resources at KRM have been continuously upgraded to optimise opportunities for the students. Our students are groomed in a truly interdisciplinary environment wherein they develop integrative skills through interaction with students from engineering, psychology, journalism and media study streams.

The K.R. Mangalam story goes back to the chain of schools that offered an alternative option of world-class education, pitching itself against the established elite schools, which had enjoyed a position of monopoly till then. Having blazed a new trail in school education the focus of the group was aimed at higher education.

With the mushrooming of institutions of Higher Education in the National Capital Region, the university considered it very important that students take informed decisions and pursue career objectives in an institution, where the concept of education has evolved as a natural process.

K.R. Mangalam University was founded in the year 2013 by Mangalam Edu Gate, a company incorporated under Section 25 of the Companies Act, 1956.

- Enduring legacy of providing education to high achievers who demonstrate leadership in diverse fields.
- Protective and nurturing environment for teaching, research, creativity, scholarship, social and economic justice.
- To impart undergraduate, postgraduate, and doctoral education in identified areas of higher education.
- To undertake research programmes with industrial interface.
- To integrate its growth with the global needs and expectations of the major stakeholders through teaching, research, exchange & collaborative programmes with foreign, Indian Universities/Institutions and MNCs.
- To act as a nodal center for transfer of technology to the industry.
- To provide job oriented professional education to the Indian student community with particular focus on Haryana.

KADI SARVA VISHWAVIDYALAYA

Website : <http://ksvuniversity.org.in>

Kadi Sarva Vishwavidyalaya is a University established vide Gujarat State Government Act 21 of 2007 in May 2007 and approved by UGC (ref F. 9-18/2008(cpp-1) March 19,2009).

The University has been setup by Sarva Vidyalaya Kelavani Mandal, a trust with more than 90 years of philanthropic existence to achieve the following objectives:

To provide need based education and develop courses of contemporary relevance.

To be a University of excellence by providing research based activities which would foster higher economic growth.

To provide education to all irrespective of caste, creed, religion etc.

"Sarva Vidyalaya Kelavani Mandal" - the trust which has been in existence for more than nine decades is a well reputed prestigious educational trust in North Gujarat.

The alumni of Sarva Vidyalaya Kelavani Mandal has managed and nurtured the trust to its present eminence.

The trust was formed in 1919, and commenced its activities with a school and student residential "Ashram" at Kadi in 1921 through the generous donations from the society and through the visionary efforts of "Chhaganbha" who is the establisher of the Mandal.

It also promotes individual and collective research by the faculty and the scholars. The students of the University have the distinction of becoming active part of the HR of the corporate world. The University is committed to meet the augmented demand in the expansion of specialized courses form time to time, and is striving hard to provide appreciable scholastic activities to the increased number of students.

Since its establishment in 1976 several steps were taken for the overall development of the infrastructure facilities in order to cater to the requirements of both faculty, staff, students and research scholars. The vast area of 650 acres of land is being used effectively and efficiently for the developmental activities from the available sources and funds from the UGC, State Government and other sources. The various departments on the campus are well accommodated in different buildings of their own with lawns. They have well-ventilated classrooms with audio-video facilities, seminar halls, computer labs, and faculty rooms. The laboratories in the science departments are equipped with the ultra modern scientific instruments to accelerate effective research. The faculties of all the departments, with 248 teaching staff and 622 non-teaching staff, are committed to and well versed in their respective subjects. They have excelled in imparting quality education and also represented their respective departments in many National and International Seminars and brought laurels to the University for their excellent research.

Kakatiya University is located in the historical town, Warangal, erstwhile seat of the Kakatiya rulers and an important town in north Telengana Region. It has completed 25 years of its existence. The University originally established as a post-graduate college in 1967 with 4 departments has grown enormously during these 26 years extending its jurisdiction to cover the four economically backward Districts of north Telengana region, namely Adilabad, Karimnagar, Khammam and Warangal. The University Post Graduate Centers at all the District headquarters and at Kothagudem, Nirmal and Godavarikhani have become full-fledged colleges and are efficiently fulfilling the academic needs of socio-economic backward region of rural Telengana under the jurisdiction of the University. The University is offering about 120 programs at Undergraduate and Postgraduate level in the Faculties of Arts, Science, Commerce and Business Management, Social Sciences, Education, Engineering and Pharmaceutical Sciences with 180 constituent and affiliated colleges spread over four Districts of Telangana, India.

Karnavati University (KU) is a State Private University dedicated to excellence in teaching and focused on interdisciplinary learning. Located in Uvarsad near Gandhinagar, KU was granted Private University status in March 2017 by the state of Gujarat through the Gujarat Private Universities Act, 2017.

Karnavati University has been strategically built on the legacy of success presented by Karnavati Dental College and Unitedworld Group of institutions in providing quality education. Banking on our experience, we have single-mindedly committed ourselves, to innovatively design course curriculum vetted by industry experts and applied with complete dedication to achieve academic excellence. Our endeavor has been rewardingly accepted through professional accreditations and validations of programs giving further assurance that these degrees meet recognized national standards.

Vision is to make Karnavati University a name to reckon with in the academic fraternity by giving a strong impetus to creating an environment of knowledge application and holistically inspiring students to become eminent leaders of tomorrow. The quality benchmarks are applicable to our faculty selection, infrastructure and systems that are set to manage the organization. We are prepared to accept new challenges and make our University a world-class educational center of knowledge.

KIIT UNIVERSITY

KIIT Road, Chandaka Industrial Estate, Patia

Bhubaneswar- 751 024, Orissa

Tel : 0674-2725171/2725481, Fax : 0674-2725453

Email : vc@kiit.ac.in, registrar@kiit.ac.in

Website : <http://www.kiitee.ac.in>; <http://www.kiit.ac.in>

KIIT University, formerly Kalinga Institute of Industrial Technology, is a co-educational, autonomous university located at Bhubaneswar in the Indian State of Odisha.

The University offers under-graduate and post-graduate courses in Engineering, Biotechnology, Medicine, Management, Law, Computer application, Rural management, Fashion, Film Studies, Journalism and Sculpturing. It was one of the youngest institutions to be awarded the deemed university status (under the section 3 of UGC act 1956) in India and then the university status in 2004 and is recognised by Limca Book of Records. KIIT college of engineering has been ranked 5th amongst all National Level Self Financing Universities in India and Kalinga Institute of Medical Sciences (KIMS), a constituent of KIIT University, features among top 30 medical colleges of the country, according to a survey by Mumbai-based Mainline Media, The Pioneer in 2012. It has been ranked 18th among private engineering institutes and 7th in placement in 2008 by Outlook India. KIIT School of Management has been nominated as the mentor institution by AICTE for conducting faculty development programme in eastern India.

KIIT was established in 1992 as an Industrial Training Institute with only 12 students and 2 faculties. This institution was the brainchild of Pradyumna Bal, Achyuta Samanta, C.R. Mishra, P.K. Mishra, D.N. Dwivedy & B. Rath who had altogether envisioned a profound center of learning in India and so pursued to lay the foundation of KIIT. In 1997, the School of Technology and the School of Computer Application was established. In 2004 it was conferred the status of university, becoming the youngest institute to get university status in India and entered the Limca Book of Records. School of Biotechnology, School of Rural Management, School of Medicine and KIIT Law School were started in 2007.

In 2009, five new schools, School of Mass Communication, School of Fashion Technology, School of Film Studies, School of Tourism and Hospitality Management and School of Sculpture were established. However, later the School of Mass Communication and School of Film Studies were merged to form School of Film and Media Studies, while School of Sculpture was renamed as School of Fine Arts and School of Tourism and Hospitality Management was discontinued. Kalinga Institute of Medical Sciences and Kalinga Institute of Dental Sciences came under the ambit of KIIT University in August, 2009. In 2013, three new schools were established - School of Architecture, School of Leadership and School of Sports. Currently more than 12000 students are enrolled in various courses of the university.

The Kalinga University, a premier institution of teaching and research in the country, was established as a Statutory University under the provisions of Chhattisgarh Private University (Establishment and Operation) Act 2005 (No13) of 2005 as amended under the schedule of Amendment Act Vide (No. 2) of 2008. The Kalinga University received the accent of Honourable, the Governor of Chhattisgarh on 25th March 2011 vide Gazettee Notification No. 2260/D-73/21-AP.CG dated 24/03/2011. The University is duly listed as a State Private University under Section 2(f) of the UGC Act, 1956. The University offers the highest quality academic experience and expect the students to excel with emphasis on originality. The University's outstanding and responsive support services will be actively available to the students right from the start of the transition to University life until the end of entire studies, training and research. The academic standards are high. The glorious leafy campus, which is, arguably, unparalleled in the country, provides a backdrop to the students' day to day life and study.

The programs of the University focus on building depth of understanding, capacity for interdisciplinary learning and research, analytical skills, critical thinking and communication in an atmosphere of academic freedom and integrity.

The University encourages the students to challenge and stretch themselves in ways they might not yet think possible. Their degree from Kalinga—combined with the huge variety of opportunities and activities on offer here and with the experience of this vibrant city will transform their sense of their own possibilities as a highly employable person and as a responsible citizen. Kalinga University is dedicated to nurture students who will contribute to society by advancing knowledge and imparting it to new generation of students. In a world where change is inevitable, only one thing is certain i.e Knowledge. It will surely be a key resource and will be highly sought after, within India and around the globe. The focus is to generate the intellectual property which will create new jobs and to educate and train people to work in fields having potential for growth of their specialized knowledge and for their ability to research, communicate and solve problems. The University hopes to play a central role in making your experience as productive and rewarding as possible. Looking around the University's beautiful and peaceful campus, it is easy to nurture the creative buds of the students so that they can open their wings and can fly high to achieve greatest heights. As this University believes it is possible for each and every one of us to make a difference with this University's efforts and vision.

KALINGA INSTITUTE OF SOCIAL SCIENCES

10, K.I.S.S. Bhubaneswar – 751024, Odisha, India

Email : ceo@kiss.ac.in, info@kiss.ac.in, dwiti.vikramaditya@gmail.com

Phone : +91 674 2725386 / +91 94371 73860

Website : <http://www.kiss.ac.in>

First Tribal University in the World Kalinga Institute of Social Sciences (KISS), a sister-concern of Kalinga Institute of Industrial Technology (KIIT), has been granted the deemed university status by the Ministry of Human Resource Development, Govt. of India vide its Letter No. F.9-14/2011-U-3 (A) dated 25/08/2017. It has become the first tribal university in India and in the entire world.

KISS, based in Bhubaneswar, Odisha, India, has been declared a Deemed University under De-novo category. The University will introduce seven new innovative departments in the first phase to provide impetus to research on tribal studies and help KISS achieve a place of prominence in tribal education and research worldwide; the Deemed University status has been granted with this hope. As before, students of KISS University will get residential education absolutely free of cost.

KISS Deemed University is supposed to be the first University in the world exclusively for tribal students and tribal studies, which is fully free and fully residential. Kalinga Institute of Social Sciences (KISS) was founded by Prof. Achyuta Samanta in 1992-93 in a rented building in Bhubaneswar with only 125 poor tribal students. It underwent massive growth with gradual increase in the student strength. At present, student strength of KISS has touched 37,000 (27,000 existing students and 10,000 graduated). Sixty percent of them are girl students.

In addition to the formal education from Class I to Postgraduate level, a wide range of vocational skills are imparted to the students. Besides implementing the United Nation's Sustainable Development Goals in the true sense, KISS has been able to bring about much needed social changes in the tribal hinterland of Odisha and its neighbouring states.

KISS, through its 37,000 students who come from as many families in different villages across the state, is indeed transforming the tribal mind-set and helping them join mainstream society.

KALOJI NARAYANA RAO UNIVERSITY OF HEALTH SCIENCES

Nizampura, Warangal, Telangana - 506007

Tel : 0870 2454555, 0870 2454555

Under the able-guidance of Hon'ble Health Minister Sri Ch.Laxma Reddy garu and Special Chief Secretary Sri Rajeshwar Tiwari I.A.S. garu, all necessary approvals have been obtained from the Medical Council of India, Dental Council of India, Central Council for Indian Medicine, Central Council of Homeopathy and Indian Nursing Council University of Health Sciences started functioning from the academic year 2016-17 from a small renovated block in the Kakatiya Medical College campus. All colleges which were affiliated to Dr.NTR UHS were dis-affiliated and affiliated to KNRUHS from 01.06.2016 vide G.O.Ms No. 05 HM&FW Dept. (CI) Dept Dated: 09.02.2016. KNR University of Health Sciences is functioning as an affiliating University offering Under Graduate, Post Graduate, Super Specialty, Doctoral and Post Doctoral Courses in the following branches of Health Sciences.

- Allopathy (Modern Medicine)
- Dental Surgery
- Homeopathy
- Indian Systems of Medicine:- Ayurvedha, Naturopathy and Unani
- Para Medical Courses:- Nursing, Medical Lab Technology and Physiotherapy

MPH(Indian Institute Of Public Health) & MSc-Nutrition(NIN) and Fellow-ship courses in various institutions are also affiliated to KNR UHS, Warangal.

One of the objects of the establishment of State Health University is to have uniform policies of admissions, curriculum, examinations and to encourage research in Health Sciences thereby achieving the goal of improvement of health care delivery to the people of Telangana State. KNR University of Health Sciences is striving to expand its activities including curriculum development and research development in all systems of Health Sciences.

KAMDHENU UNIVERSITY

Krushibhavan, Sector – 10A, Block – B
Podium Level, Gandhinagar – 382 010
Gujarat
Tel. : 079-23256187, Mobile : 9825090032
Email : jagdishmahera@yahoo.com

Established in July 2009, Kamdhenu University is a State University of the Government of Gujarat. Headquartered at Gandhinagar, this University conducts Certificate, Diploma, Undergraduate, Graduate, Post Graduate Diploma, Master's and Doctoral Programmes.

Kamdhenu University has a Dairy Science College at Amreli and a Polytechnic for livestock at Himmatnagar.

Kamdhenu University has decided to establish a Post Graduate Institute on the lines of National Institutes like Indian Veterinary Research Institute (IVRI) and National Dairy Research Institute (NDRI) in the fields of Veterinary Science, Animal Husbandry, Dairy Technology, Fisheries and Allied subjects.

Kamdhenu University is in the process of establishing a Livestock Research Station for the conservation of indigenous breed of cattle, buffalo, small ruminant (sheep and goat), horse etc.

Kamdhenu University is encouraging the educated youth and the progressive farmers to join research and development in advanced methods of farming and animal husbandry. Efforts have helped the State's Milk Industry grow by 68% which was possible because the success stories of cattle owners were widely publicized.

The Government of Karnataka through the Kannada University Act 1991 established Kannada University, Hampi, in 1991. Though the University was established in 1991, the demand for such a University was there in Karnataka since the mid 1980s. The Government of Karnataka established a commission under the chairmanship of Sadashiva Wodeyar to look into the demand.

This Committee after consulting various intellectuals, education experts, political thinkers, social activists, literary personalities and representatives of people came out with a report and recommended the establishment of the much-needed Kannada University.

Kannada University is located near Hampi, an historical place. The very name HAMPI evokes mythological and historical memories. People lived here since the Stone-age as it is evident in the cave paintings left here by the Stone-age people for posterity. Historically this place has been the abode of many religions - Buddhism, Jainism, Virashaivism, Vaishnavism, Islam and many popular religious cults like Huligemma cult, Galemma cult, Mylaralinga cult, Balabasava cult which exist to this day.

This has been an important place for many kingdoms like Hoysalas, Sindhs, Kapilas, not to speak of the Vijayanagara kingdom which originated here and reigned over most part of South India for more than three centuries.

Vijayanagara Kingdom has also been the icon of Kannada identity and has inspired the Karnataka unification movement, symbolically representing unified Karnataka. Hampi has also been the abode of many a well-known Kannada poets like Harihara, Raghavanka, Kumaravyasa and Purandaradasa. Hampi is the treasure house of Indian architecture and has been recognized by UNESCO as a World Heritage Center.

The University moved from the stonemantapas of Hampi, where it was located initially to the present campus, Vidyaranya, in 1994. It also now has two more satellite campuses: one in Badami, an historical place, where the Department of Sculpture and Visual Arts is located; and the other at Kuppalli, the birth place of the poet Kuvepmu, where the Kuvempu Research Centre is located.

KANYASHREE UNIVERSITY

Krishnagar Government College Campus, Krishnagar

Dist.- Nadia-741101, West Bengal

Phone : +91 92339 91522

Email : kanyashreeuniversity@rediffmail.com

Kanyashree University is a Women's University in Krishnanagar, Nadia District, West Bengal. Established in 2020, it will impart education in humanities and basic sciences.

Vision of the University

Kanyashree University is wedded to the ideals of women's empowerment and social progress. Our university is animated by a grand vision of fostering the educational, social, scientific and pragmatic development of women in particular and society in general. We seek to transform society and facilitate progress by empowering women in every sphere of life through proper education and development of skills. We will preserve and promote our rich cultural and artistic legacy, ensure it endures through the ages, burnished by the contributions of future generations of scholars, artists and nation builders. We see young girls as a powerhouse of energy, full of promise and brimming with potential, which we will help them unleash so they can live up to their dreams and lead rich, fulfilling lives. It is women who give birth, who bear the next generation. By empowering women and honing their talents so they can shine in life, we will create a better world, where men and women alike can be their best.

Mission of the University

1. Provide world-class education
2. Bring the world closer together through exchange programmes with institutions in India and abroad.
3. Facilitate a holistic teaching-learning environment
4. Preserve and promote our cultural heritage
5. Empower women through development of skills
6. Develop ICT-supported infrastructure for online learning
7. Use modern techniques of teaching and learning
8. Encourage sustainable behaviour
9. Institute self-defence programmes and encourage practice of yoga
10. Nurture talent and ensure personality development
11. Participate in social service
12. Eradicate social evils and stigmas
13. Promote physical and mental health
14. Foster inclusiveness

KARNATAKA FOLKLORE UNIVERSITY

Gotagodi, Shinggon Taluk
Haveri District - 581 205, Karnatka
Tel. : 0836-2255180
Email: kajavivi@gmail.com

Karnataka Folklore University is established with a specific objective of providing in greater platform in Folklore Studies. Karnataka Janapada Vishwavidyalaya was established in 2011 by an act, The Karnataka Janapada Vishwavidyalaya Adhiniyama 2011, of the Government of Karnataka to fulfill the long felt desire of folklorists of Karnataka and to develop Kannada folkloristics on scientific principles. Karnataka Janapada Vishwavidyalaya was established in 2011 by an act, The Karnataka Janapada Vishwavidyalaya Adhiniyama 2011, of the Government of Karnataka to fulfill the long felt desire of folklorists of Karnataka and to develop Kannada folkloristics on scientific principles. The University is located at Gotagodi in an idyllic surrounding, in a transitional geographic setting between the leeward of the picturesque Sahyadri range to the west and the rolling plain of Northern Maidan on the east. The campus is located in the revenue limits of Shiggavi Taluk, Haveri District, Karnataka. There can be no doubt that this university will bring to perspective the vibrant folk culture of Karnataka to topmost level of visibility among all other cultural forms of Karnataka and bring to fruition the meaningful initiative of the Government of Karnataka. At present in the whole of Asia this is the only university providing advanced teaching, learning and research opportunities to students of folklore and it has a commitment to excel in translating its vision and mission into reality.

Establishment of this university has certainly added a new dimension to higher education in Karnataka, worthy of emulation by other linguistic states of India, as the next frontier of inclusive studies of Kannada culture. There is an urgent need of exploring the traditional art and cultural glory through research and it is needed to disseminate the abundant skill of specific arts, embedded in the life of the people of our land. There is an ample treasure of knowledge which is yet to be unveiled for the purpose of utilization. At this juncture the Folklore University is established.

Vision

Karnataka is a land of a myriad of aboriginal communities that have colonized a diverse variety of ecosystems from time immemorial. While practising distinctive life-ways, such as hunting-gathering, fishing, nomadic and settled pastoralism, incipient and developed food producing, as a successful means of adaptation, have given rise to distinctive cultural lore that has been handed down through successive generations. These communities are at various stages of acculturation. Besides this, urbanized communities also share rural and urban space and have preserved distinctive forms of art and craft tradition. Inter-gradation between tradition and modernity is imperceptible. Under the large umbrella of Kannada identity, the rich folklore reveals distinctive elements that need to be documented and systematically studied for posterity.

KARNATAKA SANSKRIT UNIVERSITY

Chamrendra Sanskrit Mahapathshala

Bangalore-560018

Tel : 080 26705387

Email: registrarksu@gmail.com; karnatakasanskrituniversity@gmail.com

Karnataka Samskrit University has been formed exclusively for the development of Samskrit language. Samskrit has a hoary, glorious, scientific, literary, cultural tradition and heritage. Its contribution in the area of Prose, Poetry, Drama, Dance, Sculpture, Paintings, Fine arts, Medicines, Philosophy and other allied areas is far more extensive and lasting than has been realised by the Indian scholars till today.

The university was established in 2010 with great efforts by the Kanataka Government. The study of Samskrit language and literature was greatly encouraged by the kings of Mysore.

There are 31 Samskrit colleges in Karnataka. There are also 243 aided Veda and Samskrita Pathashalas spread over the state. Directorate of samskrit education is established by the Government of Karnataka to administer the samskrit pathashalas.

The Karnataka Samskrit University was established with the vision and mission of bringing these together under a single umbrella, maintaining uniformity in education, providing greater opportunities for study for students and teachers and to raise the standards in Samskrit research at National and International level.

Karnataka Samskrit University has predominantly four wings. They are

1. Teaching Wing
2. Research Wing
3. Publication Wing
4. Administrative Wing

through which the university has to be dynamically active. The university will promote the activities related to Samskrit in Karnataka through these wings.

One Hundred acres of land has been identified for the University in Kuduru Hobli, Magadi Taluk, Ramanagar District. The university currently includes 2 constituent Samskrit Colleges, 10 aided affiliated colleges and 9 unaided affiliated colleges under its ambit. It has established the Directorate of Samskrit Education, to take care of Pre-university education in Karnataka. The directorate includes 354 recognised Samskrita pathashalas throughout the state.

KARNATAKA STATE LAW UNIVERSITY

Navanagar, Hubli - 580 025, Karnataka

Tel : 0836-2222079; 2222392

Fax : 0836-2222261/2323151

Email : drjspatil@yahoo.com

Website : <http://www.kslu.ac.in>

The Karnataka State Law University (KSLU) was established in January, 2009, by the Government of Karnataka under the Karnataka State Law University Act, 2009, with its headquarters at Navanagar, Hubli. It is a 'People's University' with an aspiration to provide quality legal education totally socially relevant and accessible to everyone. The KSLU, located in the State of Karnataka, is the single largest federal university in the country having 92 colleges under its umbrella.

KSLU is plausibly the first institution, imparting higher education, to have an Assembly every morning, lead by the Hon'ble Vice-Chancellor on the main campus and by the respective Principals in the affiliated colleges wherein the National Anthem is sung. The staff and students of KSLU, including the affiliated law colleges, don Khadi attire every Monday, creating a sense of belonging, integration and nationality. On the main campus, the staff and students wear Khadi dresses in a combination of blue and white, the sky blue colour signifying tolerance and white, purity. The main intent underlying this initiative of singing the National Anthem everyday and wearing Khadi every Monday is to inculcate patriotism among law students.

The KSLU campus is coming up on a sprawling 55 acres of beautiful landscape at Navanagar in Hubli. The Master plan and the architectural design has been drawn up. Already the Training School building with well-equipped class rooms and auditorium, Pariksha Bhavan- the Examination Section of the University, Guest House and a Boys Hostel have come up. Second floor is being added to all these buildings. The construction of the Law School building is initiated. This is going to be the iconic building of the University. For the time being the Administrative Office of the University is functioning from the building within the campus which was earlier known as PWD Circuit House.

KSLU is actively participating in the national level efforts to transform legal education of the country to meet national and global challenges. Its vision of transforming Karnataka into a legally conscious society by providing quality legal education which is professionally competent and socially relevant can be rapidly achieved by adopting the contemporary information communication technology (ICT). At present KSLU offers the 3 years LL.B. course, 5 years B.A., LL.B., B.B.A., LL.B. and B.A., LL.B., (Hon's) B.B.A., LL.B. (Hons.) integrated programmes and LL.M. programme apart from certificate and P.G.Diploma courses. In addition, the Ph. D. and LL. D. programs are also offered on the main campus.

KARNATAKA STATE RURAL DEVELOPMENT AND PANCHAYATI RAJ UNIVERSITY

Raitha Bhavana, General Cariyappa Circle
Gadag-582101, Karnataka
Tel : 08372-230338, Fax-08372-297343

The establishment of a separate Rural Development and Panchayat Raj University in Karnataka was envisioned by the pro-active Hon'ble RDPR Minister Sri. H. K. Patil. Accordingly, the proposal of establishment of the University has been approved by both the houses of Legislature in the Chief Minister's Budget speech 2013-14. The State Government Constituted an Expert Committee under the Chairmanship of Shri S.V. Ranganath, Former Chief Secretary, Government of Karnataka to study the issues involved in the implementation of this decision of Government. The Committee deliberated on several subjects and issues towards which the Rural Development University should contribute decisively for improving the lives of people living in rural Karnataka. Most of the problems faced by rural areas such as hunger, malnutrition, entrenched poverty and unemployment, class and gender inequalities, loss of land and livelihood continue unabated in rural area. Despite ample opportunities in the industrial and service sector in the urban areas, unemployment continues to be a major problem for rural youth as they lack the necessary skills and training required for the new jobs and services arising out of new economic developments. The proposed school for Skill Development training will address this issue. The Committee members visited several Institutions for Study, such as Institute of Rural Management (IRMA) Anand, National Institute of Rural Development (NIRD), Hyderabad, Gandhi gram, Madurai, Indian Institute of Management (IIM), Ahmadabad, Tata Institute of Social Sciences (TISS), Mumbai etc. The Committee felt it is necessary to create through the proposed RDPR University a committed, dedicated professional manpower and a human resource to address various issues involved in Rural Development.

A Karnataka State Rural Development and Panchayat Raj University Act, 2016 was enacted for establishment of a unitary University for Rural Development and Panchayat Raj in the State of Karnataka for teaching, training, research on Sustainable Development and Panchayat Raj Institutions. This Act was enacted with an intention to strengthen the local self governance system and to give impetus for the study and research for a comprehensive Rural Development in the state of Karnataka. Establishment of this University has been one of the ambitious programme of the Government of Karnataka, headed by Hon'ble Chief Minister, Shri. Siddaramaiah. The University is established under the able guidance of a far-sighted Hon'ble RDPR Minister and with the support of Dr. N. Nagambhika Devi, Principal Secretary to Govt. RDPR Department at Gadag and at present it is housed in a historic Raitha Bhavan Building, Gadag and has a Regional Office at Bangalore. The new campus will be developed in a total area of about 400 acres of Land allotted to the University. The University is all set to launch its academic programmes from the academic year 2017.

Website : <http://www.dharwad.com/kud.html>

The Bombay legislature of the erstwhile Bombay Presidency established Karnatak University through the Karnatak University Act 1949. It became a statutory University on 1st March 1950. The jurisdiction of the University covers Dharwad, Gadag, Haveri and Uttar Kannada Districts. It has several Post Graduate centres. The University (888 acres) is offering courses in the faculties of Arts, Commerce, Education, Law, Management, Science and Technology and Social Sciences. Symbolic of the University's vision and mission the emblem of the University consists of papal tree at the centre, an open book. Figures of a bull, a rising sun and the legend 'Arive Guru' i.e., Wisdom is Guru, implying that both wisdom and knowledge should be all pervading like the ramifying papal tree and light up the world with knowledge and eradicate illiteracy.

There are 47 PG Departments, 224 teachers and 4500 students (PG, M.Phil., Ph.D.). The girl students constitute 47% of the tota strength. Including PG Diploma, M.Phil and Ph.D. Courses. 6% of the students are from outside the State. To eliminate social exclusion and promote social justice, seats are reserved for SC/ST, Cat-I, Minorities, OBC and BC categories in accordance with the policy of the State Government. One seat each is reserved for the children of ex-servicemen, freedom fighters, physically challenged and sportsmen. The University has its own High School (University Public School) since 1964. Which meets the practice requirements of the B.Ed College of Karnatak University.

There are 5 constituent colleges offering UG and PG courses in science, arts, commerce, fine arts, law and education. There are 21 hostels in all, including a working women's hostel and ladies hostels. These provide residential accommodation to 2600 students of UG and PG courses. Over the last 60 years the number of affiliated colleges has increased from a mere 34 to more than 250. The University has 3 PG campuses, at Haveri (42 acres). Gadag (32 acres) and Karwar (6 acres) all of which are District headquarters. All campus are self-contained and are at various stages of development. They cater to the needs of local people as well as promote specialized studies. For instance, the course on Pulp and Paper Technology is run from the premises of the West Coast Paper Mills, Dandeli (Uttara Kannada District). The University provides wide options ad choices – 50 PG Courses, 4 advanced diplomas and 28 diplomas, 11 certificate courses, 26 M.Phil., and 42 Ph.D. programmes. Most of the Departments incorporate interdisciplinary components in designing their curricula keeping in view the emerging thrust areas. During the last five years new technical courses have been introduced to compensate the loss of medical and engineering faculties and the consequent loss of revenue to the University.

KARNATAKA VETERINARY ANIMAL & FISHERIES SCIENCE UNIVERSITY

Nandinagar PB No.6, Bidar - 585 401 Karnataka, India
Tel : 91-8482-245313; 245241, (O) 08482-245241, 08482-200223 (Direct)

Email: regkvafsu@gmail.com, hmjp@yahoo.com

Realizing the loss of two decades of prime development in the growth of animal husbandry, dairy and fisheries under Agricultural Universities set up, the Government of Karnataka took bold steps in establishing the new University called Karnataka Veterinary, Animal and Fisheries Sciences University on the floor of the Legislative Assembly. The KVAFSU was formed as per the Karnataka Act No. 9 of 2004 called The Karnataka Veterinary, Animal and Fisheries University Act 2004 and published in the Karnataka Gazette Extra-Ordinary on the 23rd day of February, 2004.

The University was established exclusively for the development of education and learning; conduct of research and extension education and transfer the rural oriented technologies in the areas of Veterinary, Animal, Dairy and Fisheries Sciences in Karnataka.

The logo of the University is inscribed with the slogan Farmers Friendly and Rural Oriented, which emphasizes the importance given to betterment of farming community. Prof. R.N. Sreenivas Gowda was appointed as its first Vice-Chancellor and served with effect from September, 2004 until February 9th, 2008. Later Prof. G.S. Bhat and Dr.S.Mallikarjunappa served as Acting Vice-Chancellors for a brief period from February 10th, 2008 to July 24, 2008.

Prof Suresh Honnappagol was served as second Vice Chancellor of the University. Dr. C. Renukaprasad has been appointed as third Vice-Chancellor of the University from 21st September, 2012.

KVAFSU is an autonomous academic institution governed by its Board of Management which regulates the polices of the university in accordance with the provision of act and statues.

The University administration also has the support of the finance Committee. Academic matters are looked after by the Board of Studies of Faculties and the Academic Council, while Research Council and Extension Education Council decide the research and extension activities of the University, respectively.

University Head Quarters is located at Nandinagar Campus, Bidar, the northern most District of the state.

Karunya Institute of Technology and Sciences, was founded with the noble vision to raise professionals and leaders of high academic calibre and unblemished character, nurtured with a strong motivation and commitment to serve humanity. The institution is the fulfillment of the vision of its founders Late Dr. D. G. S. Dhinakaran and the present Chancellor Dr. Paul Dhinakaran. Established in 1986 as an Engineering College, it was granted an autonomous status in 1999 and declared Deemed-to-be University by the University Grants Commission (UGC) in recognition of its academic excellence by the Ministry of Human Resources Development under section 3 of the UGC Act, 1956 vide notification no 9-3-2000-U3 dated 23.6.2004 of the Government of India. Accredited by NAAC, the institution offers a wide array of Bachelors, Masters and Doctoral Degree programmes in various branches of Engineering, Biotechnology, Food processing and Agricultural Sciences. From a humble beginning of 180 students, the institution has rapidly grown to 8491 students and 452 faculty representing 18 academic departments. In the three decades of service to higher education, Karunya Institute of Technology and Sciences has made significant progression in teaching learning, research and consultancy, innovation and transfer of technology, community service and value education. Translating the vision of the Founders into action, the institution is currently engaged in finding solutions to human problems in the four major areas such as Water, Food, Healthcare, and Energy through scientific and technological interventions.

Our Vision

- True to its name Karunya which means 'Compassion' shall be an institution with social concern to address the problems of humanity through technical education, research and development, products, patents and extension.
- The faculty and students of Karunya will be nurtured in character, ethics and spiritual discernment to serve the society with fervor and zeal.

Our Mission

- To raise students to serve humanity by attaining high levels of academic excellence and professional competence with exemplary values and social concern.
- To find solutions to human problems in areas relating to water, food, health and sustainable energy through scientific, social and technological research.
- To setup care homes for physically and mentally challenged, the elderly and the terminally ill, enabling students to understand human needs through participation and dedication, solving problems through research, development, innovation and spiritual care.

KAVAYITRI BAHINABAI CHAUDHARI NORTH MAHARASHTRA UNIVERSITY

PB No.80, Umavinagar, Jalgaon 425 001, Maharashtra

Tel : 0257- 2257250, +91-0257-2258418

Fax : 0257-2258406

Website : <http://www.nmu.ac.in>

The Kavayitri Bahinabai Chaudhari North Maharashtra University, Jalgaon (Formerly known as North Maharashtra University, Jalgaon) established on 15th August, 1990 under the Maharashtra Universities Act, XXIX of 1989, started its academic and administrative functioning from the academic year 1991-92. Within the span of 3 years, the University is recognized under section 2 (f) in 1991 and 12 (B) in 1994 under the University Grants Commission (UGC) Act, 1956. The jurisdiction of the University is extended over three districts i.e. Jalgaon, Dhule and Nandurbar, a pre-dominantly tribal and rural area of Khandesh region. The University has opened its doors of higher education to mostly “first generation learners” of this area. Access, equity and academic excellence are the thrust areas of the University’s educational endeavor. Presently, Prof. E. Vayunanadan is the Acting Vice-Chancellor. Following Vice-Chancellors have successfully shouldered the responsibility of the University in the past.

1. Dr. N.K. Thakare (August 15, 1990 to August 14, 1996)
2. Prof. S.F. Patil (August 14, 1996 to August 14, 2001)
3. Prof. R.S. Mali (August 14, 2001 to August 14, 2006)
4. Prin. K.B. Patil (August 22, 2006 to August 21, 2011)
5. Prof. S. U. Meshram (September 08, 2011 to September 07, 2016)
6. Prof. P. P. Patil (26 October 2016 to 07 March 2021)

The University was awarded with FOUR STAR grade in the year 2001, B grade with 2.88 CGPA in the year 2009 and A Grade with 3.11 CGPA in 3rd Cycle re-accreditation in year 2015 by National Assessment and Accreditation Council (NAAC), Bangalore.

The main campus of the University is located about 8 km away from Jalgaon and 1.5 km away from the Asia Highway No. 46 and is spread over an area of 660 acres on a hilly terrain (above mean sea level 810 ft.), which is conducive to teaching, learning, research and extension of know-how. The campus has been beautified with a massive plantation drive of more than 2 lac trees which earned it the recognition of ‘Vanshree Award – 2000’ by Government of Maharashtra and ‘Indira Priyadarshini Vrikshmitra Award-2002’ by Ministry of Environment and Forest, Government of India, New Delhi. There are three satellite campuses namely - Pratap Regional Post-graduate Center, Amalner, Mahatma Gandhi Tatwadnyan Kendra, Dhule and Eklavya Training Center, Nandurbar. There are 220 affiliated colleges and 04 University recognized Research Institutes/Centres under the jurisdiction of University. Out of these, 01 College is recognized as College of Excellence, 05 colleges have been identified as College with Potential for Excellence and 01 College has been granted autonomous status by the UGC, New Delhi Board and Government of Maharashtra. A climate of research, teaching, learning, student development, value education and community outreach programmes is nurtured through vital links between the University Schools/Institute and all affiliated colleges.

Maharashtra State had no Sanskrit University before 1997. The former Prime Minister of India, Hon'ble Shri P.V. Narasimha Rao, who is a great scholar of Sanskrit, always insisted that Maharashtra has a great tradition of Sanskrit learning hence it should have an independent University. The initiative of Hon'ble Shri.P.V. Narasimha Rao and the strong motivation of Late. Shri. Sudhakar Rao Naik and the tireless efforts of Dr. Shrikant Jichkar in creating a non-formal model and well studied act for the University has helped the smooth establishment and take off of this University.

The University was established on 18th September 1997. The place Ramtek, which is a township in Nagpur District, was selected because it is connected to the name of great poet of the world Kavikulaguru Kalidas.

Dr.V.V. Mirashi the great ideologist had propounded the theory that Mahakavi Kalidas was a contemporary of Chandragupta II of Gupta dynasty and Kalidas must have been the courtier of this emperor. The daughter of golden era maker emperor Chandragupta II was given in marriage to king Rudrasena of Vakataka dynasty in Vidarbha with capital at Nagardhan near Ramtek. The daughter's name was Prabhavati Gupta. After having two sons, Prabhavati's husband Rudrasen Vakatak suddenly died. Queen Prabhavati decided to look after the administration and requested her father to send some courtiers for her guidance. Dr. V. V. Mirashi who has propounded this theory tries to establish that Kalidas was one of the courtiers who had come from the Gupta capital to Vakatak capital to assist the queen mother Prabhavati. Thus Kalidas lived here for full one calendar year and composed his immortal poem Meghadoot here on Ramgiri hillock. The Vishvavidyalaya is named after the National poet of India, Kalidasa, who had been reverentially called 'Kavikulaguru'. Kalidasa's Abhijnansakuntalam prompted the German poet Goethe to say:

'Ich nenne dich die Sakuntala
und alles ist gesagt'

Kalidasa made a perfect verbal presentation of entire India in his poems. The flora-fauna, the emotional ties, the rivers and mountains and the history of India-nothing escaped from his sight. After Vyasa, Kalidasa alone deserves that coveted place among the foremost of Sanskrit poets.

KAZI NAZRUL UNIVERSITY

Old ADDA Office Building

P.O. - Asansol-713304, Dist: - Burdwan, West Bengal

Phone & FAX No. 0341-225 0456 / 2024

Email : vc.knuasnl@gmail.com

The Kazi Nazrul University was established under West Bengal Act XIX of 2012. Assent of the Governor was first published in the Kolkata gazette, extraordinary 16th August 2012. The university has been named as a mark of respect to the rebel poet Kazi Nazrul of India who is also the national poet of Bangladesh (died in Dacca, August 29, 1976). The Kazi Nazrul University has been founded with a vision. The vision is to function efficiently as a university encouraging and providing instruction, teaching, training and research in various branches of learning and courses of study for promoting advancement and dissemination of knowledge, and extending higher education to meet the growing needs of the society. For a long time there has been a demand for a University in this area. The Kazi Nazrul University was established under West Bengal Act. XIX of 2012 on 10th January, 2013. The first Vice Chancellor Prof. Anuradha Mukhopadhyay joined her post on 3rd Dec, 2012. The Hon'ble Chief Minister Smt. Mamata Bandopadhyay laid the foundation stone of the Kazi Nazrul University at historic Polo Ground in Asansol in the name of the great rebel poet Kazi Nazrul Islam (born 25th May, 1899) at Churulia, 31km away from the city of Asansol. The University is established to promote higher education in Asansol and its adjoining areas. From July 2013 the University has started its journey with about one hundred and twenty students. Post graduation classes have commenced in four subjects: Bengali, English, History and Mathematics in BCW hostel building in a picturesque campus in Asansol. In the academic session 2014-15 four new Post Graduate courses: M.A in Education, Hindi, Political Science & M.Com. are being introduced. Situated in the Damodar River valley, in the hub of coal mines and industries, in the city of Asansol the Kazi Nazrul University is a highly focused source of general education for building careers in Humanities, General Science & Commerce. It represents an effective and significant investment in student's potential development in the evolving context of the Ministry of Higher Education, Government of West Bengal. A specialised centre for general education, the Kazi Nazrul University is now offering two years in four semesters full time programme in Post Graduation Course in Bengali, English, Hindi, History, Political Science, Education, Mathematics & Commerce. The mission of this University is to contribute economic, social, intellectual and cultural development of the country through the pursuit of excellence in teaching and learning and other creative and academic endeavours, pertaining to seminar, symposia, training in various service schemes, progressive research and extensive work. Teaching effort is carefully tuned to enable the students to overcome their weakness, to expand their knowledge and skills, to develop their necessary perspective, and enable them to perform to his /her fullest potential so as to cope with the future needs of the working world.

KERALA AGRICULTURAL UNIVERSITY

Deemed to have come into existence on February 24th 1971 by the Act 33 of 1971 of the Kerala State Legislature, entitled 'The Agricultural University Act, 1971', the Kerala Agricultural University (KAU) became operational since February 1st 1972 when the then existing two educational and 21 research institutions administered by the Departments of Agriculture and Animal Husbandry of the Government of Kerala, were brought under one umbrella for facilitating the sustainable and accelerated development of agriculture in the State. Excellence in Agricultural Education, Research and Extension for Sustainable Agricultural Development and Livelihood security of farming community

To Provide human resources, skills and technology required for sustainable development of agriculture, including crop production, Animal Husbandry, Veterinary Sciences, Dairy Sciences & Technology, Co-operation, Fisheries, Forestry, Agricultural Engineering, Home Science and other allied disciplines by integrating education, research and extension.

The University focuses its strategy on synergizing multi-disciplinary education and strengthening problem-specific research relevant to the state and help building innovative extension systems for sustainable management of natural resources, sustainable agricultural production and overall improvement of rural livelihoods.

Mission

Excellence in Agricultural Education, Research and Extension for Sustainable Agricultural Development and Livelihood security of farming community

Goal

To Provide human resources, skills and technology required for sustainable development of agriculture, including crop production, Animal Husbandry, Veterinary Sciences, Dairy Sciences & Technology, Co-operation, Fisheries, Forestry, Agricultural Engineering, Home Science and other allied disciplines by integrating education, research and extension.

Strategy

The University focuses its strategy on synergizing multi-disciplinary education and strengthening problem-specific research relevant to the state and help building innovative extension systems for sustainable management of natural resources, sustainable agricultural production and overall improvement of rural livelihoods.

KERALA KALAMANDALAM

Kalamandalam Deemed University of Art and Culture
Vallathol Nagar, Cheruthuruthy (PO)
Thrissur Distt. - 679 531, Kerala
Cheruthuruthy – 679 531 via Thrissur, Kerala, India
Telephone: 91+ 4884 262418, 262562, Fax: 91- 4884 - 262019
Email: info@kalamandalam.org

Kerala Kalamandalam is the premiere public institution in India imparting training in and conducting performances of the classical arts of Kerala viz. Kathakali, Kutiyattam, Mohiniyaattam, Thullal and Panchavaadyam. Founded in 1930 by eminent poet Padmabhooshan Vallathol Narayana Menon along the banks of the river Nila in the Cheruthuruthy village of Thrissur District, Kalamandalam is an immortal name in the cultural map of the world. Training in art-disciplines at Kalamandalam essentially adheres to the ancient Gurukula sambradaaya (The traditional mode of education which calls for a deep bond between the teacher and the student). Kalamandalam is strictly a residential center of learning. Veteran teachers and talented students are its inestimable wealth.

For art-recitals, demonstrations and workshops held in Kalamandalam and outside, artiste-teachers and students participate. Kalamandalam Kathakali, Kutiyattam, Mohiniyaattam and Thullal Troupes have travelled widely in India and abroad for programs, lecture-demonstrations and workshops. They have represented India in many an international dance and theater festival.

Kerala Kalamandalam has been functioning as a grant-in-aid institution under the Cultural Affairs Department, Government of Kerala. For special Projects, the Department of Culture, Government of India, and the Sangeet Natak Akademy, New Delhi, had been extending financial support. For the preservation and promotion of Kutiyattam, UNESCO sanctioned substantial financial assistance to Kalamandalam in 2004 through Japan Funds Trust.

The South Zone Cultural Center, Thanjavur, had for years, extended financial assistance to Kalamandalam for conducting dance & music festival in this campus. Being a regular event, the festival held every year attracts hundreds of rasikaas.

Since the historic encounter between the noble laureate Rabindranatha Tagore and Vallathol at Santinikethan, Kolkotta, the latter nurtured dreams of converting Kalamandalam in to a world renowned University for art and culture. Together with his close associate, Manakkulam Mukunda Raja, Vallathol made pioneering efforts for the multifaced development of Kalamandalam. With its recently achieved status of a deemed university, Kerala Kalamandalam has fulfilled the long cherished dream of its founder.

KERALA UNIVERSITY OF DIGITAL SCIENCES INNOVATION AND TECHNOLOGY

Digital University Kerala

Technocity Campus, Mangalapuram, Thonnakkal (PO)

Thiruvananthapuram, Kerala – 695317

Tel : +91-471-2788000

Email : info@duk.ac.in

Kerala University of Digital Sciences, Innovation and Technology (Digital University of Kerala) was established in 2020 by the Government of Kerala by upgrading the Indian Institute of Information Technology and Management, Kerala. It is a non-affiliating research and post graduate teaching University in the State of Kerala to facilitate and promote studies, research, incubation and extension work in Digital Technologies and its application domains in Science, Engineering and Humanities. It is the 14th State University in Kerala and first Digital University in the State. The University functions from its own residential campus at Technocity, Mangalapuram, Pallippuram, Thiruvananthapuram, Kerala.

The Digital University Kerala campus is a place for discovery, alive with debate, both intellectually and physically. The sustainable campus architecture isn't just a backdrop for what is going on inside the buildings. It is a model for innovation that inspires and keeps the campus' high aspirations on track.

The innovations coming out of DUK are already impacting Kerala and beyond — proving what's possible with a campus that fosters the free flow of ideas and solutions. Both on and off campus, a highly enriched experience awaits DUK students at various levels of interaction — with classmates, faculty, experts, employers, and tech giants — that just isn't possible elsewhere.

Diverse environment of academics and research practitioners extruding excellence excel at imagining, researching and building digitally-enabled products and services to directly address societal and commercial needs.

KERALA UNIVERSITY OF FISHERIES AND OCEAN STUDIES

Panangad P.O., Kochi - 682 506, Kerala

Tel : 0484 2703782, 2700598

Kerala, which forms 1.13 percent geographic area of the country, has many peculiarities. When the area of cultivable land gets reduced, there is increased potential for livestock products in the state. Increase in population density, high land pressure, varying climatic conditions, increase in cost of production and reduced availability of land for fodder cultivation are some of the major issues affecting this sector. Even with these adverse conditions, Kerala could achieve spectacular growth in livestock production. The state has complete network of veterinary institutions at the Grama panchayat level and has more than 90 percent crossbred cattle. During the last four decades, Kerala could achieve quantum jump in milk production. Livestock rearing is gradually shifting from subsidiary to main occupation in rural areas. Since women involvement is more than 80 percent, more number of women self help groups are actively involved in livestock farming in the state. There is sunrise potential for education and research in veterinary and animal sciences. Taking in to account the growing importance of this sector, Government of Kerala has established Kerala Veterinary and Animal Sciences University to give emphasis to education, research and development in the livestock sector.

The newly formed Kerala Veterinary and Animal Sciences University (KVASU) is located in the scenic hilly terrain of Pookot in Wayanad District, Kerala, India. KVASU has three constituent colleges which include: College of Veterinary and Animal Sciences, Mannuthy, Thrissur, College of Veterinary and Animal Sciences, Pookot, Wayanad and College of Dairy Science and Technology, Mannuthy.

Moreover the university has research stations at Thumbermuzhi, Thiruvazhamkunnu and Mannuthy. Since this is a newly established university, improvement of infrastructure facilities is of paramount importance.

Infrastructure facilities in the areas of education, research, extension, capacity building, IT connectivity, distance learning, Clinical services, diagnostic facilities, zoonoses, animal nutrition, biotechnology, ethnoveterinary medicine, pathobiology, dairy technology and in other related sectors are most essential and are directly linked to rural development.

KHAJA BANDANAWAZ UNIVERSITY

Khallikote University, formerly Native College and Khallikote College, is a State University situated in Brahmapur, Odisha on the eastern coast of India. Founded as a school in 1856, the institution became a university in 2015.

Khallikote University was started as a school in 1856 became an intermediate College in 1878 named Native College. It was renamed Khallikote College in 1893, commemorating a donation of 16.5 acres (0.067 km²) of land by the Raja of Khallikote. It was affiliated to Utkal University until 1967, when Berhampur University was established.

Through these years the college was managed by a private trust named K. C. Trust, until management was taken over by the Government of Odisha in 1971. Autonomy was conferred in 1990. The college has upgraded to a university on 30 May 2015.

In 1870 the Maharaja of Vijanagaram first floated the idea of starting a Medical College in Lucknow. But the idea was watered down due to paucity of funds. In 1905 the visit of King-Emperor, George V, then Prince of Wales, inspired the idea of establishing a college to commemorate the occasion.

The originator of this fine ideal to commemorate the occasion was late Raja Sir Tassadnq Rasul Khan of Jehangirabad to whom Sir Harcourt Butler wrote on 1st December 1905. "It must ever be a source of pride to you to think that the first suggestion of such a movement came from you absolutely spontaneously."

On 22nd March 1906, the Secretary to Govt. U.P. wrote to the Registrar, Allahabad University "It is the desire of subscribers to the Foundation of King George's Medical College that this College should be the best in the East and it will be aim of Government that the College shall give to its students the best education possible."

The project was warmly taken up by all and the Taluqdars and Zamindars of Agra and Oudh gave princely donations. Sir Harcourt Butler himself was largely responsible for rapid maturation of the scheme by the energy in collecting subscriptions and by his talents in organisation.

The architect of the buildings was Sir Swinton Jacob and the features were designed in the Indo-Saracenic style to be in keeping with ancient and royal buildings of this capital of Oudh and with the Imambara or Tomb of Nawab Asaf-ud-Daulah, which stands immediately besides the College and which dates from 1784. The total cost of the Hospital and College building was about 30 lakhs of rupees; the Local Government was indebted to the Government of India for a contribution of 10 lakhs towards the cost.

The staff of the College and Hospital began with an irreducible minimum of members, and schemes for expansion were being considered from the start, when the Great War supervened. The first batch of students qualified in 1916, and these also and the next few succeeding batches were for the most part absorbed by military requirement, and only after 1920 could the College be said to be gradually returning to its normal and progressive condition.

The project was warmly taken up by all and the Taluqdars and Zamindars of Agra and Oudh gave princely donations. Sir Harcourt Butler himself was largely responsible for rapid maturation of the scheme by the energy in collecting subscriptions and by his talents in organisation. A picture of the Prince & Princess of Wales with eminent citizens of Oudh at the Foundation Ceremony of the college. The success of this great project of medical education and relief was already assured when the foundation stone was laid by His Royal Highness the Prince of Wales in 1906, and during his second visit for the Coronation Durbar as King Emperor, His Majesty was pleased to give his consent and to designate the College by his name.

The College was completed and the work of the first medical session was started in October 1911, though the ceremonial opening of the college building by His Honour Sir John Prescott Hewett did not occur until January 27, 1912. The College buildings consisted of a fine Administrative Block, an Anatomical block, a combined Pathological and Physiological block and a Medico-Legal Department. As soon as the College was completed the construction of the Hospital itself was commenced. The work for Out-patient Department was finished by April 1913 and the main-building a few months later. The number of beds provided was 232 and besides the main Hospital block there were an Isolation Block and separated Cottage wards. The formal opening of King George's Hospital with the opening of the New Bridge over the river Gomti River opposite the Hospital was performed in January 1914 by His Excellency the Viceroy Lord Hardinge; the Bridge took the place of an ancient bridge built by King Asaf-ud-Daulah in 1780 and which was only demolished as late as 1911-12.

KLE UNIVERSITY

Nehru Nagar, Belgaum - 590 010

Karnataka

Tel : 0831-2444444, Fax : 0831-2493777

Email : info@kleuniversity.edu.in

The institute will strive to be among the top ten medical colleges in India in the spheres of medical education, research and health care services. Added to this 1000 bed Dr.Prabhakar Kore Charitable Hospital and three Primary Health Centres and one urban Health centre will be the epicenters of post graduate and under graduate training, wherein patients are treated free and exclusively meant for training the post graduate and under graduate in their basic knowledge and skills. The extreme shortage of medical facilities in the region, promoted the KLE Society to establish the Jawaharlal Nehru Medical College at Belgaum in 1963.

The J N Medical College, Belgaum, stands testimony to the high professional standards aimed for and achieved by the KLE Society. Under the able guidance and mature insight of the Founder Dean, Late Dr. B.S.Jirge, the foundation of the present academic vastness was laid. Eminent medical educationist, late Dr.B.S. Desai and Dr. M.Basavaraj Urs headed the institutions as principals during the first decade.

Dr.S.G.Desai took over the reigns of the institution in 1971. His distinguished tenure between 1971 and 1985 was marked by the achievement of high standards of discipline, decorum, and academic excellence.

Dr.H.B.Rajshekhar assumed the office of the principal in 1985. During his tenure; the college saw vast growth in infrastructure and learning resources. He contributed substantially in the up coming of the KLE Hospital and MRC, Department of Medical Educaiton, Digital Library and collaboration with the University of Illinois, USA.

These ideas were conceived and realized during his tenure. Welfare and student support amenities were given a great emphasis by him.

KLE University, Belgaum will seek to be a center of excellence in Medical Education, Research, and HealthCare services at the national and international level.

The institute in pursuit of its vision will provide outstanding educational experience, in all the disciplines of Medicine and allied Health Sciences.

KLE TECHNOLOGICAL UNIVERSITY

KLE Society, Belgaum, completing one hundred years of its yeomen service in the field of education and healthcare, continually looks for opportunities to enhance its reach and impact that can transform the society.

In its efforts to continue to serve the cause of education, KLE Society had submitted the proposal for establishing 'KLE Technological University, Hubballi' by upgrading one of its prestigious institutions 'B. V. Bhoomaraddi College of Engineering and Technology, Hubli' to the status of University. It's our pleasure to inform you that the government has given permission to establish the University, through the Act enacted by the Karnataka State Legislature 'KLE Technological University, Act 2012'. Accordingly, the K.L.E. Society has decided to commence the University from the academic year 2015-16.

Established in 1947, KLE's B. V. Bhoomaraddi College of Engineering and Technology has achieved distinguished status at the national level, due to a strong emphasis on academic excellence and research of greatest value to the society. The college offers 12 Undergraduate and 9 Postgraduate programs in which over 5400 students pursue their engineering studies. Considering the synergy between research and excellent educational environment, the college has established 13 research centres in various fields of Engineering, where more than hundred research scholars are working toward their doctoral degree.

After attaining autonomous status in 2007, the college undertook a holistic academic reform process to provide a truly world-class learning environment by adopting Outcome Based Education framework. The result of this reform process is reflected in students success of achieving over 950 placement offers this year. The knowledge and competency of our graduates have attracted 80 major multinational companies like Microsoft, Toshiba, Sony, Mercedes Benz, Bosch, Infosys, Accenture etc., for the campus recruitments.

Website : <http://www.kskvkachchhuniversity.org>

Education is the basic requirement for the development of any region. The Govt. of Gujarat has taken a commendable decision to provide a separate University for the region of Kachchh to fulfill the demand of the people of Kachchh.

The Krantiguru Shyamji Krishna Verma Kachchh University Act was published in the Govt. Gazette in March 2003. All the ten colleges of Kachchh District previously affiliated to the Gujarat University were affiliated to Kachchh University on 22 June 2004 with Notification No : GH/SH/5/KUG-2104-1648-Kh of Gujarat State.

The government of Gujarat decided to provide a separate university for the region of Kachchh. The Krantiguru Shyamji Krishna Verma Kachchh University Act was published in the government Gazette in March 2003. The foundation stone was laid on 24 September 2004.

The construction work for the administrative blocks, four faculty blocks, library, computer building, guest house, hostels was estimated at 35 crores (funded by Gujarat State). The Kachchh University started its administrative and academic activity at the new developing campus in 2007.

The university started with 10 colleges in 2004, having 28 colleges with more than 15,000 students and nearly 200 teachers working in the faculties of Arts, Commerce, Science, Education, Law, Technology including Engineering and Pharmacy.

The university was named after Eminent scholar and freedom fighter Pandit Shyamji Krishna Verma of Mandvi, Kachchh. And that is how the University is known as "Krantiguru Shyamji Krishna Verma Kachchh University".

KREA UNIVERSITY

Campus : 5655, Central Expressway,
Sri City, Andhra Pradesh 517646
General Enquiries : ask@krea.edu.in
Admissions Counselor : 044-30637763

Krea University has been enacted by the Legislature of the State of Andhra Pradesh as per The Andhra Pradesh Private Universities (Establishment and Regulation) (Amendment) Act, 2018 vide the gazette notification published on April 30, 2018.

Krea University is listed on the UGC website under State Private Universities.

University is authorised to confer degrees as decided by the Academic Council of the University.

IFMR Society is the sponsoring body of the University. Institute for Financial Management and Research (IFMR) has wide and deep experience in education and research for the past 48 years.

Krea University is a unique effort, specifically conceived and designed to address the unprecedented challenges and opportunities of the 21st century.

Krea University is pioneering Interwoven Learning - a new paradigm ideal for the connected world. This weaves together the arts and sciences, creativity and action, eastern and western perspectives. It draws upon the profound learnings of the past and present, to ready students for the future.

Krea University will thus shape a new generation of adaptable, resilient leaders, giving them critical thinking skills and the ethical grounding needed to forge ahead.

Krea University will ensure that university education stretches far beyond delivering hard skills for immediate employability, and deliver lifelong value for impactful leadership in a fast-changing world.

Enable high potential individuals to learn to create positive, catalytic impact ethically, in a dynamic and diverse world.

KRISHNAGURU ADHYATMIK VISHVAVIDYALAYA

Krishnaguru Adhyatmik Visvavidyalaya, Nasatra- 781307, Assam
Contact No.: 8638689406, 8638202055
Email: office@kav.org.in

Krishnaguru Adhyatmik Visvavidyalaya or Krishnaguru Spiritual University is the sixth Private University of Assam. The university is established by Krishnaguru Adhyatmik Visvavidyalaya Bill, 2017 which was passed by the Government of Assam on 9 March 2017.

The Krishnaguru Foundation set the private spiritual university at Nasatra in Barpeta district. The foundation was set up by spiritual guru Krishnaguru. On 3 August 2017 Chief Minister Sarbananda Sonowal inaugurated Krishnaguru Adhyatmik Vishvavidyalaya. The university which is unique in itself would impart contemporary education in blend with spiritualism. Academic activities of this university had started from the month of August itself in Assamese, Political Science, Education, Philosophy, GNM, B.A., B.Com., B.Sc. and would again introduce other disciplines subsequently.

Develop and emerge as an unique University with specific curricula to revitalize its socio-religious and educational leadership and transform the organization into an institution of higher learning with high moral commitment for the upliftment of the weaker section of the society. To create infrastructures for developing the human Resource of the region.

To provide quality and spiritually blended value-based education to the weaker section of the society and remote rural masses, to whom updated education facility is a far cry.

To offer a platform for human resource development for untapped talents scattered in the ethnic diversity of North East.

To become an institution of excellence in India with high educational, social impact and cutting edged knowledge base.

To stimulate the spiritual and philosophical education to re-discover themselves and contribute to strengthen the extension of mental health and spiritual health in the society to achieve targeted world peace.

To collaborate nationally and globally to achieve the targeted goal.

To catalyse and grooming leadership in innovations, ethical and spiritual, professional and academic knowledge domain.

KRISHNA INSTITUTE OF MEDICAL SCIENCES

Malkapur, Karad, Dist.Satara - 415539

Maharashtra

Phone: (02164) 241555/6/7/8

WebSite: www.kimsuniversity.in

Website : www.kkhsou.in

Education is a backbone of a society. In common parlance education is any act or experience that has a formative effect on the mind, character or physical ability of an individual. In continuing with the aim of building a knowledge based society Krishna Kanta Handiqui State Open University was established to provide quality higher education through open and distance learning to reach the unreached of the society.

KKHSOU, established under the provision of the KKHSOU, Act' 2005 enacted by the Govt. of Assam & published in the Assam Gazette (extraordinary) dt 29/9/05 has been recognized by the Distance Education Council, New Delhi vide letter no. DEC/Misc/07/5957 dated 03/10/07. The University Grants Commission vide its letter No. F.9-13/2008(CPP-I) dated 18th March, 2009 also has empowered the University to award degrees under Section 22 of UGC Act, 1956. It is the fourteenth of its kind along with IGNOU and the only state Open University in the whole of NE India. The university is recognized by the University Grants Commission and Distance Education Council, Govt. of India. The headquarters of the University is located at Housefed Complex, Last Gate, Dispur, Guwahati. The university started functioning with the joining of Prof. Srinath Baruah, former Professor, Deptt. of Economics, Gauhati University, as the Vice-Chancellor.

The main aim of the university to develop and provide easily accessible modes of quality higher education and training with the use of latest educational inputs and technology. Because of the inherent flexibility in terms of pace and place of learning, methods of evaluation etc., The university holds the promise of providing equality of opportunities for higher education and bringing into its fold the deprived and denied sections along with the fresh learners. The very purpose of the University is to promote education to reach the unreached through the Open and Distance Learning System and the motto of the University is 'Education Beyond Barriers' of age, academic background and geographical boundaries. The course structures of the university have been designed at par with the national curriculum. Along with the traditional programmes the University offers various professional Certificate and Diploma programmes to enable the already enrolled students in various colleges and educational institutions of the state to pursue add-on studies simultaneously with their regular courses. The programmes of the University are so designed that it can spread education to all the learners of the region.

KRISHNA UNIVERSITY

Andhra Jateeya Kalasala Campus
Rajupeta, Machilipatanam - 521 001
Andhra Pradesh

Tel : 08672-226969, 225963, Fax : 08672-225960

Email : profmkprasad@yahoo.com; registrar@krishnauniversity.ac.in

Website : <http://www.krishnauniversity.net>

Krishna University (KRU) is now focusing more on research programmes and innovative activities aimed at meeting the emerging challenges facing the country from a variety of perspectives. Accordingly a full-fledged and independent Centre for Research Studies (CRS) has been established to promote research, publication, development, and training programmes of the University. CRS is headed by a Coordinator and supported by an office staff.

The centre administers research programmes in diverse areas such as arts, science, commerce, and management. It ensures high quality research by monitoring research programmes with robust measures, and implementing regulations of highest order. It also provides a major interface with the wider academic community and industry.

In pursuance of the recommendations of Knowledge Commission, Krishna University was established, vide Andhra Pradesh Act.No.4 of 1991, G.O' Ms. No.89 Higher Education (U.E.II) dated 25/06/2008 and G.O Ms. No.109, Higher Education (U.E.II) department dated 14/07/2008 at Machilipatanam, as the town is the head-quarters of Krishna District of Andhra Pradesh.

On 23/04/08, The then Hon'ble Chief Minister Dr.Y Rajasekhara Reddy laid the foundation stone for the University. A Feasibility committee headed by Prof. K. Viyyanna Rao visited Machilipatanam for establishing the University.

Krishna University largely caters to the higher educational needs of people in Krishna District in particular and Andhra Pradesh in general. This District is famous for its fertile soil, rich mineral resources, aqua culture and horticulture etc. This District is also widely known for its publishing houses.

Krishna University is established in a great historic coastal town called Machilipatanam, which is the head-quarters of Krishna District of Andhra Pradesh. The town is a special grade municipality in Krishna District existing since 3rd century BC.

KARNATAKA STATE DR.GANGUBAI HANGAL MUSIC AND PERFORMING ARTS UNIVERSITY

JLB Road, Chamarajapura, Lakshmipuram,

Mysuru – 570004, Karnataka

Phone: +91 - 821-240 2141, Fax : +91 - 821-2402114

E Mail: musicuniversitymys@gmail.com

A University is conceptualized to be a fountain Head of Knowledge, from which knowledge and wisdom are believed to flow and reach out to the widest possible public. In this context it is worth recalling the motto “Nahi Jnanena sadrusam” (knowledge is incomparable). Knowledge is the tool of empowering people and make them better beings.

Similarly music is conceived to be celestial which as an ennobling effect both on practitioners and listeners alike. It is capable of removing angularities and elevating human soul to a higher plan. It is widely believed that music has beneficial effects not only on human beings but also on plants and animals as well. Achieving mastery over a given genre of music could be a lifelong dedicated practice with total devotion. It is called ‘Upaasana’/ ‘saadhana’, seeking highest perfection and the person who undertakes it is called ‘Upaasaka’ / ‘Saadhaka’, the seeker of ultimate truth. The objective of learning music is the realization of three ethereal virtues i.e., truth, beauty and divinity / sublimity. This is also true of other forms of performing arts, be it dance, drama, gamaka, puppet show, Yakshagana etc., All these forms of art not only give an opportunity for the performers to showcase their talents, skills and accomplishments but also provide entertainment to the common people and make their lives worth living.

Ours is a repository of diversity in several respects. This is also true of music and other performing arts. Broadly, two forms of music are well known. One is Hindustani or Uttaradi and the other is Dakshinaadi or Karnatak. Without going into the technical details or other finer aspects of these two forms, it could be said that each one of them is matchless in its own right. Karnataka has the rare distinction of being a confluence of both these two prominent forms of music. The late Dr. Gangubai Hangal was an exponent of Hindustani music who had attained dizzy heights as a singer and earned highest acclaim from music lovers not only in Karnataka but also throughout the length and breadth of the country and also in many countries of the world. It is perpetuate and immortalize her signal contribution to the world of music, Karnataka Govt. thought it appropriate to establish a University exclusively for Music and Performing Arts and name it after Dr. Gangubai Hangal as a worthy tribute to that great musician. Accordingly, Karnataka State Dr. Gangubai Hangal Music and Performing Arts University came in to being in 2008-2009 through a separate Act of State Legislature. Since its inception, the University has been striving for the realization of the lofty ideals which prompted its founding and is, making steady progress. Another important point needs to be noted here. In the life of an individual, a period of 8-9 years is very short to make any discernible impact and it is more so in the life of an organization such as a University, to leave its imprint in the society in a profound way. Keeping these facts at the back of the mind, one has to make an appraisal of the University.

KUMAR BHASKAR VARMA SANSKRIT AND ANCIENT STUDIES UNIVERSITY

Nalbari – 781335
Assam
Tel. : 03624-220153

The University is set up with a notification by the Govt. of Assam dated 24th May, 2011, of the Kumar Bhaskar Varma Sanskrit and Ancient Studies University Act, 2011, which has received assent of the Hon'ble Governor of Assam on 16th March, 2011.

The preamble of the Act states that by this Act, the Govt. of Assam goes "to establish and constitute a teaching, affiliating, research and residential University at Nalbari," the Headquarters of the District of Nalbari, Assam.

Kumar Bhaskar Varma, a great monarch of Assam (7th century A.D) was a patron of Sanskrit studies and during his rule Vedic culture and Sanskrit knowledge came to flourish in Assam.

The University is at present functioning from an office set up at two buildings offered by the authorities of Nalbari college, Nalbari. The state Government has already allotted 100 (one hundred) bighas of land for setting up the permanent campus of the University.

The campus is at village Namati of Batahgila Mouza under Nalbari Revenue circle of the District of Nalbari, Assam, which is at a distance of 3.3 km from the 31 National Highway.

The University stands for imparting education leading to graduate and post graduate degrees and research degrees viz. M.Phil. and Ph. D. in Sanskrit and research degrees only in Ancient Studies. At the same time, with the provision of the Act, the university is going to introduce academic programmes in Humanities, Social Sciences as well as other disciplines as per societal requirements.

The Executive Council of the University in its meeting on 11-02-2013, has approved the Emblem of the University wherein the motto "SARASVATI SRUTIMAHATAM MAHIYATAM" (May the sayings of the wise be glorified) which is a quotation from Kalidasa, is also inscribed.

Established in 1973, Kumaun University consists of three campuses at Almora, Nainital and Bhimtal; 35 affiliated government colleges; and almost equal number of affiliated self-financed private institutions spread across the Kumaun region. The total area covered by the university thus far is an impressive 160 acres. The beautifully designed colleges blend in perfectly with the surrounding architecture and complete the breath taking scenery. In order to cater the technical, professional and vocational education, another campus of the University is being developed at Bhimtal. Special emphasis is placed by Kumaun University to uphold the motto of excellent teaching and high quality research. In the residential and affiliated campuses, both teaching and research activities are equally important factors that support the curriculum and contribute to the student's learning habits. Kumaun University, a residential-cum-affiliating university, was established on 1st December 1973 under the Act of State Legislature (U P State Universities Act), and is a permanent member of the Association of Indian Universities (AIU). Kumaun University has been awarded FOUR Stars status by the National Assessment and Accreditation Council (NAAC). Kumaun University is an ISO 9001-2008 certified institution, which follows International Quality Management System. Kumaun University is spread over in three campuses (DSB Campus, Bhimtal Campus and SS Jena Campus) with an area of 5,31,373 sq. mt. (160 acres) and built-up area of 3,00,000 sq. mt. The location of the university in Uttarakhand offers excellent research and teaching due to its landscape which is on undulating high ground. There are many herbs, shrubs and trees as well as rocks and minerals constituting eco-systems that can be studied. The university is known for its research and teaching in Geology, Forestry, Ecology, Particle Physics and Chemistry, Economics and Management as well as boasts of several centres that offer interesting research. Furthermore it continues to raise awareness regarding a variety of topics including economic resources, medicinal plants, environment, development of tribes, human rights and symmetries and conservation. Kumaun University has been imparting quality education in the disciplines of Arts (Languages, Literatures, Social Sciences, and Humanities), Commerce & Management, Education, Law, Medicine, Sciences, and Technology under the Clause 12 (B). The University Grants Commission (UGC) granted full recognition to the University on June 30, 1984. Ever since its inception, Kumaun University has always held a place of pride among the state universities. Over the years, by innovating and making several structural changes in its functioning, the University has given a new direction and dimension to the higher studies in this region. The University was granted permanent membership of the Association of Indian Universities and was awarded the special rank of Four Star by National Assessment and Accreditation Council (NAAC) in 2000. The main focus of the University has been to include the courses which are relevant and facilitate the learners in developing skills for easy job access.

KURUKSHETRA UNIVERSITY

Kurukshetra 136 119, Haryana

Tel : 01744-238039, 238021, 238026, Fax : 01744-238277

Email : vc.kuk@rediffmail.com, kuru@doe.ernet.in

Website : <http://www.kuk.edu.tripod.com>

Located in Kurukshetra, the land of the Bhagwadgita Kurukshetra University is a premier institute of higher learning in India. It is spread over 400 acres of land on the south bank of the holy Brahmsarovar.

Its foundation stone was laid on 11 January 1957 by Bharatratna Dr.Rajendra Prasad, the first President of the Indian Republic. Since then it has aimed at pursuing excellence in teaching and research in science, technology, humanities, social sciences, performing arts and sports.

Today, Kurukshetra University is offering world-class education to students from throughout India and other countries by providing a learning experience designed to develop intellectual abilities, as well as social, moral and ethical values. The University is equipping its students with the skills, insights, attitudes and practical experience that will enable them to become discerning citizens.

The University's programs combine the enduring value of a liberal arts education with the skills and experience offered by professional departments. The University has 445 teaching faculty members.

The University also has 457 affiliated colleges and institutes in the Districts of Ambala, Panipat, Kaithal, Yamuna Nagar, Hisar, Fatehabad, Jind, Karnal, Sirsa, Kurukshetra and Panchkula.

The Campus of the University has often been rated as one of the most beautiful campuses in India. It resembles a large, self-contained village with lecture theatres, seminar rooms, accommodation, cafeterias, canteens, shops and sports facilities, libraries and laboratories.

The most remarkable feature of the campus is the seamless interconnection of nature and the built environment. There are a number of lush green gardens, water fountains and side walks which provide an ideal environment on the campus for study and leisure.

KUSHABHAU THAKRE PATRAKARITA AVAM JANSANCHAR VISHWAVIDYALAYA

Kota Stadium, Raipur – 492010, Chhattisgarh

Tel : 0771-2575517, Fax : 0771-2575217

Email : sandeepvansutre@gmail.com;kulpati@ktujm.ac.in;

kulsachiv@ktujm.ac.in; info@ktujm.ac.in

Website : <http://www.ktujm.ac.in>

The university is located at a self contained campus at village Kathadih, Raipur. It is roughly 6 kms away from the Bhathagaon Raipur. The Airport is around 20 kms.

The present campus has office, well equipped classrooms, faculty rooms, library, Computer lab, Audio-Visual studio, Language lab and other necessary infrastructure. Idea is to build a campus which is a unique combination of traditional and modern architecture. The State Public Works Department has been entrusted the responsibility of construction. The second phase includes Administrative Block, Multimedia Centre, Utility Block, Guest House and Faculty Houses.

We can sense the philosophy behind the university in terms of its objective and activities from the monogram. The objective of the University is to establish synthesis between the global concept of 'Global Village' and that of Indian philosophy of 'Vasudaiva Kutumbakam' and also to link the modern technological development with Indian values and traditions.

Devarshi Narada is considered as the first Communicator or Journalist of the country. An Ektara and Khadtal in the monogram symbolizes Devarshi Narada. In fact, messages are communicated in rural areas, even today, through Ektara and Khadtal. A disk in the monogram symbolises modern communication technology.

We want to develop this university an international centre which could put Chhattisgarh in an important place in the global Media scenario. This is the reason the map of only Chhattisgarh has been created on the globe. To remind Chhattisgarh's identity as 'Rice Bowl', the map of Chhattisgarh has been created using green paddy.

The Sanskrit hymn in the mono has been taken from Rig Veda (richa 10/25/1). Through this hymn, stress has been given on the value based education in the University. Besides, the responsibility is also to prepare professionals who owe commitment and responsibility towards the nation. To prepare such professional, it is necessary that there is cleanliness in their soul, mind and knowledge. This is the reason, in this hymn it is prayed that "Oh God, fill our souls with auspicious deeds, and fill our intellect with pious thoughts."

KUVEMPU UNIVERSITY

Kuvempu University is a young affiliating University in Karnataka. Established in 1987, it is a University with a distinctive academic profile, blending in itself commitment to rural ethos and a modern spirit. It has 41 Post-Graduate departments of studies in the faculties of Arts, Science, Commerce, Education and Law. Offering 45 Post-Graduate Programmes, 4 P.G.Diploma and one Under-Graduate programme. The University has 80 affiliated colleges, three constituent colleges (among three, one is autonomous college) and other one autonomous college, one B.P.Ed. college, and 17 B.Ed. colleges under its jurisdiction spread over 2 Districts of Shimoga, and Chikmagalur. It also has outlying regional Post-Graduate centre at Kadur.

Jnana Sahyadri, the main campus of Kuvempu University is located at Shankaraghatta at a distance of 28 kms. from Shimoga town, the District headquarters and 18 kms. from Bhadravathi, the well-known industrial town. The campus is only 2 kms. from the magnificent Bhadra Reservoir across the river Bhadra, one of the important life lines of the area. The main buildings of the University have been constructed on a small hillock, thus blending naturally with the landscape. The campus sprawls over an area of 230 acres. The entire campus area is free from any form of pollution including noise pollution. There is no exaggeration in saying that the undisturbed and pleasing atmosphere on the campus makes it ideally suited for the pursuit of higher education. The main campus can be reached by using the private bus service. Shimoga, Bhadravathi and Tarikere towns are close to the campus and are well connected by rail.

The Academic block on the main campus houses the Post-Graduate departments of studies in English, Political Science, Hindi, Sanskrit, Urdu, MSW, Economics, Sociology, English Language Teaching, Journalism & Mass Communication.

The Department of Library & Information Science is in the new library building. The Department of Computer Science, Mathematics, MCA and Electronics are housed in Mathematics - Computer Science Building.

The Science Block houses the Post-Graduate departments of studies in Physics, General Chemistry, Industrial Chemistry and Bio Chemistry.

LAKSHMIBAI NATIONAL INSTITUTE OF PHYSICAL EDUCATION

Gwalior – 474002, Madhya Pradesh

Tel : 0751-2341373,2341861

Fax : 0751- 2340553, 2340286

Email : vc@lnipe.net, registrar@lnipe.net, shibmukherjee@rediffmail.com

Website : <http://www.linpe.net>

The Institute started as an affiliated college of the Vikram University, Ujjain and then came to the folds of Jiwaji University, Gwalior in 1964. The Institute was given the status of National importance, and hence it was renamed as Lakshmibai National College of Physical Education (LNCPE) in 1973.

In recognition of its unique status and character and to facilitate its further growth, the college was conferred the status of an ‘Autonomous College’ of Jiwaji University, Gwalior in 1982.

In further recognition of the unique educational services rendered by the institute in the field of Physical Education, Sports and Research, the Government of India, Ministry of Human Resource Development conferred the status of a “Deemed to be University” in September 1995 under Section 3 of U.G.C. Act, 1956 vide notification no. F. 9-14/92-U.3 dated 21.09.1995 Hence, University was again renamed as Lakshmibai National Institute of Physical Education (LNPE).

The Institute is the first “Deemed to be University” in the field of Physical Education in India and enjoys a unique place of its kind in South Asia.

Since 2000, the Institute comes under the administrative jurisdiction of Ministry of Youth Affairs and Sports, Government of India. It is fully funded by the Ministry for plan and non-plan expenditure.

Central Library is a true reflection of Physical Education and Sports culture of excellence which is known country wide. The library like all vibrant and productive organizations, strives to keep pace with a global, dynamic, and technology-enabled information environment to meet the expectations of its users. Central Library during the year continued to march to its mission of facilitating the creation of new knowledge through the acquisition, organization and dissemination of library materials. It offered arrange of services including reference and consultation, membership and circulation, document delivery, resource sharing, information alert service, user awareness programmes.

LAKULISH YOGA UNIVERSITY

Chharodi, Sarkhej-Gandhinagar Highway
Ahmedabad - 383481, Gujarat
Phone: (O) : 02717-297405,079 65445678
Email : lakulishyogauniversity@yahoo.com

The Lakulish International Fellowship's Enlightenment Mission (LIFE Mission) is a Registered Public Charitable Trust based in Gujarat (India). It was founded in 1993 by Swami Rajarshi Muni, a practicing advanced yogi. The Mission is registered on 26.3.96 by the Assistant Charity Commissioner Bhavnagar, Gujarat, and bears Registration Number E/643/Surendranagar.

Objectives of Life Mission

- To conduct a worldwide campaign for spiritual and cultural awakening.
- To promote and propagate the knowledge and practice of the ancient science of yoga.
- To help direct minds of people towards cultural, moral, ethical and spiritual values
- To serve humanity through selfless service without discrimination based on race, religion, nationality, caste or gender.
-

Life Mission would fulfill these objectives by the following means:

- By forming cadres of workers comprised of various classes of renunciate and non-renunciate initiated disciples and setting up Mission SanskarKendras (Culture Centers) throughout the world to prosecute a global campaign to spread moral, ethical, spiritual and cultural values.
- By undertaking scientific teaching, training and extension of yoga and creating institutional capability for the same.
- By arranging public and private discourses of renowned spiritual persons on philosophical, cultural and spiritual matters to sensitize and awaken people towards cultural, moral, spiritual and ethical values.
- By spreading cultural, social and spiritual enlightenment through production and dissemination of appropriate literature and such other means.
- By undertaking community service and development works for public benefit.

“Indian culture can even today receive respect and feel welcome everywhere and can guide the whole world because it is based on fundamental principles which can be found acceptable by all mankind. This way Indian culture has the capacity to become the culture of mankind”.

LALA LAJPAT RAI UNIVERSITY OF VETERINARY AND ANIMAL SCIENCES

Hisar - 125 004, Haryana

Tel : +91 1662 256100 / +91 1662 256065

Fax : +91 1662 272002/ :+91 1662 270164

Email : vc@llruvas.edu.in, registrar@llruvas.edu.in

Website : <http://www.luvras.edu.in>

An independent University of Veterinary and Animal Sciences has been established w.e.f. 1.12.2010 in pursuance of the Haryana Act No. 7 of 2010 notified on 7th April, 2010. The new University has been named in the cherished memory of Lala Lajpat Rai, a great patriot, the foremost freedom fighter, an ardent social reformer and a versatile writer. Lala Lajpat Rai, popularly known as “Punjab Kesri”, did his early legal practice at Hisar and also served as a Member and Secretary of the Hisar Municipality. The College of Veterinary Sciences and the College of Animal Sciences, earlier the constituent colleges of CCS Haryana Agricultural University, Hisar has now been incorporated in this newly established University. The college of Animal Sciences is merged into College of Veterinary Sciences. The College has a glorious history of more than 60 years, since it was shifted to Hisar from Lahore (Pakistan). It is backed by an enviable tract record of academic excellence, cutting edge research and rendering quality services to the livestock of the state. An extensive network of alumni occupying important positions throughout the world is a source of inspiration, enthusiasm and commitment to hard work for the faculty and students.

Animal rearing has been life line of “Haryanvi” culture since time immemorial. The State has an important place in the dairying map of India. The state’s rich livestock wealth is mainly represented by the Murrah buffalo, a triple purpose animal, popularly known as the “Black Gold” of India in addition to the famous breeds of cattle including Hariana and Sahiwal. The superior quality of livestock is evident from the fact that with just 2.5% of the country’s bovine population, Haryana contributes more than 5.5% of milk to the national pool. The per capita availability of milk in the state is almost 2½ times of the national average. The contribution of livestock sector to agricultural GDP of the state exceeds 30% and livestock continues to be a sustainable source of livelihood and the only asset for millions of the rural families.

In spite of the impressive contribution and growth, the sector has not kept pace with increasing human population, urbanization, rising income levels and the heavy demand of the National Capital territory being next door. The gap between supply and demand of milk and its products is expected to widen further unless urgent measures are undertaken to harvest the full potential of this giant sector by significantly improving the productivity of our animals. At present, our per animal productivity stands nowhere as compared to international standards. The sector is rightly referred to as “the sleeping giant” or a “hidden treasure”.

LALIT NARAYAN MITHILA UNIVERSITY

Darbhanga – 846008, Bihar
Tel : 06272- 222463, 222598
Fax : 06272-222598 , 247621

Website : <http://www.lnmu.bih.nic.in>

The Temple of Learning Lalit Narayan Mithila Vishvidyalaya, Darbhanga is an outcome of the cherished desire of the people of this region. Eminent academicians like Dr. Amarnatha Jha, Dr. R.C. Mazumdar, Dr. A. S. Altekar, Dr. Sunit Kumar Chatterjee and many others had expressed their view in favour of the establishment of modern University at Darbhanga.

The demand was voiced time and again on the floors of the state legislatures and in the Parliament. On the 27th January, 1947 (Vasantpanchami Day) at a meeting of some of the leading citizens.

Mithila University was established on August 5, 1972 by an Ordinance of the Government of Bihar subsequently enacted through legislatures. The University is governed by the Bihar State Universities Act, 1976.

The University was renamed as LALIT NARAYAN MITHILA UNIVERSITY vide University notification No. 6760-7244 dated 28 April, 1980.

The territorial jurisdiction of the University is spread over four Districts of Bihar namely Madhubani, Darbhanga, Samastipur and Begusarai.

The university has 43 constituent colleges and 25 affiliated colleges besides two government colleges - Darbhanga Medical College & Hospital and Rural Institute, Birouli, Samastipur. 42 constituent colleges and 07 affiliated colleges are registered under section 2 f and 12(B) of the U.G.C. Act, 1956.

The university has a picturesque and lushgreen campus spread over an area of nearly 230 acres.

To provide instructions in such branches of learning as the university may think fit including professional studies and technology and to provide for research and for the advancement and dissemination of knowledge.

The Lakshmi & Usha Mittal Foundation is a charitable trust founded by the Steel Baron Mr. Lakshmi N. Mittal. It is engaged in various philanthropic activities for relief, rehabilitation, socio-economic development and education. Foundation's thrust in the area of education is distinct.

It has set up LNM IIT at Jaipur in collaboration with the Government of Rajasthan. This institute with a large campus, infrastructure and distinguished faculty is aimed to be world-class institute of excellence. For women, "Usha Mittal Institute of Technology" is being set up in SNDT Women's University, Mumbai by the foundation. It has contributed a handsome amount to the prestigious Indian School of Business at Hyderabad for development of business education.

Many charitable projects have been undertaken in Rajasthan where the founders of the trust have their roots, such as, supply of drinking water to famine affected villages, medicine, fodder for cattle, distribution of improved seeds, fertilizers to needy villagers, distribution of tricycles to handicapped children, providing school dress, fees, stationery and spectacles to poor school children, etc. Numbers of primary health centers have been opened in various villages where free medicine and treatment is provided besides undertaking programs on health education and family planning programs are being organized on a big scale and thousands of poor people have been benefited.

The foundation has helped build a new hospital in Kutch (Gujrat) after the devastating earthquake. It has also contributed large amount to the drought relief fund of the Chief Minister of Rajasthan. A big grant has been given by the Foundation for rehabilitation of people in the tsunami affected areas of south India.

The Foundation is envisaging several other projects, which will not only continue to help the poor but also enable them to earn their livelihood so that they can improve the quality of their lives and live with dignity.

LOKBHARATI UNIVERSITY FOR RURAL INNOVATION

Sanosara, Taluka - Sihor,
District : Bhavnagar Gujarat
Contact : + (0) 9054366212 (Mr. Savan Aghera)
Website : <https://www.lokbharti.org/>

Lokbharati University for Rural Innovation is world's first university exclusively focusing on 'Rural Innovation.' It has been accorded the Private University Status under GUJARAT PRIVATE UNIVERSITIES (AMENDMENT) ACT, 2022. The university is managed by Lokbharati Gramvidyapith, the first ever Gram Vidyapeeth of the country. Spread across 165 acres of beautiful campus in the lap of nature, Lokbharati University is for seekers of knowledge and prospective social transformers.

Legacy:

Lokbharati's genesis dates back to 1910 when Shri Nanabhai Bhatt, a devout Gandhian and freedom fighter realized education as the only means to emancipate the poorest section of the society and started a hostel in Bhavnagar. Then in 1938, he founded the first post-basic school (Lokshala which is based on the folk-schools of Denmark) on the principles of Gandhiji's Nai Talim (cultivation of head, hand and heart!) in a small village, Ambala (35 Km from Bhavnagar). Then he and his visionary colleagues such as Shri Manubhai Pancholi, Shri Moolshankar Bhatt, and Shri Natvarlal Buch conceptualized and started an institute for imparting rural higher education i.e., Lokbharati at the lap of nature in Sanosara (10 km from Ambala) on May 28, 1952 (Buddh Purnima). The foundation stone was laid by Shree Kakasaheb Kalelkar, a famous Gandhian and an educationist.

Lokbharati is based on the Sarvodaya principles of truth and non-violence and it is an example of how basic and higher education can contribute towards solving rural problems. Basic education has to spread even to the lowest rungs of society, and this can instil a sense of equality and equity among people. With this as the foundation, Lokbharati imparts practical knowledge to its students which is suitable to the Indian psyche and culture, as well as useful to the society at large. Shri Nanabhai said that partial form of knowledge is burdensome and knowledge without character is futile and destructive. Therefore, he felt that it was important for students to stay on the campus of Lokbharati to acquire character traits like cooperation, acceptance, respect, tolerance, wisdom, to name a few. The present education, has led to an almost dichotomous partition between the "classes" and "the masses", thereby weakening the foundation of the society. Unless correlated education is given to the vast majority of rural Indians, real democracy cannot exist. The current system of education, the British legacy, makes students literate individuals rather than well-informed educated humble human beings. The remedy for this social evil is to make hostel life – living together - the centre of our education. In hostel, students learn to live and work together in harmony, doing useful productive work on campus. Thus, whatever knowledge and skills the student acquires is in the context of a close rapport with life, society and nature.

LJ Group of Institutes is managed by Lok Jagruti Kendra (LJK), a Charitable Trust and a Registered Society established in 1980 by eminent academicians and visionaries like Prof. B.M. Peerzada, former Dean of Commerce Faculty, Gujarat University, Padma Bhushan Lord Meghnad Desai (London School of Economics), Prof. Gautam Appa (LSE), Late Prof. M.S. Trivedi, former Vice Chancellor, South Gujarat University, renowned jurist Late Shri Girishbhai Patel and Shri Subodhbhai Shah. It was envisioned as “a key player in education and social development by promoting and nurturing creativity, scholarship, innovation and excellence through a chain of quality institutes.” LJK’s mission has been “to establish and manage institutions with an environment in which new ideas, delivery strategies and scholarship flourish and from where leaders and innovators of tomorrow shall emerge.”

The track record of the LJ Group of Institutes, its achievements and contribution to the society during the past 37 years has resulted in establishment of the Lok Jagruti Kendra University (LJU) by Gujarat Act No. 19 of 2019.

LJK runs 27 institutions on two well-developed environment-friendly campuses with dedicated buildings and infrastructure facilities, and offering various diploma, undergraduate and postgraduate programmes duly approved by respective apex bodies. LJ Institutes have over 18000 students and 700+ faculties engaged in teaching-learning, research and extension activities and striving to develop students into complete citizens not only having the necessary subject knowledge and skills, but also the empathy towards various environmental, social, cultural and other issues affecting the society.

LJK, where education is a passion, the passion which leads to incessant pursuit of knowledge and acquisition of skills, has become the ultimate destination for complete education.

LJU is intended to be University with a difference with the following agenda:

- Skilling local youth as per cutting edge needs of local and global industries
- 1 % of our graduates to be job creators or self employed
- Access to higher education to around 1 lakh youth in next decade
- Benefit to nearby community through community engagement program
- Collaboration with local industries to work on their challenges
- Capacity building of human resources of local MSMEs and large industries
- Attracting global academic communities through international collaborations for syllabus designing, delivery and evaluation.

LORDS UNIVERSITY

Campus : Alwar-Bhiwadi Highway, Chikani,
Alwar – 301028, Rajasthan, India

City Office : 1st Floor, Signature Tower
Scheme 10, Alwar, Rajasthan

Tel : (+91) 7229809999, 9024464304

Email : info@lordsuni.edu.in admission@lordsuni.edu.in

In the peaceful and pristine scenery of Alwar, the elaborately spread campus of Lords University comes as a much welcomed change. Being a self-financed Private University, Lords University is an endeavour of the Chachan Education & Welfare Society, Chikani, Alwar which has already been a major influence in the educational pursuits of the learners and aspirants from surrounding areas. The Society has been successfully running colleges and school in Chikani since more than a decade and has played a positively significant role in shaping the future of many of its students.

The Lords University was created by the Rajasthan Legislative Assembly by passing the Lords University, Chikani (Alwar) Act, 2018 (Act No. 29 of 2018) on the 5th day of October, 2018.

The Lords University aims to not only facilitate the intellectual, social and ethical learning processes of the young and aspiring minds of the country but also strives to synergistically work towards the common goal of making a propitious difference in their lives. The University takes pride in its commitment towards developing technically skilled and employable workforce as well as morally and ethically discerning citizens for the country and the global society. Consistent with its vision and mission, the University employs rigorous curricula and adopts novel and strategic teaching methods for its various courses and programmes, whilst ensuring that the learning process continues to be enjoyable and easy. The Lords University Academic Programmes are distinctly oriented towards fulfilling the needs of the global Industries, Businesses and Academia.

The University also understands its responsibility in providing the learners with an environment conducive to the holistic development of all their faculties without limiting their innate creativity, thus shaping them as effective professionals and well contented human beings. The University Campus boasts of a seamless articulation of the natural environment with modern amenities and state-of-the-art physical infrastructural elements. The faculty members employed have the expertise, training and the experience required in their subject fields along with the determination to bring out the best in their students. They are also aware of the positive influence and impression they can have on the lives of the students and thus work towards nurturing the talents of individual students while equipping them with the theoretical knowledge, skills and practical experiences required to be the better professionals at the national and international level. The University is thus geared up to fulfill the bigger dreams of the learners and work hand in hand for a better tomorrow.

- Cultural Diversity: Students from 28 different States of India and 26 different Countries.
- Member of Association of Indian Universities (AIU)

M.G.R. EDUCATIONAL AND RESEARCH INSTITUTE UNIVERSITY

Periyar E.V.R. High Road, (NH 4 Highway) Maduravoyal
Chennai - 600 095, Tamilnadu
Phone: 91 44 2378 2176 / 2186 / 2085, Fax: 91 44 2378 3165
Email : contact@drmgrdu.ac.in

Dr. M.G.R. Educational and Research Institute with its main campus in the city of Chennai in the Indian state of Tamil Nadu. It was previously known as Dr. M.G.R Engineering College.

It was founded by A.C.Shanmugam under the Kannamal Educational Trust. Dr. M.G.R. Engineering College and Thai Moogambigai Dental College were established in 1987 and 1991 respectively.

These two colleges were made into constituent colleges of Dr.M.G.R Educational and Research Institute University, by the Ministry of Human Resource Development and the University Grants Commission.

Aiming to bring about change and progress through education, the Tmt.Kannammal Educational Trust was constituted in 1985 and started Thai Moogambigai Polytechnic College. Within three years of its inception, Dr. M.G.R. Engineering College was founded in 1988, and the Thai Moogambigai Dental College was started in the year 1991. Both the colleges acquired Deemed University status in 2003 as Dr. M.G.R. Educational and Research Institute as per the orders of the University Grants Commission, New Delhi and the Union Ministry of Human Resources and Development, Government of India, New Delhi.

The 21st century poses a lot of challenges that could be overcome with the help of education and technology. Keeping this in mind Dr. M.G.R Educational and Research Institute University was started with a vision of providing a better foothold for the students of today to face the challenges. To succeed in the world today you need more than just academics.

The modern adult is expected to have a combination of technical know-how and ambitious confidence. Being aware of the demand that is placed on the youth today, Dr. M.G.R. Educational and Research Institute University has preserved to nurture and groom young men and women through Engineering, Medical, Dental and Humanities and Sciences.

M.J.P. ROHILKHAND UNIVERSITY

M.J.P. Rohilkhand University was established in 1975 as an affiliating University. Its status was upgraded to affiliating-cum-residential university in 1985 when four teaching Departments were established in the campus. In 1987 three more Departments were added. In August 1997 Rohilkhand University was renamed as Mahatma Jyotiba Phule Rohilkhand University. The University has taken an overall perspective of development plan and thereby modified University status by including new Faculties of Engineering and Technology, Management, Applied Sciences, Education and Allied Sciences etc. It has more than 215 affiliated colleges. The existing faculties in the University are as under :

- Advanced Social Sciences
- Applied Science
- Education
- Agriculture
- Education & Allied Sciences
- Arts
- Commerce
- Dental Sciences
- Engineering & Technology
- Law
- Management
- Sciences

The University headquarter is located at Bareilly with its territorial jurisdiction extending over the Districts of Bareilly, Moradabad, Rampur, Bijnore, Jyotibaphule Nagar, Baduan, Pilibhit and Shahjahanpur. The University campus spreads over 206 acre of Land. The Campus possesses administrative building, faculty buildings, Central Library, Multipurpose hall, hostel for boys & girls, Staff quarter for Vice Chancellor and another officers of the University, faculty members, Non-teaching staff, Guest houses and Sports complex. It has also a medical center. The senior faculty members of different disciplines in Humanities, Science and Technology are running research projects funded by various agencies and so far 49 projects funded by UGC, AICTE, DST, CST, ICAR, ICHR, MIF have been completed. Teachers of the Affiliated college are also engaged in research projects funded by above agencies. In tune with the goals of the University the different departments of the campus have framed their objectives for keeping pace with the national and international educational scenario.

The National Policy of Education (NPE) 1986, emphasized that distance education is an important medium for the development and promotion of higher education. In this context, for the expansion and promotion of distance education the Central Advisory Board of Education (CABE), Government of India took an important decision that in the VIIIth year plan every state should establish a state open university following the distance education pattern. On this basis Madhya Pradesh Bhoj (Open) University (MPBOU) was established under an Act of State Assembly in 1991.

Madhya Pradesh Bhoj (Open) University (MPBOU) was established under an Act of State Assembly in 1991. The University disseminates knowledge and quality education to different target group of learners irrespective of their age, gender, region, status and employment. MPBOU is the main University in the state for providing easily accessible and quality higher education through Open and Distance Learning (ODL) system. One of the important objectives of the University, as mentioned in the Act, is the extension and expansion of Higher Education by reaching the unreached through various flexible means suited to the open and distance education mode using emerging Information and Communication Technology. In view of this objective maximum study centres of MPBOU are in those areas where there are no other system of higher education in the vicinity of 30 km. The University also gives due emphasis to special target groups of learners coming from rural/tribal areas and those suffering from the physical disabilities. The MPBOU has an enrolment of 1.5 lac students and is the second largest Open University in the country. One of the main aims of the University is to develop and provide easily accessible system of higher education and training, by use of different modes of educational inputs such as lessons in print, text books, contact teaching, practical classes, TV/Radio/Video/Audio programmes, using satellite communication, etc. The University has, by now, developed systems which are capable of providing quality higher education and training even in remote and less developed rural and tribal areas. A feature of the system is the orientation to take special care of the requirements, expectations and training needs of interested individuals, practising professionals and students. Thus, the ultimate goal of the University is to provide higher education and training at the doorstep of the professionals, students and other seekers of education. In India, just 6.5% of school leavers go on to higher education, compared to 30% in developed countries, hence the MPBOU is working earnestly for making higher education more accessible.

MADHUSUDAN LAW UNIVERSITY

Madhusudan Law University
Station Bazar, Cuttack – 753003, Odisha
Phone : 0671- 2955177
Email: registrar@mlu.ac.in

The Madhusudan Law University has been established on the birth anniversary of Madhusudan Das on 28th April, 2021. The University started its official functioning on the same day, under the guidance and vision of the founding vice chancellor Prof. (Dr.) Kamal Jeet Singh. From 28th April, 2021 all government and private law colleges of Odisha, other than constituent law college of universities will be affiliated with Madhusudan Law University Cuttack. Right now, the Madhusudan Law University is housed in the same campus which was earlier known as erstwhile Madhusudan Law College, Cuttack. The administration of the University has plans to expand its campus and further establish the Academic Block, Administrative Block, Library, Hostels, Conference Hall, Auditorium, Health Centre, Gymnasium, Moot Court cum Seminar Halls, Sports Area, Residential Area, etc.

Vision

The vision of Madhusudan Law University is to build and establish a University for the development and advancement of the justice oriented legal education and for the purposes of imparting specialized and systematic teaching, training and research in a system of law and for the matters connected therewith or incidental therewith. We aim to impart legal education which not only helps in the development of an individual but also subsequently development and growth of the nation. The University aims to provide the students and scholars with environment and education which is beyond the class-rooms and train them as professionals where they will be valued for their specialized skill, knowledge and for their ability to interconnect, provide and find solutions and explore new dimensions in their respective areas. We aim to motivate the students of the Madhusudan Law University, firstly as responsible citizens and then well-known jurists, academicians, lawyers, Judges, leaders, thinkers and politicians, who are not only sensitive about their own wellbeing but also about the society and community at large and like Jim Rohn said

“The challenge of leadership is to,

Be strong, but not rude;
Be kind, but not weak;
Be bold, but not bully;
Be thoughtful, but not lazy;
Be humble, but not timid;
Be proud, but not arrogant;
Have humour, but without folly,”

and to mould our students into such compassionate individuals.

MADHYA PRADESH MEDICAL SCIENCE UNIVERSITY

Madhya Pradesh Ayurvigyan Vishwavidyalaya
Medical College Campus
Jabalpur-482003, M.P.
Phone: +91-761-2670335
Fax: +91-761-2670333
Email : info@mpmsu.edu.in

Madhya Pradesh Ayurvigyan Vishwavidyalaya is the university established under Madhya Pradesh Act No. 19 of 2011 "THE MADHYA PRADESH AYURVIGYAN VISHWAVIDYALAYA ADHINIYAM 2011" for the purpose of ensuring systematic efficient and qualitative education in Medical, Dental, Nursing, Ayurvedic, Unani, Homeopathy, Yoga, Naturopathy, Siddha, Allied health sciences and other allied subjects at Degree and Diploma level. This first Medical University in the State of Madhya Pradesh has been established at Jabalpur. Land has already been selected by Jabalpur Collector and the building construction has already begun. After setting up of university, various courses in medical, dental, nursing and paramedical colleges will be made uniform. The Finance Department of the Government of Madhya Pradesh has given consent for creation of 214 posts for commencing the university. There were 720 MBBS seats in Madhya Pradesh during year 2002-03, which rose more than double to 1620 in year 2012-13. Of these 720 seats are in government and 900 in private sector. Similarly, there were 200 BDS seats in year 2002-03, which increased to 1360 in year 2012-13. Of these, 40 seats are in government and 1320 in private sector. The number of post-graduate seats have also increased by 317 in year 2012-13 compared to 2002-03. There were 537 medical and 3 dental seats in year 2002-03, which has been increased to 675 in medical and 182 in dental colleges in year 2012-13. Due to State Government's efforts nursing sector in the state has also grown. During year 2012-13, two government autonomous and 6 government nursing colleges have been set up. Their number was 1 and 5, respectively during year 2002-03. Similarly, 177 nursing colleges and 241 nursing schools have been set up till year 2012-03. Their number was 6 each in year 2002-03. The number of seats in nursing courses has also increased. The number of government sector J.N.M was 190 in 2002-03, which has been increased to 255 in year 2012-13, , 50 to 110 in BSc (Nursing), zero to 25 in Post-Basic BSc and MSc Nursing from zero to 10. Similarly, JNM seats in private sector have increased from 220 to 9735, BSc Nursing from 320 to 5890 Post-Basic BSc from zero to 1275 and MSc Nursing from zero to 365. Madhya Pradesh Paramedical Council was constituted on January 17, 2003. With this, permission was granted to run paramedical courses in 16 institutions during year 2003-04. During year 2012-13, total 332 government/autonomous institutions are running paramedical courses. Madhya Pradesh Medical Science University, Jabalpur has been motivating the educational entrepreneurs to open more and more medical, dental, ayurveda, yoga, naturopathy, unani, siddha and other Degree programmes besides new subjects in the paramedical sector to be affiliated under this University.

M.S. RAMAIAH UNIVERSITY OF APPLIED SCIENCES

Gnanagangothri Campus, New BEL Road, M S R Nagar

Bangalore - 560 054, Karnataka

Tel. : (+91) 80 4536 6666, (+91) 80 4536 6677

M.S. Ramaiah University of Applied Sciences (MSRUAS), created by an act in the State of Karnataka, India, came into existence in December 2013. The University is sponsored by Gokula Education Foundation (Medical) trust. The University was created by integrating the “M.S. Ramaiah School of Advanced Studies (1999), M.S. Ramaiah College of Hotel Management (1993), M.S. Ramaiah College of Pharmacy (1992), M.S. Ramaiah Dental College (1991) and the M.S. Ramaiah Advanced Learning Centre (2012)”. The University aims to focus its programmes on student-centric higher education so that the graduates are equipped with both theoretical knowledge and practical skills expected by industry and business. The university has five verticals – Academic Studies; Academic Research; Sponsored Research; Training, Skill Development and Lifelong Learning and a Techno Centre for Consultancy, Product Design and Development and Entrepreneurship Development. Students of the University can expect to experience an integrated approach to academics, research, training, real life problem solving and entrepreneurship. The University, at present, has established faculties in Engineering and Technology, Art and Design, Management and Commerce, Hospitality Management and Catering Technology, Pharmacy, Dental Sciences, Science & Humanities and Ayurveda and Integrative Medicine. Through these faculties, the University offers undergraduate, postgraduate and doctoral programmes. The faculties offer an enriched curriculum drawn from the strong interactions between the faculties and industry and business. The University has also created the Directorates of: Student Placement, Welfare and Career Advice (SPWCA); Quality, Educational Processes and Educational Technologies; Sponsored Research; Training and Lifelong Learning (TLLL) and Techno Centre to provide rich, all-round experience to students. The University’s head office is located at the Gnanagangothri Campus, MSR Nagar, New BEL Road, Bangalore. The modern infrastructural facilities like Class Rooms, Seminar Halls, Laboratories, Work Shops, Clinics, Libraries, Student Amenities including Sports Centres, Hostels, Cafeteria, Recreation Centres, Literary and Cultural activity centres, Wi-Fi and other support facilities to make the students’ experience enjoyable and memorable. The strength of the faculties lies within its well qualified, experienced and student-friendly Faculty Members. The M. S. Ramaiah University of Applied Sciences is committed to work on the philosophy of inclusiveness and service to society and to train its faculty members and students to contribute significantly to the growth of science, technology and society through their imaginative, creative and innovative pursuits. The University is expected to have more than 500 members of faculty and 8,000 students on its campuses spread over more than 100 acres of land in the near future.

M.V.N. UNIVERSITY

74 km stone, NH-2, Delhi-Agra Highway

Palwal-121105 , Haryana

Modern Vidya Niketan Society established in 1983 started its first group of schools, MVN, Sector 17 under the dynamic leadership of Late Shri Gopal Sharma, a great visionary and noted educationist. Sh. Gopal Sharma rose to dizzying heights from a very humble background as a true son of the soil and launched a drive for the unexplored vistas of “Quality Education for All”. It was by virtue of his magnetic charisma and iron will power that he actualised his vision of a Senior Secondary School at Sec. 17, an imposing educational institution on a 2.25 acres of land, thus ushering in an era of quality education.

Consequently, in the year 2000, M.V.N. Aravali Hills was born, sprawling in a lush green valley of the Aravali Hills occupying an area of 8 acres. It was a mammoth task to erect such an architectural marvel, to boldly venture such a phenomenal creation which remains a magnificent sight to behold.

The unprecedented results were the next boon for the parent circle of Faridabad when session 2002-03 saw 24 students striding into various prestigious IIT's of the nation followed by 27 IITians in 2003-04, 20 IITians in 2004-05, 21 in 2005-06 and excel their own record by inducting 41 students in the same premier institution of India in the last session of 2006-07 and again in 2007-08, 41 MVNites entered the IITs. This year i.e. 2008-09 140 MVNites made it to the IIT-JEE India's highest tally by any institution so far. Nitin Jain has done his Alma Mater proud by topping this year's All India Merit list of IIT-JEE & AIEEE as well, an achievement for which he will be always remembered in the annals of our outstanding record. This affirms our position as a leading institution imparting unparalleled quality education and grooming the young & budding minds to achieve higher levels of success in their life.” Today under the leadership of Mr. Varun Sharma & Mrs Kanta Sharm a, MVN is recognized for its visionary goals, enviable expertise and innate acumen. MVN offers effective and holistic solutions in the field of education.

To immortalize the yearning passion and dream of Sir Gopal Sharma who always wanted to hitch the educational wagon to the stars by establishing an Engineering College, MVN society ventured into higher education by starting two technical institutes namely, Gopal Sharma Modern Vidya Niektan Institute of Engineering & Technology and Les Filles MVN Institute of Engineering & Technology on NH-2, at Palwal, Haryana in 2008. The year 2009 saw the establishment of MVN Business School. In 2012, MVN University was launched.

Madan Mohan Malaviya University of Technology, Gorakhpur has been established in year 2013 by the Government of Uttar Pradesh in the form of a non-affiliating, teaching and research University after reconstituting the Madan Mohan Malaviya Engineering College, Gorakhpur which was established in 1962.

Forty eight batches of students have entered its portals to emerge after four years of rigorous education under the tutelage of some of the most venerable teachers, engineers ready to face the world and create new worlds. To facilitate and promote studies, research, technology incubation, product innovation and extension work in Science, Technology and Management Education, and also to achieve excellence in higher technical education .

The University is presently running five B.Tech. programmes in Civil Engineering, Electrical Engineering, Mechanical Engineering, Electronics and Communication Engineering and Computer Science and Engineering along with M.B.A., M.C.A., M.Tech. in 12 disciplines and full time Ph.D. programme in number of disciplines as part of Quality Improvement Programme of MHRD and TEQIP-II project. In view of the emerging need of the hour the University is planning to start number of programmes at undergraduate and post graduate level in near future.

The University provides a congenial environment for the holistic growth and all round development of the student through suitably designed teaching learning processes. The training is provided to the students such that they become globally acceptable personalities with communication skills, proper attitudes and aptitudes, problem solving capabilities and to work in as team.

Vision

To facilitate and promote studies, research, technology incubation, product innovation and extension work in Science, Technology and Management Education, and also to achieve excellence in higher technical education.

MALAVIYA NATIONAL INSTITUTE OF TECHNOLOGY, JAIPUR

Jawahar Lal Nehru Marg, Jhalana Gram, Malviya Nagar
Jaipur - 302017, Rajasthan
Tel : 0141 252 9087

The College was established in 1963 with the name as Malaviya Regional Engineering College, Jaipur as a joint venture of the Government of India and the Government of Rajasthan. Subsequently; on June 26, 2002 the college has been given the status of National Institute of Technology and on 15 August 2007, Proclaimed Institute of National Importance through Act of Parliament. The Institute is fully funded by Ministry of Education (Shiksha Mantralaya), Government of India. More than 12,000 students have already been graduated since its establishment.

Extending into an area of over 317 acres of lush greenery, the campus of the Institute is imaginatively laid-out with a picturesque landscape. It presents a spectacle of harmony in modern architecture, and natural beauty which enthralls and inspires.

The campus of the institute consisting of the institute buildings, halls of residence and staff colony. It is a residential campus offering accommodation to faculty, staff and students. The campus provides all essential amenities for community living like staff clubs, hospital, bank, post office, community centre, school, staff residences, gymnasium, playing fields, guest houses, 24 Hours internet connectivity, and canteen etc.

Vision Statement

To create a centre for imparting technical education of international standards and conduct research at the cutting edge of technology to meet the current and future challenges of technological development.

Mission Statement

To create technical manpower for meeting the current and future demands of industry: To recognize education and research in close interaction with industry with emphasis on the development of leadership qualities in the young men and women entering the portals of the Institute with sensitivity to social development and eye for opportunities for growth in the international perspective.

Quality Policy

MNIT shall strive to impart knowledge in such a manner as to achieve total satisfaction of students, parents, employers, and the society.

Institute Motto:

योग: कर्मसु कौशलम्

MADHABDEV UNIVERSITY

Panbari – 784164, Assam

Tel : 03752 262255

Email : universitymadhabdev@gmail.com

Madhabdev University is a public State University located in Narayanpur, Assam. The university is established by The Assam Act No. XXXV of 2017 which was passed by the Government of Assam on 7 September 2017. It was created by upgrading Madhavdev College of Narayanpur, North Lakhimpur. On 14 June 2019 Dibakar Chandra Deka took charge as the first Vice-Chancellor of Madhavdev University. It was named after Sri Sri Madhavdev, an important preceptor of the Ekasarana Dharma known for his loyalty to his guru, Srimanta Sankardev.

Narayanpur is an important historical place in the northern part of the River Brahmaputra situated in the western part of Lakhimpur District of Assam. Ancient temples, Tanks, Road, Sattrra and other monuments in and around Narayanpur depict the picture.

According to mythology, the name of Narayanpur may be derived:

- a) from the surname of Narayans of the Kingdom of Satyanarayan, Lakhinarayan etc during the 14th to 15th Century. The word “Narayan” added with “pur” meaning town makes name of the place as Narayanpur.
- b) from the name of the Great Koch King “Naranarayan” who ruled this place and constructed a highway from his capital Kochbehar to Narayanpur.

The birth place of several Baishnava Gurus like Madhabdev, Haridev, Anirudhadev, Badala Padma Atta etc, Belaguri Sattrra, Badala Sattrra, Phulani Thaan, Bishnubalikuchi, Dahgharia Sattrra, Budha Bapuchang, Maghnova Dol, Gohaikamal Ali, Radhapukhuri, Burhaburhi Pukhuri, Rangati Pukhuri, Pichala Nadi are some of the important historical places situated at Narayanpur.

According to J D Wade, “Narayanpur is thirty miles in length and fifteen miles in breadth. This district is situated on the bank of Pichala river and Colabari of Zokai chook.” (An Account of Assam, Page no 35). Narayanpur is inhabited by various castes, communities and ethnic groups viz. the Mishings, the Deuris, the Khamtis, the Bodos, the Karbis, the Koch-Rajbongshis, the Ahoms, the Chutias, the Motoks, Ex-Tea-Garden community, the Nepalis in addition to SC and General communities. The primary occupation of the people is agriculture and its allied services and Traditional handicrafts. Narayanpur is well connected by road, railway and airways with all important places of the state. The NH 52 is passing through Narayanpur. The nearest Railway Station is Tatibahar, which is about 5 km from Narayanpur. The Lilabari airport is about 60 km from Narayanpur.

Website : <http://www.mkuniversity.org>

Madurai Kamaraj University, established in 1965, was named after the historical city of Madurai. Originally named as Madurai University, it was changed to Madurai Kamaraj University to honor one of the most illustrious sons of our country Karmaveerar K. Kamaraj, the former Chief Minister of Tamil Nadu who brought radical reform in education in the state.

The foundation stone for the current campus was laid by Dr.Zakir Hussain, the then President of India. The campus has grown into a beautiful University township with an extensive area of about 750 acres and named as "Palkalainagar".

Madurai Kamaraj University is a statutory University owned and funded by the Government of Tamil Nadu with the recognition of University Grants Commission. Madurai Kamaraj University has 20 Schools, 75 Departments, 14 centres, 77 affiliated Colleges and 19 approved Institutions. The Directorate of Distance Education of the University has student strength of about 1.30 lakhs.

Madurai Kamaraj University offers 41 post graduate, 35 M.Phil. and 17 Diploma / P.G. Diploma / Certificate courses in the various departments. Presently, 66 U.G. and 45 P.G. courses are offered in the affiliated Colleges. At present 2428 students and research scholars are on the roll. Currently more than 163 individual research projects are being carried out with an outlay exceeding 34 Crores. The University has a modernized central Library with 3 lakhs books, 9,000 e-journals, 3,000 e-books, 55,000 reference and text books. The one Gbps internet connection, INFONET centre with 50 nodes and smart class rooms have enriched the ICT enabled teaching and learning.

Madurai Kamaraj University strongly believes in de-centralised and participatory governance. As a visionary step, academic and administrative autonomy has been granted to select Schools. The University has established linkages with community around through its various outreach activities. The University was accorded the status of University with Potential for Excellence by University Grants Commission and many Centers for Excellence in specialized interdisciplinary areas.

Email : admission@mau.ac.in

Maharaja Agrasen University (MAU) derives its name from Maharaja Agrasen, born during the last stages of Dwapar Yuga in the Mahabharat epic era who established the Kingdom of Agroha, near Hissar in Haryana, about 5000 years ago. His monarchy consisted of 18 units.

The head of each unit was given a specific 'gotra'. Equality, Humanism and Non violence were the guiding principles of his kingdom. He promulgated that any immigrant coming to Agroha to settle down be given a brick and a rupee by each resident. Thus, he would have a hundred thousand bricks to build a house for himself, and a hundred thousand rupees to start a new business.

This way, with a small help from the society, all citizens could attain equal status in a community of equals. The Government of India issued a postage stamp in 1976 to commemorate the 5100th Jayanti of Maharaja Agrasen.

The visionary idea of Pandit Madan Mohan Malviya, whose name is linked with higher education in India, forms the foundation principle of this University. According to him, the University was not merely an institute meant for imparting knowledge or professional skills, but an institute which can transform individuals into responsible citizens.

He wanted that the youth must be provided with integrated education having modern scientific knowledge and practical training with ethical standards.

The endeavour of Maharaja Agrasen Technical Educational Society (MATES), the Sponsor of Maharaja Agrasen University (MAU) is to contribute to the society by establishing a Centre of Knowledge which fosters equality, integrity and excellence. MATES is a charitable non-profit organization dedicated to the society. Maharaja Agrasen University envisions itself as an emerging Center of Excellence.

The College is supported by a committed group of non-teaching administrative staff. Teachers are dedicating their learning and wisdom to create task of uplifting pupils to higher levels of knowledge and action.

MAHAMAYA TECHNICAL UNIVERSITY

C-22, C Block, Phase 2, Industrial Area, Sector - 62

Noida- 201309, Uttar Pradesh

Tel : 91-0120-2400416

Email : info@mtu.ac.in

Website : www.mtu.ac.in

Mahamaya Technical University, Noida has been constituted by an Act of UP Legislature in Feb. 2010 and notified in The Gazette of UP Govt. On 16th February 2010 created by bifurcation of Uttar Pradesh Technical University, Lucknow into Gautam Budh Technical University, Lucknow and Mahamaya Technical University, Noida.

The University is mainly affiliating in nature and its geographical jurisdiction is the western part of UP , namely , comprising of Saharanpur ,Meerut, Mooradabad, Agra, and Aligarh divisions. The university has about 385 colleges and institutions affiliated to it offering courses in Engineering, Technology, Management, Pharmacy, and other professional programs.

The University has come into being very recently, the onus of nurturing some of the oldest and best private colleges of the state by formulating a structure for excellence is very daunting. The mandate implies to provide the best in Technical education for all its students and to create an operational structure which can deliver quality education with most updated curricula and pedagogy.

The strength of the university lies in the area where it is situated and the National & International connectivity that it can use for developing a truly global character with highly rewarding industrial partnership. The other advantage is its proximity to the National capital Delhi with most advanced infrastructure and truly modern five storeyed building having 1.25 lac sqft operational space.

Realising the importance and foresightedness of the Haryana Government, His Excellency, the Governor of Haryana has approved the establishment of the Haryana State University of Horticultural Sciences (MHU) at Village Anjanthali (Karnal) vide Act No. 32 of 2016, thus, the University came into existence on 28th November, 2016. The site for University is situated 21 km from Karnal on national highway number one leading to Ambala at a latitude on 300 N and longitude of 770 E. It is 146 km from Delhi and connected with Nilokheri Railway station.

Haryana is primarily an agrarian state and well known for the production and productivity of wheat and rice. It contributes significantly in grain reserve of the central pool. Since the country has achieved self-sufficiency in grain production and the time has come to think of nutritional security and aesthetic value which requires diversification of agriculture with special emphasis on Horticulture. Because its produce is rich source of fibre, vitamins and minerals which are required for sound physical and mental health.

As the national capital Delhi is surrounded by Haryana state from three sides i.e. North, South and West, its large area comes under national capital region. Therefore, the state has tremendous scope to avail the opportunity of selling its produce. Secondly, Haryana state is blessed with all the six season giving way for successful cultivation of sub-temperate, sub-tropical, tropical and dry land horticulture.

Vision & Mission

The Mandate of the University is to be a centre of excellence in teaching, research and extension education in the field of horticulture and allied sectors for food and ecological security, improved livelihood opportunities and economic prosperity of farming communities. The University aims to develop diversified sustainable farming systems for improving productivity and profitability in horticulture and also to train the farmers and extension functionaries for the effective dissemination of advanced horticultural technologies in Haryana and its neighboring States.

MAHARANA PRATAP UNIVERSITY OF AGRICULTURE AND TECHNOLOGY

Website : <http://www.mpuat.ac.in>

Recognizing the importance of agricultural growth and development in assuring livelihood security of its population, the Government of Rajasthan gave high priority to develop agricultural education, research and extension in the state. The first agriculture college established in the State was SKN College of Agriculture at Jobner.

Later on in 1955, Rajasthan College of Agriculture was established at Udaipur. With the establishment of first Agricultural University at Pantnagar in 1960 on the pattern of Land Grant Universities of USA, Rajasthan state had the distinction of being the second in establishment of Agricultural Universities in the country in 1962. It also accepted the model of land grant pattern of education of U.S.A. with trinity of functions i.e. teaching, research and extension education. The government took the bold decision to transfer the research component to the university which many other states took a long time. Soon the university was converted into multi faculty in 1964. Later on separate Agricultural University was created in 1987 at Bikaner by bifurcating from the Sukhadia University, Udaipur. The selected allied Colleges at Udaipur became constituent colleges of Rajasthan Agricultural University, Bikaner.

Maharana Pratap University of Agriculture and Technology, Udaipur (MPUAT), the second Agricultural University of the state, (initially named as Agricultural University, Udaipur) came into existence on 1st November, 1999 by bifurcation of the Rajasthan Agricultural University, Bikaner through promulgation of Government of Rajasthan Ordinance No. 6 of 1999, which became an Act in May, 2000. This has been done in view of wide physiographic variation including crops, cropping pattern, climate, soil parameters, etc. in the largest state of the country. Moreover, it was difficult to manage stipulated task of teaching, research and extension activities as per the mandate set-forth through a single University in the state. Besides this, it provides new fillip to location specific programmes more suited to tribal belt specifically for the southern Rajasthan. The University started functioning in full swing with effect from December 1, 1999. The jurisdiction of the university include constituent colleges, Agricultural Research Stations (ARSs), Agricultural Research Sub Stations (ARSSs), Livestock Research Station (LRS), Dryland Farming Research Station (DFRS), and Krishi Vigyan Kendras (KVKs) spread over 12 Districts of the south and south eastern part of the state of Rajasthan. These Districts are Banswara, Baran, Bhilwara, Bundi, Chittorgarh, Dungarpur, Jhalawar, Kota, Pratapgarh, Rajsamand, Sirohi and Udaipur.

The Maharashtra Animal and Fishery Sciences University (MAFSU) was formally notified on November 17th, 2000 and was established under the State Act No. 1998 (MAH.XVII of 1998) on December 03rd, 2000 with its headquarter at Nagpur. The University has been carved out of the four Agriculture Universities in the state by transferring five Veterinary Colleges, one Post Graduate Institute of Veterinary & Animal Sciences and one Dairy Technology College. Although the University is in its infancy, the constituent colleges were quite old.

Thus beginning with the five Veterinary Colleges, one Post Graduate Institute of Veterinary & Animal Sciences and one Dairy Technology College at different geographical locations of the state in December 2000, University made a commendable progress in developing Fishery Faculty and strengthening Dairy Technology Faculty by establishing two new Fishery College at Nagpur & Udgir and one Dairy Technology College at Udgir. Besides ten colleges in three faculties, Director of Instructions, Director of Research and Director of Extension & Training, the University has a well developed Students Welfare Section, University Library, Bio-informatics Center and training and placement centers. With the new concepts of research and extension responsibility, the University plans to initiate and coordinate research projects with the other Universities, institutions of ICAR.

Each college has some highly specialized and well developed departments which include India's first Veterinary Nuclear Medicine Center (VNMC) at Mumbai, Embryo Transfer Technology Laboratory and Mineral & Hormonal Assay Laboratory at Akola, Swine Fever Surveillance Center at Nagpur etc.

The University draws its major financial support from the State Government's Annual Grants for meeting its expenses on salaries and recurring and non-recurring expenses relating to the plan and non-plan subjects. In addition, University also receives a major financial support from the Indian Council of Agricultural Research as development grants being a State Agriculture University (SAU). The research projects are supported by DBT, DSIR, MoFPI, DST, NABARD, Pharmaceuticals companies.

Maharashtra University of Health Sciences (MUHS) is located in Nashik District, Maharashtra, India. The university was established on 3 June 1998 by the state Government of Maharashtra through an ordinance.

The State Legislature passed Maharashtra University of Health Sciences Act 1999 (Act No X) and received the assent of the Governor, in the Maharashtra Government Gazette on 21 January 1999. The University was declared open by the Governor of Maharashtra on June 10, 1998 and all colleges and institutions imparting education in health science in the state of Maharashtra have been affiliated to this new university under Section 6(3) of the Act.

The University has been established for the purpose of ensuring proper and systematic instruction, teaching, training and research in modern medicine and Indian Systems of Medicine in the State of Maharashtra. Within 3yrs of formation a committee was formed in year 2000 by the Government Of Maharashtra to review the progress of the Maharashtra University of Health Sciences and to recommend measures for modifying its functions and responsibilities in the light of the new challenges faced by the university.

MUHS offers undergraduate and postgraduate studies including Ph.D. in all the branches of Health sciences. Undergraduate programmes of five and a half years, such as, Bachelor of Medicine, Bachelor of Surgery (MBBS) Bachelor of Ayurveda, Medicine and Surgery (BAMS), Bachelor of Homoeopathic Medicine and Surgery (BHMS) and Bachelor of Unani Medicine & Surgery (BUMS) are conducted by MUHS. Various dental and nursing degrees are also offered.

Postgraduate courses awarded are also versatile including Doctor of Medicine (M.D.) in various areas, Master of Surgery (M.S.), as well as various Master of Science (M.Sc.) courses and other PG diplomas. First Year BHMS result of Winter 2013 will be declared on 29 March 2014 (Tentative date).

MAHARASHTRA NATIONAL LAW UNIVERSITY, AURANGABAD

Govt. B.Ed. College Campus,
Padampura, Aurangabad – 431 005, Maharashtra
Tel : 0240-2334800
E-mail: mnlaurangabad@gmail.com

The State of Maharashtra realizing the importance of quality legal education and need of well-trained law graduates to the Bar, Bench and professions took a very bold decision by creating three National Law Universities in the State of Maharashtra at Mumbai, Nagpur and Aurangabad. Further all the three are independent and autonomous institutions created under the Maharashtra National Law University Act, 2014. The latest one added to the list of National Law Universities in India is the Maharashtra National Law University, Aurangabad, commenced from March 16, 2017. The commencement of the University has fulfilled the aspirations of the people of the Marathwada region for an institution of national importance in Aurangabad. The law university is set to make a beginning with admissions from the Academic Year 2017-18. The University entered into an MOU with the Convenor, CLAT 2017 to make admissions from the merit list of the qualified CLAT-2017 aspirants. The authorities are making all efforts to make the admissions and to provide all facilities to the students who take admission in MNLU-Aurangabad.

The Maharashtra National Law University Act, 2017 (soft copy of the Act)

Vision

- To advance and disseminate learning and knowledge of law and legal processes and their role in national development.
- To develop in the students and research scholars, a sense of responsibility.
- To serve society in the field of law by developing skills in regard to advocacy, legal services, legislation and law reforms.

Mission

- For the Development and advancement of legal education and for the purpose of imparting specialized and systematic instruction, training and research in systems of law .

MAHARASHTRA NATIONAL LAW UNIVERSITY, MUMBAI

Post Box No: 8401, Powai, Mumbai – 400 076

Maharashtra National Law University Mumbai (for short MNLU Mumbai) is the latest of the National Law Schools established in India. The Maharashtra National Law University Act 2014 was passed by Maharashtra State Legislature under the Maharashtra Act No. VI of 2014 on 20th March 2014. The Act envisages to establish and incorporate National Law Universities in the State for the development and advancement of legal education and for the purposes of imparting specialized and systematic instruction, training and research in systems of law and for the matters connected therewith or incidental thereto. The object of the university is to advance and disseminate learning and knowledge of law and legal processes and their role in national development, to develop in the students and research scholars, a sense of responsibility, to serve society in the field of law by developing skills in regard to advocacy, legal services, legislation, law reforms and the like; to organize lectures, seminars, symposia and conferences to promote efficient instruments of social development. In order to advance the set goals, MNLU Mumbai aspires to develop an active partnership with eminent law teachers, distinguished judges, leading lawyers and corporate conglomerates and foster to the claims of development in harmony with the changing society.

MNLU Mumbai is assuming to cherish a very modest beginning. The vision is clear and the initial efforts are accelerated. To catch to the demands of time, MNLU Mumbai is fortunate to find its temporary space in the internationally reputed (seat of social sciences) campus i.e. Tata Institute of Social Sciences, at Deonar, Chembur Mumbai. In return to the good gesture arrangement, TISS Mumbai has many expectations from MNLU Mumbai in terms of discipline, quality justice education, and excellence in legal scholarship to flower out from their academic environment and support services. The responsibility of every member of MNLU Mumbai (both faculty and students in particular) thus are double fold: one, to raise beyond the expectations of TISS and secondly, to develop MNLU Mumbai the destination for legal scholarship from across the nation and the globe. MNLU Mumbai will remain conscious of the responsibilities and vigilant of the duties all the time. The first batch of students will be taking admissions with effect from 2015. There are many advantages of being the first batch students of any Institution of excellence – each one of them shall be the brand ambassador of the institute at the same time there shall have to conjure many challenges in exploring everything new within the institution. A lot more learning from sacrifices with wide scope to partake in institution building, shaping of career and courses and contributing to the world from the day one always await for them. MNLU, Mumbai aspires to exploit the inherent academic strength from the vitality of legal fort of Bombay City. The long standings of experience and aspirations of lawyers, judges and knowledge society at large in the State of Maharashtra are being explored. There are many young law scholars with masters and research degrees in hand from foreign universities wishing to collaborate.

MAHARASHTRA NATIONAL LAW UNIVERSITY, NAGPUR

Civil Lines, CP Club Road, Near Ladies Club
Nagpur – 440001, Maharashtra
Tel : 0712 252 2583

The National Law University, Nagpur (NLU, Nagpur) is established by Maharashtra Government by way of enactment known as the Maharashtra National Law University Act (Maharashtra Act No. VI of 2014) and the University takes pride to be the Nineteenth National Law University in the country. The University shall be making rapid progress towards its dream of achieving excellence in the field of legal education with its dedicated faculty members, staff and students under the able guidance and supervision of its founding members, visionaries, well-wishers and members of different statutory bodies of the University.

The University has decided to leave no stone unturned to ensure that they become sincere and committed legal professionals by providing them with the best of training, infrastructure, a well-stocked library and other facilities. Apart from their academic activities, the University shall ensure that they undertake internship and training both with the national and international law firms; corporate houses; the judiciary- Trial Courts, Tribunals, High Courts and the Supreme Court of India; Government Departments and NGOs across the country. The University encourages the students to take part in moot court competitions, literary events, seminars and conferences, sports and cultural activities within the University as well as outside to enable them to improve their skills in their respective fields. We, at the NLU, Nagpur, are committed to give to the society, qualified lawyers and judges, able administrators, academicians, intellectuals, distinguished leaders and socially responsible citizens.

In the near future, the University would work towards exchange programme through Memorandum of Understanding (MoU) with foreign universities for students and faculty exchange activities. Wherein students shall study for a semester at the foreign university and the grades/scores earned at the host university shall merge in the grade sheet of NLU, Nagpur accordingly. Similarly, the faculty of NLU, Nagpur shall also get an opportunity to teach and / or research at the foreign university for a short while and bring back the experience in the classroom at the university. The University shall strive towards placing the students for internship with the Hon'ble Judges of the Supreme Court and the High Courts, Senior Advocates of the Supreme Court and the High Courts, domestic and international law firms and corporate houses as well as NGOs and LPOs. The University shall be making every effort to create a healthy and conducive academic atmosphere in the campus which shall reflect in the number of flagship programmes held in the University including national, international conferences, workshops and seminars.

The Maharshi Dayanand Saraswati University, Ajmer is a comparatively young University of the country which came into existence on 1st August, 1987.

Ever since its inception the University has for the last 25 years never settled for a slow pace – it has steadily and successfully marched on the road to development attaining several milestones during its journey of growth and progress.

There has been an astonishing growth in the University infrastructure which includes magnificent buildings, hi-tech science laboratories, a state-of-the-art Computer Centre, a prestigious Library, an Administrative and Examination Block, a Science and a Management Block and a highly impressive Vice-Chancellor's Secretariat.

There has been a simultaneous increase in the number of affiliated colleges and the academic scenario has reached new horizons. There are promising job oriented courses and intensive research oriented programmes. There are also Self financing courses in several teaching departments. The University was accredited as B++ by the National Assessment and Accreditation Council (NAAC), Bangalore in 2004. The University is now in the process of reaccreditation by the NAAC.

The C-Net center, EDU-SAT, campus wide-networking using OFC 6 core are all a reflection of the emphasis of the University to the fact that gaining knowledge can no longer be restricted to the four walls of any institution. There is always scope to explore research and discover while sailing through the process of gaining education.

The teaching departments and centres of learning at the university campus include Botany, Commerce, Computer Science, Economics, Education, Environmental Science, Food Science and Nutrition, History, Journalism, Law, Library and Information Science, Management Studies, Microbiology, Political Science, Population Studies, Pure & Applied Chemistry, Remote Sensing and Geoinformatics, Sanskrit, Yogic Sciences and Human Consciousness, Zoology and Center for Entrepreneurship and Small Business Management (CESBM). There are 226 Government and Private Colleges affiliated to this University, which are spread over 4 Districts of the state of Rajasthan.

MAHARISHI DAYANAND UNIVERSITY

Rohtak-124 001, Haryana

Tel : 01262- 274327, 01262-292431, 274710, 01262-274640, 01262-274133

Fax : 01262- 274133, 274640

Email : rsdhankar_mdutc@hotmail.com, vc@mdurohtak.com

Website : <http://www.mdurohtak.com>

Maharshi Dayanand University, ab initio established as Rohtak University, Rohtak, came into existence by an Act No. 25 of 1975 of the Haryana Legislative Assembly in 1976 with the objective to promote inter-disciplinary higher education and research in the fields of environmental, ecological and life sciences. It was rechristened as Maharshi Dayanand University in 1977 after the name of a great visionary and social reformer, Maharshi Dayanand. It had a unitary and residential character in its nascent stage, but became an affiliating University in November 1978.

The University secured the recognition of University Grants Commission – the higher education regulatory body of India - for central Govt. grants in Feb. 1983. The University is located at Rohtak in the state of Haryana - about 75 kms from Delhi on Delhi-Hisar National Highway (NH-10), and is about 240 kms from Chandigarh, the State Capital. It is well connected both by rail as well as road. Rohtak is the education hub of the State with excellent facilities for education in all fields of knowledge.

The University campus, spread over an area of over 665.44 acres, is well laid with state-of-the-art buildings and magnificent road network, and presents a spectacle of harmony in architecture and natural beauty. Educational and research programmes are offered through its 36 departments. There are as many as 10 Teaching Blocks, 10 Hostels with another 10 in the offing, an elegant Vivekananda Library with 6 off-shoots, the majestic Tagore Auditorium equipped with modern gadgetry and amenities, spectacular Students Activities Centre, Campus School, Health Centre, Faculty House, Sports Stadium, Swimming Pool, Multipurpose Gymnasium Hall, Community Centre, Printing Press, Canteens, Shopping Complex, and an Administrative Block. About 550 residential units are available for the faculty members and non-teaching staff. There is a very robust Campus Wide Network – an amalgam of cable and wi-fi technologies, with 1 Gbps internet connectivity. A serene 'Yajanshala' addresses the spiritual and health needs of the campus community. Branches of State Bank of India and Central Co-operative Bank are the other facilities available on the Campus. Besides, the University runs some programmes through its Indira Gandhi P.G. Regional Centre, Meerpur (Rewari) and University Institute of Law & Management Studies (ULIMS), Gurgaon. The Regional Centre offers nine P.G. Programmes, while UILMS offers two.

Over 490 Institutions/Colleges of general education, Engineering, Technology, Computer Sciences and Management Sciences located in 10 Districts of the State are affiliated to this University.

MAHARISHI MAHESH YOGI VEDIC VISHWAVIDYALAYA

Mahatma Gandhi Antarrashtriya Hindi Vishwavidyalaya or Mahatma Gandhi International Hindi University was established to fulfil a dream of Mahatma Gandhi, the father of the nation. Mahatma Gandhi was of the firm opinion that Hindi should not only be the national language of the country but it should also gain the status of a world language. The dream of the Mahatma was reflected in the resolutions passed by the First World Hindi Conference organized in Nagpur in the year 1975.

The first resolution demanded Hindi to be made one of the official languages of the United Nations Organisation and the second resolved to establish an International Hindi University at Wardha, the land where Gandhi ji experimented all programmes dear to his heart.

The University was created by an Act passed by the Indian Parliament in 1997 .Section-3 of the Act mandates special and unique responsibility to the University to enrich Hindi language and literature by teaching and research and make it capable of becoming a World language in the real sense of the term. Since 1997 the University is functioning as a residential University solely dedicated to the cause of Hindi. Spread in an area of more than two hundred acres, the fast coming University buildings are pleasant blend of aesthetics and functional utility.

Mahatma Gandhi, Hindi and International are three key words which are integrally woven in the philosophy guiding the functioning of the institution. It has initiated academic programmes in areas which were important in Gandhi's socio – political agenda such as Non Violence, Peace and Conflict Resolution, Women Studies and Tribal and Dalit Studies. To provide Hindi, tools necessary to become a language of serious study and research, many disciplines of knowledge are being taught in Hindi and efforts are on to produce standard text books and other reading material in the language.

The University has also undertaken an ambitious project to publish an Encyclopaedia of Social Sciences in Hindi. It is expected that in next few years this project will see the light of the day. To fulfil its international commitments the University is offering its services to the Hindi Departments across the globe. It is coordinating international efforts in areas like syllabus development, content creation and audio-visual aids to students who study Hindi as foreign language.

MAHATMA GANDHI CENTRAL UNIVERSITY

P.O. Box No. 1, Motihari

District - East Champaran, Bihar - 845 401

Tel. : 06252-230010

Mahatma Gandhi Central University is a comparatively young University of the country which came into existence on 1st August, 2000. And also amendment act 2014, it is spread out all over country. Ever since its inception the University has for the last 15 years never settled for a slow pace – it has steadily and successfully marched on the road to development attaining several milestones during its journey of growth and progress. There has been an astonishing growth in the University infrastructure which includes magnificent buildings, hi-tech science laboratories, a state-of-the-art Computer Centre, a prestigious Library, an Administrative and Examination Block, a Science and a Management Block and a highly impressive Vice-Chancellor's Secretariat. There has been a simultaneous increase in the number of affiliated colleges and the academic scenario has reached new horizons. There are promising job oriented courses and intensive research oriented programmes. There are also Self financing courses in several teaching departments. The University was accredited as B++ by the National Assessment and Accreditation Council (NAAC), Bangalore in 2004. The University is now in the process of reaccreditation by the NAAC.

The C-Net center, EDU-SAT, campus wide-networking using OFC 6 core are all a reflection of the emphasis of the University to the fact that gaining knowledge can no longer be restricted to the four walls of any institution. There is always scope to explore research and discover while sailing through the process of gaining education. The teaching departments and centres of learning at the university campus include Botany, Commerce, Computer Science, Economics, Education, Environmental Science, Food Science and Nutrition, History, Journalism, Law, Library and Information Science, Management Studies, Microbiology, Political Science, Population Studies, Pure & Applied Chemistry, Remote Sensing and Geoinformatics, Sanskrit, Yogic Sciences and Human Consciousness, Zoology and Center for Entrepreneurship and Small Business Management (CESBM). There are 226 Government and Private Colleges affiliated to this University, which are spread over 40 districts of the state of Bihar and all over India.

Vision and Mission

- Ensuring land allotment & quality infra-structure in least possible time
- Offer relevant and up-to-date, multi-disciplinary programmes of study to make students vocationally competent in the global job market.
- Adopt a holistic approach to learning through e-learning, peer-group learning, self-learning, work experience (industry/summer placement) besides conventional pedagogy.
- Establish democratic outlook, a culture of performance, commitment and professionalism in faculty development.
- Integration of a high quality of research, publication, consultancy, and industry linkages.
- To implement UGC's new Choice Based Credit System.

MAHATMA GANDHI CHITRAKOOT GRAMODAYA VISHWAVIDYALAYA

Chitrakoot, District Satna, Madhya Pradesh
Tel : 07670 - 265413, 233605, 265411, 265428
Fax : 07670- 265413/265411

Website : <http://www.ruraluniversity-chitrakoot.org>

Mahatma Gandhi Chitrakoot Gramoday Vishwavidyalaya (MGCGV) is India's first rural university at Chitrakoot, India. It was established on February 12, 1991 by Social activist Nanaji Deshmukh,. Named after Mahatma Gandhi this university aims to provide higher education to people living in rural areas. The university is an institute dedicated for teaching, learning and research. It offers its students and staff members facilities such as a central library, computer centre and mess.

To create enlightened future citizenry and realize Gandhiji's dream of rural development, MGCGV on the banks of the holy river Mandakini through a separate MP Government Act (9, 1991) on the auspicious day of Mahashivaratri at Chitrakoot, Distt. Satna (M.P.). The main objectives of the university are to provide education and dissemination of appropriate technology.

Gramodaya University's activities veer round rural development. For more than a decade, its constructive indelible impression is felt in all the dimensions of rural development through its education, research and extension activities.

The university creates human resource, develops appropriate technology, conducts research and extension in sustainable agricultural techniques for rural livelihood and proper management of rural resources. It also imparts mass education for the empowerment and awareness of the rural population including women.

The university has taken keen interest in exploring alternative sources of energy, developing skills in rural artisans.

The MGCGV has jurisdiction in the state of Madhya Pradesh. The university is making efforts to establish its centre at various places.

The university has a great role to play in the field of rural development through higher education and in preparing innovative models of rural development. The MGCGV is presenting a new vision with a judicious blend of Indian culture and modernity for sustainable rural development.

Kashi Vidyapith having present nomenclature since 1995 as Mahatma Gandhi Kashi Vidyapith has, in fact, been the action field of Indian National Movement as also a place of pilgrimage of Indian Socialist Movement. Founding resolution of "RASHTRA RATNA" Babu Shiva Prasad Gupta, inspiration of the "FATHER OF THE NATION" Mahatma Gandhi and brilliance of "BHARAT RATNA" Dr. Bhagwan Das were jointly responsible for the birth of this national educational institution. It was inaugurated by Mahatma Gandhi during the Non-Cooperation movement of the freedom struggle; on the auspicious occasion of Basant Panchami on February 10, 1921. Mahatma Gandhi Kashi Vidyapith owes its birth to the educational, cultural & political aspiration of pre-independence India. The early period of this institution pulsated with the National freedom struggle. The teaching faculty of this institution provided original dimensions to the concept and movement of Indian Socialism. After seeing an educational institution in Japan during his visit to that country in 1913-14, Babu Shiva Prasad Gupta drew inspiration to establish an institution in India, free from government aid or interference. The boycott of government-aided educational institutions during the Non-Cooperation movement coupled with Mahatma Gandhi's programme of National Education exerted a great deal of influence on Babu Shiva Prasad Gupta. Students joining Mahatma Gandhi's boycott call took admission in the Vidyapith. "Bharat Ratna", Babu Shiva Prasad Gupta established the "Har Prasad Smarak Nidhi" in the memory of his deceased brother, for the operation of the Vidyapith, which subsequently proved to be a fertile nursery of National Freedom movement activities. Bharat Ratna Dr. Bhagwan Das was the first Vice-chancellor of Kashi Vidyapith. Great persons like Mahatma Gandhi, Dr. Bhagwan Das, Lala Lajpat Rai, Jamuna Lal Bajaj, Pt. Jawahar Lal Nehru, Babu Shiva Prasad Gupta, Acharya Narendra Dev, Krishna Kant Malviya, P.D. Tandon were associated with the first board of Management of Kashi Vidyapith. In the illustrious tradition of students & graduates of Kashi Vidyapith, names of persons like Chandra Shekhar Azad, Lal Bahadur Shastri, Pt. Kamalapati Tripathi, Prof. Raja Ram Shastri, B.V. Keskar, A.R. Shastri, Mananathnath Gupta, Pranavesh Chatterjee, T.N. Singh, Harinath Shastri, Bhola Paswan Shastri & Ram Krishna Hegde deserve special mention. Established in the pre-independence era with the resolution to keep the institution away from government recognition and grants the Vidyapith was accorded the status of "Deemed University" by the U.G.C. in the year 1963. This epoch-making event started a new chapter in the history of the institution. Babu Sampurnanand was appointed as the Chancellor and Acharya Birbal Singh as Vice-chancellor. As the chief minister of U.P., Pt. Kamalapati Tripathi initiated a state government resolution to make his alma mater a statutory university. On 15th January 1974, his ambition fructified. At this point of time, Prof. Raghukul Tilak was the Vice-Chancellor and the Governor of U.P. became the Chancellor in accordance with the U.P. University Act.

MAHATMA GANDHI UNIVERSITY

Panagal, Nalgonda - 500 803

Andhra Pradesh

Tel : 08682-221901, Fax : 08682-221903

Email : vc_mgu@yahoo.com, professorkatta@gmail.com

Website : vc_mgu@yahoo.com, professorkatta@gmail.com

Nalgonda is known for its political dynamism. It has a long history of peasant upsurges and liberations struggles. It is skirted by seven out of ten Districts of Telangana in different directions. It has a land area of 14,328 sq. meters with a population of 34,83,648.

Nalgonda is a popular tourist centre with its second largest multi-purpose Nagarjuna Sagar Project in India. Nandikonda, the island in the midst of the Sagar reservoir, was a temple of learning presided over by Acharya Nagarjuna in ancient times.

The District of Nalgonda in 2011 lives up to its tradition of reputed educational institutions with the advent of Mahatma Gandhi University in 2007, located in the new premises on Hyderabad-Nalgonda state hi-way on a sprawling campus of 242 acres.

The District is known for its reputed temples - Sri Laxmi Narasimha Swamy temple at Yadagirigutta is the most famous temple in the District and it is a centre of pilgrimage frequented by people from all parts of the state. Panagal Temples located in the District Head Quarters, Jain Temple at Alair and Pinaveerabadra Temple in the village of Pillalamarri near Suryapet.

These temples are known for their religious and archeological significance. Pochampally village in the District of Nalgonda is world famous for its rural weavers and their fascinating sarees.

It is also called "Silk City" because of these legendry weavers. Moreover, it was rechristened as Bhoodan Pochampally because of Late V. Ramachandra Reddy, a philanthropic landlord who gifted his lands measuring 250 acres during the visit of Late Vinoba Bhave to this village in 1951 as part of his Bhoodan Movement in India.

Mahatma Gandhi University, one of the four affiliating Universities in Kerala, is the premier educational institution that strives to fulfill the higher educational needs of the people of Central Kerala. Set on the sprawling 110-acre Priyadarsini Hills Campus at Athirampuzha, 13 kms off Kottayam, the University also has ten satellite campuses in parts of Kottayam and the neighbouring Districts. The University was established on 2nd October 1983 and has jurisdiction over the revenue Districts of Kottayam, Ernakulam, Idukki and parts of Pathanamthitta and Alappuzha. It is a University that conducts a range of programmes at the undergraduate, postgraduate, M Phil and doctoral levels through its 18 University Departments, 1 International Inter University Centre, 6 Inter University Centres, 7 Inter School Centres, 36 Self-Financing Departments, 82 Aided Affiliated Colleges (of which 8 are Colleges with Potential for Excellence), 230 Unaided Affiliated Colleges and 273 Recognized Research Institutes. It imparts education in the interdisciplinary as well as conventional disciplines of science, social science and humanities besides in the professional disciplines of Engineering, Technology, Legal studies, Pedagogy, Pharmacy and Nursing. The University has also made its educational presence felt outside the territorial jurisdiction through a chain of Off-campus Centres under the School of Distance Education. From its inception, Mahatma Gandhi University has made immense strides in the fields of inter disciplinary teaching and research in the areas of pure and applied sciences, social sciences and humanities. The teaching programmes conducted under the Credit and Semester System (CSS) in the statutory departments of teaching and research, organized as interdisciplinary Schools, are marked by their innovative curricula and their learner-oriented approaches. CSS is a studentfriendly system that fosters interactive acquisition of knowledge in a multi-disciplinary context. The students are made familiar with the latest developments in their subjects of study. The University has always promoted the healthy practice of designing and revising its curricula and syllabi through discussions and deliberations carried out in a democratic way among the members of the academic community. The faculty of the University comprise outstanding scholars, many of whom have made original contributions in their respective fields of specialization. The faculty and research scholars of several departments have gained widespread recognition for the commendable quality of their research publications. The research journals published by some of the Schools have garnered international recognition. The University's adoption of interdisciplinarity as the basic conceptual plank for the organization of individual departments is prompted by the understanding that interdisciplinary knowledge is path-breaking, far reaching and non-linear in its effect, compared to what conventional forms of knowledge are capable of doing within the confines of discrete disciplines.

“Mahatma Gandhi is an inspiration of millions of people all over the world for his principles, vision & knowledge”

Following the footsteps ‘Mahatma Gandhi University’ is a university with a mission to make difference in field of education.

Mahatma Gandhi University (M.G.U) is established through Meghalaya State legislative Act, 2010 (Meghalaya Act No.6 of 2011), published in the Gazette of Meghalaya vide **No. LL (B).138/2010/41**. The Promoting body of MGU has vast experience in the field of Education. University is setup with an objective of providing best quality education to the students.

Mahatma Gandhi University is empowered to award degrees as specified by the University Grants Commission (UGC) under section 22 of the UGC Act 1956. Earn your degree on your terms. Whether you choose to learn online or at a local campus, you can count on our challenging curriculum and a supportive learning environment.

Mahatma Gandhi University an institution which promises to become one of India’s leading universities with an acknowledged reputation for excellence in research and teaching.

Needless to say it has achieved resounding success in all its ventures including professional education. MGU has emerged as a global university with boasting distinctive strengths in education and entrepreneurship.

As a platform for excellence in teaching, learning & administration, state-of-the-art information technology is extensively used in M.G.U, contributing to the development of well trained graduates, post graduates and doctorates to meet the professional manpower needs of not just India but the world.

MAHATMA GANDHI UNIVERSITY

Purba Medinipur – 721628

West Bengal

Phone : 8670978101

Email : mguwb20@gmail.com

The Mahatma Gandhi University was established in the year of 2018 as per The Purba Medinipur University Act 2017 and The Purba Medinipur University (Amendment) Act 2018 respectively. The University upholds the objective of Government of West Bengal to provide the facilities of quality Teaching, Training and Research Centres in various branches of Humanities, Social and Basic Sciences for delivering advance knowledge and basic requirement of Higher Education to serve the Society as well as the Nation.

The Mahatma Gandhi University is situated at the District of Purba Medinipur (Kapasaria Mouza in Mahishadal block, part of Haldia subdivision). Purba Medinipur was a significant part of undivided Medinipur until its partition w.e.f., 01.01.2002. It is a place of Historical importance due to the presence of an Ancient Port of 'Tamralipta' which was mentioned in the writings of Ptolemy (150 AD), the Greco-Egyptian writer. It was designated as one of the main Ports during the period of Samrat Ashoka, the Mauryan emperor. Apart from that, Purba Medinipur also played a pivotal role in Freedom Movements against British Raj. We are honoured to recall the great contributions of Hemchandra Kanungo, Birendranath Sasmal and Sushil Kumar Dhara of this soil during freedom movements. In 1942, when Gandhiji called for Non-cooperation movement, Matangini Hazra (also known as 'Gandhi Buri' in Bengali for 'Old Lady Gandhi') a native of the land devoted herself in that movement. This region is situated at the Lower Indo-Gangetic Plain adjacent to Eastern Coastal area with enriched natural resources. Therefore, with the enrichment of natural and cultural harmony of PurbaMedinipur, this Higher Education Institution will promote advanced knowledge of higher learning with special emphasis on languages, history and rural development.

The university aims to mould the future generation in accordance with the philosophy of Mahatma Gandhi, the Father of the Nation. The vision of this university is to implement the Gandhian philosophy in the education sector and serve the society. Finally, I am thankful to the people of Purba Medinipur and West Bengal and look forward to their generous support.

MAHATMA GANDHI UNIVERSITY OF MEDICAL SCIENCES & TECHNOLOGY

RIICO Institutional Area, Sitapur, Tonk Road
Jaipur - 302 022, Rajasthan
Phone No. : 0141-2771777, 2770798, 2771804
Fax No. : 0141-2771805
Email : info@mgumst.org Website : www.mgumst.org

Mahatma Gandhi University of Medical Sciences & Technology, Jaipur and Chairperson, Mahatma Gandhi University of Medical Sciences & Technology, Jaipur, the first and the only residential Medical University in the State of Rajasthan, established under the Rajasthan Legislative Assembly Act No. 22 of 2011.

In the year 1999, under the dynamic leadership of Dr. M.L. Swarankar, a renowned Gynaecologist and Specialist in IVF & Microsurgery, India Education trust (IET) was established. IET was established as a Public charitable Trust with the aim to:

- Continuously improve the health status of people by providing primary as well as advanced health care.
- Establish hospitals including specialty and super-speciality clinics, dispensaries, maternity homes, and RCH centres.
- Develop and administer research and educational institutions including medical, dental, nursing and pharmacy.
- Develop health manpower by creating training centres for medical and allied health care professionals.
- Promote and subsidize activities of other educational institutions which are catering and improving public health at large.

The University mission is to develop a "dynamic, independent medical institution dedicated to provide high quality medical education & world class health services to the community". The students are admitted on merit based principle of fairness without any discrimination of race, colour, sex, non-disqualifying disability, religion, creed or caste and national or ethnic origin. With an aim to provide Medical Education that will provide generations for medical treatment, training, and research, Mahatma Medical College was established in the year 2000 by India Education Trust and in 2012 it is now Mahatma Gandhi University of Medical Sciences and Technology. Medical Education and large scale medical facilities, due to the requirement of large scale infrastructure and heavy financial requirements, have so far been the forte of Government Colleges and Universities in Rajasthan, Mahatma Gandhi Medical College and Hospital was the first recognized Medical College and Hospital of the private sector in Rajasthan and is also the first recognized private medical teaching University. The university aims at laying down a strong foundation for the best medical professionals in the country who are morally strong and have a highly dedicated work culture.

MAHATMA GANDHI UDYANIKEE EVAM VANIKEE VISHWAVIDYALAYA

Sankra-Patan, District- Durg
Chhattisgarh – 491111

Website : <https://mguvvdurg.org>

Indian law allows for three types of universities: Central, State (both public and private) and Deemed. Central universities are established by an act of Parliament at the central level while state universities are set up through an act of the state legislature. Deemed universities (or deemed-to-be universities) are institutions which are not originally universities but are given this status by the Central Govt.

Mahatma Gandhi Udyanikee and Vanikee Vishwavidyalaya is a state university established by Mahatma Gandhi Udyanikee and Vanikee Vishwavidyalaya Act 23 of 2000.

MGUVV, DURG, CHHATTISGARH IS RECOGNIZED BY: UGC, AICTE, PCI, ETC.

Mahatma Gandhi Udyanikee and Vanikee Vishwavidyalaya will have to seek NAAC accreditation. Newly established universities become eligible for the NAAC accreditation only after graduating two batches.

In accordance with section 2(j) of the Mahatma Gandhi Udyanikee and Vanikee Vishwavidyalaya Act 23 Of 2000, “External Student” means a private student who is registered at University for an award (Certificate, Diploma and Degree Programme) but study independently outside the University.

With a mission to impart women education, in 1993 Mahatma Jyoti Rao Phule emerged as an educational institution in Jaipur Rajasthan. The name of the organization was given in the memory of a social reformer Mahatma Jyoti Rao Phule, who worked for the emancipation of women. He was the proponent of women education, who worked day & night to bring social changes for alienated and deprived sections of the society. The organization is working on the same principle of women education & empowerment. Started with a small college in Arts and then spreading its wings to MJRP College of Education, Embassy Millennium Senior Secondary School, Embassy School of Nursing, Human Resource College of Veterinary Science, MJRP College of Engineering & Technology, MJRP College of Corporate Management. University was established in 2009 sprawling over 100 acre of land at Jaipur-Delhi highway. The institution with various educational colleges has made astonishing strides in the field of education during the short span of time. Today, MJRP aims for the advancement of knowledge & education through excellence and leadership in Engineering, Architecture, Science, Arts, Commerce, Management, Information technology, Law, Agriculture, Home Science, Fashion Designing, Education, Health Care Science, Allied Sciences Journalism and related areas. Under the guidance of excellent faculty, one can explore both theoretical and practical courses that prepare you to meet the needs of an increasingly complex society. The infrastructure is dynamic as we are constantly striving to pace with the latest technology. The University is famous for its Bio Technology / Biotech, Ph. D., PG UG Programms, M. Sc. Agriculture Science & Technology, B. Sc. Honors Agriculture, MBA Agribusiness, Pharmacy, LLB, LLM, B. Tech. and Fashion Designing Courses in Jaipur Rajasthan.

The teaching and research faculties of the University have highly qualified professionals, trained in their specialized areas. The University keeps the students informed about potential job opportunities and helps them in making prudent decisions for their future careers. It maintains and promotes close linkages and active contact with potential employers while involving their executives and facilitates their interaction with the students through lectures, discussions and classroom participation, innovations in education, new methods of teaching and learning, and integral development of personality. The institution provides you an extraordinary experience, which can prepare you for a life time of excellence in any part of the world.

MJRP is Rajasthan's first private University which is recognized by Department of Scientific & Industrial Research (DSIR) as Scientific Industrial Research Organization (SIROs). Our University has collaboration with Macmillan Research Group, UK providing international scholarship opportunities and co-publication.

MAHATMA PHULE KRISHI VIDYAPEETH

Rahuri, Distt. Ahmednagar - 413 722, Maharashtra

Tel : 02426-243208, 243216

Fax : 02426 - 243302, 243216

Email : mpkv@rediffmail.com

Website : <http://www.mpkv.mah.nic.in>

The Maharashtra Krishi Vidyapeeth, Rahuri is established on March 29, 1968 and subsequently named as Mahatma Phule Krishi Vidyapeeth (MPKV) after a great social reformer "Mahatma Jyotiba Phule". It has started functioning from October, 1969 at Rahuri, District Ahmednagar, Maharashtra, India.

The Campus is situated 160 km from Pune on Pune-Delhi highway in Ahmednagar District. Forty kilometer in the South is Ahmednagar town and 50 km in the North is Shirdi, famous for the saint Saibaba. Newasa, land of saint Dnyaneshwar is 33 km from Rahuri. The campus is 10 km from Rahuri Railway Station and 110 km from Manmad railway junction. Ahmednagar is a historical place and was a capital of the Nizam rulers. It is famous for co-operative sugar and dairy industries.

The annual average maximum and minimum temperature ranges between 30 to 40°C and 10 to 20°C. respectively. The basic mandate assigned to this University are advancement in teaching, research and imparting extension education to the farmers of the State.

There are four Agricultural Universities in the State, catering the similar services in their locality. The jurisdiction of Mahatma Phule Krishi Vidyapeeth, Rahuri extends over Western Maharashtra covering ten Districts.

The University has two faculties namely Agriculture and Agricultural Engineering. The under-graduate and post-graduate programmes are offered in both faculties. The University also deals with lower agricultural education through Agricultural Schools, Mali Training Centre and Training's for Livestock Supervisors.

The University has a very good network of research stations spread over different agro-climatic zones. In all 23 research stations, 4 State level specialists and 16 research testing/verification centers are located in different agro-climatic zones in addition to 4 Zonal research stations.

Of the three fold functions, it is mandatory on the part of the University to transfer the technology from the research centers to the ultimate users through extension education programme.

MAHAPURUSHA SRIMANTA SANKARADEVA VISWAVIDYALAYA

Srimanta Sankaradeva Sangha Complex
Haladhar Bhuyan Path, Kalongpar, Nagaon-782 001, Assam, India
Telephone: 03672-231146
Email: mssvnagaon@gmail.com

Mahapurusha Srimanta Sankaradeva (1449-1568) was a multi-dimensional genius, who transformed and modernized Assamese society with his egalitarian ideology. He worked in diverse fields like religion, literature, music, dance, drama, architecture, social reconstruction, etc. He translated most part of the Bhâgavata Mahapurana into Assamese language and was the first ever playwright in any Indian language other than Sanskrit. He wrote more than 26 (twenty six) scriptures mostly in Assamese language besides the Brajawali form and one in Sanskrit. In addition he had composed many lyrics/songs including the Borgeets. All these justify to call him SARVAGUNAKARA by his most loyal disciple Madhabadeva. His philosophy too was unique and different from other branches of Hindu philosophies. Above all he was a humanist. He welcomed every one irrespective of caste, creed, sex into his order. He was also a pioneer in adult education, mass communication, etc. He called upon the society to educate women and the downtrodden people.

Srimanta Sankaradeva founded a whole new school of art. He initiated a new form of painting with his epoch-making drama-festival Chihna-Yâtrâ held in 1468 A.D. where he drew the imaginary pictures of heaven to be used as backdrops. He encouraged illustration of his manuscripts with pictorial depiction of stories from the Bhâgavata. The Nâmghar founded by him has become a multi-dimensional institution and symbol of Assamese society. He visited many places of the Indian sub-continent and his impact was clearly felt in those regions, be it Yâtrâ of Bengal, scroll painting of Odisha, plays of Mithila, etc. The Sangha envisaged to establish a University and authorised its Srimanta Sankaradeva Education and Socio-Economic Development Trust, Nagaon to sponsor the establishment of the University. The Sangha submitted a proposal to the Government of Assam for establishment of the University under the Assam Private Universities Act, 2007. The Assam Legislative Assembly passed 'The Mahapurusha Srimanta Sankaradeva Viswavidyalaya Act, 2013'. The Act of the Assam Legislative Assembly (Assam Act No. XIX of 2013) received the assent of the Hon'ble Governor of Assam vide : No. LGL.59/2013/16 and notified it in the Assam Gazette No. 351 dated 14th August, 2013.

The newly set up Mahâpurusha Srimanta Sankaradeva Viswavidyâlâya has formally been founded on 10th June, 2014. Though the University has been set up under the Private University Act, but it is designed as a people's university, an institution for the entire people of Assam as well as India. It is located at Nagaon, the place blessed with the dust of the saint's feet for more than half a century, since he lived half of his life at Bardowa, Nagaon. The Mahâpurusha Srimanta Sankaradeva Viswavidyâlâya fraternity firmly believes that a new era of social regeneration will start from this University.

MAHARASHTRA STATE SKILLS UNIVERSITY

1st Floor Elphinstone Technical High School,
Metro Chowk, Mumbai - 400001

Mission

The mission of MSSU is to advance skill & knowledge to educate students needed to provide foundation, upskilling, reskilling and building future skills to nurture & them for employability, entrepreneurship transform them into confident leaders of tomorrow and serve the nation.

MAHAYOGI GORAKHNATH UNIVERSITY

Arogyadham, Balapar Road, Sonbarsa
Gorakhpur-273007, Uttar Pradesh
Phone: +91-9415266014, +91-9935904499, +91-9794299451
Email: mgunivgkp@gmail.com

Mahayogi Gorakhnath, the *Pravartak* of the Nathpanth, has a revered place in the saint tradition of India. In the spiritual tradition of India, the credit of spreading the knowledge of KriyaYoga to the people goes to the Mahayogi Guru Gorakhnath and Nath Yogis. Mahayogi Guru Gorakhnath, the *pravartak* of the Nathpanth, is considered to be an *Yug-Pravartak* Saint. Mahayogi Gorakhnath, the forerunner of social change in India, gave a unique formula of health and worship to man along with the purification of human body-mind-brain and soul. The Nathpanth, promoted by Guru Shri Gorakhnath, is a guide to Nishkam Karmayoga, considering the service dedicated to the welfare of the people as a spiritual practice.

Shri Gorakhnath Temple is the place of penance of Mahayogi Shri Gorakhnath Ji. It is a popular belief that the Mahant of Shri Gorakhnath Temple and Shri Gorakshapeeth is the representative of Guru Shri Gorakhnath Ji. This penance place of the *Yug-Pravartak* Mahayogi Gorakhnath, has been expanding its philanthropic role ever since. In the modern era, Brahmaleen Mahant Digvijaynath Ji Maharaj made education and medicine a part of service. The establishment of Maharana Pratap Shiksha Parishad in the year 1932 was the beginning of this ideological establishment. Brahmaleen Mahant Digvijaynath Ji Maharaj, who created educational and training institutions from primary to higher education, paved the way for the establishment of Gorakhpur University, Gorakhpur.

Brahmaleen Mahant Avedyanath Ji Maharaj, carrying forward this glorious legacy of Shri Gorakshapeeth and Shri Gorakhnath Temple, laid the foundation stone of an effective role in the field of allopathic medicine with the establishment of 'Guru Shri Gorakshnath Chikitsalaya Samiti'. The establishment of Guru Shri Gorakshnath Chikitsalaya in continuation of Digvijaynath Ayurvedic College, Digvijaynath Ayurvedic Chikitsalaya was an important step in service, in the medical field of Eastern Uttar Pradesh.

Mahayogi Shri Gorakhnath and his glorious legacy of social service and upliftment of down-trodden is being taken up to next level through the establishment of Mahayogi Gorakhnath University Gorakhpur. This revolutionary academic endeavour amalgamating Yoga, Ayurveda, medical education, higher studies in different disciplines of humanities, physical sciences, technical education, skill development courses and employment oriented vocational courses/curriculums should further advance and improve the social welfare infrastructure rather a kind of revolution in the various fields of education and health services in this neglected region.

MAJULI UNIVERSITY OF CULTURE

Majuli, Assam, India

Website : <https://muoc.ac.in>

Majuli University of Culture is a public State University located in Majuli, Assam dedicated for research, teaching and education in the field of culture. The university is established by *Majuli University of Culture Bill, 2017* which was passed by the Government of Assam on 7 September 2017. On 13 July 2018 Chief Minister Sarbananda Sonowal laid the foundation stone for the state's first cultural university at Majuli to be built at an estimated cost of Rs 300 crore.

On 10 June 2019 Prof. Dr Dambarudhar Nath was appointed the first Vice-Chancellor of Majuli University of Culture. Majuli University of Culture will be begun from next year and it will take place in the temporally campus of Majuli College. The University plans to grow as a non-affiliating multidisciplinary higher educational institution with specialization in the studies and research in culture and cultural heritage of India with an objective of making it gradually a University of Category 1 as defined in the New Education Policy of India. Study and research in the multidimensional cultural life of the people of India, more particularly, those of Assam and the North East being its primary concern, the University envisions itself to grow finally as an institution of multidimensional education to enable it to embrace within its scope all disciplines including liberal arts and basic sciences pertaining to human cultures and civilization. The objective is to create a class of useful citizens who would be able to lead our society in the face of the twenty-first century multi-dimensional necessities. With both Undergraduate and Postgraduate programmes and programmes of critical research in the field of humanities and social sciences, folklore, language and literature, music and dance, dramatic and theatre arts, applied, visual and fine arts, various forms of traditional and modern crafts and vocations, design and architecture, archaeology, ethnography and sculpture, Indian traditional systems of health cultures and knowledge systems, and any other forms of human knowledge, the University aims to provide education towards making India a first category knowledge-hub and a centre of attraction for all classes of knowledge-seekers from across the world.

Planned as a State Institution of Higher Education and learning in the field of art and culture the Majuli University of Culture, Majuli, shall engage itself for study and cultivation of the various dimensions of culture and civilization with an objective of promoting them to the level of an excellent and competitive order. Covering all aspects of culture within its ambit the University is destined to be a multidisciplinary institution of higher education with necessary emphasis on the vocational and professional side of learning, and high-quality research and training to make education a tool of social development and economic independence. India being a multi-cultural society with rich and colourful heritage in the field of ideas and institutions, cultures and civilizations, languages and literatures, folklore, religion and philosophy, food and health, art and architecture -these aspects shall constitute the basic concern of the University within the greater cobweb of global human civilization.

MAKHANLAL CHATURVEDI RASHTRIYA PATRAKARITA EVAM SANCHAR VISHWAVIDYALAYA

Website : <http://www.mcu.ac.in>

Makhanlal Chaturvedi Rashtriya Patrakarita Vishwavidyalaya, Bhopal, was set up by Act Number 15 of 1990 of the Legislative Assembly of Madhya Pradesh. The University is named after Makhanlal Chaturvedi, a renowned Freedom Fighter, Poet and Journalist. This University was formally inaugurated by Dr. Shankar Dayal Sharma, the then Vice President of India, on 16th January, 1991. The University is a member of the Association of Commonwealth Universities and the Association of Indian Universities (AIU). It is not an Open University providing Distance Education. It does not provide education through correspondence. It is not a Conventional University having limited territorial jurisdiction. It has jurisdiction through out the country. Consistent with the recent trend of globalisation and internationalisation of education, the University is imparting education outside the country also.

In keeping with its national character :-

- The Vice President of India is the Visitor of the University
- The General Council of the University, which is its Apex Body, comprises, amongst others, the following:-
 - A member of the Lok Sabha, nominated by the Speaker of Lok Sabha
 - A member of the Rajya Sabha, nominated by the Chairperson of Rajya Sabha
 - Chairman of the Press Council of India
 - Ten members representing different States of the country. Five of them are nominated by Chief Ministers of respective States. The remaining five are representatives of five Indian languages
 - Three members representing three All India Professional Bodies.
 - Five professionals from various parts of the country.

The University aims at developing excellent professionals with social commitment. The University imparts education through :-

- Its Teaching Departments at Bhopal
- Its campuses at Noida, which is now for all practical purposes, a part of Delhi; and at Khandwa
- Network of Study Institutes spread over the whole country

These Study Institutes are run by non-profit Societies & Trusts which are registered under the relevant laws. The relationship between the University and its Study Institutes comes closest to, and can be best described as, that existing between a Conventional University and its Affiliated Colleges.

MALAVIYA NATIONAL INSTITUTE OF TECHNOLOGY

MANDYA UNIVERSITY

MC Road, Mandya – 571401, Karnataka

Mobile : +91-8232-220039

Email : info@mandyauniversity.ac.in

Mandya is one of the important Districts of South Karnataka known for its world famous Krishna Raja Sagara (KRS) which is the green-belt and considered to be the sugar bowl of Karnataka. Under the initiative and vision of His Highness Sri Krishnaraja Wodeyar of then Mysore State and his Diwan Sir M. Vishweswaraiah for imparting higher education of excellence to state subjects, University of Mysore came into existence in 1916, thus opening an era of distinctive education in the part of erstwhile Mysore state. No wonder that the learning centres started springing up in and around the capital city – Mysore.

The Government College of had its inception in 1948 at Mandya as an intermediate college with a broad view to provide higher education to rural masses at affordable cost and convenience. College got permanent affiliation to University of Mysore in the year 1990-1991. Due to the thinking and vision of knowledgeable for education, a mass movement was started from generous contributions and donations from the public, for acquiring lands to a new college. A vast area of 31.8 acres of green land got earmarked for the purpose, at the western end of town, close to the Mysore-Bangalore main way. Foundation stone for the building was laid in 1952, by no less a person than His Highness Jayachamarajendra Wodeyar. The government college came into administrative control of Collegiate Education in Karnataka, in the year 1961 as per the general policy of the government. In the year 1963, the college was upgraded to encompass degree courses.

The college got into the 2F and 12B of UGC in the year 1992 and got autonomous status in the year 2005-06. In 2005 it got the NAAC accreditation with a grade of “B+” and got the re-accreditation from NAAC with “A” grade with a CGPA of 3.11 in the year 2010 (2nd cycle). It has now applied for the CPE status. Now institute has re-accredited from NAAC with “A” grade with a CGPA of 3.22 in the year 2016 (3rd cycle).

The Government college got approval from government as a Mandya unitary university, Mandya at 2019. Government Appointed a special officer Dr. M S Mahadeva Naik to developing Mandya University for growth factor.

Vision

Providing Education to achieve excellence in all walks of life.

Mission

To equip the individuals who are knowledgeable, employable and responsible citizens who are useful to the society.

Manav Rachna University is a State Private University (established by Haryana State Legislature Act No 26 of 2014 & under section 2(f) of UGC Act 1956). The University has evolved from Manav Rachna College of Engineering (MRCE, established in 2004), a NAAC Accredited 'A' Grade Institution ranked 10th among all the private engineering institutes of the country and 29th among all engineering institutes across the country including IITs and NITs by The Times Engineering Survey (May 27th, 2016). The accreditations of MRCE are testimonial to the trust of accrediting bodies in the quality of education being offered, a well-established teaching and learning process guided by the global best practices, a culture of academic excellence promoting research, innovation & entrepreneurship.

NAAC ('A' Grade) is testimonial to the institutional strengths in the area of teaching & learning process, R&D, infrastructure, student quality and progressive path to excellence. It provides parents, students and potential recruiters reliable information on quality of education being offered by the Institute and acts as key differentiators of the Institute's standard of excellence. With MRCE transforming into MRU, all the best practices get strengthened along with academics freedom to follow globally recognized and industrially relevant technologies.

Situated 18km from the Yamuna Expressway in Uttar Pradesh, MU was founded in 2006 and has graduated over 3500 students. Nearly 3000 students currently study on its campus. Our faculty body consists of several highly qualified and motivated individuals from the IITs, NITs, top US universities and other high-quality institutions.

They champion the adoption of the latest teaching methods and constantly keep themselves updated with the latest technological and industrial advances MU's vision is to give students from all kinds of background a quality educational experience leading to legitimately rewarding career opportunities.

In tandem, we ensure that our students acquire a strong sense of community responsibility thanks to the environment they live in, symbolized best by the grand Jain temple on campus. With over 900 campus residents, the 70-acre lush green campus of MU sports a vibrant, energetic feel at all times. Each calendar year sees over 50 sports and cultural events, including the annual cultural fest, Atharva.

Our students ensure that there is never a dull day on campus. In addition, some student initiatives like Kadam and Parivartan do stellar work in the nearby village areas in the fields of education, hygiene, health and environmental awareness.

Over the years, companies such as Infosys, HCL, ICICI Lombard, the Indian Armed Forces (Army, Navy and Air Force), HDFC Life, Johnson & Johnson, R Systems, Manhattan Associates, HDFC Bank and several others have been part of our placements.

As part of its longer term vision, MU is tying up with several industry leaders in order to make industrial training and exposure a growing part of its core curriculum. An MoU has been signed with Andritz, a hydro-power equipment manufacturing European giant and several relationships are in varying stages of maturing.

The MU experience is not only unique, but also one that develops as dynamically as the vibrant India.

Established by the Government of Madhya Pradesh as per Section 2(f) of UGC Act 1956.

Nascent, but well-equipped and dedicated, the Mangalayatan University of Jabalpur aspires to become one of the most renowned and popular universities in the central regions of India, with constantly growing prominence to regions across the country. Just like its magnificent Aligarh campus, which has earned remarkable fame and trust amid students and professionals belonging to Uttar Pradesh, Delhi, Haryana, Rajasthan, and other States in the northern India, along with an overall good reputation nationwide and internationally. Thus, the students, professionals, and research scholars to be most benefited by the Mangalayatan University, Jabalpur, will be located mainly in the States of Madhya Pradesh, Chhattisgarh, Southern Uttar Pradesh, Southeast Rajasthan, Bihar, Jharkhand, Northeastern Maharashtra, and Eastern Gujarat. Besides an affluent academic infrastructure and an ornate pool of highly erudite and veteran teaching faculties, ambitious Mangalayatan University of Jabalpur (well-based at Barela) has all modern and lavish resources and facilities to deliver superb and laudable performances in almost all hugely popular professional disciplines, technical and non-technical.

Mangalayatan University, Jabalpur is well-supported by ample experience in superlative academics and world-class pedagogical practices! From Diploma to Doctoral, all hugely popular disciplines are covered.

Website : <http://www.mangaloreuniversity.ac.in>

Mangalore University campus at Mangalagangothri, located about 20 km to the south-east of the historic coastal town of Mangalore, sets the tone for the educational endeavours of the three districts under the jurisdiction of the University. It is a picturesque campus that sprawls over 353 acres, overlooking the confluence of the river Nethravathi with the Arabian Sea on one side, and the cloud-capped Western Ghats on the other. It grew out of a modest Postgraduate Centre of the University of Mysore to become the focal point of an independent University in 1980. The campus, which once housed only three postgraduate departments, now has 26 postgraduate departments, supported by modern infrastructure and experienced faculty. Mangalore University has grown impressively since its inception with 204 affiliated colleges, two constituent colleges (at Mangalore and Madikeri) and five autonomous colleges. The University has established Jnana Kaveri, the PG Centre at Chikka Aluvara, Somwarpet taluk, Kodagu district, with two departments, and offers 11 postgraduate and two Ph D. programmes. The University campus is a self-contained facility that provides all the essential facilities and infrastructure for the pursuit of excellence in higher education. Among the several central facilities at Mangalagangothri, mention may be made of the spacious and modern library, University Science Instrumentation Centre, Microtron Centre, Humanities Block, MBA Block, Science Faculty Building, and a Cybercafe. In the campus, there are three internationally recognized science research centres: (i) Microtron Centre, (ii) Center for Application of Radiation and Radioisotope Technology (CARRT), (iii) Centre for Advanced Research in Environmental Radioactivity (CARER), which have been established through funding from Board of Research in Nuclear Sciences (BRNS), Department of Atomic Energy, Government of India. Under the Department of Science and Technology (DST), Government of India, the special scheme, Promotion of University Research and Scientific Excellence (PURSE) for the development of research infrastructure in Universities, has enabled establishment of state-of-the-art research facilities on the campus. There is an impressive administrative building, two guest houses for visiting dignitaries and faculty, a well-equipped health centre, a shopping complex, two nationalized banks, and an ATM centre. A post office and a telephone exchange function from the campus. The University has provided a good number of residential quarters for its employees on the campus itself. The University has taken steps to establish contacts through the exchange of scholars and students with universities in USA, UK, Finland, Japan, Norway, Germany, Spain and other countries. MoUs have been established with leading institutions of the world for research collaboration. A number of our faculty have been able to get fellowships and visit various universities to carry out their postdoctoral work. They have been on research assignments with assistance from Commonwealth, Humboldt, Rotary, Agatha Harrison Memorial, Rockefeller and Macarthur fellowships. The University has thus taken steps to benefit from the current trend of globalization. Eminent scientists and scholars have been empaneled as Adjunct Faculty to improving the quality and quantum of research, and to support the teaching programmes. An International Students Centre too has been set up to facilitate internationalization in the campus profile.

The Campus is also recognized as a Green Campus: it has secured the first place nationally and 139th place globally during 2020 **in the** Global Green metrics rankings initiated by the Universitas Indonesias a decade ago. During the Covid-19 pandemic, online classes were held for students from May onwards even during lockdown and examinations was conducted as per Government and UGC directives during September/October 2020, and results announced soon thereafter. Special exams have been conducted for those who could not take the regular examinations, during December. An important student-friendly initiative was enabling outstation students to take exams in special centres recognized for the purpose in states such as Manipur in the North-East, and even abroad in Bhutan and Sri Lanka, besides having examination centres all over the state to facilitate students from other districts, and permitting local hostel students within the distrust to write their exams in the colleges nearest to their homes.

Website : <http://www.manipal.edu>

Manipal, today, is a knowledge powerhouse and a brand name in higher education. Over five and half decades ago, one man, Dr Tonse Madhava Anantha Pai, had a vision which ensured that everything he did then, was consigned to posterity, making sure that generation after generation of students enjoy the fruits of his labour till eternity on this lateritic plateau. And the students will, forever, have one name on their lips, that of Manipal. Manipal University is a name to remember, not just across the length and breadth of India, but worldwide. The fact that students from 52 countries are studying here is a testimony to this fame. Fired by the desire to provide health care and other essential services to the people of this region, Dr TMA Pai transformed the plateau into what it now is. He turned the wilderness into a sanctuary of education. In 1953, he set up Kasturba Medical College, the first private medical college in the voluntary sector. And, with that began the story of Manipal University. Then, in 1957 came the engineering college, the dental college, pharmacy college and so on and so forth. Initially, these institutes were affiliated to different universities. Dr. TMA Pai passed on the baton of leadership to his son, Dr Ramdas M Pai who is the present President and Chancellor of the University. Located on the west coast of South India, Manipal was a barren wasteland, a plateau with wild animals. It was this plateau that Dr TMA Pai decided to change. His vision for Manipal covered a wide spectrum of interests because he himself donned many hats. He was a physician, an educationist, a banker and above all, a philanthropist at heart. Then in 1993, MAHE was accorded a deemed university status under Section 3 of the UGC Act 1956, by the Ministry of Human Resource Development, Government of India. Today, it has 20 constituent institutions comprising medical, dental, engineering, architecture, nursing, allied health, pharmacy, management, communication, information science, hotel management, biotechnology, regenerative medicine etc. The university offers Bachelors', Masters' and Doctoral degrees in various specialties. At the time of receiving the deemed university status, only five professional institutions existed. Encouraged by the new status, the University grew by leaps and bounds. The emphasis has always been, and still is, on quality education, which is why the degrees offered by the university are recognised world over. The University provides excellent educational facilities to over 28,000 students in its constituent colleges. It also has an active alumni base of over 94,000 students across the world. With all the experience gained from producing several thousands of graduates, backed by experienced faculty, excellent academic and clinical facilities, Manipal University boasts of an educational environment with a touch of world class.

MANIPAL UNIVERSITY JAIPUR

Dehmi Kalan, Jaipur Ajmer Expressway

The Manipal Education Group, with its heritage of excellence in higher education for over 60 years, launched Manipal University Jaipur (MUJ) in 2011. MUJ was established on an invitation from the Government of Rajasthan, as a self-financed State University and is redefining academic excellence in the region. The Vision of the University is to be a “Global Leader in Higher Education and Human Development”. MUJ provides excellent ambience to enhance the teaching-learning experience and to promote creativity and innovation.

The University boasts of the best-in-class infrastructure, including the state-of-the-art research facilities and a modern digital library. MUJ, as multi-disciplinary University, offers career- oriented courses at all levels, i.e., UG, PG and Doctoral, across diverse streams, including Engineering, Architecture, Planning, Fashion & Jewellery Design, Fine Arts, Hospitality, Humanities, Journalism and Mass Communication, Basic Sciences, Law, Commerce, Computer Applications, and Management.

To provide best reading material to the students and faculty, the University has a well stacked digital library with more than 35000 books on all subjects and 150 journals.

As the first digital campus of the country, MUJ provides online academic information and support to students through an Academic Management System (AMS). The campus is fully Wi-Fi enabled with 10 Gbps optical fiber backbone and has 100% surveillance through 600 CCTV cameras. MUJ boasts of a Solar Power Plant of 850 KW installed on the roof-tops of the buildings in the Campus.

MUJ has won many Awards and Recognitions in a short span of time, like GRIHA Five Star Award conferred by MNRE, Govt. of India, Digital India - Smart Campus Award given by NDTV-CISCO, Best University Campus Award conferred by ASSOCHAM, Outstanding Contribution to Digital India Award given by The Economics Times, LEED India Platinum Award given by US GBC as the only Green University Campus in the country.

MUJ, a new generation University, is committed to nurturing talent and strengthening academics and research by adopting unique and innovative practices to continue to redefine academic excellence.

MANIPUR INTERNATIONAL UNIVERSITY

MIU Palaace, Ghari, Airport Road
Imphal – 795140, Manipur, India
Tel : 08899 788 788
Email : info@miu.edu.in

Manipur International University (MIU) is an Autonomous Statutory State International Public University established, recognised and accredited by the State Government of Manipur. MIU is established by the State Government of Manipur via Manipur International University Ordinance, 2018 (Manipur Ordinance No.1 of 2018) which was notified in the Official Gazette on 26th June 2018. Later, the monsoon session of the Manipur State Legislative Assembly has unanimously passed the Manipur International University Bill, 2018 (Manipur Bill No.8 of 2018) on 23rd July 2018. The winter session of the Manipur Legislative Assembly has once again unanimously passes the Bill on 21st December 2018. The Manipur International University Act, 2018 (Manipur Act No.2 of 2019) has received the final assent of the Hon'ble Governor of Manipur on 23rd Jan, 2019 and it has been notified by the Law and Legislative Affairs Department, State Government of Manipur in the official Gazette Extraordinary of Manipur State on 14th Feb, 2019. The University is fully recognised and Institutionally accredited by the State Government of Manipur via the MIU Act, 2018.

Mission

The mission of the Manipur International University is to provide high quality higher education with emphasis on educating the nation's rural and tribal communities by offering respected, relevant, accessible, affordable, and student-focused programs that prepare students for service and leadership in a diverse, global society.

The University seeks to use the medium of education to connect India with the world. The university aims to open the doors of Indian Higher Education System to rest of the world, while welcoming opportunities, talent, and technology from rest of the world.

The University has partnered and continues to partner with numerous Government and Non-Government bodies, Local, National and International Organisations, Multinational Companies and Individuals

Vision

Education it is said is one of the most profitable business in the world and every business house seems to be clamouring for it and succeeding in their pursuits. But have we ever stopped to wonder if theses pursuits are reaching the people who truly need it. The world is filled with forgotten corners, neglected and abandoned, hopeless and dejected, not having access to their basic needs let alone Quality Education. In the age where humanity is looking at the stars and designing the game plan to colonise mars, it comes as a surprise that some of our population lacks the access to a better world. It is in this foundation in pursuit of a better world, a well rounded growth with education in its pivot that Manipur International University (MIU) takes its first step and we plan to never stop, to change the world, to passionately work for a better future, to ensure sustainability by enveloping growth through inclusive development.

MANIPUR TECHNICAL UNIVERSITY

The Manipur University of Culture came up under a driving need to safeguard the rich cultural heritage of state and to nourish its unique potential as has been envisaged in the cultural policies of the Government. It actually started to function on December 4, 2015 when the first Vice Chancellor and the first Registrar of the University, appointed by the Governor of the state in his capacity as the Chancellor of the University under the Transitional Provision of the Manipur University of Culture Act, provision No. 43, joined for duty in the forenoon of the same day.

The Manipur University of Culture is a new and unique University of the state and the first of its kind in the entire North-Eastern part of India. It is a teaching and affiliating University established with the objectives to advance and disseminate knowledge by teaching, training and research in various aspects of culture, particularly the culture of the state. The University aims at providing opportunities and facilities for graduate, post-graduate, doctorate and post-doctorate studies in the areas mentioned above. It also aims at promoting serious and systematic ethnic studies bearing on the living conditions of the communities living in Manipur and the adjoining regions of the South-East Asia and thus serving as a centre for fostering co-operation and open-minded exchange of ideas among academic communities of other Institutions and Universities of repute in India and abroad which have similar objectives.

The office of the University is at present located at the premises of the building complex of the Department of Art and Culture, Government of Manipur, Palace Compound, Imphal. Initially the teaching programmes will be conducted in the buildings of Imphal Art College, Government Dance College and Government Music College.

The Manipur University of Culture is a new and unique University of the State and the first of its kind in the entire North-Eastern part of India. Manipur University was established on 5 June 1980, under the Manipur University Act.1980 (Manipur Act 8 of 1980), as a teaching cum-affiliating University at Imphal with territorial jurisdiction over the whole of the state of Manipur.

It was converted into a Central University w.e.f. 13 October 2005. The Manipur University Act No.54 of 2005 received the assent of the President on 28 December 2005.

The University is located at Canchipur, Imphal, the capital city of Manipur, India. The University campus is spread over an area of 287 acres (1.16 km²) in the historic Canchipur, the old palace of the kingdom of Manipur.

The Langthabal Palace(Konung) was established by Maharaja Gambhir Singh in 1827 (October) just after the liberation of Manipur from Burmese occupation. Maharaja Gambhir Singh took his last breath in Canchipur.

As envisaged in the policy programmes of the UGC for the development of Collegiate education, College Development Council, MU was set up at the Manipur University under syndicate resolution no. 5 dated 1-10-1985, to ensure the proper planning and integrated development of affiliated colleges.

At present Dr. RK Rajan Singh, Director i/c is looking after the affairs of the CDC and there are 22 members of the CDC with Vice-Chancellor as its ex officio chairman.

The Manipur University Act No 54 of 2005 received the assent of the President on 28/12/2005.

Located at Canchipur, Imphal, the capital city of Manipur. The university campus is spread over an area of 287 acres in the historic canchipur which is the site of the old palace of Manipur "The Langthabal *Konung*" (Palace), Which was established by Maharaja Ghambhir Singh in 1827 AD just after the libration of manipur from burmese occupation. Maharaja Gambhir Singh took his last breath at Canchipur. Canchipur is also the Birth Place of Dr Lamabam Kamal, a renowned poet of Manipur.

MANONMANIAM SUNDARANAR UNIVERSITY

Website : <http://www.tnuniv.ac.in/msu>

Manonmaniam Sundaranar University (MSU) is a dynamic institution of higher learning, set in a rural milieu of southern Tamil Nadu, with a campus spread of 550 acres. The University was established by the Government of Tamil Nadu as a teaching-cum-affiliating University on 7th September, 1990 to cater to the long-felt needs of the people of the three southern most Districts of Tamil Nadu viz., Tirunelveli, Tuticorin, and Kanyakumari. It is Named after the renowned Tamil Poet scholar, Professor P. Sundaram Pillai (1855-1897), the author of the famous verse drama Manonmaniam. It is his poem that has become “Tamil Thaaai Vaalthu” the official invocation song sung in all functions in Tamilnadu. The motto of the University is “Reaching the Unreached”. Around 2400 students are studying in this institution directly. The University has under its jurisdiction 62 affiliated colleges, 6 University Colleges and 4 Constituent Colleges, with 73,000 students on the rolls. These colleges, amongst which three are over 100 years old viz., St. John’s College, M.D.T. Hindu College, and Sarah Tucker College the oldest women’s college in the state, have contributed decisively to the cause of higher education of this region. The main focus of the university is to produce individuals who have the expertise and intellectual curiosity to make a difference in their profession and the society and in conducting the research needed to meet the challenges facing the contemporary world. This is keeping us in line with the Vision-2023 document of our Honourable Chief Minister of Tamil Nadu Dr.Ms.J. Jayalalithaa, and her aim to impart quality higher education to the students. Majority of the students of this University belong to rural and economically weaker sections of the society. Hence, this University imparts education at nominal and affordable cost. The curricula of the courses offered by this University are periodically updated and the University has resourceful teachers to deliver the same. There are 25 academic departments in the University. Sri Paramakalyani Centre for Environmental Sciences, functioning at Alwarkurichi, is an illustrious example of University-Industry collaboration and the same has been recognized by the Government of Tamilnadu as a Centre of Excellence. The Centre for Marine Science and Technology at Rajakkamangalam is breaking new ground in Coastal Area Studies. All the University departments are receiving research projects from several funding agencies in India, Europe, USA, Japan and UNO. The University Library has rich collection of books and journals on a wide range of subjects. The courses offered by the University have been designed keeping in mind the changing times and the emerging needs of the region. The University offers post-graduate, M.Phil., and Ph.D., programmes (part-time and full-time). The University has National Service Scheme and Youth Welfare Department which provide opportunities for the students to develop their overall personality. The University Grants Commission, New Delhi, the apex higher education body of the Union Government, has accorded its approval for getting financial assistance since 29th March 1994.

Email : info@marwadieducation.edu.in

Marwadi University is the venture initiated by the managers of the Best Engineering College in Rajkot named as MEFGI, an institution that has proved its worth and commitment through high quality education and top placements. In perpetuation to the success story, this University has been established with the vision of creating new platforms standing on which students can touch the heights of success. A number of courses are offered to facilitate learning for a variety of job sectors under single roof. Large and airy classrooms, seminar halls and activity halls have been provisioned with projectors and perfect sound system to provide quality learning and enjoyable environment that encourages the value of learning with fun. A lot of activities are organized by the departments and student activity clubs so that students and teachers associated with all sectors can interact and learn together the management skills along with knowledge about the field of each other. To ensure learning compliant with latest industrial standards, we have hired a big pool of highly qualified and experienced faculty. The inception of this venture from an already established education hub has accelerated the process of settlement and growth resulting in Marwadi University being considered on the top of the list of Best Engineering Colleges in Rajkot and Best Management Colleges in Rajkot.

- Best placement in Gujrat.
- One of the largest Integrated technical campus.
- Highest no. of Ph.D. faculty from diverse background.
- World Class Library having Self Check out facility and having Guinness Book World Record.
- Dedicated Sports Complex
- All round development through dedicated Learning & Development Department.
- Separate Hostel facility for boys and girls for 2000 students.
- 24X7 security staff on campus with 1000+ cctv cameras.
- Academic affiliate with Royal Society for Engineering U.K. for Newton Bhabha Project.
- 10 lakh square feet buildup area.

UNIVERSITY OF TECHNOLOGY

BF 142, Sector 1, Salt Lake City

Kolkata - 700064, West Bengal

Tel : (033) 2321 0731 / 1327

The Government of West Bengal set up an expert committee on December 31, 1998, under the Chairmanship of Ashesh Prasad Mitra, Eminent Scientist to explore the necessity and scope for establishment of an Engineering / Technology University in the state of West Bengal. The University came into operation formally with the assumption of the office of the first Vice Chancellor on January 15, 2001 as a sequel to the promulgation of THE WEST BENGAL UNIVERSITY OF TECHNOLOGY ACT, 2001, under West Bengal Act XV of 2000 passed by the West Bengal Legislature.

The University started its academic programme, from July 16, 2001 following a Notification from the Department of Higher Education, Government of West Bengal dated June 15, 2001 through the affiliation of Engineering and Management Institutions / Colleges and has entered the eighth year of its functioning.

The University is included in Section 2F and also in Section 12B of UGC and recipient of UGC Grant. We are equal opportunity, affirmative action institution and do not distinguish on the basis of gender, caste, creed and religion. The University wants to grow nurturing innovative / novel ideas that would touch all segments of the society especially the marginalized ones. We look at technology from a broad social perspective and are organizing postgraduate courses in basic and applied sciences.

The University has introduced new courses in emerging areas to develop, enhance and higher education. We strive for optimum utilization of resources and believe in unleashing individual initiative for entrepreneurial development without compromising the collective need.

The University is steadfast in its twin objectives:

- a) To serve as a Centre of Excellence in teaching and research in technology and management area.
- b) To provide framework of industrialization based on knowledge economy.

Maulana Azad National Institute of Technology (MANIT), also known as National Institute of Technology, Bhopal (NIT Bhopal), formerly Maulana Azad College of Technology (MACT), is an Institute of National Importance under the NIT Act situated in Bhopal, Madhya Pradesh, India. It is part of the group of publicly funded institutions in India known as National Institute of Technology.

MANIT was started in 1960 as Maulana Azad College of Technology, named after the first Minister of Education, Maulana Abul Kalam Azad. MACT started functioning in 1960 at Govt S.V. Polytechnic with an intake of 120 students and seven faculty members. It was one of the first eight Regional Engineering Colleges.

It was set up with seven faculty members and an initial intake of 120 students and acted at first from the campus of Swami Vivekanand Polytechnic. Swami Vivekanand Polytechnic's principal, S. R. Beedkar, was the first head of the institute, under the title "planning officer".

The first Principal, J. N. Mougill, joined in 1962. At the same year the institute shifted to its current campus, which was inaugurated by the then Prime Minister of India, Jawaharlal Nehru.

Vision

“MANIT looks forward to becoming a global centre for technical and professional knowledge”

Mission

“To produce technical professionals abreast with competence, logical mindset, moral and ethical values and inner strength synchronous with the futuristic requirement of global business so as to strengthen the national economy”.

MAULANA AZAD NATIONAL URDU UNIVERSITY

Email : registrar@mannu.ac.in;vc@manuu.ac.in

Website : <http://www.manuu.ac.in>

Maulana Azad National Urdu University is a Central University located in the city of Hyderabad in the Indian state of Telangana. It was named after Maulana Abul Kalam Azad, India's first Minister of Education, a freedom fighter in India's struggle for independence, and a scholar of Islam and Urdu literature. The University was established by an Act of the Parliament in January 1998, with an All India jurisdiction. The mandate of the university is to promote Urdu language, provide higher and vocational education through Urdu medium and focus on woman's education. The University has recently been awarded "A" Grade by National Assessment & Accreditation Council(NAAC).

The University has a Directorate of Distance Education where around 15,000 students are on roll in various courses (M.A, B.ed, B.A., B.Sc. and B.Com, different diplomas and certificate courses) all over India and abroad. The University has established an examination centre at Jeddah (K.S.A) & few more are in pipeline at Qatar, U.K. and U.S.A. The University has a Urdu learning and research institution, Centre for Urdu Language, Literature & Culture at the Hyderabad campus.

The University's campus education as on today boasts of six Schools of Studies: namely , 1) School of Languages, Linguistics & Indology, 2) School of Commerce & Business Management, 3) School of Education & Training 4) School of Journalism & Mass Communication 5) School of Arts & Social Sciences and 6) School of Sciences. These six Schools run 13 Departments, which in addition to offering masters programmes, provide research programmes at M. Phil. and Ph D level. These Schools have already churned out a considerable number of M. Phil. Scholars. The focus of all these Schools is to search new areas of knowledge and to advance knowledge through research and application.

The University has established three Industrial Training Institutes (ITIs) and three Polytechnic Colleges in Hyderabad Bangalore and Dharbanga respectively. For all the disciplines on offer in ITI and Polytechnic, Urdu is the medium of instruction, which fulfils one of the objectives of the University of imparting technical subjects in Urdu. Additionally, the University established three Teacher Training Colleges at Srinagar, Darbhanga and Bhopal respectively, where personal and intellectual growth of teachers is realized through varied teacher training programmes. True to its mission of widening the wings of Urdu and instilling a passion for Urdu among the new generation, the University has also established model schools that provide quality school education.

Maulana Mazharul Haque Arabic and Persian University, Patna, was established by the Government of Bihar under the provisions of Bihar State Universities Act (1976) as amended up to date. Under section 3(L) of the aforesaid Act, Maulana Mazharul Haque Arabic and Persian University has been established with the headquarters at Patna and with the jurisdiction over the whole of the State of Bihar. The same has duly been notified by the Department of Human Resource Development, Government vide notification no. 2/p/5-11-2005-1998 dated 22 November 2006. Apart from special task of development of higher standards in Arabic and Persian, the University is also charged with the duty to develop other branches of knowledge through sharing and collaboration for the dissemination of knowledge in the interest of the students and society. The Department of Human Resources Development, Govt. of Bihar had notified its functions vide memo no. HE 1551 dated 24-07-2008 starting that “to confer or grant degree, diploma, certificate and other academic distinctions in Arabic or Persian or in such other branches of learning, including vocational, professional and education, as the University may consider fit”. The University is presently located at 34 Ali Imam Path, Harding Road, Patna-800001.

Maulana Mazharul Haque Arabic and Persian University had introduced 5 diploma and 4 degree level courses from the session 2008-09. The admission ordinance and regulations for these courses have been approved by the Hon'ble Chancellor vide Governor's secretariat letter no. MMHU-15/12/2005-1482/GS(1) Dated 28 April 2008. These courses has introduced in 2008-09 on self financing basis to provide students with purposeful academic programme and multiple career options.

Although the University was established in 1998 yet it had remained non functional till January 2008. The new University administration under the Ex Vice-Chancellor Prof. Qamar Ahsan has made the University fully functional in a purposeful manner within a short span of 6 months. The University started its First Academic Session from July 2008 by admitting students to nine job oriented vocational courses through the Knowledge Resource Centre Network (KRCN) established in the different Districts of Bihar. Besides vocational courses the University has been empowered to conduct Alim (Graduation) and Fazil (Post-Graduation) examinations earlier conducted by Bihar State Madarsa Education Board, vide MHRD, Bihar memo no. 15/M 1-202/93-2279 dated 24-11-2008. “The University proposes to develop a Centre of Excellence in Oriental Studies in the course of time apart from conducting mainstream courses.

MAA SHAKUMBHARI UNIVERSITY

Punwarka, Saharanpur, Uttar Pradesh 247120

Phone: +91-6398149770

Email: registrar@msuniversity.ac.in

Website : <https://msuniversity.ac.in>

The newly established Maa Shakumbhari University is still in its incipient stage but it aspires to emergesoon as an enormous centre of higher education. It is speedily heading towards ushering in the dawn of knowledge and new awakening in the adjoining areas of Saharanpur. It is expeditiously striding forward to its over-all development. The recently started University is leaving no stone unturned in developing as a fountain of comprehensive learning keeping in mind the needs of the students of this rapidly developing nation vis-a-vis the process of globalization.

The university was initially named Saharanpur State University but later it was renamed as Maa Shakumbhari University by the Government. The U.P. State Universities Amendment Bill 2021 that provides for renaming the University was passed in the State assembly on August 3 2021.Honourable Deputy Chief Minister,Sri Dinesh Sharma issued a statement saying that, “The ancient temple of Goddess Shakumbhari Devi situated in Saharanpur district, is one of the most famous ‘Shakti Peeths’ of India. The General Public has an unwavering reverence for MaaShakumbhari Devi. Dedicating the Saharanpur State University, established by the state government to MaaShakumbhari Devi, it was decided to name the said university after Her name in accordance with the sentiments of the general public”. (indiatvnews.com)

Maa Shakumbhari University is a State University, situated at the village Punwarka of district Saharanpur in the Indian state of Uttar Pradesh. It is established by Uttar Pradesh State Universities Act, 2019. The university was inaugurated on December 2, 2021 by Honorable Home Minister Sri Amit Shah and Honorable Chief Minister of Uttar Pradesh Sri Yogi Adityanathji in gracious presence of the Honorable Deputy Chief Minister Sri Dinesh Sharma and honorable Union Education Minister Sri Dharmendra Pradhan. The foundation stone of the proposed majestic building of the University was also laid down. The University campus and residential campus is being built on 50 acres of land. At present the University is housing in the Government College, Punwarka.

The University is going to be advantageous to all the affiliated colleges which includes 11 aided Colleges, 8 Government Colleges and 193 Self Financed Colleges. The territorial jurisdiction of the University is Saharanpur Mandal comprising of three districts viz., Saharanpur, Muzaffarnagar and Shamli. An estimated1.50 lakh students will be benefitted by this university. Previously, these colleges were affiliated to Chaudhary Charan Singh University, Meerut. It was very tedious and bothersome for the staff as well as for students to go all the way to Meerut to get their problems resolved. The university is an asset to the society as well. The area around the University will gradually develop, yielding employment to the local inhabitants. The university itself will turn into an education hub as well as it will provide employment to many deserving persons who are in a dire need of jobs.

M.B.M. UNIVERSITY

Ratanada, Jodhpur – 342011
Rajasthan

MBM University has been established by the Government of Rajasthan by upgrading the erstwhile M.B.M. Engineering College, Jodhpur. M.B.M. Engineering College, established on 15th of August, 1951, was one of the oldest technical institutions in the country which became a constituent Faculty of Engineering and Architecture under the administration of Jai Narain Vyas University, Jodhpur in the year 1962. Later, looking to the need for multi-faceted development of the institution, Government of Rajasthan upgraded the institute to a State Level University through a Legislative Act in September, 2021.

The university boasts of its high standards of education, prestigious legacy and a flourishing environment that caters for the overall development of its students, faculties and staff members. Located on a 98-acre academic campus and situated within the 5 Km radius of all major landmarks of the Jodhpur City, the university is applauded for its vast campus and geographical advantage. Further, staff quarters and college hostels (accommodating 800+ students every year) offers a residential advantage in close vicinity to the university.

The university is proud of its high academic and technical standards since its inception. With a vision to cater to the growing needs of the society and industry, the institute has always been a pioneer in incorporating latest domains of engineering education and research. Currently, the institute offers 14 undergraduate, 25 postgraduate and 10 doctoral research programmes to the aspiring students. Several factors including good infrastructure, cutting-edge curriculum, reputed faculties, low educational costs and nourishing environment makes MBM, a first choice for students within Rajasthan as well as from other states across the country. The university is proud of its huge alumni base who have always excelled in their career and are contributing through top positions within industry, governmental bodies and academia. Many of them are also working as professors in IITs, IIMs and other prestigious technical institutions. The institute strives to maintain a culture and environment that enables our students to become responsible, ethical and true professionals.

Vision

“To be a leading educational institute that provides quality technical education and conducts research to produce knowledge-rich professionals for meeting the dynamic needs of the industry and society”.

Mission

“To impart quality technical education to the students to make them globally competent engineers, contributing to the development of the nation and world at large”.

MEDHAVI SKILLS UNIVERSITY

Topakhani, Lower Chisopani
PO: Singtam Bazar, PS: Singtam
District: East Sikkim, Sikkim – 737134
Phone : +91 9874875876
Email : contact@msu.edu.in
Website : www.msu.edu.in

Medhavi Skills University (Sikkim) has been established with the passage of the Medhavi Skills University, Sikkim Act 2021 in the Sikkim State Legislative Assembly on 24th June 2021. MSU aspires to establish a pioneering university model where corporates/ industries shall be the stakeholders and influencers in course curriculum design, program delivery, practical skills training, as well as, for providing on-the-job apprenticeship, with the following mission and vision.

Vision

- To establish an outcome-driven, and inclusive ecosystem for skill-integrated higher education

Mission

- To promote in-demand Skill integrated Higher education linked to assured employability and holistic growth
- To nurture learners with appropriate attitudes and ethics for sustainable progress in career and life
- To promote work-integrated (skill-based) higher education through industry immersive apprenticeships / on-job learning
- To facilitate the industry with Go-To-Market workforce solutions through short term and long term Skill accelerator programmes

21st Century Industry and Workspace is changing in a faster and unexpected way. Disruptive Technologies have dramatically transformed the way the work used to work. Especially, the last decade has been highly impactful in accelerating this transformation due to the evolution of technologies like High-Speed Internet, Mobile (4G, 5G), IoT, Cloud Technology, Big Data, etc. The inquisitiveness of the human mind and the path-breaking innovations have started to redefine the Workspace and the Social behavior e.g.; Chatbots handling the customer service seamlessly, Robots synchronously participating in large scale Manufacturing, Ecommerce dominating the retail space, etc.

To deliver to the demand for industrial mobility, the future workforce in the higher education eco-system needs to be groomed differently. Medhavi Skills University (Sikkim) is committed to catering to the need of the hour to prepare the youth to tackle the agility and volatility of the future workspace. To this mission, co-working with leading Industry Partners within and outside of India to design and implement demand-driven programmes embedding On Job Training / Learning in the Industry is our priority. We envision each Medhavian to be the leading face of tomorrow's workspace.

MEDI-CAPS UNIVERSITY

A.B. Road, Pigdamber, Rau
Indore - 453331
Phone No.: 0731-4259500, 2856294
Fax: 0731-4259501
e-mail: info@medicaps.ac.in

Medi-Caps has been a brand name in the arena of technical education. Since its inception in July 2000, Medi-Caps has consistently aimed at creating an ideal ambiance for budding technocrats and managers; and helping them to grow like true professionals. With its highly qualified faculty there seems an optimal blend of academic brilliance and industry exposure, supplemented by highly specialized visiting faculty and industry experts, senior professionals from various segments of different industries and business houses. It was time now to spread wings and move out for more exposure and widening of the periphery. Hence the foundation of Medi-Caps University has been laid down. With a strong foundation of the Group since 15 years, Medi-Caps University wishes to maintain the same objective of imparting quality education and producing sound professionals for the benefit of the society at large.

Medi-Caps is a pioneer institute in central India for management and engineering education since July 2000. Within a short span of 15 years the Institute has attained a strong footing amongst all the technical and management colleges of Madhya Pradesh. It is situated on a beautiful hillock with sprawling lawns and beautiful and hygienic ambiance. Medi-Caps holds its strength in quality education and discipline, which makes it extremely sought for.

The Institute holds its flag high with ME/ M Tech Courses in 5 branches i.e. Information Technology, Computer Science Engg, Electronics and Communication and Mechanical Engineering and BE courses in 8 branches - Computer Science, Information Technology, Mechanical Engineering, Electronics and Communication Engg, Electronics and Instrumentation Engg and Electrical and Electronics Engg, Automobile Engineering, and Civil Engineering. Medi-Caps has received 1st rank amongst the Private colleges in Madhya Pradesh and 47th in India in the year 2015 by the Times of India. Various disciplines of engineering are supported with eminent faculty members and enormous resources in the form of book, journals, magazines and laboratory.

Besides engineering courses, the Management and Computer Application courses of Medi-Caps are also as much in demand. The management courses run in four specializations viz- a- viz Core, Foreign Trade, Finance, Marketing and Human Resource Management.

MEENAKSHI ACADEMY OF HIGHER EDUCATION AND RESEARCH

The Govt. of India in Ministry of Human Resource Development, Department of Secondary and Higher Education, New Delhi, on the advise of the University Grants Commission, conferred Deemed to be University status to "Meenakshi Academy of Higher Education and Research (MAHER)" as per Section 3 of the UGC Act 1956 Vide Govt. Notification No.F.9-5/2002-U.3, dated.31.03.2004. At the time of conferment of Deemed University status, BDS and MDS Courses were conducted at Meenakshi Ammal Dental College, Maduravoyal, Chennai - 600 095. Meenakshi Medical College and Research Institute, Enathur, Kanchipuram and Meenakshi College of Nursing, Mangadu, Chennai were included subsequently in Govt. of India's letter No.F.9-11/2004-U.3, dated.26.07.2004, and F.9-22/2004-U.3, dated.02.06.2005, under the ambit of MAHER-Deemed University). The Meenakshi Academy of Higher Education and Research has been declared as Deemed to be university by the Government of India by notification dated 31.3.2004, in consultation with University Grants commission under Sec (3) of the UGC Act 1956. Under the ambit of the above deemed to be university the following institutions are functioning.

It is a matter of common knowledge that there is great demand for Engineering Education. No doubt, there are many Institutes in Engineering & Technology in the country but still there are miles to go in spreading education in Engineering & Technology, among all the section of people in this vast country. Inspite of the fact that we are marching towards progress in the development of industries, it is a hard fact that we are not able to completely fulfill the demands of the industry for supply of quality engineers. With the object of throwing open Engineering education to all communities in the country without any discrimination regarding region, religion, language, caste etc, it has been felt that a Department of Faculty of Engineering & Technology should be opened by Meenakshi Academy of Higher Education and Research, in the best interests of the student community at large. With these objects in view, the Faculty of Engineering and Technology has been started from the academic year 2008-2009. It is a matter of common knowledge that there is great demand for Engineering Education. No doubt, there are many Institutes in Engineering & Technology in the country but still there are miles to go in spreading education in Engineering & Technology, among all the section of people in this vast country. Inspite of the fact that we are marching towards progress in the development of industries, it is a hard fact that we are not able to completely fulfill the demands of the industry for supply of quality engineers.

The Mahatma Gandhi Mission Trust is the parent body of MGMIHS which was established in 1982 by Hon. Shri Kamalkishore Kadam with a futuristic vision to provide qualitative education by applying innovative and dynamic pedagogical techniques. Since inception, the Trust has focused on providing Health Care Services, School Education and Higher Education with dedication and commitment. The MGM Trust was established in Nanded, Maharashtra and in the course of time it extended its services to Aurangabad, Navi Mumbai and Parbhani in Maharashtra and Noida [New Delhi] in Uttar Pradesh. A chain of Schools, Engineering, Architecture, Medical, Nursing, Management, Computer Science & IT, Bioinformatics and Biotechnology, Fine Arts and Journalism stand testimony to the endeavours of the Trust. All these Institutions are run under the able guidance of Shri Kamalkishore Kadam, M.Tech. (IIT-Mumbai), Chairman of the Trust and Ex-Minister of Education, Maharashtra and the trustees Shri Ankushrao N. Kadam (B.E.), Dr. P.M. Jadhav (FRCS, U.K.), Dr. S.N. Kadam (FRCP, Edin.), Dr. Nitin N. Kadam (MD, DCH) and Shri U.N. Kadam (B.E). The Institutions under MGM Trust have achieved a mark of excellence in their respective areas over the years. The MGM Deemed University has been notified as a Deemed to be University i.e. “MGM Institute of Health Sciences” vide Notification No. F.9-21/2005-U.3 (A) dated 30.08.2006 issued by the Government of India, Ministry of Human Resource Development, Department of Higher Education, New Delhi. Two of its Medical Colleges at Aurangabad and Navi Mumbai were accorded the status of Deemed to be University and Mahatma Gandhi Mission Institute of Health Sciences (MGMIHS) started officially functioning in 2006.

Vision

By the year 2020, MGM Institute of Health Sciences aims to be a top-ranking Centre of Excellence in Medical Education and Research. Students graduating from the Institute will have all the required skills to deliver quality health care to all sections of the society with compassion and benevolence, without prejudice or discrimination, at affordable cost. As a Research Centre, it shall focus on finding better, safer and affordable ways of diagnosing, treating and preventing disease. In doing so, it will maintain highest ethical standards.

Mission

To improve the quality of life, both at individual and community levels by imparting quality medical education to tomorrow's doctors and medical scientists and by advancing knowledge in all fields of Health Sciences through meaningful and ethical research.

“In a gentle way, you can shake the world.” With this philosophy and ideology of Mahatma Gandhi, MGM established an educational trust in 1982 under the guidance of former Education Minister Shri Kamalkishore Kadam and a group of founder members who are hard-core academicians and visionaries. The Trust established its pioneering institute in the historical city of Aurangabad, home to the heritage sites of Ajanta & Ellora but lacking in premiere educational institutes. For more than four decades, Mahatma Gandhi Mission has blazed a trail of academic excellence and state-of-the-art health care services. A strong dynamic institution that keeps pace with the demands of the modern world, prominent locations and excellent education facilities makes MGM worthwhile and an exciting choice for education. This institution is devoted to extensively impart education and enable the students to stand on their own, strongly believing that “Literary education is of no value if it is not able to build up a sound character.”

With the vision for imparting quality education MGM initiated a chain of institutes with a spectrum ranging from primary schools to post graduate degrees. MGM has been instrumental in promoting Classical Dance & Music, Art, Culture, Heritage and creativity for art seekers. The Trust has also paid heed to the aspect of physical fitness by converting a vast expanse of land into an ultra-modern facility catering to a multitude of sports. MGM's lush green and serene campus is conducive to create a peaceful learning atmosphere.

It has acquired the reputation of being one of the premiere educational & health services charitable trust in India. In all, during this journey Mahatma Gandhi Mission has established its mark over 6 campuses having over 70 colleges, Institutions and Centers of Engineering, Architecture, Medical, Nursing, Management, Computer Science, IT, Biotechnology, Science, Commerce, Fine Arts, Ceramic and Pottery, Performing Arts, Fashion Design, Mass Communication & Journalism, Film Arts and Photography. It has established many incubation centers for students, MGM Khadi is one of the best production and research centre for khadi and Paithani saree.

The MGM Trust continues its journey of imparting value based services and creating global technocrats with its self – financed private “MGM University” launched at Aurangabad, Maharashtra with the approval of Government of Maharashtra and passing of MGM University Act 2019 by Maharashtra Legislative Assembly and Legislative Council.

MIT ART, DESIGN AND TECHNOLOGY UNIVERSITY

Raj Baugh Campus, Loni Kalbhor, Solapur Highway

MIT Art, Design and Technology University Act, 2015 No. SFU.2014/ (18/14)/UNI-4 – In Exercise of the powers conferred by sub-section (2) of Section 1 of the MIT Art, Design and Technology University Act, 2015 (Mah. XXXIX of 2015). Raj Baugh Loni Kalbhor, Pune, India and is in to Existence from 13th of Oct. 2015 on which date said act shall come in to Force.

Art and Design provides opportunities to develop aesthetic understanding, creativity and visual awareness, knowledge and appreciation. It encourages candidates to use a range of media and technology to understand, appreciate and respond to their world. The Course promotes creative thinking, encourages independent thought, initiative, innovation, problem solving and the development of personal opinions. Professional and Residential courses in Dance. Music and Theatre with GURUKUL pattern are offered to the students under one umbrella on the University campus. It also tries to strike the balance between rich cultural heritage of India and awareness of contemporary sensibilities of the young creative minds. The main objective is to provide professional training in the performing arts by keeping the creative atmosphere around the building performing artists due respect and understanding to the Indian performing arts traditions. In order to create one's own idiom in artistic performing arts one has to respect the cultural tradition and understand the socio-cultural history of the nation. Film and Media Studies, an interdisciplinary academic in this University, dedicated to exploring the relations between media, power, and social justice by integrating film and media theory and history with creative practice. Our distinguished Film and Media Studies department its focus on the relations between media and social justice. Our faculty understands the study of media to be inextricably linked to questions of power, rights, human development, and self-determination. Our students investigate these questions historically and theoretically and through their own creative and collaborative work. After a rigorous introduction to film practice initiated and extended through two years of selected course work and theory, student designs and produces a Capstone project under the guidance of an FMST faculty mentor. Another thought-provoking field in this University is Marine Engineering, which gives an exhilarating and challenging career, which deals with manufacturing, designing and operation of ship machinery and engines. It is one of the disciplines of engineering which deals with science and nautical architecture. The marine engineers are engaged in supervising the engine crew involved in operating the machines.

MIT WORLD PEACE UNIVERSITY

S. No.124, Paud Road, Kothrud,
Pune, Maharashtra 411038

MIT-World Peace University (MIT-WPU) is situated in Pune- the cultural capital of Maharashtra. Surrounded by the Western Ghats, Pune is located on the Deccan Plateau on the banks of the serene Mula-Mutha River. The city of Pune boasts of a rich and vibrant heritage witnessing the courage and bravery of the Marathas and Peshwas. A thriving vibrant metropolis it has still retained some of its colonial-era charm. A step towards this Vision has been the ‘MIT World Peace University’ status accorded to MIT Group of Institutes – Pune, established under Govt. of Maharashtra Act No. XXXV 2017 and recognized by UGC.

MIT World Peace University- known as MIT-WPU, is a center for scientific, educational, technological & spiritual development for the youth. We enable our students to face the challenges of the present and the future technical advancements of a fast changing world by incorporating best of academics, industrial, research and value-based education.

Vision

To be a leading University of Excellence, promoting the “Culture of Peace” through Value-based “Universal Education System”, with a firm belief that “Union of Science and Religion / Spirituality alone will bring peace to mankind”

To be a world class space of intellectual distinction in creating extensively trained professionals who will stand for eternal human values and world peace as complete global citizens.

Mission

To create a synergy of academics with technology, technology with research, research with industry, industry with economy and economy with social innovation, leading to world peace and positive change in the society. To identify, enhance, hone and nurture the strength of every student to apply scientific knowledge to touch the life of human beings. To foster the spirit of inquiry and imagination in students, to push the envelope of human knowledge and come up with innovative and ground-breaking solutions for well-being of the world. To create value and intellectual capital for society that will act as a prime mover for development of the society. To promote the ‘Idea of India’ by sensitizing students about the ethos of democracy, vision of leadership and culture of good governance. Co-creation and partnership with individuals and organizations that can support students realize their supreme potential.

Mizoram University is a central university under the University Grants Commission, Government of India, and was established on July 2, 2001, by the Mizoram University Act (2000) of the Parliament of India. The President of India is the official Visitor, and the Governor of Mizoram acts as the Chief Rector as per Mizoram University (Amendment) Bill, 2007.

According to the Act, the objectives of the university are "to disseminate and advance knowledge by providing instructional and research facilities in such branches of learning as it may deem fit, to make provisions for integrated courses in humanities, natural and physical sciences, social sciences, forestry and other allied disciplines in the educational programmes of the University; to take appropriate measures for promoting innovations in teaching-disciplinary studies and research; to educate and train man-power in the development of the state of Mizoram; and to pay special attention to the improvement of the social and economic conditions and welfare of the people of that State, their intellectual, academic and cultural development". Keeping these objectives in view, Mizoram University has embarked on various programmes for academic and administrative development.

The university is the fruit of the Mizoram Accord between Mizo National Front and Government of India on 30 June 1986. However, it was not created de novo. The North Eastern Hill University, with its headquarters at Shillong had already run its Mizoram campus since 1978. The Mizoram University Act by the Parliament of India officially established the school on July 2, 2001, incorporating all the facilities of the existing Mizoram campus of NEHU.

The jurisdiction of the university therefore extends to the whole of Mizoram. Initially, the university had seven academic departments inherited from NEHU, but it now has a total of 18 academic departments. It hopes to bring the number to a total of 27 departments within the current Xth Plan. The university under NEHU functioned from various rented buildings in Aizawl for over two decades.

The Mody University of Science and Technology was established in the year 1998 by Shri. R.P.Mody. He is a true visionary who took an idea ahead of his time and founded Mody University exclusively for girls. His philanthropic attributes, operated in terms of social and psychological promotion of the women community, led him to impart his proposed vision through practical infrastructure. The institution instils the thought that is fully capable of orienting knowledge and information in a scientific manner in the minds of the common mass. This acts as a boon towards the development of a 21st century perspective of the knowledge acquisition process implemented within the university.

To establish itself as one of the most efficient platforms for promoting women education and imbibing a sense of healthy competition among the girls so that they don't lag behind the boys in any field. To provide standard technical and management lessons and inculcating essential cultural values. Mody University's goal is to ensure professional excellence to the girl students and also to guide them to become ideal citizens of the society.

The institution instils the thought that is fully capable of orienting knowledge and information in a scientific manner in the minds of the common mass. This acts as a boon towards the development of a 21st century perspective of the knowledge acquisition process implemented within the university.

Vision

To establish itself as one of the most efficient platforms for promoting women education and imbibing a sense of healthy competition among the girls so that they don't lag behind the boys in any field.

Mission

To provide standard technical and management lessons and inculcating essential cultural values. Mody University's goal is to ensure professional excellence to the girl students and also to guide them to become ideal citizens of the society.

95 % attendance is mandatory for the students of the Mody University of Science and Technology and the best part is that the institution successfully achieves the same.

MOHAMMAD ALI JAUHAR UNIVERSITY

Rampur, Uttar Pradesh

Tel. : 91-0595-2344886, 0595-2328787

Email : majur786@gmail.com mykabdali@yahoo.co.in

Mohammad Ali Jauhar University has been established as a university by an act in the year 2006. The University campus is located at a distance of approximately 12.0 km. from the railway station, Rampur. If you proceed from the city of Rampur; it falls on the left side of the road leading to Tanda, conversely if you come from Moradabad via Tanda, it falls on the right along the Kosi river, which forms its natural boundary. River Kosi flows all along the University for Distance of two and a half miles.

The envisioned university comprises of a school of Life Science, Science, humanities, law, education, Commerce, engineering and technology, Paramedical courses in nursing and proposed medical college, Mass communication, agriculture and technology. The university campus is very beautiful, lush green covering 300 acres of land, We know the importance of planning, so we have hired the services of eminent architects .It is being planned as a mini civilization closely embedded to nature. Attention has been given to the development of sports in the university campus, in doors games facilities like badminton, table tennis, and play grounds for football, hockey, cricket, lawn tennis, volley ball, basketball, horse riding etc. have been proposed.

A mini stadium with athletic tracks, gymnasium, have also been designed to promise sports along with studies, which will go a long way in over all personality development of the students. Large open space between the blocks, wide roads with attractive landscapes, modernistic buildings following the current trends and latest finishing material have been planned to create a green, lively and vibrant campus. A large mosque to cater to a capacity of 7500 persons shall form the focal point of the university.

We aim at providing multidisciplinary research and education at a level of excellence that few universities can match with. The University shall offer outstanding research and educational opportunities, along with a commitment to our public service mission with an outreach to local and global communities - the kind of meaningful experiences that last a lifetime.

Over all, this is a great dream for the development of the academic infrastructure, which will open a world of opportunities for the people of Rampur and a great vision to develop a university, which would be planned & equipped in such a manner, that its infrastructure or the quality of education, will compete with the best in world in near future.

MOHAN LAL SUKHADIA UNIVERSITY

University Rd., Ganesh Nagar
Udaipur-313 001, Rajasthan
Tel : 0294-2470597, 2471844, 2470166

Mohanlal Sukhadia University (erstwhile Udaipur University) at Udaipur is a State University established by an Act in the year 1962 to cater the needs of higher education in Southern Rajasthan. The University is located in Aravalli Hill Area largely dominated by tribal populations. Endowed with rich cultural heritage, natural resources and beautiful landscape, Udaipur is a world renowned tourist attraction. Ever since its inception university has been striving to maintain excellence in teaching, research and community service. Great emphasis has been laid in creating scientific temper, maintaining high ethical values and in keeping pace with emerging areas of higher learning. University has ensured overall socio-economic growth of all the sections of society by encouraging greater access and inclusive approach making it most preferred institution for higher education, learning and research. Conscious about its social responsibilities, the university has played significant role in socio-economic development of backward, under-privileged and socially challenged people through its various extension activities. UGC sponsored “Women’s Study Centre” and Ministry of Health and Family Welfare supported “Population Research Centre” established in the university have contributed significantly in the areas of women empowerment, gender equality and child development. University can take the pride in having ICT enabled working in most of its functional units involved in teaching, learning, research, administration and governance. A very strong infrastructure for e-libraries has enhanced academic growth of the faculty and students. Regular review of existing courses and introduction of new courses of current national and international relevance have been a major activity of the university to produce human resource which is more skilled and employable. Emphasis has been laid on inter-disciplinary and emerging technologies.

To maintain high quality, the teaching and learning processes have been made more rigorous and effective. Evaluation process has been made more transparent and credible.

Creation of new knowledge through research is one of the major objectives of higher education. Realizing its role in creation of new knowledge, the university has not only made visible impact on national and international levels but has also attracted interest of other institutions for collaborative research. Recognition of the Department of Botany, Geology, Physics and Zoology by UGC for its ‘Special Assistance Programme’ and support received from DST under FIST programme to various Science Departments is the testimony of scientific advances made by the faculty members.

MONAD UNIVERSITY

N.H. 24, Delhi Hapur Road
Village & Post Kastla,
Kasmabad, P.O Pilakhwa - 245101
Dist. Hapur (U.P.), India
Tel : (+91) 8475074951/52/53/54/55 01222327000
Website : <http://www.monaduniversity.com>

Monad University, Hapur has been established vide Act No.23 of 2010 of the Government of Uttar Pradesh. This has been published in its Official Gazette on October 12, 2010. A letter of authorization from the Government of Uttar Pradesh has also been issued on dated January 11, 2011. Subsequently, Monad University has come into existence and has started its operations.

Monad Educational Society (MES), a Delhi based non-profitable society is the premiere sponsoring organization responsible for setting up of Monad University. Monad, the university is anticipated to be the next biggest university in not only the city but the world, encouraging three objectives that are 'personal growth', 'efficacy in life', and 'public welfare'.

The university has been established with a commitment to provide a friendly atmosphere to the students where they can learn freely, find solutions to the day-to-day challenges of life and prosper to become the leaders of coming generation.

Monad University, a promising university offers a great opportunity to the prospective students seeking growth in their career with the range of their scads of courses.

The university has also been intended to promote fineness in teaching, academic development, as well as research. Experts from the varied domains have been thoroughly screened, selected, and brought together to shape up the careers of the prospective students and instill in them the best of the domain.

Monad University aims to achieve a global acclamation, besides creating a name for itself across the globe, by offering services of international standards to the students.

Multidisciplinary research forms the core of the university. Furthermore, Monad University understands the needs of an individual to live a dignified life, and thus works towards offering the same.

We expect that even you find a place for yourself at Monad University.

MONARK UNIVERSITY

At & Post – Vahelal, Naroda-Dahegram Road
Taluka – Dascroi, District Ahmedabad
Gujarat – 382 330
Email : info@monarkuni.ac.in
Mob: +91-7970707001 Ph.+91-2718-247138/215

Monark University (MU) has been recently established, under Gujarat Private Universities Act, 2009 as amended from time to time, by its sponsoring body known as Shree Monark Education Trust. The integrated campus of the University is in the proximity of Ahmedabad City.

The University aims at promoting education in multidisciplinary fields such as Engineering & Technology, Sciences, Social Sciences, Arts, Humanities, Management, Commerce, Law, Education, Paramedical Sciences, Computer Applications etc. It is also planning to start several new programs at Diploma, UG, PG and Doctoral levels in unique and emerging areas of knowledge in a big way. It has a galaxy of eminent educationists and visionaries on its board of governors. In order to impart quality education, it has also planned to take up several initiatives towards attaining “Excellence in Education”.

With the blessings of the Goddess Saraswati, Shree Monark Education Trust (SMET) being the sponsoring/promoting body of the Monark University was established in the year 2001 as a result of the vision of its founder Chairman, Shri Mohanbharthi R. Goswami, a farmer and philanthropist, to promote world-class academic institutions. The following erstwhile institutions promoted by the Trust at fast pace have now come under the purview of the Monark University.

Vision

Monark University will be an inclusive and engaged research-intensive university that inspires creativity through outstanding achievements in learning, with up to date curriculum and contemporary delivery to meet the demands of the global higher education landscape.

Mission

Monark University is committed to engaging with the key issues of our natural and social worlds through outstanding teaching, research, and scholarship. Monark University will provide a vibrant and supportive intellectual environment that attracts and connects people from all over the world.

MORARJI DESAI NATIONAL INSTITUTE OF YOGA

68, Ashok Road, New Delhi – 110001

Phone : 011-23730417, 23730418, 23351099, 23721472

Fax : 011-23711657

Website : www.yogamdniy.nic.in

Morarji Desai National Institute of Yoga (MDNIY) is an autonomous organization under Ministry of AYUSH, Government of India. MDNIY is a focal Institute of Planning, Training, Promotion and Coordination of Yoga Education, Training Therapy and Research in all its aspects. MDNIY aims to promote deeper understanding of Yoga philosophy and practices based on classical yoga amongst people.

The Morarji Desai National Institute of Yoga is a Government of India initiative with a mandate to promote the yoga culture and spread the yoga philosophy nationwide. The functioning of the Institute is under the Ministry of Ayush. The Institute is mandated to promote Yoga philosophy and facilitate training and advanced research on the subject. MDNIY has been organising Yoga Mahotsav annually since 2016. Yoga Mahotsav is a curtain raiser for International Day of Yoga to sensitize the masses regarding celebration of IDY.

Common Yoga Protocol and Yoga DVD for International Day of Yoga, celebrated on June 21, were prepared by the Institute in consultation with the eminent Yoga Experts and the officials of various Ministries, Govt. of India.

The Institute was started in 1970, in the form a hospital, opened by the now defunct *Central Council for Research in Indian Systems of Medicine and Homoeopathy*, under the *Vishwayatan Yogashram*. The hospital was later converted into an institute, by name, *Central Research Institute for Yoga* (CRIY) in 1976, to provide free training to people and to organize research on yoga. In 1988, the institute was further renamed as the Morarji Desai National Institute of Yoga with expanded mandates.

The Institute is housed in a campus measuring 2.818 acres, and is equipped with the amenities such as a conference hall with audio visual facilities accommodating 50 people, an auditorium with a capacity of 140 people, a library with a collection of over 9000 books on yoga and related topics, a practice hall (Kriya block) for 30 people, an academic block for classes and practices, an out-patient facility where therapists, dieticians and medical officers offer consultancy services, a laboratory with physiological and biochemical testing and research facilities, an x-ray unit and a multi media centre with audio-visual support.

MOTHERHOOD UNIVERSITY

Roorkee-Dehradun Road, Village Karoundi Post Bhagwanpur
Tehsil-Roorkee, Distt. Haridwar, Uttarakhand-247661
Tel. : +91 7060800156, 7060800157
Email : info@motherhooduniversity.edu.in

Motherhood University, Roorkee has been established under Uttarakhand Govt. Act 5, 2015 in the district of Haridwar. The University campus is located in the vicinity of Holy Ganga River at Roorkee. The University campus can be easily approached by road and railway network as it is situated on Roorkee Dehradun Highway.

The University is promoted by “Motherhood Institute of Management & Technology Society”. The Society was established on December 23, 2004 with the objective to provide education, research and training to aspiring youth of Uttarakhand and the country in order to increase their employability. The other objectives of the Society are to establish orphanage, clinics, old age homes and charitable hospitals etc.

The society was founded by a famous Social worker, Shri K.D.Sharma. He believes that though Uttarakhand has been a separate State now, it still requires enhancement in the field of education. With this objective, Shri K.D. Sharma has founded this society to start various vocational and technical programme for those children who are still deprived of quality Education.

The Motherhood University, Roorkee offers various courses from the academic session 2015-16 under different faculty. To learn more about the Motherhood University, join us. To be a global University with state-of-the-art facilities and the best of education resources to impart unmatched knowledge and learning, to be a recognised centre of academic excellence imparting quality education, producing research of high standard and deveoping talents with balance of personal and professional excellence.

To create a world class academic system for global level achievement so that the University may facilitate integration and tuning of personal excellence among the pupils through their balanced personality. The University takes a mission for development of high standard professionalism among its products with global vision and managerial leadership, to expand the frontiers of knowledge through provision of excellent conditions for learning and research and creating a stimulating and flexible learning environment for its students and faculty members.

MOTILAL NEHRU NATIONAL INSTITUTE OF TECHNOLOGY

Allahabad - 211004

Telephone No.: 91-0532-2545404, 2545407

Fax No.: 91-0532-2545341

Email: secretary@mnnit.ac.in

Motilal Nehru National Institute of Technology Allahabad, Allahabad (MNNIT) is an Institute with total commitment to quality and excellence in academic pursuits. It was established as one of the seventeen Regional Engineering Colleges of India in the year 1961 as a joint enterprise of Government of India and Government of Uttar Pradesh, and was an associated college of University of Allahabad, which is the third oldest university in India. For a short duration of two years (2000-2002), the Institute was affiliated to U.P. Technical University. With over 45 years of experience and achievements in the field of technical education, having traversed a long way, on June 26, 2002 MNREC was transformed into National Institute of Technology and Deemed University fully funded by Government of India. With the enactment of National Institutes of Technology Act-2007(29 to 2007), the Institute has been granted the status of institution of national importance w.e.f. 15.08.2007. The Institute had begun with offering Bachelor Degree Programmes in Civil, Electrical and Mechanical Engineering. It was the first in the country to start an undergraduate programme in Computer Science & Engineering in 1976-77. Subsequently, in the year 1982-83 undergraduate programmes in Electronics Engineering and Production & Industrial Engineering were started. The first Master's Programme of the Institute was introduced by the Mechanical Engineering Department in the year 1966. In all other Engineering Departments, Master's Programmes were introduced in the 1970-71. To add a new dimension to itself the Institute established School of Management studies in 1996, which offers a two year / four semester post graduate degree programme in Management (MBA). The Institute now offers nine B.Tech., nineteen M.Tech. Degree Programmes (including part-time), MCA, MBA, M.Sc. (Mathematics and Scientific Computing) and Master of Social work (M.S.W.) programmes and also registers candidates for the Ph.D. degree. The Institute has been recognized by the Government of India as one of the centres for the Quality Improvement Programme for M.Tech. and Ph.D. The Institute has a very progressive policy towards extending all possible facilities to its faculty members to acquire higher degrees and receive advanced training. As a result, majority of the faculty members possess Ph.D. degrees. The entire campus is networked with 94 Mbps lease line. In the year 1972, the Institute initiated a self employment project and established an industrial estate with 68 sheds with the objective of encouraging entrepreneurs and creating additional employment avenues. The Institute was selected as a lead institution in the Design theme under Indo-UK REC Project (1994-99).

Website: www.murshidabaduniversity.ac.in

Murshidabad University (situated on the eastern bank of the river Bhagirathi in Berhampore, Murshidabad, West Bengal) is established by THE MURSHIDABAD UNIVERSITY ACT, 2018, West Bengal Act XVIII of 2018, Part- III, Acts of the West Bengal Legislature, Law Department Legislative Notification, Published in The Kolkata Gazette (Extraordinary), ASVINA 9, Monday, October 1, 2018 and Kolkata Gazette Notification No.130L/OM-61L/2021 dated 04.06.2021 and the University began functioning along with the joining of the first Vice-Chancellor, PROF. DR. SUJATA BAGCHI BANERJEE, (Principal, Krishnath College, Berhampore, Murshidabad). The first initiative for the foundation of a University in Murshidabad is the up-gradation of Krishnath College (one of the oldest and leading colleges of West Bengal, with a great heritage of 168 years). The process of up-gradation of Krishnath College into a University named “Murshidabad University” keeping intact the heritage of the college is initiated by the Govt. of West Bengal.

168 yrs old Krishnath college which has gathered to itself a halo bequeathed by its eminent teachers and alumni, was originally founded by the Govt. of Bengal under East India Company on the 18th November 1853 by notification no : 1913 20th October 1953, with the assistance of Nawab, Zaminders and a number of common people of this district although the idea of founding both the college and the University was first conceived by the visionary idealist and a Renaissance man Raja Krishnath – a dream that was not translated into reality by his cruel untimely death. However, since then the growth and development of this college have always been intimately concerned with Cossimbazar Raj family. Thus it is significant that the genesis of this Institution marked a cultural synthesis between feudalism and democracy not often dreamed of in that remote past. Since 1853 this college fit to be declared a heritage institution has been unswervingly engaged in promoting and fostering education among the people of four districts such as Murshidabad, Nadia, Malda and Birbhum.

With its long span of life extending over almost 168 years the college had nurtured some illustrious scholars who had made notable contributions to the intellectual awakening of Bengal as well as India. The eminent orientalist scholar Ram Das Sen, Rakhal Das Banerjee, distinguished archaeologist famous for his discovery of the site of Mohenjo-Daro in Sind, the brothers Radha Kumud Mukherjee and Radha Kamal Mukherjee, erudite professor, made significant contribution in Indian history and Indian economics. Ramgoti Nayratna a pioneer in the Historical study of Bengali literature. Brojendra Nath Seal, the great Philosopher and one of the greatest intellectuals of present day India Sir Gurudas Banerjee the famous Jurist savant, the Nationalist leader and eminent Jurist Sir Rashbehari Ghosh, the renowned International Historian K.K.Dutta, the notable political philosopher Bimanbehari Mazumdar, the Bengali poet Kalidas Roy – these are some illustrious names among others who were associated with this college in different capacities. Surely India is proud of this premier institution.

The library containing roughly 60,000 titles of varied interests is an object of both glory and pride of Bengal. Its ancient collection provokes attraction and envy in many minds. The institution extends its accommodation of about 450 students coming outside Berhampore in its three spacious large hostels (two for boys and two for girls).

NAGALAND UNIVERSITY

Lumani, Zunheboto District

Nagaland 798 627

Tel : 0369- 229950 2268248, 2268223, 2268264

Fax : 0369-2268248

Email : vicechancellornu@yahoo.com; registrarnu@yahoo.in

Website : <http://www.nagauniv.org.in>

Nagaland University was established on September 6th 1994 under the Act of Parliament known as "The Nagaland University Act 1989 No. 35 of 1989 (published in the Gazette of India Extra Ordinary Part-II Section 1 No. 44, New Delhi, October 23, 1989/KARTIA, 1, 1911) an Act of establish and incorporate the teaching and affiliating University in the state of Nagaland.

The University inherited the two campuses viz. Nagaland Campus, Kohima and the school of Agricultural Sciences and Rural Development, Medziphema from NEHU. It has no 7 (seven) academic departments in the enacted Headquarters Lumami 6 (six) Departments in Kohima Campus and Departments in Kohima Campus and 12 (twelve) Departments in Medziphema Campus.

The Centre on Tribal Studies and Bio-diversity are added at Lumami Headquarters. The School of Management and School of Engineering and Technology at Dimapur.

"The University shall disseminate and advance knowledge by providing instructional and research facilities in such branches of learning as it may deem fit; to make provision for integrated courses in humanities, natural and physical sciences, social sciences, agricultural sciences, disciplines in the education and forestry and other allied programmes of the university, and to take appropriate measures for promoting innovations in teaching-learning process, inter-disciplinary studies and research to educate and train manpower for the development of the state of Nagaland, and to pay special attention to the improvement of the social economic conditions and welfare of people of the state; their intellectual and cultural development".

Nagaland University has three campus Libraries. The Central Library, Kohima has a total collection of 51,000 books, 85 journal subscriptions and 370 Thesis/Dissertations. The Library at School of Agricultural Sciences and Rural Development (SASRD) has a total collection of 25,000 volumes including books, bound journals, thesis and other reading materials. The Library in Lumami campus has a total collection of 12246 Books and 66 Journals.

NALANDA UNIVERSITY

Rajgir, Dist: Nalanda – 803116, Bihar
Tel. : + 91- 611- 2255330

Nalanda University was established in November 2010. The University came into being by a special Act of the Indian Parliament – a testimony to the important status that Nalanda University occupies in the Indian intellectual landscape. Nalanda is a stand alone international university unlike any other established in the country. Located in the town of Rajgir, in the northern Indian state of Bihar, Nalanda University is mandated to be "an international institution for the pursuit of intellectual, philosophical, historical and spiritual studies". This new university contains within it a memory of the ancient Nalnda University and is premised on the shared desire of member States of the East Asia Summit countries to re-discover and re-strengthen "educational co-operation by tapping the East Asia Regions centres of excellence in education...[and] to improve regional understanding and the appreciation of one another's heritage and history"(The Nalanda University Act). Nalanda University has been designated as an "institution of national importance". The particular emphasis of this university, an emphasis which sets it apart from all other existant universities in the region, is its foundational philosophy. This philosophy seeks to recover the lost connections and partnerships that existed in the region called Asia, before the onset of historical forces that led to their dissolution. Asian cultures have many such links that go deep into the past and are reflected in many common cultural features. The re-discovery of inter-Asian linkages in recent times has led to a resurgence in discovering and building upon a shared history. Nalanda University is envisaged as an icon of this new Asian renaissance: a creative space that will be for future generations a centre of inter- civilizational dialogue.

Nalanda is a word known across the world and for centuries. It stands for a university which attracted students and scholars from across Asia and even farther away. It was a centre of excellence not only for Buddhist studies and philosophy but for medicine and mathematics as well. After teaching thousands of students for centuries, Nalanda ceased its existence just as universities were opening up in Bologna, Paris and Oxford at the beginning of the second millennium CE. The shift of centres of knowledge from East to West was symbolic of the eventual transfer of power which followed within half a millennium. There is now a perfect opportunity to recreate the hallowed universalism of Nalanda as a centre of knowledge. The second millennium CE ended with a tremendous resurgence of Asia after centuries of stagnation, division and decline. Asia is today synonymous with a dynamic entrepreneurial and innovative culture, based on knowledge and enterprise not forgetful of its past yet not afraid to face the future. Asian countries are coming together to forge a continent based on the foundations of peace and harmony.

NALANDA OPEN UNIVERSITY

2nd/3rd Floor, Biscomaun Bhawan,
Gandhi Maidan, Patna - 800 001, Bihar
Telephone : 0612-2201013, 0612-2206916 Fax : 0612-2201001

Website : www.nalandaopenuniversity.com , www.nou.ac.in

The Nalanda Open University is the only University in the State of Bihar meant for imparting learning exclusively through the system of distance education. The University was established in March, 1987 by an ordinance, promulgated by the Government of Bihar. Later, Nalanda Open University Act, 1995 was passed by the Bihar Legislature, replacing the Ordinance, and the University came under the authority and jurisdiction of the new Act automatically. The University is named after the famous Nalanda University of Ancient India. At present, the University is functioning from its camp office at Biscomaun Bhawan, 2nd, 3rd, 4th and 12th Floors, Patna 800 001. The University has established at its camp office at Patna a well equipped and fully automated modern office in an area of approximately 60,000 sq. feet, which houses an examination centre for about 1000 students, a state of the art Library with about 50,000 titles and a computer laboratory of about 300 IBM Pentium-4 computers, apart from administrative offices and other infra-structures. The University is recognised by the Distance Education Council (DEC), University Grants Commission, and Ministry of HRD, Government of India for imparting education through distance mode.

Aims & Objectives

- To Provide educational opportunities to those who are unable to take up formal education and are still desirous to upgrade their educational qualifications and acquire knowledge in various fields of learning through the print medium (correspondence course), contact programmes, study centres and mass media.
- To provide flexibility in matters of eligibility for enrolment for higher education, age of entry, choice of course, methods of learning, conduct of examination and operation of programmes.
- To offer degree and diploma courses and to make provision for research for advancement and dissemination of knowledge.
- To provide special facilities to groups like, elderly people, in-service personnel, housewives, people living in remote areas, socially disadvantaged people of the society and all others who wish to upgrade their skill and acquire higher academic qualification through distance education.
- To lay emphasis on vocational, as well as, conventional courses, leading to award of degrees and certificates.
- To create awareness for self-sufficiency and equip people with knowledge and higher qualification to enable them to become suitable for new job opportunities.
- To provide course for rural, agricultural, industrial and commercial needs of people and design learning material for improving socio-economic condition of the masses.
- To bring awareness in women, children and down-trodden of their social rights, duties and legal status in society.

NANAJI DESHMUKH VETERINARY SCIENCE UNIVERSITY

South Civil Lines, Jabalpur, Madhya Pradesh - 482001

Phone: +91-0761-2620783, 2620545, 2678007 (O)

Phone: 0761-2620783, FAX: +91-0761-2620783

Email: vcnduvs@gmail.com vcmppevv@yahoo.co.in

The Nanaji Deshmukh Veterinary Science University, Jabalpur was established under the Madhya Pradesh Act No. 16 of 2009, the Nanaji Deshmukh Pashu Chikitsa Vigyan Vishwa Vidyalaya Adhiniyam, 2009 and established on 3rd November, 2009 with the following objectives:

To impart education in different branches of veterinary and fisheries and allied sciences as the university may determine.

To provide for the advancement of learning and prosecution of research in veterinary and fisheries sciences and,

To undertake the extension of such sciences to the rural people in co-operation with the government departments concerned.

With a humble beginning in small hutments on July 8, 1948 as Central Provinces and Berar Veterinary College, Jabalpur, the college, has today over a span of 62 years, evolved as a full fledged university named Nanaji Deshmukh Pashu Chikitsa Vigyan Vishwavidyalaya (Formerly Madhya Pradesh Pashu Chikitsa Vigyan Vishwavidyalaya), Jabalpur.

Madhya Pradesh has a rich heritage of livestock and poultry wealth with certain important breeds of cattle like Nimari, Malvi and Kenkatha, Bhadawari buffalo, Jamunapari goat and Kadaknath breed of poultry on the verge of extinction. Moreover, with the shrinking land holdings with the farmers, integrated farming system is the only answer for a sustainable economically viable enterprise for their livelihoods.

The establishment of Nanaji Deshmukh Pashu Chikitsa Vigyan Vishwavidyalaya, Jabalpur with its constituent colleges at Jabalpur, Mhow and Rewa having state-of-the-art infrastructure will open new avenues for protecting the livestock and poultry wealth by extending innovative package of practices for the upliftment of the socio-economic conditions of the rural poor and marginal farmers.

NARENDRA DEVA UNIVERSITY OF AGRICULTURE AND TECHNOLOGY

Kumarganj, Faizabad 224 229, Uttar Pradesh

Tel : 05270-262161, 262097, 05270-262035, 05270- 262104, 262430

Fax : 05270- 262035

Email : nduat@up.nic.in Website : <http://www.nduat.ac.in>

On January 15, 1974 the foundation stone of Narendra Dev University of Agriculture & Technology was laid by the then Hon'ble Prime Minister of India late Smt. Indira Gandhi at Mashodha near Faizabad city. Shri Laxmi Narain Rai, a PCS officer of Agriculture Department, Government of UP, was deputed as officer on special duty. After a few months, he was succeeded by Dr. A.S. Srivastava who took over in October, 1974. Thereafter on 21, 1975 the government of UP decided that the main campus of the university would be established at Kumarganj, Faizabad instead of Mashodha.

Shri A.D. Pandey, IAS (retired) was appointed the first Vice-Chancellor of the university on 10th October, 1975. The university started functioning in a borrowed building of Gram Swalabi Vidyalaya Acharya Nagar, Naka, Faizabad. Dr. R.P. Chandola joined as the first Registrar of the university on November 1975. A committee was constituted for the site selection of Academic, administrative and residential blocks of the university at Kumarganj.

The committee submitted its report on 22nd January, 1976. On July 10, 1976. The paddy research station located at Mashodha Ghghra Ghat along with ECF and NDS schemes were transferred to the University by the government and U.P. Institute Agril. Science, Kanpur which thereafter formed the nucleus of the research at the University. Dr. Kirti Singh took over the first Dean of the Agril. faculty on February 12, 1977 got approved creation of 20 departments in the college of agriculture.

The Mahamaya College of Agriculture Engineering and Technology (MCAET) a constituent college of ND university of Agriculture and Technology, Kumarganj, Faizabad was established in 2002 at Ambedkarnagar by upgrading the department of agriculture engineering in the college of agriculture to cater the needs of development of engineering and Technology to suit the condition of the farmers of Eastern Uttar Pradesh characterised by problems of user lands, water looked poorly drained soils scant power supply, small holdings, low purchasing power and poor rural infrastructure.

NARSEE MONJEE INSTITUTE OF MANAGEMENT STUDIES

V.L.Mehta Road, Vile Parle (W)
Mumbai – 400 056, Maharashtra, India
Tel: +91-22-2613 4577 & 2618 3688 / 42355555
91-22-42355555, 26183688 (Ext: 5502, 5503)
Fax: +91 22 2611 4512

In order to meet the growing demand for management education, the Shri Vile Parle Kelavani Mandal, with the help of a donation from Narsee Monjee Educational Trust, established a recognized Management institute of the Mumbai University in 1981. Since then NMIMS has grown into a flourishing University, offering courses / programs across various disciplines, such as Management, Technology, Science, Pharmacy, Architecture, Commerce and Economics. Today, the University has over 5000 students and more than 430 faculty members. The faculty at the University represent an eclectic mix of Industry and Academic experience; national and international experiences. SVKM's NMIMS Deemed to be University (as per UGC Norms), one of the premier Universities of Higher Studies in India, has completed 33 years of its existence in the year 2013-14. NMIMS established in the year 1981 as Narsee Monjee Institute of Management Studies, began its journey by offering a masters degree program in management studies, a course of the University of Mumbai with an intake of only 40 students and 4 full time faculty. Today, NMIMS is one of the fastest growing and the top, private University in the country. It has undergone a tremendous transformation since its commencement. Today, it stands as a large imposing University with 9 specialized schools plus two off-Campus operations, with an intake of over 6000 students and over 430 full time faculty members. From its temporary location at Bhaidas Auditorium, NMIMS has moved to a large complex of over 40000 sq feet where it stands today as a landmark in Vile Parle, an affluent suburb of Mumbai. NMIMS Deemed to be University (as per UGC Norms) has taken major initiatives in terms of programs, curriculum development, International Linkages, Placements and students' development. Today, the University is a globalized centre of learning, providing its students a balanced exposure to research, academics and practical aspects of the industry. At SVKM's NMIMS Deemed to be University (as per UGC Norms), we transcend horizons! Going beyond the average, putting in that extra mile, extending ourselves to excel and win on all accounts. Going by the past track record, in the 28th year of our existence, we have witnessed a quantum jump in the success stories we have achieved and the milestones we have crossed. Winning the BMA Best Management Institute of the Year Award 5 times, BMA Best Teacher of Management of the Year Award 7 times and BMA Best Management Student of the Year Award 7 times, NMIMS has been consistently ranked amongst the top B-Schools in the country. NMIMS has been awarded the 'Golden Peacock Innovation Award-2007' and BMA's 'Outstanding Management Institute Award' for the last five years (2003-2008).

NATIONAL INSTITUTE OF DESIGN, AHMEDABAD

Opp. Tagore Hall, Paldi
Ahmedabad, Gujarat - 380007
Tel : 079 2662 9500

The establishment of NID was a result of several forces, both global and local. The late 1950s saw a confluence of these forces, and this time would be a significant one for Indian culture and education. This was a time of reappraisal and reconstruction in a newly independent India. A young nation was confronted with the mammoth task of nation building, of balancing age old traditions with modern technology and ideas. The Modern Movement, the philosophy of Machine Aesthetics, and revolutionary experimentation in the arts, architecture and design were all taking place at the same time. There was a search for the Indian identity across all aspects of life. In 1955 Pupul Jayaker, the noted writer on Indian craft traditions and the founder of the Indian Handlooms and Handicrafts Export Council (HHEC) met the renowned American designer Charles Eames at the Museum of Modern Art in New York. The Museum had organised a unique exhibition titled The Textiles and Ornamental Arts of India. This would be the beginning of a lifelong dialogue between these two eminent individuals. At the same time the Government of India was considering establishing an institute of design, under the advice of Pupul Jayaker and other like-minded people. The 1950s were a decade of rapid industrialization in India and clearly, the need for such an institute grew stronger. In 1957 the Government of India requested the Ford Foundation to invite Charles and Ray Eames to visit India. Charles and Ray Eames travelled to all parts of the country, meeting and talking to writers, craftspeople, architects, scientists, industrialists, educators and philosophers. They took hundreds of photographs of their travels. On April 7, 1958, the Eameses presented the India Report to the Government of India. The Eames Report defined the underlying spirit that would lead to the founding of NID and beginning of design education in India. The Report recommended a problem-solving design consciousness that linked learning with actual experience and suggested that the designer could be a bridge between tradition and modernity. The Report called upon future designers to re-examine the alternatives of growth available to the country at that time. Based on the recommendations made in the India Report, the Government of India with the assistance of the Ford Foundation and the Sarabhai family established the National Institute of Industrial Design, as it was originally called as an autonomous all-India body in September 1961 at Ahmedabad. Gautam Sarabhai and his sister Gira were played a major role in the establishment and early years of NID. Gautam Sarabhai sidestepped the accepted wisdom and conventional method of education . He revived the philosophy of the Bauhaus design movement which was learning by doing. This unique curriculum and revolutionary educational philosophy remain part of NID to the present day.

Today the National Institute of Design is internationally acclaimed as one of the finest educational and research institutions for Industrial, Communication, Textile and IT Integrated (Experiential) Design. It is an autonomous institution under the aegis of the Ministry of Commerce and Industry, Government of India. NID has been declared 'Institution of National Importance' by the Act of Parliament, by virtue of the National Institute of Design Act 2014. It is also recognised by the Department of Scientific and Industrial Research, Government of India as a Scientific and Industrial Research Organisation.

NATIONAL INSTITUTE OF DESIGN, GANDHINAGAR

GH-0, Extension Road, Nr. Infocity, Gandhinagar

Phone: +91 79 2326 5500

Fax: + 91 79 2324 4518

Email: pgcampus@nid.edu

The National Institute of Design (NID) is internationally acclaimed as one of the foremost multi-disciplinary institutions in the field of design education and research. The Business Week, USA has listed NID as one of the top 25 European & Asian programmes in the world. The institute functions as an autonomous body under the department of Industrial Policy & Promotion, Ministry of Commerce & Industry, Government of India. NID has been declared 'Institution of National Importance' by the Act of Parliament, by virtue of the National Institute of Design Act 2014.

NID is recognised by the Dept. of Scientific & Industrial Research (DSIR) under Ministry of Science & Technology, Government of India, as a scientific and industrial design research organisation. NID has been a pioneer in industrial design education after Bauhaus and Ulm in Germany and is known for its pursuit of design excellence to make Designed in India, Made for the World a reality. NID's graduates have made a mark in key sectors of commerce, industry and social development by taking role of catalysts and through thought leadership.

NID Gandhinagar is situated in the city of Gandhinagar, in Gujarat. As part of expansion plan, NID has built a new postgraduate campus at Gandhinagar, the capital of Gujarat State. Commerce and Industry Minister Kamal Nath laid the foundation stone for this campus and it consists of a jewellery and automobile design centre along with lifestyle accessory design, new media design, toy and game design, strategic design management, transportation and information design centres.

NID's R&D Campus at Bengaluru was set up as a joint initiative of and funding from the Department of Industrial Policy and Promotion (DIPP), Ministry of Commerce and Industry and the Ministry of Information Technology, Government of India and was inaugurated in March 2006. R&D Campus commenced with two research intensive PG Programmes namely Design for Retail Experience and Design for Digital Experience, from the academic year 2007-2008. Currently five Master's programmes are offered from this campus. NID's Research & Development Campus addresses the immediate need for an exclusive Design Research centre in the country, by fostering the creative design spirit and sighting new opportunities and frontiers through NID's design acumen nurtured over the four decades of intense teaching-learning process. All NID campuses are open to visitors throughout the year from 9am to 6pm, Monday to Friday (apart from public holidays). Visitors will have to obtain a Visitor's Pass at the Main Gate to enter the campus. If you are visiting us in a group with prior appointment, NID can arrange Guided Tour of Campus.

Fax: +91 40 23498385/8386
Email : admissions@nalsar.ac.in

The National Academy of Legal Studies and Research (NALSAR) was established in 1998 by a Statute of the State of Andhra Pradesh. Since its inception, the University has been home to vital conversations on law and justice. These conversations have acknowledged that questions of justice arise in all legal pursuits whether in the world of courts, corporations, education or administration.

Using law as an instrument of social change the University has supported crusades for land rights, disability empowerment and against moral policing and hate speech. NALSAR is committed to the creation of an ethical legal culture, which protects and promotes the rule of law. The social justice agenda is no laughing matter but the University believes that the cause of building a rule of law society is a continuous enterprise, which is sustainable if it is undertaken with optimism and good cheer.

With students admitted from all over the country and faculty drawn from home and abroad, NALSAR is counted amongst the top law schools of the country. We are proud of the position but do not see it as defining us. Students and administration revel in laughing at self and other. Humour both black and genial will be found aplenty at NALSAR.

In accord with its liberal outlook, legal education is imparted in an inter-disciplinary manner. Consequently, there is convergence between the disciplines of law, social sciences, humanities, and management studies in both developing and executing the curriculum in the various degree and diploma courses.

Teaching we believe becomes monotonous and mediocre unless accompanied with both theoretical and empirical research. A symbiotic relationship between teaching and research has thus been proactively forged in the operation of the academic programs.

The University in all its years of existence has attempted varied strategies to create a vibrant scholastic environment. We continue in honest reflection on what works and what does not as we strive to realize our aims and objectives.

NATIONAL BRAIN RESEARCH CENTRE

NH-8, Manesar, Gurgaon

Haryana - 122 051, India

Tel.:-91-124 – 2845 200

Fax:-91-124 - 233 89 10 / 91-124 - 233 89 28, 2845200 (345)

The mandate of National Brain Research Centre (NBRC) is to be a Centre of Excellence in Brain Research with State-of-art facilities, to evolve the centre through a networking approach and generate highly trained human resource

The vision we have for NBRC is that it would not only grow into a world-class institute for brain research but also create a vibrant, active neuroscience community by catalysing the overall growth of this discipline in the country. The expected benefit from this initiative would be the generation of skilled manpower in this important area of research who would help India achieve an international leadership in this frontier area of science. This initiative would also help Indian neuroscientists to participate in global research efforts as equal partners.

The knowledge base generated from these efforts would help diagnostic tools and therapeutic strategies for treatment of brain-related disorders. A unique role for NBRC is that it will act as a node with linkages to other centres carrying out neuroscience research in the country, acting in effect as the "hub of the wheel" rather than the wheel itself.

The first announcement of the National Brain Research Centre by Dr. Manju Sharma, Secretary, Department of Biotechnology was on 14th November 1997 the birth anniversary of Pandit Jawaharlal Nehru, India's first prime minister.

The Centre was registered as an autonomous Society on 14th June 1999 on 38 acres of land acquired on lease at Manesar, Gurgaon District, 40 km from Delhi. Prof. P. N. Tandon is the founder Chairman of the NBRC Society and the founder director was Prof. Vijaylakshmi Ravindranath. The institute at Manesar was formally dedicated to the nation by the Hon'ble President of India, Dr. A.P.J. Kalam on December 16, 2003.

Prof. Prakash Tandon, a neurosurgeon of international repute and a neuroscientist at heart, continues to be chairman of the NBRC society and is actively associated with neuroscience research. Prof. Vijaylakshmi Ravindranath, was director NBRC from its inception to 2009, and is currently chairperson of the Centre of Neurosciences at Indian Institute of Science, Bangalore.

NATIONAL DAIRY RESEARCH INSTITUTE

Karnal -132 001

The National Dairy Research Institute as country's premier Dairy Research institution has developed considerable expertise over the last five decades in different areas of Dairy Production, Processing, Management and Human Resource Development. Information generated at the Institute and the services offered have contributed to the growth of Dairy Industry as a whole and well-being of millions of milk producers and consumers of milk and milk products. Realizing the challenging need of global Dairy Trade, the Institute is continuously working to develop its R&D and HRD programmes to better serve the nation in terms of food security, employment generation, poverty alleviation and economic prosperity.

The National Dairy Research Institute, Karnal was originally started as Imperial Institute of Animal Husbandry and Dairying in 1923 at Bangalore. It was expanded and renamed as Imperial Dairy Institute in 1936 and was known as National Dairy Research Institute after independence in 1947. Subsequently, in 1955, NDRI Headquarter was shifted to Karnal. Facilities at Bangalore were retained to function as a Regional Station to serve the Southern States.

In 1964, Eastern Regional Station of the Institute was established at Kalyani in West Bengal. Both these Regional Stations continue to provide region specific R&D support for dairy development in these areas. In 1970, NDRI was brought under the wings of the Indian Council of Agricultural Research to provide greater operational autonomy to the Institute in research management functions. In 1989, status of Deemed University was conferred to the Institute for further strengthening the academic programmes for human resource development.

The National Dairy Research Institute as the premier Dairy Research Institution undertakes research, teaching and extension activities towards dairy development in the country. Being the National Institute, it conducts basic and applied research with the objective to enhance animal productivity and also to develop cost effective technologies for the benefit of the teeming millions.

Further, the Institute provides high quality manpower to meet the human resource requirements for the overall dairy development in the country. The Institute also undertakes extension programmes for transferring the know-how from the laboratory to the farmers' fields.

NATIONAL RAIL AND TRANSPORT INSTITUTE

Lalbaug, Vadodara-390 004, Gujarat

Tel : +91-265-2648305

Email: info@nrti.edu.in hr@nrti.edu.in

The National Rail and Transportation Institute (NRTI), a vision of the Honorable Prime Minister Narendra Modi, is India's first university focussed on transport-related education, multidisciplinary research and training. A Deemed to be University under the de Novo category, NRTI is specifically established to create a resource pool of best-in-class professionals for the railway and transportation sector.

NRTI will offer multi-disciplinary programmes designed to cater to the needs of India's transportation sector. The Institute will follow a demand-driven curriculum while aligning with industry priorities. To ensure best-in-class delivery of education, NRTI will follow a highly experiential and unique interdisciplinary pedagogical approach that incorporates the latest technologies such as live classrooms and online programmes, and is delivered by high-quality faculty with global exposure.

NRTI is focused on developing global and national partnerships with top universities and organizations from across the world. This will enable access to the latest pedagogy and programme design, prevailing transportation related domain knowledge, innovations and research developments. NRTI has adopted an interdisciplinary approach for research of transport systems—it is bringing together academicians, scientists and engineers from various backgrounds, with a plan to leverage its academic and industry partnerships and collaborations.

NRTI at a Glance

- Established as a Deemed to be University under the de-novo category in 2018.
- Multidisciplinary techno-commercial curriculum.
- Incorporates 21st century skills: communication, critical thinking and collaboration.
- Project-based learning at Railway establishments.
- Highly experienced in-house and visiting faculty with international exposure.
- Fully residential program with modern hostel for boys and girls.
- Upto 100% scholarships (Need-blind admission).
- Global academic and industry partnerships.
- State-of-the-art green campus.
- All the programs comply with UGC and AICTE guidelines.

NATIONAL SANSKRIT UNIVERSITY

Tirupati – 517 507, Andhra Pradesh

Tel : 0877-2286799, 0877-2286600, 0877-2287748

Email : rsvp@yahoo.co.in, rsvp.academic@gmail.com

The Vidyapeetha was declared as a Deemed to be a University on the recommendations of the U.G.C under Section 3 of UGC Act by the Government of India in its Gazette dated 16 – 11- 1987, No. F.9-2/85 U-3. The Deemed University was formally inaugurated by the then President of India Sri R. Venkataraman on 26th August, 1989. The Vidyapeetha started functioning as a Deemed University from the academic year 1991 – 92. Since then we have had eminent Chancellors – M.M.Sri Pattabhirama Sastri, Prof.Ramaranjan Mukherjee, Dr.V.R.Panchamukhi (two terms) and Dr. J.B.Pattnaik and the Vice-Chancellors were Prof. N. S. Ramanuja Tatacharya, Prof. S. B. Raghunathacharya, Prof. D. Prahladachar and Prof. Harekrishna Satapathy. Now Prof. V.Muralidhara Sharma took over as Vice-Chancellor. The Vidyapeetha was headed by Shri. N.Gopalaswami, IAS (Retd., former Chief Election Commissioner of India and Padmabhushan recipient serving as the Chancellor and Prof. V.Muralidhara Sharma as the Vice-Chancellor of the Vidyapeetha. Rashtriya Sanskrit Vidyapeetha was established as National Sanskrit University under “Central Sanskrit University Act, 2020”. From 30-04-2020, this act came into force and Vidyapeetha became a National Sanskrit University (Central University). On the recommendations of the Central Sanskrit Commission appointed by the Government of India during 1950s, a Central Sanskrit Institute was established at Tirupati in 1961 by the Ministry of Education, Government of India in partial fulfilment of the recommendations, for the preservation and propagation of Traditional Sanskrit learning combining it with the modern methods of research. The Government of India constituted an autonomous registered body called ‘Kendriya Sanskrit Vidyapeetha Tirupati Society’ for the administration of the institution. The foundation stone for the Kendriya Sanskrit Vidyapeetha was laid by the then Vice-President of India , Dr.S.Radhakrishnan on 4th January, 1962. About forty two acres of land at the foot of the Seven Hills, Tirumala was leased out by the T.T.D. Trust, then headed by Executive Officer, Dr.C.Anna Rao along with a munificent donation of Rs.10 lacs towards construction of buildings. The Vidyapeetha Society has had a galaxy of successive chairmen who were well known public figures – Sri Patanjali Sastry, former Chief Justice of India being the first, followed by Prof. V. Raghavan, a reputed Indologist and Sri M.Ananthasayanam Ayyangar, former Speaker of Lok Sabha. Dr. B. R. Sharma was the Founder, and also acted as the Director from 1962 to 1970. Later the post of Director was changed into that of Principal. Sri Venkata Raghavacharya, Dr. Mandan Mishra, Dr. R. Karunakaran, Dr. M. D. Balasubramanyam and Prof. N.S. Ramanuja Tatacharya served the institution in various capacities. Kendriya Sanskrit Vidyapeetha came under the aegis of Rashtriya Sanskrit Sansthan– an autonomous body under the Ministry of Education in April, 1971. Despite the challenges of the modern world, it has grown from strength to strength as a premier Institution for Sanskrit learning and research in India . During the Silver Jubilee celebrations in 1987, Sri P.V.Narasimha Rao, the then Union Minister of Human Resource Development, Govt. of India announced the decision of the Government to elevate its status to that of a Deemed University.

NATIONAL SPORTS UNIVERSITY

2nd Floor, Olympic Bhawan, Khuman Lampak Sports Complex

Imphal – 795001, Manipur, India

Email : deanacnsu@gmail.com

registrar@nsu.ac.in registrar-office@nsu.ac.in

Tel : 0385-2421471

Nelson Mandela, the Nobel laureate for peace and former president of South Africa, said in one of his speeches, “Sport has the power to change the world. It has the power to inspire. It has the power to unite people in a way that little else does. It speaks to youth in a language they understand. Sport can create hope where once there was only despair...” But to inspire the next generation, we need the right professionals to lead and coach them in sports.

It is with this as one of the missions that the National Sports University, Manipur, was set up in 2018. The University is presently functional from its temporary campus at the Khuman Lampak Sports Complex of Imphal. Prime Minister of India, Shri Narendra Modi, laid the foundation stone for the University’s proposed 325 acre campus at Imphal West, on 16th March 2018. Dr. Najima Heptulla, Governor of Manipur, Col. Rajyavardhan Rathore (Retd.), AVSM, Minister of State (Independent Charge), Youth Affairs & Sports, were also present on the occasion.

University Will have four schools:

- School of Sports Science and Sports Medicine
- School of Sports Management and Technology
- School of Sports Education
- School of Interdisciplinary Studies

The National Sports University will have the flexibility to open new schools/departments in consonance with the advances and developments in sports science, sports medicine, and allied areas. The University, once developed, will be the first one of its kind to promote sports education in the areas of sports sciences, sports technology, sports management, and sports coaching. It will also function as the national training centre for selected sports disciplines by adopting the best international practices by signing Memoranda of Understanding (MoU) with international universities. The Ministry of Youth Affairs and Sports has already signed MoUs with the Universities of Canberra and Victoria in April 2017.

The University, once developed, will be the first one of its kind to promote sports education in the areas of sports sciences, sports technology, sports management, & sports coaching. It will also function as the national training centre for selected sports disciplines by adopting the best international practices by signing Memoranda of Understanding (MoU) with international universities. The Ministry of Youth Affairs & Sports has already signed MoUs with the Universities of Canberra & Universities of Victoria.

NATIONAL INSTITUTE OF AYURVEDA

Madhav Vilas Palace, Jorawar Singh Gate, Amer Road

Jaipur – 302002, Rajasthan

Tel : 91-141-2635816, Fax : 91-141-2635709

Email : nia-rj@nic.in Website : <http://www.nia.nic.in>

National Institute of Ayurveda is an apex autonomous Institute under the Ministry of AYUSH, Government of India for promoting the growth and development of Ayurveda as a model Institute for evolving high standards of Teaching, Training, Research, and Patient Care and also to invoke scientific outlook to the knowledge of Ayurvedic System of Healthcare.

AIMS

1. Improving the quality of higher education in Ayurveda.
2. Introduction of more PG and Fellowship Programs, Training in various aspects.
3. Implementing Practice Based Research in Treatment in order to give a scientific outlook to the Patient Care Activities in Ayurveda, to validate Ayurvedic Treatment.
4. Undertaking various Research Activities for the welfare of mankind.
5. Foreign Exposure Training Programs for Foreigners (Medical as well as Non-Medical) interested in the basic knowledge as well as higher knowledge in Ayurveda.
6. Providing expertise in Ayurveda to foreign countries interested in Ayurveda.

OBJECTIVES

1. To promote the Growth and Development of Ayurveda;
2. To produce Graduates and Post-Graduates in all Branches of Ayurveda;
3. To conduct Research on various aspects of Ayurveda;
4. To provide Medical Care through Ayurvedic Systems of Medicine to the suffering humanity;
5. To provide and assist in providing service and facilities of highest order for Research, Evolution, Training, Consultation and Guidance to Ayurvedic System of Medicine;
6. To conduct Experiments and develop Patterns of Teaching Under-Graduate and Post-Graduate Education in all branches of Ayurveda.

An independent Ayurvedic College was established in August 1946 by the Government of Rajasthan and this College was merged to form National Institute of Ayurveda known as NIA in Ayurveda fraternity on 7th February 1976. This was one of the very few Ayurvedic Colleges in the country to introduce Post-Graduate Education in Ayurveda as early as in 1970. After its establishment in 1976, the Institute has grown tremendously in the field of Teaching, Training, Research, Patient Care etc., as a result of which it has now 14 Specialties for Post-Graduate Education as well as Regular Fellowship Program leading to Ph.D. Apart from this there is also Under Graduate course (BAMS), Diploma Course in AYUSH Nursing & Pharmacy and various other certificate courses. NIA has a 280 bedded NABH accredited hospital which caters to around 3 lakhs Around 1200- 1500 patients visit NIA OPDs per day. The hospital is equipped with a modern well equipped Pathology Laboratory running in PPP mode. The institute is equipped with modern research instruments for drug standardization and research. Since its existence, it has continuously been engaged in promoting reforms and developments in Ayurveda System of Health care at National and International level. The Institute is not only a premier Institute under the Central Government but also amongst apex Institutions in the field of Ayurvedic education and training in the country and comparable to none as far as Ayurveda is concerned.

NIA has made a name of excellence in teaching, training and patient care activities and incomparable academic standards in the field of Ayurveda at Graduation, Post-Graduation, Fellowship (Ph.D.) Diploma and Certificate levels.

NATIONAL INSTITUTE OF EDUCATIONAL PLANNING AND ADMINISTRATION

17-B, Sri Aurobindo Marg

New Delhi - 110 016

Tel. : 26544820

Email : niepa@niepa.ac.in

Website : <http://www.niepa.ac.in>

The National Institute of Educational Planning and Administration (NIEPA), (Deemed to be University) established by the Ministry of Human Resource Development, Government of India, is a premier organization dealing with capacity building and research in planning and management of education not only in India but also in South Asia.

In recognition of the pioneering work done by the organization in the field of educational planning and administration, the Government of India have empowered it to award its own degrees by way of conferring it the status of Deemed to be University in August, 2006. Like any Central University, NIEPA is fully maintained by the Government of India.

The National Institute has its origin dating back to 1962 when the UNESCO established the Asian Regional Centre for Educational Planners and Administrators which later became the Asian Institute of Educational Planning and Administration in 1965. After 4 years of its existence, it was taken over by the Government of India and renamed as the National Staff College for Educational Planners and Administrators. Subsequently, with the increased roles and functions of the National Staff College, particularly in capacity building, research and professional support services to governments, it was again renamed as the National Institute of Educational Planning and Administration (NIEPA) in 1979.

NATIONAL INSTITUTE OF FASHION TECHNOLOGY

NIFT Campus, Hauz Khas, Near Gulmohar Park

National Institute of Fashion Technology was set up in 1986 under the aegis of the Ministry of Textiles, Government of India. It has emerged as the premier Institute of Design, Management and Technology, developing professionals for taking up leadership positions in fashion business in the emerging global scenario.

NIFT has been granted statutory status under the act of Parliament of India in 2006, empowering the Institute to award degrees and other academic distinctions. The Institute is a pioneer in envisioning and evolving fashion business education in the country through a network of fifteen professionally managed domestic centres at Bangalore, Bhopal, Bhubaneswar, Chennai, Gandhinagar, Hyderabad, Jodhpur, Kangra, Kannur, Kolkata, Mumbai, New Delhi, Patna, Raebareli and Shillong.

NIFT has set academic standards and excelled in thought leadership by providing a pool of creative genius and technically competent professionals. The Institute provides a common platform for fashion education, research and training. NIFT's prime objective has been to spawn a critical mass of highly competent technical professionals in the area of Fashion Design, Technology and Management capable of providing leadership to the Indian Fashion industry, to enable it to compete better in the global economy.

NIFT professional are some of the most creative mind a country can offer with a burning desire to excel, who go through a very stimulating and challenging academic schedule that sharpens their faculties and prepares them to face any challenge in the ever changing world of fashion.

NIFT Industry Linkage Unit facilitates on campus placements for graduating students of NIFT to enable them to start their careers in challenging positions. Leading national and international companies participate in Campus Placements to recruit NIFT professionals. The profile of companies attending placements have expanded substantially with diverse segments of industry like large retailers, brand marketers, manufacturers, consultancy organizations, e-retailer, textile mills, home furnishing companies, design BPO's, technology solution providers, and large apparel manufacturing companies along with international brands.

NATIONAL INSTITUTE OF FOOD TECHNOLOGY ENTREPRENEURSHIP AND MANAGEMENT (NIFTEM)

Plot No 97, Sector – 56, HSIIDC
Industrial Estate, Dist. Kundli – 131028, Haryana
Phone: 0130- 2281000, 0130- 2219759-64
Email: info@niftem.ac.in

National Institute of Food Technology Entrepreneurship and Management (NIFTEM) was conceptualized by Government of India on persistent demand of the food industry to have an Apex Body as a "One Stop Solution Provider" for the various problems of the sector. Ministry of Food Processing Industries, Government of India has set up this institute with an initial investment of Rs. 500 crore (US \$100 million).

The institute is spread over an area of 100 acres. The institute intends to act as a centre of excellence and an apex world class centre of global standards in the area of Food Technology and Management. It will cater to the needs of various stakeholders such as entrepreneurs, industry, exporters, policy makers, government and existing institutions. NIFTEM being an apex institution under Ministry of Food Processing Industries (MoFPI) have developed strong linkages with industries.

World Class Education at NIFTEM

NIFTEM aims to become a world class education hub in Food Technology and Management. The salient features of NIFTEM are:

- State of art infrastructure put in place in consultation with eminent experts of the food sector, both from India and abroad.
- Fourteen world class state of the art teaching and research labs encompassing 7200m² of lab area. Further, there is separate provision for high tech research labs in future.
- Special classrooms with Multi-purpose Podium, Projection system, Lecture recording & Audio system.
- Acclaimed Faculty with Global Exposure; Visiting foreign faculty; Point-to-Point and Multipoint Video conferencing for interaction with globally acclaimed teachers.
- Five story modern NIFTEM knowledge Centre (library) in 6580m² area.
- Online access to about 4000 e-journals/books through DELNET, DIAA and other resources at library.
- Experiential learning opportunity through industry internship & business incubation centres.
- Unique opportunity for meritorious students to work at Foreign Universities/Research Centres under its international student exchange programmes.
- Training and Placement Support Cell.

National Institute of Mental Health and Neuro Sciences is a multidisciplinary Institute for patient care and academic pursuit in the frontier area of Mental Health and Neuro Sciences.

The Lunatic Asylum which came into being in the latter part of the 19th Century was renamed as Mental Hospital in 1925 by the erstwhile Government of Mysore. This hospital and All India Institute of Mental Health established in 1954 by the Government of India were amalgamated on 27th December 1974, and thus was formed the autonomous National Institute of Mental Health and Neuro Sciences (NIMHANS). The priority gradient adopted by the Institute is service, manpower development and research.

Multidisciplinary integrated approach is the mainstay of this Institute, paving the way to translate the results from bench to bedside. On November 14, 1994, NIMHANS was accorded the status of Deemed University by the University Grants Commission, with academic autonomy.

A unique model of a successful partnership between the Ministry of Health and Family Welfare, Government of India and the Ministry of Health and Family Welfare, Government of Karnataka, NIMHANS has been declared an Institute of National Importance by an Act of Parliament (38/2012).

The Vision Statement:

To be a world leader in the area of Mental Health and Neurosciences and evolve state-of-the-art approaches to patient care through translational research.

National Institute of Pharmaceutical Education and Research (NIPER) is the first national level institute in pharmaceutical sciences with a proclaimed objective of becoming a centre of excellence for advanced studies and research in pharmaceutical sciences. The Government of India has declared NIPER as an 'Institute of National Importance'. It is an autonomous body set up under the aegis of Department of Pharmaceuticals, Ministry of Chemicals and Fertilizers, Government of India. The Institute is conceived to provide leadership in pharmaceutical sciences and related areas not only within the country, but also to the countries in South East Asia, South Asia and Africa. NIPER is a member of Association of Indian Universities and Association of Commonwealth Universities.

The Institute is located about 250 Km north of Delhi at S.A.S. Nagar (Mohali), Punjab on a total area of 130 acres.

"To become a globally recognized brand in the areas of education and research in pharmaceutical sciences for the benefit of people of India and other countries and the growth of the pharmaceutical industry."

Mission :

Imparting quality education in the areas of Pharmaceutical Sciences.

Promotion of innovative and translation research.

National/ international collaborative research and linkages.

Study of national/ international pharmaceutical policy issues.

Collaboration with pharma industries to meet the global challenges.

Creation of specialized centres to cater to the needs of pharmaceutical industries and other research and teaching institutes.

Conducting programmes on drug surveillance including study of sociological aspects of drug 'use and abuse'.

Community pharmacy and pharmaceutical management.

Continuing education programme.

The wave of globalization has propelled the expansion of Indian pharma sector. India is amongst the top 10 countries of the world, in terms of volume and value of Pharmaceutical products. Enthusiastic and entrepreneurial efforts have turned Gujarat into the hub of Pharma industry.

The innovative and translational approach of the Indian scientists resulted in paradigm shift from industrial age to knowledge enriched economy. Pharmaceutical education has played a vital role in human resource development, catalysing the growth of life sciences and healthcare industry.

The visionary augmentation of the department of pharmaceuticals, Ministry of Chemicals and Fertilizers, Government of India has led to the establishment of six new NIPERS in 2007.

NIPER Ahmedabad was initiated with three specializations Biotechnology, Natural Products and Pharmaceutics and over the period of time three more specialisations Pharmaceutical Analysis, Medicinal Chemistry and Pharmacology and Toxicology were added in 2010. Subsequently in 2011, to cater the needs of Medical device industry in India, another feather was added to the cap of NIPER Ahmedabad in the form of specialisation in Medical Devices.

NIPER Ahmedabad aspires to be an internationally recognized premier centre of excellence in teaching, research and entrepreneurial training. The interdisciplinary courses and cultural diversity at NIPER Ahmedabad sparks the spirit of innovative research and all-round development of its students. The location of the institute ensures a symbiotic association with Pharmaceutical industries, Medical centres and technological universities.

NIPER Ahmedabad would serve as a good launching platform to revamp the pharma education and research, to initiate the new era of pharmaceutical and biomedical sciences.

National Institute of Pharmaceutical Education and Research (NIPER) is an autonomous institution established under the aegis of Department of Pharmaceuticals, Ministry of Chemicals and Fertilizers at Hajipur, district Vaishali, Bihar. It is being set up as a centre of excellence for higher education, research and development in pharmaceutical sciences under Act of Parliament (NIPER ACT 1998). The Institute is conceived to provide leadership in pharmaceutical sciences and other related areas and admits students for M.S.(Pharm.) Pharmaco-informatics, M.Pharm. Pharmacy Practice and M.S.(Pharm.) Biotechnology to begin with. Subsequently more postgraduate and doctoral programmes courses would be added on the lines of NIPER, SAS Nagar, Mohali (Punjab). A full-fledged campus is envisaged to set up on 100 acres of land to be allotted by Bihar Government near the present site. It would be the Endeavour of the Government to setup the permanent campus in public-private partnership model to the extent possible.

National Institute of Pharmaceutical Education and Research (NIPER) is an autonomous institution established under the aegis of Department of Chemical and Petrochemicals, Ministry of Chemicals and Fertilizers at Hajipur, district Vaishali, Bihar. The National Institute of Pharmaceutical Education and Research (NIPER, Hajipur, Vaishali) is presently located at the Export Promotion Industrial Park (EPIP), Zandaha Road, Hajipur, Vaishali. NIPER-Hajipur is the first Institute of its kind to be set up in the State of Bihar. Three postgraduate courses have been commenced during the academic session 2007-08. The Institute will attract students, teachers and research scientists from all over the country. It is an outcome of initiative taken by Government of India with the help of Bihar Government to provide state of art facilities for developing manpower with higher skills R&D services to the pharmaceutical sciences. The Institute has admitted students for three postgraduate programs for the academic year 2007-08- M.s. (Pharm.) Pharmaco-informatics, M.S. (Pharm.) Pharmacy Practice and M.s. (Pharm.) Biotechnology. The classes are proposed to be started at NIPER Hajipur-Vaishali (EPIP campus) . and practical classes at Mentor Institute.

NATIONAL INSTITUTE OF PHARMACEUTICAL EDUCATION AND RESEARCH

Balanagar, Hyderabad - 500 037

E-Mail: projectdirector@niperhyd.ac.in

registrar@niperhyd.ac.in

National Institute of Pharmaceutical Education and Research (NIPER), Hyderabad is an "Institute of National Importance" with proclaimed objectives of becoming Centre of Excellence for advanced research in pharmaceutical sciences. NIPER-Mohali was the first institute established in the year 1998 under the aegis of Department of Pharmaceuticals, Ministry of Chemicals and Fertilizers, the Govt. of India. Later, the DOP established 6 new NIPERs across the country including NIPER-Hyderabad which started functioning from 19th October 2007, from the premises of erstwhile R&D Centre of IDPL, Balanagar, Hyderabad. Indian Institute of Chemical Technology (IICT), Hyderabad a premier CSIR Research Laboratory, is the Mentor Institute for NIPER, Hyderabad. The main objective of the institute is to offer 2 years M.S. (Pharm.), M.B.A (Pharm.), M.Tech. (Pharm.) courses and Ph.D programmes.

The institute started with 3 disciplines via Medicinal Chemistry, Pharmacology & Toxicology and Pharmaceutical Analysis in the year 2007. Subsequently 4 new courses were added - Pharmaceutics (2009), M.B.A (Pharm.) (2011) and Regulatory Toxicology and M.Tech. - Process Chemistry (2013). PhD programme in this institute commenced from academic year 2011-12 in 4 disciplines (Medicinal Chemistry, Pharmacology & Toxicology, Pharmaceutical Analysis and Pharmaceutics).

NIPER-Hyderabad has excellent Lab facilities and the facilities extended by IICT (Mentor Institute) to update the knowledge and expose the students to various advanced techniques essential for Drug Discovery Research. Many of the NIPER students do dissertation work in National Research institutes and reputed Pharma Companies. NIPER-Hyderabad regularly conducts several National / International Seminars / Workshops with a regular time interval. This enables the NIPER students to get an exposure to the advanced research in Pharmaceutical Sciences. NIPER also invites experts from various industries and academia to deliver talks on several topics of importance. NIPER also takes special care to develop the student's communication, personality and aptitude skills by organising special lectures by experts. One of the objectives of NIPER-Hyderabad is development of Human Resources for the ever growing Indian Pharmaceutical Industry. NIPER-Hyderabad is on the forefront in placement activities with almost 80% students getting placed in various pharma companies every year. It maintains about 1:8 faculty student ratio. Some of the faculty members have received prestigious awards like OPPI Young Scientist Award from Organization of Pharmaceutical Procedures of India for 2010, 2011, 2012 and IDMA Young Pharma Analyst Award from Indian Drugs & Manufacturers Association (IDMA) for the years 2011 and 2014. NIPER-Hyderabad is being developed as a National Centre to cater to the needs of pharmaceutical academia and the industry.

NATIONAL INSTITUTE OF PHARMACEUTICAL EDUCATION AND RESEARCH

NIPER - KOLKATA At INDIAN INSTITUTE OF CHEMICAL BIOLOGY

No 4, Raja S. C. Mullick Road, Jadavpur

Kolkata –700032 , West Bengal

Tel. : +91(033) -24292422

Email : info@niperkolkata.edu.in

Website : www.niperkolkata.edu.in

National Institute of Pharmaceutical Education and Research (NIPER), Kolkata was created in 2007 under the aegis of Ministry of Chemicals and Fertiliser as a centre of excellence for higher education, research and development in pharmaceutical sciences. The institute was declared as an Institute of National importance by Government of India through Act of Parliament (NIPER Act 1998 & NIPER amendment Act 2007).

At present the new Institute is housed at Indian Institute of Chemical Biology (IICB), a premier Institute of the Council of Scientific & Industrial Research, India.

The mentor Institute was established in 1935 as the first non-official centre in India for biomedical research and was included within the aegis of CSIR in 1956. IICB today is engaged in research on diseases of national importance and biological problems of global interest, employing sophisticated state-of-the-art technology in keeping with the rapid and unprecedented momentum that life science research has gained globally over the last 50 years. The scientific staff have expertise in a variety of areas including chemistry, biochemistry, cell biology, molecular biology, biotechnology, neurobiology, immunology, structural biology and bioinformatics, which promotes productive interdisciplinary interactions of the major laboratories in India. These interactive exercises initiated, right from its inception, multidisciplinary concerted efforts for conducting basic research on infectious diseases, specifically leishmaniasis and cholera, along with the development of technologies for the diagnosis, immunoprophylaxis, and chemotherapy of the diseases. A neurobiology group is involved in research on the development of the vertebrate brain and also the genesis of human movement disorders. Bioactive substances from natural sources and chemically synthesized new molecules are being explored as potential drugs. Other areas being actively pursued are gastric hyperacidity and ulcer, muscular dystrophy and related disorders, macromolecular structure-function analysis, development of targeted drug delivery systems, sperm biology, protein chemistry and enzymology.

NATIONAL INSTITUTE OF PHARMACEUTICAL EDUCATION AND RESEARCH

Bijnor-Sisendi Road, Sarojini Nagar
Lucknow - 226002, Uttar Pradesh
Tel. : 0535 - 2001569, 2700853, 2700857, +91 522-2772464
Email : pk_shukla@cdri.res.in

The National Institute of Pharmaceutical Education and Research (NIPER, Raebareli) has been created as a centre of excellence for higher education, research and development in pharmaceutical sciences.

The Institute, made a beginning with M.S. (Pharm.) in 2008 and at present offers courses in Medicinal Chemistry, Pharmaceutics and Pharmacology and Toxicology. The Institute admits students for the M.S. (Pharm.) through a joint entrance examination (NIPER-JEE). In future the number of M.S. programs would be increased and Ph.D programs would also be started in its various disciplines of pharmaceutical sciences every year.

National Institute of Pharmaceutical Education and Research (NIPER) is a national level institute in pharmaceutical sciences with a proclaimed objective of becoming a centre of excellence for advanced studies and research in pharmaceutical sciences. The Government of India has declared NIPER as an 'Institute of National Importance'.

National Institute of Pharmaceutical Education and Research (NIPER - Raebareli) is an autonomous body which has been established under the aegis of the Department of pharmaceuticals, Ministry of Chemicals and Fertilizers, in the Government of India, to provide leadership in pharmaceutical Sciences and other related areas. It admits students for M.S (Pharm), programmes in Medicinal Chemistry and Pharmaceutics every year. The Central Drug Research Institute, CDRI – Lucknow is its Mentor Institute for providing the institutional support in respect to its management and as a nodal point for the Ministry.

The Institute is conceived to provide leadership in pharmaceutical sciences and related areas not only within the country, but also to the countries in South East Asia, South Asia and Africa. NIPER is a member of Association of Indian Universities and Association of Commonwealth Universities. In order to spread the culture of high quality education and research and to meet the growing demands of the Indian Pharmaceutical Industry, Government of India has opened six more NIPERs at Ahmadabad, Hyderabad, Kolkata, Hazipur, Guwahati, and RaeBareli.

National Institute of Pharmaceutical Education and Research (NIPER), Rae Bareli, Uttar Pradesh is functioning from a beautiful campus located in Indian Telephone Industries Ltd. area.

NATIONAL INSTITUTE OF PHARMACEUTICAL EDUCATION AND RESEARCH

3rd Floor, Department of Pharmacology
Guwahati Medical College & Hospital
Guwahati - 781 032, Assam
Email : niper-guwahati@nic.in, niperghy@gmail.com
Registrar, NIPER-Guwahati, 09435197316 (M)

NIPER-Guwahati is the fifth institute to be included in the list of the premium institutes under the Department of Pharmaceuticals, Ministry of Chemicals and Fertilizers, Government of India. NIPER-Guwahati started functioning from the month of September, 2008. The institute was inaugurated by the Hon'ble Union Minister for Fertilizers and Chemicals and Steel, Shri Ram Vilas Paswan on Sept 16 2008 in the presence of several distinguished personals, like the Hon'ble Chief Minister Shri Tarun Gogoi, Hon'ble Union Minister of State for Chemicals Shri Bijoy Krishna Handique, Hon'ble Health Minister of Assam Shri Himanta Biswa Sarma, Hon'ble Union Secretary for Pharmaceuticals Shri Ashok Kumar and Principal of GMCH DR. M.M. Deka, among others.

Objectives of NIPER-Guwahati

- Enhancement of creativity, motivation, drives and professionalism.
- To bring synergy between Academics, R&D, Technology and Industries and exposure to such environment.
- Bridging collaborations between Pharmacy, Biotechnology, Information technology and prepare for meeting global challenges.
- To prepare professionals to suit to the need of Pharmaceutical Industry.
- Develop and practice learning for the professionals and training for teachers, researchers and regulators in the respective fields.
- Create a world class institute of teaching and research in the field of Pharmaceutical Sciences.

NATIONAL INSTITUTE OF TECHNOLOGY

NIT Campus.P.O. Calicut, Kerala-673 601

Tel : 0495 - 2286100, 2286106

Fax : 0495- 2287250

Email : director@nitc.ac.in, registrar@nitc.ac.in, santosh@nitc.ac.in

Website : <http://www.nitc.ac.in>

Set in a picturesque landscape at the foothills of the Western Ghats, National Institute of Technology Calicut (NITC) is located about 22 kilometers north-east of Calicut City. National Institute of Technology Calicut is a Technical Institution of national importance set up by an Act of parliament (Act 29 of 2007) namely, the National Institute of Technology Act 2007, which received the assent of the President of India on 5th June, 2007. The provision of the Act have come into force with effect from 15th August, 2007 as per Notification S.O.1384(E) dated 9th August, 2007 of the MHRD (Dept. of Higher Education), New Delhi. As per the provision of the said Act, this Institution runs on non profitable basis.

National Institute of Technology, Calicut was set up in 1961 as Regional Engineering College Calicut (CREC), the ninth of its kind and the first one to be established during the Third Five-Year Plan period. Until the formation of Calicut University in 1963, the institute was affiliated with Kerala University. It was largely due to the efforts of Pattom Thanu Pillai, then Chief Minister of Kerala, that the institute came into being. Prof. S. Rajaraman, first principal of Government Engineering College, Thrissur was appointed as the special officer in 1961 to organise the activities of the college until M. V. Kesava Rao took charge as the first principal of the college. The classes were initially held at the Government Polytechnic at West Hill, before it moved to its present campus in 1963. The college started with an annual intake of 125 students for the undergraduate courses, on a campus of 120 hectares (1.2 km²). The intake for the undergraduate courses was increased to 250 in 1966, 150 for the first year and 100 for the preparatory course. The annual intake was reduced from 250 to 200 from the year 1968–69 on account of industrial recession. After Prof S. Unnikrishnan Pillai took charge as principal in 1983, the Training and Placement Department was started to organise campus recruitments for students. The college moved into the area of information technology in 1984 with the commissioning of multi-user PSI Omni system and HCL workhorse PCs. In 1987 the college celebrated 25 years of its existence, and postgraduate courses were started. The CEDTI was established on the campus the following year.

In 1990 Shankar Dayal Sharma inaugurated the Architecture Department Block and construction of a computer centre was completed. In 1996, the institute website (the first in Kerala) was launched. The Indian Institute of Management Kozhikode functioned from the NIT campus in its first few years of existence before moving to its new campus in Kunnammangalam in 2003.

NATIONAL INSTITUTE OF TECHNOLOGY

National Institute Of Technology Sikkim (NIT Sikkim or NITSKM) is an Institute of National Importance in Sikkim state of India. It is one of the 30 National Institutes of Technology in India. And is one among the ten new NITs established by the Ministry Of Human Resources Development, Govt. of India .

National Institute of Technology, Sikkim is one among the ten newly established NITs by the Government of India under the 11th Five year Plan, 2009. NIT Sikkim started functioning in August, 2010.

Currently it is being operated from temporary campus at the Barfung Block, Ravangla Sub Division of South Sikkim. It is likely to continue its activities at Ravangla Campus till its permanent campus comes up at Khamdong, Sikkim. It is managed by the NIT Sikkim Society registered under the Societies Act. All courses and examinations are conducted in English language as the only mode of instruction. NIT Sikkim offers a 4-year Bachelor of Technology (B.Tech) programme in four engineering fields. Admission to these programmes is taken through the National level engineering entrance examination - JEE (MAINS). Prior to JEE (MAINS), Students were admitted through AIEEE. India has the capability and the responsibility to offer the World Science & Technology essentially with sustainability, through philosophy, conscience and value system. NIT Sikkim will play its role. To develop the students as 'Thinking Engineers' by nurturing them in attaining and enjoying the technical and scientific excellence, global exposure and at the same time in beholding the philosophy and the values for India and the world as a whole. NIT Sikkim started admitting students for the academic session 2010-11 with an intake of 30 students in each of the following branches of Bachelor of Technology (B.Tech) programmes:

- Computer Science and Engineering
- Electrical and Electronics Engineering
- Electronics and Communication Engineering
- Civil Engineering (started in the year 2014)

NIT Sikkim is to avail Mechanical Engineering as a new branch for the academic session 2014-15.

NATIONAL INSTITUTE OF TECHNOLOGY

Govt. Polytechnics

Srinagar – 246174, Uttarakhand

Telephone : 01346-257400 (EPABX), 01346-250792, 251249

The Institute started its working from 2010. The temporary campus is located in Govt. Polytechnic, Srinagar Garhwal (Distt. Pauri Garhwal). Srinagar Garhwal i.e., 105 km from Rishikesh on National Highway No. 58 leading to Badrinath (193 km from Srinagar). Rishikesh is the nearest Railway Station.

Haridwar, a major Railway Station in Uttarakhand is 130 km from Srinagar. Nearest Airport at Jolly Grant, Dehradun is 125 km away from Srinagar.

Taxis are available for Srinagar from Airport. Buses and Taxis are available for Srinagar from Rishikesh/ Haridwar. It takes 4 to 5 hours to reach Srinagar from Rishikesh.

National Institute of Technology (NIT) Uttarakhand is one among the ten newly sanctioned NITs in 2009 by Government of India under the 11th five year plan.

The Institute is fully funded by Government of India under the Ministry of Human Resource Development. Presently, NIT Uttarakhand is carrying out its activities from its temporary campus at Government Polytechnic, Srinagar Garhwal, Uttarakhand.

A new temporary campus is also functional at old ITI Campus near Government Polytechnic. Presently the Institute is running full time B. Tech. Program in Computer Science and Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Mechanical Engineering and Civil Engineering with intake of 60 students in each branch.

NIT Mizoram, Chaltlang

Aizawl-796012, Mizoram

Tel. : 0389-2341236, 0389-2341774 / 0389-2341699

Email : nit_mizoram@nitmz.ac.in

The Ministry of Human Resources Development, Govt. of India vide its order no. F. 23-13-2009-TS-III Dated 30th of Oct. 2009 and 3rd March 2010, had decided to set up ten new NITs. In view of the above NIT Mizoram was started in the year 2010 in the state of Mizoram with an objective to impart education, research & training leading to B.Tech, M.Tech, M.Sc. & PhD. degrees. This institute has been declared as an Institute of National Importance by an Act of Parliament. Here the students are admitted through All India Entrance Exam- Joint Entrance Exam (JEE Main).

NIT Mizoram is an Institute situated in the scenic beauty of Mizoram, wrapped between clouds and mountain rocks, which adds to its beauty. Being amongst the most educated states of our country with a literacy rate of 91%, it beholds a very peaceful and calm environment suitable for studies. The Institute, to cope with the present competitive needs, comprises of laboratories with the latest equipments and installed with best & latest softwares.

To serve the societal needs of the country in particular and the world in general through achieving excellence in innovative scientific and technical education and cutting edge research.

- To impart and enhance quality technical and scientific education to young men and women.
- To promote research in both fundamental and applied knowledge for the betterment of the society.
- To offer modern Under Graduate (UG) programmes in various branches of Engineering, viz., Civil Engineering, Mechanical Engineering, Electrical & Electronics Engineering, Electronics & Communication Engineering, Computer Science & Engineering, etc.
- To initiate new Post Graduate (PG) programmes in Civil Engineering, Mechanical Engineering, Electrical & Electronics Engineering, Electronics & Communication Engineering, Computer Science & Engineering, Mathematics, Physics, Chemistry, Humanities and Social Sciences, MBA, etc.
- To provide facilities for research in all Engineering departments, Basic and Applied sciences and Humanities and Social Sciences leading to doctoral degree.

NATIONAL INSTITUTE OF TECHNOLOGY

National Institute of Technology Nagaland (NIT Nagaland) is a higher education technology institute located at Dimapur in Nagaland, India. It is one of the 30 National Institutes of Technology. NIT Nagaland was set up by the Government of India in 2009, as part of the Eleventh Five-Year Plan (2007–2012) for imparting technical education in the state of Nagaland. NIT has provided initial mentorship to NIT Nagaland for the initial two years of its establishment.

The first batch of NIT Nagaland (2010-2014) studied at NIT Silchar for two years and then the NIT Nagaland has shifted to its home state, Nagaland in September 2012. NIT Nagaland is a federally funded technical university established by an Act of the Indian Parliament.

The institute is located at the Old DC Complex at Chumukedima, about 14 kilometres (8.7 mi) from Dimapur.

NIT Nagaland is managed by the NIT Nagaland Society registered under the Societies Act. The institute is fully funded by the Ministry of Human Resource Development, Government of India. At present the Government has three undergraduate courses in Engineering namely Electrical & Electronics Engineering, Electronics & Communication Engineering and Computer Science & Engineering.

On October 13, 2012, former Union minister of human resource development, communication and information technology Kapil Sibal inaugurated the NIT Nagaland at Chumukedima. The NIT foundation laying function was attended by chief minister Neiphiu Rio, Lok Sabha member CL Ruala, top officials of the state government and the union HRD ministry.

Departments and Centres :

1. Department of Electrical and Electronics Engineering
2. Department of Electronics and Communication Engineering
3. Department of Computer Science and Engineering
4. Department of Science and Humanities

NATIONAL INSTITUTE OF TECHNOLOGY

Bijni Complex, Laitumkhrah

The National Institute of Technology (NIT) Meghalaya is one among the thirty NITs in India established under the NIT Act 2007 (Amended 2012) of the Parliament of India as Institutes of National Importance with full funding support from the Ministry of Human Resource Development, Government of India. A Centre of Excellence vibrant with academic activities and bubbling with youthful creative energy, making significant contribution to the World of Knowledge and Technology and to the Development of the State, the Region and the Nation. To impart quality education in the fields of Engineering, Science and Technology at Undergraduate as well as Postgraduate levels with special attention to encourage innovation and creativity in these fields. To engage in creation of knowledge and development of technologies through effective research programs.

NIT Meghalaya took birth in 2010 and started functioning from its temporary campus in Shillong in 2012. Its permanent campus is being set-up at Sohra (Cherapunjee). The campus will come up with state-of-the-art infrastructures and all the necessary modern amenities while maintaining harmony with the serene environment of Sohra. The aim is to build it to be a centre of excellence in education and research in the fields of engineering, science and technology. The vision is to develop it to be an Institution vibrant with academic activities and bubbling with youthful creative energy. The challenge is to overcome the apparent deficiencies due to its location and turn them into advantage. The Institute's efforts since the starting of its functioning in Shillong have been to set-up the best possibilities facilities within the limited available space. Being in a nascent stage the Institute needs lots of support and care from all quarters to bring it up. The Institute currently offers B. Tech. programme in five disciplines and Ph. D. programme in various Engineering, Science and Humanities disciplines. From 2014-15 it is starting M. Tech programme in the three disciplines of Computer Science and Engineering, Electronics and Communication Engineering and Electrical Engineering. The Institute shall soon start UG/ PG programmes in various other Engineering and Science disciplines too that are of relevance to the State and the Region. It shall always strive to provide the best environment for learning and research. Endeavour shall be to imbibe the spirit of creativity and entrepreneurship in its students. NIT Meghalaya shall be an Institution that does not remain isolated from its surroundings. It shall closely interact with the stake holders, the society, the governments, the NGOs and shall strive to work for the betterment of the state and the region.

NATIONAL INSTITUTE OF TECHNOLOGY

Farmagudi, Ponda - 403 401, Goa

Phone : 0832-2404200

Fax : 0832-2404202

The National Institute of Technology Goa (NITGoa) is a premier technical Institute of the region. NITGoa was established in the year 2010 by an act of parliament (NIT act 2007) and it is declared as 'Institute of National Importance'. NITGoa is an autonomous institute and functioning under the aegis of Ministry of Human Resource Development (MHRD), Govt. of India. The campus is located at Farmagudi, Ponda approximately 29 km southeast of Panaji, the capital of Goa and it is a temporary campus. The state of Goa is well connected by road ways, rail ways and air ways with various parts of the country.

The Institute offers under Graduate and Post Graduate courses in three Engineering Departments: (1) Computer Science and Engineering (2) Electronics and Communication Engineering and (3) Electrical and Electronics Engineering. The Institute also offers Ph.D in all the three above mentioned engineering departments. Along with that the Institute offers Ph.D in Mechanical Engineering, Physics, Chemistry, Mathematics, Economics and English.

The Institute admits students into the B.Tech degree program on the basis of ranks obtained in the Joint Entrance Examination JEE(Main) and the scheme of Direct Admission to Students Abroad (DASA) with an intake of 30 students in each branch. The institute is sincerely attempting to deliver quality education and to achieve excellence in teaching, learning and research with high professional ethics.

For M.Tech Programme, the Institute admits students through valid GATE score followed by CCMT (Centralized Counselling for M.Tech Admissions). Each department is offering 20 seats for the said programme, out of which 18 seats will be filled up through CCMT and the remaining 2 seats are meant for the sponsored candidates.

National Institute of Technology Goa shall emerge as one of the nation's pre-eminent institutions. Through its excellence, it shall serve Goan society, India and the global society at large with all its challenges and opportunities.

NIT Goa strives for quality faculty, good students and excellent infrastructure.

Strives for excellence, through dissemination, generation and application of knowledge laying stress on interdisciplinary approach in all branches of Science, Engineering, Technology, Humanities and Management with emphasis on human values and ethics.

NATIONAL INSTITUTE OF TECHNOLOGY

Nehru Nagar, Karaikal, Puducherry- 609 605. India.
Ph. No.: +91-4368-230110, Fax No.: +91-4368-231665
Email : registrar@nitpy.ac.in
Website : www.nitpy.ac.in

National Institute of Technology, Puducherry (NITPY), is one of the thirty National Institutes of Technology situated in Karaikal, Puducherry. NIT Puducherry is also one of the newly formed ten NITs, sanctioned by the Government of India in 2009, as part of the Eleventh Five-Year Plan (2007–2012).

NIT Puducherry is currently functioning from Arignar Anna Government Arts and Science College, Nehru Nagar, Karaikal. Land for the construction of the new campus had already been procured near village Poovam (258 acres) from the government of Puducherry in Karaikal. Construction of the college campus is under progress.

Students are admitted to the Institute based on the marks obtained in the Joint Entrance Examination Mains (JEE - Mains). From the total number of seats available during the admission process, 50% of seats are reserved for the Home-State candidates (Puducherry, Karaikal, Mahe, Yanam, and Andaman Nicobar). The remaining 50% seats are filled on all India quota basis.

Vision

- To be among leading Indian Institutes for Excellent, Relevant, and value based Technical Education and Research.

Mission

- To create the infrastructure and academic environment on par with best benchmarks.
- To offer undergraduate, postgraduate and doctoral programmes in the technical fields of national importance.
- To collaborate for research and consultancy works with leading national and international laboratories, institutes, and industries.
- To train young minds in intellectual and ethical strengths for developing their capacity in the areas of science, engineering, and technology.
- To relentlessly pursue professional excellence with ethics.
- To implement continuously improving models of comprehensive education

National Institute of Technology Delhi (NITD) is one of the thirty NIT (s) established in the year 2010 by an act of parliament and has been declared as an Institute of National importance.

NIT Delhi is an autonomous Institute which functions under the aegis of Ministry of Human Resource Development, Government of India. It aims to provide instructions and research facilities in various disciplines of Engineering, Science and Technology, Management, Social Sciences and Humanities for advance learning and dissemination of knowledge.

The mission of NIT Delhi is to produce human resource those who are creative, competitive and innovative with high intellect and ethical values. The Institute is imparting holistic education, along with inculcating high moral values in its students.

NIT Delhi has started its academic session in 2010 with three undergraduate B.Tech degree programmes in Computer Science and Engineering, Electronics and Communication Engineering and Electrical and Electronics Engineering.

The academic activities of NIT Delhi were initiated at NIT Warangal in year 2010 which later moved to a temporary campus at Dwarka, New Delhi in June 2012 and now currently running at IAMR Campus, Narela (February 2014).

Possession of fifty one acre land has been allotted for permanent campus of NIT Delhi on NH-1, Narela sub city, New Delhi. The process of developing the permanent campus has begun.

NATIONAL INSTITUTE OF TECHNOLOGY

Hamirpur 177 005, Himachal Pradesh

National Institute of Technology Hamirpur is one of the twenty NITs of the country, established in 1986 as Regional Engineering College, as a joint and cooperative enterprise of the Govt. of India and Govt. of Himachal Pradesh. The goals of the institute as embodied in the logo are truly remarkable in their scope of vision. The college provide Undergraduate, Postgraduate and Doctorate Education in Engineering, Sciences & Humanities; fostering the spirit of national integration among the students, a close interaction with industry and a strong emphasis on research, both basic and applied. It has been given the status of Deemed University.

Established in 1986 as Regional Engineering College, Hamirpur in Hamirpur District of Himachal Pradesh, it was a joint enterprise of the Government of India and the Government of Himachal Pradesh. On 26 June 2002 REC Hamirpur was awarded the status of deemed-to-be university and upgraded into an NIT. As a result of this transition the institute came under the sole purview of the Government of India. It has been awarded the status of Institute of National Importance by an Act of Parliament, and judged best NIT in terms of infrastructure by the World Bank. For getting admission in NIT Hamirpur one has to clear the JEE MAINS examination in India.

NIT Hamirpur academic departments are...

- Architecture
- Chemical Engineering
- Civil Engineering
- Computer Science and Engineering
- Electrical and Electronics Engineering
- Electronics and Communication Engineering
- Mechanical Engineering
- Industrial Engineering
- Humanities and Social Sciences
- Physics
- Chemistry
- Energy and Environment
- Material Science
- Mathematics
- Statistics

NATIONAL INSTITUTE OF TECHNOLOGY

Kurukshetra - 136119

Haryana

Telephone : 01744-233208

Fax: 238350

Email: registrar@nitkkr.ac.in

The Central Government in consultation with the Planning Commission had sanctioned a scheme of establishment of Regional Engineering Colleges under the Third Five Year Plan in order to expand the facilities for technical education in the country during the plan period. The first Regional Engineering College, Kurukshetra was one of the seventeen colleges in the country. Vide letter No. 16-4/60-T.5, dated the 26th February, 1962 from the Secretary to the Government of India, Ministry of Scientific Research and Cultural Affairs, New Delhi, it was established in the year 1963 as a joint and cooperative enterprise of Govt. of India and the State Government of Haryana to serve the State of Haryana and the rest of the country for imparting technical training to youth and for fostering national integration. Its objective was to provide instructions and research facilities in various disciplines of engineering and technology and the advancement of learning and dissemination of knowledge in each such discipline. The first admission to five year B.Sc. (Engg.) degree course was made by the Institute in July, 1963 at Punjab Engineering College, Chandigarh and Thapar Institute of Engineering & Technology, Patiala, with an intake of 60 students at each place. This was repeated in July, 1964 also. The Institute started functioning on its present campus at Kurukshetra from the year 1965-66. The students were admitted to the first year of the five year integrated B.Sc.(Engg.) degree courses in Civil, Electrical and Mechanical Engineering. In 1967-68, M.Sc. (Engg.) degree courses in Civil, Electrical and Mechanical Engineering were introduced. In 1971-72, a degree course in Electronics & Communication Engineering and a Post-graduate Diploma Course in Scientific Instrumentation were started. In 1976-77, part time M.Sc. (Engg.) degree courses in Electronics & Communication Engineering and Instrumentation Engineering were started. The first registration for the degree of Doctor of Philosophy in the Faculty of Engineering and Technology was done in July, 1967.

The Institute switched over to the four year B.Tech.Degree course with effect from 1985-86. The Course has since been designated as Bachelor of Technology (B.Tech.). The M. Sc.(Engg.) degree in various disciplines has since been renamed as M.Tech. degree with effect from the session 1983-84. In 1987-88, B.Tech. degree course in Computer Engineering and M.Tech. degree Course in Electronics Engineering were started. In 1989-90, M.Tech. degree course in Water Resources Engineering was started in the Department of Civil Engineering. A special two semesters M.Tech. degree course in Instrumentation for candidates holding P.G. Diploma in Scientific Instrumentation has been introduced from January, 1988.

Website : <http://www.nitrkl.ac.in>

H.E. The President of India, Shri Pranab Mukherjee, is the Visitor of our Institute. The Institute is managed by a Board of Governors (BoG) created as per NIT Act of 2007. Under the Act, the Director is the Principal Executive and Academic Officer. The Board of Governors is assisted by three other authorities, viz., The Senate, The Building and Works Committee and the Finance Committee. The Institute has different Departments, Centers and Technical Service Units (TSUs). Each Department or Centre is headed by a faculty member and each TSU is headed by a faculty member or an officer.

To become an internationally acclaimed institution of higher learning that will serve as a source of knowledge and expertise for the society and be a preferred destination for undergraduate and graduate studies.

NIT Rourkela was established as Regional Engineering College (REC) Rourkela on 15 August 1961 under the then Chief Minister of Odisha, Biju Patnaik and its foundation stone was laid by the then Prime Minister of India, Jawaharlal Nehru. It was granted autonomy and functional independence by the Ministry of Human Resource Development in 2002 thus becoming one of the National Institutes of Technology.

NIT Rourkela is a deemed university, and is governed by its Board of Governors, which is responsible for the overall superintendence, direction and control of its affairs. The Director is responsible for managing the day-to-day affairs of the institute. He heads the Senate, which frames the curriculum and conducts the examinations. The Senate also appoints advisory or expert committees to make recommendations to the Board of Governors on academic matters related to various departments. The Director is supported in various activities by the Deans i.e. the Dean for Academics, the Dean for Student Welfare, the Dean for Planning and Development and the Dean for SRICCE (Sponsored Research, Industrial Consultancy and Continuing Education). The Registrar is in charge of all office matters, and has four Assistant Registrars to aid him.

Quality Policy

"Every student and employee of NIT Rourkela as well as all external agencies providing service to the Institute shall strive to achieve quality, speed and economy (in that order of importance) in all their endeavors. They will employ and create TECHNOLOGY to enhance productivity, protect the environment and uphold human dignity".

Email : pkbdirector@gmail.com; pkb32@yahoo.com nita.director@gmail.com

Website : <http://www.nita.nic.in>

The Institute recently introduced a new curriculum in the line of IITs where more number of elective subjects are being offered to make the system flexible. Previously, the Institute used to follow the mark based system of evaluation, but have been switching over to credit based system in order to keep track with the global evaluation methods. Industrial training, Undertaking projects are parts of the education system and students are also encouraged to take various activities for social development through NSS and NCC.

The Institute recently has been converted from State Engineering College to National Institute of Technology. The total seats have been increased from 250 to 420 for the academic session 2007-2008. Recently three Under Graduate courses has been introduced in Electrical & Electronics Engineering, Transportation Engineering and Production Engineering. The Civil Engineering Department will start a PG programme in Structural Engineering to fulfill the requirement of the State. The campus which was nonresidential is to be made residential with reopening of two boys hostels and one girls hostel for the students admitted for the session 2007-2008. A master plan is under preparation for 335 acres of land where a new campus will be built with modern facilities for overall requirement of the Institute. The Institute is getting a 33 KV dedicated power supply through Tripura State Electricity Corporation Limited for uninterrupted power supply in the campus. The R. D. Department of Govt. of Tripura took total renovation work of the existing buildings after conversion to NIT. The Institute is also obtained a grant of 12 crore rupees from DoNER for the development of infrastructure like extension of Library Building, extension of Academic Building, Centralized Computer Centre, new water treatment plant and boys and girls common room. The campus is now totally connected through Wi-Fi with wimax wireless backbone and all e-journal facilities are available in the digital library of NIT Agartala.

The National Institute of Technology Agartala is one of the 20 (twenty) National Level Technical Institutes setup by the Govt. of India. The Institute's mission is "To help to improve the economic development of the country particularly the North-East states and also the public systems, through pursuit of excellence in technical education, research, consultancy and training".

NATIONAL INSTITUTE OF TECHNOLOGY

Yupia District: 492015

Arunachal Pradesh -791112

Tel : 0360-2284801 , 09436271831, 09435100031

Fax : 0360-2284972

Website : <http://www.nitap.in>

The National Institute of Technology Arunachal Pradesh was inaugurated on 18th Aug 2010 as a member of a group of ten new NITs. These new NITs were established as centres of excellence in technical education to combat the growing need of technological professionals in India as well as in the World.

The Institute has been through many trials since its establishment in 2010; but ultimately has triumphed over all challenges and is thriving today with more than 350 students on roll and many distinguished members of faculty as well as a good many numbers of competent administrative personnels.

The facilities and services that NITAP renders to the students, faculty and staff members make it stand among the top level institutes. The splendid amenities provided to the students make the stay in NITAP a wonderful experience. The presence of modern facilities furthers the overall development of all the residents of NITAP and also assists students and faculty members to work in a co-operative way enhancing the academic growth of the students.

The students are provided with nice set of hostel rooms with all the basic facilities a student will need. A few of them constitute the 24X7 availability of water and electricity and a variety of food for all tastes. The whole institute and hostels are supplied with a permanent Internet and LAN facility so as to increase the limits of every individual.

The Training and Placement Cell of the Institute centrally handles all aspects of campus placements for the graduating students of all Departments. The Cell is well-equipped with excellent infrastructure to support each and every stage of the placement processes.

The T & P staff members assist in arranging Pre-Placement Talks, Written Tests, Group Discussions, and Interviews etc. as per the requirements of the Organizations.

NATIONAL INSTITUTE OF TECHNOLOGY

The institute is committed to the challenging task of development of technical education by preparing seasoned graduates in highly sophisticated field of engineering and technology. Development of India as an emerging industrial power is a demanding exercise as it involves the combination of cost effectiveness and efficiency along with producing world-class technology at the cutting edge. For about five decades we have been doing it with sincerity and commitment at NIT Raipur. At present the institute offers graduate level courses in twelve disciplines.

National Institute of Technology Raipur (Formerly Government Engineering College Raipur), situated in the capital of a newly incepted state of Chhattisgarh, has proven to be 'avant-grade' in the field of science and technology over past few decades in this region. With sweet memory of foundation ceremony by our president Hon'ble Dr. Rajendra Prasad on 14th September 1956.

The institute started with two departments namely Metallurgical and Mining Engineering. Later the inauguration of the Institute building was done by our Prime Minister Hon'ble Pt. Jawahar Lal Nehru on 14th March 1963. From 1st December 2005, the institute has become the National Institute of Technology.

The Institute, located in Raipur, the Capital City of Chhattisgarh State, is spread over an area of 100 acres. Raipur city is well connected with Mumbai, Delhi, Chennai, Visakhapatnam, Nagpur & Bhubneshwar by regular flights and is on the main Howrah-Mumbai railway line route.

The institute is 5 km from Raipur railway station and 14 km from airport on NH-6, the Great Eastern Road. The state of Chhattisgarh is a mineral rich state having enormous potential for development with seemingly inexhaustible natural resources of coal, iron ore, lime stones, dolomite, tin, gem-stones and other minerals. Many industries, such as those of cement, steel, steel alloy, mines etc., are located in the vicinity of the institute giving it a unique advantage for industry-institute interaction in various disciplines of engineering.

NATIONAL INSTITUTE OF TECHNOLOGY, SILCHAR

Website : <http://www.nits.ac.in>

National Institute of Technology, Silchar is one of the 30 National Institute of Technologies of India and was established in 1967 as a Regional Engineering College in Assam.

In 2002 it was upgraded to the status of National Institute of Technology and was declared as Institute of National Importance under the National Institutes of Technology Act, 2007.

"The vision of NIT Silchar is: establishing unique identity by development of high quality human and knowledge resources in diverse areas of technologies to meet local, national, and global economic and social need and human society at large in self-sustained manner.

The mission of NIT Silchar is to train and transform young men and women into responsible thinking engineers, technologists and scientists, to motivate them to attain professional excellence and to inspire them to proactively engage themselves for the betterment of the society.

- Teaching and Research with focus on emerging technologies, business process and High-Tech Solutions in Low-Tech environment.
- Integrating Technologies and Management in cross-cultural environments.
- Shaping Students Innovative, Entrepreneurial, Supportive, Assured and International.

National Institute of Technology, Warangal (Deemed University), formerly known as Regional Engineering College, was established in 1959.

Pandit Jawaharlal Nehru laid the foundation stone for this institute on October 10, 1959, the first in the chain of 30 NITs (formerly known as RECs) in the country.

The Institute is well known for its dedicated faculty, staff and the state-of-the art infrastructure conducive to a healthy academic environment. The Institute is constantly striving to achieve higher levels of technical excellence.

Evolving a socially relevant and yet internationally acceptable curriculum, implementing innovative and effective teaching methodologies and focusing on the wholesome development of the students are our concerns. Thanks to UNESCO and UK assistance in the past, many developmental activities were undertaken. The World Bank Assistance under Technical Education Quality Improvement Programme (TEQIP during 2004-09) had been a timely help in the overall development of the Institute.

The Institute currently has thirteen academic departments and a few advanced research centres in various disciplines of engineering, pure sciences and management, with nearly 100 laboratories organized in a unique pattern of functioning, Central Library with state of the art facilities, Auditorium, Student Activity Centre, Mega Computer Centre, Indoor Games Complex, big stadium, Seminar Halls with required infrastructure, Dispensary with state of art of facilities, etc. Faculty of repute, brilliant student community, excellent technical and supporting staff and an effective administration have all contributed to the pre-eminent status of N.I.T., Warangal. The Institute offers eight undergraduate programmes (B.Tech.) in engineering, Twenty nine post graduate programmes (M.Tech., M.Sc., MCA and MBA) in engineering, sciences and management and research programmes in engineering, sciences, humanities, physical education and management.

The institute is well-known for its Research and Development, Industrial consultancy, Continuing education and Training programmes for teachers and industrial personnel.

NATIONAL INSTITUTE OF TECHNOLOGY ANDHRA PRADESH

Sri Vasavi Engineering College
Temporary Campus : Tadepalligudem
West Godavari Distt., Andhra Pradesh – 534101
Email : rcnitap@gmail.com

National Institute of Technology, Andhra Pradesh is the 31st institution among the chain of NITs started by the Government of India. NIT Andhra Pradesh is established in the state of Andhra Pradesh recently in the academic year 2015 – 2016. Mentor Institute : National Institute of Technology, Warangal is given the responsibility of mentoring the new institute for 2 to 3 years or till regular arrangements are made. Director, NIT Warangal is the Mentor Director of NIT AP. Two or three senior faculty of NIT Warangal will be stationed at the new institute for monitoring the institute activities. Resident Coordinator, Heads of Department of Science & Humanities and Department of Engineering Sciences will be stationed at the campus. The National Institute of Technology Andhra Pradesh is the 31st institution among the chain of National Institutes of Technology started by the Government of India and is situated at Tadepalligudem, West Godavari District, Andhra Pradesh State. It is an Institute of National Importance, being an NIT. NIT Andhra Pradesh was established in Tadepalligudem, State of Andhra Pradesh and it is functioning from the academic year 2015–2016. National Institute of Technology Warangal is the mentor institute. The permanent campus is located at Tadepalligudem town of West Godavari district in Andhra Pradesh. Around Rs. 400 crores has been granted by Government of India for the establishment of this campus. Foundation stone was laid by the Union Minister for Human resource Development Smt. Smriti Irani and the Andhra Pradesh Chief minister N. Chandra Babu Naidu on 20 August 2015. The permanent building is likely to be completed within two years in an area of 176 acres. Till then the classes for the students of NIT Andhra Pradesh would be conducted in a temporary campus identified at Sri Vasavi Engineering College, Pedatadepalii near Tadepalligudem. Hostel facilities are extended for boys and girls. The West Godavari District is extremely fertile, getting water abundantly throughout the Cotton barrage built on the Godavari River and the district is popularly known as the Granary of India since about 50% of the state's rice production comes from the district. An area of 176 acres has been earmarked in Tadepalligudem by Government of Andhra Pradesh is in the process of constructing the compound wall around the land and hand over to the institute for development of infrastructural facilities in the permanent campus. The location of NIT campus will be the old airport area along with already existing airstrip. The airstrip would soon serve as a 2 km, 8 line CC road in between the campus, and in any other campus in India would not possess such a wide CC lane in between campus. This also enhances the beauty of campus and the constructions are planned on either side of the air strip. The campus is very well connected such that one of its entrances would be on NH16 and the other side of the campus will be connected into the core town area of Tadepalligudem. The campus is extremely well connected by road (Chennai-Howrah NH16), by rail (Vijayawada - Vishakhapatnam section) and by air (Vijayawada [National], Rajahmundry [National] and Visakhapatnam [International] airports for about 100 km, 50 km and 240 km respectively). All the factors of the campus are in such a way that the development of infrastructure, civil constructions etc., would not take much more time to grow and the institute would glory soon. NIT Andhra Pradesh was started to function at the temporary campus from 10 September 2015 and the foundation stone for permanent campus had been laid down on 20 August 2015.

NATIONAL INSTITUTE OF TECHNOLOGY

NIT Campus, P.O .RIT Jamshedpur 831014, Jharkhand

Phone No. : +91-657-2407642, 0657-2373407, 0657-2373392

Fax No. : +91-657-2382246, 2408811

E-mail : director@nitjsr.ac.in

National Institute of Technology, Jamshedpur, earlier known as Regional Institute of Technology was established on 15th August 1960 as a joint venture of Government of India and the Government of Bihar in the chain of RECs (Regional Engineering College) in India with the aim to generate technical graduates of highest standards who could provide technological leadership to the region.. It was among the first eight Regional Engineering Colleges (RECs) established as part of the Second Five-Year Plan (1956 - 1961). This was the only REC in the country which was named as RIT (Regional Institute of Technology). Therefore RIT Jamshedpur was actually the REC of undivided Bihar & Jharkhand. The foundation stone of RIT (REC) Jamshedpur was laid by Dr. Srikrishna Sinha, the then chief minister of Bihar , with the aim of nurturing talent and setting high standards of education and excellence. On 27th December 2002, in the line of all other RECs of India, RIT Jamshedpur (may be read as REC Jamshedpur too) was converted to National Institute of Technology, Jamshedpur with the status of a Deemed University as per the decision of Govt. of India. The Institute is fully funded and governed by the Ministry of Human Resource Development (MHRD), Government of India since 1st April, 2003. On 15 August 2007, NIT Jamshedpur was given the status of the Institute of National Importance through an Act of the Parliament known as the NIT Act.

The Institute has 12 departments including engineering, science and humanities. The Institute, with 120 faculty, 3000 students, 150 administrative and supporting staff, is a self-contained campus. It is located on the outskirts of Jamshedpur on 320 acres of sprawling, rolling hilly, wooded land. It combines natural beauty of countryside with urban glamour of an industrial area. The flowing river and picturesque backdrop of low hills on one side and large tracks of forest on the other make the 320 acres of rolling campus an ideal place for higher learning and research. It has been growing from strength to strength ever since it was established in 1960. Situated in the heart of the rich mineral and industrial belt of Jharkhand State, the campus encompasses the Main building, the Library, the Computer Center, 11 hostels (9 Boys hostels and 2 Girls hostels), staff quarters, Guest House, a Students Gymkhana, a Post-office , a branch of State Bank of India, two ATMs, central store and a dispensary. The hostels and departments are connected with high speed wireless LAN. The institute maintains courts for basketball, volleyball, badminton and tennis. Apart from this, it also has cricket, hockey and football grounds. The institute is poised for bright and promising future. The courses have been completely restructured and prepared as per the needs of society and industries.

NATIONAL INSTITUTE OF TECHNOLOGY

Tanjore Main Road, National Highway 67
Tiruchirappalli - 620015, Tamil Nadu
Tel. : +91-431-2503000 / 2504000 / 91-431-2503051

Website : <http://www.nitt.edu>

The National Institute of Technology (formerly known as Regional Engineering College) Tiruchirappalli, situated in the heart of Tamil Nadu on the banks of river Cauvery, was started as a joint and co-operative venture of the Government of India and the Government of Tamil Nadu in 1964 with a view to catering to the needs of man-power in technology for the country. The college has been conferred with autonomy in financial and administrative matters to achieve rapid development. Because of this rich experience, this institution was granted Deemed University Status with the approval of the UGC/AICTE and Govt. of India in the year 2003 and renamed as National Institute of Technology. NIT-T was registered under Societies Registration Act XXVII of 1975.

The Chairman of NITT is Dr. Rajaram Nityananda (also Senior Professor, National Centre for Radio Astrophysics, Tata Institute of Fundamental Research) and the Director of NITT is Dr. Srinivasan Sundarrajan. The institution offers Under Graduate Courses in ten branches and Post Graduate Courses in twenty one disciplines of Science, Engineering & Technology besides M.S. (by Research) and Ph.D. in all the departments. The faculty is inducted through a process of open advertisement throughout the country. The institute is an example of cultural unity with students drawn from most of the states in the country. The hallmark of the campus is the good facilities which caters to the academic and extra curricular interests of the students. The Octagon is the pride of the campus equipped with modern facilities like a CAD/CAM Lab, Local Area Network, High Speed Internet connection and other seminar and conference facilities. It is maintained and run by the Computer Support Group (CSG) of the institute. Apart from this the campus provides ample opportunities for developing extra curricular skills which include NCC, NSS, Students Chapters of IEEE, social clubs and sports & games. The Alumni of this institution have excelled in various spheres and are positioned very well globally in a number of leading Government, Public Sector & Private Organizations.

NIT-T hosts two inter collegiate fests namely Festember (Cultural) and Pragyan (Technical) and an inter department fest namely NITTfest (Cultural) annually. These fests draw students from most colleges of South India and are hugely popular. Apart from this each department conducts Symposium. The College has a total campus area of 800 acres. This includes good hostel facilities, Hospital, Post & Telegraph, Telecom Center, fully computerized State Bank of India (SBI) NIT branch with ATM facility, Book stall, Reprographic Center, Canteen, Swimming pool and Co-op. Stores.

National Institute of Technology Patna is the 18th National Institute of Technology created by the Ministry of H.R.D. Government of India after rechristening the erstwhile Bihar College of Engineering Patna on 28. 01. 2004. NIT Patna marked its humble beginning in 1886 with the establishment of pleaders survey training school which was subsequently promoted of Bihar College of Engineering Patna in 1924. This made this institute the 6th Oldest Engineering Institute of India. The graduate level curriculum was later elevated to the post graduate level in 1978. The institute is situated on the south bank of holy river Ganges behind Gandhi Ghat, one of the most important and reverential place of Patna. The Gandhi Ghat is associated with the immersion of ashes of father of the Nation Mahatma Gandhi in the river Ganges. The campus has a picturesque river view with historic building presenting a spectacle of architectural delight and natural beauty.

National Institute of Technology Patna has been declared as an Institute of National Importance and has been granted a fully Autonomous Status by MHRD, Government of India. The Institute has also been declared as a Centre of Excellence of impart high level education training , research and development in science, engineering technology and humanities. It is imparting high quality education & values at UG (B.Tech), PG (M.Tech) & Ph .D programmes through its experienced faculty well versed in their respective field of engineering an technology with well equipped laboratories . At present the Institute has seven disciplines viz. Architecture, Civil Engineering, Compute Science & Engg., Electrical Engg., Electronics & Communication Engg., Information Technology and Mechanical Engg., and well established departments of physics, Mathematics and Humanities and Social Science.

National Institute of Technology Patna aims at setting out very high education standards and holds long record of academic excellence. The pedagogical aspects have been formulated to suit not only the needs of the contemporary industrial requirements but also to develop human potential to its fullest extent in a range of professions. Extra curricular activities are planed through games and sports, cultural programmes and NSS activities. Cultural activities provide a platform to know about the culture of various states and regions of the country and opportunity for national integration. Ever since its rechristening, NIT Patna has been on the fast track of development and has undergone numerous facelifts because of which placement records have witnessed unprecedented growth and is touching new heights as the graph of placement is increasing remarkably.

NATIONAL INSTITUTE OF TECHNOLOGY

Hazratbal, Kashmir-190 006

Jammu and Kashmir

National Institute of Technology, Srinagar is one of the premier Educational Institutes in the Northern Regions of the country. It was established in 1960 and has been one of the eighteen Regional Engineering Colleges sponsored by the Govt. of India during the 2nd Plan. The Institute acquired the status of National Institute of Technology with deemed to be University status during August, 2003 and attained full autonomy in its Academics.

The Institute is situated at the banks of world-famous Dal Lake, with the far-famed Hazratbal Shrine on other side of the campus. NIT Srinagar is a residential Institute with accommodation facility in Hostels and Staff-Quarters. There are four Boys and one Girls hostel which swallows about 1500 boys and 200 girls. Besides running the B.Tech Programme the Institute also offers M.Tech programme in many streams. In addition to that a large number of students are registered for M.Phil and Ph.D Programmes. Facilities and amenities are available at the institution such as NCC, NSS, Bank, Consumer cum Society, Shopping Complex, Recreational Centre, Dispensary with Ambulance, Guest House, Students Activity Centre, Gymnasium, Internet Centre, Telephone Booths, Fax Services, Diesel Generator, Bus Facility. The Institution has an Industry Interaction cell which was established in 1989 with the aim to remain at the fore-front on the Scientific and Technological development and to share its experience with industries in utilizing. Man-power and other resources are available at the institute effectively with the assistance of the participating industries. The Institute has one of the best technical library in J&K State. It has a collection of over 60,000 books on Engineering Science and humanities and about 6,000 bound volumes/Journals, both foreign and Indian. The library remains open from 9.00 a.m to 10.p.m. It has on –line repository of A.S.C.E, A.S.M.E.A.E.L, J.C.C.C etc in addition to journals through I.N.S.E.S, COMSORTIEM. It also has a collection of I.S.I codes, in the C.D-Rom format.

Vision: To establish a unique identity of NIT Srinagar by development of high quality technical manpower and technological resources for contributing to the economic and social development of the nation at large and region in particular.
Mission: The mission of NIT Srinagar is to train & transform its students and faculty into well trained and highly motivated engineers, scientists, technologists who become knowledge makers as well as knowledge users for contributing to nation building with high degree of professional excellence.

NATIONAL INSTITUTE OF TECHNOLOGY

Durgapur, West Bengal -713209

Tel : +91-343-2546397, +91-343-275-2007 , +91-343-2545290

Fax : +91-343-2547375, +91-343-2546406

Website : <http://www.nitdgp.ac.in>

The National Institute of Technology, Durgapur (formerly Regional Engineering College, Durgapur), was established by an Act of Parliament in 1960 as one of the eight such colleges aimed to function as a pace setter for engineering education in the country and to foster national integration.

It is a fully-funded premier Technological Institution of the Government of India and is administered by an autonomous Board of Governors.

The Institute is a University which awards B.Tech., M.C.A., M.Sc., M.B.A., M.Tech. and Ph.D. degrees to students after their successful completion of the specified courses.

The Institute imparts education in the disciplines of Chemical Engineering, Civil Engineering, Computer Science and Engineering, Electrical Engineering, Electronics and Communication Engineering, Mechanical Engineering, Metallurgical and Materials Engineering, Information Technology, Biotechnology, Physics, Chemistry, Mathematics, Environmental science, Materials Science and Management Studies.

As decided by the Ministry of Human Resource Development, Government of India, the procedure for selection of candidates for admission to the Bachelor Degree Courses in Engineering/Technology in National Institute of Technology Durgapur and in other NITs is on the basis of State Rank/All India Rank (AIR) of AIEEE conducted by Central Board of Secondary Education, New Delhi, and the same is executed through counselling by Central Counselling Board, AIEEE under guidance from MHRD, GOI as per schedule notified by CCB.

In addition to the normal intake, a few seats are reserved for Foreign Students who are nominated by the Ministry of External Affairs, Government of India, and the Indian Council for Cultural Relations, Government of India.

NATIONAL INSTITUTE OF TECHNOLOGY

Takyelpat, Imphal-795001, Manipur

Phone: 03852058566

Fax: 03852445812

E-mail : nitmanipur@yahoo.in drbiren@nitmanipur.ac.in,

registrar.nitmn@gmail.com director@nitmanipur.ac.in

NIT Manipur started its first session with the three branches of Engineering-Electrical & Electronics Engineering, Electronics & Communication Engineering and Computer Science & Engineering. It is presently functioning in its temporary Campus at Takyelpat, Imphal. The institute has acquired 341.5 acres of land in lush green areas of Langol, Imphal.

The Institute is administered by the Director of the Institute under the direct supervision of Board of Governors (BOG) headed by The Chairman of the Board of Governors as the institute is registered under Manipur Societies Registration Act, 1989. The policy for academic activity will be made through Senate with prior approval of the Board of Governors and implemented through Dean (Academic). The Planning and Development of the institute will be implemented through Dean (P & D) whereas the Students Affairs will be looked after by Dean (Student Welfare).

Registrar is the custodian of all records of the institution and all administrative orders will be issued through Registrar, where he will also be responsible to the Director for proper implementation of the policy matter of the institute.

A Master Plan has already been prepared for total infrastructural development of the institute so that the institute may have the facilities of international standard.

Different development programmes have been undertaken for establishment of well equipped laboratories and library, augmentation of computer facilities. Construction of temporary Administrative and Academic building has been started at the Permanent Site.

The NIT Manipur is an autonomous Institute of National importance. From the Academic year 2013-14 two more branches in B.Tech courses are inducted viz Civil Engineering and Mechanical Engineering.

At present there is an intake of 150 students per year out of which 50% seats are reserved for the students from Manipur and the rest 50% seats are reserved for the students from the other states of India. The student have to qualify through JEE for getting admission in the institute.

NATIONAL INSTITUTE OF TECHNOLOGY

Srinivasnagar PO, Surathkal, Mangalore 575025

Tel: +91-824-2474000 (24 lines)

Fax: +91-824-2474033

Email: rnath@nitk.ac.in

Website : <http://www.nitk.ac.in>

The National Institute of Technology Karnataka (NITK) formerly known as Karnataka Regional Engineering College (KREC), is a public engineering college at Surathkal, about 20 kilometres north of Mangalore city. It was founded in 1960 as KREC while today, it is one of the 30 National Institutes of Technology in India and is recognised as an Institute of National Importance. It has a suburban campus, in close proximity to the Arabian Sea. National Highway 66 runs through the campus and serves as the major mode of access.

The foundation stone for Karnataka Regional Engineering College (KREC) was laid on 6 August 1960, at Surathkal. It was made possible through the efforts of U. Srinivas Mallya and V. S. Kudva and the area is now called Srinivasnagar in his honour. KREC began with three under-graduate courses in engineering: Mechanical, Electrical, and Civil, with affiliation to the University of Mysore. 1965 saw the beginning of under-graduate courses in Chemical and Metallurgical Engineering. In 1966, the college started its first post-graduate course in Marine Structures and Industrial Structures, followed by post-graduate courses in Industrial Electronics (1969), Heat Power (1971), Hydraulics and Water Resources (1971), Chemical Plant Design Engineering (1971) and Process Metallurgy (1972).

More under-graduate engineering courses were added later: Electronics and Communication Engineering (1971), Mining Engineering (1984), Computer Engineering (1986) and information technology (2000). In 1980, KREC came under the affiliation of Mangalore University, and the five-year under-graduate courses were shortened to four-years. On 26 June 2002, it was elevated to the status of a National Institute of Technology and has been called NIT Karnataka (NITK) ever since. It is now a Deemed University. NITK celebrated its 50th Institute Foundation day on 6 August 2009. The year long Golden Jubilee celebrations were inaugurated on 10 August 2009.

To facilitate transformation of students into good human beings, responsible citizens and competent professionals, focusing on assimilation, generation and dissemination of knowledge.

NATIONAL INSTITUTE OF TECHNOLOGY, SIKKIM

Barfung Block Ravangla Sub-Division
South Sikkim – 737139
Director Office : +91 7479013180
Fax : +91 03595 260042

The present campus of NIT Sikkim at Ravangla, although temporary in nature, is also housed within a plethora of conveniences and an abundance of natural amenities. Just like the proposed Khamdong campus, it is located astern to the Jawahar Navodaya Vidyalaya Ravangla campus. The State Bank of India Ravangla branch, post office with speed post facility, and an army hospital are located within 2.5 kms from the institute campus. There is also a health centre situated in Ravangla.

Sixteen three-storied blocks, each with six 2-bedroom apartments, totalling to 96 apartments in the campus. These are utilized as boy's hostels, girl's hostels, faculty apartments and staff apartments. Each apartment has been furnished with cots, tables and chairs.

One Academic Building: the rooms in this building are utilised as class rooms (three nos.), two computer rooms, and three faculty rooms. Necessary benches & desks, tables, chairs and almirahs have been purchased after the appointment of the director in 2011.

One proposed Administrative Building with 7 rooms, completed by the initiative taken by the FIDA, and is functional at present. Apart from three rooms being used for administrative operations, the building houses one furnished meeting room for faculty/administrative/Directorial meetings, a store-room for academic documents, a chamber for the Director of the institute and the necessary sanitary facilities. All rooms are well-furnished with the required furniture.

A common play ground is also available and used by students for certain outdoor games.

Nearly 2-3 acres of land just surrounding these buildings have been fenced. The road connectivity to the temporary campus is good. Three vehicles are being run for official and medical purposes to and from the campus since the joining of the Director in 2011.

NATIONAL LAW INSTITUTE UNIVERSITY

Kerwa Dam Road, Bhopal - 462 044, Madhya Pradesh
Tel: 0755 - 2696965/971 Ext. 109, 0755 - 2696724
Fax: 0755 – 2696972
Email: nliu@nliu.ac.in director@nliu.ac.in registrar@nliu.ac.in

National Law Institute University (NLIU) is a law school and centre for research located in Bhopal, India. Established in 1997 by the State of Madhya Pradesh, it is one of the first three law schools to have been established under the National Law School system. Since its establishment, NLIU has consistently been rated among the three best law schools in India. The University launched its first academic programme in 1998, with eminent Indian jurist Prof. V.S. Rekhi, as the Director. Recognized by the Bar Council of India, the university admits 100 undergraduates each year through the Common Law Admission Test, who complete 15 trimesters before being awarded a combined B.A., LL.B (Hons.) degree. The post-graduate course offered at the university is the LL.M. degree.

The University is a member of the Association of Indian Universities and the patron of the university is the Hon. Chief Justice of India. It works closely with the High Court of Madhya Pradesh, as well as the National Judicial Academy. Since 2009, NLIU has been home to the Rajiv Gandhi National Cyber Law Center, established by the Ministry of Human Resource Development, Government of India. In India, legal education never received the attention that it deserved. It is a paradox that while the Indian constitution ushered in the Rule of Law and adopted a policy of development through law, little attention was paid to legal studies. It was increasingly realised by the professionals and academicians that the system of law teaching in India was thoroughly inadequate and unimaginative.

Justice J.S. Verma had proposed the first National Law School at Bhopal. However, the proposal could not take shape. National Law Institute University was set up in Bhopal by Act No. 41 of 1997, the "*Rashtriya Vidhi Sansthan Vishwavidyalaya Adhiniyam*" or the NLIU Act, 1997. The first programme was launched in 1998, and the courses commenced on September 1, 1998.

The Masters in Law (LL.M.) programme was launched in 2007, with the first batch graduating in 2009. The establishment of Student Bodies, Academic Cells and Associations commenced in 2002 with the establishment of the NLIU Moot Court Association. In 2007, the university witnessed the establishment of the Alternative Dispute Resolution Cell (ADRC) and the Cell for Awareness and Research in Environmental Studies (CARES). The Centre for Business and Commercial Law was established in 2008. The University published the first edition of Indian Law Review in November, 2009. The NLIU Law Review was first published in 2010, and the NLIU Journal of Intellectual Property Law was first published in 2012.

"The concept of a national institution to act as a pace-setter and a testing ground for bold experiments in legal education came up before the Bar Council of India in the context of the Council's statutory responsibility for maintaining standards in professional legal education under the Advocates Act, 1961."

The NATIONAL LAW SCHOOL OF INDIA UNIVERSITY came into existence through a Notification under the NATIONAL LAW SCHOOL OF INDIA UNIVERSITY Act (Karnataka Act 22 of 1986). It signified the culmination of efforts by the Judiciary, the Bar Council of India, the Karnataka Bar Council, the Bangalore University and the Government of Karnataka to reform legal education and to establish a centre of excellence for legal education and research in India. Thanks to the generosity of the Government of Karnataka and the Bangalore University, the Law School has a campus of its own, located in Nagarbhavi, about 10 kms from the City railway station and standing over twenty-three acres beside the Institute of Social and Economic Change. Since 1991, it is a fully residential university on one campus with three Halls of Residence for men, three Halls of Residence for women, two Hostels for post-graduate women students, three blocks for Faculty Quarters and two blocks for non-teaching staff Quarters besides the Academic Block. The munificence of Mrs. Sudha Narayanamurthy of INFOSYS has enabled the Law School to have the Shri Melgiri Narayan Rao Memorial Library, named after her father, for providing up-to-date library facilities. The library was inaugurated by Mr. Justice R.C. Lahoti, the then Chief Justice of India, on 17th August, 2005. The Chief Justice of India is the Chancellor of the University. The Chairman, Bar Council of India, is the Chairman of the General Council. These connections lend a stature and prestige to the School which is unparalleled in the history of legal education in India. The Karnataka Act confers complete administrative and academic autonomy which facilitates innovation and experimentation in the pursuit of excellence in legal education. The first batch of students was selected through a National Entrance Test, and regular academic activities began on 1st July, 1988. It was a significant achievement that students from this batch won the Bar Council of India National Moot Court Competition in their very first year of legal education. Ever since, admissions to the Law School has been on the basis of performance at a National Entrance Test which has now, since 2008, graduated to a National Level Common Admission Test known as the Common Law Entrance Test (CLAT) and it operates to select candidates for all the National Law Schools in the country. Other law-teaching institutions are permitted to join in this method of selection of their candidates for admission to their law courses.

सत्ये स्थितो धर्मः

The National Law University Odisha (NLUO) promises to be an exciting new development in the field of legal education. A very new institution, its establishing Act of legislature was notified as recently as April 2009 and within a span of four months, classes commenced with the entrance being conducted in May. The University has made a name for itself by earning laurels with excellent performance of its students in various seminars, conferences and moot courts.

NLUO is located in Cuttack, a city dating back to over a thousand years, and also boasting a rich legal heritage – not only is the Orissa High Court situated here, but also some of the finest lawyers and judges of the country trace their roots back to this city. Currently the University has admitted students from no less than twenty-five States, representing a diverse range of socio-economic, ethnic, religious and cultural backgrounds. We hope that in the years to come, students from even more divers backgrounds will join NLUO, thereby underscoring its truly national character. There was a time, in pre-and early independent India when legal education was treated as a pathway to a vast array of opportunities.

The decline in standards began around the 1960s. This period was marked by a mushrooming of law colleges, most of which met Bar Council standards only in form. Whatever the real reasons for the Bar Council's inability to stem the rot, one major factor could have been the sheer number of students enrolled at these spurious institutions. Law had become the last resort of the incompetent and perhaps the first of the indolent; for as matters stood then, if one paid the fee and stuck through the stipulated period the degree was almost assured.

The upshot of this abysmal situation was that it jolted the legal fraternity out of its stupor. It was in early 1970s that the Legal Education Committee of the Bar Council of India proposed the establishment of a national institution of excellence to promote legal research and scholarship. The proposed institution eventually took shape after thirteen long years in utero. The National Law School of India University (NLSIU) was set up at Bangalore and was an immediate success. So much so that it inspired a paradigm shift in legal education in the country. The law school at Bangalore rescued legal education from the mire it had sunk into by instituting an unprecedented curricula and methodology. It has since paved the way and provided the template for most law schools.

NATIONAL LAW UNIVERSITY

NH-65, Nagour Road, Mandore

website : <http://www.nlujodhpur.ac.in>

National Law University-Jodhpur (NLUJ) is one of India's leading national law university based in the vibrant and colourful city of Jodhpur, Rajasthan. NLUJ has constantly been ranked as one of the top law schools in India. Since its establishment in 1999, NLUJ has endeavoured to produce exceptional lawyers and legal scholarship aimed at pushing and challenging the existing boundaries of knowledge.

NLUJ attracts top quality students coming from diverse social, cultural and religious backgrounds from all corners of India. Students passing out from NLUJ work in top law firms in India and abroad, some practice in courts and while some have entered the field of legal academics. NLUJ students have studied further on prestigious scholarships at leading Universities in the world including Harvard, Yale, Oxford, LSE and King's. The University has developed a holistic approach towards understanding law and justice from a multi-disciplinary perspective. The University offers unique five year integrated undergraduate programs i.e. B.B.A., LL.B.(Hons.); B.A., LL.B.(Hons.); B.Sc., LL.B.(Hons.) to generate especially skilled global legal professionals. These integrated programs offer unique and highly demanding honors courses in various facets of Law such as Constitutional Law, Business Law, Trade Law, International Law, Criminal Law and Intellectual Property Rights Law. The University's one year LL.M. programs in Corporate Laws, IPR and Technology Laws, International Trade Laws, Banking and Finance, Cyber Law and Cyber Security aim to harness young talent for achieving the pinnacle of legal perfection. The University also offers LL.D. and Ph.D. programs in the quest for attaining excellence in higher education.

NLUJ boasts of a dynamic faculty having both experienced and young academicians coming from diverse backgrounds and drawn from almost all corners of India. The faculty members of NLUJ have studied at leading universities in India and abroad. The academicians at NLUJ have published their research in leading international and national refereed journals and are constantly involved in delivering quality teaching and undertaking bold experiments in pedagogy. Many reputed international scholars from leading universities including Harvard and Max Planck visit NLUJ on research and teaching assignments. NLUJ is committed to the advancement of knowledge and learning and is striving to become a centre for excellence in legal studies. It is dedicated to churning out committed lawyers with highest academic and professional standards and producing top quality legal scholarship.

Globalization is a challenge and also an opportunity in the present time. We require the convergence of economics, technology and law. India has a long history of business and technology. Its potential has been unleashed through the process of liberalization. Yet, smooth sailing requires the compass called rule of law. We have a mixed track record on this count. India has established itself as a democracy which is a success on the macro participative process of governance. Yet, there are other crucial issues of internal dimension. For instance, there is the complex task of assimilation of social classes that have been fractured for centuries in such participation. Cumulative economic progress needs to reach various layers to create a development index which is fair and equitable. Most importantly a transparent and speedy justice administration system which reinforces faith in rule of law is needed. Mahatma Gandhi had said, “We must become the change we want to see in the world.” Each one of us who is a part of this institution should be remembered for promotion of social justice, which will be our contribution to society. Our sincere endeavour will be to make legal education justice education, as an instrument of social, political and economic change, and to prepare lawyers who will be competent in the art of advocacy both at the trial and the appellate level and also skilled in judicial administration. The students of National Law University, Delhi will be shaped as agents of change as the country achieves its developmental goals for future generations. The primary mission of the University is to create lawyers who will be professionally competent, technically sound and socially relevant, and will not only enter the Bar and the Bench but also be equipped to address the imperatives of the new millennium and uphold the Constitution of India.

Objectives are :

To evolve and impart comprehensive legal education including distant and continuing legal education at all levels to achieve excellence.

To organize advanced studies and promote research in all branches of law.

To disseminate legal knowledge and legal processes and their role in national development by organizing lectures, seminars, symposia, workshops and conferences.

To promote cultural, legal and ethical values with a view to promote and foster the rule of law and the objectives enshrined in the Constitution of India.

To improve the ability to analyse and present for the benefit of the public, contemporary issues of public concern and their legal implications.

To liaise with institutions of higher learning and research in India and abroad.

To publish periodicals, treatises, study books, reports, journals and other literature on all subjects relating to law.

To hold examinations and confer degrees and other academic distinctions.

To promote legal awareness in the community for achieving social and economic justice.

NATIONAL LAW UNIVERSITY AND JUDICIAL ACADEMY, ASSAM

Our vision is to give to the society, the futuristic lawyers, compassionate judges, able administrators, visionary academics, noble intellectuals, distinguished leaders, responsible citizens and socially conscientious human beings.

The Committee appointed by the Chief Justices' Conference on Legal Education and Training, 1993 and the All India Law Ministers' Conference, 1995 had resolved to set up in each state of India a Law School modeled on the lines of the National Law School of India University, Bangalore for improving the overall quality of professional legal education in India. This was followed by the active initiation by the Hon'ble Chief Minister of Assam and some of his prominent cabinet members who managed to receive an assurance from the Prime Minister of India that -

“The Central Government will assist in establishing a National Law School and Judicial Academy in Assam for imparting legal education for the development of teaching and higher learning in Law, with the power to award degrees, diplomas and other academic distinctions. Further, periodical training program will be undertaken as a part of continuing education for advocates, Judicial officers, paralegal personnel, govt. officials etc. etc. including one year compulsory induction training for the newly recruited Judicial officers. For this purpose, a training institution named Judicial Academy will also function like a separate facility in the proposed Law University.”

To evolve and impart comprehensive legal education and training at all levels to achieve excellence in the working of the Judicial Institutions;

To organize advanced studies and promote research in all branches of law;

To disseminate legal knowledge by organizing lectures, seminars, symposia, workshops and conferences;

To promote cultural, legal and ethical values with a view to promote and foster the rule of law and the objectives enshrined in the Constitution of India;

To improve the ability to analyze and present for the benefit of the public contemporary issues of public concern and their legal implications;

To liaise with institutions of higher learning and research in India and abroad;

To publish periodicals, treatises, study books, reports, journals and other literature on all subjects relating to law.

NATIONAL MUSEUM INSTITUTE OF HISTORY OF ART, CONSERVATION AND MUSEOLOGY

E-mail: nmihacm@gmail.com venu.vasudevan@nmi.ac.in bipin.thakur@nmi.ac.in

Website : www.nmi.gov.in

The urgent need to initiate advanced studies in the areas of History of Art, Conservation, and Museology has been discussed for years and the first step was taken in 1983, when diploma and post graduate diploma courses in History of International and Modern Art and their Sources and Restoration of Oil paintings were initiated in National Gallery of Modern Art, New Delhi.

In the year 1985, the programme was shifted to National Museum and its scope was expanded to include teaching of History of Art, covering both Ancient and Modern, Eastern and Western.

The programme of Restoration of Oil paintings was also widened to include the restoration of other works of art of organic and inorganic material.

With a view that the students can benefit and make a career out of these advanced studies, and because of the fact that mere diplomas may not make them eligible to apply and compete for various posts in the museums, galleries and universities, it was considered appropriate to set up an Institute that could award its own M.A. and Ph.D. degrees.

Thus the Society of the National Museum Institute of the History of Art, Conservation and Museology, Delhi was formed and registered on January 27, 1989 under the Societies Registration Act, 1860.

Based on the recommendation of the University Grants Commission, the Ministry of Human Resources Development, Government of India accorded the status of 'Deemed to be University' on April 28, 1989 to the National Museum Institute of History of Art, Conservation and Museology, to be administered by the above Society.

NATIONAL SCHOOL OF DRAMA

Bahawalpur House

1, Bhagwandas Road, New Delhi – 110 001

Email: nationalschoolofdrama@gmail.com, info@nsd.gov.in

Website : <http://nsd.gov.in>

The National School of Drama is one of the foremost theatre training institutions in the world and the only one of its kind in India. It was set up by the Sangeet Natak Akademi as one of its constituent units in 1959. In 1975, it became an independent entity and was registered as an autonomous organization under the Societies Registration Act XXI of 1860, fully financed by the Ministry of Culture, Government of India. Training in the School is highly intensive and is based on a thorough, comprehensive, carefully planned syllabus which covers every aspect of theatre and in which theory is related to practice. As a part of their training, students are required to produce plays which are then performed before the public. The syllabus takes into account the methods of great theatre personalities who have shaped contemporary theatre in all its variety. The systematic study and practical performing experience of Sanskrit drama, modern Indian drama, traditional Indian theatre forms, Asian drama and western dramatic protocols give the students a solid grounding and a wide perspective in the art of theatre. Besides its 3-year training programme, the School has also explored new vistas in the areas of children's theatre and decentralization of theatre training through workshops under the Extension Programme. The School has two performing wings – the Repertory Company and Theatre-in-Education Company. The Repertory Company was started in 1964 with four artistes – Shri Ramamurthy, Ms. Meena Williams, Ms. Sudha Shivpuri and Shri Om Shivpuri – with the objective of providing a platform where graduates of the School could perform plays professionally. Over the years it has presented works of various playwrights and directors who have been associated with it and has evolved into one of NSD's major institutions, working on contemporary and modern plays as well as introducing experimental work on a regular basis. In addition to doing productions, it organizes its own Festival, where past and new productions are introduced and staged each summer. NSD's Repertory Company also tours and performs extensively in India and abroad. The second performing wing the 'Theatre-In-Education Company' (Sanskar Rang Toli) was established in October 16, 1989, and is one of the most important theatre education resource centres in the country. It consists of a group of actor-teachers working with and performing for children. The major focus of the TIE Company is to perform creative, curriculum-based and participatory plays in schools, specially designed and prepared for children of different age groups. The major thrust of the plays is to create an atmosphere that encourages children to raise questions, take decisions and make choices with an awareness of themselves within the larger social context. The TIE Company has done more than 800 performances of 26 plays in Delhi and other parts of the country. More than 5.5 lakh children, apart from college students, teachers, parents and theatre lovers, have witnessed these plays.

NATIONAL UNIVERSITY OF STUDY AND RESEARCH IN LAW, RANCHI

At- Nagri, PO- Bukru

Kanke Pithoria Road, Kanke,

Ranchi – 834006 Jharkhand

Website: www.nusrlranchi.com & www.nusrlranchi.ac.in

Email: info@nusrlranchi.com, nusrlranchi@gmail.com

Phone: 0651-2275168/2275250/6570860

Fax : 0651-2275250

National University of Study and Research in Law (NUSRL) is a law university located in Ranchi, India. It was established by a legislative act, by the State Of Jharkhand (act no. 4 of 2010) as the fourteenth National Law University of India. Professor.B.C. Nirmal is the Vice-Chancellor of the University; formerly he was the Head and Dean of Law School, Banaras Hindu University (Varanasi). Professor A.K Koul was the founding Vice-Chancellor of the university who specialized in International Trade Law especially on WTO. Earlier he was the Vice-Chancellor of National Law University, Jodhpur. The University is located on Kanke Road on the outskirts of Ranchi just ahead of Ranchi Institute of Neuro-Psychiatry & Allied Sciences and Birsa Agricultural University. It was formally inaugurated by the Chief Justice of Jharkhand High Court and Supreme Court Judge designate Justice Gyan Sudha Mishra on April 26, 2010. The 63.76-acre site, is among the largest National Law Universities in India. The University has a very extensive schedule when it comes to its Academics. The university has a semester system i.e. 2 semesters in an academic year. Each academic year a student has to undertake 5 CAT (Continuous Assessment Test) for each subject out of which 3 are announced tests and 2 are announced ones. The Students are also required to undertake compulsory CRE (Court Room Exercise). The number of CRE's depends on the number of Law subjects. The University also organises seminars and workshops so as to make the students aware of the diverse fields of law and also its practicalities. Admissions to NUSRL are done through the Common Law Admission Test (CLAT). Student Preference shows that the University is faring well in the league of National Law Universities and remains a priority amongst the newly open National Law Universities. NUSRL offers undergraduates a five-year integrated B.A.(Hons.) LL.B(Hons). program which, upon completion, qualifies the student to sit for the bar to practice law in India. The program is a mix of relevant social science subjects and law subjects. The time span for the course is 5 years divided into 10 semesters. In the first two years, the law student attends courses on English, Political Science, Philosophy and Economics alongside standard legal subjects, such as Law of Torts, Law of Contracts and Constitutional law. In the latter three the curriculum consists majorly of legal subjects. At the post-graduate level, the university offers four-year integrated LL.M-PhD, three-year Doctor of Juridical Science (J.S.D) and two-year PhD programs, for which the admission is through an entrance test, group discussion and oral test conducted by the University.

NAVSARI AGRICULTURAL UNIVERSITY

Eru Char Rasta, Dandi Road

- Establishment of Bio informatics centre imparting education upto Ph.D. Level.
- Establishment of Food quality ,testing ,Biocontrol laboratories and Pesticides Residue.

:: Experiential learning

- Commercial units to produce Mango pulp and tomato processing, onion dehydration and agriculturally important microorganisms and bio-pesticides.
- Tissue culture facility to undertake micro-propagation of economically important crops of South Gujarat.
- Facility for training on protected cultivation of high value vegetable and flower crops.

:: Infrastructure

- Commissioned two new Girls Hostels (for 90 girl students) and one New PG Hostel (for 65 Post graduate students). Another girl hostel is under construction.

NAVA NALANDA MAHAVIHARA

Nalanda – 803111, Bihar

Tel :611-228-1672, 611-228-1820

Fax :611-228-1505 91-611-2281672

Email (Director): nnmdirector@sify.com spsinhanalanda@gmail.com

Website : <http://www.nnm.ac.in>

In the early 1950's, in order to revive the lost glory and the heritage of ancient Nalanda Mahavihara, his Excellency Dr. Rajendra Prasad, the first President of the Republic of India, declared that the ancient seat of Buddhist learning at Nalanda would be revived.

At the insistence of Ven. Bhikshu Jagdish Kashyap and with this goal in mind, the Government of Bihar established a research institute called "Magadh Institute of Post-Graduate Studies and Research in Pali and Allied Languages and Buddhist Learning" at Nalanda in 1951. It later came to be known as Nava Nalanda Mahavihara.

The inspiration behind the establishment of this institute was to develop a centre of higher studies in Pali and Buddhism along the lines of ancient Nalanda Mahavihara. From the beginning, the institute functioned as a residential institution, with a limited number of Indian and foreign students.

The present campus of the Mahavihara is 100 kms from the metropolis of Patna, situated on the southern bank of the historical lake, Indrapuskarani. Close to the northern bank lie the ruins of the ancient University of Nalanda.

On November 20, 1951, the foundation stone of the first building was laid by His Excellency, Dr. Rajendra Prasad. Engraved upon it are the following words:

"Let the rays of the sun of Nalanda rise from the summit of this rock in order to brighten the vernacular after the passing away of its nights of darkness (period of its obscurity)."

Ven. Bhikshu Jagdish Kashyap became the Founder-Director of Nava Nalanda Mahavihara, and continued in that capacity until February 1955. One of his major accomplishments was the complete publication, in 41 volumes, of a critical edition of the entire Pali Tipitaka in Devanagari script. It was very popular and quickly went out of print.

NAVRACHANA UNIVERSITY

Vasna Bhayli Road, Vadodara - 391 410

Gujarat

Phone: +91 265-3020100

Email: nuv@nuv.ac.in

Navrachana University strives to create opportunities through national and international linkages with other Universities, Businesses and Industries for students and faculty to keep abreast of emerging fields, technologies and methodologies in the true spirit of Navrachana as a vibrant centre for Higher Education.

The University has embarked on a journey that is set to transform higher education, where the aspirations of the individual, seeking knowledge and self-development is centric for demanding career options. In creating a new University there has been a heightened sense of anticipation and a realization that we are at the cusp of something quite unique within the education sector in our Country, a task which requires due attention to the three essential factors- Infrastructure, faculty and students- that take an academic institution to high standards. NU has been envisioned as a multi-disciplinary University, of global stature, offering opportunities for learning, research and betterment of the individual and Society. "Excellence in academic and holistic self development of students, teachers and administrators is the mantra of the University" the focus would always be on pedagogy that responds to the needs and challenges that the coming decades are likely to pose, on experienced faculty well-versed in their core subjects with a passion for teaching as well as research, and supported in their endeavors by infrastructure where the students will be able to select subjects for serious study that skim across the barriers of Humanities, Education, Design and Architecture, Engineering and Technology, Pure and Applied Sciences, Management and Media and Communication. We do believe that technology, relevant management practices and social commitment is the corner stone of development for India today. Hence the core focus of Navrachana University shall necessarily be studies of appropriate, current-day technologies and innovative management curricula, responsive to the needs and challenges that the coming decades are likely to pose. Navrachana University is a "learning institution". The learning process permeates curriculum development and transaction with experiential learning and extra mural curriculum playing an important role. Continuous assessment of students' performance and emphasis on internal evaluation entails a dynamic teaching- learning approach. Navrachana University is a private statutory university established in 2009 under the Gujarat Private Universities Act, 2009 (Gujarat Government Gazette, Extraordinary, Volume L, Tuesday, July 7, 2009). In March 2011, it was recognized by the University Grants Commission under the UGC Act, 1956. It is a unitary non-affiliating university and does not receive any grant-in-aid or other financial assistance from the Central or State Government.

NEHRU GRAM BHARATI UNIVERSITY

Kotwa-Jamunipur,

Rajiv Gandhi Snatkottar Mahavidyalaya, presently comprised into "Nehru Gram Bharati Vishwavidyalaya" and had been evaluated by National Assessment and Accreditation Council (NAAC), UGC and had been accredited by B+ Grade. This Degree College was established in the year 1996 by Shri. G.D. Memorial Trust and all its Syllabus is being automatically converted into Nehru Gram Bharati's Syllabus from the current session i.e. 2008-09.

NGBU's mission is to global, socially conscious and integrated University provide wide range of courses. All its admissions will be carried out in the name of Nehru Gram Bharati University, Jamunipur, Kotwa, Dubawal, Allahabad.

It may be recollected that on 26th July 1962 Late Pt. Jawahar Lal Nehru the then Prime Minister of India laid the foundation stone of the "Nehru Gram Bharati" at village Dubawal near Jamunipur-Kotwa of his Phulpur Parliamentary constituency. On this occasion addressing the gathering, he emphasized the need of vocational, technical and professional education apart from conventional one.

He promised his electorate that the children's of Kisans need not to go to the cities for higher education, instead, would be educated and trained in the rural institutes, which is being setup in the village itself. These boys and girls will also get employment/self employment opportunities in their own villages. He also hoped that such rural institutes would come up in other part of the country also.

The Nehru Gram Bharati University is a society registered under societies Registration Act. 1860 with registration No. 1117/2006-2007 dated 02/01/2007. It has also been registered u/s 12AA of Indian Income Tax Act 1951 and exempted from Income Tax u/s 80G vide registration No. 58-59/359/12AA & 80G(5)(VI)/still/Allahabad-/2007-08.

Netaji Subhas Institute of Business Management is a name to reckon with in management education. Since its inception in 2005, the institute maintains a consistent record of producing well-rounded professionals with academic excellence and adaptive application skills welcomed by industry and business. It has earned the distinction as a centre of excellence in management studies. A symbiotic relationship is encouraged between the industry and the academia through a mutual exchange of practical and theoretical aspects of management knowledge.

The institute, an ISO-accredited organization, is approved by the All India Council of Technical Education (AICTE) New Delhi and Department of Science & Technology, Government of Jharkhand, and affiliated to Kolhan University, Chaibasa.

Location of the institute also lends a distinct character. A unique confluence of the city of Jamshedpur, the busy industrial hub of Jharkhand and the serene ecology of the Dimna range of hills casts a spell of placid learning ambience at the sprawling campus at Pokhari and provides an excellent synergy with relevant industry interactions to calibrate innovative teaching-learning strategies.

Vision

NSIBM seeks to be one of the top Indian Business Schools

High moral values.

National standing in its scholarship.

Producing post graduates who are effective business leaders and thinkers.

Imbued with initiative, enterprise and a continuing quest for life-long learning.

Consistent commitment towards enhancing quality of life in organization and the entire society.

Mission

To be an influential, relevant and highly respected multi-disciplinary national B-School, a learning community of high caliber scholars, teachers, learners and alumni serving the national regional communities through the provision of educational and training opportunities that inspire and enable individuals to develop their academic, entrepreneurial leadership and other capabilities to their optimum potential and exploration of recognized research and scholarship which enhances knowledge, skills and positive attitude, which, in the long-run make them effective catalysts for continuous improvement and change. Creativity, Innovation and Quality are the prime movers of the institute.

Netaji Subhas Open University is the premier State Open University in India. The year 1997 was the birth centenary year of Netaji Subhas Chandra Bose. The Chief Minister of West Bengal made an announcement at a State function that an Open University would be set up soon and dedicated to Netaji's hallowed memory. The Higher Education Minister, Govt. of West Bengal spearheaded the idea after his visit to the Open University in U.K. Under his instruction was set up a ten-member steering committee headed by late Dr. Bhaskar Ray Chowdhury, former Vice-Chancellor of Kolkata University.

Following this, a State Act (W.B. Act (XIX) of 1997 and Recognised by U.G.C.) was passed on the 20th August 1997 in favour of opening a University for imparting Distance Education. Netaji Subhas Open University was established by bifurcated Netaji Institute of Asian Studies (NIAS) and in terms of the Act of West Bengal State Legislative Assembly and is housed in Historic building of Sri Sarat Chandra Bose, elder brother of Netaji. The University started functioning with effect from July 1998 Semester, only with the Bachelor's Degree Programme in Arts & Commerce to provide an opportunity of higher education in the vernacular medium to various disadvantaged groups of aspiring learners. It is the tenth Open University of the country and the ninth State Open University. Professor Radharaman Chakraborty, the then Director of NIAS was appointed as the first Vice Chancellor of NSOU. An Advisory body, consisting of eminent educationists and senior administrators was constituted to plan and oversee the activity of the newly opened University. They executed the preliminary set-up necessary for the functioning of the Open University and from July 1998, 31 Study Centres started functioning under Netaji Subhas Open University with a Bachelor Degree Programme (BDP) in Arts & Commerce. Since January 1999 semester further 5 study centres were opened with Arts & Commerce Courses under the BDP.

The University started Bachelor's Degree Programme in Science subjects from January, 2000 session. The Post Graduate Degree Programme in Science subject(Mathematics) and Arts Subjects (History and Social Work) were started in January,2002 and January, 2004 session respectively. The second Vice-Chancellor of NSOU is Professor Surabhi Banerjee who took over charge on 17th November 2001. She is also the first lady Vice-Chancellor of NSOU. She handed over her charge as Vice-Chancellor to Shri Joydeep Sil, the then Registrar of the University, on 15.05.2008.

NETAJI SUBHAS UNIVERSITY OF TECHNOLOGY

Sector - 3 Dwarka, New Delhi-110078

Tel : 011-25000268

<http://www.nsit.ac.in>

With reference of Delhi Gazette published on Thursday, September 27, 2018 vide No. F. 14(7)/LA-2015/PF-III/SB(2018)/2017.—In exercise of powers conferred under sub-section (1) of section 3 of The Delhi Netaji Subhas University of Technology Act, 2017 (DELHI ACT 06 of 2018), the Lieutenant Governor of the National Capital Territory of Delhi hereby appoints the 26th September 2018 as the date on which the University by the name of Netaji Subhas University of Technology, shall be established. Netaji Subhas University of Technology (NSUT) is a seat of higher technical education in India. Prof. Jai Prakash Saini is the Founder Vice-Chancellor of Netaji Subhas University of Technology (NSUT), New Delhi.

Netaji Subhas University of Technology(formerly Netaji Subhas Institute of Technology) has consistently produced some of the brightest minds in the country. A highly competitive exam in the form of JEE ensures that NSUT gets the cream of the lot, who can then be molded into young & brilliant individuals of today's society. The institute has established itself as a leader in the field of engineering and it continues to retain this position.

NSUT's distinguished professors & visiting lecturers have been proactive in academic research. Over 750 research papers have been published in international journals and several hundred presented in national & international conferences by faculty members. Some of them also act as editors, associate editors & reviewers for over 100 international journals.

NSUT's students have won laurels for their alma mater in several national & international competitions. Year after year, students have availed internships & MS/MBA offers in some of the most prestigious universities across the globe. This provides them with an exposure in the outside world and a variegated learning experience. Many students succeed in getting their research papers published in reputed international journals every year. NSIT has also signed MoUs with over a dozen international universities & organizations. An amalgamation of its efforts to maintain this benchmark recently helped NSUT receive a rank of 6th in the latest DataQuest-CMR T-School survey of 2015. The survey ranked the Top 25 Government T-Schools of India across various categories and calculated a composite score out of 100 for each institute. The Best Institute Award (The BhartiyaVidyaBhawan National Award) was conferred to NSUT by Indian Society for Technical Association (ISTE), 2002 for having the best overall performance in the field of technical education.

NSUT was also declared the 'Capital Pride' by Government of Delhi through a half page advertisement in all national newspapers in 2003. Additionally, it has been enlisted in the top 100 engineering institutions all over the world by NARIC survey, UK.

NICMAR UNIVERSITY

25/1, Balewadi, N.I.A. Post Office,

Email: admission@nicmar.ac.in

As India's most progressive Built Environment university, The National Institute of Construction Management and Research (NICMAR) is synonymous with discovery, knowledge, and greatness of the highest order. Our exemplary contribution in the field of Construction and Research has enabled us to groom and develop the next generation of leaders and thinkers.

Our legacy

NICMAR at a glance

1983 - The year that NICMAR was established

12k+ - Students placed in different industries

34k+ - Alumni worldwide

NICMAR through time

Established as an autonomous, non-government, not-for-profit academic body, NICMAR was founded in September, 1983 as a Society and a Public Charitable Trust

NICMAR University is Recognised as State Private University by UGC.

NICMAR University Pune Act (L. C. Bill No. Of 2022) was passed by Maharashtra State Government on 16th March, 2022 and appeared in "Maharashtra Government Gazette" on 12th May 2022 (Mah. Act No. XXXVI of 2022).

Infrastructure that supports your learning

Future-focused classrooms. World-class laboratories. Vast, digitally empowered auditoriums and conference halls.

With quality academics at hand and enrichment opportunities aplenty, you'll graduate prepared to take on the world with just the right tools and mindset. Life at NICMAR gives wings to your talent as you live amidst a supportive community that always has your back. Grow personally and intellectually, develop life-long friendships, spend late nights sharpening your mind - you're sure to look back and reminisce about the best days of your life long after you've graduated.

Fostering continuous professional development for our people

With the modern workplace constantly evolving, our Center for Continuing Professional Development (CCPD) provides full support to its faculty and staff in building and broadening their professional capabilities.

NIILM University announces its commitment to become one of India's leading universities with an accredited reputation for excellence in research and teaching. The University is equipped to take up challenges of the enormous change taking place all around and committed to empower its faculty and students to contribute significantly. The University is geared up to offer Undergraduate and Postgraduate degrees in different disciplines. The University possesses a team of dedicated, highly qualified and industry experienced faculties. As mentors, they provide numerous student-research opportunities at both the undergraduate and postgraduate levels, inspiring students to advance their skills and aspirations. The University aims to facilitate and promote studies, research and extension work in emerging areas of higher education with focus on enriched education in the disciplines of engineering, technology, management, journalism and mass communication, etc. and also to achieve excellence in allied fields. NIILM University will educate citizens and leaders of competence, conscience, and compassion and cultivate knowledge and faith to build a more humane, just, and sustainable world. To create a brilliant future of the NIILM University in which the students, faculty and staff thrive and the citizens, the nation and the world benefit, a future in which the NIILM University is the recognized leader among other universities in:

- Teaching, scholarship and service
- Engagement and public service
- Economic development
- Arts and culture
- Global reach
- Athletics

Building on the existing strong foundation of academic excellence, knowledge and understanding, NIILM University will advance into the highest tier of the nation's leading public research universities, thereby expanding the scope of its reach and the strength of its world-wide impact. NIILM University has a mission to qualify its students for personal success, and direct usefulness in life and teaching the blessings of liberty, inculcating love and reverence in pursuit of happiness. Developing and fostering students to become successful professionals, potential leaders and socially responsible global citizens, who incorporate the University values of study, reflection, community, and service into their lives. The University is committed to diversity, sustainability, and the integration of the liberal arts, the sciences, and professional programs. We offer undergraduate, graduate, and professional continuing education programs, with particular emphasis on the undergraduate experience. Our community and campus settings enhance the quality of student life. We value the diversity of our University community, and we strive to attune ourselves and our programs to our global, pluralistic society.

NIIT UNIVERSITY

Websaite : <http://www.niituniversity.in>

NIIT University, a not-for-profit institution, is sponsored by NIIT Limited, and it inherits more than three decades of its rich experience, know-how and global reputation.

Since inception in 1981, NIIT Ltd. has been at the forefront of imparting training to ensure skills-sets in line with industry requirements. Its courses in IT, Banking, Finance, Insurance, Communication Skills and Management have built satisfying careers for millions of learners.

Along the way, NIIT has created the largest industry partnership programme in the world, including relationships with over 2,000 companies in operations that span 40 countries.

It is an acknowledged institution in learning content development and the application of IT to enhance learning. NIIT Imperia uses synchronous learning technology to deliver Executive Management Education from IIMs across India. Current broadcasting studios deliver programmes from IIM Kolkata, IIM Indore, IIM Lucknow and IIM Ahmedabad.

NIIT University is equipped with state-of-the-art technology-enabled teaching and a strong research-focused curriculum, some of which originated in NIIT's incubation lab viz. Centre for Research in Cognitive Systems (CRCS) on IIT Delhi campus.

This award-winning lab, including the team, equipment, patents and cumulative body of research is gifted by NIIT Limited as the first building block of the upcoming not-for-profit NIIT University.

The strong reputation for Trust, Innovation and Technology that has been created by NIIT Limited will provide a powerful platform for NIIT University in its formative years.

Synch with the mission of creating pathways through career to future, the Nims University has emerged as the largest and best self-financed university in North-India. Structured at par with the composite model universities of the leading nations of the world, the Nims University has been legendary in quality teaching and action oriented research in all disciplines. Adjacent to the Aravali ranges and located in the outskirts of the pink city of India, the University has been listed in the top ten medical universities in India and heading towards a leading center of education in health sciences to human sciences, technical training to advanced engineering, personnel management to corporate management, creative literature to innovative multimedia, art and architecture. The University is established under The Nims University Rajasthan, Jaipur Act, 2008 enacted by the Government of Rajasthan, and duly recognized by the UGC as well as apex level regulatory councils. Being an exemplary landmark in the area of Higher Education, its lush green campus, state-of-art infrastructure, and modern laboratory equipped with latest technology, interactive pedagogy, and academia with proven proficiency, the Nims University has been the paradise for thousands of on-campus as well as off-campus learners. The Nims University is established under The Nims University Rajasthan, Jaipur Act, 2008 enacted by the Government of Rajasthan. In order to bridge the gaps between academia and industry, an innovative experiment in the form of National Institute of Medical Sciences was established in 2004 by The Indian Medical Trust, Jaipur, Rajasthan under the dynamic leadership and chairmanship of Professor (Dr.) Balvir S. Tomar, World renowned Pediatric Gastroenterologist, visionary and creative entrepreneur. Consistent efforts of the Chairman-cum-Chancellor blended with self-less support of the Managing Director, Professor (Dr.) Shobha Tomar, the Leading Lady of Rajasthan, the NIMS transformed into a pioneering university in 2008 genuinely bagging laurels in the field of Medical Sciences and Technology, Advanced Engineering, Management and Human Sciences. Due to the exemplary efforts in the field of teaching and research, the Nims University was recognized by the University Grants Commission (UGC) under 2(f). Due recognitions have been conferred upon the Nims University by statutory regulating bodies including the MCI, DCI, INC, PCI, AICTE, DEC, BCI, and the COA. The quality assurance mechanisms in the Nims University are at the parance of international standards. It is an ISO 9001:2008 certified organization.

Nirma University was established by the initiative of Nirma Education and Research Foundation (NERF). The renowned industrialist and philanthropist Dr Karsanbhai K. Patel, the founder of Nirma Group of Industries, established the NERF in 1994 with a view to promote and support higher education in India.

The NERF chaired by Dr Karsanbhai K. Patel is a trust that crystallized his long cherished dream of providing world-class education and inculcating the spirit of social relevance among the young students of the country.

Functioning under the aegis of Nirma Education and Research Foundation (established in 1994), the university presently includes of a top grade – Institute of Technology (1995), a leading b-school – Institute of Management (1996), an innovative Institute of Diploma Studies (1997), an upcoming Institute of Pharmacy (2003), Institute of Science (2004) and emerging Institute of Law (2007).

All these institutions have emerged as centers of excellence offering various programmes ranging from undergraduate to doctoral levels in technology, engineering, business, pharmacy and sciences.

Considering the quality of education being provided, the Government of Gujarat established the Nirma University under Act No. 10 passed by the Legislative Assembly of the State of Gujarat in April 2003. This development witnessed the merging of all Institutes under the NERF into a single entity of Nirma University. The university has also been recognized by the University Grants Commission (UGC) under the section 2 (f) of the UGC Act.

The Institute has embarked the journey of achieving seemingly insurmountable targets. The teachers and students are the assets of the Institute. They have persistently toiled day and night to turn their dreams into reality. They have brought many laurels for the Institute at State, National and International Levels. The Students and teachers enthusiastically participate in the national and international level events and bring the eternal pride for the Institute.

NIRWAN UNIVERSITY

Website : <http://nitte.edu.in>

“To develop Nitte University as a centre of excellence, imparting quality education, generating competent, skilled and humane manpower to face the scientific, technological, managerial and social challenges in the fast-evolving global scenario, with high degree of credibility, integrity, ethical standards and social concern.”

Founder Justice K S Hegde (1909 – 1990) – Born in Kowdoor village on June 16, 1909, Kowdoor Sadananda Hegde had his early education at Karkala and Mangalore. Thereafter, he obtained a degree in Economics from the Presidency College in Madras and a degree in Law from the Government Law College, Madras.

He began his legal practice at Karkala in 1936 and later moved to Mangalore, where he was appointed public prosecutor of South Canara District in 1948. He was elected Member of the First Council of States (now known as the Rajya Sabha).

In 1954, he represented India at the General Assembly of the United Nations. He then, became a Judge of the Mysore High Court. In 1966, he was appointed the first Chief Justice of the Delhi and Himachal Pradesh High Court. He held this office till he was elevated to the post of Judge of the Supreme Court of India in 1967.

A man of integrity and strong values, Justice K S Hegde resigned from the post of Chief Justice in 1973, in protest against the supercession of senior judges in the appointment of the Chief Justice of India. In 1977, he won the election to the Lok Sabha and was elected Speaker of the Lok Sabha, an office he held till 1980.

After a distinguished career, he retired from public life and settled at Nitte, only to relentlessly work for the upliftment and empowerment of the rural people. Justice K S Hegde passed away on May 25, 1990.

NIZAM'S INSTITUTE OF MEDICAL SCIENCES

Panjagutta, Hyderabad 500 082, Andhra Pradesh

Phone No. +91-40-23489000, +91-40-23396552, +91-40-23489244

Website : <http://www.nims.ap.nic.in>

The Nizam's Institute of Medical Sciences shortly NIMS is a premier institute and autonomous university in Hyderabad, Telangana, India. It is established under the Act of Andhra Pradesh State Legislature.

NIMS is recognized by University Grants Commission and Medical Council of India. It is administered under the supervision of Governing Council, Executive Board, Director and other statutory bodies. The institute is located in Panjagutta area at the prime center of the twin cities and spread over an area of about 23 acres (93,000 m²). It has the constructed area of more than six lakh sq.ft. The Institute serves through 27 Departments. Out of them, 14 are Super Specialties and others are Supporting Departments. The Institute has a bed strength of 946 beds, out of which 603 are in General Wards, 166 in private rooms and 177 in emergency and post operative care. It publishes the monthly journal "The Clinical Proceedings of Nizam's Institute of Medical Sciences" for the last 20 years. The Nizam's Charitable Trust in 1961 thought of starting a specialty Hospital for orthopaedic patients with an initial investment of Rs. 55 Lakhs. The foundation stone was laid on July 16, 1961 by Sri Morarji Desai, Minister for Finance, Government of India.

The Nizam's Orthopaedic Hospital was inaugurated by Sri S. K. Patil, Union Minister for Railways and was declared open by Her Highness, the Princess of Berar on December 22, 1964. The first Superintendent of the hospital was Dr. M. Ranga Reddy, a well known Orthopedic Surgeon, who convinced Nizam to build a specialty hospital for Orthopedics and played an important role in its construction. The Hospital was under the Nizam charitable trust until it was handed over to AP Government. Dr Ranga Reddy was the administrator of the hospital also till then.

The Trust handed over the hospital to the Government of Andhra Pradesh on February 13, 1976 under a 99 year lease agreement for which the trust receives rs 1 each year. The hospital was renamed as Nizam's Institute of Orthopaedics and Specialities (NIOS). It was inaugurated by Sri Jalagam Vengala Rao, Chief Minister of Andhra Pradesh on March 31, 1976. The Government established the Institute of Medical Sciences (IMS) on March 11, 1980 as an autonomous body registered under A.P. Public Societies Registration Act. This was inaugurated by Dr. Marri Chenna Reddy, Chief Minister of Andhra Pradesh on March 17, 1980.

Vision

- “To become one of the premiere Techno-Scientific Educational Organization with Centre for Excellence in Education, Research and Innovation”
- “To create socially responsible, ethically strong, highly disciplined citizens who think globally work locally for the development of the nation”
- “To become world leader in preparing professionals who provide leadership and exemplary educational and related services to improve the lives of individuals in a changing and complex global society”

Mission

- “To encourage innovative idea & provide value based education through an experienced, highly qualified and committed staff members”
- “To inculcate a culture of integrity, self-reliance, leadership and community responsibility”
- “To achieve Centre for excellence by providing a conducive globally competitive environment in all fields of education available in the campus”
- “To promote Institute Interaction through collaboration with leading Academic Institutions and Industries”

The main aim of the NGI family is to impart to the students a high quality technical & scientific knowledge with ethics, so as to serve the society and the mankind with full devotion, dedication and commitment. It is the dream of the management to take this institute to a greater height in order to achieve “Centre for Excellence” in teaching learning, research and innovative activities within and outside the campus.

Internship and Job Opportunities

We provide support to our final year students to develop and apply the skills, theories and concepts learned in the classroom. We offer students a hands-on opportunity to work in their desired field. They learn how their course of study applies to the real world and build a valuable experience that makes them stronger candidates for jobs after graduation.

Highly Qualified & Dedicated Faculties

Faculty team includes outstanding educators and researchers from the academic, contributing towards the overall professional and personal growth of the students. The faculty encourages and inspires the students to put in their best and excel in their fields. Faculty ensures quality learning through effective understanding of fundamental concepts through direct contact with the business leaders and skilled faculties recognizing the true potential within a student.

NOIDA INTERNATIONAL UNIVERSITY

Plot 1, Sector-17 A, Yamuna Expressway,
Gautam Budh Nagar, UP, India
Ph. No.: 0120-4862200, 0120-3874300

Noorul Islam Centre for Higher Education(NIU) comprising of Noorul Islam College of Engineering as its constituent teaching unit, has been declared as a Deemed-to-be-University by Ministry of Human Resource Development (Department of Higher Education), Government of India under section 3 of UGC Act, 1956, on the advice of UGC, vide Notification No.F.9-51/2004-U.3 dated 8th December 2008.

The University is run by the Noorul Islam Center for Higher Education (NICHE) Society with Janab Dr. A.P. Majeed Khan as the President of the Society.

The university (NIU) campus at Kumaracoil, Thuckalay in kanyakumari District of Tamilnadu, is situated in the serene and lush green base of Velimalai, a spectacular part of Western Ghat Hills near the historically famous Padmanabhapuram Palace.

It is only 1.5 km interior towards the foothills of the mountains from Kumaracoil Junction on the Kanyakumari Thiruvanthapuram National Highway (NH-47)- about 30 km from Kanyakumari and 60 km from Trivandrum, capital city of state of Kerala.

The Noorul Islam University Centre for Disaster Management (NIUCDM) was established in February 2012 with a view to help the victims of global disasters and device ways and means of managing its after effects by putting forth valuable findings and suggestion to research.

The main objective of the NIUCDM is to focus on the need of establishing institutionalized procedures and mechanisms that require minimum standard requirements for disaster management.

NORTH EAST ADVENTIST UNIVERSITY

Khliehtyrshi, P.O. Thadlaskein-793151
West Jaintia Hills District, Meghalaya
Mobile : +91 89746 27509
Email : registrar@neauniversity.in

The State Government of Meghalaya on April 29, 2019, has published the North East Adventist University Act, 2015, as the Act received assent of the Governor on April 29, 2019.

The State Government of Meghalaya has published the Act to establish and incorporate an University in the State, with emphasis on providing high quality education, training and research in the fields of Physical Sciences, Applied Sciences, Life Sciences, Health Science, Social Science, Bio-Technology, Information technology, Engineering, Management, Commerce, Communication, Law, Humanities, Languages, Performing Arts and other allied areas, sponsored by the Medical Educational trust Association Surat of Seventh-day Adventists, and to provide for matters connected therewith or incidental thereto.

The North East Adventist University is located on 90 acres of pine-wooded hills seven kilometers from the Jowai town. With a rich heritage and vast experience of its Sponsoring Body, METAS, the university is set to become a Centre of Excellence in the State of Meghalaya.

Being a university of a multi-disciplinary domain, it offers study courses in Humanities, Education, Management, Allied Health Sciences, and Technology. The Adventist philosophy of education will cater to the holistic development of the student, equipping the mind with the knowledge to become leaders and contributors to the betterment of the community.

Vision

To be a centre of influence for creating responsible and competent leaders through excellence in service and holistic education.

Mission

To impart holistic education par excellence that promotes the transformation of students for faithful service to the world through the harmonious development of the physical, the mental, the spiritual, and the social powers.

NORTH EAST FRONTIER TECHNICAL UNIVERSITY

Sibu - Puyi, Aalo (P.O)
West Siang (Distt.) – 791001, Arunachal Pradesh
Tel. : 03783 222444, 222555

North East Frontier Technical University (NEFTU) has been established as a State Private University under the Arunachal Pradesh Act No. 11 of 2014. Sponsored by the Automobile Society India, this University has launched many vocational and job oriented programmes.

NEFTU – a Center of diverse and creative education; brings their students with world class of study environment and top experienced faculties. Being offering education under the rigid and competitive corporate behavior NEFTU managed to hold up with worthy research programs and other explorative degree courses. NEFTU being as a segment of quality of higher education offers a wide range of degree programs at different levels of graduation, post graduation and doctorate. The university with an expertise team of faculties provides a unique platform for diverse and creative education. On being accredited by State Government and UGC Act 1956, the NEFTU is well versed to facilitate the students with quality education and higher study programs of international standard. It has been the constant aim of NEFTU to incorporate features of excellence in its campus. Every effort is made to improve the existing best practices in these fields. The management and staff at NEFTU take great care to ensure that the university serves as an exemplary role model for other educational institutions across the country.

NEFTU has not only accommodated these features of excellence, but it has also added value to them by matching them with the expectations of the resident student community and the staff. NEFTU position of excellence among educational institutions in India is primarily because of these unique features. With a focus on multidisciplinary research and education and a learning model that emphasizes active learning, NEFTU aspires to be globally known for innovation at the intersection of disciplines. NEFTU's bold vision builds upon over a decade of excellence in Institutions in engineering and business education. The climate at NEFTU is awesome and refreshing because of its location. Which is at very high elevation in the Upper Himalaya close to the Tibetan border. The university invites you to visit our campus and inquire about the programs and activities that interest you. The Automobile Society India, the sponsors of this university is a registered society in Bangalore pioneering the cause of improving the career opportunities for the automotive engineers in India. The Society consists of renowned academicians, members from the automotive industry and various faculty members of different Automobile Engineering institutions. It's a professional organization looking after the interest of the Automotive Engineers who are engaged in the Automobile field. It was established to work towards the welfare of the automobile engineers in India.

NORTH EASTERN HILL UNIVERSITY

P.O. NEHU Campus,
Mawkynroh, Umshing, Shillong 793 022, Meghalaya
Tel : 0364-2721012-3-4; 2524434
Fax : 0364-2550076
Email : tondon1@sancharnet.net.in, khathing@nehu.ac.in
Website : <http://www.nehu.ac.in>

The objectives of the University shall be to disseminate and advance knowledge by providing instructional and research facilities in such branches of learning as it may deem fit; to pay special attention to the improvement of the social and economic conditions and welfare of the people of the hill areas of the North-Eastern region, and, in particular, their intellectual, academic and cultural advancement.

North-Eastern Hill University was set up by an Act of Parliament and notified on 19th July 1973. The objectives of the University, as laid down in the act, are "to disseminate and advance knowledge by providing instructional and research facilities in such branches of learning as it may deem fit; to pay special attention to the improvement of the social and economic conditions and welfare of the people of the hill areas of the North-eastern region, and in particular, the intellectual, academic and cultural advancement". The jurisdiction of the University extended originally to the states of Meghalaya and Nagaland and the erstwhile Union Territories of Arunachal Pradesh and Mizoram. With the establishment of the Nagaland University on 6th September 1994, the jurisdiction of NEHU ceased over Nagaland. Likewise with the establishment of the Mizoram University the jurisdiction of NEHU over Mizoram also ceased from June, 2001. Arunachal Pradesh has its own university. However the North-Eastern Regional Institute of Science and Technology located in Arunachal Pradesh is affiliated to Initially, the academic departments and administration of the University at Shillong functioned from hired buildings. Very soon, however, NEHU acquired two prime properties in the city, one belonging to the former Maharaja of Mayurbhanj and the other to the Rani of Bijni. The academic departments then moved to these two sites. Meanwhile, the Government of Meghalaya acquired, for the University, a substantial plot of land (measuring about 1225 acres) in Umshing, a little outside the city limits, for setting up its permanent campus. This picturesque land, gently undulating and thickly wooded - a perfect location for the University - was a gift from the Government of Meghalaya. The survey of the land and the master plan for the University were completed during the VI Five Year Plan; and construction activities began in a modest way during the VII Plan period. By the year 1991, with the completion of the construction of several residential quarters for the faculty, hostels for men and women, a ring road, a modern workshop for the University Scientific Instruction Centre, a building for the Regional Sophisticated Instrumentation Centre, and Guest House-cum-Seminar Complex, a complex of buildings for the science departments and with our own electricity and water supply system in place, the campus took the visible shape of an attractive University in the making.

NORTHERN EASTERN REGIONAL INSTITUTE OF SCIENCE & TECHNOLOGY

Nirjuli (Itanagar) – 791109
Arunachal Pradesh, India
Tel: +91 (0)360 2257401-08
Fax: +91 (0)360 2257872
Email: director@nerist.ac.in
Website: www.nerist.ac.in

The North Eastern Regional Institute of Science and Technology (NERIST) is a unique Institute of its own kind in the country, having unconventional and innovative academic programmes. It was established in 1983 by the Government of India. Its foundation stone was laid by former President of India Late Giani Zail Singh on 4th March 1984.

The Institute was set up initially as a project of the North Eastern Council (NEC) for providing a system of education to create technical manpower at various levels for the development of the North Eastern Region of the country.

Its approach is to encourage a policy of vocationalisation at the +2 level and to allow motivated students to go for degree level while others to go out of the Institute to enrich their profession with some years of industrial experience.

It is an autonomous, fully funded and controlled by the Ministry of Human Resource Development (MHRD), Govt. of India from April 1, 1994. It got the status of deemed to be university on 31st May 2005 under section 3 of the UGC Act 1956. It is governed by the Board of Management (BoM) comprising the representatives of the MHRD, Government of India, the eight beneficiary states of the North Eastern States, AICTE and eminent educationists. It is fully residential, and is spread over in 513 acres of land.

Academic programmes in the Institute started in August 1986 with the first batch of students admitted to its Base Module.

Till July 2010, nineteen batches of graduates with specialization in Agricultural Engineering, Civil Engineering, Computer Science and Engineering, Electronics and Communication Engineering, Electrical Engineering, Mechanical Engineering and Forestry have passed out and many have been placed in different reputed organizations at national and international levels.

NORTH ORISSA UNIVERSITY

Shri Ram Chandra Vihar, Takatpur, Baripada

Website: www.nou.nic.in

The North Orissa University (NOU) was established in the year 1998 vide Government of Orissa notification No.-32930/ HE dated 13th July 1998. The University is recognized by the University Grants Commission under Sections 2(f) and 12(B) of UGC Act, 1956 with effect from 15.02.2000 and 21.06.2006, respectively. It is recognized by Bar Council of India and DEC, IGNOU/UGC. North Orissa University is included in the list of Association of Indian Universities and Association of Commonwealth Universities. The University is also accredited by National Assessment and Accreditation Council (NAAC), Bangalore with B grade with effect from 10th January, 2011.

The territorial jurisdiction of the University covers Mayurbhanj and Keonjhar districts of northern part of Orissa. These two districts are thickly populated with tribal population with an average of 63% inhabitants belonging to the Scheduled Tribes. There are 80 affiliated colleges, both general and professional, catering to the demand of higher education. As development depends crucially upon human capital, NOU shall act as a beacon light to this region so as to pull up the underprivileged youth to the national mainstream of art, culture, science and technology.

The University is included in the list of Universities maintained under section 2 (f) of the University Grants Commission Act 1956, to impart higher education in the Tribal base area of Northern Orissa. The jurisdiction of the University extends over two Districts, Mayurbhanj and Keonjhar. There are 80 affiliated colleges, both general and professional, catering to the demand of higher education.

The Honorable Governor of Orissa is the Chancellor of the University. Prof. Prafulla Kumar Mishra as the Vice Chancellor heads the University presently and the Syndicate acts as the highest executive body.

University System aims at overall learning by both its teachers and students. It is not only in a local or domain based context but also in the global arena. The final goal of this learning may be used for further research and development and intuitively for sustaining oneself in the changing world and its requirement. The sole business of this system is to unfold Truth and discover one self. If this is done then the real discovery of life starts.

NRUPATHUNGA UNIVERSITY

Nrupathunga Road

Bengaluru – 560 001, Karnataka

Phone : 080-22212924

Email : registrar.nrupathungauniversity@gmail.com

regeva.nrupathungauniversity@gmail.com

The Nrupathunga University formerly Government Science College is born out of the visionary foresight of the erstwhile Maharaja (King) of Mysore, His Highness Shri Nalvadi Krishnaraja Wodeyar on the 1st of April 1921 as an intermediate college. As a testimony to its leadership in higher education, the institution has grown from a modest intermediate college to a full-fledged undergraduate college and now into a post-graduate institution with research programs.

This institution has been dedicated to quality education and to preparing students for leadership in diverse walks of life while at the same time being tempered by social concern, empathy and visionary leadership across two centuries. Owing to its scope and pace of change, post-2000 will go down in the history of this institution as the period of its most spectacular expansion and quality enhancement. The introduction of PG courses, research programs, with successive NAAC accreditations of B++ and “A” in 2009 and A+ in the 3rd cycle of Accreditation with 3.54 points, followed by CPE status in 2009 and 2015 and more recently- the autonomous status are some of the milestones of the last decade.

Now, the college has been elevated as NRUPATHUNGA UNIVERSITY in the year 2020 (Centenary Year). The institution in its new avatar as University will strive to be the best of its kind while keeping its traditions alive.

This temple of enlightenment has stood the test of times as a beacon of knowledge for generations of youth who have served the society from pre-independence to the post-independent era. The greatest testimonial is the contribution of its students to society and Nrupathunga University is quietly proud to have contributed to society's growth over 94 years of glorious existence through a set of students who are etched as knowledge revolutionaries in the by-lanes of history.

The Nrupathunga University formerly Government Science College is committed to cater quality education to the needy sections of society and pursue global standards of excellence in all endeavours by raising standards of human relations through engaged knowledge building in Science while inculcating a culture of inclusion and positive values and high ethical standards. In addition to acquiring knowledge in science, research and extension, special emphasis is given to sensitize learners towards social, gender and environmental sensitivities culminating in having a transformational impact on students through comprehensive education aimed at holistic development and leadership in a complex world.

ODISHA STATE OPEN UNIVERSITY

An Act to establish and incorporate an Open University in Odisha for introduction and promotion of Open University and Distance Education Systems in the educational pattern of the State and for Coordination and Determination of Standards in such systems.

The Odisha State Open University shall have jurisdiction over the whole of the State of Odisha. The University shall focus on education, research and training by diversity on means of distance and continuing education including the use of new educational technology available to common man at affordable cost. Degrees, Diplomas and Certificates issued by the University shall be treated at par with Degrees/Diplomas issued by other Universities established by Centre/States and recognized by UGC. Emphasis will be placed on Skill Based Education to enhance employ ability of the students. Besides Skill Based and vocational courses, focus will be on Teacher Education, Business & Management Studies, Computer Science courses, Engineering Science (short-term), paramedical courses, agriculture and foreign language courses. Add-on courses will be offered targeting students already admitted in Undergraduate and postgraduate courses in the State .The fee to be charged from the students shall be made reasonable and affordable by disadvantaged groups. All Norms and Regulations prescribed by statutory bodies like UGC, AICTE, NCTE, NCI, BCI, DEB, and MCI etc. shall be strictly followed in offering academic programmes by the Odisha State Open University.

The Governor of Odisha is the Chancellor of the University. By virtue of his office, Chancellor is the head of the State Open University.

The Headquarters of the University shall be located at Sambalpur. To fulfill its mandate the Open University shall establish Regional Centres and Study Centres in different parts of the State using the existing infrastructure of Government/Govt. Aided Colleges and other institution.

Mandate

- To provide an innovative system of university level education, flexible and open, in regard to methods and pace of learning, combination of courses, eligibility for enrolment, age of entry, conduct of examination and operation of the programmes with a view to promote learning and encourage excellence in new fields of knowledge.
- To establish, maintain or recognize institutes, schools, regional centres and study centres and such other institute at such places in the State as it may deem feet;
- To play a positive role in the development of the State and promote status of employment of people of Odisha through education, research and training;
- To introduce add-on courses related to the need of employment;
- To use communication technology for advancement and dissemination of learning and knowledge; To ensure access, equity, excellence and inclusive education.

OM STERLING GLOBAL UNIVERSITY

NH-52, Hisar-Chandigarh Road
Hisar-125001, Haryana, India
Email : info@osgu.ac.in

Om Sterling Global University was established in March, 2019 and is dedicated to achieve its vision, mission and objectives through academic excellence in all areas of knowledge and skills. The university is spread over 30 acres of fully-developed institutional land with a lush green campus, modern infrastructure and excellent academic atmosphere. Inspired by its vision and mission, the campus has been designed and developed with great sense of aesthetics to provide eco-friendly environment and ambience to provide comfort and zeal for learning. As a temple of education, the University aims at producing world class academicians, researchers and leaders in diverse fields by embedding high moral values in its students, commitment to excellence, and enthusiasm for continuous intellectual development.

Vision

Om Sterling Global University aims at creating a special identity in the field of health sciences with focus to improve the quality of life. To evolve as one of the best private self-financing multi-faculty universities fully focused on producing globally acceptable manpower through internationally benchmarked academic practices and applied research invoking ancient Indian ethos and value system.

Mission

- To create state-of-the-art infrastructure specially well equipped labs to ensure skill oriented learning in a pleasing environment.
- To engage qualified and industry experienced faculty members fully capable of mentoring young ignited minds, evolving as per needs of the time.
- To develop curricula with right mix of knowledge, skills, attitude and behavior fully aligned with the world of work.
- To create the disseminate knowledge leading to technology transfer for the benefit of society.
- To create vibrating network with industry, academia, society and the governments for sustainable development.
- To contribute effectively to job creation with focus on promoting entrepreneurship through schemes like Make in India, Startup India, Digital India etc.

O.P. JINDAL GLOBAL UNIVERSITY

Sonipat Narela Road, Near Jagdishpur
village Sonipat, Haryana-131001, NCR of Delhi, India.
Tel: +91-130-3057800/ 801/ 802
TOLL FREE NO - 1800 123 4343
Fax: +91-130-3057888 Email: info@jgu.edu.in
Website: <http://www.jgu.edu.in>

JGU is a non-profit global university established by the Haryana Private Universities (Second Amendment) Act, 2009. JGU is established in memory of Mr. O.P. Jindal as a philanthropic initiative of Mr. Naveen Jindal, the Founding Chancellor. The University Grants Commission has accorded its recognition to O.P. Jindal Global University. The vision of JGU is to promote global courses, global programmes, global curriculum, global research, global collaborations, and global interaction through a global faculty. JGU is situated on a 80-acre state-of-the art residential campus in the National Capital Region of Delhi. JGU is one of the few universities in Asia that maintains a 1:15 faculty-student ratio and appoints faculty members from different parts of the world with outstanding academic qualifications and experience. JGU has established five schools: Jindal Global Law School, Jindal Global Business School, Jindal School of International Affairs, Jindal School of Government and Public Policy and Jindal School of Liberal Arts & Humanities. The vision in establishing JGU is to impart globalized education with a view to producing world-class professionals, scholars, business leaders and academics in law , management and other disciplines. Globalization has opened various opportunities and challenges which have created the need for competent academics, scholars and professionals. The perspective of JGU is to fulfill this need by equipping their students and faculty with the knowledge, skills, scholarship and vision to meet these challenges and demands of globalization. India, which is on the verge of becoming an economic superpower, must produce world-class professionals, scholars, and academics to compete globally. History indicates that excellence in education leads to economic growth and development. The Founders of JGU, having realized this, have come up with the mission to establish this global institution in India, which will be comparable to the best in the world. Public funds are scarcely available for higher education in India. Private funds are therefore required in the current educational scenario. The gap between the availability and the need for funds in higher education could be met only by corporate and individual philanthropy. Our mission is implemented through corporate philanthropy and commitment to corporate social responsibility of the Jindal Group, which is a multinational Indian corporate business house. It is hoped that JGU will provide new opportunities in the field of private non-profit higher education. To achieve the vision of providing globalized education in India, JGU has recruited the best faculty from across the globe. JGU has entered into collaborations, exchange programmes, research partnerships and other forms of engagement and interaction with top universities and institutions across the globe, which is willing to share their invaluable intellectual resources developed over decades.

OP JINDAL UNIVERSITY

Punjipathra, Raigarh – 496109

Chhattaisgarh

Tel: 07762-304000

Fax: 07762-304005

Email: info@opju.ac.in

Founded by the Jindal Education and Welfare Society, OP Jindal University (OPJU) was set up to bring high quality education to its students based on a world class curriculum, the latest teaching methodology and committed faculty members. The multidisciplinary university aims to develop young professionals and future leaders who will not only power growth and development in the state, but also make a mark globally.

At the core of the university's philosophy and approach lies the belief that students learn best when exposed to real world situations and when nurtured through enriching interactions with practitioners and professors. We at OPJU believe that every student has innate potential that can be unlocked through quality teaching and mentorship.

OPJU was established by an Act of Legislature in the state assembly of Chhattisgarh in 2014.

OPJS UNIVERSITY

Phone No: - +91-89501-10000, 89503-30000, 01559-290333
E-mail : info@opjsuniversity.edu.in
Website : www.opjsuniversity.edu.in

OPJS Means Om Parkash Jogender Singh University. OPJS University is established under the act 16 of 2013 made and promulgated on 2nd Day of August, 2013 by Hon'ble Governor of Rajasthan State.

This University is spread over 32 Acres of land surrounded by Aravali Hills in pollution free, lush green and eco friendly environment. We have taken utmost care not to disturb the ecological balance of the area due to erection of buildings and other infrastructures. Equal importance is also given to the flora and fauna of the area.

The overall environment of the university is conducive to education as it is far away from the humdrum, and the fret and fever of the modern life. We have developed the campus in such a manner that a student need not go outside the university campus for his/her daily needs. Keeping in mind the geographical and topological conditions of the area in mind, we have developed our building where much emphasis is laid on energy saving and water harvesting.

We have instructional as well infrastructural facilities of international standards. We can compromise on quantity but under no circumstances with quality. To accommodate the teacher and the taught and other supporting staff, we have constructed ample number of residences and hostels. We have also taken care of the day scholars, for them free of cost transportation facilities are provided from the nearest railway and bus stations. Five buses ply between university and important stations at regular interval of time.

Library is the power house of wisdom and the backbone of an institution, we boast of having a central library stocked with around one hundred thousand books with more than 20000 titles and reference books.

The whole campus is wi-fi enabled with ultra modern smart classes for efficient and effective teaching. We have also assessed the importance of communication skills as our students especially from rural background found themselves on back foot when they come face n face with the competitors from urban background. To make them more verbose, a language lab is set up with a capacity to accommodate 150 students at a time. As we are committed to provide quality education to the deprived, we will not leave any stone unturned to achieve this mission.

ORIENTAL UNIVERSITY

Opp.Revati Range Gate No.1,
Sanwer Road, Jakhya, Indore, Madhya Pradesh
Tel : 0731-2448700, 2448701

Website : <http://orientaluniversity.in>

“ORIENTAL GROUP” the most sought after name for quality education has one more feather in its cap. It has been given the University status under section 2f of UGC, 1956 Act with effect from May’2011. Having clinched the University status, the philosophy of Oriental University (OU) is to contribute in a broader sphere, thereby offering diverse courses in energy, civil aviation, refinery, environment, infrastructure sectors. The tenet with which Oriental University is marching forward is to develop responsible professionals who could be easily deployed in the industry.

Oriental University is spread over 100 acres of lush green sprawling campus on Indore-Ujjain highway near international airport and new proposed railway station. The University is designed by the most eminent contractors of modern India, M/S Hafeez Contractors of Mumbai. Currently the University’s exquisite infrastructure, houses spacious classrooms with latest teaching aids, well-equipped laboratories and workshops. Oriental University combines innovative teaching and pioneering research in a highly collaborative environment that transcends traditional academic boundaries. It provides student and faculty exceptional opportunities for intellectual, professional and personal growth. The research activities will not be confined to engineering and pure & applied sciences, rather it’ll cover social sciences such as Geography, history, Philology and literature. The curriculum adopted is industry-specific and OU plays a vital role in bridging the long gap between the extremely demanding corporate and an obsolete curriculum running in many universities.

Vision

To provide a distinctively – Indian environment of educational excellence while challenging the academically accelerated individual and accelerating the academically challenged individual.

Mission

- To promote the value of learning, self growth among students and staff, quality performance among students and staff, and transition for students to productive and responsible participation in society.
- To promote a safe and stimulating environment for bright and curious students to interact with and learn from each other.
- To entertain students with educational offerings that provides fun learning opportunities.
- To provide a creative and rewarding work environment for all employees.

The Radhakrishnan University Education Commission of 1949 emphasised the need for establishing Agricultural Universities in India. Subsequently, the indo-American team constituted under the Chairmanship of Dr. K.R. Damle (1955), the then Vice-president of Indian Council of Agricultural Research, suggested a system of education for Indian as followed in the Land Grant Colleges of USA. The Planning Commission Committee felt the inadequacy of trained personnel for substantial output in agricultural operations with the then set up of research, education and extension in Agriculture, Animal Husbandry and allied fields. In course of time, these recommendations led to the creation of the agricultural universities to accomplish the integration of teaching, research and extension. In 1956, Dr. J.H. Longwell from the University of Missouri visited Orissa and had discussion with the State Government which resulted in a contract between the Government of India and the University of Missouri to provide assistance to the Agriculture and Veterinary Colleges of the State. In 1960, a decision was taken to establish an Agricultural University in Orissa in the pattern of the Land Grant Colleges of USA and Dr. Ide P. Trotter joined the Utkal Krishi Mahavidyalaya on 1st April, 1960, as a consultant in Educational Administration. President Elmer Ellies of the University of Missouri, visited the Agriculture and Veterinary Colleges of Orissa in 1961 and had discussion with the State Government for establishment of the Orissa University of Agriculture and Technology. In 1961, the Legislature of the State of Orissa enacted the Orissa University of Agriculture and Technology Act, 1961 (Orissa Act 20 of 1961) with the object of establishing and incorporating a University of Agriculture and Technology for the agricultural education of the people of the State. The University took its birth on 24th August, 1962 when it was inaugurated by Prof. John K. Galbraith, the then U.S. Ambassador in India. The University came into operation from 1st February, 1963, when the two Govt. managed Colleges, the Utkal Krushi Mahavidyalaya and the Orissa College of Veterinary Science and Animal Husbandry with their staff were transferred to the University. This Act passed in 1961, was later repealed in 1965 by the Orissa University of Agriculture and Technology Act, 1965 (Orissa Act, 17 of 1965) which came into force from the 3rd November, 1965. The University started a College of Basic Science and Humanities with the Pre-University Science class in 1964 and in the following year the Pre-professional science class was added. The College of Agriculture Engineering and Technology came up in the year 1966. In 1981, another College of Agriculture was started at Chiplima. In the same year, the College of Engg. & Tech., College of Home Science, College of Fisheries, Rangeilunda and PG Deptt. of Aquaculture, Bhubaneswar were established. In 1986, the Department of Forestry was started to offer the Bachelor's degree in Forestry under the College of Agriculture, Bhubaneswar.

Vision

To emerge as a global leader in Technical Education

Mission

To generate on a sustainable basis quality technical human resources commensurate with the dynamic global scenario

The Odisha University of Technology and Research, (Formerly CET), Bhubaneswar was established by the Government of Odisha in 1981 to meet the growing technical manpower need in the State. It was a Constituent College of the Odisha University of Agriculture & Technology, Bhubaneswar since inception. After creation of a Technical University for Odisha State, the College has become a Constituent College of Biju Patnaik University of Technology (BPUT), Odisha with effect from 09th July, 2002 as per section-37(1) of BPUT Act, 2002.

The College is located in the Techno-campus (an area of more than 100 Acres) at Kalinga Nagar, Bhubaneswar about 2.0 Kms. away from Khandagiri-Udayagiri caves. The College was shifted to the new Techno Campus in March, 2001. A full-fledged branch of Syndicate Bank is operating in the college campus. At present, students are residing in the Ladies Hostel (KCHR) of 500 capacity and a Boys Hostel (RHR) of 500 capacity inside the campus. Boys are also staying in a rented Hostel very near to Campus. The construction of another Ladies Hostel and Boys Hostel, Academic & Administrative Blocks with four-stored buildings, Bank ATM facility, Sports complex (gym), etc. are under full swing. Limited numbers of faculty quarters are available inside the campus.

OSMANIA UNIVERSITY

Administrative Building
Hyderabad-500007, Telangana State, A.P.
Tel: +91-40-27682363
Fax: +91-40-27090020
Email: registrar@osmania.ac.in
Website: www.osmania.ac.in

Osmania University founded on October 5, 1918 by a Royal Decree of the then ruler of Hyderabad. H E H Nawab Sir Mir Osman Ali Khan Bahadur, the seventh Nizam, owes its name to him. The idea of the University was, however, conceived by Sir Akbar Hydari who became the Prime Minister of the former State of Hyderabad. Sir Akbar had conceived Osmania as a unitary and residential University with colleges, libraries, hostels, residential quarters, playgrounds, halls, etc located on campus of about 1,612 acres of which 184 acres of land was allocated to different institutions outside the city. The idea of a unitary University had to be given up as the demand for higher education within its territorial limits increased and in course of time, Osmania became teaching and affiliating university. Till 1947 the University was alimb of the Government. But in that year with the vision of Dr. Wali Mohammed, its Vice Chancellor, Osmania was granted a revised Charter and became autonomous. In 1959, the Charter was replaced by an Act of the Andhra Pradesh Legislature, the Osmania University Act, 1959, which brought it in line with other two regional universities in the State. Osmania is now governed by this Act, as amended in 1966, 1976, 1981 and 1991.

The establishment of Osmania University symbolizes a renaissance in the Indian Educational System and has shown a remarkable resilience throughout its existence. The university is instrumental in propagation of Higher Education to cater the needs of community in the region over nine decades and has grown into one of the major Universities of India. It has a vast sprawling green campus of 500 hectares set in picturesque and idyllic surroundings. It owns number of buildings of great architectural elegance and variety to enhance the beauty of the campus.

The University is an autonomous institution created through an act of legislature and most part of funding is from the State Government.

The University holds the flagship for Higher Education of Government of Andhra Pradesh and has played a key role in planning, initiating and implementation of various development programs.

PACIFIC MEDICAL UNIVERSITY

Bhilon ka Bedla, Pratap Pura, Udaipur

Rajasthan-313024

Contact : 0294-3520000, Mobile : +91 7230045361

Email: info@pacificmedicaluniversity.ac.in

Website: www.pacificmedicaluniversity.ac.in

The Pacific Medical University has come into existence by virtue of an special Act of Rajasthan State Assembly and is sponsored by the Pacific Academy of Higher Education & Research Society. Ever since its humble beginning in the 1997, with the establishment of Pacific Institute of Management & Pacific Commerce College, it is striving to make its mark on the national educational map. Today, the society continues to take rapid strides in the field of higher and technical education with the establishment of over 18 institutes in last 12 years, including that of Dental Science, Management, Pharmacy, Engineering, Hotel Management, Education, Arts, Science, Fashion Technology, Media and Mass Communication, Research Programme etc.

Today the group has a composite strength of more than 18,000 students, 700 faculty members and 1000 non teaching staff. The campus is spread over an area of 100 acres with beautiful landscape, lush green campus and sprawling playgrounds. Most of the department in the constituent colleges in the University excel in their field and hold leading ranks in the country. The Pacific Dental College has the reputation of being No. 1 in the India by virtue of having the highest turn-out in the OPD, providing maximum practical exposure to its students. The Pacific group has best placements average in the North India due to excellent employability of its Management Faculty students. The University has also pioneered to a variety of new programmes in Acturial Science & Insurance Management, Finance & Control, Integrated 6 Years Diploma & Degree Programme, B.A., B.Ed., Financial Mathematics & Behavioral Finance, hitherto unavailable in the country.

In view of the growing human resource needs to sustain and enhance development and growth at home and to bridge the demographic deficit for almost 57 million positions by 2020 in various knowledge based sectors with the superannuating population across the world; the country has to turnout an ever-growing pool of globally employable talent, and extend the contours of knowledge and intellectual property in all fields of priority for the global humanity.

Vision

A total & ongoing commitment to understand patient needs and fulfill these through top of the line healthcare and also developing Graduate Medicos to serve in the betterment of humanity.

Mission

The institute's mission is to provide outstanding, yet affordable medical care and education in a friendly environment and in a spirit of compassion to all, regardless of race, caste, creed, sex, religion etc.

Pacific Academy of Higher Education & Research University, (PAHER), has been established by an Act of the State Legislature of Rajasthan as a Private University and is empowered to award degrees as specified under Section 22 of the UGC Act through its main campus in regular mode with the approval of Statutory Bodies of the University and Statutory Council(s), wherever it is required and after creating required academic and physical infrastructure facilities including library, laboratories and appointment of teaching and supporting staffs as per the norms and standards laid down by UGC and other relevant Statutory Council(s). The name of the University has been included in the list of Universities established as per section 2 (f) of the UGC Act, 1956.

We welcome all the students who want to shape their career at Pacific Academy of Higher Education and Research University (PAHER University) Udaipur. We are committed to attain our mission which is to promote educational institutes of higher learning in various fast emerging knowledge based discipline. The University is committed to nurture a culture that extends the colours of knowledge and intellectual priority in all fields for the global humanity.

We, at PAHER University launched a series of initiatives called Paci-2025 series that provide answers to some of the greatest challenges we are facing now a days in education. Our aim is to accomplish the greatest challenges by providing innovation, affordability and accessibility, transformative education, vocal for local, placement and implementation of National Education Policy to deliver higher education at the highest proven value.

The University Campus is spread over 100 acres of lush green land and has a build up area of more than 250,000 sq.mt. The campus fulfills all the norms of the governing bodies in terms of infrastructure, equipment and modern amenities. The campus provides a perfect educational environment which is free from any type of pollution and is easily accessible. The university is committed to establish itself as a centre of excellence in research. Education at Pacific is holistic, aiming to develop the intellectual & personal strengths of students.

PDM UNIVERSITY

Sector 3A, Bahadurgarh

Haryana – 124507

Phone: 01276-221700, 01276-221701

Fax: 01276 221714

Email: info@pdmu.ac.in

The PDM University has been established by the Haryana State Legislature under the Haryana Private Universities Act No. 32 of 2006, as amended by the Haryana Private Universities (Amendment), Act, 2015 (Haryana Act No.1 of 2016) and notified in the Haryana Govt. Gazette (Extra) Notification No. Leg.2/2016, dated 14th January, 2016.

P D Memorial Religious & Educational Association was established in the year 1995-96, in the memory of late Sh. Prabhu Dayal Jee, a noted philanthropist, who had devoted his whole life to the upliftment of the weaker sections of the Society. The PDMREA was founded keeping in view the noble ideas, such as social evolution, quality education for all, dedication to one's duty and above all the lofty notion of altruism, cherished by him. The Society is registered under the Societies Registration Act (old Registration No. 1828, dated 23-3-1995 and Revised Registration No. 00112, dated 25-04-2013). The Society has illustrious history and a glorious past. It is doing its utmost to translate his (Late Sh. Prabhu Dayal Jee) dream into a tangible and concrete reality. Since its inception, it is engaged in the Educational and Social activities for the benefit of the general masses, especially the poor and weaker sections of the Society. Today, it is name to reckon with in the field of education and welfare activities in the area. It has established a number of Institutions such as, Engineering Colleges (UG & PG), Dental College (UG & PG), Pharmacy College (UG & PG), B.Ed. College, Architecture College, Polytechnics and Public Schools, and is running them very successfully. All these institutions are recognized by the Regulatory Bodies i.e. AICTE/ Dental, Pharmacy, Architecture, Teacher Education Councils / CBSE etc. At present, about 12000 students, are studying in the PDM Educational Institutions. About 30000 students have already passed out from the above Institutions and are placed in good positions in India & Abroad. The establishment of PDM University at Bahadurgarh is yet another feather in its cap. It is hoped that will prove unique and wonderful University. This alone speaks about the functioning of the PDMREA. The University is totally committed to quality and excellence in academic pursuits. Highly qualified Faculty members capable of providing all the necessary inputs to the students with a clear vision for the future growth of students, have been posted in the University. The University lays emphasis on innovation, research, enhancement of personality, high patterns of disciplines & character building so that students may become well educated, mature & responsible citizens and understand the ethical challenges which they have to face in a rapidly changing world. Grooming of students for their placements in the Central/ State Govt. Departments/ Multinational Companies and make their "wonderful career" is the top priority of the University.

Website : <http://www.dypatil.ac.in>

When the aim is to ensure that the lamp of education glows bright, the results are but self-evident: The D. Y. Patil University forays into education and healthcare extend back to over two decades and today stand as benchmarks that others aspire to emulate.

The University houses in its ambit some of the leading institutes of higher learning and has a culture of commitment, transparency and teamwork.

The hallmark of the continuing success is the reputation that the Vidyapeeth has, of being a knowledge centre that generates and supports exceptional levels of opportunity and initiative.

To provide quality in all spheres of higher learning in general and Health Services in particular to all including those in the rural and urban areas of the nation, keeping in view the societal needs in the global context.

To impart and disseminate knowledge, develop competencies and also to provide for Research and Development in the emerging areas of Health Sciences, Science and Technology, Business Management, Hospitality Management, Liberal Education, Teacher's Education, Sports etc.

To be recognized as one of the leading institutes of higher learning in India within the next 5 years and gain recognition in the global arena.

PALAMURU UNIVERSITY

Ayyappa Complex

Opp. Police Head Quarters

Mahabubnagar - 509 001, Andhra Pradesh

Tel : 08542-221011(O), 271272(R), 252627(O), 271112(R)

Fax : 08542-2221020

Email : vcpalamuruniv@gmail.com

Website : <http://www.palamuruuniversity.ac.in>

Palamuru University, Mahabubnagar, came into existence, fulfilling the long cherished dream of people of Mahabubnagar District in the year 2008, by Act No.29 of 2008 enacted by the Legislature of the State of Andhra Pradesh and published in the Andhra Pradesh Gazette on 24th September, 2008. Prior to this, the University was formally launched by the G.O.Ms. No.89, Higher Education (U.E.II), Department, dated 25.06.2008. This GO makes history in the field of higher education in Andhra Pradesh since it paves the way for the establishment of six new universities in six Districts of Andhra Pradesh, Mahabubnagar is southern District of the erstwhile Hyderabad state under Nizam and bordered with River Krishna in the south and surrounded by the Nalgonda, Hyderabad, Kumool, Raichur and Gulbarga Districts. Mahbubnagar town is located at a distance of 96-km from Hyderabad. The District is located in Latitude between 15° 55' and 17° 29'N along with Longitude between 77° 15'E. This place was formerly known as "Rukmammapeta" and "Palamuru". The name was changed to Mahbubnagar on 4th December 1890, in honour of Mir Mahabub Ali Khan Asaf Jah VI, the Nizam of Hyderabad (1869-1911 AD). It has been the headquarters of the District since 1883 AD. The region became independent and joined in the democratic India on 18th September 1948. The Mahbubnagar region was once known as Chola-wadi or the land of the Cholas'. It is said that the famous Golconda diamonds including famous "KOHINOOR" diamond came from Mahbubnagar District. The District is also well known for its historical interest along with several other places of interest with regard to tourism. The place Pillalamarri, situated about 8 km away from Mahbubnagar is famous for the banayan tree spread across an area of 1.21 hectares.

It has been told and recorded in the history that education is one of the major factors which empowers people and builds capacity to come out of ainous consequences of the problems like Poverty and destitution. Mahbubnagar District has diverse population belonging to different religion caste and creed. It is also one District which has highest Lambada population (ST). The very few who got opportunity to get themselves educated from this group have already achieved par excellence and proved that they are no less to others if only given an opportunity. Such opportunities can be realized by having "University of Excellence" with a vision and mission to strive for the poor and downtrodden without negotiating with the standards. The very endeavor of starting this university itself is part of the inclusive strategy of the Government and to cruise through the path of development and excellence through education.

P.K. UNIVERSITY

Village Thanara, Distt. Shivpuri

Madhya Pradesh

Tel : +91-7241115081, 7241115082, 7241115083

Email: info@pkuniversity.edu.in

P.K. University has been established keeping in view the foregoing are growing emphasis on global competitiveness, the need to bridge the gap between theory and practice and the growing demand for highly skilled personnel in the frontier areas of management, engineering and technology, medicine, architecture, Information Technology and Computing, media and Communication, films and television, healthcare, insurance, bio-sciences, fashion, law, hospitality and tourism and other fields of education, the Sonal Educational Society proposes to establish as University in Shivpuri (M.P) entitled P.K. University encompassing all the major disciplines the majority of the courses will be innovative, practice oriented, flexible, modular and ensure that the students acquire the necessary skills and knowledge for successful careers.

The University will establish a close liaison with the productive sector, broaden the mental horizons of its student and provide a stimulating place through study, stay and learn. This will meet the growing needs of the students of not only Madhya Pradesh but also India and abroad too. Since all the courses to be offered by P.K. University are going to be innovative and highly practical oriented this will go a long way in fulfilling the aspiration of student and parents at Uttar Pradesh and adjoining area.

Vision

To create a learning environment, where students can stay socially conscious, disciplined, responsible and happy while transforming into inspiring leaders who can contribute for the progress of the society.

Mission

To identify students with professional & entrepreneur aspirations and transforming them into excellent leaders. To give students new thoughts, vision, and ambitions and equip them for accepting new challenges & finding solution to complex professional problems. To develop Bundelkhand region into an educational hub

PANDIT BHAGWAT DAYAL SHARMA UNIVERSITY OF HEALTH SCIENCES

Rohtak.- 124001, Haryana

Phone: EPBAX: 91-1262-211300-03

The University has been established as State University by Haryana Act 26 of 2008 vide Government Notification No. S.O.74/HA.26/2008/S.1/2008 dated August 18, 2008.

The University at present is supported by PGIMS Library. However, an ambitious project to contract a state of art library building is under way. PGIMS Library has at present 43439 books including 42444 general books & 995 reference books. Several on line journals have been subscribed and library is network with the National Medical Library.'

A five story medical college building was built in 1962. This houses, Anatomy Department, Mortuary, Physiology, Pathology, Pharmacology, Pharmacy and Community Medicine departments. An animal house is also a part of the medical college complex.

A double story Administrative Block houses Administrative Offices of the Director and Library and Examination cum Reading Hall.

The University buildings also house the Department of Radiotherapy, Radiation Oncology, Surgical Oncology and the Department of Biotechnology and Molecular Medicine.

The University hospital has a full fledged and well equipped superspecialty block which houses Cardio-thoracic (CTVS), Cardiology, Urology, Nephrology and Neurosurgery Departments. The superspeciality block has undergone extension. Two more blocks named B,C,D,E. Construction of Block C is complete whereas 40% work of Block B is complete.

University has a full fledged and well equipped Dental College which houses Departments of Peritonitis, Orthodontics, Oral Medicine, Prosthodontics, Oral Surgery, Pedodontics, and operative dentistry. College runs BDS, MDS and Diploma in Dental Mechanic and Dental Hygiene. Dental College is undergoing extension.

The University has a well equipped and well furnished Basic Sciences Block which houses Departments of Microbiology and Biochemistry and College of Nursing.

There is an ultra-modern Trauma Centre in the Medical College premises.

PANDIT DEENDAYAL PETROLEUM UNIVERSITY

“A WORLD CLASS UNIVERSITY WHICH PROVIDES EDUCATION ALONG WITH GREAT OPPORUNITIES AND SUCCESS TO ITS STUDENTS”

Pandit Deendayal Petroleum University's 100 acre campus is located in Gandhinagar, which is the capital city of Gujarat and located 23 Km North from a well developed city called Ahmedabad with a population of 8 million people. The city is famous for its remarkable cultural development and social life.

PDPU offers multiple courses ranging from engineering, arts and management along with maximum exposure and opportunities to its students through various national and International exchange programs with best University worldwide. For development of its faculties and staff the University endeavors for various Joint Exchange and Research programs. Pandit Deendayal Petroleum University (PDPU) has been established by GERMI as a Private University through the State Act enacted on 4th April, 2007. The University offers programs to address the need for trained human resources in the domains of Science, Technology, Management and Humanities. It intends to broaden the opportunities for students and professionals to develop core subject knowledge which are duly complemented by leadership training interventions, thereby helping the students to make a mark in the global arena. This objective is being further addressed through a number of specialized and well-planned undergraduate, post-graduate and doctoral programs as well as intensive research projects.

School of Petroleum Management offers M.B.A. and Ph.D., Post Graduate Diploma in Petroleum Management for Executives, and Management Development Programmes focused on Energy & Infrastructure Sector. The School is approved by AICTE School of Petroleum Technology offers B.Tech., M.Tech. and Ph.D. in Petroleum Engineering. It is academically engaged in creating a high quality talent pool for the hydrocarbon sector across the entire value chain. School of Technology offers B.Tech. in the fields of Civil, Electrical, Mechanical, Industrial, & Chemical Engineering, besides the Ph.D. Program. It also offers M.tech in Nuclear Engineering. School of Liberal Studies offers four year Bachelor programme in the field of Liberal Studies, M.A. in Public Administration/International Relations /Political Science as well as the Ph.D. programs. School of Solar Energy offers M.Tech. and Ph.D. in the field of Solar Engineering.

PANDIT DEENDAYAL SHEKHAWATI UNIVERSITY

Pandit Deendayal Upadhyaya Shekhawati University formerly known as Shekhawati University is a newly established public state university situated in the village Katrathal of the Sikar District of the Indian state Rajasthan.

The sole purpose of the university is to cater the study needs of the students from the Shekhawati region.

Pandit Deendayal Upadhyaya Shekhawati University Sikar has been established in August 2012 by Universities Act, 2012.

The University was allotted 30 Acres of land in the beginning to start with on Katrathal, Jhunjhunu Road.

Initially University will start Post Graduation courses in the faculty of Social Sciences from the academic session 2014-2015 to cater the need of students in Sikar and nearby Districts. Society need based comes will be given top priority.

The University is planning to start postgraduation courses in the faculty of social sciences from the start of academic session 2014-2015 to cater the needs of students in Sikar and nearby Districts.

Recruitment for the Posts of Junior Legal Officer, Stenographer, LDC, Driver and Forth Grade Staff have already been finalized.

Different Academic courses at the Bachelor's and Master's level have already been planned at the University.

PANDIT DWARKA PRASAD MISHRA INDIAN INSTITUTE OF INFORMATION TECH.

Dumna Airport Road, P.O.: Khamaria,
Jabalpur - 482 005, Madhya Pradesh
Tel: +91-761-2632273 Fax: +91-761-2632524
General Query Email : query@iiitdmj.ac.in

Probably at no previous moment in the world history have commerce and industry become so complex, extensive, and globally interrelated as they are today. India, which is going through a rapid growth in its manufacturing sector, is not unaffected by these changes. The modern manufacturing environment entails a large variety of cross-disciplinary activities including the Design and IT. Engineers consequently are being called upon to work within new environmental, economical and social constraints which are increasingly becoming a part of contemporary engineering practice. Obviously, these elements need to find their way into the engineering curricula. However, traditional engineering instructional formats isolate teaching and research into specific disciplines with un-integrated curricula and therefore the structure of our engineering curricula have hardly changed in accordance with the modern manufacturing needs. Such divisions in the existing higher education formats are found to act as barriers to learning, behavior, and performance. Another aspect of engineering education which needs to be considered is the basic nature of the IT profession. The IT driven market of today features a model of innovation which is quite different from the research models that most institutes are familiar with. The new market model for innovation emphasizes on fast concept, funds projects with venture capital, fosters innovation by rewarding entrepreneurs who specialize in transforming people's practices to become more productive with the help of new technology. In contrast, the conventional research model emphasizes on careful development of ideas and principles and achieves innovation only after ideas have gone through a long pipeline that distills out the best and brings them into practice over a period of 15-20 years. This dichotomy between the new market-driven model and the conventional idea-pipeline model poses another great challenge to educators of engineering. The current engineering education system in India, though huge and diverse, is mainly based on the conventional idea of pipeline model. To integrate the knowledge of a given discipline with IT enabled design, prototyping as well as manufacturing considerations, a need therefore exists for developing a new academic programmes. Apart from laying an emphasis on IT, the new approach should also give emphasis on aesthetic, ergonomic and functional considerations of products. The academic programme should also be able to respond to industry driven adaptive management structure. With above requirements in mind, the Ministry of Human Resource Development (MHRD), Government of India, felt the need to set up a national institute devoted exclusively for Information Technology (IT), Design & Manufacturing (D & M). It was envisaged that such an academic institute would promote excellence in the desired areas of specialization and would facilitate and promote the competitive advantage of Indian products and manufacturing in global markets.

PANDIT RAVISHANKAR SHUKLA UNIVERSITY

Amanaka G.E.Road
Raipur (Chhattisgarh) India - 492010
Fax No. 0771-2262818 (Registrar)
Fax No. 0771-2262583 (Conf.)
Email : registrarprsu@gmail.com
Website : <http://www.prsu.ac.in>

Pt. Ravishankar Shukla University is Chhattisgarh's largest and oldest institution of higher education, founded in 1964, and named after the first chief minister of erstwhile Madhya Pradesh. The University has a sprawling campus in the western part of the capital of Chhattisgarh, Raipur.

The campus of University is spread in 207 acres of land. There are Twenty-Nine teaching departments in the University. Out of which six departments buildings have been constructed recently. A variety of self financed courses have been initiated in some departments. The total number of employees is 700, who provide the administrative support at different levels.

Attracted by the opportunity to study and conduct advanced research with renowned professors and fellow scholars in one of the Chhattisgarh's most dynamic cities, students also come from the neighboring States. There are 5000 students enrolled for variety of courses offered by the departments who are steered under the guidance of more than 100 faculty members. Jurisdiction of RSU covers entire central and southern part of Chhattisgarh. There are 180 educational institutions affiliated to the University. In the academic year 2005-06, about 1,25,000 students were enrolled, both for undergraduate and postgraduate courses. The University plays a major role in the educational, cultural and economic life of the region.

Raipur can be accessed conveniently from most of the metropolitan cities of India. It has a domestic airport (Air India website <http://www.airindia.com>; Indian Airlines website <http://www.indian-airlines.nic.in>). There are daily direct flights from New Delhi and Mumbai. In addition there are four flights/week from Chennai. It is also indirectly connected with Kolkata via Nagpur and Mumbai. Raipur is an important railway junction (Indian Railways website <http://www.indianrail.gov.in>). It is located about 300 kilometers from Nagpur in the East on the Mumbai-Kolkata (Howrah) trunk line.

The University is of about 5 km from the Raipur Railway Station and of about 15 km from the Raipur airport. The transportation to the university both from the Airport and the Railway Station is easily available.

PANDIT SHAMBUNATH SHUKLA UNIVERSITY

MPEB COLONY, SHAHDOL, MADHYA PRADESH – 484001

Phone : 91-9005688899

Email : registrar@psnsu.org

Website : <http://www.psnsu.org>

Pandit Shambunath Shukla University is the leading educational institution in the Shahdol district of Madhya Pradesh. It is well known for spearheading the cause of education in Shahdol ever since 1956 when it was started as a small college on the banks of the Murna River. Since then, it has always remained true to its dedication to the pursuit of excellence . We have remained true to the principles of Pandit Shambunath Shukla who lead a true philanthropic life which he dedicated for the betterment of the society and the nation. Our strong belief in using education as a tool to bring about a social and economic reformation of the nation has enabled us to commit ourselves relentlessly to the propagation of quality education. We focus on participation of our students in academic, teaching, cultural, social and physical activities to make them socially sensible all-rounder. Our university aims at becoming a pacesetter in developing the next generation teaching and learning methods to foster individual brilliance.

Currently, the campus is spread across 26 acres with a sports facility, boy's hostel, well-equipped laboratories, libraries and a complete WIFI coverage. However, as a part of our constant pursuit of excellence and growth, a new 50 acres campus is coming up soon at Navalpur in Shahdol district. This has the prospects of providing state-of-the-art and world class facilities for the all-round development of students.

Mission

Endeavour to bring the quality and skilled education of the educationally and economically weaker tribal aspirants at an affordable cost.

Vision

To enable young scholars with an eclectic, multi-skilled education granting holistic development for a dynamic role in social transformation by providing quality education and value-based knowledge.

Pt. SUNDARLAL SHARMA (OPEN) UNIVERSITY

Koni- Birkona Marg, Village & Post - Birkona

Email : vc@pssou.ac.in, registrar@pssou.ac.in, info@pssou.ac.in

Website : <http://www.pssou.ac.in>

Pandit Sundarlal Sharma (Open) University (PSSOU) Chhattisgarh, Bilaspur was established by the Chhattisgarh legislature in the 55th year of the republic of India. The Governor of the state accorded his assent to it on 20th January, 2005 and the act was published in the Chhattisgarh Gazette (extra ordinary) no. 20 Raipur, Monday the 24th January, 2005. Dr. T.D. Sharma joined this university as the first Vice-Chancellor on 2nd March, 2005 while Dr. Sharad Kumar Vajpai takes office as Registrar on the 15th March, 2005. Pandit Sundarlal Sharma (Open) University (PSSOU) Chhattisgarh, Bilaspur was established by the Chhattisgarh legislature in the 55th year of the republic of India. The Governor of the state accorded his assent to it on 20th January, 2005 and the act was published in the Chhattisgarh Gazette (extra ordinary) no. 20 Raipur, Monday the 24th January, 2005. Dr. T.D. Sharma joined this university as the first Vice-Chancellor on 2nd March, 2005 while Dr. Sharad Kumar Vajpai as Registrar on the 15th March, 2005.

The university was formally inaugurated by the former Vice Premier, Govt. of India and Leader of Opposition in Lok Sabha, Shri Lal Krishna Advani at a function presided over by the honorable Chief Minister of Chhattisgarh Dr. Raman Singh attended by Shri Ajay Chandrakar (Minister of Higher Education), Shri Amar Agrawal (Minister of Finance) along with large number of dignitaries and guest who graced the occasion with their presence. On this occasion Shri Advaniji said in his address ‘Centre of gravity of the society is fast changing..... first of all man dominated the society on his physical strength, later on economic strength overshadowed it, and now the education strength dominates....’. He further said that whenever centre of ability opens, society develops all around and that wherever general university fails, Open University comes forward to the development of all kinds of people. Thus true to his intellectual status as thinker shri Advaniji underlined the importance of Open University system in the present age. To provide wide scope and development to the university, responsibility lies with the chief minister Dr. Raman Singh who emphatically expressed that study centers of the university will be opened from in the far flung areas of the state, especially in the tribal belt from Bastar to Sarguja. Thus all sub-division and blocks headquarters tribal belt of the state will be opened. This way all sub-divisions and block headquarters will be connected to the university through these study centers and will have facility of wider education, of better library and guidance. Thus the dream we saw at the fulfilled. The State Government has promised to render all possible help in the consolidation of the university and in achieving its goals.

Website : <http://www.puchd.ac.in>

Ranked number one in India and in the bracket 226-250 internationally in the Times Higher Education World University Rankings, 2013-2014 powered by Thomson Reuters. Ranked number one in India and 13th in the Times Higher Education BRICS & Emerging Economies Rankings 2014. The University has been incorporated for the purposes, among others, of imparting education in Arts, Letters, Science and the learned professions and of furthering advancement of learning, the prosecution of original research, with power to appoint University Professors, Readers and Lecturers, to hold and manage educational endowments, to erect, equip and maintain University colleges, libraries, laboratories and museums, to making regulations relating to the residence and conduct of students and to do all such acts as tend to promote study and research.

The Panjab University has a long tradition of pursuing excellence in teaching and research in science and technology, humanities, social sciences, performing arts and sports. The University supports excellence and innovation in academic programmes, promotes excellence in research, scholarship and teaching and is committed to attracting and supporting the best students and faculty who excel at teaching and research. For more than a century, it has served various societal needs with distinction. The glorious traditions of the University established during the period of more than a hundred and thirty years of its long service to the nation since its inception in 1882 at Lahore (now in Pakistan) are a source of inspiration for the present generation of faculty members and students. By virtue of its age, experience, achievements and philosophy, the Panjab University is a University of national character and stature and draws both faculty and students from all over the country and abroad. Its faculty includes some of the most distinguished scientists and academicians. It continues to attract celebrated scholars who interact with the faculty and students. Over the years, the reputation of the Panjab University has grown into one of innovative teaching, research and community outreach.

After the Partition in 1947, the University was constrained to function for almost a decade without a campus of its own. The administrative office was located at Solan and the teaching departments functioned from Hoshiarpur, Jalandhar, Delhi and Amritsar. In 1956, it was relocated at Chandigarh. Pierre Jeanerette designed the red sandstone University campus under the general guidance of the legendary Le Corbusier. Till the re-organisation of Punjab in 1966, the University had its regional centers at Rohtak, Shimla and Jalandhar and its affiliated colleges were located in the States of Punjab, Haryana and Himachal Pradesh and the Union Territory of Chandigarh.

PATLIPUTRA UNIVERSITY

Old bypass Road,
Kankarbagh, Patna-800 020, Bihar (India)
Website : www.ppup.ac.in
Email : info@ppup.ac.in

Patliputra University, Patna was established on 18th March, 2018, by the order of the Government of Bihar, vide Letter/memo no. 15/M1-71/2016-700, dated 09.04.2018. All the colleges of Patna and Nalanda districts, Bihar (India), fall under the jurisdiction of the Patliputra University except those attached to the Patna University. The University has control over 25 constituent colleges, two government girls colleges, three minority colleges and a number of affiliated colleges. Many of these colleges are running university-approved post-graduate centres in various subjects besides skill-oriented courses in vocational and technical/professional areas. These affiliated units are governed by their governing local bodies and duly constituted management board approved by the university. The Headquarter of Patliputra University is in Patna having its present address as "Old bypass Road, Kankarbagh, Patna-800 020, Bihar (India)."

The university has set avant-garde International standards in Teaching-Learning and Research with the aid of uniquely conceived innovative approaches that are aimed to propel the quality of higher education to a new height in the country. The ambience of the university is being developed with radical ideas having global perspective in the domain of Education. The students in our colleges are from different corners of the state/region. In order to achieve academic excellence, we are striving to create a student-centric atmosphere that would be sensibly conducive to all stakeholders-viz-students, researchers, academicians, teachers, parents, society, institutions, research organisations, industries, govt. agencies and all kinds of employers. The university aspires to collaborate with several national and international academic bodies, research organisations, universities, industries, govt. agencies and non-government organisations.

Vision

To create human resource with high calibre by inculcating human values, self esteem and true nationalist pride to serve the society by setting-up high benchmarks befitting with the global needs to elevate overall moral and social standard for the service of mankind.

Mission

To develop an ingenious system including modern teaching-learning applications, furtherance of high-end research in all engineering, sciences, social sciences, humanities and health sciences with commitment to the social and environmental sustainability, using effective network of various stakeholders and develop brotherhood, patriotism truthfulness, meritocracy and public awareness.

PATNA UNIVERSITY

Website : <http://www.puonline.bih.nic.in>

Patna University was established in the year 1917 and it functioned as affiliating and examining body for over 30 years. On January 2, 1952 it was converted into a purely teaching -cum-residential University with the territorial jurisdiction over Metropolitan Patna. It is one of the oldest Universities in the Country. In Bihar it is the first, and in the subcontinent, it is the seventh oldest University. The University buildings are located on the bank of River Ganges and in the second Campus i.e. Saidpur Campus.

The Patna University has 31 postgraduate departments in the faculties of Science, Social Sciences, Humanities, Education, Commerce, Law and 10 constituent colleges, apart from Patna Medical College and Patna Dental College in the Faculty of Medicine whose management and control are with the State Government. There are 4 Institutes maintained by the University e.g. Institute of Psychological Research & Services, Institute of Public Administration, Institute of Music, and Institute of Library and Information Science. College of Arts & Crafts is fully devoted to the course of fine arts and has been imparting teaching in painting, sculptures etc. A Faculty of Fine Arts has also been started and is located on the campus of College of Arts & Crafts. Directorate of Distance Education (DDE) is a separate unit catering to the needs of large number of students who are unable to get admission as regular students in Colleges or are in service in some institutions. The University is eager to start e-learning.

The University is also running the Master of Business Administration Course in the Department of Applied Economics and Commerce, the Department of Personal Management and Industrial Relation is having post-graduate Diploma courses in Industrial Safety Management and Rural Management and Welfare Administration. These are self-financed courses. The Population Research Centre is working in the Department of Statistics with the assistance of Ministry of Health and Family Planning, Government of India. It is a Centre for Population Studies & Publication Health.

The Patna University Computer Centre has conducted Post Graduate Diploma in Computer Application (PGDCA) course from the session 2008-09. P.G. Diploma in Bio-Informatics course at the Centre is likely to be started from the next session. Master in Computer Application (MCA) started after the approval of Hon'ble Chancellor in the Department of Statistics, Patna University. The Central Library is catering to the needs of the students and teachers, research scholars etc. and is located in the centre of the campus. The Library has been connected to internet and steps are being taken to computerize the working.

PEC UNIVERSITY OF TECHNOLOGY

Vidya Path, Sector 12

Chandigarh – 160012

Tel. : 0172-2753064, 2753277

Fax: 0172-2745175

Email : admissionug@pec.ac.in

The PEC University of Technology, Chandigarh was originally established as Mugalpura Engineering College at Lahore (now in Pakistan) on November 9, 1921. The name of the college was later changed to Maclagan Engineering College and it started functioning under the name on March 19, 1924. In the year 1931, the college got affiliated to Punjab University, Lahore. After partition in 1947, the college was shifted to Roorkee (India) and was renamed as East Punjab College of Engineering. In the year 1950 the word East was dropped and it came to know by its present name – Punjab Engineering College. Towards the end of December 1953, the college shifted to its present campus in Chandigarh to function under Govt. of Punjab. In 1966, with the formation of Union Territory of Chandigarh, the college came under control of Govt. of India through Chandigarh Administration. In October 2003, the Govt. of India notified the Punjab Engineering College as a Deemed to be University and thereafter it became known as Punjab Engineering College (Deemed University). In 2009, the Board of Governors renamed the institution as PEC University of Technology. In 1994 this institution was adjudged the best technical college in India by the National Foundation of Engineers. It occupies an area of 146 acres. Up to 1962, the college comprised of engineering departments of Civil, Electrical and Mechanical Engineering. Thereafter the college expanded & five new departments in the fields of Aeronautical Engineering, Electronics & Electrical Communication Engineering, Metallurgical Engineering, Production Engineering and Computer Science Engineering were added gradually. Recently a new department of Information & Technology has been added. In the year 1957, Highway Engineering was added as the first post-graduate course in the college. Gradually other post-graduate courses were subsequently added. Presently there are eleven post-graduate courses leading to Masters of Engineering degree in Highways, Structures, Hydraulics and Irrigation, Rotodynamic Machines, Electrical Power Systems, Environmental Engineering (Interdisciplinary), Electronics Metallurgical Engineering and C.I.M. Facilities for post-graduate studies exist for regular as well as for part time students. The college has facilities for research work leading to the award of Ph.D. degree in engineering in certain selected fields of different disciplines. The college also offers consultancy services in different disciplines.

The college is situated in Sector 12 at the north end of Chandigarh. The premises of the college is within a few minutes walk from the Punjab and Haryana Civil Secretariat, the Panjab University, Post graduate Institute Of Medical Education And Research (PGI). The campus is 9 Km from the Chandigarh Railway station and 5 Km from the main Bus Stand.

PEOPLE'S UNIVERSITY

People's Campus, Bhanpur
Bhopal-462037 , Madhya Pradesh
Tel : 0755-4005291, 4005265

Website : www.peoplesgroup.edu.in

People's University is situated in Bhopal, the beautiful "City of Lakes", capital of Madhya Pradesh. People's University has ten Constituent Institutes. Its campus is conducive and possess academic environment for education & career building in central India. Our journey began with an objective of " *Nurturing Humanity through Health & Educational Excellence*", when SJPN decided to establish educational institutes as centre for excellence.

People's University was established by the Madhya Pradesh legislature through an amendment in Madhya Pradesh Niji Vishwavidyalaya (Sthapana Avam Sanchalan) Adhiniyam-2007 as Madhya Pradesh Act (No.18 of 2011) - People's University, Bhopal as a state Private University and is empowered to award degrees as specified by UGC under Section 22 of the UGC Act 1956 through its main campus in regular mode with the approval of statutory bodies/councils, wherever required.

The Constituent Institutes of People's University are already recognized /approved by concerned Statutory Bodies/Councils like MCI/DCI/INC/AICTE/PCI & MP State Paramedical Council.

The People's University campus is spread over 69.19 acres of area near the National Highway No. 86 in Bhopal. It is credited to be Central India's largest single-campus University. Environment-friendly campus is home to several architecturally striking buildings where every need of staff and students is met. Tree-lined avenues and lush lawns dotted with beautiful flowering shrubs soothe the eye and create an ideal learning ambience

IT Enabled Campus

People's University is one of the few Indian universities, with state-of-the-art computing resources and network across the campus. Following are few prominent features:

- Dedicated IT Departments.
- Internet with dedicated leased line.
- High end Biometric systems for attendance of faculty.

PERIYAR MANIAMMAI UNIVERSITY

Periyar Nagar, Vallam
Thanjavur - 613 403, Tamilnadu
Ph: +91 4362 264600
Fax: +91 4362 264660
Email: admission@pmu.edu

Periyar Maniammai University is proud to be a unique institution of higher learning and academic excellence. In an endeavour to fulfil the dreams of our Mentor Thanthai Periyar and Annai Maniammaiyyar, the University is dedicated to its societal responsibility for transforming students from different parts of India and abroad into stalwarts by igniting their hidden talents. As it is located in a rural area, the students are admitted from a wide range of calibre and by personal attention, and modern teaching methodology towards a Product / Process / Demo / Case Study teaching, they are shaped into career oriented professionals with bright future.

The University is making efforts to create new horizons in the arena of technical education and research. Curriculum innovation is given priority by the University to make the courses industry and research oriented. The dedicated and qualified faculty members routinely preach and practice for outcome based learning which leads towards an excellent academic career for the betterment of the students. To be a world class innovative, competitive, up-to-date, academic institution providing technological and other inputs appropriate to the branch of study, a student has chosen to specialize. The mission of Periyar Maniammai University is to provide a well balanced, high quality education in Science, Engineering, Technology, Liberal Arts and Literature for undergraduate, postgraduate and doctoral students enabling them to contribute for growth of knowledge, gaining experience in problem-solving through excellence and uniqueness in teaching, research and service. The university shall imbibe a sense of appreciation with broad understanding of human values and shall develop expertise needed for transforming the world into a better place. It is also the mission of the university to offer programmes to improve the quality of life of rural, socially and economically disadvantaged women and needy people, by taking proactive initiatives to enable them live with economic independence with self-respect and dignity. The emblem of the University in the form of a circular disc carrying the name of the University in its peripheral has the picture of Thanthai Periyar and Annai Maniammaiyyar with the background of a burning torch representing the reforms proposed by them for eradicating superstitions and social evils and also informing the world that they are the torch bearers of social causes in this part of the world. The words Think, Innovate and Transform inscribed at the pedestal of the emblem stand for the watch words that guided the life of Thanthai Periyar and they are the golden rules governing the curricular and extracurricular activities of the University.

PERIYAR UNIVERSITY

Periyar Palkalai Nagar

Salem-636011, Tamilnadu

University Office(EPBX) : 0427-2345766 , 2345520

Fax : 0427-2345565/2345124

Email : periyaruni_vc@yahoo.co.in, drcheliam1960@yahoo.co.in

Website : <http://www.periyaruniversity.ac.in>

The Government of Tamil Nadu established the Periyar University at Salem on 17th September 1997 as per the provisions of the Periyar University Act, 1997. The University covers the area comprising the Districts of Salem, Namakkal, Dharmapuri and Krishnagiri. The University got the 12(B) and 2f status from the University Grants Commission and has been accredited by NAAC with B+ grade in 2007. The University is named after the Great Social Reformer E.V.Ramasamy affectionally called "Thanthai Periyar". The University aims at developing knowledge in various fields to realize the maxim inscribed in the logo "Arival Vilayum Ulagu" (Wisdom Maketh World)."Holistic development of the students" is the primary objective of the esteemed Periyar University. The University is located on the National Highway (NH7) towards Bangalore at about 8 Kms from New Bus Stand, Salem. It is well connected by frequent city bus services linking Salem and other places like, Omalur, Dharmapuri, Krishnagiri and Mettur.

Periyar University imparts higher education at three levels, i.e., through its Departments of Study and Research, Periyar Institute of Distance Education (PRIDE) and the affiliated colleges. The University has eighteen departments of study offering Post Graduate and Research Programmes and sixty six affiliated colleges. The Choice Based Credit System (CBCS) has been introduced for the various courses offered by the University from 2008-09 onwards. Periyar University is offering Four Certificate Courses from 2009-2010 onwards. The Certificate Courses are designed in order to cater to the current needs of the public. The Student Support Services of Periyar University are available through Library system, National Service Scheme, Youth Red Cross Society, Women's Welfare Centre and avenues for Sports and Games. The University has established the following Constituent Colleges (1) Periyar University Arts and Science College (PRUCAS) in 2006 at Mettur Dam, Salem District (2) Periyar University Arts and Science College in 2010 at Pennagaram, Dharmapuri District. Thanthai Periyar had been advocating throughout his life the importance of being rational and created a stir by his self respect movement. He incessantly toiled for social justice among people to liberating the down trodden women and insisted on the priority of one's mother tongue. The Periyar Chair was created in 1998 to inculcate these ideas in the minds of students. Periyar Institute of Administrative Studies (PERIAS) started functioning from March 2009. Apart from training students for preliminary and main examinations for the Civil Services, the institute plans to conduct various coaching classes for examinations conducted by different organizations like Tamil Nadu Public Service Commission (TNPSC) and Staff Selection Commission (SSC) in the near future.

PES UNIVERSITY

100 Feet Ring Road, BSK III Stage,
Bangalore - 560 085, Karnataka
Tel : +91 80 26721983, +91 80 26722108
Email : admissions@pes.edu

PES was established in 1972 at Bangalore, the Silicon Valley of India. PES is focused on four main educational areas: Engineering, Medicine, Management and Life Sciences. The institutions offer both foundation courses in these areas, as well as specialization with a Bachelors/ Master/ PhD Degree.

Combine years of experience in education with a unique curriculum world-class infrastructure, with a committed responsive faculty, unwavering commitment to the quality of education, today PES has more than 15,000 students, spread across four different campuses, Three state of art campuses in Bangalore and a Medical College with 750 bed hospital in Kuppam, Andra Pradesh.

To provide students with a sense of history, an understanding of values and ethics, a commitment to law and morality, an appreciation of human creativity and an analytical inquiring mind.

Our quality policy is to develop highly skilled human resources with the ability to adapt to an intellectually and technologically changing environment with the participative efforts of the management, staff, students and parents.

PES campuses are designed to support rigorous academic study and promote shared learning among a diverse student community. Together, they comprise over 3.5 million square feet of built up area and acres of generous, open grounds. With a 750 bed hospital, the PES Institute of Medical Sciences and Research at Kuppam, has a built-up area of more than 1 million square feet, while the PES University campus sprawls over 25 lush acres, PESIT South Campus will be a part of multi disciplinary University Campus.

All campuses incorporate infrastructure that matches the best in the country - ensuring that students have everything they need for a rich, stimulating campus life. The classrooms are planned to maximize light and space and students have access to the latest computing and research facilities. Be it cutting-edge laboratories for our medical students, fully equipped workshops for our engineering students or a compact hotel on campus to aid the Hotel Management course - we endeavor to develop and provide supporting infrastructure everywhere. Outside the classroom, secure hostels and modern cafeterias provide comfortable on-campus living, while excellent sports and recreation facilities give every student the opportunity to explore and develop their potential.

PLAKSHA UNIVERSITY

Block B, Sector 101, IT City Road
SAS Nagar, Mohali – 140306
Punjab
Email : info@plaksha.edu.in

Punjab Vidhan Sabha Bill No. 27-PLA-20.21. The Plaksha University, Punjab Bill, 2021. Plaksha University is a private university located in Mohali, Punjab, India. It is being set up by a group of over 60 business leaders and technology entrepreneurs. It is a corporate-funded technical university, which is being established under the Punjab State Private Universities Policy of 2010. It has received a Letter of Intent from the Government of Punjab.

The university undergraduate program, which will be offered from September 2021, aims to integrate engineering education and research with liberal arts, design and entrepreneurship. The Reimagining Higher Education Foundation, the sponsoring body of Plaksha, currently offers one-year Tech Leaders Fellowship, a residential post-graduate program in collaboration with Purdue University and UC Berkeley.

The 50-acres campus is being built near Chandigarh International Airport.

Website : <http://www.pondiuni.edu.in>

Pondicherry University, established under an Act of Parliament in the year 1985, has grown from strength to strength in all possible ways all these years and has become a place on the educational hub of the country. 15 Schools, 37 Departments and 10 Centres offering 175 PG & Research programmes are within its fold and housed in the 800-acre sprawling Wi-Fi-enabled vibrant campus, which is just 12 kms. away from the Puducherry town. It has all the state-of-the-art facilities in all the Schools and Departments paving the way for the students to have a student-friendly, result-oriented academic environment with green ambience. The University has three campuses. The Main Campus is located at Puducherry and the other two off-campus at Karaikal and Port Blair. The University has made a giant leap in promoting usage of Information and Communication Technology (ICT) products/ services in the areas of teaching / learning, research and administration. The Ananda Rangapillai Library at the University has a collection of more than 2-lakh books and over 25,084 e-journals, 7,455 e-books, 36 e-databases and 620 e-thesis. The campus has 19 hostels (13 for Boys & 6 for Girls), state-of-the-art laboratories, free transport on and off the campus, excellent sports facilities, etc. It offers rent-free accommodation to all girl students and provides totally-free education to all the differently-abled students. The campus has 100% power back-up to all the Departments and Hostels of the University. A 24-hour-hospital with fully-equipped Ambulance is yet another facility on the campus.

The University has over 400 faculty and 6100 students from across the country on its rolls. There are over 45,000 students in its 87 affiliated colleges. The thrust areas of the University will be Research and Innovations both in Sciences and Social Sciences. It has already got visibility with respect to Science and Social Sciences with MHRD and UGC because of SAP, FIST, DST, DBT, DIT, etc. Students are selected through an All-India Common Entrance Examination. They will be a part of the excellent ambience. They will live among the nature, in the nature and also study the nature and contemporary studies developed through technology will make them more competitive and have an edge over the students from other Universities. Although the nomenclature of the courses may appear similar, it will be a challenge meant for any aspirants to exploit the available opportunities through the state-of-the-art Infrastructure, young motivated and experienced faculty and, above all, a student-friendly atmosphere in a truly National character. We have students from almost all the States of the country i.e. unity in diversity. Our gates are open to all those young wards who wish to contribute to the society in spheres of their choice.

POSTGRADUATE INSTITUTE OF MEDICAL EDUCATION AND RESEARCH

PGIMER, Sector-12,
Chandigarh- 160 012
Phone: EPBAX: 0091-172-2746018, 2756565, 2747585
Fax: 0091-172-2744401, 2745078
Email: pgimer-chd@nic.in
Website : <http://pgimer.edu.in>

The PGIMER owes its inception to the vision of late Sardar Partap Singh Kairon, the then Chief Minister of Punjab and the distinguished medical educationists of the then combined state of Punjab, supported by the first Prime Minister of India Pt. Jawahar Lal Nehru who considered the institutions of scientific knowledge as temples of learning and the places of pilgrimage. The institute started in 1962 and Pt Jawahar Lal Nehru inaugurated the hospital now named "Nehru Hospital" on 7th July 1963. The Institute was originally under the Government of undivided Punjab. After the reorganization of the state, the administrative control of the institute passed on to the Union Territory of Chandigarh in November 1966. The Institute became an autonomous body under the Act of Parliament in 1967 functioning under the Ministry of Health and Family Welfare, Government of India, with the following mandate.

- Provide high quality patient care.
- Attain self-sufficiency in postgraduate medical education and to meet the country's need for highly qualified medical teachers in all medical and surgical fields.
- Provide educational facilities for the training of personnel in all-important branches of health activity.
- Undertake basic community based research.

The founders of this Institute Prof. Tulsi Das, Prof. Santokh Singh Anand, Prof. PN Chuttani, Prof. BN Aikat, Prof. Sant Ram Dhall and Prof. Bala Krishna laid the path of excellence for the Institute

आर्त्त सेवा सर्वभद्रः शोधश्च

Postgraduate Institute of Medical Education and Research, Chandigarh was mandated to:

1. Provide high quality Patient care.
2. Attain Self-Sufficiency in postgraduate medical education and to meet the country's need for highly Qualified medical teachers in all medical and surgical disciplines.
3. Provide Educational facilities for the training of personnel in all important branches of health activity.
4. Undertake Basic Community based research.

The mission of PGI is engraved in its logo which reads meaning आर्त्त सेवा सर्वभद्रः शोधश्च "Service to the Community, Care of the Needy and Research for the Good of all".

Potti Sreeramulu Telugu University is one of the few language universities in the country. It was established as “Telugu University” on 2nd December 1985 through an Act of Legislation (Act No. 27 of 1985) with head quarters at Hyderabad and campuses at Sri Sailam and Rajahmundry.

Later in the year 1989 the Siddhendra Kalakshetram at Kuchipudi merged with the University. The School of Folk and Tribal Lore was established at Warangal during the year 1994.

This University was founded with the broad objectives of serving the cause of the Telugu people, both within the State and outside. For this purpose, the state government has merged the Sahitya, Sangeetha, Nataka, Nritya and Lalitha Kala Academies, International Telugu Institute and Telugu Bhasha Samithi into the University.

Thus, the University was established to function as a central organization for teaching and research in Language and Literature, History and Culture, Fine Arts and Performing Arts, religion and philosophy of the Telugu speaking people. It strives to inculcate a sense of identity in them as citizens of India and as responsible representatives of Andhra Pradesh.

This University was renamed as Potti Sreeramulu Telugu University in the year 1998. The University Grants Commission has recognized the University as fit to receive financial grants since 2nd May 1990.

P.P. SAVANI UNIVERSITY

NH 8, GETCO, Near Biltech
Village: Dhamdod, Kosamba
Dist.: Surat – 394125, Gujarat
Tel.: 02629-296788
Mobile: +91 9879608000
E-mail: info@ppsuv.ac.in

P P Savani Education Trust was launched in 1987, initially with a school, which over the years expanded itself with a group of schools in Surat district with a student strength of more than 45,000.

In 2016, the Trust has expanded its horizon with the launch of P P Savani University, as an initiative in higher education aligned with global standards of excellence. Through this immersive educational endeavor, the Governing body aims to introduce South Gujarat to a new era in higher education and create a talent pool of professionally sensitized industry-ready professionals. A world class 100 acre campus has been developed which embodies an infrastructure facilitating undergraduate, postgraduate, research, certificate and skill-development programmes.

VISION

To emerge as a Centre of Excellence and Innovation, nurturing potential of students in preparing them to become competent professionals having concern for social values.

MISSION

To nurture the highest quality of academic excellence and empower students with immersive knowledge and scholastic integrity.

To achieve academic leadership by deep linking initiatives in collaborative research, training and consulting.

To create a cusp of knowledge freely accessed by academia and industry with an intent to impact society for the greater good.

PRAGYAN INTERNATIONAL UNIVERSITY

Booty More, Ranchi – 834001, Jharkhand

Website: www.pragyanuniversity.edu.in

Pragyan International University, Ranchi, Jharkhand, has been established by the Government of Jharkhand vide Act No. 11 of 2016 as per Sec 2(f) of UGC, Government of India. The Act received assent of the Governor of Jharkhand and was published under the Government of Jharkhand Gazette Notification No. 312 of 2016, dated 16th May, 2016. Pragyan International University is recognized under Sec 2(f) of UGC, Govt of India and empowered to award degrees as per Sec 22 of UGC Act, 1956. Pragyan International University has been established on the foundation of progressive academic principles. The University carries the heritage of pioneering higher education in India based on International models. It endeavors to maintain the same high standard to achieve global presence. At Pragyan International University, academic programs are benchmarked against the academic and professional standards. Courseware is periodically reviewed to meet industry requirement and student aspiration. The courses are designed to give students an opportunity to apply their intelligence, creativity, and leadership skills to the challenges of the technology driven world. Pragyan International University aims to equip students not only with the academic inputs but also with diversified skills, knowledge and attitude to provide a doorway to rewarding careers. A wide variety of programs are on offer that cover a range of career-oriented qualifications. The education system at Pragyan International University focuses on imparting knowledge, developing skills and competencies. Pragyan International University has been established by Pragyan Foundation, a Not-For- Profit Institution based out of Kolkata. The Trustees of Pragyan Foundation (Sponsoring Body) have been actively engaged in the field of education since 1991 (over 25 years) and have brought their rich experience and expertise in the establishment of Pragyan International University, designing its programmes, hiring the best faculties, offering the finest infrastructure and offering industry-oriented job ready and practical education. The Trustees of Pragyan Foundation have been majorly associated with the impart of education on Holistic Health Sciences including Yoga, Naturopathy, Physiotherapy, Nutrition, Wellness, etc. and promotion and propagation of the importance of Spirituality, Oriental Sciences and Heritage, and World Peace over the last 25 years. Over 1,00,000 students on Holistic Health Sciences were taught and professed by the Institutions run by the Trustees and their philanthropic activities in the promotion of Spirituality, Heritage, Culture and Peace reached the lives of many millions around the world and resulted in tie-ups with more than 200 world-class institutions worldwide for student and research exchange. Through the establishment of Pragyan International University, Pragyan Foundation aims at furthering the noble cause that the Trustees have already been indulged in and reaching out to many more people worldwide through this recognized platform.

Pratap University commenced its journey in the year 1995, with a mission to provide wholesome and quality education to the youth of the nation. From a modest beginning of just one school in Kanpur, our family has expanded to

- 7 Schools,
- 9 Colleges
- & a University

located across the cities of

- Kanpur,
- Lucknow,
- New Delhi
- & Jaipur

& Jaipur. We have been providing excellence in education by offering various courses in the diverse streams of

- Engineering,
- Management,
- Dental,
- Pharmacy,
- Information Technology,
- Mass Comm.,
- Fashion Technology,
- Interior Designing
- And many more
-

Our campuses, spread over in several hundred acres of lush green surroundings, boast of modern infrastructure, well equipped libraries and laboratories. Together, we work as a team of more than 1000 highly qualified faculty members committed to shape the future of over 10000 students.

It is our ultimate goal to make each student both 'CAPABLE and EMPLOYABLE' by giving him umpteen opportunities to showcase his/her talent through various extracurricular activities and excellent campus placements.

PRAVARA INSTITUTE OF MEDICAL SCIENCES

At/Post : Loni Tal:Rahata, Dist: Ahmednagar - 413736

Tel: +91-2422-273600

Fax : +91-2422-273413

Email : contact@pmtpims.org

Website : <http://www.pravara.com>

Pravara Institute of Medical Sciences University was established under Section (3) of the University Grants Commission (UGC) Act 1956 on 29th September, 2003 by Government of India, Ministry of Human Resource Development vide its notification No. F.9-11/2000-U-3. The Pravara Medical Trust is the parent Organisation of the University and was established in 1972 in a small village Loni of Ahmednagar District (Maharashtra State) by a visionary Dr. Vitthalrao Vikhe Patil, the founder of Co-operative movement in India. In 1976 the Trust started providing primary and secondary level medical care with establishment of a modest hospital of 100 beds and over a period of time the hospital grew in to 800 beds multi-disciplinary, superspeciality medical institute with state of art facilities.

The following institutes under the ambit of the University

1. Rural Medical College & Hospital, Loni
2. Rural Dental College & Hospital, Loni
3. College of Physiotherapy & Rehabilitation Center, Loni
4. College of Nursing, Loni
5. Centre For Social Medicine, Loni
6. Center for Biotechnology, Loni

The University is unique in more than one way. It is specialised in Medical and Health Sciences with a dedication to serve the society as a Center of Excellence with emphasis on socially meaningful medical education, health care and research. The trust has received accolades from His Excellency Dr.A.P.J. Abdul Kalam, President of India for the pioneer work done in the field of integrated rural Development and appreciated the participative model of Integrated Rural Development followed at Loni as Role Model for the development of Rural India and has been referred by his Excellency as operative model of PURA- Providing Urban Amenities to Rural Area. The Pravara Institute of Medical Sciences - Deemed University at present offers various under graduate , post graduate and Diploma level programs. This University has the same status as that of other statutory Universities in India. The degrees, diplomas and certificates awarded by the University have approval of the Government of India, Govt. of Maharashtra and other states as well as the University Grants commission (UGC), Medical Council of India (MCI) Dental Council of India (DCI), All India Physiotherapists Association (AIPA) Rehabilitation Council of India (RCI) and Nursing Council of India (INC). The infrastructure developed at the University Campus provides an opportunity to the meritorious students to become, appropriate and needbased health providers in their own environment.

Presidency University's vision is to be a world-class University. We believe in nurturing talent amongst all those who enter our portals. Through this close nurturing of talent and skills in each individual, we aim to transform students to become successful professionals and responsible citizens. We accomplish all these through excellence in teaching, best in pedagogy borrowed from the world, an efficient research and study cell, and service and community development in focus. Our commitment is towards shaping lives of students through scholarly exposure, pedagogy and learning and that which contributes to making the youth future ready for the world at large.

The University aims to build careers of youngsters who are on the threshold of completing basic education and are seeking tertiary education to enable them to become employable. The fields of education offered initially are Engineering, Management and Law. The University has plans to offer Degree programmes in Health Sciences, Humanities, Basic Sciences and Performing Arts.

Presidency University offers programmes in higher education aiming at transforming aspiring youth into highly focused, value-based and employable professionals. Highly qualified faculty members with a proven record in prestigious global institutions share their knowledge, research and deep domain expertise with the students. The verdant campus spread over sixty acres offers all the necessary infrastructure to make life a rewarding experience for the students.

The 'Hindoo College', established in 1817, was transformed into the 'Presidency College of Bengal' in 1855. The Hindoo College was the earliest institution of higher learning in the modern sense in Asia. The Presidency College introduced western education in the historical sense of the term and was originally a non-government college meant for the sons of the Hindu community alone. But the Centenary Volume (1955) notes: 'The most striking feature of the Hindu College was its determined effort to impart secular education.' In 1855 when the Hindoo College was renamed Presidency College, it became a government institution. The college now represented non-denominational secularism and admitted young men from all communities. However, it was only in 1944 that girls were permitted to join the college. Since then, the college has been a co-educational institution.

The Hindoo-Presidency College, which aimed from the beginning at a liberal, scientific and secular education, stood on the side of the 'Anglicists' in the famous Anglicist-Orientalist debate. This meant that the college stood for modern, western education in the English medium. This, however, would not entail a neglect of Indian themes and subjects. This was borne out by the contribution of the students of the college to Bengali language and literature. The subjects taught at the outset were English, Bengali, Sanskrit, History, Geography, Chronology, Astronomy, Mathematics, Chemistry and some other science subjects. In addition, Law, Commerce and Engineering were taught for some time, but teaching of these was discontinued later. Consequently, the college emerged as the most celebrated institution in India to impart a humanistic and scientific education.

The pioneering discoveries of Jagadish Chandra Bose and Praphulla Chandra Ray in Physics / Plant Physiology and Chemistry respectively were made in the laboratories of the college. Teaching of both liberal arts and empirical sciences acquired true excellence in the nineteenth century and the tradition continued even after independence. Bankim Chandra Chatterjee and Anandaram Barooah, students of the college, enriched Bengali and Assamese literature. S.N.Bose, M.N.Saha, P.C.Mahalanobish, Amal Kumar Raychaudhuri, Shyamal Sengupta, Ashoke Sen made world-class contribution in the field of basic science. Amartya Sen and Sukhamoy Chakraborty made contributions to economic theory in the decades after independence. These names are merely illustrative, for the alumni of the college have distinguished themselves both nationally and internationally in various fields. The college, amongst whose alumni were a President of India (Dr. Rajendra Prasad), a Prime Minister of Pakistan (Muhammad Ali of Bogra) and a President of Bangladesh (Abu Sayeed Chowdhury), has a challenging past to live up to.

PRIST University, Ponnaiyah Ramajayam Institutions, made a foray into the academic domain, with the establishment of Sri Ram Institute of Computer Science and Technology in 1985. Over time, various institutions of higher learning such as an Arts and Science College, College of Engineering and Technology, College of Education, Research Institution, Polytechnic College, added feathers to the PRIST crown.

Today, PRIST commands a massive student base, spread across a whole array of campuses such as Trichy, Kumbakonam, Puducherry, Chennai, Madurai etc.

The academic reach extends right from school education up to the level of the Ph.D Doctoral programmes in a rich array of disciplines such as Medicine, Engineering, Arts & Science, Education, Pharmacy, Management, Technology etc.

To create a reservoir of human resources towards making a happier and healthier society.

To make learning endeavors a lifelong process and thereby allow the benefits to percolate down to enhance the quality of life of all members of the society and allow it to grow to be a more human and considerate knowledge society.

To educate and train the future leaders of various professions and to inculcate in them skills and abilities for life long learning and growth.

To conduct research and create new knowledge as an integral part our education programme and its continued renewal for the enhancement of the quality of the profession.

To create and sustain an educational environment to provide an ambience not only for materialistic search but also for spiritual quest.

PROFESSOR JAYASHNKAR TELANGANA STATE AGRICULTURAL UNIVERSITY UNIVERSITY

Rajendranagar, Hyderabad - 500 030, Telangana

EPABX: 040-24015011 to 040-24015017

040-24015161 to 040-24015163

E-mail : regrpjtsau@gmail.com

website : www.pjtsau.ac.in

Prof. Jayashankar Telangana State Agricultural University (PJTSAU) named in honour and memory of Professor Jayashankar, an eminent educationist and an ardent Telangana ideologue is the only Farm University of Telangana state which came into being in the event of the bifurcation from Acharya NG Ranga Agricultural University , the only farm university for erstwhile United State of Andhra Pradesh. The State of Telangana was born on June 2nd 2014, as per the notification of Andhra Pradesh Reorganization Act.2014 and the Prof. Jayashankar Telangana Agricultural University was established as per the Telangana Govt's G.O. Ms No.7, Agricultural and Cooperation (Agri III) Department, Govt. of Telangana dated 31-07-2014 adapting the ANGRAU Act 1963 as "The ANGRAU Act of 1963 (Telangana Adaptation) order, 2014".

It caters to the needs of an enterprising farming community of Telangana, which is endowed with abundant natural resources, diverse soil and agro-climatic conditions suitable for varied cropping systems and has the potential to become the 'Seed bowl of India' A bust size bronze statue of Professor Jayashankar was unveiled by Sri. K.Chandrasekhar Rao, the Hon'ble Chief Minister of Telangana on 6th August, 2014 at the main campus of the University.

After bifurcation, the PJTSAU has five constituent colleges with three of those devoted to faculty of Agriculture, one to faculty of Agricultural Engineering and Technology and one to faculty of Home Science. In addition, there are nine polytechnics (seven in Agriculture, one each in Seed Science and agricultural Engineering). There are 16 Agricultural research stations, including three Regional Agricultural Research stations, Nine District Agricultural Advisory and Transfer of Technology centres (DAATTCs), six Krishi Vigyan Kendras (KVKs), one each of Extension Education Institute(EEI), Agricultural Information and Communication Centre(AI&CC), Agricultural Technology Information Centre(ATIC, Electronic Media Wing and Farmers call Centre spread across the state with scientific ,supporting and administrative staff, apart from a good contingent of labour force.

PUDUCHERRY TECHNOLOGICAL UNIVERSITY

East coast Road, Pillaichavady,

Puducherry - 605 014

Phone No: 0413-2655281-288, Fax: 2655101

Website : <https://www.ptuniv.edu.in/>

Puducherry Technological University (PTU) is the first state University of Union Territory of Puducherry. It seamlessly came into existence on 5th September 2020 upon the elevation of erstwhile Pondicherry Engineering College - PEC (established in the year 1985 under the 7th five-year plan) with the University status. PTU began its journey with a position of pre-eminence and rightly stands as one of the finest engineering schools offering Bachelors, Masters and Doctoral study programmes in the prominent disciplines of Engineering/Technology, Science, Management and Entrepreneurship.

Highly qualified faculty, diverse student population from across the country, best-of-breed infrastructure and an expansive campus sprawling over 185.8 acres of luscious green landscape on the shores of tantalizing Bay of Bengal present a vibrant ecosystem for the pursuit of intellectual excellence. Thirty-six years on since its original inception, PTU has built a legacy for itself and stands in good stead in terms of discernible academic parameters. NIRF, MHRD, Govt. of India has ranked us at 150 under the category of engineering education. PTU alumni are spread far and wide across the globe holding eminent positions in top global Corporates, Universities and Civil Services. Some of them own successful enterprises in India and abroad. Such accomplishments stand testimony to the quality of education we have been offering from the classrooms of PTU.

Vision

- To evolve into a university of global eminence through transformative learning and research in frontier areas of engineering and technology towards developing holistic technology leaders, innovators and entrepreneurs.

Mission

- To create a conducive environment and challenging learning opportunities to shape, nurture and promote the innate scholastic capabilities of students and scholars through a socially relevant and outward-facing curriculum.
- To establish the best-of-breed Centres of Research (CoRs) and create an ecosystem for innovation and independent thinking in multidisciplinary areas of science, engineering and technology.
- To build synergistic partnerships with leading universities and technology corporates around shared agendas towards enabling a smooth transition for graduates from university to academia and industry.
- To promote entrepreneurial spirit, sustainable development outlook and build strong leadership capabilities.

PURNEA UNIVERSITY

Pratap Nagar, Purnea - 854301,
Bihar

Helpline : 06454-223223

Email : purnea.vc@gmail.com

registrar@purneauni@gmail.com

Purnea University, Purnia which was carved out of Bhupendra Narayan Mandal University, Madhepura on 18th March 2018 by an act of Bihar Assembly which was notified in Bihar Gazette (Ashadharn) on 17th August 2016 under Bihar State University Act (BSU ACT 1976) amended under section 3(1) of Bihar Act 23, 1976 and called the Bihar State Universities Amendment Act 13, 2016. The nomenclature 'Purnea University' has sprung from the name of the Purnea district itself. Purnea University is formed to cater to the needs of higher education of Purnea Division spread over four districts namely Purnea, Araria, Kishanganj and Katihar. The university envisions to become a globally acclaimed academic and research institution that will inspire meaningful transformations to ensure holistic growth and development of the society. The mission of this university is to generate a community of scholars for best teaching and learning practice around the world, to inculcate in the learners ethical, ecological and economic issues of knowledge, to provide knowledge-based scientific solutions to satisfy the needs of society and industry. The university is committed to be a world-class excellence in education in the coming years.

At present, University runs in the campus of Purnea College, Purnea but very soon it will have its own campus in which offices, residences, Sports & Cultural spaces, Academic & Administrative blocks, Conference Halls, Examination Halls, Libraries, Laboratories, Guest Houses, University Health Care Centre, Hostels, Canteen, Yoga and Dhyan Kendra, Information and Communication System (ICS) cell, Training & Placement Cell, International Affairs Cell and all other basic amenities will be available.

Currently, Purnea is a centre of education in the north-east Bihar region. Purnea University comprises of 13 constituent colleges, 33 affiliated colleges including B.Ed, Engineering, Management and Medical institutions spread across Purnea Division.

PUNJAB AGRICULTURAL UNIVERSITY

The Punjab Agricultural University was established in 1962 to serve the state of erstwhile Punjab. On trifurcation of Punjab in November 1966, Haryana Agricultural University was carved out of PAU by an Act of Parliament in February 1970.

Later, in July 1970, Himachal Pradesh Krishi Vishvavidalya was established. In 2006 the College of Veterinary Science was upgraded to become Guru Angad Dev Veterinary and Animal Science University (GADVASU) at Ludhiana.

The Punjab Agricultural University (PAU) is located in Ludhiana city (Punjab State) in north-west India at a distance of 316 km from New Delhi. It is well connected by road and rail with the national capital. Situated on the Ludhiana - Ferozepur Road, the University covers an area of 1510 acres on its main campus and 4615 acres at the regional research stations. Modeled on the pattern of land grant colleges in U.S.A., the PAU performs the integrated functions of teaching, research and extension in agriculture, agricultural engineering, home science and allied disciplines.

The University has well equipped laboratories, library and lecture rooms and elaborate farm facilities. Hostel accommodation is available in the university hostels for single students. Married students, if accompanied by their family members, will have to find accommodation outside the campus.

The PAU has played a key role in increasing food grain production in the Punjab State several folds share its reputation and ushering in an era of Green Revolution in India. It has also made notable contributions in increasing livestock and poultry production. In recognition of its outstanding achievements in agricultural research, education and extension, it was adjudged the Best Agricultural University in India in 1995.

The Punjab Agricultural University now has four constituent colleges, viz. College of Agriculture, College of Agricultural Engineering, College of Home science and College of Basic Sciences & Humanities.

At present the University, through 28 departments in the four constituent colleges, offers 31 Master's and 30 Ph.D. programmes. The course curricula are constantly revised and restructured to keep pace with the latest developments in agriculture and allied fields.

PUNJAB ENGINEERING COLLEGE

(Deemed to be University)

Punjab Engineering College (Deemed to be University) (PEC) having its roots in Lahore as Mugalpura Engineering College since 1921, moved to its present campus in 1953 as PEC affiliated to Panjab University. The institute became Deemed University in 2003 through a MHRD notification and rechristened as PEC University of Technology in 2009. It is a Grant-in-Aid institution under administration of Union Territory of Chandigarh, Government of India. The institute has a 146 acres sprawling and pious campus and is house of Chandigarh College of Architecture also. The academic and administrative processes are similar to IITs in the country. The institute governance is through a vibrant Board of Governors, chaired by a renowned industrialist, Sh. Rajinder Gupta. The institute is headed by a Director on 5 years tenure; a position, which is equivalent to Vice Chancellor of Universities.

The Institute offers 8 Undergraduate B. Tech. Programmes and 14 Post graduate M. Tech. Programmes in various disciplines of engineering and technology. After becoming University, the institute has also started Ph.D. programme in various disciplines of engineering, science, management, humanities and social sciences. The admission to UG and PG programmes are made through national level examinations namely JEE (Mains) and GATE respectively. There are 9 academic departments and 2 centers of excellence.

The faculty of academic departments and centers is involved in cutting edge research and development works. The institute collaborates very closely with research organisations, industries, alumni and other academic institutions both India and abroad, and has signed MoUs to pursue joint research in niche areas. The students graduating from this institute are placed in highly reputed companies with handsome salary packages. With a history of about 96 years now, the institute has produced a number of alumni who have earned name and fame both for themselves and the institute.

Punjab Engineering College (Deemed to be University) imparts quality and socially relevant education in engineering at undergraduate, postgraduate and doctorate levels. Faculty and students of its department are involved in research activities of interest to society and industry. Our curricula derive its strength from the design and project contents. We strive to strengthen further our research programs as well our relationship with industry by supporting our faculty and students to work on sponsored research and industrial projects and consultancy. We encourage collaborative programs, which enhance interaction of our faculty and students with industry.

The Institute website provides information on its resources and activities. It is an opportune moment to invite potential Industries and other academic and research organizations to explore their relation with Punjab Engineering College (Deemed to be University), Chandigarh.

PUNJABI UNIVERSITY

NH 64, Urban Estate Phase II

Patiala, Punjab 147002

Website : <http://www.universitypunjabi.org>

Established on April 30, 1962 in the erstwhile princely state of Patiala with the main objective of furthering the cause of Punjabi language, art and literature, Punjabi University has since evolved into the largest University in the state. Spread over 600 acres of land, its 500 teachers are imparting instruction and guidance to nearly 9,000 students in a multi-faceted, multi-pronged and multi-faculty environment comprising 65 Teaching and Research Departments on its Campus, five Regional Centres, six Neighbourhood Campuses and 166 Colleges affiliated to it. A mutually-stimulating qualitative and quantitative swing in the direction of overall improvement marks the dynamics and mechanics of Punjabi University. Its multi-dimensional expansion has not only been quick-paced but steady, sustained and seamless, with each front paving way for the other. It didn't come across any cul de sac with unstinted support ever-forthcoming from its committed and resolute faculty. "Unprecedented and unique landmarks", "Innovative and grandiose concepts", "Unimaginable reforms", "Setting new landmarks and records" could easily be attributed as some of the catchphrases describing its unabated progress. The University has achieved a couple of milestones during its move towards furthering the overall development of Punjabi. Having published a record number of over 3,000 titles in Punjabi covering a wide range of areas and establishing a special Punjabi Reference Library, it has taken upon itself the responsibility of catering to the linguistic and cultural needs of the overseas Punjabis. The Punjabi reference Library has been created to build up a strong collection on Punjab history, culture, language and literature. The rich collection of over 1, 00,000 documents, of which around 58,000 have been donated by noted littérateurs and historians, add to the proud privilege of the Punjabi University. It also contains all Punjabi newspapers, magazines, books, diaries and rare manuscripts pertaining to the 19th and 20th centuries. More than 120 Punjabi newspapers and periodicals published anywhere in the world are available in this Library. The establishment of a Centre for Teaching of Punjabi as a Foreign Language (CTPFL) and an Advanced Centre for Technical Development of Punjabi Language, Literature and Culture (ACTDPLC) are the foremost instruments aimed at reaching out to the global community. While the CTPFL has already taught Punjabi to over 100 seekers from the USA, Canada, Russia, China and Singapore, the ACTDPLC has chipped in with providing a package for learning Gurmukhi/ Punjabi online, besides creating software for inter-script transfer between Gurmukhi and Shahmukhi. The Centre has now accomplished the unique distinction of launching the first of its kind a search engine in Punjabi.

Veterinary education initiatives in Telangana State can be traced back to the pre-independence times. Hyderabad Veterinary College was established on 05-08-1946 as a constituent college of Osmania University by His Excellency The Nizam of Hyderabad, a Princely state in the pre-independent India. Andhra Pradesh Agricultural University was established in the year 1964 on the lines of Land Grant Pattern of Farm universities in USA with headquarters at Rajendranagar, Hyderabad and all the Agricultural, Veterinary and Home Science colleges and Research Stations were brought under its administrative control. Thus, the faculty of Veterinary Science remained in the fold of Agricultural University until 2005.

In the year 2005, Veterinary faculty was delineated from the Agricultural University and a separate University in the name of Sri Venkateswara Veterinary University was formed on 12-06-2005 with headquarters at Tirupati for focused development in Veterinary, Animal and Fishery Sciences. It was having Five Veterinary, Two Dairy Technology and One Fishery colleges, Fourteen Research Stations, Eleven Polytechnics, Two Krishi Vignan Kendras and Two Veterinary Hospitals under its administrative control. Consequent to the bifurcation of Andhra Pradesh state as Andhra Pradesh and Telangana states in the year 2014, the need for bifurcating Veterinary University also became imminent. Thus, Sri P.V. Narasimha Rao Telangana State University for Veterinary, Animal and Fishery Sciences was established by the Government of Telangana on 22.11.2014 with headquarters at Rajendranagar, Hyderabad and brought all the relevant institutes located in Telangana state under the fold of newly formed University duly delineating them from Sri Venkateswara Veterinary University.

RK University, formerly the RK Group of Colleges, is a leading University offering variety of courses ranging from Diploma studies to Doctorate research.

Since its inception in the year of 2005, the RK group of Colleges has made a constant endeavour to provide quality education and a platform for overall development to its students.

The journey from Group of Colleges to A State-Private University Status has been a daunting task with challenges and opportunities. It's a collective and constant effort of RK family that we have scaled this height.

Situated on the out-skirts of Rajkot City, the RK University has a sprawling and green campus of 40 acres with State of the Art infrastructure.

The RK University Campus is well connected through road with GSRTC Buses and private operators plying from city. The fully residential campus offers students a peaceful and conducive study environment along with facilities like hostel, mess and canteen, indoor and outdoor sporting activities.

The education pattern at RK University has a right blend of academia and industry with professionals, mentors, and advisors interacting with student throughout the year, offering enormous opportunities to our students for live projects, internships and placements.

RK University strives to provide rich and complete study experience to its students through cutting – edge amenities, research and innovation, that will assist students in building a successful professional path.

Rabindra Bharati University, was founded on May 8, 1962 under the Rabindra Bharati Act to mark the birth centenary of poet Rabindranath Tagore at his residential house at Calcutta for the advancement of learning and culture particularly in the branches of music, dance and drama. Assent of the President of India to the Rabindra Bharati Act passed by the Legislature of West Bengal, was first published in the Calcutta Gazette, Extra ordinary, of the 10th January, 1962. After the death of Rabindranath Tagore, the house belonging to Gaganendranath Tagore and Abanindranath Tagore on the south-west side of the main building was purchased by a private party.

Late Suresh Chandra Majumdar on behalf of Rabindra Bharati Society collected from public around Rs. 15 Lakhs and part of the money was paid to the private party to acquire the property as stated above. In the meanwhile the private party went to the High Court for enhancement of the award and the party was given additional award of Rs. 3 Lakhs by the court. As Suresh Chandra Majumdar was facing severe fund crisis, he asked the West Bengal Government to release suitable grant. An agreement was signed between the Government and Rabindra Bharati Society and as a condition of the grant, the Government was given the right to use Rabindra Bharati property for use of its proposed Dance, Drama and Music Institute. Accordingly, the Institute, namely West Bengal State Academy of Dance, Drama, Music and Visual Arts (present name) was established in 1955. Uday Shankar, Ahindra Chowdhury and Ramesh Banerjee were put in charge of Dance, Drama and Music respectively.

Uday Shankar subsequently left the Institute. In 1959, it was felt that the Government of West Bengal would establish a University as a memorial to Rabindranath. Since the original purpose of Rabindra Bharati Society was also the development Dance, Drama and Music, the general body of the Rabindra Bharati Society met and agreed that it should be merged with proposed university. The Government of West Bengal was further contemplating to celebrate birth centenary of Rabindranath Tagore. The Government thought that the best way to perpetuate the memory of Rabindranath tagore would be to acquire the family dwellings and utilize them for the purpose of establishing a university and persuaded Rathindranath Tagore to hand over the buildings including the room where Rabindranath Tagore breathed his last. In was also arranged that Viswa-Bharati publication division would vacate their occupied portion at "Bichitra.

RABINDRANATH TAGORE UNIVERSITY

- >> Various Educational Social Responsibility activities inside and outside the campus.
- >> Separate Hostel for Boys & Girls with Swimming Pool, Multi Gym & Bus facilities.
- >> Modern multi cuisine canteen.

Vision

To contribute to nation building by transforming people through quality education, creating knowledge and providing steady stream of competent and value driven decision-makers.

Mission

To create an ideal University keeping students at the centre of its aspirations and endeavours while manifesting wholehearted commitment to all it's stakeholders.

To encourage research by providing state of the art facility and with committed standards.

Competence, discipline, dedication and contribution to society will be the watchwords of the University.

RAFFLES UNIVERSITY

Japanese Zone, National Highway 8, Neemrana
Rajasthan 301020
Ph: +91-96729-75557, +91-99287-88888
Email : admission@rafflesuniversity.edu.in
Website : www.rafflesuniversity.edu.in

Raffles University, Neemrana was established by an Act of the Legislature is an autonomous body incorporated as per the Act and is a recognized university of the UGC. The amalgamation of teaching and research is fundamental to Raffles University and give students the knowledge of what existing and train them to look for the unknown with the help of innovative and multidisciplinary research tools. By cultivating a University research culture, the collaborative inputs of both faculty and students will pave the way to find new concepts, theories and products that will further help transforming the society.

The aim of the university is to provide education that meets global standards. The effort is designed to enable students to face professional challenges in a highly competitive world. The faculty acts as a guide and facilitator and the students are given case studies in advance so they can come well prepared and then there is discussion around the topic and brainstorming is done around it.

Raffles believe in the innovative learning environment where the students get an opportunity to find learning experiences both inside and outside the classroom. The philosophy is not to teach the students what to learn but how to learn so that they can be ready to meet any challenge that arises in their career path thus making learning extend far beyond the classroom to most of what the students experience for the rest of their life.

Raffles University is situated in NCR region, at Neemrana on Delhi - Jaipur National Highway No.8 and is just 2 Hours drive from New Delhi , very well connected by six lane express way.

Why Choose Raffles University?

- The University adheres to merit as the sole criteria in it's decision making.
- The academic programs help develop the stamina and diligence essential for success in the increasingly competitive international environment.
- All activities are designed with definite learning objectives for Individual development of students
- The programs offered at the University not only develop the capacity to work hard, but also the ability to think analytically and to solve problems.

RAICHUR UNIVERSITY

Jnana Tunga Campus
Yeragera – 584133, Raichur, Karnataka
Mobile : 944210055
Email : cdc.rur@gmail.com
Website : www.rucdc.in

The Karnataka State Government issued a Notification in connection with the establishment of Raichur University after the Hon'ble Governor Shri Vajubhai Vala gave ascent to the Karnataka State University. The Notification was issued for making Raichur University the 26th state-run University in Karnataka. According to the Notification, the territorial jurisdiction of the University will extend over Raichur and Yadgir Districts.

Raichur University is expected to come up on a 300-acre land and Colleges of Raichur and Yadgir Districts will be affiliated to the University from the next academic year. Though the University was a long-pending demand, efforts to set it up was initiated by the Government only a few years ago, after it appointed a special officer for the purpose. The University has been established for providing an opportunity for passionate students with a desire to achieve great heights in their careers and with openness to learning and new experiences.

The University has well-equipped classrooms with eminent scholars and field experts with an incredible track record of achievements leading all the courses. Newly graduated students will be able to experience their maiden postgraduate campus life soon, as Raichur University becomes operational this year. Bus facility for travel to and from the city are available for students to avail, whether during courses or for visitors to experience campus life.

The University authorities have welcomed all the students, guardians and visitors to visit, apply and start making the best possible use of Raichur University to achieve academic excellence of highbrow standards.

The State Government has decided to carve out Raichur University from Gulbarga University, Kalaburagi, keeping in view the interest of students and academic scholars. The Notification issued by the Government has directed Gulbarga University to provide office, salary, staff and vehicle for the special officer till the University becomes fully operational.

By order of the Karnataka State Higher Education Department and approval of the Vice-Chancellor of Raichur University, Colleges in the jurisdiction of Raichur University seeking affiliation to the University are requested to use the [online portal](#) to fill in and submit all required details for affiliations (new, continuations, extensions, permanence etc.) as well as make payments towards affiliation as outlined on this website and submit a copy of their affiliation to Raichur Univeristy at the earliest.

RAJA MANSINGH TOMAR MUSIC AND ARTS UNIVERSITY

Mahadaji Chok, Achaleshwar Mandir Marg, Gwalior – 474009, Madhya Pradesh

Tel : 0751-2452650, 2450241, 4011838, Fax : 0751-4031934

Email : vc.music2008@gmail.com; registrar.music2008@gmail.com

Website : <http://www.rmtmusicandartsuniversity.com>

Raja Mansingh Tomar Music and Arts University has been established at Gwalior under the Madhya Pradesh Act No. 3 of 2009 vide Raja Mansingh Tomar Sangit Evam Kala Vishwavidyalaya Adhiniyam, 2009. Unity in diversity is the cultural characteristic of India. The statements is fully in consonant with reference to Madhya Pradesh. It is one of the most recognized cetnres of arts and music from ancient times. It was also a centre for the teaching of Lord Krishna during the period of the Mahabharata in Sandipani Ashram of Ujjain. During the period of the Ramayan it was Chitrakoot which became the witness of Lord Rama's penances. So many rivers create the aesthetic beauty of Madhya Pradesh, Apart from the various rivers such as Narmada, Kshipra, Betava, Sone, Indravati, Tapti and Chambal. Madhya Pradesh has also given birth to many saints, poets, musicians and great persons. Ashoka the great, was associated with Ujjaini and Vidisha, Mahendra and Sanghamitra started spreading the teachings of Buddhism from here. Madhya Pradesh is the pious land of Kalidas, Bhavabhuti, Tansen, Munj, Raja Bhoj, Vikramaditya, Baiju Bawra, Isuri, Patanjali Padmakar, and the great Hindi poet Keshav. This is the province which always encouraged and motivated the artists. Raja Man Singh Tomar also nutured the arts of music, dance and fine arts here. From time immemorial Madhya Pradesh has been resonated with the waves of Music. Rani Roopmati, Tansen, Baiju Bawra are the witnesses of these facts. Gwalior and Raigarh Gharanas are very famous for classical Music. Who does not know the famous Pakhawaj playher Kudausingh and Ustaad Baba Allauddin Khan, Hafiz Ali Khan and Raja Bhaiya Sahab Poonchwale, Pandit Krishna Rao, Kathak Dancer Bapu Rao Sinde, Lata Mangeshkar, the melodious qeen of the art of singing and music, associated with Indore and Kishore Kumar with Khandwa. Bhim Betka is associated with paintings with primordial time. The caves of the Bagh are also comparable to the caves of Ajanta. Archaeological signs are still available in Gwalior, Ujjain, Bhopal, Dhar and Indore in various monuments, palaces and temples. Madhya Pradesh has a long history in the art of sculpture. The following monuments, such as the pillars at Sanchi, temples at Khajuraho, the famous court at Gwalior, Man Mandir, Gopachal, the temples at Mandu, the temple of Bhojpur and Rajwada and Lalbagh of Infore, the fort at Asirgarh, the pillar at Vidisha, the palace at Chanderi and Taj-ul-Mosque at Bhopal, Mahakaleshwar at Ujjain, the temples and palaces at Orchha are symbolic of cultural and an abiding importance of the heritage of the country. Madhya Pradesh is India in miniature in which we can visualize the composite culture which insunates the blood in the veins of positive actions and keeps the people together. The courses conducted by the University include Bachelor's, Master's and Doctoral Degrees and Diplomas in the areas of Hindustani Music, Violin, Tabla, Sitar, Painting, Sculpture, Applied Art, Drama, Theatre etc.

Nursing Colleges, six Post Basic B.Sc. Nursing Colleges, 41 Pharmacy colleges (B. Pharmacy), 27 Pharmacy (D. Pharma), 30 Bachelor of Physiotherapy Colleges (BPT), two Bachelor of Physiotherapy (BPT) colleges and four M.Pharm colleges, with Bachelor of Occupational Therapy College (BOT), B.SC. Radiation Technology College, Post Basic Diploma In Oncology Nursing College, B.SC. (HONS.) Ophtalmic Technology College and Baslp College

RAJASTHAN UNIVERSITY OF VETERINARY AND ANIMAL SCIENCES

Bijey Bhawan Palace Complex
Bikaner-334001 (Rajasthan), India
Tel : 0151-2540028, Help Line : 0151-2200064
Email : registrarrajukas@gmail.com
Nodal Officer Email : gahlotgcbkn@rediffmail.com
Website : www.rajukas.org

The Rajasthan University of Veterinary and Animal Sciences (RAJUVAS), Bikaner is a newly constituted body established under sub section (3) of section 1 of the Rajasthan University of Veterinary and Animal Sciences Act, 2010 consequent to carving out of units pertaining to Veterinary & Animal Sciences from Swami Keshwanand Rajasthan Agricultural University, Bikaner and Maharana Pratap University of Agriculture & Technology, Udaipur. The University came in to existence on 13th day of May, 2010 with His Excellency the Governor of Rajasthan as the Chancellor of the University. Professor A.K. Gahlot was appointed as first Vice Chancellor of the University. The University is located in heritage and palatial buildings of erstwhile Ganga Avenue housing the College of Veterinary and Animal Science, Bikaner (since 1954) and its precincts, spreading over 200 acres of land. The University has sophisticated equipments and well equipped facilities for execution of three major organs of the University, i.e., Teaching, Research and Extension. The Bijey Bhawan Palace, a magnificent red sandstone edifice designed by well-know architect Sir Swinton Jacob, was built by Maharaja Ganga Singh (1881-1942) as residence of his son Prince Bijey Singh in 1927. Two other buildings, the state Museum known as Sadul Sadan and State Library were also built contemporarily. These magnificent buildings are an example of pure Rajput martial architecture. They have several grand halls lounges, cupolas and pavilions. The exotic palatial buildings have magnificent pillars richly carved fire mantles, Italian colonnades etc. After independence, the Government of Rajasthan thought to open a veterinary college in the state. The custodians of the earst while state of Bikaner came forward and offered these three monumental buildings of the Ganag Avenue for the college along with a land of about 200 acres (1200 Bighas, as the measurement unit existed at that time). The University is having 3 constituent colleges i.e. at Bikaner, Navania-Vallabh Nagar (Udaipur District) and PGIVER, Jaipur. Out of this, the oldest one is College of Veterinary and Animal Sciences Bikaner, established in 1954. Recently, a new veterinary college at Jodhpur has been sanctioned by the Government of Rajasthan. There are 7 private veterinary colleges affiliated to RAJUVAS out of which two are situated in Jaipur District and one each in Bharatpur, Jhunjhunu, Sikar, Sriganganagar, and Dungarpur Districts. The graduate education is imparted as per Veterinary Council of India's Minimum Standards of Veterinary Education Regulation 1993 and 2008 through 17 departments. The University has also added four more institutes for providing two years diploma in Animal Husbandry at Jaipur, Vallabh Nagar (Udaipur), Chandan (Jaisalmer) and Nohar (Hanungarh). In all, the University has 51 institutes providing 2 years diploma in Animal Husbandry after 10+2 spread over whole Rajasthan producing about 2500 para-vets annually.

RAJENDRA UNIVERSITY

Rajendra University, Prajna Vihar,
Balangir Odisha-767002 India
Contact : 06652 250 307
Email : rajendrauniversitybgr@gmail.com
Website : www.rajendrauniversity.ac.in

Rajendra University, Balangir, recognized by UGC as a State Public University, owes its origin to an Intermediate College setup in Balangir in 1944 by Maharaja Rajendra Narayan Singhdeo, the ex-ruler of the erstwhile Patna State and one of the former Chief Ministers of Odisha. This College was subsequently upgraded to a Degree College in 1946. It was granted autonomy with effect from 01.04.2002. Because of its consistent efforts in opening up avenues for better teaching and learning atmosphere in higher education, it has been upgraded to a University with effect from 01 September 2020. Sprawl over 200 acres, it marks the grandeur of greenery in its entire campus. The meditative scholars of the university boast of its library, which is one of the oldest and most affluent in the state of Odisha. Since its inception, it has been consistently acting as a hub of knowledge for teachers and students, those who have been recognized worldwide in different domains of society. In addition, it is marked as a centre for disseminating the knowledge of local culture, tradition, and ways of life to the world.

The University functions under the administrative control of the Higher Education Department of the Government of Odisha, and is granted jurisdiction over the Colleges of the revenue districts of Balangir and Subarnapur imparting teaching in Arts, Sciences, Commerce, Teacher Education, and Medical education in Allopathy and Ayurveda. Prof. Dr. Uma Ballava Mohapatra, an eminent scholar as well as an experienced administrator has assumed office as its first Vice-Chancellor on 20 April 2021.

Vision

- We envisage transforming Rajendra University, Balangir, into a Centre of Excellence in higher education with a glorious teaching-learning-research ecosystem conducive to mentoring a professionally competent and socially responsible human capital.

Mission:

- To prepare the students and researchers of the University to achieve professional excellence in their chosen fields with an undiminished spirit of enterprise and abundant self-confidence to compete with their advantaged counterparts
- To develop the University as a much sought-after multi-disciplinary education and research University
- To build a vibrant campus with all kinds of fascinating extra-curricular activities to promote the inherent talents of the students and at the same time provide a platform to learn life skills such as cooperation, teamwork, communication, and resilience.
- To groom the students with profound democratic values, a solid/perfect respect for the Constitution, a spirit of selfless service, and an overriding sense of social responsibility.

RAJIV GANDHI NATIONAL AVIATION UNIVERSITY

Fursat Ganj
Distt. Raebareli
Uttar Pradesh

The Rajiv Gandhi National Aviation University Bill, 2013 was passed by Parliament and received the Presidential assent on September 18, 2013. The Act provides for establishment of the Rajiv Gandhi National Aviation University at Raebareli as a Central University. The University shall be under the administrative control of the Ministry of Civil Aviation, Government of India.

The University's objectives include: (i) promoting of aviation studies, teaching, training and research, (ii) providing institutional and research facilities, (iii) ensuring and regulating the quality of aviation education programmes in India, (iv) facilitating the development of skilled aviation manpower and (v) developing programmes for aviation service providers and training of manpower.

The University's powers include the power to: (i) provide and conduct educational programmes or courses for award of degrees and diplomas, (ii) recognise aviation training colleges and institutes and make provisions for maintenance of their standards, (iii) acquire, hold, manage and dispose any property, (iv) create and appoint teaching or other positions, (v) regulate conduct of the students and employees and (vi) obtain co-operation from the aviation industry.

The Central Government shall appoint a Visitor of the University to review its work and progress. His directions shall be binding on the University. The Visitor shall also appoint the Chancellor and the Vice-Chancellor. The Chancellor shall be the head of the University. The Act also provides for the establishment, powers and functions of: (i) the Court of the University, (ii) the Executive Council, (iii) the Academic Council, (iv) the Board of Affiliation and Recognition, (v) the Boards of Schools, (vi) the Finance Committee and (vii) other authorities. The Act provides for powers to make Statutes, Ordinances and Regulations. It specifies the matters regarding which these powers may be exercised. All funds received by the University, including contributions and grants from the Central Government, the State Government and the Aviation Industry shall be credited to the University Fund. The University shall also have the power to borrow, with the approval of the central government. The annual report of the University would include the steps taken by the University towards the fulfilment of its objects. It shall be tabled in Parliament by the central government. The annual accounts and balance-sheet of the University shall be audited by the Comptroller and Auditor-General of India and shall also be laid before Parliament. The University will launch Bachelor's, Master's and other Degrees shortly.

RAJIV GANDHI NATIONAL INSTITUTE OF YOUTH DEVELOPMENT

Chennai - Bangalore Highway, Beemanthangal,
Sriperumbudur – 602 105, Tamil Nadu. India
Phone : (091) 044 - 27163127, 27162705

Email : info@rgniyd.gov.in
Website : www.rgniyd.gov.in

The Rajiv Gandhi National Institute of Youth Development (rgniyd), Sriperumbudur, Tamil Nadu, is an Institute of National Importance by an Act of Parliament No. 35/2012 under the Ministry of Skill Development, Entrepreneurship, Youth Affairs & Sports, Government of India.

The RGNIYD was set up in 1993 under the Societies Registration Act, XXVII of 1975.

The RGNIYD functions as a vital resource centre with its multi-faceted functions of offering academic programmes at Post Graduate level encompassing various dimensions of youth development, engaging in seminal research in the vital areas of youth development and coordinating Training Programmes for state agencies and the officials of youth organisation, besides the Extension and Outreach initiatives across the country.

The Institute functions as a think-tank of the Ministry and premier organization of youth-related activities in the country. As the apex institute at the national level, it works in close cooperation with the NSS, NYKS and other youth organizations in the implementation of training programmes.

The Institute is a nodal agency for training youth as a facilitator of youth development activities in rural, urban as also tribal areas.

The RGNIYD serves as a youth observatory and depositary in the country thereby embarking on youth surveillance on youth-related issues. It has a wide network with various organizations working for the welfare and development of young people and serves as a mentor.

RAJIV GANDHI NATIONAL INSTITUTE OF PETROLEUM TECHNOLOGY

Ratapur Chowk, Rae Bareilly-229316, (U.P.)

Tel. : +91-535-2217427/2002593

Fax : 91-535-2211888/2217456

Website : www.rgipt.ac.in

E-mail : registrar@rgipt.ac.in

The Ministry of Petroleum & Natural Gas (MOP&NG), Government of India set up The Rajiv Gandhi Institute of Petroleum Technology (RGIPT) at Jais, Dist. Amethi, Uttar Pradesh through an Act of Parliament ("Rajiv Gandhi Institute of Petroleum Technology Act 2007"). RGIPT has been accorded the eminence of being an "Institute of National Importance" along the lines of the Indian Institutes of Technology (IIT). The Institute is empowered to award degrees in its own right. RGIPT is co-promoted as an energy domain specific institute by six leading Oil Public Sector Units (ONGC, IOCL, OIL, GAIL, BPCL and HPCL) in association with the Oil Industry Development Board (OIDB) [This however does not bind them to preferentially recruit from RGIPT]. The Institute is associating with leading International Universities/Institutions specializing in the domain of Petroleum Technology.

The prime objective of the Institute is to provide world class education, training, and research to roll out efficient human resources to meet the growing requirements of the Petroleum & Energy sector. The aspiration is to develop India as a global manpower hub for the entire Petroleum and Energy Sector.

RGIPT has an ambitious plan—to offer a number of Bachelors Degree and Masters Degree programs, PG diploma courses and Doctoral programs in Petroleum Technology and Management in phases. From the academic year 2008-2009, RGIPT has been imparting the MBA program and two Technical programs.

RGIPT ENVISIONS...

To serve as the fountainhead, for nurturing of world class 'PETROCRATS' capable of being the future leaders of technology and techno-innovation, in the broad field of Petroleum Technology.

THROUGH...

Creating a dynamic state of the art learning and working environment, where intellectual ideas are nurtured and new ideas creatively flourish, from which will emerge research scholars and graduates, with the ability to be the leaders and innovators of tomorrow.

RAJIV GANDHI NATIONAL UNIVERSITY OF LAW

Sidhuwal - Bhadson Road, Patiala, Punjab
Tel: 0175-2391600, 2391601, 2391602, 2391603
E-mail: info@rgnul.ac.in

Rajiv Gandhi National University of Law (RGNUL), Punjab, was established by the State Legislature of Punjab by passing the Rajiv Gandhi National University of Law, Punjab Act, 2006 (Punjab Act No. 12 of 2006). The Act incorporated a University of Law of national stature in Punjab, thereby fulfilling the need for a Centre of Excellence in legal education in the modern era of globalization and liberalization. RGNUL started functioning from its Headquarters-Mohindra Kothi, The Mall, Patiala w.e.f. 26 May 2006. The University acquired approval of the Bar Council of India (BCI) in July 2006. The University also got registered with the University Grants Commission (UGC), New Delhi under Section 2(f) of the University Grants Commission Act, 1956 and has been declared fit to obtain grant from the (UGC) under Section 12-B of the UGC Act, 1956. RGNUL was functioning from a heritage building of the erstwhile Patiala State, that is, Mohindra Kothi, The Mall, Patiala (from 2006 to 2013) located in the heart of Patiala city in a pollution free environment. The main campus of the University is at Sidhuwal, Bhadson Road, Patiala in an area of 50 Acres of land. The state-of-the-art Campus has an Administrative-cum-Academic Block, separate spacious Library Building, Auditorium, Sports Complex, Boys and Girls Hostels, Guest House, Community Hall, Health Centre, Residences, Stadium and other facilities. The construction and furnishing of Hostels is complete and all RGNUL Boys and Girls students are residing at the new Campus with modern amenities including air conditioning of each room. Faculty members are also residing in their apartments at the New Campus. Presently housed in “Academic Block” of the university, the air conditioned university library is an example of excellence. With world class library services and rich collection of books and journals, this computerized Wi-Fi library has on its shelves more than 28,000 volumes which include a comprehensive array of legal resources in both print and electronic formats. In addition 126 periodicals are subscribed too. The University has also set up Centre for Advanced Study in Criminal Law (CASCL); Centre for Consumer Protection Law and Advocacy (CCPLA); Centre for Advanced Study in International Humanitarian Law (CASH); School of Agricultural Law and Economics (SALE); RGNUL Institute for Competitive Examination (RICE); Bureau of Information for Study Abroad (BISA) and Directorate of Distance Education (DODE). The objective of these Centres is to undertake advanced study and research in the emerging areas of the respective fields, independently or in collaboration with professional institutions at the national or international levels; to bring about publications and produce study material in the respective fields of knowledge; organize seminars, workshops and conferences on contemporary and significant issues. Besides, there is an IGNOU School of Law functioning from Mohindra Kothi, the Mall, Patiala. The University has set up a Legal Aid Clinic under the aegis of Punjab Legal Services Authority. The University has also set up the Internal Quality Assurance Cell (IQAC) as per UGC guidelines.

Established in the year 1998, by Madhya Pradesh Vidhan Sabha Act 13, 1998. Over a sprawling Campus of about 247 acres, the Rajiv Gandhi Proudhyogiki Vishwavidyalaya is marching towards development into a center of excellence in the arena of Technical Education, Research and Innovations.

Under its umbrella there are 05 UTD's, 219 affiliated Engineering Colleges, 87 Pharmacy Colleges, 80 MCA Colleges and 05 Architecture Colleges imparting Graduate level instructions running around 21 under graduate level courses, 85 Polytechnic institutions offering diploma courses in emerging and conventional disciplines. Situated amidst an aesthetic and hilly surrounding, the University is now offering Ph.Ds and 69 post graduate degrees.

Rajiv Gandhi Proudhyogiki Vishwavidyalaya is truly a picture of modernization. With an extensive presence on the internet, Rajiv Gandhi Technical University has courses which can suit anyone. Courses offered Rajiv Gandhi Technical University offers undergraduate and postgraduate full time and online courses. They specialize in fields like Management, Forensic Science, Fashion, Engineering, Space Sciences, Social Work, Nanotechnology, Communication and Pharmacy. Facilities The University has provided air-conditioned amphitheatre style classrooms.

The Library of Rajiv Gandhi Technical University is equipped with books, periodicals, national and international journals, CD-ROMS, covering all aspects of academic studies and research material.

The main thrust of RGPV for next five year is on strategic interventions in four main areas i.e. Enhance opportunities for postgraduate education and research in areas of high relevance to nations science and technology capabilities.

Promote use of IT in technical education through promotion of e-Learning and web enabled teaching processes. Transforming the university into a knowledge enterprise through its focus on research and development, industrial consultancy and by establishing efficient and effective mechanisms for managing innovations.

RAJIV GANDHI UNIVERSITY

Rono Hills, Doimukh - 791 112

Arunachal Pradesh

Phone : +91 360 2277569

Fax : +91 360 2277684

E-mail : rgureg@gmail.com

Website : <http://www.rgu.ac.in>

Rajiv Gandhi University (formerly Arunachal University) is the premier institution for higher education in the state of Arunachal Pradesh and has completed twenty five years of its existence. Late Smt. Indira Gandhi, the then Prime Minister of India, laid the foundation stone of the university on 4th February 1984 at Rono Hills, where the present campus is located. Ever since its inception, the university has been trying to achieve excellence and fulfill the objectives as envisaged in the University Act. The University got academic recognition under section 2(f) from the University Grants Commission on 28th March, 1985 and started functioning from 1st April, 1985. It got financial recognition under section 12-B of the UGC on 25th March, 1994. Since then Rajiv Gandhi University then Arunachal University has carved a niche for itself in the educational scenario of the country following its selection as a University with potential for excellence by a high level expert committee of University Grants Commission from among universities in India.

The University was converted into a Central University with effect from 9th April 2007 as per notification of Ministry of Human Resource Development, Government of India.

The University is located atop Rono Hills on a picturesque tableland of 302 acres overlooking the river Dikrong. It is 6.5 km away from the National Highway 52-A and 25 km away from Itanagar, the State capital. The campus is linked with the National Highway by a Dikrong bridge. The teaching and research programmes of the University are designed with a view to play a positive role in the socio-economic and cultural development of the State. The University offers Under Graduate, Post-Graduate, M. Phil and Ph.D. programmes. The Department of Education also offers B.Ed. programme. There are fifteen colleges affiliated to the University. The University has been extending educational facilities to the students from the neighbouring States, particularly Assam. The strength of students in different Departments of University and in affiliated colleges has been steadily increasing.

The Faculty members have been actively engaged in research activities with financial support from UGC and other funding agencies. Since inception, a number of proposals on research projects have been sanctioned by various funding agencies to the University. Departments have organized a number of Seminars, Workshops and Conferences. Many faculty members participated in national and international conferences and seminars held within the country and abroad. Eminent scholars and distinguished personalities have visited the University and delivered lectures on various disciplines.

Rajiv Gandhi University of Health Sciences, centered in Bangalore, India, is a unitary university set up in 1996 by the government of Karnataka, India, for the regulation and promotion of higher education in health sciences throughout the state of Karnataka.

Rajiv Gandhi University of Health Sciences, (RGUHS), established by an Rajiv Gandhi University of Health Sciences Act of 1994, passed by Karnataka Legislature is dedicated to the motto of “Right for Rightful Health Science Education”. It is affiliating, teaching and a research University, headquartered in Bangalore. RGUHS is member of Commonwealth University, London, UK, Association of Indian Universities, New Delhi and Inter Universities Boards, Karnataka. About 680 colleges conducting professional courses in Medicine, Dentistry, AYUSH (Ayurveda, Yoga & Naturopathy, Unani, Siddha and Homoeopathy), Physiotherapy, Pharmacy, Nursing and Allied Sciences in Karnataka are affiliated to the University.

The courses conducted are approved by the Apex Bodies such as Medical Council of India, Dental Council of India, Central council of Indian Medicine, Central Council of Homeopathy, Indian Nursing Council, Pharmacy Council of India, All India Council of Technical Education, and University Grants Commission. The recognized courses range from undergraduate, post-graduate, fellowship, doctoral to certifications in various disciplines of Health Sciences. About 1.5 lakh students are studying in the RGUHS at any given point in time. Rajiv Gandhi University exercises superintendence and control over these 680 colleges in order to establish uniform standards par excellence in Academics and Administration of teaching and learning of Health Sciences. Besides, RGUHS directly deals with Advanced Research, Continuing Health Services Medical Education, Training of Trainers, Centers of Excellence, Technical Seminars and Conferences, to ensure that health services professionals are updated with latest developments in their respective disciplines. The vision of RGUHS is to be the World-class Health Services Knowledge Provider.

The mission is to:

- Improve quality of education and standards in the affiliated colleges
- Establish uniform standards par-excellence in Academics and Administration of teaching Health Sciences in these colleges

RAJIV GANDHI UNIVERSITY OF KNOWLEDGE TECHNOLOGIES

Ground Floor, Vindhya C4 Building
IIIT-H Campus, Gachibowli, Hyderabad - 500032
Telangana, Andhra Pradesh
Tel. : 040 23001830, Fax: +91 40 23001830
Email : registrar@rgukt.in

The idea to create IIITs in Andhra Pradesh came in April 2007, at the request of the Chief Minister of Andhra Pradesh. He was dissatisfied with the opportunities available to the rural youth and wanted to set up at least three IIITs in the three regions of Andhra Pradesh which would ensure better opportunities for rural students.

A Task Force was created under the Chairmanship of Prof. K.C. Reddy. This Task Force produced a report to the government recommending the structure and functioning of the proposed institutions.

In March of 2008, the AP Government created RGUKT by an Act of the Legislature as a full-fledged university which would initially admit roughly the top 1% of the rural students into the three residential campuses.

The first batch of about 6,500 tenth class graduates was admitted into a six year integrated program in August of 2008. The initial selection was based on the local best model where students receiving the top marks in every subject were selected

RGUKT Educational Objectives are :

The primary objective of establishing RGUKT was to provide high quality educational opportunities for the aimed rural youth of Andhra Pradesh. The initial goal was that at least the top 1 % of the rural graduates would be given the opportunity to study at RGUKT. The top 1% of rural graduates is around 6,000 to 7,000 per year. Thus, the three campuses would need residential accommodation for about 36,000 students for the six year integrated program. At present, most universities in India and in Andhra Pradesh follow the affiliated college structure model where the main role of the university is to set the curriculum and conduct examinations to ensure that the students have indeed learned the material prescribed in the curriculum. Most colleges have an entering class of 100-300. Having an entry class of 6,000 students leads to issues of scale. This is unique to RGUKT and is being attempted for the first time in India. In the US, several of the larger universities do have enrolments of 20,000 to 30,000. However not all of them tend to be residential universities. Thus RGUKT, as a green field university, represents a unique experiment in the educational arena.

RAJMATA VIJAYARAJE SCINDIA KRISHI VISHWAVIDYALAYA

Race Course Road, Gwalior – 474002

Madhya Pradesh

Phone : 9424086460, Telefax: 0751 – 2467066

The Government of Gujarat has established “RAKSHA SHAKTI UNIVERSITY” vide ‘The Raksha Shakti University Act, 2009’, Gujarat bill No-16 of 2009 in the sixtieth year of the Republic of India to prepare the youth of the state for becoming effective and efficient security personnel and to conduct courses and award degrees, diplomas and certificate for the said purpose. The Raksha Shakti University is a unique and first of its kind in India for conducting certificate, diploma and degree courses in the field of police science and internal security. Till the new University building becomes operational, the activities and the University will be carried out from the old SPIPA building situated at Meghaninagar, Ahmedabad. To establish as a center of excellence with social commitment, integrating modern, scientific and technological knowledge and skills in police and security administration, which is vital for maintenance of law and order and ensuring peace and harmony in society. To impart customised education to the youth of the country in all vital aspects of internal security to ensure a specialized and trained personnel available for employment in various security agencies like police force, defense, private security etc.

Objectives are :

To develop an institution in security science and management for training about excellence in all functions of security forces.

To facilitate research in all matters of internal security.

To extend the benefit of knowledge and skills with regards to law enforcement agencies thereby contributing to the development of individuals and society.

To provide facilities to teachers and students for learning process so that individual attention is provided to the students with the objective of promoting scholarship and excellence.

To develop and conduct teaching methodology for security forces thereby encouraging innovation in training.

To encourage and develop ideas and values enshrined in the constitution of India to bring about improvement in the working of police and other security forces.

To develop respect for the rule of law and faith in equitable administration.

Institute career oriented courses through continuing education and practice.

To carry out research work and organize programmes for better interaction of security forces with people.

To prepare youths of the state for becoming effective and efficient security personnel and to conduct and award degrees, diplomas and certificate for the said purpose.

RAMCHANDRA CHANDRAVANSI UNIVERSITY

Nawadihkala, PO & PS : Bishrampur
Palamu-822132, Jharkhand
Tel : +91 7209822782 +91 9572434557
Email: info@rcu.edu.in support@rcu.edu.in

Ramchandra Chandravansi University (RCUP) has been setup by Ramchandra Chandravansi Welfare Trust (RCWT) which was registered in the year 2006. Since its inception, the mission of the founding fathers has been to spread education to ordinary citizens of India, particularly those hailing from backward regions of the state of Jharkhand and India. With very humble beginning of two Intermediate Colleges 15 years back, RCWT has transformed itself into a diverse and excellent educational complex of technical, professional and medical related academic institutions.

The backward regions of Garhwa and Palamu throws up many challenges to introduce higher education. RCWT has developed a culture of sensitising and providing encouragement at the school level so that boys and girls feel more inclined to go for higher education after they pass out from school.

Every region and strata of our society imposes special demand on avenues of higher education which will be most beneficial and useful for them. It is observed that the Palamu and Garhwa districts as well as some other regions of the state of Jharkhand are economically backward regions. Same is the case with some of the adjoining areas of the neighbouring states of Chhattaigarh, UP and Bihar. These regions are dependent on agriculture and mining. Thus education at different levels appropriate to these regions is required to be introduced.

The courses have to cater to the local needs and they also have to be linked to the industrial and agricultural sector aiming at the overall development of the region. Social relevance of the courses and their inter-disciplinary nature are also essential. Since the very beginning, RCWT has been very sensitive to these issues and thus created facilities for very diverse fields of study.

RAMAKRISHNA MISSION VIVEKANANDA UNIVERSITY

PO Belur Math, Dist Howrah – 711202, West Bengal

Phone: (033) 2654-9999

Fax: (033) 2654-4640

Email: vivekananda.university@gmail.com

Website: <http://www.rkmvu.ac.in>

Swami Vivekananda established Ramakrishna Mission as commanded by his Master, Sri Ramakrishna, for the secular and spiritual amelioration of humankind as a whole, irrespective of caste, creed, colour, nationality, gender or religion. The twofold aim of the Ramakrishna Mission is, in Swami Vivekananda's own Sanskrit slogan, *atmano mokshartham jagaddhitaya cha* ("For one's own spiritual emancipation and for the welfare of the world"). To achieve this aim at both the individual and the collective level, he established the Ramakrishna Mission, by which he "set in motion a machinery which will bring noble ideas to the door of everybody." Swamiji envisioned it as "a lever for the good of humanity...which no power can drive back." Swami Vivekananda made Belur Math the headquarters of the worldwide Ramakrishna Movement, comprising the twin organizations of Ramakrishna Math and Ramakrishna Mission. He envisioned that Belur Math would be a centre of great harmony and synthesis, not only of all religious beliefs and traditions, but also of arts and sciences and the various branches of knowledge, both secular and spiritual. In fact, on 2 July 1902, just two days before he passed away, he prophesied, standing at the Belur Math grounds: "The spiritual impact that has come to Belur [Math] will last fifteen hundred years, and it will be a great University. Do not think I imagine it; I see it." It is apparent that Swami Vivekananda's conception of a "University" is a centre where 'man-making' and character-building education would be imparted, higher values would be inculcated and all-round personalities would be formed. His own conception of a complete, all-round personality was one with "heart to feel, brain to conceive and hands to work".

Swamiji's emphasis on character as the hallmark of an educated person is well known. He emphasized times without number that education is not the "amount of information that is put into your brain" but the "life-building, man-making, character-making assimilation of ideas." In 1939, the Governing Body of Ramakrishna Mission took a small step in this direction by starting an institution of higher education near Belur Math called Ramakrishna Mission Vidyamandira. The name 'Vidyamandira' is Swamiji's own christening of the educational institution he wanted near Belur Math. Then, in 1963, Swami Vivekananda's birth centenary year, the authorities of Ramakrishna Mission submitted a proposal to the Government for the starting of the Vivekananda University. For various reasons, however, the university did not materialize at that time. Efforts in this direction were made off and on in subsequent years until finally, a deemed university under University Grants Commission (UGC) was established under Ramakrishna Mission's auspices.

RAMA DEVI WOMEN'S UNIVERSITY

Bhoinagar - P.O., Bhubaneswar, Odisha - 751022

Ph No. : 0674 2542644

Email: registrar@rdwu.org registrar@rdwu.ac.in

Rama Devi Women's University is named after Maa Rama Devi as an humble tribute to the values and sacrifices she stood for. Rama Devi Choudhury, adoringly called Maa (Mother) by the people of Orissa, was a celebrated freedom fighter and a social reformer. Born on the 3rd December, 1899 at Cuttack, she inherited a great legacy as the daughter of Gopal Ballav Das and the niece of Utkal Gaurab Madhusudan Das. At the tender age of 15, she married Gopabandhu Choudhury, then a Deputy Collector and later a freedom fighter. The historic day of Dola Purnima, the 23rd March, 1921 marked the turning point in Rama Devi's life, when she was fortunate to meet Gandhiji and Kasturba in the Women's Meeting at Binod Behari. They inspired her to dedicate herself for the cause of the country. Rama Devi with her son Manamohan and young daughter Annapurna in her arms religiously followed the footsteps of her firebrand husband and plunged, heart and soul, into the Non-cooperation movement. In 1928, she left Cuttack and stayed at the Alaka Ashram, Jagatsinghpur, to organise constructive activities of spinning of Khadi, prohibition of liquor and removal of untouchability.

Rama Devi was imprisoned on the 8th November, 1930 for leading the Salt Satyagraha at Srijanga (Balasore) and Kujanga (Jagatsinghpur). Two years later at Cuttack, she was arrested again while taking the Solemn Oath on the 26th January, 1932 for complete independence of the country. After release from the prison, Rama Devi founded Seva Ghar (now a College) at Ramachandrapur, Bari to reconstruct the flood ravaged villages along the Brahmani river coast. Gandhiji blessed her noble endeavour and inaugurated the ashram of austerity on the 20th May, 1934 in the midst of his famous Harijan Padayatra in Orissa. It was a momentous event of modern India when Rama Devi was arrested once again on the 9th August, 1942, the day Gandhiji gave the clarion call of Quit India. The scene was soul-stirring as she went to Cuttack Jail with her whole family consisting of her husband, son, daughter, brother-in-law Nabakrushna, sister-in-law Malati Devi, and son-in-law Sarat Chandra. On the eve of the independence, Rama Devi was nominated the State Convener of Kasturba National Memorial Trust and she took the opportunity to launch several programmes for the emancipation and empowerment of women. After independence, Rama Devi dedicated herself entirely to the cause of Bhoodan and Gramdan movement of Acharya Vinoba Bhave. Along with her husband she travelled on foot about 4000 kilometers across the state to propagate the message of gifting land and wealth to the landless and poor. In recognition of her selfless services to the nation, Rama Devi was honoured with the Jamnalal Bajaj Award on the 4th November, 1981 and the Doctor of Philosophy (Honoris causa) by Utkal University on the 16th April, 1984. A remarkable saga of courage, dedication, and supreme sacrifice came to an end on the 22nd July, 1985, the day Rama Devi breathed her last

RAMA UNIVERSITY

Rama City, G.T. Road
Near Mandhana Railway Station
Mandhana, Kanpur-209 217
Ph: 0512- 2780886/7
Email : info@ramauniversity.ac.in

Rama University, previously known as Rama Group of Institutions, is involved in imparting world class education and developing leaders of tomorrow. The University is recognized by UGC (University Grants Commission) and is emerging as one of the largest educational establishments in Northern India. Rama University has produced more than 10,000 professionals so far and offers more than 85 courses in specialized fields.

The University is focused at preparing strong and future ready professionals by adopting progressive learning approach and a modern teaching methodology.

Rama University has 10 constituent faculties, 3 teaching hospitals and state-of-the-art research centres to efficiently cater to the students from all over the country.

Rama University offers education at par with global paradigms. The dynamic environment in the faculties not only ensures enormous growth potential but also promotes intellectual as well as personal growth.

The University offers specialized courses across 13 professional streams such as Basic and Clinical Medical Sciences, Dental Sciences, Nursing, Paramedical Sciences, Biotechnology, Engineering, Commerce & Management, Fine Arts, Arts, Journalism, Library Science and Home Science.

Rama University has been a popular choice among the students looking for a pioneer educational institution for higher studies. The Sanskrit verse “SarveBhawantuSukhina, SarveSantuNiramaya”, meaning Let every individual be happy and thus every individual be healthy, is the stimulating force behind our aim to provide globally competitive courses to the aspirants. We promote a holistic learning where we not only impart education but also instill values that equip the leaders of tomorrow to face any challenge.

Over the years, Rama University has been successfully turning ideas into reality and will continue to encourage the aspirants to achieve their dreams. Our approach towards education is modern and holistic, encompassing practical learning techniques, industry visits, guest lectures, case studies and strategic international alliances. By creating a perfect blend of academic learning and professional development, we have been able to prepare professionals who have turned out to be successful in their respective fields. As a multi-campus and multi-discipline Institute we will continue to adapt to the emerging challenges and ensure a rich and rewarding learning experience.

RANCHI UNIVERSITY

Ranchi 834 001, Jharkhand
Tel : 0651-2205177, 2550063, 2208553, 2550063
Fax : 0651-2301051
Email : admin@ranchiuniversity.org.in
Website : <http://www.ranchiuniversity.org.in>

Ranchi University was established on July 12, 1960, with ten post graduate departments, one constituent college (Ranchi College, Ranchi), and 20 affiliated colleges spread over an area of 65,000 square kilometers. Being located in a predominantly tribal area, the University has successfully lived up to the expectations and aspirations of the people in its fifty years of existence. And it continues to do so despite being subjected to trifurcation: first in 1992 when Vinoba Bhave University, Hazaribagh was carved out; second, in January 2009 when Nilambar Pitamber University, Medininagar, was created; and third, in August 2009 when Kolhan University, Chaibasa, was created. Today its territorial jurisdiction covers five Districts only. Despite so many divisions, Ranchi University continues to play a leading role in imparting higher education in the state. At present the University has 23 post graduate departments, 15 constituent colleges, and 49 affiliated colleges, imparting teaching in medicine, psychiatry, law, engineering, business management, education, and general courses. Besides these institutions there is UGC sponsored Academic Staff College.

The university's pursuit of academic excellence is reflected in the fact that today it has four autonomous colleges, and three colleges with potential for excellence (CPE) status. Besides these, five colleges have already been granted accreditation by NAAC. The faculty in University's post graduate departments and colleges are working on major and minor projects sponsored by UGC, DBT and other prestigious organizations. The Council of Scientific and Industrial Research (CSIR) has chosen the University department of Geology under its FIST programme. The University has also instituted extramural lecture series, one in each faculty, in honour of Dr. J.C. Bose in the faculty of Science, Dr. S.K. Mukherjee in the faculty of Engineering, Maulana Abul Kalam Azad in the faculty of education, Dr. Camil Bulke in the faculty of Humanities, Barrister S.K. Sahay in the faculty of Law, Dr. Davis in faculty of Medicine, Dr. D.C. Munda in the faculty of Social Science and Prof. R.S. Mandal in the faculty of Commerce. Besides regular courses, Ranchi University also offers post graduate level Self Financing/Vocational courses namely L.L.M., M.B.A., M.C.A., M.Sc in Electronics & Communication, P.G Diploma in Medicinal Plant & P.G. Diploma in Plant Bio- Technology. At the undergraduate level the University offers B.Ed., Bio-technology, Computer Application, Computer Maintenance, Information Technology, Office Management and Secretarial Practice, Functional Hindi, Functional English, Clinical Nutrition & Dietetics, Fashion Designing, Food Processing, Environment & Water Management, Business Administration, Travel and Tourism Management, Mass Communication and Video Production, Advertising and Sales Promotion & Sales Management.

RANI CHANNAMMA UNIVERSITY

Before the Rani Channamma University came into being in 2010, Karnatak University KRC PG Centre of Karnatak University, Dharwad was functioning at Belagavi.

The said Karnatak University PG Centre was established at Belagavi in the year 1982, to provide an opportunity to develop access to the students for higher education hailing from North Karnataka Region.

In the year 1994 the PG centre was shifted to the present campus of 172 acres of land located at Bhutramanahatti adjacent to the Pune-Bangalore National Highway – 4 at a distance of about 18 kms from Belgaum city. Karnatak University PG Centre has been declared as Rani Channamma University in the month of July, 2010 with the jurisdiction of Belagavi, Bijapur, and Bagalkot Districts. It is catering to the needs of the people of North Karnataka by providing excellent opportunities for higher education.

At present, the Rani Channamma University is offering 9 PG courses at Vidyasangam Campus Belagavi, in the faculties of Arts, Science, Education, Social Science, Commerce and Management. It is also offering M.Phil and Ph. D programmes.

The courses in Social Science Faculty include Economics, Sociology, Social Work and in Arts Faculty Kannada and Marathi.

In Science Faculty the university offers M.Sc in Mathematics and Geography. Commerce and Management Faculty offers Master's Degree in Commerce and Management. It is also offering PG Diploma Course in Computer Application.

At present, there are 500 students studying in the various PG departments. So far more than 100 students have been awarded M.Phil. and Ph.D. degrees. Fifty two students have cleared the NET and SLET.

The University is privileged to have the blessings and good wishes of many important and distinguished Indians. Dr. S. Radhakrishnan delivered its first Convocation address on 1.3.1958 and blessed students and the institution.

Similarly Dr. C.D. Deshmukh delivered the Convocation address on 16.11.1960, Shri Lal Bahadur Shastri on 10.12.1961 and Dr. C.P. Ramaswami Aiyar on 15.2.1963. Prof. R. Chidambaram, the well known atomic scientist was the Chief Guest at its convocation held on 28.2.2002, while Dr. J.S. Verma, former Chief Justice of India delivered the address in convocation on 7th March, 2005.

Dr. Kunji Lal Dubey, who subsequently became the Speaker, Vidhan Sabha of M.P., was the founder Vice-Chancellor of the University. Subsequently, distinguished academicians like Dr. Dharendra Verma, Dr. Raj Bali Pandey and Dr. H.P. Dikshit adorned the post. Prof. H.P. Dikshit later became the Vice-Chancellor of Indira Gandhi National Open University, New Delhi. Then, a good number of renowned academicians also taught in this University. Prof. T. Pati who later on became the Vice-Chancellor of Allahabad University, taught Mathematics with distinction. Prof. S.C. Datt (Physics), Dr.C.D. Sharma (Philosophy), Prof. Baijnath Sharma (History), Prof. Hiralal Jain (Sanskrit) and Prof. S. Swaminathan (English) were also teachers in this University. Dr. Baijnath Sharma became the Vice-Chancellor of Bhopal University. Prof. Mahesh Datt Mishra, the living legend of Gandhian thoughts was a Professor teaching Political Science in the University. He now heads the Gandhi Srijan Peeth of the University.

The University has produced a large number of internationally acclaimed academicians and scientists, a number of distinctions and awards have been given to its teachers and students and many international fellowships have been bagged by the Faculty members. In the past 5 years, more than 300 research scholars have earned Ph.D. as well as D.Sc. and D. Litt. degrees. Various research Projects in different disciplines, with an outlay of around Rs. 5 Crores have been completed during this period. Currently several research projects are in progress. The University is thus playing a key role in higher education in Central India.

RANI LAKSHMI BAI CENTRAL AGRICULTURAL UNIVERSITY

NH-75, Near Pahuj Dam, Gwalior Road
Jhansi – 284003, Uttar Pradesh
Tel : 0510-2730777, 2730555
E-mail : vcrlbcau@gmail.com

The Rani Lakshmi Bai Central Agricultural University has been established in 2014 by an Act of Parliament under the Central Agricultural University Act 2014 (Act No. 10 of 2014). Like other Agricultural Universities, Central Agricultural University, Jhansi has the key objectives to impart education in different branches of agriculture and allied sciences, undertake research in agriculture, undertake programmes of extension education and promote linkages with national and international educational institutes. Agriculture is the mainstay of the Bundelkhand economy. The semi-arid climate with uncertain rainfall and poor quality soils have made agriculture a difficult and non-beneficial proposition in the entire region. It is a hard rock area with limited or inadequate ground water resources, lacks infrastructure, access to improved technologies, markets and inputs as a result of which the crop productivity is amongst the lowest in the Country. Inadequacy of resources has prevented many farmers from switching to more efficient farming methods. As such, most of the agriculture has become subsistence agriculture and keeps the farmers of the region trapped in poverty. Educational opportunities are few and the adult literacy remains low in the region. To overcome the constraints of region, the memorandum dated 27 July, 2009 was submitted to the Prime Minister by delegation of MPs/MLAs requesting that a comprehensive package for Bundelkhand region including a CAU may be considered. Thereafter, DARE forwarded the detailed proposal to the Planning Commission on 31 August, 2009. The proposals of DARE were agreed to during a meeting held on 14 September, 2009 in the Office of Principal Secretary to the Prime Minister. On 7 October, 2009 the Planning Commission conveyed in principle approval for setting up a new CAU in Bundelkhand and asked DARE to provide a token amount of fund from within the approved outlay/budget.

The Union Agriculture Minister dated 28.10.2010 addressed to the Chief Minister, Government of Uttar Pradesh indicated that the Government of India have decided to set up a Central Agricultural University for Bundelkhand region. The CAU Headquarters is proposed to be set up on 300 acres of land currently with the ICAR campuses of Indian Grassland & Fodder Research Institute (IGFRI) and National Research Centre for Agroforestry (NRCAF) with colleges in both Uttar Pradesh and Madhya Pradesh portions of the Bundelkhand region. The Bill for the establishment of University was moved for introduction in the Rajya Sabha on 28 December, 2011. After some clarifications, the Bill was again moved for introduction in the Rajya Sabha on 22 May, 2012. On 8 June, 2012, Speaker, Lok Sabha asked the Committee to examine the Bill and Report to the Parliament. After the submission of the report and response of the Department Rani Lakshmi Bai Central Agricultural University Act was passed by both the houses and published on 5th March 2014.

RANI RASHMONI GREEN UNIVERSITY

At the Premises of Singur Government General Degree College

Singur-712409, West Bengal, India

Website : <http://www.rbbsu.edu.in>

Ras Bihari Bose Subharti University is setup under the Uttarakhand Adhiniyam, 2016 (UK Act No. 35 of 2016) as passed by the Uttarakhand Legislature and assented to by the Honorable Governor of Uttarakhand in December 2016. The University was established under the aegis of Dr. Jagat Narain Subharti Charitable Trust, Dehradun, which has set up exemplary precedents in knowledge creation and dissemination in field of education and delivery of commendable services in health, social welfare, outreach and philanthropy.

The main campus of the University is situated at Kotda Santaur, Aamwala Road, Nanda ki Chowki, Premnagar, about one km from the National highway- 72, at Chakrata Road, Dehradun. The picturesque campus aptly called 'Subhartipuram', is spread over a sprawling eco friendly and serene area of about 20 acres of land with laudable infrastructure and enviable facilities at the foot hills of the Himalayas.

The University boasts of an excellent faculty base under whose tutelage the students are envisaged to discover their full potential and become future leaders, technocrats, academicians, scientists, inventors and value based professionals. A variety of technology driven instructional facilities and aids, 'smart' classrooms, state of the art laboratories and libraries with impressive collection of academic resources, e-learning supplements and tools including full text electronic journals, online databases etc. Make this University a pioneer in knowledge creation, innovation and dissemination.

The uniqueness of Subharti University lies in providing an environment fully conducive to holistic training of students, maintaining a synergy of achieving academic excellence, extra curricular prowess and developing social, moral and ethical responsibilities.

RASHTRIYA SANSKRIT VIDYAPEETHA

Tirupati 517 507, Andhra Pradesh
EPABX Phone Nos. 0877-2287649, 0877-2287690,
0877-2288644, 0877-2286686, 0877-2286177

Email : registrar_rsvp@yahoo.co.in
Website : <http://www.rsvidyapeetha.ac.in>

On the recommendations of the Central Sanskrit Commission appointed by the Government of India during 1950s, a Central Sanskrit Institute was established at Tirupati in 1961 by the Ministry of Education, Government of India in partial fulfilment of the recommendations, for the preservation and propagation of Traditional Sanskrit learning combining it with the modern methods of research. The Government of India constituted an autonomous registered body called 'Kendriya Sanskrit Vidyapeetha Tirupati Society' for the administration of the institution. The foundation stone for the Kendriya Sanskrit Vidyapeetha was laid by the then Vice-President of India , Dr.S.Radhakrishnan on 4th January, 1962. About forty two acres of land at the foot of the Seven Hills, Tirumala was leased out by the T.T.D. Trust, then headed by Executive Officer, Dr.C.Anna Rao along with a munificent donation of Rs.10 lacs towards construction of buildings. The Vidyapeetha Society has had a galaxy of successive chairmen who were well known public figures – Sri Patanjali Sastry, former Chief Justice of India being the first, followed by Prof.V.Raghavan, a reputed Indologist and Sri M.Ananthasayanam Ayyangar, former Speaker of Lok Sabha. Dr. B.R. Sharma was the Founder, and also acted as the Director from 1962 to 1970. Later the post of Director was changed into that of Principal. Sri Venkata Raghavacharya, Dr. Mandan Mishra, Dr. R. Karunakaran, Dr. M. D. Balasubra-manyam and Prof. N.S. Ramanuja Tatacharya served the institution in various capacities. Kendriya Sanskrit Vidyapeetha came under the aegis of Rashtriya Sanskrit Sansthan– an autonomous body under the Ministry of Education in April, 1971. Despite the challenges of the modern world, it has grown from strength to strength as a premier Institution for Sanskrit learning and research in India . During the Silver Jubilee celebrations in 1987, Sri P.V.Narasimha Rao, the then Union Minister of Human Resource Development, Govt. of India announced the decision of the Government to elevate its status to that of a Deemed University. The Vidyapeetha was declared as a Deemed to be a University on the recommendations of the U.G.C under Section 3 of UGC Act by the Government of India in its Gazette dated 16 - 11- 1987, No. F.9-2/85 U-3. The Deemed University was formally inaugurated by the then President of India Sri R. Venkataraman on 26th August, 1989. The Vidyapeetha started functioning as a Deemed University from the academic year 1991 - 92. Since then we have had three eminent Chancellors – M.M.Sri Pattabhirama Sastri, Prof.Ramaraman Mukherjee and Dr.V.R.Panchamukhi(two terms), and the Vice-Chancellors were Prof. N. S. Ramanuja Tatacharya, Prof. S. B. Raghunathacharya and Prof. D. Prahladachar. Now Prof. Harekrishna Sathapathy took over as Vice-Chancellor. The Vidyapeetha is now headed by Dr.J.B.Patnaik serving as the Chancellor and Prof. Harekrishna Sathapathy as the Vice-Chancellor of the Vidyapeetha.

RASHTRASANT TUKADOJI MAHARAJ NAGPUR UNIVERSITY

Ravindranath Tagore Marg Nagpur 440001

Tel : 0712- 2523045, 2525417

Fax : 0712-2532841, 2500736

Email : vc@nagpuruniversity.nic.in, registrar@nagpuruniversity.nic.in

Website : <http://www.nagpuruniversity.org>

The Nagpur University was established on 4th August, 1923 with six affiliated colleges and 927 students. During 1947, the number of students increased to about 9000 accompanied by the improvement and diversification of curricula and expansion in the range of subjects. The expansion of library and sports facilities occurred during these years for the intellectual and physical well being of the students. It was in 1958 that some new Departments in Arts and Social Science faculties were opened; the major expansion, however, came in 1963 when several science and other teaching Departments were started. The Departments were shifted to spacious buildings in the main campus in 1972-73. In later years, several career oriented courses have been started viz., Business Management, Fine Arts, Mass Communication, Library Science, Physical Education, etc. During ninety years of its existence, the University has progressed satisfactorily and doing well in the midst of constraints of different sorts. This has been possible because of futuristic vision about higher education of the personalities who adored the chair of Vice-Chancellor of this University. Their determination and dedication helped a lot in progress of this University.

Presently University comprises of Thirty-nine

Postgraduate Teaching Departments (PGTD), three Constituent Colleges / Institutions (Law College, Laxminarayan Institute of Technology, and College of Education). Eight hundred forty-two colleges are affiliated The Department and conducted college/

Institution buildings are spread over in 11 campuses with an overall area of 318 acres.

Following programs under various faculties are run through the above-mentioned PGTD, Conducted College and Affiliated Colleges. In addition to these, the research programs in almost all Thirty-nine Departments and three conducted Colleges are propelled through M. Phil., Ph. D. and Post-Doc. University Hobby Workshop conducts regular training programs in the areas of Photography, Painting, Clay modeling, Carpentry, Electronics, etc. The above-cited formal programs are supplemented with following non-formal mode of education to cover local need based education.

(i) Training programs in maintenance and isolation of biopesticidal/ biofertilisers culture, effective use of micro-bial technology in aqua-culture farming, through Rajiv Gandhi Vikas Biotechnology Centre, Nagpur University, Nagpur. (ii) Extension activities through Adult and Continuing Education Programs. In the context of Globalization meager quantitative expansion of avenues of higher education will not suffice to cater to the cause of legitimate expectation of the population. It is qualitative growth along with in-built quality assurance mechanism, which is taken into consideration while preparing this proposal.

vc@ravenshawuniversity.ac.in

Ravenshaw University came into existence on the 15th day of November, 2006. It was an upgradation of Ravenshaw College established in 1868, one of the oldest and largest colleges in India which subsequently became an autonomous college with CPE status by UGC and 'A' grade by NAAC. The College with all its glorious academic achievement and ceaseless scholastic pursuits had already created a distinct niche for itself in India and beyond. The history of this great institution is, in a manner of speaking, the history of modern Orissa. It was the cradle of ideas fostering national unity and nationalism, promoting social mobilization and gearing up the freedom struggle. The grand hall of this institution was a theatre of history: on the 1st of April'1936 it was the venue for the declaration of Orissa as a separate province; thereafter it housed the state's first legislative assembly up to and even after Independence till it was shifted to Bhubaneswar, the new capital of the state. During Quit India Movement of 1942 the students of this institution brought down the Union Jack as a mark of nationalistic fervour.

The College originally was affiliated to Calcutta University and thereafter to Patna University in 1917 and was finally affiliated to Utkal University in 1943. The Utkal University began functioning from this campus till it was shifted to its present site at Vani Vihar, Bhubaneswar. This institution is the alma mater of the most distinguished personalities of the state. Not only the Utkal University but also the Orissa State Museum and Madhusudan Law College are the offshoots of this Institution obtaining their independent status at a later stage.

Post-graduate teaching started in 1922 with the opening of M.A. English class. Considering its great heritage, the Institution has been awarded National Honour by the Government of India through the issue of a commemorative stamp in 1978. The library which was named after the Raja Sahib of Kanika is the largest in Orissa. Not only is this Institution an epitome of learning but also a piece of unique Victorian architecture in the country.

The University has 27 departments of which 20 are post-graduate departments. M.Phil. programme is available in 14 departments and all the departments have provision for Ph.D. & D.Litt. programmes. Presently the University runs 23 Post-Graduate courses with research facilities and 27 Undergraduate honours courses.

RAYALASEEMA UNIVERSITY

Nandyal Road, NH-18, Kurnool 518 002

Tel : 08518-234600, 09849412455, 272600, 09440861023

Fax : 08518-234600

Email : ravenshawuniversity@yahoo.co.in

Website : <http://www.ravenshawuniversity.com>

Rayalaseema University is located in Kurnool, Andhra Pradesh, India. Rayalaseema University, which began offering courses in 2009, struggled a lot to earn two distinctions, 2F and 12 B, in just five years. Of the six universities (Palamuru and Satavahana in Telangana; Simhapuri, Krishna, Ambedkar and Rayalaseema in residuary AP) that started around the same time, Rayalaseema University is the only one to get the 12 B status. With the grant of this status, the gates are open for our faculty and students to get opportunities, both global and national," said K Krishna Naik, Vice Chancellor of the varsity. The first tribal academicians to occupy the chair of a Vice Chancellor in undivided AP, Prof. Naik said the University has acquired the 12 B status for many reasons, one of which is adapting the intelligent character recognition (ICR) and optical mark recognition (OMR) by which the varsity quickly evaluates thousands of answer scripts and get the results published ahead of all universities in Andhra Pradesh. While the 2F status gives recognition to the degrees the university awards, the 12 B status facilitates the overall development of the university, he said. "Our endeavour is to get the next distinction, that is, recognition from the National Assessment and Accreditation Council (NAAC), which will take the university to another level," Prof. Naik, a Professor of history, told Times of India. As for the students, thanks to the 12 B status, they will get UGC fellowships.

The UGC will also sanction a NET coaching centre for SC, ST, BC, minorities and women. Our students have now become eligible to apply for higher studies abroad under the GOI cultural exchange programme. For faculty, the university can apply for major research projects. This is an opportunity for both students and faculty to scale new heights," the VC said.

The 12B status would also facilitate the varsity to participate in international partnerships and other innovative programmes with the help of UGC funding. "The 12 B status will enable the university to get funds from the UGC under its five year plan and other organizations such as department of biotechnology, dept of science and technology, CSIR, ICAR, ICSSR etc.

The status will also facilitate the university to improve its infrastructure like hostels and get modern equipment for its research programmes. On Saturday (October 31, 2014), the University Grants Commission (UGC) conferred the 12 B status on Rayalaseema University, which would open the doors to international tie-ups and accelerated growth opportunities for the five-year-old varsity.

RAYAT BAHRA UNIVERSITY

Sahauran, Tehsil Kharar

Distt. Mohali- 140104, Punjab

Phone: 0160-5009665, 5009675, Fax: 5009680

E-mail: info@rayatbahra.com

Website: www.rayatbahra.com

Raya Bahra University, Punjab has been established under the provisions of the Raya Bahra University Act 2014 of the Government of Punjab.

The Rayat-Bahra Group's vision is to be one of the India's largest educational groups. With its world class teaching standards, outstanding faculty and innovative academic programmes, Rayat-Bahra Group intends to set a new benchmark in Indian education. In the words of the President, Nirmal Singh Rayat, the Rayat Bahra Group is an organization directed towards "uplifting people" across India and the world. This vision endures in the organization's philosophy and all the educational management principles that it follows.

Under the leadership of the Chairman, Gurvinder Singh Bahra, the Rayat Bahra Group and its community of intellectuals have created a contoured roadmap for the future—a roadmap that guides the Group, to be a social leader and to earn the respect of a leading knowledge enterprise.

At its foundation lie talented people comprising of students, faculty and staff—who with their creativity, ingenuity and drive shall join in advancing human knowledge and to pursue scientific discovery for the benefit of all.

The Group was established in year 2001 and is successfully running 50+ Institutions at Punjab campuses (Rayat-Bahra University-Mohali, Ropar, Hoshiarpur, Patiala), Himachal Pradesh campuses (Bahra University-Shimla Hills) and Delhi (NCR) campuses with more than 30000+ students and 6000+ employees on its rolls. The core values of Rayat-Bahra Group include academic excellence, holistic development of personality; focus on learning and growth, systemic working, creativity and innovation.

The Group offers the advantage of high quality education relevant to the global needs which is delivered through an eclectic mix of innovative learning techniques.

RENAISSANCE UNIVERSITY

Gram Revti, Behind, Aurobindo Hospital Sanwer-Ujjain Road,

Indore (MP)-452015

Phone : 0731-6684150

Website : <http://www.renaissance.ac.in>

Each and every school at Renaissance University, not only aims at bridging the gap between Theoretical and Practical knowledge but also prepare students with all round development. When these students enter in society, not only will the challenges become dwarf, but such students can also give society and nation the direction of a new, advanced, sophisticated and sustainable development.

This is probably going to be the first university in the country that will not only link the subject to relevant and experimental aspects, but also use the time to study in scientific and classical ways for example courses that increase physical, mental and spiritual powers will start in wee hours and curriculum with creative interest will start from evening and late evening till midnight.

Library canteen and other facilities will be available to students preparing for competitive entrance exams, round the clock, ensuring the concept of 24*7 in a positive manner.

Our goal is to create personalities which have a spiritual and scientific facet to it, as quoted by a famous thinker.

Our goal is to create a University wherein the canteens and Corridors are abuzz with discussions about ideologies of luminaries ranging from Plato and Socrates, to Marx and Gandhi, wherein the classroom walls eco with conversations about Aryabhata, Varāhamihira and modern scientists like Stephen Hawking and wherein the learning of the students is not confined to just Classical Indian Music but breaches boundaries to learn blues and jazz.

REVA UNIVERSITY

Rukmini Knowledge Park, Kattigenahalli
Yelahanka, Bangalore - 560064
Phone : +91-80-66226622, 65687563, 64, 65
Email : info@reva.edu.in
Website : www.reva.edu.in

REVA University is established in Karnataka State under the Government of Karnataka Act 80 of the year 2012 and notified in the Karnataka Gazette dated 7th Feb, 2013. Located 22 kms away from the Bangalore International Airport on the way to Bangalore city, the university has a sprawling green campus spread over in 35 acres of land equipped with state-of-art infrastructure and conducive environment for higher learning. The founders of REVA University, with missionary zeal, visionary outlook and philanthropic approach coupled with four decade long entrepreneurial leadership and a decade long experience are recognized, as leading educational venture through fastest developing higher education campuses. The REVA campus has well equipped laboratories, custom-built teaching facilities designed specifically to emulate the working conditions, fully air-conditioned library and central computer centre kept open their doors from morning 8 AM till mid-night for the students and the faculty. The well planned sports facility for variety of sports activities, facilities for cultural programs and friendly campus lifestyle add to overall personality development of students. The campus also has residential facility for students, faculty and other staff. Currently, the REVA University offers 17 PG programs 3 PG Diploma programs and 2 Graduate programs in Engineering and Technology, Science, Commerce and Management in addition to research degrees leading to M Phil and PhD in different disciplines. The University aims to offer many more PG and UG programs in Science, Arts, Commerce, Management Education and Engineering and Technology in coming years. The programs being offered by the REVA University are planned after detailed study of their social relevance and job market. Well experienced teachers and scholars from reputed universities / institutions experts from industries and business sectors joined their hands in preparing schemes of instruction and detail curricula for these programs. Greater emphasis on practice in respective areas and skilled development to suit to respective job environment has been given while designing the curricula. The Choice Based Credit System and Continuous Assessment Graded Pattern (CBCS – CAGP) of education has been introduced in all programs to facilitate students to opt subjects of their choice in addition to the core subject of the study and prepare them with needed skills. The system also allows to move forward under the fast track for those who have the capabilities to surpass others. These programs are taught by well experienced qualified faculty supported by the experts from industries, business sectors and such other organizations. The REVA University also has initiated many supportive measures such as bridge courses, special coaching, remedial classes etc., for slow learners so as to give them needed input and build in them confidence and courage to move forward and accomplish success in their career.

RKDF UNIVERSITY

Airport by Pass Road, Gandhi Nagar

Bhopal – 462 033, Madhya Pradesh

Tel. : 0755-6455562, Fax : 0755-2740304

Email : drbnsingh@rkdf.ac.in, vc@rkdf.ac.in, ashish.dongre@gmail.com

Website : <http://www.rkdf.ac.in>

The RKDF group way back in 1990s realized the need for access and quality in higher education especially in central India and decided to establish colleges at different locations in the state of Madhya Pradesh. The Group is offering education since 1995 and has a network of colleges in areas of engineering, management, hotel management, education, homeopathic, dental and nursing, and pharmacy located in cities of Bhopal, Indore, Sehore and Rewa to promote equity and access to education in central India. The group has capacity to enroll annually more than 14,000 students in different disciplines. With a motive to give “education to all” the RKDF Group further decided to establish a university with multidiscipline; and thus emerged the RKDF University, Bhopal sponsored by the AYUSHMATI EDUCATION AND SOCIAL SOCIETY on 14th February 2012. The University is spread on a 55 acre beautiful landscape with plenty of open space and sports area interspersed within academic buildings. Within a very short span its Vice Chancellor, Shri Ashish Dongre with his team of young and remarkably able group of faculties and staff and the experience of RKDF Group Management and Advisory Board has been able to carve a niche in the higher education sector of Madhya Pradesh. Also the student demographic- with students hailing from various states was emblematic of the socio-economic , ethnic, religious and cultural diversity of the country. Thus learning from the strengths and drawbacks and drawing from these experiences RKDF University has embarked upon a well defined course of action to achieve the levels of excellence it aspires to. The University has a mission to provide quality education through teaching and imparting practical skills in major disciplines up to post graduate level including M.Phil and Ph.D. In RKDF we believe that class lectures, apart from relaying information and imparting skills, should help students develop critical faculties for thinking out of the box. Furthermore, RKDF University strives to ensure that students’ education is multidimensional and we have adhered to a multidisciplinary approach. It has an excellent ambience and distinctly hospitable environment for higher learning in various subjects. The University facilitates interaction with national and foreign institutions to broaden the knowledge and skill of students. Flexibility in choice of courses, periodical revisions of courses, interdisciplinary and integrated courses as per the national and global requirement are the emerging issues that University envisaged to introduce in future. Sound grasp of fundamentals, good analytical skills, awareness of contemporary problems, reasoning abilities and exposure to the rapidly changing technologies are an integral part of the teaching in the campus. Infrastructure like physical facilities, updating of laboratory equipment, modern pedagogical equipment for delivery of lectures, latest books and journals including e-journals are other aspects that University is conscious of to provide.

RKDF UNIVERSITY

Kathal More - Argora - Ranchi Rd, Opp. Water Tank

It was in the year 2018, Dr. Sunil Kapoor , the founder decided to fulfil his dream of establishing an institute for quality education to the people and the region & beyond initiated “Ayushmati Education And Social Society” trust in an attempt to make the holy city of Ranchi, a recognized destination for knowledge seekers from different spheres of life and strive to become one of the best Universities in Jharkhand. This is what led to the foundation of a milestone at the karmabhoomi of the versatile and sagacious Bhagwan Birsa Munda.

RKDF Group has been actively involved with social causes since its very inception and has drawn appreciation from one and all for its works in various facets of societal paradigms. The Group started its journey in 1994 by establishing 1st private engineering college at Bhopal, Madhya Pradesh. Now the group has 162 institutions & 6 universities (5 in M.P. and one in Jharkhand). The six universities and social society as established by Ayushmati Education are RKDF University, Bhopal (2011), Sri Satya Sai University of Technology & Medical Science Sehore (2014), Sarvepalli Radhakrishna University, Bhopal (2015), Dr. A.P.J. Abdul Kalam University, Indore (2016), Bhabha University, Bhopal (2018), RKDF University, Ranchi (2018).

Vision

- To establish a University of excellence to impart Higher Education through Knowledge, Pioneering Scholarship, Research and Teaching.
- To improve the lives of many students through growth, prosperity and sustainable physical environment through education in the country.
- To Fulfil Commitment of providing Quality Education and empowering Excellence for Better Jharkhand.

Mission

- Harmonize Higher Education with excellence in Science and Technological output and contribute to livelihood, security and sustainable societal development.
- To be recognized as a premium National University providing dedicated service for the Socio-Economic Development of the Nation.
- To promote Entrepreneurship in Youth by imparting professional and life skills.

RNB GLOBAL UNIVERSITY

RNB Global City, Ganganagar Road,

EDUCATING STARS FOR TOMORROW

The RNB Global University has been established by act no 20 of 2015 passed by the Rajasthan Vidhan Sabha and notified by state of Rajasthan on 27/04/2015. The degrees which will be awarded by RNB Global University would be recognized by University Grants Commission (UGC).

World Class Infrastructure

Optimizing learning experience through a perfect ambience that corresponds with qualitative academia initiates an ability in the students to perform better. At RNB Global University, we render following pursuits of systematic learning through:

Amphitheatre style Lecture Halls with Audio Visual aids • Well stocked Library • Versatile Sports Facilities • Fully equipped Labs.

Hi- Tech Campus

At RNB Global University, we understand the indispensable role technology plays in education. The University campus is endowed with uninterrupted internet access to assist learning in the most effective manner through:

- a) On Cloud University Management System • Comprehensive UTM to overcome security threats • Intra campus connectivity on 10 GBPS backbone • E- Learning Studio / Library

Highly Secured and Disciplined Campus

“Confidence comes from discipline and self-control.” The fruit of knowledge can only be attained when learning ethics are enforced in true spirit. The administrative and security measures adopted by the University are:

Strong anti-ragging measures • Round the clock surveillance • No Smoking/Tobacco Campus • Bio metric access control

Modern Education System

RNB Global University follows a progressive learning approach that facilitates forward thinking culminating in a curriculum based on a modernist value system. Some of the futuristic steps endorsed by the University are: Industry Oriented Syllabus • Multi-Disciplinary Approach • International Methodologies • Choice Based Credit System

RIMT UNIVERSITY

Sirhind Side, Mandi Gobindgarh-147301

Punjab

Tel. : 1800-137-0022, Toll Free No.- 1800-137-0022

Email : info@rimt.ac.in

Since the establishment of RIMT, our gifted; skilled and daring faculty share their knowledge and pave the way for solutions to complex issues impacting upon our tomorrow. We believe game-changing discoveries depend on bringing the right people together in an environment that gives them room to innovate. Education for Life is in our DNA and we pursue future endeavours with the same spirit, always.

Driven by a strong inclination to assign the futuristic parameters to given standards of education today, RIMT carries forward its illustrious history since inception in 1998. Continuing on its path of growth, RIMT experienced the greatest period of momentum in its history while adding a new institution every year from 2002 to 2015. This legacy continues with RIMT University established by Govt. of Punjab vide Punjab Act, No. 31 of 2015 & under section 2(f) of the UGC.

Evolving from the foresight of Shri Om Parkash Bansal Educational and Social Welfare Trust in 1998, RIMT University has embraced innovation and challenged the status quo. An entrepreneurial perspective encourages students, staff and faculty to challenge convention, lead discovery and explore new ways of learning. Here, bold thinking is given a place to develop into ideas that can change the world.

OUR VISION & MISSION

Our Vision is to provide imparting quality technical education and producing society worthy individuals in addition to providing a productive work culture and conducive environment for the teacher and the taught, matched by unparalleled infrastructure and an insatiable urge to, in excellence, outdo ourselves. While our mission is to create extraordinary learning experiences for students.

RISHIHOOD UNIVERSITY

NH-44 (GT Road), Near Bahalgarh Chowk
Sonipat – 131021, Haryana, India
Tel : 1800-120-6631
Email : namaste@rishihood.edu.in

Rishihood is a social-impact university headquartered in India. Rishihood is nurturing a learning ecosystem in the areas of entrepreneurship, healthcare, creativity, and education.

Rishihood University is established under The Haryana Private Universities (Amendment) Act, 2020 and as per Section 2(f) of UGC Act, 1956. Rishihood University is a constituent entity of H R Education and Charitable Foundation, a registered non-profit under Section 8 of the Companies Act, Government of India.

Rishihood University is an impact-oriented initiative established in India. The university believes in an 'ecosystem' approach to learning rather than isolated training and research. Therefore, Rishihood actively engages and nurtures an ecosystem for our academic areas as well as for the larger growth of the nation and society.

Our learning environment inspires people to achieve 'Rishihood'. Our programmes and projects are designed so that each person associated with the university is motivated to contribute to society in a positive way.

Our Philosophy

The leaders of our society have never been generals or kings but Rishis. When you are a Rishi, you become a blessing to mankind. This is *Rishihood*.

-- Swami Vivekananda

The name Rishihood signifies the state of being a Rishi and is derived from Swami Vivekananda's inspirational discourse.

Swami Vivekananda is the philosophical mentor to Rishihood University. His ideas motivate us to conceive a paradigm of education where we prepare 'Rishis' – people who become a blessing to mankind through their thoughts and actions.

He was a visionary monk and social reformer. In his short life of 39 years, he had travelled the world to spread the message of peace, written 9 volumes on deep knowledge on philosophy, education, religion, nation and much more. After 150 years of his birth, he continues to inspire, guide and move people.

RV UNIVERSITY

RV Educational Institutions (RVEI), governed by Rashtreeya Sikshana Samithi Trust (RSST), is recognised among the few value-based and quality-oriented educational groups in the country. The Trust endeavours to impart quality education to all strata of society.

RV University is a State Private University which has been established in Karnataka State with RSST as the sponsoring body through Act No.34 of 2019, passed by the Karnataka Legislature. The Missions of RSST and RV University is “Excellence in Education with Societal Commitment”.

Enabling people from all sections of society to access affordable and quality education in all spheres of knowledge including Arts, Humanities, Basic Sciences, Technology & Management, Teacher Education, Health Sciences & Legal Studies.

The valued advisors and esteemed leaders who ensure that RVU provides the best of education and remains a world-class institution.

Vision

To be a world-class, tech-driven, global university for liberal education, empowering citizens of tomorrow.

Mission

- Strive for excellence in teaching, research, capacity building, community engagement and to build a reputation in the academic world as a thought leader in various disciplines; benchmark against top universities of the world.
- Use digital and other technologies relevant to teaching-learning process and to do advanced research.
- Creation of a vibrant and diverse community with faculty members and students hailing from different parts of the country and the world.
- Forge a large number of national and international collaborations to create learning opportunities and mobility for the students and faculty members.
- Make higher education accessible to all. Offer a multi-disciplinary learning environment in a diversity of knowledge streams and skills catering to the existing and emerging needs from a learner’s context. To create a research rewarding environment that seeks and encourages inter-disciplinary expertise and institution building enterprise among faculty members, while consistently forging cooperation between global and Indian institutions of eminence.
- Expose students to the best of theory and practice.
- Evolve a diverse talent pool of informed, self-driven, empathetic and inclusive problem solvers.

SABARMATI UNIVERSITY

Nr. Greenwood Lake Resort, Vaishno Devi Circle
Sardar Patel Ring Road, Ognaj, P.O. – Chandlodia
Ahmedabad – 382481, Gujarat

Website : www.svyasa.edu.in

Vivekananda Yoga Anusandhana Samsthana or VYASA is a registered charitable institution (1986) working for making Yoga as a socially relevant Science. Based on the teachings of Swami Vivekananda the four streams of Yoga with unity in their diversity, the key essence of Indian culture, applications of Yoga to bring health, harmony, peace the world over are now spread across the globe in nearly 30 countries.

The mission of VYASA is to combine the best of the East (Yoga and Spiritual lore) with that of the West (modern scientific research). Taking into the performance of this Institution in conducting Short Term and Long Term Courses on Yoga and its allied subjects (and on affiliating to 4 universities from 1990 to 2001) including the Bangalore University), the UGC named S-VYASA in 2002 as a Deemed to be University under Section 3 of the UGC Act 1956.

S-VYASA, the acronym of Swami Vivekananda Yoga Anusandhana Samsthana is a unique Yoga University translating the vision and teachings of Swami Vivekananda to action through academic higher education programs. It is also the First ISO 2001:2008 Certified Yoga University.

Objectives

- To provide for instructions and training in Yoga and Spiritual lore as propounded by Swami Vivekananda, the famous Indian monk who heralded the grandeur of Sanatana Dharma (the Laws of Creation) in the West through his epoch-making speech in the Parliament of Religions on Sep 11, 1893 for total Personality Development.
- To provide for research and for the advancement and dissemination of all the streams of yoga and its applications to offer solutions for major challenges of the Globe.
- To undertake extra-mural studies, extension programs and field-outreach activities to contribute to bring Peace, Poise, Harmony, Love, Health & Happiness.
- To do all such other acts and things as may be necessary or desirable to further the objectives of the University.

Education is all about creating an environment of academic freedom, where bright minds meet, discover and learn. One would experience top of the world living and learning experience at SRM.

SRM Institute of Science and Technology (formerly known as SRM University) - where you have the freedom to take wings.

SRM Institute of Science and Technology is one of the top ranking universities in India with over 52,000 full time students and more than 3200 faculty across all the campuses - Kattankulathur, Ramapuram, Vadapalani Campus – all in and around Chennai, and Modinagar, NCR, Delhi - offering a wide range of undergraduate, postgraduate and doctoral programs in six Faculties – Engineering & Technology, Management, Medicine & Health sciences, Science & Humanities, Law and Agricultural Sciences

Academic Environment

Foreign faculty, flexible and dynamic curriculum, exciting research and global connections are the features that set SRM apart. Students have a wide choice of cutting edge programs including nanotechnology, genetic engineering, remote sensing and GIS, embedded systems or computer forensics to choose from. Most of these courses are offered in close collaboration with foreign universities. Even at UG level specialized engineering programs like Artificial Intelligence, Big Data Analytics, IoT etc. are offered. All the programs offered are approved by UGC and applicable Statutory Councils like AICTE etc.

Diversity of Students

70% of students are from outside Tamil Nadu, with students from USA, Europe, China and other countries.

Semester Abroad Program

Over 200 students sponsored to more than 35 foreign universities like MIT, Carnegie Mellon, UC Davis, Warwick and Western Australia every year.

International Advisory Board

57 members from top universities across the world including MIT, Stanford, UC Berkeley, Cambridge and NUS help set Global Standards.

Corporate Advisory Board

Over 50 top executives from leading corporate institutions constantly interact with faculty and students to help in formulating academics and research.

Starting with one School in 1969, SRM swiftly expanded; it now comprises of Schools in Engineering, Medicine and Health Sciences, Science and Humanities, Management, and Law. By 2015 SRM was made up of three separate Universities: SRM University Chennai, SRM University Haryana and SRM University Sikkim. Now SRM is looking to build and create its fourth institution: SRM University, AP – Amaravati.

SRM University, AP – Amaravati is a multi-stream research university with focus on diverse fields. From engineering to medicine and from liberal arts to management, SRM's vision is to emerge as a world-class university that is globally connected, nationally relevant, and regionally transformative. It has the ambitious plan to be in the top world class universities in ten years with 20000 + students and 1500 faculty members.

For the establishment of this university, SRM has partnered with the world's best names for educational method and philosophy, campus design and infrastructure, learning and living spaces, and recruitment of faculty and leadership. Perkins + Will, American architects who have designed some of the leading universities in the world, are the architects for this new institution. Perrett Laver and Society, global search firms from UK, are involved in the recruitment of senior leadership roles and faculty.

To emerge as a world class university in creating and disseminating knowledge and providing students a unique learning experience in their chosen field of scholarship, that would best serve the society. The quality of education and service provided will be of the highest order. The University is committed to the advancement of education across all spheres.

Develop into an inter-disciplinary institute combining academic rigor, excitement of discovery, creativity and entrepreneurship

Deliver world class research based education, creating new knowledge and innovations.

Provide an inspiring and stimulating environment for diverse campus community of faculty and students.

The long cherished vision of the Founder of the SRM Group of Educational Institutions, Dr. T.R. Pachamuthu to extend the significant achievements of the University has become true with inauguration of SRM University in Sikkim on September 4, 2014. Dr. N. Sethuraman, Vice Chancellor, SRM University Sikkim delivered the welcome address and the program witnessed the presence of many notable dignitaries. The SRM University, Sikkim will provide world class education with unmatched infrastructure and outstanding faculties. The students will breathe freedom to learn the program of their choice. They will know how to build relationships across different segments of society and will come out as worthy citizens. The knowledge they acquire and the skills they master in the campus will go a long way in building up a strong career. Having been located in Mountain State in the north-eastern region, the SRM University, Sikkim is poised to grow with the development of the student population of the region in terms of their educational aspirations. The graduates and the post- graduates coming out of the SRM University, Sikkim will have a global perspective, both in terms of academic inputs and their preparedness in accepting challenges posed by modern societies. The SRM University, Sikkim will not be a run-of-the-mill type of institution and the students will feel the pride attached to the University. There will be endeavors to build partnerships and collaborations with the leading corporate houses, industries and the world class institutes in order to expose students to the very best in any field. The SRM Group of Institutions has shown the way already in this direction by forging alliances with several international organizations and Universities of repute. Technology based learning has made deep in-roads in the academic portals and the enriched class rooms have made a great difference in the learning experience of the students. The high-quality education through cutting edge technologies in broadcasting, telecasting and webcasting has made collaborative and interactive learning a real possibility. Mentoring, peer-group interaction, social net-working, knowledge repository and digital streaming are some of the means of achieving participative and collaborative learning. The SRM University, Sikkim will be one of the major practioners of Technology based learning.

An Enriching Campus Life

- The campus set-up in Gangtok will make the students enjoy their stay.
- The faculty members will engage the students after the working hours wherever necessary to help them in developing their personalities.
- The students will confront a very friendly management, which would try to nurture their talents and aspirations.
- Counseling in respect of career opportunities and other issues will be provided.
- The students will benefit from the multi-cultural composition in the campus.

As a tribute to the Founder Dr. Sam Higginbottom, who through his sincere services, hard work and dedication has contributed greatly towards enhancing the agriculture production in our Country, a proposal was submitted to Ministry of Human Resource Development, Govt. of India, New Delhi to re-christened Allahabad Agricultural Institute-Deemed University as “Sam Higginbottom Institute of Agriculture, Technology and Sciences”.

In view of the above, Ministry of Human Resource Development, Govt. of India, New Delhi vide communication bearing reference No. F.13-7/2008-U.3.A, dated September 22, 2009 has permitted Re-Christening of the Allahabad Agricultural Institute-Deemed University as: “SAM HIGGINBOTTOM INSTITUTE OF AGRICULTURE, TECHNOLOGY & SCIENCES” (Formerly Allahabad Agricultural Institute), (Deemed-to-be-University).

Sam Higginbottom Institute of Agriculture, Technology & Sciences (SHIATS), is striving to acquire a place in the arena of International Science and Technology while holding a pioneering status in India.

The University offers thirty nine (39) Undergraduate Programmes, hundred and one (101) Postgraduate programmes, eighteen (18) Diploma programmes and Doctoral programme in various disciplines.

The teaching and research faculties of the University have highly qualified professionals, trained in specialized areas of Agricultural Science and Technology with several of them holding Post Graduate degrees & Doctoral Degrees from universities abroad. The State Govt. of U .P. had certified that the Institue is a Minority Educational Institution within the meaning of clause (i) of article 30 of the Constitution of India, vide their letter No. 4894 15-80 (ii) dated the 12th of Sept. 1980. Ministry of Human Resource Development (MHRD), Government of India, New Delhi vide D.O.No.F.20-71/2005-U.3 dated 21st December 2005 also recognized the Institute as a Minority Institution. Being a Deemed-to-be University, SHIATS does not require any approval from All India Council for Technical Education (AICTE) for technical and Management courses and is empowered to award degrees as specified and notified under section 22 of University Grant Commission (UGC) Act 1956 (Notification No F.2-1/2006 U.3(A) dated 7th April 2006) issued by Ministry of Human Resource Development (MHRD), Department of Secondary & Higher Education, Govt. of India, New Delhi.

SAMBALPUR UNIVERSITY

Jyoti Vihar, Sambalpur, Odisha- 768019

Ph : 0663-2430157 (Off) Fax : 0663-2430158

Email: registrar@suniv.ac.in

Website : www.suniv.ac.in

The Sambalpur University Act was passed by the Odisha Legislature on 10th December, 1966 to fulfill long cherished dream of the people of Western Odisha for establishment of a University. The University started functioning from 1st January, 1967 with Prof. Parsuram Mishra as the first Vice-Chancellor. The University was inaugurated on 4th January, 1967 by Hon'ble Chancellor A.N. Khosla. The University started functioning in 1967 in a rented private building at Dhanupali, Sambalpur and in Government building at Ainthapali, Sambalpur from 1968 - 72. In the year 1973 the University was shifted to the present campus named Jyoti Vihar at Burla. The territorial jurisdiction of the University covers 10 Districts of the state of Odisha namely Sambalpur, Sundargarh, Jharsuguda, Deogarh, Bargarh, Bolangir, Subarnapur, Nawapara, Kalahandi, Boudh and Athamallik Sub-Division of Angul District. The University at Jyoti Vihar provides Post-Graduate education in Twenty-seven subjects through Twenty Post-Graduate Departments.

The University Post-Graduate Departments offer one-year study Programme for M.Phil Degree, two years study programme for the Degrees of M.A. / M.Sc. / LL.M. / Business Administration / M.Lib & Inf.Science, One-Year P.G. Diploma Course in Computer Science & Application and Diploma Course in Sambalpuri Studies and Three-Year course in M.C.A. and Executive M.B.A. The P.G. Departments of Chemistry, Life Sciences, History, Economics, Library & Information Sciences and Mathematics have been conferred Autonomous Status by the University. They adopt Semester system based on continuous evaluation. They adopt their own courses of studies. There are Ten Post-Graduate Hostels in the University Campus out of which four are Ladies Hostels and six are Gents' Hostels. The University provide several facilities to the boarders in the Hostels like Common Room with T.V., Reading Room with Newspaper and Magazine, Guest Room, First Aid, STD Telephone booth, etc. The Central Canteen has been opened near the Hostel Campus for the benefit of students. Besides there are two Nationalized Banks, one Post-Office, one Health Centre, one Auditorium, one Police-Out Post, one Faculty House and one Community Centre have been established in the University Campus for providing services to students/teachers and employees in the Campus. The establishment of Directorate of Distance Education (DEC), Private Education Cell (PEC), One Nodal Computer Centre, Academic Staff College, University Yoga Centre, Professor Bhubaneswar Behera Central Library are acting like the wheels for the University system and would carry the University speedily towards achieving the noble boon for which these are set up. The Directorate of Distance and Continuing Education has started in the year 1998 with only on-campus courses in collaboration with P.G. Departments of Sambalpur University.

SAMPURNANAND SANSKRIT VISHWAVIDYALAYA

Varanasi – 221002, Uttar Pradesh

Phone : 0542-2204089, Fax – 0542-2206617

E-mail : info@ssvv.ac.in

Website : <http://www.ssvv.ac.in>

Sanskrit Is the Most Ancient and Perfect Among the Languages of the World. Its Storehouse Of Knowledge Is An Unsurpassed And The Most Invaluable Treasure Of The World. This Language Is A Symbol Of Peculiar Indian Tradition And Thought, Which Ha Exhibited Full Freedom In The Search Of Truth, Ha Shown Complete Tolerance Towards Spiritual And Other Kind Of Experience Of Mankind, And Has Shown Catholicity Towards Universal Truth. This Language Contains Not Only A Rich Fund Of Knowledge Of People Of India But It Is Also An Unparalleled Way To Acquire Knowledge And It Thus Significant For The Whole World. In Order To Highlight Its International Significance And To Keep Intact Traditional Scholarship And To Strike A Compromise Between Indian And Western Outlook And To Conduct Research And Study The Various Aspects Of Culture And Spiritual Literature This University Was Founded On 22 March, 1958 By The Then Chief Minister Dr. Sampurnanand And Education Minister Pt. Kamlapati Tripathi At Varanasi, The Oldest Cultural City Of India, With The Name Of "Varanaseya Snskrit Vishwavidyalaya", D. A.N.Jha Being The First Vice Chancellor. It Was Renamed A Sampurnanand Sanskrit University under the U.P. State University Act, 1973, W.e.f. 16th Dec. 1974. The history Sampurnanand Sanskrit University includes history of the Sanskrit Education itself. The guideline set by the glorious past of the Govt. Sanskrit College, Benares has been most appropriate for the University. Under a proposal af Sri Jonathan Duncan, the then resident of East India Company and the approval of Governor General Lord Carnwalis, this Govt. Sanskrit College was established in 1791. Pt. Kashinath was its first teacher and Acharya. There was an arrangement for the teaching of subjects such as Veda, Vedanta, Purana, Ayurveda, Sahitya, Astrology, Theology, Mimamsa, Nyaya etc. The college was conducted with the surplus revenue of Benares State which was first deposited in a special account and later remitted to the general head of education. In 1844, Sri J.Muir, ICS, was made its first principal. Efforts were made to develop the college in various aspects. Dr. J.R.Valentine developed the spirit of a comparative study of oriental and occidental classics and specific Sanskrit texts were translated into English in order to achieve this goal. Dr. Valentine established an Anglo-Sanskrit Department with this end in view. In 1861, Dr. R.T.H.Grifith was appointed its Principal. He was the first scholar who translated the Valmiki Ramayan into English verses. A reasonable achievement was made in the direction of development, preservation and advancement of Sanskrit learning during the principalship. The publication of 'The Pandit' – 'Kashi Vidya Sudhanidhi' was launched which contained translations of many rare Sanskrit texts. The publication of this magazine continued till 1916. During the principalship of Dr. G.Theibo the system of oral examination was abolished and the system of written examination as well the issue of certificates and degree was started.

To make world class higher education affordable and accessible to all sections of society, Sangam University has been established by the Badri Lal Soni Charitable Trust and promoted by the Sangam Group of Industries. The Group, an industrial conglomerate with an annual turnover of over Rs. 4,000 crore, also owns the largest unit (Certified with ISO 9002) in Asia for manufacturing Polyester/Viscose dyed yarn. The word SANGAM means the synergistic confluence of delighted stakeholders, viz. shareholders, customers, vendors, employees and society at large including students, patients and other beneficiaries. Sangam University finds its roots in Institute of Technology and Management, Bhilwara, which was established in the year 2003 under the aegis of Badri Lal Soni Charitable Trust, The Institute is now one of the best private engineering and management institutes in terms of infrastructure, facilities and academic excellence. It is affiliated to Rajasthan Technical University, Kota and approved by All India Council For Technical Education, New Delhi.

Aims & Objectives are :

- To create a high quality University aiming to be amongst the top in the country. It will not only serve the educational needs of the community, but also acts as an incubator of talent and business that will eventually lead to the creation of new companies and jobs.
- To be a non-profitable and fully self sustaining University.
- To provide a platform for students at an Undergraduate, Post Graduate and Research / PhD level to increase their knowledge and skill sets in the fields of Engineering, Sciences, Business Studies and Arts.
- To increase employability of the students in a minimum period of time while adhering to the UGC norms, by focusing on knowledge and skills relevant to industries in all fields.
- To be partner with industries and other leading educational institutions (At National and International levels) to create a curriculum that provides students with unique learning opportunities that are up-to-date and prepare students to be immediately employable. We aim to provide an edge over other universities by closely associating with industries to provide a course that is up to date with the market demands.
- To attract students from across the country and ensure a safe, secure and healthy environment to them through our hostel, transportation, mess, sports and other facilities.
- To work for the betterment of our community through various social and environmental activities.

All aspects of Buddhist-Indic Studies from philosophy to culture; from economics to governance shall be addressed in totality. It shall invite knowledge & wisdom from all ten directions; shall realise, redeem, research, refine and refurbish it further to disseminate in all spheres of life and contribute to the efforts in making 'Mother Earth' a better place to live in. This shall also contribute to the interaction among Asian countries and facilitate cross pollination of ideas & foster harmony among different Asian civilizations. It shall also promote the preservation & conservation of valuable physical assets, manuscripts; promote documentation, translation, co-ordination & interaction among different approaches. The university is committed to work on the known & unknown dimensions of knowledge, academics, art, literature, culture, skills related to 'Dhamma-Dharma' which has descended under the guidance of great masters. The University shall evolve itself to pick up the fine signals, philosophical nuances and minuscule conceptual possibilities, concretize them and ensure positive and constructive support & opportunity to establish and flourish. The University shall work with a clear mandate & strong will to discover, understand & establish the principles & philosophies of activities, communication, interactions related to alternate educational systems. Sanchi University shall endeavor to synthesize the ancient systems with the current needs; re-establish the knowledge catering to present day issues. We expect to revive the old glory of Nalanda, Taxila, Vallabhi, Vikramshila & move forward in current paradigm adding value to all aspects of knowledge, practice & wisdom for the benefit of everyone.

Success comes to those, who work hard. And stays with those, who don't rest on the laurels of the past. And Sandip Group of Institutions have been a standing example for reaching success and sustaining it. We have been instrumental in shaping successful futures of many citizens of the country and continue doing so. In the process of this journey, we have set standards, initiated trends and achieved new milestones, successfully.

Sandip University stands for integrity, excellence and holistic development.

Vision

To be one of the most preferred learning place to nurture future global leaders congenial to society.

Mission

We at Sandip University envisage the sustainable growth of stakeholders following the University Missions (UMs) as below –

- Providing learner-centered education through Cutting Edge Technologies facilitated by the world class infrastructure.
- Enabling a global leader in education & human development to bloom as a center of excellence in teaching, research and entrepreneurship
- Involving societal oriented and purposeful research with concern for sustainable development.
- Moving beyond curriculum and create opportunities for student engagement with “cultural others” with global society.
- Empowering students to converge into capable leaders & responsible citizens bearing high ethical value.

This isn't just any other university. It's an ultra-modern university with values rooted deep down in the 5000 year old culture which has always led the way forward to humans around the world. Situated in the historic land of Nashik, SandipUniversity is extremely progressive in thought, culture, mission, vision and delivery of world-class education to the next generation of students. Sandip University is poised to help you give the very best of both worlds i.e. a culture which is 5000 years old and an education which is decade ahead of its time.

Sandip University is an autonomous educational university guided and governed by the policy, rules and regulations of Maharashtra state and under the regulations of the University Grants Commission. This is the first Self-financed private university in North Maharashtra. Sandip University belongs to Sandip Group of Institutions which owns the very well-known Sandip Foundation in Nashik. Sandip University is a massive educational institute In Nashik aimed at providing quality Undergraduate and Postgraduate programs to the students.

Success comes to those, who work hard. And stays with those, who don't rest on the laurels of the past. And Sandip Group of Institutions have been a standing example for reaching success and sustaining it. We have been instrumental in shaping successful futures of many citizens of the country and continue doing so. In the process of this journey, we have set standards, initiated trends and achieved new milestones, successfully.

Sandip University stands for integrity, excellence and holistic development. These are three core pillars which will help you in managing all hurdles in life. There's much more to us than a student-professor relationship. If you can imagine something for yourself then we can make it happen for you.

SADHU RAM CHAND MURMU UNIVERSITY

Jhargram Raj College
Jhargram – 721507, West Bengal
Email : vcsrcmuj@gmail.com
Phone : 03221-255022

Sadhu Ram Chand Murmu University, also known as Jhargram University, is a public state university in Jhargram, Jhargram District, West Bengal. The university was established in 2018 as Jhargram University under The Jhargram University Act, 2017. In 2021, it was renamed as Sadhu Ram Chand Murmu University. It became active with the appointment of the first vice-chancellor, Amiya Kumar Panda, in 2021.

It is a matter of immense pride that the Sadhu Ram Chand Murmu University is named after Kobi Guru Sadhu Ram Chand Murmu, the great poet of Santali Language. And from this it is clear that one of the major goals of the University is to promote education in terms of tribal literature and culture.

It is also strongly believed that the University will function efficiently as a teaching, training and research centre in various branches of learning and courses of study, including Humanities, Social and Basic Sciences, and promoting advancement and dissemination of knowledge and learning, and extending higher education to meet the requirements of higher education and research in various subjects, and thus to serve the society and the nation. In addition to these the newly formed university will give special emphasis on skill-based education depending on resources in the surroundings. The major target will be to promote the rural economy and broad base sustainable development in long run impacting the quality of life. The proposed University will benefit the students immensely, as they will not have to go to other Districts to pursue higher education, especially to provide better education to the tribal students.

SANT BABA BHAG SINGH UNIVERSITY

VPO Khaila, P.O. Padhiana, Distt. Jalandhar

Punjab

SANT GAHIRA GURU VISHWAVIDYALAYA

Administrative Building, Near Hospital Road, Ddarripara
Ambikapur, Surguja-497001, Chhattisgarh
Helpline No. 9453590804, 7081365720
Email : helpline.su@gmail.com

Sant Gahira Guru Vishwavidyalaya, Surguja, Ambikdapur, Chhattisgarh is established and incorporated by Chhattisgarh Vishwavidyalaya Adhiniyam No. 18 of 2008 on September 2nd, 2008. The territorial jurisdiction of the University extends to the entire Surguja Division comprising of five revenue districts. This Consist of Korea, Surguja, Jashpur, Surajpur and Balrampur. The University was established to serve the society through dissemination of knowledge in all the disciplines.

Sant Gahira Guru University (Surguja University) is a State University with status to status of affiliation (affiliated university) established in 2008 to cater the needs of higher education in the Surguja region. The region consists of thick forest, tribal and deprived section of the society trails in higher education not only in comparison to national GER but also the higher education GER of the State of Chhattisgarh. There is a serious dearth of higher education and the resources required for the purpose. Therefore, the University needs special central assistance in proportion of 90:10 since it has different place in higher education even in comparison to the other parts of the State of Chhattisgarh. The equality most be among the equals and not amongst the unequal. The provision of reasonable classification incorporated in the in Article 14 of the Indian Constitution provides adequate basis for reasonable classification in favor of the Surguja University and the Bastar University to be placed in formula One for the purpose of the contribution in Grant at the rate of 90:10. The University has recent genesis in 2008. Result of it, it runs negligible no. of academic programmes due to the shortage and dearth of resources; financial, infrastructural, human etc. The University therefore, runs post graduate programme at its campus only in two academic programmes in addition to two diploma courses. Since the University does not have its own building to run the academic programmes therefore, runs these programmes in a hostel of the Govt. Rajmohini Devi Girls PG College purely on ad-hoc basis. The University runs one UG programme under the Faculty of Engineering in its constituent college situated in Lakhanpur. The University other than the B.E. programme does not run any under graduate programme at it campus in different faculties or through constituent college. The University runs UG programme of different faculties in the form of B.A., B.Sc., B. Com., B.B.A., B.Ed. etc. through the colleges affiliated to it. The University runs PG programme of different faculties in the form of M.A., M.Sc., M. Com., etc. through the colleges affiliated to it. The geographical jurisdiction of the University extends to 5 administrative/revenue Districts of the State of Chhattisgarh. This includes Surguja, Surajpur, Korea, Jashpur and Balrampur. The University caters the academic needs of this region through external study programme at PG and UG level through different academic courses. The University at present consists of 66 colleges in this region

SANT LONGOWAL INSTITUTE OF ENGINEERING & TECHNOLOGY

Consequent upon the decision, taken by Govt. of India in 1985, to tender a valuable, yet humble tribute to the everlasting memory of the revered saint, Sant Longowal Institute of Engineering and Technology took its shape. The institute was established by Ministry Of Human Resource and Development (MHRD), Govt. of India in the year 1989 and was formally inaugurated on 20th December 1991.

Accepting the new challenge of new education policy, Sant Longowal Institute of Engineering & Technology (SLIET) was established, with a vision to act as an international podium for the development and transfer of technical competence in academics. It is committed to provide best possible technical education and to cater to the technical manpower requirements with emphasis on practical training in industry.

The institute is an autonomous body, fully funded by Govt. Of India and controlled by SLIET society, registered under Societies Registration Act, 1860.

The institute awards its own Certificates, Diplomas, Undergraduate and Postgraduate approved and recognized by AICTE, New Delhi. Ph.D. programmes have also been started after it attaining status of Deemed to be University.

It was formulated that the institute, besides catering to the needs of formal education would undertake an arduous task to prepare the skilled and qualified manpower for self employment. Further, the institute would take up a strategic research and development activities which along with entrepreneurship will help in extending the efforts of the institute in imparting education to the unemployed and working population by updating and upgrading their technical skills. The institute was thought to cater to then existing 3-tier system to modern industry, which incorporates workers, technicians and engineers.

The institute has a sprawling area of 451 acres of land provided by Punjab Government. Surrounded by lush green land, the campus of the institute extends a beautiful and well developed area with many topographically featured picturesque landscape, numerous buildings of various nature and stature and metal road network. The campus presents a spectacle of harmony and natural beauty. It is embedded with all the amenities required for a complete township.

The Nootan Sarva Vidyalaya Kelavani Mandal (NSVKM) was established in 1952 with the objective of working towards educational and socio-cultural needs for the people of North Gujarat. Under the dynamic leadership of Shri Prakashbhai Patel, Vice Chairman, the trust has successfully achieved its goal to fulfill educational needs in the area through the Nootan Education Group consisting of 2 schools and 13 colleges on two separate campuses. The trust began its 1st educational activity with the set up of a school known as Nootan High School, Visnagar.

With the visionary approach of Shri Parakashbhai Patel and trustees, NSVKM has strongly achieved the status of Sankalchand Patel University and created a path for value based diversified education in north Gujarat region and taking it beyond.

Today, the trust successfully administrates educational institutions from primary schools to graduate and post graduate colleges and other professional courses. The trust's consistent efforts in education have earned its institutes and colleges many merits and a strong name in the educational movement in India.

The phenomenal growth and development of Visnagar, the well planned and unique educational township situated in the north of the Gujarat State, is stranger than fiction. Based on local talent and local resources it is a peerless example of self-reliance and dedication.

VISION

“To become worldclass university through philanthropic practices”

MISSION

“We serve society to develop and prosper by building human capital”

SANJAY GHODAWAT UNIVERSITY

Kolhapur - Sangli Highway,
A/p Atigre - 416 118, Tal. – Hatkanangale
Dist. – Kolhapur, Maharashtra, India
Email : registrar@sanjayghodawatuniversity.ac.in
<http://www.sanjayghodawatuniversity.ac.in>

The Sanjay Ghodawat University (SGU) is established in the Academic Year 2017-18. It is established as a State Private University under Govt. of Maharashtra Act No. XL of 2017 dated 3rd May 2017, with the approval of the UGC and the state Government. Academic Council of SGU governs the rules and regulations for the smooth conduct of academic programs with the approval of Governing Council of SGU, which shall continuously monitor the programs and makes appropriate amendments in the rules and regulations as per requirements whenever required. Various committees constituted as per the act will recommend the curriculum, addition/deletion of courses, assessment system, discipline and conduct of students to AC, to ensure that the quality of upgradation and the relevance of the program are maintained to meet the present changes that are taking place at different levels of higher education system. SGU has constituted its own Academic Council, Academic Advisory Committee, Finance Committee, Library committee, Department under Graduate Committee, Class Committee, Evaluation Committee, Marks Finalization Committee, Mal-Practice Committee, Grievance Redressal Committee, Standing Disciplinary Action Committee, and Hostel Committee etc. All these committees ensure that the university functions as per the norms laid down by the UGC / State Government and such other regulatory bodies.

"For the true measure of giving is giving without measure." Spread across 150 Acres, Sou. Sushila Danchand Ghodawat Charitable Trust's Sanjay Ghodawat University (SGU) is situated in serene atmosphere amidst idyllic hills and lush green meadows to study in harmony with Nature. The Institution aspires to run along the lines of best-in- the-world education and become a world-class institution where teaching-learning process gets a far deeper meaning. Sanjay Ghodawat University, Kolhapur (SGU) stands for performance par excellence. World over where it is commonplace to see mediocrity as the order of the day, SGU always stands as the guiding star of brilliance, quality and deliverance beyond expectations. Innovativeness and Creativity are the hallmarks of a genius enterprise and SGU stands to be a stage where these qualities would be nurtured, encouraged and blossomed. Inner re-engineering towards a proactive outlook, courage to convert challenges into opportunities and an unyielding spirit with never-say-die attitude is expected from students, staff and management who are present in the grand precincts of the Institution. The genius is incomplete without the sense of social responsibility and SGU's ultimate goal remains the development of an attitude of gratitude that freely gives back without expectations.

SANTOSH UNIVERSITY

SANSKRITI UNIVERSITY

28 K. M. Stone, NH 2, Mathura - Delhi Highway
Chhata District, Mathura, Uttar Pradesh – 281401
Mobile : 09358512345

Sanskriti set up in a serene environment with state of the art infrastructure, is a university providing 360 degree holistic development of students. Sanskriti's intellectual capital comprises highly qualified and experienced faculty drawn from Industry as well as from Academia. Curriculum aligned with industry needs, makes students employable and job ready. Sanskriti is committed to get all its students employed by providing skill based value additions.

The university campus is spread over 40 plus acres of land on N.H.-2 located at Chhata, Mathura which is 116 KMs from Delhi. The administrative building of the university is architecturally majestic and stands out as unique in the entire state of U.P. The university has been established with the idea of "Excellence in Life" of the students. The infrastructure compares with the standards of premier institutions/universities of India. Large number of courses are being offered by the university to satisfy the needs of the students who want to pursue higher education in main streams and also for those who want to build their careers in unconventional streams that have great potential and importance in the industry.

All courses are supported by laboratories, equipments, libraries, computer labs and other infrastructural needs for meeting the demands of the courses.

The University is very selective in recruiting the faculty members as it understands the value and contribution of teachers in shaping the destiny of the students who aspire to build promising careers that will enable them to serve the industries/service sectors in responsible positions and live happily. Competence, experience and qualification are the major criteria for recruitment of faculty members.

The students are admitted on selective basis. The University conducts admission tests and the students are admitted to various courses on the basis of their performance in these tests/merits. In short, the major contributing factors of higher education are given due weightage to ensure progressive enhancement of brand image and fulfillment of the university's mission of serving the society through high quality education in different branches of higher studies.

SARDAR BEANT SINGH STATE UNIVERSITY

National Highway 15
Gurdaspur Pathankot Road
Bariar, Gurdaspur, Punjab – 143521
Phone: 0187-4221463

Sardar Beant Singh State University (S.B.S.S.U.), Gurdaspur, earlier known as Beant College of Engineering and Technology, is a University located in Gurdaspur, Punjab, India. S.B.S.S.U. imparts education in various Science and Engineering disciplines. S.B.S.S.U. has seven academic and two administrative departments.

The University Campus is situated on (NH 54) Bariar, Gurdaspur and is 4.7 Km away from the New Gurdaspur Bus Stand (Under Construction), 3.6 Km away from the Gurdaspur Railway Station and 5 Km away from the Old Gurdaspur Bus Stand. Renowned food brands viz. SUBWAY, BARISTA are popular food landmarks near University campus.

Beant College of Engineering and Technology (State Government Engineering College), Gurdaspur, was established by the Government of Punjab as an autonomous institution through a registered society to provide technical education in the emerging areas of engineering and technology, and especially for the development of surrounding border areas. In line with the national policies of globalization and privatization, the college places special emphasis on the development of entrepreneurship and on industrial training. The foundation stone of the college was laid on 28 February 1994 by the late Beant Singh, then Chief Minister of Punjab. The first session commenced from 21 August 1995, when 120 students were admitted to three B. Tech disciplines. The college is approved by AICTE (All India Council of Technical Education) and is given academic autonomous status by the University Grants Commission effective from the academic year 2014 onwards. In 2021 by an act of government it was upgraded to a university with the name of Sardar Beant Singh State University.

Sardar Bhagwan Singh Post Graduate Institute of Biomedical Sciences & Research, Balawala, Dehradun (1994-2018) had been a pioneer institution in the field of Biomedical Sciences, not only in Uttarakhand but in the entire Northern Region. Since its inception in 1994 the Institution has constantly worked towards raising the academic standards. The Institute was the outcome of the foresightedness and vision of the Founder Director Sardar Gurcharan Singh Ji, whose dream was to make this part of the region self sufficient in higher education. With the outstanding faculty, motivated students and efficient management, and wide campus covering a total area of more than 1.5 lac sq. ft., SBSPGI had achieved the milestone of two glorious decades.

Transcending new boundaries in education, research and placements. In 2018, Sardar Bhagwan Singh University was established vide Sardar Bhagwan Singh University Act, 2016 (Uttarakhand Act No. 12 of 2018) enacted by the Government of Uttarakhand and notified on 3rd of August, 2018. With two decades of excellence in the field of Biomedical Sciences, Sardar Bhagwan Singh University now ventures in the field of Commerce, Management, Hotel Management, Engineering, Agricultural Sciences & Forestry, Basic Sciences and foreign languages keeping in view the career opportunities and aspirations of the young generation. SBS Education has always thrived to be the best in the region in terms of academics, infrastructure, research activities and in campus facilities. The University more promisingly accepts the challenge to excel progressively in the fields of Science, Technology and Management, besides the milestones achieved in Biomedical Sciences. Choosing the right university is one of the most important decisions you will ever make. We hope this website will give you an insight into what makes Sardar Bhagwan Singh University special and helps you to make the best possible choice for your future.

Mandate

The organization is governed by the Society Gaurav Bharti Shiksha Sansthan which was established in the year 1994. The depicted society mandated itself towards providing quality professional education to the needy students belonging to the Sikh minority community, but admissions are open to all categories of students irrespective of caste, creed and religion. The grand aim is to develop the University as centre of excellence in the area of science and technology with the state of art facilities.

SARDARKRUSHINAGAR DANTIWADA AGRICULTURAL UNIVERSITY

Government of Gujarat repealed Gujarat Agricultural University Act 1969 (Gujarat Act.No.13 of 1969)and promulgated Gujarat Agricultural Universities Act, 2004(Guj.Act No.5 of 2004). Accordingly four Agricultural Universities have been carved out from erstwhile Gujarat Agricultural University with effect from 1st May 2004 SDAU. The Sardarkrushinagar Dantiwada Agricultural University is devoted for location specific agricultural research. As such the mandate of the SDAU, Sardarkrushinagar is confined to six Districts viz., Gandhinagar, Mehsana, Patan, Sabarkantha, Banaskantha and Kutch of North Gujarat predominantly encompassing arid and semi arid climate.

The University is located at Sardarkrushinagar, the main Campus of Sardarkrushinagar Dantiwada Agricultural University. Sardarkrushinagar campus is located 27 kms away from Palanpur. Palanpur is the District headquarter of Banaskantha and a broad gauge railway junction on Ahmedabad-Abu road- Delhi railway tract. It is also well connected through state transport bus services. Transport facility from Palanpur to Sardarkrushinagar is provided through a fleet of University buses. The District of Banaskantha is having natural combination of Agricultural land, hills, forests and dry sandy pastures. The fascinating view of the mountain ranges of Ambaji Hills and its surrounding forest adds to its scenic beauty and charm.

MANDATES

1. Promote human resource development in the faculty of Agriculture, Veterinary , Home Science ,Basic Science and allied sciences by pursuing academic programmes at undergraduate and postgraduate level.
2. Introduce the application of modern agriculture technologies for enhancing and sustaining the agricultural related production ad thereby economy of the region in congruence to the psycho-socio-economic status of the area.
3. Enhance intellectual capabilities of the student and extension functionaries of the developmental departments and other organizations involved in agricultural and rural development.
4. Develop collaborative linkages with government, non-government, national and international organizations for sharing and optimally utilizing the resources of the university for amelioration of economic status of the stake holders.

Fax : [02692]-236475

Sardar Patel University (SPU) is a university in the Gujarat state of India. It is named after independence leader Shree Sardar Vallabhbhai Patel (October 31, 1875–December 15, 1950). It was founded in 1955 by Shree Bhailalbhai D. Patel, known as Bhaikaka. This university considered as one of the best in India for higher education. But recent privatization of some of its colleges diluted its prestige and quality. SPU is one of the largest (student strength- ~40,000) university in Gujarat.

The university was established by an Act of the Legislative Assembly of the then-Bombay Province in December 1955 and was UGC recognized under 2(f) of the UGC Act in October 1968. The university has many affiliated colleges and AICTE approved by All India Council for Technical Education, (AICTE), New Delhi. 05-05-2010, Originally it had the status of a rural university but now it has diversified with the motto of "Excellence Matters". The university is the first among all the universities in Gujarat to volunteer for the accreditation in 2000. Sardar Patel University is listed among Top 30 Universities in India.

The University and the township of Vallabh Vidyanagar on which sprawls the University campus, have not been created by any executive order of the State, neither have they been created by one or few wealthy people. Indeed, this land of learning and the Seat of Higher Education - The University - has been created by a unique co-operative contribution of a large number of farmers of this rural area, who were inspired and enthused by the vision, dedication, and sacrifices of Sardar Patel, Shri Bhaikaka and Shri Bhikhabhai. Having been founded on the basis of selfless voluntary contribution of the local farmers aspiring to transform this rural area into an enlightened collectivity of people with impeccable character and national spirit, Sardar Patel University has been nurtured by the cherished values of its founders and a large number of very able, selfless and visionary academic and administrative leaders. Today, The University offers a variety of courses at all levels covering almost every discipline of knowledge. Several of its departments and academic programs have been nationally acclaimed and internationally reputed. The Quality of research and the standard of publication by the members of faculty and research scholars are the best among the leading Universities in India and abroad. The serene, green and peaceful environment of its campus, free from all kinds of modern nuisance nourishes the vitality of the University's pursuits of academic excellence as visualized by Sardar Patel. Addressing the gathering of scholars on the occasion of the inauguration of the first College in Vallabh Vidyanagar, Sardar Patel had shared his vision of academic excellence in these words : "We want to train the citizens of Independent India and not helpless young ones loitering for jobs, thus education without character is worthless".

SARVAJANIK UNIVERSITY

SCET Campus, TIFAC-CORE Building
R. K. Desai Marg, Athwalines
Surat-395001, Gujarat, India
Email : admin@sarvajanikuniversity.ac.in
info@sarvajanikuniversity.ac.in
Mobile : +91 99791 02021 +91 97129 30321

The establishment date of Sarvajanik University is 1st June, 2021. The Sarvajanik Education Society has established the University under Gujarat Private Universities Act No. 8 of 2009 and Amendment Gujarat Private Universities Act No. 15 of 2021.

At the core of Sarvajanik University is an ‘Integrated, Inclusive & Innovative’ approach. To guide, educate, mentor the youth of the nation, under the institutional umbrella of the University is the key objective. Under its aegis are eight constituent institutes imparting education in domains of Arts, Business, Commerce, Architecture and Design, Engineering, Law, Management, Science and Humanities.

The Gujarati word ‘Sarvajanik’ translates as Universal, Public and inherent in it, is the notion of “Inclusiveness”. This essence is carried forward as the integration of various institutes of excellence, which existed as separate bodies in the Sarvajanik Education Society.

Core human values have been integrated in the Interdisciplinary understanding of theories and practicalities of life skills. The students will contribute holistically to the development of progressive communities and enlightened societies through determined collaborative exchange of knowledge and expertise with other educational institutions globally as well as locally.

Values that encourage civic participation, ethical professional practice & happy community living have been incorporated in the curriculum.

Sarvajanik University has been established by Sarvajanik Education Society. The Sarvajanik Education Society is a 109 year old, democratically run, philanthropic society serving the educational needs of over 33,000 students in its 33 institutes. The members of the Society are eminent citizens of South Gujarat. It is the largest educational society in India, which depends on philanthropy of the community.

The University offers a student centric choice based approach along with liberal studies education. The University ensures for its students, a holistic personality development with ethical and informed professional commitment, individuals sensitive and sensible to concerns of society and the world.

Shanmugha Arts, Science, Technology & Research Academy (SASTRA) - right choices lead to a competitive advantage. Started in 1984 as Shanmugha College of Engineering, it has witnessed a phenomenal growth in academic and professional stature and will continue to add new dimensions, leaving no stone unturned. Our programmes, infrastructure, etc. are among the country's finest and as a testimony to this, the Government of India has conferred the University status to SASTRA on April 26, 2001 under section 3 of the UGC Act, 1956. SASTRA has also been re-accredited with Grade 'A' (maximum) by the National Accreditation and Assessment Council (NAAC) a statutory body of U.G.C.

SASTRA has always been proactive in its academic planning and believes in gaining the firstmover advantage. All programmes have won national acclaim.

An excellent faculty committed to quality teaching and research, a flexible curriculum responsive to the changing needs of industry, excellent computer facilities, state-of-the-art infrastructure, a well-stocked library - contribute to the excellence of our undergraduate, postgraduate and doctoral programmes. SASTRA is where you connect with other motivated students, experienced and dedicated faculty, corporate go-getters, an extensive alumni network and excellent placement opportunities. In short you connect with success.

You will find your experience at SASTRA unique. We strive to create an academic environment where students who are transparently selected only on merit are continually challenged and motivated to do their best possible work. We believe in nurturing values and ethics - professional and human. An enriching academic environment coupled with a salubrious ambience makes SASTRA the right destination. SASTRA University's true living to its admission ethos makes it admission motto "THINK MERIT. THINK TRANSPARENCY. THINK SASTRA" a model benchmark worthy of emulation.

"To impart value based higher education turning out good engineers, scientists and researchers who are at the same time good individuals and good citizens in order that they may become useful members of an enlightened humane society."

To be a world class University engaging in meaningful research & development offering quality education to the students and other learners.

SATAVAHANA UNIVERSITY

Malkapoor Road, Chintakunta
Karimnagar- 505001, Andhra Pradesh
Tel : 0878 – 2255911
Fax : 91-878-2255933

Website :<http://www.satavahana.ac.in>

Satavahana University has its roots in the erstwhile Post Graduate Centre of Osmania and Kakatiya Universities.

In the months of June 2008, the Post Graduate centre has been upgraded as Satavahana University. The University is named after the SATAVAHANA dynasty that ruled this region.

Foundation for the establishment of the University was laid in July 2008 in 200 acres of main campus situated in the immediate neighborhood of Karimnagar Town on Malkapur Road. The sprawling University campus is a beautiful forest-like environment with idyllic surroundings.

The University started functioning from the main campus from September 2012 and purposes to shift the entire PG Programmes into main campus by July/August 2013 in a full-fledged manner. Construction of Classrooms and Girls Hostel is nearing completion.

The University offers many of its PG, UG and Professional Programmes through two of its Colleges called University College and University Post Graduate College, one situated in Karimnagar Town and the other at Godavarikani. Also, there are over 160 affiliated Government and Private Colleges spread far and wide over the entire Karimnagar District.

The University presently has nine faculties and offers all major courses of Science, Law, Commerce & Management, Oriental Languages, Arts and Social Sciences.

The University Constituent Colleges are presently offering the Programmes such as M.A.(English, Telugu, Urdu, Economics and Sociology), M.Sc.(Botany, Chemistry, Computer Science and Food Science and Technology, Physics (Instrumentation), Mathematics), M.Com., M.B.A, M.C.A and B.Pharmacy.

5. To constantly update the curriculum to the current necessity and reality.

To promote academic excellence, widen intellectual horizons, inculcate self discipline and high ideals for the total personality development of individual. To convert a novice into a competent professional with excellent theoretical knowledge and unsurpassed practical/clinical skills and to motivate interest in research activities, further education and social services. To be, and to be recognised for setting the standards of excellence in professional education and high quality scientific research. To promote quality education, to convert a novice into a competent expert in the relevant field at par with global standards by meeting the far reaching expectations and requirements of the students through dedicated and devoted staffs with updated systems and continued improvement.

SCHOOL OF PLANNING AND ARCHITECTURE

Neelbad Road, Bhauri
Bhopal – 462030, Madhya Pradesh
Phone: 9755590393

School of Planning and Architecture, Bhopal is established by Government of India as an Institute of National importance in the year 2008. This school is committed to produce best Architects and Planners of the Nation to take up the challenges of physical and socio-environmental development of global standards. This will be developed as 'University of imagination', where a sense of enquiry will prevail amongst all stake holders- students, researchers, professors and society at large.

School of Planning and Architecture will strive for social sustenance through universal design, cultural sustenance through conservation and environmental sustenance through the discipline of Architecture, Planning and Design.

The Institute strives:

- To create School of Planning and Architecture, Bhopal as a centre of excellence for imparting quality education at undergraduate, postgraduate, doctoral and post-doctoral levels in Planning and Architecture.
- To create national level research and development centre with special emphasis on research and consultancy work in the field of Planning and Architecture.
- To create national level research and database centre and decision support centre for the preparation and implementation of settlement and habitat development programme for the Government.
- To create the nodal centre for mentoring other architecture and spatial planning institutions in the central region.
- To create a cadre of high calibre faculty members who will be devoted to teaching, research and consultancy in all disciplines that deal with Planning and Architecture.
- To become socially responsible institution providing research feedback to the Government for physical development of human settlements.

SCHOOL OF PLANNING AND ARCHITECTURE

4-Block-B, Indraprastha Estate, New Delhi - 110002

Fax. 011 - 2370 2383

E-mail - ae.spadelhi@gmail.com

Website : <http://www.spa.ac.in>

The School of Planning and Architecture had a modest beginning in 1941 as a Department of Architecture of Delhi Polytechnic. It was later affiliated to the University of Delhi and integrated with the School of Town and Country Planning which was established in 1955 by the Government of India to provide facilities for rural, urban and regional planning. On integration, the School was renamed as School of Planning and Architecture in 1959.

Recognizing the specialized nature of the fields in which the School had attained eminence, in 1979, the Government of India, through the then Ministry of Education and Culture, conferred on the School of Planning and Architecture the status of "Deemed to be a University". With this new status, the School has broadened its horizon by introducing new academic and extension programmes and promoting research and consultancy activities.

The School is a specialized University, only one of its kinds, which exclusively provides training at various levels, in different aspects of human habitat and environment. The School has taken lead in introducing academic programmes in specialized fields both at Bachelor's and Master's level, some of which are even today not available elsewhere in India.

The School, in striving for excellence, has always been in the lead in extending education and research to new frontiers of knowledge. Human habitat and environment being the basic concern of the School, the spectrum of academic programmes is being continuously extended by providing programmes in new fields and emerging areas for which facilities are not available, as yet, anywhere else in the country.

The current SPA Delhi campus is located near ITO in Indraprastha Estate in New Delhi. The SPA Residential Campus and Hostel is located at Maharani Bagh, New Friends Colony, New Delhi and a girls hostel at Indraprastha Estate .

A site of 20 acres has been acquired south of JNU by the school adjacent to Hotel Grand for developing a new campus.

SCHOOL OF PLANNING AND ARCHITECTURE

Sy. No. 71/1, NH-5, Nidamanuru
Vijayawada – 521104, Dist. Krishna, A.P.
Phone: +91 866 2469 447
Telefax: +91 866 2469 451

School of Planning and Architecture, Vijayawada, (in short SPAV), was established on July 7, 2008 by the Ministry of Human Resource Development (MHRD), Government of India, as an autonomous institution. SPAV is a premier Centrally Funded Technical Institution (CFTI) directly under the MHRD, for excellence in the fields of Planning and Architecture. Although in its nascent stage, with experienced faculty and guest lectures by eminent visiting faculty and industry experts from all over the country, the quality of education imparted and its focus on research puts SPAV in the league of leading institutes in the country.

At SPAV, the academic focus and approach is a unique blend of design, creativity and objectivity with a social purpose. Students not only learn the skills required, but during the course of studies are exposed to thought-provoking and intellectually inspiring sessions, through studios, field trips and research projects, which brings out the creative best in them. Two under graduate programs, one in each of the two departments, Architecture and Planning, were started from the academic year 2008-09. The Bachelor of Architecture (B.Arch) program is a 5-year under graduate program and the Bachelor of Planning (B.Plng) is a 4-year under graduate program, Post Graduation and various post graduate and short term certificate programs are proposed to be introduced in the near future. In addition, the Doctoral Program leading to a Ph.D. Degree is being introduced from the academic year 2012-13. Admissions process for the Doctoral Program has already started. Apart from regular classrooms and design studios, student have access to various studios and well equipped, air-conditioned computer labs for CAD and GIS work with state of the art computers. High speed, free wi-fi internet access anywhere in the campus helps students stay connected with the world and gather information for their projects and research. A growing library with over 1500 books and pleasant reading room adds to the research acumen. Students are offered decent and affordable hostel accomodation throughout their course by the School. While this accomodation is optional, all students including locals prefer the School's hostel accomodation and are currently residing in the hostels. Boys and girls are accomodated seperately in three blocks in the Vijaywada city with furnishing and security. Daily transport facility is available for students between the hostel and campus.

Our Cafeteria and Mess serves healthy and hygenic breakfast, lunch, dinner, tea and snacks in the evening at hostel and campus with Vegetarian and Non-Vegetarian meal plans on specific days and is common to staff and students. Students are encouraged to take up sports and literary activities in their free time and facilities for the same are provided on the campus.

SHARNBASVA UNIVERSITY

Vidya Nagar, Kalaburagi, Karnataka - 585105

Mobile : 9243219188, Fax : 08472-277854

Email : registrar@sharnbasvauniversity.edu.in

A Private University enacted by Govt. of Karnataka as "Sharnbasva University Act 2012" Karnataka Act No. 17 of 2013. Notification No. ED 144 URC 2016 dated 29/07/2017.

The Sharnbasveshwar Vidya Vardhak Sangha was founded in 1901 by the 6th peethadhipati, made a humble, yet a noble beginning with its first school housed in Mahadasoha - Mahamane the spiritual abode. Then onwards it has never looked back and has grown into leaps and bounds. Dedicating itself to the pursuit of service and excellence has grown into a mammoth educational centre imparting science, commerce, management, arts, engineering & technical education to nearly 20,000 students from LKG to PG in 40 institutions spending nearly 100 crores in 100 years of its meaningful and eventful existence. Illustrious Sons of India and dignitaries including the father of nation, Mahatma Gandhi down to Dr. APJ Abdul Kalam, the former president of India have visited our Sangha.

Sharnbasveshwar Vidya Vardhak Sangha was founded in 1903 by Late Poojya Doddappa Appa, the 7th Peethadhipati of Sharnbasveshwar Maha Dasoha Samsthan, Gulbarga. It made a humble, yet a noble beginning with its first school housed in Mahadasoha Mahamane - the spiritual abode where Lord Sharnbasveshwar lived. Since then, it has never looked back and has grown into leaps and bounds, dedicating itself to the pursuit of service and excellence. In the course of time, it has grown into a mammoth educational centre imparting Science, Commerce, Arts, Management, Vocational, Engineering and Technical education to nearly Twenty Thousand Students from LKG to PG in forty institutions spending nearly hundred crore in the span of hundred years of its meaningful and eventful existence. Many dignitaries have visited our institution - including the father of our nation Mahatma Gandhi down to Dr. A. P. J. Abdul kalam, the Former President of India. They have paid rich tributes to our Sangha as it has been rendering yeomen service by providing quality education to the people of backward region. There have been many innovations in teaching methodology in the recent past, especially in higher education. But the essence of philosophy of our institution has remained as it was enunciated by Lord Sharnbasveshwar. Students may acquire great knowledge which may or may not be used by them in their life but the kind of education imparted in our institution lasts for ever, which is more rooted in encouraging our students to be self reliant, inquisitive and positive thinking governed by great tolerance. The education that we impart gives the students enormous scope for independent thinking and absorbing the differences they confront in the society. The knowledge acquired without subjecting it to enquiry has no relevance. Hence we infuse the spirit of enquiry into the minds of young students. Self-discipline and independent thinking are the two corner stones of our institution on which the life of students is built. The faculty members make all-out efforts to stimulate intellectual honesty among students. India is a land of composite culture, naturally the strength of our campus is multi-cultures as there are students coming from different walks of life and they are unified and united in our premises. This promotes better understanding among the students who come from different backgrounds. We make the students learn how to cope-up with varied styles and thinking, thereby motivate them to work together for the betterment of society. We make tireless efforts to make our students responsible citizens of the world.

SHARDA UNIVERSITY

Plot No. 32-34, Knowledge
Park III, Greater Noida
Uttar Pradesh.- 201306
Admission Cell : +91-120-3121001/2, 4060210
Toll Free Number : 1800-102-6999
E-Mail : admission@sharda.ac.in
Website : <http://www.sharda.ac.in>

Sharda University is a leading Educational institution based out of Greater Noida, Delhi NCR. A venture of the renowned SGI group, the University has established itself as a high quality education provider with prime focus on holistic learning and imbining competitive abilities in students.

The University is approved by UGC and prides itself in being the only multi-discipline campus in the NCR, spread over 63 acres and equipped with world class facilities.

Sharda University promises to become one of the India's leading universities with an acknowledged reputation for excellence in research and teaching. With its outstanding faculty, world class teaching standards, and innovative academic programmes, Sharda intends to set a new benchmark in the Indian education system.

The Sharda Group of Institutions has been a provider of world class education since 1996. It is the largest educational group based in Uttar Pradesh, having 25,000+ students and more than 1,250 faculty strength. It has above 23,500 alumni who are today leaders in their realms. With state-of-the-art campuses in Agra, Mathura, and Greater Noida, the group has transformed the perception of education by adopting a broader approach and focusing on overall development of an individual.

Spread across 167 acres of land with 3.5 million square feet of infrastructure, the group institutions has earned the trust and respect as a progressive education provider with successful alumni and prolific faculty.

The name of University, 'Sharda' is synonymous to 'Goddess of knowledge and learning - Saraswati'. She is identified with 'veena' an Indian musical instrument and the 'lotus' where she resides. The lotus in our logo symbolises the seat of learning that the University is created for. Variety of colours signify the variety of disciplines the university offers and the overlap between petals creating new colours demonstrate the ethos of collaboration between students and teachers of different courses, nationality, creed and colour working towards creating new knowledge. The petals leading towards a star is an embodiment of the University's cherished mission to provide education beyond boundaries and to facilitate the students and faculty to achieve pinnacles of success throughout the world!

SHAHEED BHAGAT SINGH STATE UNIVERSITY

Moga Road (NH-95)
Ferozepur-152004 (Punjab) India
Phone : +91-1632-242138, Fax : 91-8288-012050
Email: director@sbsstc.ac.in

The Institute was established by the Government of Punjab in 1995 with the name Shaheed Bhagat Singh College of Engineering & Technology as a tribute to the great martyr Shaheed Bhagat Singh. In the academic year 2011-12, it was upgraded to the status of a technical campus and rechristened as Shaheed Bhagat Singh State Technical Campus, Ferozepur. The institute is fully promoted by the Punjab Government and is registered as a Society under the Societies Registration Act 1860. Its affairs are administered by a Board of Governors. The Technical Campus, with its lush green state-of-the-art campus spread over 98 acres is situated on Ferozepur-Moga Road, about four Kilometers away from the Ferozepur city.

The city, Ferozepur is situated on the Indo Pakistan International border. It is well connected by road and rail with important cities like Amritsar, Ludhiana, Jalandhar, Chandigarh, Delhi and rest of the country. As per the annals of history, Ferozeshah Tughlaq founded the city in the fourteenth century. However, it is also believed that its founder is Ferozekhan, one of the Bhatti chiefs. Having a rich heritage, it indeed has maintained its name. In the undivided India it has been a centre of trade and commerce. Ferozepur, with numerous holy shrines, historical places and memorials in and around, has earned a rare status. The hallowed Samadhis of the martyrs Bhagat Singh, Rajguru and Sukhdev, the Saragarhi Gurudwara commemorating the heroic sacrifice of twenty one Sikh soldiers at Saragarhi post in Baluchistan and the Jain Swetambar Temple at Zira constructed in 1890 A.D. are some of the places of pilgrimage showing the spirit of universal brotherhood.

Vision

To be identified as preferred destination for professional studies responsive to industrial and societal needs of the country.

Mission

Development of technically competent manpower with requisite analytical, theoretical and managerial skill and practical exposure.

All round development of students, staff and faculty by providing conducive environment and infrastructure for learning, skill development and research.

Imbibing versatility, adaptability and yearning for excellence amongst students with highest ethical values as their inner strength.

Website : <http://skuastkashmir.ac.in>

Sher-e-Kashmir University of Agricultural Sciences & Technology of Kashmir is an agricultural university located in Srinagar, Jammu and Kashmir, India. With its main campus in Shalimar, Srinagar, the University has multiple campuses, colleges, research and extension centers across the Kashmir Valley and Ladakh regions of the state.

The university was founded in 1982 by an Act passed by the State Legislature of Jammu and Kashmir. It was named after Kashmiri leader Sheikh Mohammad Abdullah who is popularly known as Sher-e-Kashmir (Lion of Kashmir).

The name given to the university was "Sher-e-Kashmir University of Agricultural Sciences and Technology" (SKUAST).

Initially, the university had jurisdiction over the entire State of Jammu & Kashmir with its headquarters at Shalimar, Srinagar. When the SKUAST Act came in force, the agricultural education, research and extension training units were transferred to SKUAST from various development departments viz; Agriculture, Animal Husbandry, Sheep Husbandry and Sericulture of Jammu & Kashmir State.

In 1998-99, the territorial jurisdiction of the University was redefined by amending the SKUAST Act 1982 under which a separate agricultural University was established for Jammu Division and named as Sher-e-Kashmir University of Agricultural Sciences and Technology of Jammu (SKUAST-J) with its territorial jurisdiction extended to the entire Jammu Division.

The parent University was renamed as Sher-e-Kashmir University of Agricultural Sciences and Technology of Kashmir (SKUAST-K).

SHER-E-KASHMIR UNIVERSITY OF AGRICULTURAL SCIENCES AND TECHNOLOGY, JAMMU

Jammu, 180009, Jammu and Kashmir

Tel : 0191-2262012, 2473883, 2473883, 2475149

Fax : 0191-2473883/2475149

Email : registrar@skuast.org

Website : <http://www.skuast.org>

Sher-e-Kashmir University of Agricultural Sciences and Technology of Jammu (SKUAST-Jammu) came into existence on 20th September, 1999 following the amendment in Sher-e-Kashmir University of Agricultural Sciences and Technology Act, 1982, through the State Legislature. The establishment of SKUAST of Jammu has in its background aspirations, commitment and missionary zeal to cater the needs of Jammu Division for the region specific advances through education, research and extension in the field of agriculture. The university is mandated to address the basic, strategic and applied research related to enhanced production in agriculture and allied sectors (livestock health improvement and quality based products). SKUAST-Jammu is striving to achieve high standards of excellence in education, research and extension for the betterment of farming community of the region. SKUAST-J is a multi-campus university with its headquarter located at Chatha, Jammu. The Faculty of Agriculture (FOA) at Chatha possess 231.2 ha area and Faculty of Veterinary Sciences & Animal Husbandry (F.V.Sc. & AH) at R. S. Pura has 84.13 ha land holding. The total land holding, including Research Stations/Sub-Stations and KVKs, of the University is 455.65 ha. There are six Research Stations/Sub-Stations and six KVKs in the University which are located in different agro-climatic zones of Jammu region for catering the location-specific needs of the farming community. University pursues research of high standard through projects funded by various central and state agencies. Sher-e-Kashmir University of Agricultural Sciences & Technology of Jammu came into existence on 20th September 1999 following the amendment in Sher-e-Kashmir University of Agricultural Sciences and Technology Act 1982 through the State legislature. The establishment of SKUAST of Jammu has in its background aspirations, commitment and missionary zeal to fulfill the area specific needs of people of Jammu for research and development in the fields of agriculture and allied sectors under the diversified agro-climatic conditions. SKUAST of Jammu inherited meager assets and very little staff that was deployed at various Research stations and sub stations of erstwhile SKUAST (J&K) to carry on the mission of agriculture research and development. To meet the demand of trained manpower of development departments and face the challenges in agriculture under the clout of liberalization, privatization and globalization, the pursuance of academic excellence and production of need based trained graduates has been given due priority. In order to accomplish of this task, the top positions of University were filled and various University statutory bodies such as University Council, Board of Management, Research Council, Extension Council and Academic Council were notified.

Website <http://snu.edu.in>

Shiv Nadar University is a multi-disciplinary, student-centric, research-focused university offering a full range of academic programs at the undergraduate, postgraduate and doctoral level. SNU's multi-disciplinary curriculum provides students a strong foundation in disciplines in the humanities and social sciences, natural sciences, technology and engineering studies, communications and management, while enabling them to gain mastery of a subject of their choosing. Taught by world class faculty, undergraduate education at SNU is designed to develop students with the breadth of vision, knowledge, skills and attitudes required to succeed in the careers of the 21st century. Located on a 286-acre campus in India's National Capital Region, SNU is a private philanthropic institution established by the Shiv Nadar Foundation in 2011 through an act of the State of Uttar Pradesh. The University's mission is to help students acquire and develop knowledge, skills, and leadership qualities relevant in the 21st Century and beyond.

In pursuing our mission as a premier center of higher education and learning the following serve as the pillars of the University's intellectual and moral edifice:

- Freedom of inquiry and creation of an intellectual environment conducive to free, open and respectful exchange of ideas
- Academic excellence, proactive initiative, and integrity in an environment of collaboration, collegiality, and civility
- Engaged teaching and learning based on dialogue, student involvement and experiential learning
- Research and initiatives as fundamental sources of creating new knowledge, contributions to the betterment of society and expressions of the human spirit
- Recognition and respect for the diversity of people and ideas, a spirit of inclusiveness, a global perspective and a sense of community as essential conditions for campus life
- Cultivating a character of honesty, integrity, compassion, fairness, respect, and ethical behavior, both in the classroom and outside
- Commitment to social justice and public service as the foundation of individual, educational, social, economic, and political development
- Environmental consciousness, sustainability, and prudent management of natural resources as central tenets of the construction and operation of the University
- Responsible stewardship, thoughtful reflection, collaboration, planning, and evaluation for meeting the changing needs of those we serve.

SHIV NADAR UNIVERSITY

Old Mahabalipuram Road
Kalavakkam – 603 110, Tamil Nadu, India.

admissions@snuchennai.edu.in

Based in a sprawling campus shared with SSN Institutions, Shiv Nadar University, Chennai is committed to academic excellence. Thanks to its close links to HCL, a US\$9.9 Billion global enterprise, the University has a keen understanding of the evolving academic and professional requirements in India and abroad. Each program is designed to help talented students become a successful, job-ready professional or a world-class academic. The University promotes a culture of academic rigour, supported by ample resources, including one of the best-equipped libraries in Southern India, and extensive, world-class research facilities. The University strongly believes that its role is not limited to disseminating knowledge but to act as a catalyst for research, discovery and creation of new forms of expression and aims to become a world-class centre for research. Driven by a belief in the need for all-round development, students are provided ample sports facilities and rich campus life.

Our Vision

A global university, focused on innovation, research, academic excellence and creativity, to develop socially conscious leaders capable of addressing future challenges.

Our Legacy

The Shiv Nadar Foundation was established in 1994 by Shiv Nadar, Founder, HCL – a US\$ 9.9 billion leading global enterprise. Driven by the idea that education plays a key role in narrowing the socio-economic divide, the Foundation has invested over US\$200 million into its philosophy of Creative Philanthropy. This involves building institutions of excellence, imparting students with world-class skills and a strong sense of values, and triggering transformation through the Ripple Effect. Cumulatively, the Foundation has helped to shape the futures of more than 30,000 students over the years.

Institutions created by the Foundation include SSN College of Engineering and the VidyaGyan Leadership Academy amongst others. Affiliated to Anna University, SSN is one of the top 10 private engineering colleges in India and has crafted a niche for itself. Top companies visit SSN regularly and graduates have been recruited for international assignments by companies like Apple and Facebook amongst others. VidyaGyan Leadership Academy is a K-12 school for rural underprivileged students and provide free residential education to the selected students from 6th till 12th class. It has been instrumental in helping bright students from rural India to reach leading international and national institutions such as IIT, AIIMS, Babson College, Bryn Mawr College, Virginia Tech, Purdue University etc. for higher studies.

Shivaji University, established in 1962, is named after the Great Maratha Warrior and founder of the Maratha empire Chhatrapati Shivaji. It was inaugurated on 18th November, 1962 by Dr. Radhakrishnan, the then President of India. One of the major objectives behind foundation of this University was to cater to the regional needs of South Maharashtra. The jurisdiction of the University is spread over three Districts viz. Kolhapur, Sangli and Satara with strength of about 3,00,000 students studying in 271 affiliated colleges and recognised institutes. This region of Maharashtra boasts of rich and varied socio-cultural heritage. Under the innovative and socially reformist leadership of Chhatrapati Shahu Maharaj, the princely ruler of Kolhapur, the city had become at the beginning of this century, a focal point of educational opportunities for all classes and communities of South-Western Maharashtra, and northern parts of neighbouring Karnataka. This is also land of Karmaveer Bhaurao Patil, who struggled for taking education to the masses by his innovative 'Earn and Learn' scheme. When the University was founded by the Shivaji University Act of 1962, the objectives set before the University included making opportunities of higher education accessible to rural youth, conducting fundamental and applied research in the field of science and humanities to ensure regional growth and development. In 1962 the University started functioning with 34 affiliated colleges and about 14000 students with 5 Post-graduate Departments on the campus. Today the number of affiliated colleges has gone upto 225 and students strength upto 2,00,000 with 34 Postgraduate Departments on campus. The University imparts education in 10 major faculties of Arts, Social Science, Science, Commerce, Education, Fine Arts, Law, Medicine, Ayurvedic Medicine, Engineering and Technology. During initial two decades the efforts were concentrated on expansion of higher education and foundation of new colleges in different parts in the four Districts under its jurisdiction. The University consolidated its base in this phase by 'taking education to the people'. The decade of 1980s saw a major expansion, especially the growth of professional faculties like Engineering, Education, Management and Medicine. The recent phase of the University can be termed as "a pursuit of academic excellence". Since last 4-5 years, several attempts are being made to overcome the image of University as a regional University. Several steps have been taken to raise the standards of teaching and research so as to measure upto global standards. This is being achieved by exploring new areas of higher learning and research in rapidly emerging fields like Industrial Chemistry, Space Science, Environmental Science, Bio-Chemistry, Sericulture, Polymer Chemistry and Computer Science, in addition to basic science disciplines.

SHOBHIT UNIVERSITY

NH-58, Modipuram

Meerut - 250 110, Uttar Pradesh

- Biomedical Engineering
- Biotechnology
- Civil Engineering
- Computer Science & Engineering
- Electrical & Electronics Engineering
- Electrical Engineering
- Electronics & Communication Engineering
- Electronics & Instrumentation Engineering
- Information Technology
- Mechanical Engineering
- Mechatronics

SHOBHIT UNIVERSITY

Babu Vijendra Marg, Gangoh,
Saharanpur, Uttar Pradesh – 247341, Uttar Pradesh
Email: vcgangoh@shobhituniversity.ac.in
Alternate Email : mail@shobhituniversity.ac.in
Mob.: +91-9548766670, Tel. : +91-1331-234333, Fax: +91-1331-234500

Shobhit University, Gangoh, Saharanpur has been established as a State Private University under the provisions of the Uttar Pradesh Act 3 of 2012). The University has its own campus in the Adarsh Institutional Area on Babu Vijendra Marg at Gangoh, in the District of Saharanpur (Uttar Pradesh).

The historical commitment to empower the community through education goes back as early as in 1924, when Pandit Jawaharlal Nehru Ji launched the first educational institute named “Hindu Anglo Nagrik Inter College” now known as Hindu Rashtriya Inter College, at Gangoh. This humble and noble initiative was the result of the inspiration and commitment of Babu Kedarnath Ji. As a part of this journey to ignite the minds, a renowned agriculturist and social worker from Gangoh, District Saharanpur, our inspirer, Babu Vijendra Kumar Ji envisioned a society to cater the needs of the youth of the area and empower all sections of the community of our nation through education. This dream of Babu Ji was formalized by Dr. Shobhit Kumar and Kunwar Shekhar Vijendra voluntarily and with the spirit of social service to the community along with a team of eminent professionals, technocrats, educationists, and social workers by establishing NICE Society in 1989. To fulfill the vision of Babu Vijendra Kumar ji, to eradicate poverty and meaningfully contribute towards the social upliftment, economic growth, employment generation, empowerment & overall development of youth on sustainable basis, NICE Society, established a number of institutions.

Shobhit University aims to create a conducive, enabling academic climate to facilitate integration of the younger generation into the logic of the present system and to develop educational means by which men and women deal critically and creatively with reality and discover how to participate in the transformation of their world.

The Shobhit University will be internationally recognized as a premier Indian University with a global perspective that educates leaders who will fashion a more humane and just world. The core mission of the University is to promote learning in Indian tradition with international outlook.

The University offers undergraduate, graduate, research scholars and professional students, the knowledge and skills needed to succeed as persons and professional in niche technical areas, and the values and sensitivity necessary to be men and women for others.

Shoolini University is committed to excellence in all aspects of graduate and postgraduate learning, the transmission of relevant knowledge and skills, and free thinking needed to address the challenges of the modern world. We are a non-profit multi-disciplinary private university with a vision to be a top 200 global university in next ten years. In addition, we aspire to provide quality and relevant education to our students at an affordable and subsidized fee structure. To achieve this aspiration, we have designed our business model around five areas of focus: attracting and retaining top faculty; forging alliances with industry and academia of repute; governing through values and transparency; building world class and environment friendly infrastructure; and attracting brilliant and needy students.

Since inception, we have achieved multiple successes:

- Ranked 2nd amongst India's private biotech institutions by BioSpectrum 2012 & 2013
- Faculty of Management Sciences and Liberal Arts ranked 19th among Top Private Business Schools in India by Dainik Bhaskar 2014
- Faculty of Engineering and Technology awarded Most Upcoming Engineering College In North India by ASSOCHAM
- Awarded Best Upcoming Private Business School in 2013 by ASSOCHAM
- Rated A+++ Business School by Go Education

The University received full recognition by UGC in our second year of operations; alliances with leaders such as Genpact, Anand Automotive Group, Seoul National University, Gachon University, University of Suwon and Gwangju Institute of Science and Technology, South Korea; Bukovinian State Medical University, Ukraine; University of Ulster, Northern Ireland; Chung Yuan Christian University, Taiwan. Shoolini students were placements in top companies in the year 2013. Furthermore, it chosen by DST, Government of India to run multiple national programmes; selected by various government ministries to execute important research projects; multiple reputed and internationally trained faculty; and delivering post graduate and PhD programs across our areas of focus – engineering and technology, biotechnology, management sciences and liberal arts, pharmaceutical and basic sciences. Shoolini University is managed by academicians with proven record of their commitment for providing quality education, and by senior corporate leaders with promise for innovation and skills development.

SHREE GOVIND GURU UNIVERSITY

Government Polytechnic Campus
Bamroli Road, Gadukpur, Godhra
Distt. Panchmahals, Gujarat – 389001

Email : info@sgtuniversity.org
Website : <http://shooliniuniversity.com>

It gives us immense pleasure to introduce you to the SGT universe of education comprising Shree Guru Gobind Singh (SGT) University and the SGT Institute of Engineering & Technology. The University is situated at Chandu-Bhudera on the outskirts of Gurgaon—the commercial, industrial and educational hub of the country, just 20 km from Delhi's International Airport. The SGT University came into existence by the Haryana Private Universities (Amendment) Act No. 8 of 2013 and opened its gates to all segments of the society under the parasol of Dashmesh Educational Charitable Trust, which was founded in 1999 with the holly cause of propagating the message of Shree Guru Gobind Singh Ji—the great philosopher and social reformer—that spread of learning is the best service to mankind. In fact, the seeds for its magnificent growth were sown way back in 2002 with the establishment of the SGT Dental College. It is our commitment and vision to disseminate knowledge in diverse disciplines and develop our students holistically, 'educating not only their minds but also their hearts and souls', by developing strong morals of compassion, empathy and service before self. To enable its students to excel in diverse areas, the University focuses on indoctrinating them to think 'intensively' and 'critically' and infusing in them leadership and innovative skills. Currently, the University imparts education from Undergraduate to Ph.D. level in Health Sciences, Engineering, Commerce, Management Sciences, Law, Hotel Management, Physical Sciences, Life Sciences, Media Management and Social sciences through its following faculties:

- » Faculty of Medical and Health Sciences
- » Faculty of Dental Sciences
- » Faculty of Allied Health Sciences
- » Faculty of Physiotherapy
- » Faculty of Nursing
- » Faculty of Engineering and Technology
- » Faculty of Social Sciences
- » Faculty of Life Sciences
- » Faculty of Physical Sciences
- » Faculty of Commerce and Management
- » Faculty of Hotel & Tourism Management
- » Faculty of Mass Communication & Media Technology
- » Faculty of Law

The SGT Institute of Engineering & Technology is affiliated to M.D. University, Rohtak, Haryana, and has the recognition of AICTE.

SREE CHITRA TIRUNAL INSTITUTE FOR MEDICAL SCIENCES AND TECHNOLOGY

Thiruvananthapuram 695 011, Kerala
Tel : 0471-2443085, 2599675, 2524150, 2448546
Fax : 0471-2446433/255 0728
Email : director@sctimst.ac.in, reg@sctimst.ac.in
Website : <http://www.sctimst.ac.in>

Originally established by the Government of Kerala as an advanced centre for medical specialties, Sree Chitra Tirunal Institute for Medical Sciences and Technology (SCTIMST) metamorphosed into an Institute of National Importance with the status of a University in 1980 under the Department of Science and Technology, Govt. of India by an Act of Parliament.

The joint culture of medicine and technology that the Institute pioneered more than three decades ago has come of age and gained unprecedented acceptance in India. Imbued with an inclination to venture into less-trodden domains, the Institute focuses on patient care of high quality, technology development of industrial significance and health research studies of social relevance. The emphasis is on development of facilities less readily available elsewhere in the country such as interventional radiology, cardiac electrophysiology, presurgical evaluation and surgery for epilepsy, microsurgery and deep brain stimulation for movement disorders, new biomedical devices and products, evaluation of medical devices to global specifications, new academic programmes and global public health networks.

The Institute has three wings - the Hospital, Biomedical Technology Wing and the Achutha Menon Centre for Health Science Studies. Excellent research and teaching facilities are available at these centres. This uniquely poised Institute has a dedicated team of clinicians, scientists and engineers devoted to high quality biomedical research and developing technologies in health care with emphasis on cardiovascular and neurological diseases.

Promote research and development in biomedical engineering and technology
Deliver high quality patient care in selected specialties and subspecialties
Develop innovative postgraduate training programs in advanced medical specialties, and biomedical engineering and technology
Participate in public health reforms through research, training and interventions

Become a Global Leader in Medical Devices Development, High Quality Patient Care, and Health Sciences Studies by 2020.

SREENARAYANAGURU OPEN UNIVERSITY

Kollam Bypass, Kureepuzha

Kerala – 691601, India

Tel : +91 474-2966841

Email : university@sreenarayanguruou.edu.in

Sreenarayanaguru Open University is an UGC approved Open University in Kerala established by the Kerala Government. It is the fourteenth State University in Kerala and the fifteenth open university in India. The University consisting of Regional Centres and Study Centres have its territorial limits across the whole state of Kerala. With the establishment of the University, it became the only university in Kerala to offer distance education courses and all the distance education courses then being offered by the four universities in Kerala, namely, Kerala University, Mahatma Gandhi University, Calicut University and Kannur University came under the administrative control and purview of the new University. The University has been named after the great social reformer Sree Narayana Guru and has its headquarters at Kureepuzha in Kollam city.

The University was established by the promulgation of an 45th Ordinance of 2020 to that effect by Hon'ble Governor of Kerala on 25 September 2020 and was dedicated to the public by Sri. Pinarayi Vijayan, Chief Minister of Kerala, on 2 October 2020 in a function held at Kollam.

The Sreenarayanaguru Open University is the first university in Kerala to have a Cyber Controller as an officer of the university.

The Kerala State Government appointed Dr. P M Mubarak Pasha as the first Vice-Chancellor of the University. At the time of his appointment, Dr Pasha was serving as the Head of Strategic Planning and Governance in the National University of Science and Technology in Oman. The Government also appointed Dr. S V Sudheer as the first Pro-Vice-Chancellor, Dr. P N Dileep as the first Registrar and Sri. V. Ajayakumar as the First Finance officer of the University.

SREE SANKARACHARYA UNIVERSITY OF SANSKRIT

Kalady, Ernakulam District, Kerala - 683574

Phone: 0484- 246 3380, 0484 - 3462631, 0484 - 2463582, 0484 - 2464902;

Fax: 0484 – 2463480, E-mail: ssusvc2013@gmail.com, vc.ssu-ker@gov.in

Website : <http://www.ssus.ac.in>

The University, named after Sree Sankaracharya, the illustrious sage, Philosopher and the exponent of advaita, has its Head Quarters at Kalady, his birth place, on the banks of the river Periyar in Kerala. The objectives of the University, as unambiguously stated in the Act S of 1994 of the Kerala Legislature, are to impart knowledge in various branches of Sanskrit as well as in Indology, Indian Culture, Indian Languages, Indian Philosophy, Fine Arts, Foreign Languages and Social Sciences and to promote the study and research of Sanskrit through equanimous promotion of other languages in India and abroad that have copiously contributed to the study of Sanskrit. The collection and preservation of manuscripts and publication of books in Sanskrit and other languages to develop and synergise Indian systems of knowledge are also among the other objectives. The Sree Sankaracharya University of Sanskrit has accredited by the NAAC, a specially designated agency of UGC, with 'A' Grade in 2014 to become the first university in Kerala having such a top accreditation. The University had already got 2(f) and 12(B) recognitions of the University Grants Commission on 1st March 1994 and 27th April, 2005 respectively.

It is a multi-campus University with state wide jurisdiction to conduct academic programmes with Main Campus at Kalady and eight Regional Campuses at Thiruvananthapuram, Panmana, Thuravoor, Ettumanoor, Thrissur, Tirur, Koyilandy and Payyannur. His Excellency the Governor of the State of Kerala is the Chancellor of the University. The Hon'ble Minister for Education is the Pro-Chancellor. The Syndicate of which the Vice-Chancellor is the Chairman exercise the Executive control of the University.

Vision : 'ज्ञानादेव तु कैवल्यम्' : 'Liberation through knowledge '

An abode of educational excellence where liberating knowledge is generated and productive dissemination is justified for self actualization and social transformation by moulding creative young researchers and critical thinkers for the practical world with right attitude, adequate knowledge and scientific temperament.

Mission : Methodically tracing the historical heritage of India embedded in the rich Sanskrit traditions and interpreting and inculcating the same to the entire world to widen the horizons of indigenous knowledge and practice systems. To craft a constructive and transformative change in existential conditions of people, academic life of students and serve the society by imparting knowledge and training to equip them to overcome the challenges of life and guiding them in the pursuit of excellence. To emancipate the world from the clutches of superstitions and blindness with the illuminating light of reasoning by assimilating the truth which will ultimately carry the society through all the impossibilities to attain liberation.

SHREE SOMNATH SANSKRIT UNIVERSITY

Shree Somnath Sanskrit University
Somnath-Veraval, District- Junagadh
Tel. : 02876- 244532-33, 244531,09426687450
Fax No. 244417
Registrar- 09426687451/52

The Sanskrit literature is one of the richest in the world and Sanskrit is accepted as the mother of all the languages. Recent studies have shown that it is most computer friendly. Sanskrit is more scientific and phonetic language. Today, the scientific literature in Sanskrit available to us is vast and varied, covering subjects as diverse as alchemy and mathematics and metallurgy, gemology and zoology, and many more. Sanskrit language, with an incomparable store of knowledge and Science carries with itself a legacy of Indian tradition, is at the genesis of our well developed nation. Today the quest for learning Sanskrit world over, witnesses a revival and our visionary leadership committed to provide the facility for imparting knowledge of Sanskrit, established Shree Somnath Sanskrit University on 12th April, 2005 at Somnath-Veraval, District : Junagadh. Assessing the inevitability of Sanskrit education in Gujarat state and also to promote Vedic studies on traditional lines, our Hon. Chief Minister Shri Narendra Modiji decided to establish Sanskrit University in Gujarat. His Excellency the Then Governor of Gujarat and Chancellor of our University Hon. Panditji Shri Navalkishore Sharmaji, mentor of Sanskrit and Sanskrit scholars, has been the driving force for the setting of Shree Somnath Sanskrit University. His Excellency invited the scholars from all parts of the country for deliberations. We have also received the blessings, guidance and inspiration from Late Shri K.K.Shastriji, Mahamahopadhyay and recipient of Padmashri honour. After consulting eminent scholars of Sanskrit, Hon. the then Education Minister Smt. Anandiben Patel, who was keen to establish Sanskrit University in the state had the honour to bring the Shree Somnath Sanskrit University bill 2005, in the assembly. World renowned Bhagvatacharyaji Dr. Ramesh Bhai Ozaji (Pujya bhai shri) our source of inspiration and founder of Shri Sandipani Vidyaniketan Porbander, congratulated the state Government for establishing Shree Somnath Sanskrit University. The Chairman of Shri Somnath trust and former Hon. Chief Minister Shri Keshubhai Patel and former Hon. Deputy Prime Minister and leader of the opposition party in the Loksabha Shri L.K. Adwaniji took special interest in the establishment of the university. The University Building and seventeen acre of land is donated by Shri Somnath Trust. Hon. Shri P. Paneervel (IAS), Principal Secretary Education and Dr. Rajeev Kumar Gupta (IAS), Hon. Commissioner of Higher Education took active participation and played key role in setting of our University. Under The able leadership and guidance of H.E. Dr.Shrimati Kamlaaji,the Governor of Gujarat and the Chancellor of our University, our Hon.Education Shri Ramanlal Voraji and Hon.State Minister of Higher and Technical Education Prof.Vasuben Trivediji,The University Has Attained the Desired Results. Hon.Principal Secretary Dr.Hasmukh Adhiaji(IAS) and Hon. Commisisoner of Higher Education Smt.Jayanti Raviji(IAS) have Supported Us At Every Step In Our pursuit of Ecclence.

We are on the threshold of the twenty-first century. The scientific and technological advances have altered the global parameters. The advent of computers and the revolution in the field of communication have ushered in a global village, with geographic boundaries having shrunk considerably. What the society, the State and the country need is highly competent, efficient, knowledgeable and well-quipped personnel with fine-tuned talents and well-honed abilities who can shoulder the onerous responsibilities and provide the necessary leadership in various fields of human endeavour. To fulfil these objectives, there is the dire need of courses and programmes which are practice-oriented, highly focussed and which can bring out all that is latent in an individual leading to well-rounded personality.

India is poised for a leap forward and the youths are in ferment waiting to grab opportunities that come their way. This is possible only if there are centres of learning and Universities which pursue excellence and which are devoted to the cause of fulfilling social obligations. Only such Universities can turn out communication experts, qualified journalists, management consultants, computer wizards with an uncanny insight into software and hardware and also well-educated, civilised personnel who can man public and private undertakings. The members of the family of the leading Gujarati newspaper “Gujarat Samachar” have decided to translate the dreams and ideals of the founders of the newspaper and have set up the Shreyarth Foundation and it has ventured to make a sure-footed debut to satisfy the societal expectations and to fulfil social obligations by setting up the Shreyarth University for Education & Research. Under the aegis of this University, various vocational and professional degree courses as well as personality development courses will be launched.

SALIENT FEATURES

- Well-equipped classrooms with modern amenities.
- Dedicated and learned teaching staff with practical experience.
- Small classes to ensure interaction between teachers and students and optimum level of personalised teaching.
- Well-equipped lab facilities.
- Career-oriented training and placement assistance.
- Continuous evaluation.
- Emphasis on seminars, symposium, group discussions, workshops and allied students activities.
- Provision of course material by the faculty.
- Facility of career guidance and counselling.
- Freeships and scholarships to the deserving and meritorious students.

Shri Dharmasthala Manjunatheshwara University, Dharwad has been established under the Shri Dharmasthala Manjunatheshwara University Act 2018 (Karnataka Act No. 19 of 2018) and has come into effect from 19th December 2018 as a State Private University of the State of Karnataka, of unitary nature, at Sattur, Dharwad.

The University has been sponsored by the Shri Dharmasthala Manjunatheshwara Education (SDME) Society, Ujre. D.K. Karnataka. SDME Society is a premier non-profit educational organization, functioning under the sacred aegis of Shree Kshetra Dharmasthala and under the able guidance of its distinguished president, Dr. D. Veerendra Heggade.

The SDM Educational Society has been in the field of Education & Health Care since 1903, dating back to the starting of the Gurukula “Siddhavana” by Late Shri Manjayya Heggade. Later the SDME Trust was started by Late Shri D. Ratnavarma Heggade. The legacy was continued and brought to its present glory by Shri D. Veerendra Heggade.

Vision

Shri Dharmasthala Manjunatheshwara University will set the highest standards of teaching and learning by awakening the intelligence of the students and nurturing the creativity hidden in them by creating an environment where the ancient wisdom blends with modern science, to transform them into whole human beings to face the challenges.

Objectives

- The University is created with the aim of contributing to the growth of the region.
- Providing affordable Higher Education to all students.
- Providing Health Services of high standards at affordable costs.
- Producing trained Health Care Providers and Skilled Workers to meet the increasing global demand.

Shri Guru Ram Rai University "Quest for Excellence" (Established by Govt. of Uttarakhand vide Shri Guru Ram Rai University Act no. 03 of 2017).

Shri Guru Ram Rai University is an extension of the values and ethos of its parent body, Shri Guru Ram Rai Education Mission.

Shri Guru Ram Rai Education Mission was established to provide Quality Education and Quality Health Care to the people of erstwhile Uttar Pradesh. The Mission is one of the largest Educational Organization in the country. Under the dynamic and visionary leadership of its Chairman "Sajjada Nashin" Shri Mahant Devendra Dass Ji Maharaj, the Education Mission has been the education and health lifeline of Uttarakhand and its neighbouring States. All the constituent institutions are known as the epitome of excellence in academics while Shri Mahant Indiresht Hospital is a synonym of Quality Health Care.

Vision

The University will set a bench mark in the quality teaching, originality and innovation in research, quality health care, public service and economic development for overall growth of the society.

Mission

- To articulate & realize the vision of holistic education.
- To invigorate students with thorough knowledge, problem solving skills, leadership, communication and interpersonal skills.
- To nurture and propagate a university community committed to transform society by educating, creating knowledge & its application to real life situations.
- To collaborate with educational Institutions of repute at National and International level for exchange and expansion of knowledge.
- To facilitate and promote innovative, high impact, leading edge research within & across discipline.
- To provide a safe, healthy and sustainable environment to support teaching –learning and research at the university.

SHRI JAGANNATH SANSKRIT VISHVAVIDYALAYA

Shrivihar, Puri – 752003, Odisha

Telephone : 06752- 251669

Fax No. 06752- 251073

E-mail : sanskrit.university@yahoo.com

Website : <http://www.sjsv.nic.in>

7th July , 1981 is a memorable day in the Orissan history. On that day, the Hera Panchami according to Hindu Calendar . Shri Jagannath Sanskrit Vishwavidyalaya was established in the holy land of Lord Jagannath , fulfilling the long aspirations of the Sanskrit lovers of the State. The credit of establishing this premier institution of Sanskrit learning goes to the then Chief Minister of Odisha Prajnana Vachaspati S. Janaki Ballabh Pattanayak , an eminent scholar of Sanskrit , who laid down the foundation stone at 9 A.M on 7.7.1981 at a spot of Mouza Balukhand. The inaugural function was observed ceremoniously at 10.00 A.M in the S.C.S. College premises amidst chanting of Vedic hymns, observance of scriptural rites, ringing of bells and blowing of conchshells . S. Gangadhar Mohapatra , the then Minister of Education and Youth services welcomed the gathering. S. C.M.Poonacha , the then Governor and Chancellor of Universities of Orissa delivered the inaugural speech and S. J.B.Pattanayak was the Chief Speaker of the function . Prof. Prahallad Pradhan , the founder Vice Chancellor of the Vishwavidyalaya proposed the vote of thanks. Shri Jagannath Sanskrit Vishwavidyalaya , named after the premier Deity of the eastern region Lord Jagannath , is the third Sanskrit university of the country next to Sampurnananda Sanskrit University of Benaras and Kameswar Singh Sanskrit University of Darabhanga. The Vishwavidyalaya office started functioning on 14th August 1981 in the annexe to the Raj Bhaban, Puri with its founder Kulapati Prof. Prahallad Pradhan and founder kulasachiva Prof. Trilochan Mishra with establishment of the Vishwavidyalaya , provision was made through an ordinance for the appointment of the university statutory bodies , such as Adhisad (Syndicate) , the Samsad (Senate) and the Vidya Parishad (Academic Council) through the nomination by the Kuladhipati (Chancellor) . The first Adhisad had 12 members , the first Samsad has 62 members and the first Vidya Parishad had 40 members . Post Graduate classes in six departments , namely Sahitya , Vyakarana , Dharmashastra , Sarvadarshan, Nyaya and Advaita Vedanta were inaugurated in rented building with 12 rooms. With the creation of Sanskrit Vishwavidyalaya , 142 Sanskrit institutions of the state including 5 Mahavidyalayas and 137 Vidyalayas , Pathasalas and Tools offering Prathama , Madhyama , Upashastri , Shastri and Acharya courses came under this Vishwavidyalaya .

The academic arena has registered a spectacular growth in the Vishwavidyalaya . Its establishment has helped to revive the glorious ancient traditions of Orissa in the field of Sanskrit language. Literature and heritage learning. Right from its inception , the Vishwavidyalaya has dedicated itself to the cause of reserving and promoting studies and research in Sanskrit .

Established to cater to the needs of higher education, especially to the remote area of Rajasthan. It has vast and beautiful campus in pollution free environment, which sprawls over 31 acres of land having very beautiful sports Complex containing play grounds, gymnasium and indoor stadiums.

The University has state of art infrastructure, laboratories, Computer facilities, computerized library and academic discipline that prepares students to be successful in an age of breathtaking speed and highly competitive environment which require a totally different set of skill and mind set.

The University offers various U.G. and P.G. courses including all engineering branches besides M. Phil. and Ph.D. programs in Humanities, Sciences, Commerce, Law, Pharmacy and Management.

Becoming a vibrant knowledge Centre and a Centre of Excellence in teaching, research and extension education. Bringing about conservation, creation, advancement and dissemination of knowledge. Generating cutting edge Technology using and innovation to make India a developed nation. Creating leaders in the field of Technology, Science, Management, Pharmacy and Social Science by providing quality education and research.

JJT University has been established with a commitment to make higher education available to the door-step of all those who are deprived and provide object-oriented modular education with emphasis on practical knowledge keeping in view the emerging industrial, business opportunities and researches globally in different areas of science and management.

The University is seeking strategic alliances and academic collaboration with Top most Universities of India and abroad for teaching & researched.

The JJT University wish to provide knowledge and educate students in science, technology and in other areas so that instead of job-seeker they become provider/creator of jobs and they will serve the nation and mankind at large in the 21st century with the purpose of building up a society based on equality, fraternity, peace and harmony, fostering the high standard of ethical and democratic values.

SHRI KALLAJI VEDIC VISHVAVIDYALAYA

Shree Kallaji Vedic Vishvavidyalaya, Kalyanlok,
Jawda, Nimbahera, Chittorgarh – 312601, Rajasthan
Tel : 01477-294394
Email : skvv.uni@gmail.com
Website : <http://www.kallajivedicuniversity.com>

Shri Kallaji Vaidika Vishvavidyalaya was established on 27th March, 2018 in the memory of a great warrior Shri Kallaji Rathore who was born in 1544 AD (Vikram Samvat – 1601) on the day of Shravana Shukla Ashtami in Samiyana village of Nagaur (Marwar). His father Shri Achal Singh Rathore was the younger brother of Shri Rao Ratan Singh Rathore (who was the king of Medta) and mother was Shrimati Shvetakunwar. Bhaktimati Meera Bai was the paternal aunt (Bua – father's sister) of Shri Kallaji. It is heard that his mother Shrimati Shvetakunwar gave birth to him as blessing of lord Shiva and Goddess Parvati. He was a great hero and good fighter. He learnt Yogavidya from his Guru Shri Bhairavnath. His Kuldevi is Naganechi. His birth name was Keshar Singh and he was also popularly known as – Khar, Kalyan, Kamadhaj, Bal-Brahmachari, Yogi etc. He had a special love for the mother land as well as very much interested in Vedic tradition and culture, Ayurveda, Yoga etc.

Shri Kallaji Rathore was a great hero who showed his valor by joining in the army of Maharana Udai Singh at the time of Akbar's invasion of Chittour. In 1568 when his marriage function was continuing, the drums of war sounded and Kallaji rushed to the battle to fight in the war by promising his newlywed wife Krishnakanvar Chauhan that whatever may be in the war, definitely I will be back. During the war he sacrificed his life for the mother land on 23rd February, 1568.

The love of Shri Kallaji Rathore towards Vedas, Vaidika Sanskriti, Yoga, Ayurveda etc. insisted the members of Shri Sheshavatar 1008 Kallaji Vedpith Evam Shodh Sansthan Trust to take a decision to establish a Vaidika Vishvavidyalaya in the name of Shri Kallaji Maharaj and on 27th March, 2018 their dreams are took proper shape.

Our Motto

Thus Sanskrit has a rich past, which no other language can be boast of. Through the centuries Sanskrit has not only guided the knowledge seekers through its rich literature, but also provided a platform for converting the knowledge into action. This aspect is exhibited more in the subjects of Ancient Indian Science & Technology, which for the various reasons, for a long period, have not been adequately understood by the modern practitioners due to lack of privilege for understanding and implicating the vast resources of knowledge prevalent in Sanskrit and other Indian literatures. Of late, both the traditional Scholars of Sanskrit and the modern Scientists are seriously, interested in searching for the roots of Science and Technology in Ancient India. But their reason differs. Having heard much about the ancient glory of India and knowing science of today, its ever advancing front as well as its national and international importance, so well, modern scientists would wonder what relevance and benefit the rather 'aberrant' offshoot of science in this ancient civilization of India could offer them.

SHRI KRISHNA AYUSH UNIVERSITY

Umri Road, Sector 8, Kurukshetra, Haryana – 136118

Tel: 01744-225803, 225804

E-mail: registrar.skau.hry@gmail.com

registrar.skau-hry@gov.in

Kurukshetra is the holy place in the State of Haryana India. It is also called “Dharmakshetra” because it was the center place of battle field in Mahabharat. It is also known as “Land of Bhagwad Gita”. It lies at distance of 160 Km from New Delhi and about 90 km from Chandigarh city. The Haryana Government decided to establish the first AYUSH University in this holy place. This is the first University related to Indian system of medicine in the State as well as the first University of this kind in India and all over the world.

Established by Shri Krishna Ayush University Act No. 25 of 2017. It was established by the SKAU Act No. 25 of 2017 vide Gazette Notification No. Leg. 27/2017 dated 25th September, 2017 to incorporate a University in the State for the purpose of teaching, affiliating and ensuring proper and systematic instructions, training and research in Ayurveda, Yoga & Naturopathy, Unani, Siddha and Homeopathy system of medicine. It aims to achieve excellence in these and connected fields.

This University gives affiliation to all the Govt. and Private Colleges of Ayurveda, Yoga, Unani, Siddha & Homeopathy for U.G., Diploma and Certificate courses of the State Haryana and also give affiliation for P.G. & Ph.D. courses in near future.

Presently the AYUSH university is functioning from the campus of its constitute college Shri Krishna Govt. Ayurvedic College, Kurukshetra. It is 5 Km far from Delhi Chandigarh Highway. It has approx. 118 acres of land proposed to accommodate central administrative block, 100 bedded hospital, panchakarma center academic block, herbal garden, hostels, central library, canteen and mess etc.

We aim to be an outstanding university at which to be a student. We concentrate on helping students achieve their potential, and place great importance on combining enduring human values with true professionalism. We make it clear from the beginning that we have high expectations of our students and staff, and we will offer you every support to achieve that goal.

Shri krishna University has become so popular because we have:

- Innovative and highly relevant courses
- Excellent, inspiring teaching
- A truly friendly, inclusive approach with excellent student support
- An outstanding record of graduate employment
- Strengthening the academic advancement with the global competitiveness.
- Provide congenial ambience on the campus.
- Provide Industry/Corporate exposure to the students.
- Establishing the strong research practices among faculty and students.

Shri Krishna University is an institution which is rightly considered one of the greatest contributions of the peoples of Madhya Pradesh cultural heritage. Its main activities in the fields of higher education and scientific research are activities of public interest, and they are carried out in accordance with the legal regulations.

During the tenure of its existence the Shri Krishna University has served its people, and its former students and teachers have greatly contributed to the development of cultural, scientific, educational, political and economic life of our country.

Shri Krishna University is prepared to maintain and enhance its position as the leading institution of higher education in the region by adapting to the challenges of modern times on one hand, and preserving what's worth in its tradition on the other. This is precisely what makes it recognized as a true national brand.

Shri Krishna University is environmentally certified and works actively for sustainable development. With new knowledge and new perspectives, we contributes to a better future.

Shri Khushal Das University is a leading educational institution located in Hanumangarh, Rajasthan. We are committed to contributing to national development. The students of today are the leaders of tomorrow. To help students become future-ready, we update our courses at regular intervals.

Our dedicated and committed staff share our passion and vision. Our teachers and support staff go out of their way, if required, to help students. They come up with various strategies to channelise youth energy and exuberance in the right direction.

At Shri Khushal Das University (SKD), we firmly believe that education is a weapon of mass destruction that destroys darkness and ignorance. We are committed to helping our students hone their skills to use this weapon. We do more than just preparing our students to land their dream job. We prepare them for their biggest challenge called life. While many other institutions just claim to provide a well-rounded education, we make sure that our actions prove the worth of our words.

Shri Khushal Das University has separate hostels for boys and girls. Equipped with modern amenities and featuring attached mess, SKD hostels are a home away from home. No one understands the impact that hostel life has on the development of a student better than us. We strive to create a secure, warm and homely environment for our students, helping them excel professionally and personally. We firmly believe that a healthy mind resides in a healthy body. SKD hostels have a fully equipped gym and basketball, badminton and volleyball courts that students can use to stay in good shape.

Our committed and dedicated hostel staff considers caring for students their personal commitment, and not just a job responsibility. Security and maintenance staff work round the clock to ensure effective enforcement of hostel rules. Hostels are under 24X7 CCTV surveillance.

The Akhil Bharatiya Sanskrit Sahitya Sammelan established a Sanskrit Vidyapeetha at Delhi on the auspicious day of Vijaya Dashmi on the 8th of October 1962 and appointed Dr.Mandan Mishra as the officer on-Special-Duty and the Director of the Vidyapeetha. In accordance with the decision of the Sammelan, a separate Society under the name of Akhil Bharatiya Sanskrit Vidyapeetha was established with the late Prime Minister Shri Lal Bahadur Shastri as its Founder President. The inspiration and guidance of Late Shri Shastriji had been the impetus for the development of this Vidyapeetha. Shastriji in his capacity as the Prime Minister of India declared to develop this Vidyapeetha as an International Institution. After the death of Shastriji, the Late Prime Minister Smt. Indira Gandhi accepted the Presidentship of the Vidyapeetha and declared on the 2nd October 1966 that the Vidyapeetha would henceforth be known as Shri Lal Bahadur Shastri Rashtriya Sanskrit Vidyapeetha. On 1st April, 1967, the Vidyapeetha was taken over by the Government of India and on the 21st December 1970, it became a constituent of the Rashtriya Sanskrit Sansthan, a registered autonomous Society and was named as Shri Lal Bahadur Shastri Kendriya Sanskrit Vidyapeetha.

Impressed by its performance and the all round developments, the Government of India, in March 1983 mooted a proposal to confer the status of Deemed to be University on this Vidyapeetha along with the Kendriya Sanskrit Vidyapeetha, Tirupati. Finally, after the necessary inspection and other formalities, the Government of India on the recommendations of the University Grants Commission, granted the status of a Deemed to be University to the Vidyapeetha in November 1987. Prior to this, on the recommendation of the University Grants Commission, a Society, independent of the Rashtriya Sanskrit Sansthan was registered under the Chairmanship of the former Human & Resource Minister, Hon'ble Shri P.V. Narasimha Rao in the name of Shri Lal Bahadur Shastri Rashtriya Sanskrit Vidyapeetha on the 20th January 1987. In 1989 Dr.Mandan Mishra was appointed as the first Vice-Chancellor of the Vidyapeetha. After the formal transfer of the movable and immovable properties followed by the transfer of the teaching and non-teaching staff, the Vidyapeetha became fully functional with effect from the 1st November 1991 as a Deemed to be University.

Shri Lal Bahadur Shastri Rashtriya Sanskrit Vidyapeetha(Deemed to be University) has been established as Central University and start functioning as Shri Lal Bahadur Shastri National Sanskrit University, New Delhi-16 w.e.f from 30th April, 2020 under the Central Sanskrit Universities Act,2020 (no.5 of 2020 dated: 25th March, 2020) as enacted by the Parliament and assented to by the President of India and duly published in the Gazette of India by the Ministry of Law & Justice, Govt. of India, Legislative department followed by the Gazette Notification F.No. 4-4/2018-Skt-II dated: 17.04.2020 of the Ministry of Human Resource Development, Department of Higher Education (Language Division, New Delhi).

SHRI MATA VAISHNO DEVI UNIVERSITY

Shri Mata Vaishno Devi University Campus,
Sub-Post Office, Katra,
Jammu and Kashmir - 182320
Phone : 01991- 285524 (08 lines)
Fax : 01991-285694
Email : info@smvdu.ac.in

Shri Mata Vaishno Devi University (SMVDU) has been established under THE JAMMU AND KASHMIR SHRI MATA VAISHNO DEVI UNIVERSITY ACT, 1999 an Act of the J&K State Legislature (ACT No. XII of 1999 dated 12th May 1999) as an autonomous, highly Technical & fully Residential University. The University started functioning as an academic unit in Aug 2004 when it was inaugurated on 19th August 2004 at the hands of the then Hon'ble President of India Dr. A P J Abdul Kalam. Dr. Kalam also delivered the first lecture to the students of the University. The University is approved by UGC under Section 2(F) & Section 12(B) of UGC Act of 1956. The technical programs of the University are recognized by AICTE (All India Council of Technical Education) while Architecture program is recognized by Council of Architecture.

The University receives funding from Shri Mata Vaishno Devi Shrine Board, an autonomous Board set up in August 1986 under the provisions of The Jammu and Kashmir Shri Mata Vaishno Devi Shrine Act, 1986 of J&K State Legislature. The University also gets funds from UGC (University Grants Commission). The University receives funding from Shri Mata Vaishno Devi Shrine Board, an autonomous Board set up in August 1986 under the provisions of The Jammu and Kashmir Shri Mata Vaishno Devi Shrine Act, 1986 of J&K State Legislature. The University also gets funds from UGC (University Grants Commission).

The Design of the logo looks like a Lotus, a symbol of regeneration or a flame. If we see it from a particular angle, it also looks like 'OM', the Supreme Word. The three green bars are symbolic representation of three holy peaks of Trikuta Hills and / or the three 'pindies' in Shri Mata Vaishno Devi Shrine. The Sun, the giver of Light, Warmth, Time, Direction, Life Force, Energy, Power, Radiance and Enlightenment have been shown surrounded by radiating rays going out to nine planets of the Solar System. All this is , however, left to the imagination of the viewer. The English version of the motto is "GOD (BHRAMA) IS SCIENCE". 'Bhrama' has been defined as something or someone who nourishes the universe and makes it grow. Science matches the definition wonderfully because science over the years has also done the same. If the world population is any indication, science has done very well indeed. We have not only become the dominant species, we also have grown to an unprecedented numbers. Moreover, the reach of the modern scientists has spread much beyond the sun and the moon and they are now eyeing the far-reaches of the universe from where even the light takes years and centuries to reach the earth.

Founders of the university, alumnus and gold medalist from IIT Kanpur, envision Shri Ramswaroop Memorial University being a world class University by achieving excellence in the fields of Education, Research & Consultancy, through socially enriching and ethically responsible pursuits. The phenomenal journey of the group dates back to 1999. With just 22 students and an unwavering commitment to quality education, led to birth of SRMU. SRMU is a confluence of academic, cultural and intellectual resources. SRMU seeks to achieve the highest levels of distinction in the innovation and transmission of knowledge and understanding. 6 institutes consisting of 16 faculties, offer a wide spectrum of choice for the students to choose undergraduate, post graduate and Doctoral programs in Engineering (Mechanical, Civil, Electrical, Electronics & Communication, Computer Science), Bio-Technology & Bio-Sciences, Management, Commerce, Economics & Computer Applications, Journalism & Mass Communication, Legal studies, Basic Sciences and Humanities.

SRMU takes pride in its excellent faculty, which is from leading Central Universities and premier institutes like IIT and IIM etc. Constant interface with industry stalwarts and a compassionate management leads to innovative pedagogy and revision of the syllabus, making the courses relevant and employment enhancing. SRMU although a young trust, has made significant breakthrough in patents and government sponsored projects.

Serene and beautiful ambience of the University is conducive for quality education. The students are encouraged to be a part to the various co-curricular activities and events of the University. Keeping the overall development in mind, the University provides various assistive programs for its students so that the student can get good placements. University outreach involves CSR projects like Apni Pathshala, a free education system for the underprivileged children, National Social Service (NSS) and Scholarships for deserving students.

SRMU's bold vision is built upon over a decade of excellence of SRMGPC in engineering and business education. It took 15 years of dedicated and untiring efforts to emerge as a university of repute. With motto Chase Reality...Dreams Will Follow, SRMU is all set to create a benchmark in the education system.

Shri Venkateshwara University is the outcome of the dream of a visionary who had a desire to create an education system where even a deprived background student will get equal opportunity and motivation to learn and receive education in order to become an achiever par excellence.

The dreamer, our Founder Chancellor, Shri Sudhir Giri, an Engineer by profession, a down to earth person with human values by childhood and family experience, an achiever and leader, an educational entrepreneur, knows how to translate his dream into reality.

He analyzed and observed very keenly the changing global scenario and its demand on education system especially the applied sciences, including management and technical education. With this in mind, a world class facility had been created in Gajraula to develop well tuned professionals and technocrats who will serve the society with dedication, value and proper mindset.

Shri Venkateshwara University is strongly wedded to orienting education capable of meeting the rapidly changing needs and challenges of the universe at large and of India in particular.

The University education is an organized attempt to help people become intelligent, self reliant, able to face real life situations and have an economic and ethical relevance to the society.

We at Shri Venkateshwara University evolved and adopted the teaching programs, requiring the students to undergo the rigor of the professional world in forms as well as in substance providing them an opportunity to apply their class-room knowledge to live situations.

Thus, to build the long needed bridge between the professional world and the educational world.

SHRIDHAR UNIVERSITY

Abhisheka sukta defines life as being meaningful and a source of inspiration to fellow beings. The only right way of leading human life is by serving mankind. The greatest luminaries, Sri. A.Shama Rao & Smt. Indiramma Shama Rao are amongst those few who served mankind from darkness to light. Our founder late A. Shama Rao, born in 1909 at Aroor, a village in Udupi Taluk got his early education in Katapady, Udupi and Mangalore and later obtained B.A. and L.T. Degrees from Madras University. His interests in different walks of life led him to take up such varied courses as secretarial practice, scouts training and first aid. There is a woman behind every successful man. Smt. Indiramma Shama Rao supported the founder in all walks of life not just being his wife, but a friend philosopher and guide. Late Shri A. Shama Rao began his illustrious teaching career in Mangalore in 1939. He was the founder Headmaster of the well known S.V.H. Higher Secondary Residential School from 1943 to 1956. He retired as Headmaster of B.E.M. High School, Mangalore in 1969. Even after retirement, he continued to be active in the field of education and social service. He passed away at the age of 83, on 28th December 1992. Indiramma Shama Rao passed away on 5th December 2009 at the ripe age of 92. It was the firm belief of our founder Adka Shama Rao and Shrimathi Indiramma that education is a tool to transform society. Today, the foundation sponsors a plethora of educational institutions, which constantly strives to realize their dreams and ideas. A.Shama Rao Foundation was established in the year 1988 with the avowed aim of imparting education which could mould the character of the students and make them responsible citizens of the country. The benefits of education are well known: Education is the key to improve livelihoods, healthcare, nutrition and the exercise of civil and political rights. Ideally, education includes all forms of schooling. At their best, Colleges can be safe spaces where young people can forge identities, clarify values and develop critical thinking skills, while also learning to exercise their rights. Even though education begins before and goes beyond schooling, a new paradigm of 'life-long learning' in the colleges, emphasizes the transformative synergies that can occur between educational institutes, family, community and cultural experiences. It encompasses the acquisition of relevant capacities – the knowledge, marketable skills, social capital and values that enable individuals to function effectively in a range of adult roles, including worker, household provider, parent, spouse, family caretaker, citizen and community participant. In ancient times, a king had a boulder placed on a roadway. Then he hid himself and watched to see if anyone would remove the huge rock. Some of the king's wealthiest merchants and courtiers came by and simply walked around it. Many loudly blamed the king for not keeping the roads clear, but none did anything about getting the big stone out of the way. Then a learned man came along carrying a load of vegetables. On approaching the boulder, the man laid down his burden and tried to move the stone to the side of the road. After much pushing and straining, he finally succeeded. As the man picked up his load of vegetables, he noticed a purse lying in the road where the boulder had been. The purse contained many gold coins and a note from the king indicating that the gold was for the person who removed the boulder from the roadway. The learned comprehend what many others never understand. A.Shama Rao foundation's, Srinivas group of colleges is an endeavor to develop a centre of excellence, imparting quality education, to generate competence and skill to meet the scientific, technological, managerial and socio economic challenges. The Foundation in its bi-decennial milestone serving mankind, manages a plethora of institutes and other social service organizations.

SHRI VAISHNAV VIDYAPEETH VISHWAVIDYALAYA

Shri Vaishnav Vidya Parisar
177, South Raj Mohalla, Jawahar Marg
Indore – 452002, Madhya Pradesh
Phone: 0731 - 2729072-75, 2349111-12
Fax: 0731 - 2729071, 2349113

Shri Vaishnav Vidyapeeth Vishwavidyalaya is a private university established under Madhya Pradesh Niji Vishwavidyalaya (Sthapana Avam Sanchalan) Adhiniyam in 2015 at Indore (India). The University has been established with a vision to be leader in shaping better future for mankind through quality education, training and research. It shall pursue the mission to make a difference in sustaining the growth of global societies by developing socially responsible citizens. Value based education being at the helm, the University shall promote endurance, excellence, fairness, honesty and transparency as its core values. Some of the objectives of the University are as under:

- To provide teaching and training in higher education and make provision for research as well as advancement and dissemination of knowledge.
- To ensure world class quality in its offerings and create higher levels of intellectual abilities.
- To create centres of excellence for research and development for sharing knowledge and its applications.

Shri Vaishnav Vidyapeeth Vishwavidyalaya at Indore will be a multi-faculty University focusing on the needs of various segments of the society.

Shri Vaishnav Shekshnik Avam Parmarthik Trust of Indore is a well-known charitable organisation of the country having been established in 1884. Realizing that education is essential for rapid growth of society, the Trust established for social and charitable activities entered education in 1951. The institutions set up at school and higher education levels are given hereunder with years of establishment in parentheses.

Shri Vaishnav Vidyapeeth Vishwavidyalaya (2015)

Shri Vaishnav Vidyapeeth Vishwavidyalaya is the latest initiative of the Trust. The University shall be commencing its first academic session in 2016-17. The exiting Institutions of higher learning which have earned a good name in India shall gradually become part of the University. The University is at present taking steps to gear up for offering various academic programs in due course of time with Mr. Purushottamdas Pasari and Dr. Upinder Dhar as First Chancellor and First Vice Chancellor respectively.

SHRI VISHWAKARMA SKILL UNIVERSITY

Transit Office, 2nd and 3rd Floor
Plot No. 147, Sector-44, Gurugram

Email : info@svsu.ac.in

Shri Vishwakarma Skill University, Haryana, earlier known as Haryana Vishwakarma Skill University (HVSU) is a University established by the Government of Haryana at Dudhola Village of Palwal district of India. It is currently running from a temporary campus in Gurugram. It has MoU with several industries and entities to impart skills training.

Lord Vishwakarma is known to be the architect of this universe and also the designer of all flying chariots of Gods and their divine weapons. Chariots have a significant place in our civilisation. These were driven by horses – known for their purpose, speed, and dynamism. It is over such a chariot, aeons ago Lord Krishna revealed the Principles of Karma to Arjuna that guided him to the path of purposeful action and also set the direction for generations to beacon with.

Lord Vishwakarma was also a city planner; who created Dwaraka, the capital of Lord Krishna; the town of Hastinapur – the capital of Kauravas and Indraprastha for Pandavas. A look at our university model and you would realise that the six academic blocks are conceived as horses and administrative and auditorium blocks as balancing wheels of the chariot.

‘Kaushal Setu’ - Connecting Teachers and Students Anytime Anywhere National Academic & Skill guidance services has been launched by Honourable Vice Chancellor Shri Raj Nehru. The purpose of this initiative is to connect the students and teachers of India and to bring them at one platform. Website : <https://shyamuniversity.in>

Shyam University is established under the act 28 of 2018 made and promulgated on 5th Day of Oct. 2018 by Hon'ble Governor of Rajasthan State. This University is spread over 38.25 Acres of land surrounded by Aravali Hills in pollution free, lush green and eco-friendly environment. We have taken the utmost care not to disturb the ecological balance of the area due to the erection of buildings and other infrastructures.

Equal importance is also given to the flora and fauna of the area. The overall environment of the university is conducive to education as it is far away from the humdrum, and the fret and fever of the modern life. We have developed the campus in such a manner that a student need not go outside the university campus for his/her daily needs. Keeping in mind the geographical and topological conditions of the area in mind, we have developed our building where much emphasis is laid on energy saving and water harvesting.

We have instructional as well as infrastructural facilities of international standards. We can compromise on quantity but under no circumstances with quality. To accommodate the teacher and other supporting staff, we have constructed an ample number of residences and hostels. We have also taken care of the day scholars, for them free of cost transportation facilities are provided from the nearest railway and bus stations. Five buses run between university and important stations at regular interval of time.

The library is the powerhouse of wisdom and the backbone of an institution, we boast of having a central library stocked with books along with titles and reference books. The whole campus is Wi-Fi enabled with ultra-modern smart classes for efficient and effective teaching. We have also assessed the importance of communication skills as our students especially from rural background found themselves on the back foot when they come face n face with the competitors from the urban background.

To make them more verbose, a language lab is set up with a capacity to accommodate 200 students at a time. As we are committed to providing quality education to the deprived, we will not leave any stone unturned to achieve this mission.

SRI AUROBINDO UNIVERSITY

At SAIMS our aim is to graduate first class clinicians, optimally prepared to enjoy their role in the rapidly changing health care environment. Combining extensive clinical experience with the most up-to-date teaching methods, we provide firm foundations for a career in various branches of medicine and prepare students who will make a positive difference in the world.

We invite you to explore our Institute and see how it is helping to create tomorrow's clinicians and to generate knowledge that will improve our health and our lives. Inspired by the ideals of Sri Aurobindo and the mother, this institute is an embodiment of devotion and selfless service. It is promoted by Bhandari group of hospitals that has made a mark of its own in central India. The group provides reliable and affordable medicare to every strata of society, from those below the poverty line to the elite class.

The objective of the institute is to provide dependable and accurate solutions to medical issues ranging from sophisticated cardiac surgery to common ailments at the minimum expense and maximum benefits to the common people. At the same time, it will impart medical education up to postgraduate superspeciality level so as to make available highly competent, qualified and dexterous professionals in the field of medicine. A team of doctors and staff in the institute serve with an ultimate objective of providing comprehensive clinical solutions to the patients. They employ a wide gamut of diagnostic facilities ranging from interventional cardiology, radiology to non interventional techniques. The facilities in Open Heart surgery, Neurology & Neurosurgery, Knee & Hip Joint replacement, Gynaec & Obst. Care, Neonatal & Paediatric Intensive Care, Oncology, Onco Surgery, Cardiac care at the institute are at par with best in the country. The institute building is aesthetically designed and built to provide very conducive environment for studies. It houses each and every clinical and non clinical department, well built lecture theatres, fully equipped labs, dissection halls, museum, a rich library and a host of other facilities.

Vision

Our vision aims at becoming one of the top most institutes in India providing quality education in medical sciences.

Mission

Our mission is to promote excellence in medical sciences education. To educate students to become excellent clinicians, by focusing on pedagogy that is integrated and strengthened by specialist faculty, all of who value patient-focused care, community service, and research and to serve to the health needs of humanity.

SRI BALAJI UNIVERSITY

Survey No. 55/2-7, Tathawade
Off Mumbai - Bangalore Bypass
Pune – 411033, Maharashtra, India
Tel : 020-66741235, 9673338787, 9673338787
Website : <http://www.sribalajiuniversitypune.org>

‘Discipline, Determination, Dedication.’ Built on the pillars of these three values, Sri Balaji University, Pune provides career specific contemporary education with a strong emphasis on practical training and overall development of the students. Sri Balaji Society, Pune is a charitable trust established under the Bombay Public Trust Act which has now flourished as a private university called Sri Balaji University Pune (SBUP). Sri Balaji University, Pune/ Management institutes/ Colleges are run on the lines of a corporate entity.

The Directors of the Management Institutes function like CEO’s. Students are treated as ‘Student Managers’ with due respect, love, concern, dignity and authority. Those who perform are rewarded. Delinquent students are dealt disciplinarily. Discipline, Dedication and Determination are our ‘Mantras’. The ability to perform and grow towards a definite career in any part of the country are the qualities expected from every ‘Student Manager’. Here in SBUP time is the most valuable aspect and With the 365 days curriculum and the working schedule from 9:00 am to 7:00 pm, we makes sure our students are well prepared for the future corporate journey.

Sri Balaji University is an institution of excellence in Pune. The university is running under the able guidance and leadership of its founding father and Chancellor, Professor Dr. (Col). A. Balasubramanian. The university at present has four management institutions: Balaji Institute of Modern Management (BIMM), Balaji Institute of Telecom Management (BITM), Balaji Institute of International Business (BIIB) and Balaji Institute of Management and Human Resources Development (BIMHRD). Apart from these four institutions it also has a law college – Balaji Law College (BLC) and an Under graduate and Graduate level college namely – Balaji College of Arts Commerce and Science (BCACS) and Balaji Junior College of Arts Commerce and Science (BJCACS). BLC, BCACS and BJCACS are affiliated to the Savitribai Phule Pune University.

The four institutes of Sri Balaji University shifted to its present location in Tathwade, Pune in the year 2006 from three different locations in Pune after securing approval from AICTE for the management courses offered by its four institutions. The sprawling campus includes a large size hostel building with comfortable residential facilities for more than 600 students. Apart from a tennis, badminton and basketball court the hostel building also houses a fully equipped gym and a swimming pool. The university has two auditoriums with 1000 plus capacity along with its spacious and IT enabled classrooms, computer labs, reading rooms, conference rooms and library facilities. Three messes are located in the campus along with a convenience store and a light refreshment and juice shop for catering to the food, stationary and other necessary goods and product requirements of the students.

SRI SATHYA SAI UNIVERSITY FOR HUMAN EXCELLENCE

Navanihala, Okali Post, Kamalapura Taluk
Kalaburagi District – 585313,
Tel : +91-7899000030
Email: admissions@sssuhe.ac.in

Sri Sathya Sai University for Human Excellence (SSSUHE) is a Private University established under Karnataka State Act 17 of 2018.

Admission to Undergraduate programmes of SSSUHE are now open for the year 2020-21. The University offers Bachelor of Science (B.Sc.) and Bachelor of Arts (B.A) programmes.

The education provided at SSSUHE is completely free of cost which includes among others accommodation, food, as well as facilities such as laboratories, Library, Computer Lab, Sports and Fitness, Health Care, maintenance etc. As the University follows a residential system of education, all the students are required to stay at the designated housing mandatorily. The medium of instruction in the University is English.

Sri Sathya Sai University for Human Excellence (SSSUHE) subscribes to the 3H model of education which envisages to develop the power of 'Head', 'Heart', 'Hands' in every individuals to their full potential. This 3H model of Head, Heart, Hands can be viewed, as depicted, metaphorically as a tree - where the trunk rises from the roots, the branches spread out with leaves, flower blossom and fruits develop. A fully blossomed child develops into an integrated personality will have a brilliant head, a loving and compassionate heart and competent hands, including as an essential part a healthy and strong physique. It is therefore imperative that education should provide a balanced combination of academic programmes, skills development, physical education, spiritual, cultural, service and other extra-curricular activities so that sufficient opportunities are provided for the holistic development of student's personality. This cannot be achieved without a dedicated team of noble and competent teachers which is key to the success of this model. Residential Education (Gurukula) is highly conducive for effective implementation of this model, nevertheless connecting students with society (communities) and natural environment is also essential for integral values based transformative education.

Sri Sathya Sai University for Human Excellence offers a residential system of education akin to the ancient Indian Gurukula system. It acts as a spiritual incubator where students gain practical knowledge of the ordinary along with the wisdom of the highest. An enhanced awareness of societal responsibility in students, with the undercurrent of all activities rippling towards contributing joyfully to the well-being of everyone is the cardinal principle.

Vision

To provide subsidised, quality higher education of global standards in order to develop excellent human resources with brilliant intellects, compassionate hearts and competent hands to contribute effectively to humanity.

Mission

To establish adequate and best-in-class Infrastructure for the promotion, assimilation and dissemination of knowledge.

SRI SATYA SAI UNIVERSITY OF TECHNOLOGY AND MEDICAL SCIENCES

Website : www.sssutms.co.in

Sehore situated on main Bhopal Indore highway lies 35 km's from Bhopal. Historically, Bhopal Tehsil was under Sehore District and Collectorate, S.P. Office were at Sehore. This situation changed in later years.

Sri Satya Sai Campus, Sehore came into existence in year 1999 with Sri Satya Sai Institute of Science & Technology (SSSIST). SSSIST initially had three branches in engineering education with total intake of 180.

In 2012, because of the vision of promoters, the Sehore Campus was operating twelve Colleges, having twenty undergraduate courses & twenty Postgraduate courses, one post-graduate Diploma course & one Diploma course, with total intake of 3054 students. Sri Satya Sai Group of Institutions attracts large number of students from faraway places & States, due to quality of education at affordable cost, without any hidden fees policy. In its history of fourteen years, various Institutions under umbrella of Sri Satya Sai Group of Institutions were the only Institutes in Sehore & nearby six districts offering Technical education at affordable fees to worthy & needy students belonging to more than six thousand villages, 34 Tehsils.

Majority of population is agriculture dependent & percentage of population living at low standard of living is 80.6. Growth rate recorded recently is 21.5%. Literacy rate of Sehore district is 71.11% which was 63.07% in 2001. Gender wise, male and female literacy were 82.37 and 58.86 respectively in year 2011, which in 2001 census, were 77.28% and 47.36%. 9 % of mothers between 17-55 years of age can read and this percentage is bound to increase in future. Sri Satya Sai Group of Institutions can humbly claim some role in these statistics. Now with establishment of Sri Satya Sai University of Technology & Medical Sciences, the overall scenario is expected to improve further.

To contribute in growth of nation and in the services of mankind by spreading education, offering solutions, providing quality healthcare services or technological innovative ideas by producing quality professional & Technopreneurs.

SRI SRI ANIRUDDHADEVA SPORTS UNIVERSITY

DICC Building, 2nd Floor, Near District Library

Dibrugarh, Assam - 786003

Tel : 0373-2950466, 8876485869

Email : registrar.ssasu@gmail.com techsupport@sasu.ac.in

Sri Sri Aniruddhadeva Sports University is named after a great Vaishnava saint who was a social reformer in Assam during the medieval period. This is the first sports university in the north east region of India established by the Government of Assam in the city of Chabua, Dibrugarh. The university is focused on quality education in the area of sport sciences, physical education and its allied areas. It was established by the Act of Assam Legislative Assembly (No. LGL. 164/2018/7) which received the assent of the Hon'ble Governor of Assam on 10th December 2018. The primary aim of this university is to prepare top tier sports scientists, physical educationists and sports coaches and high-class researchers in the area of sport psychology, exercise science, sport bio-mechanics, sport medicine, sport physiotherapy and health education, sport technology and sport analytics. We are preparing professionals as well sport entrepreneurs keeping in mind the competitive global job market. The university also plans to create world level infrastructures for training elite athletes for enhancing medal tallies for India in international sport competitions. At the same time it intends to reach out to the people of Assam and from neighbouring states for garnering untapped talent. Through its outreach programmes, the university will be encouraging the masses to be physically active and making sport as a way of life. Sri Sri Aniruddhadeva Sports University intends to be at the epicentre of sports development in Assam and help the state contribute to India becoming the sporting powerhouse of the world.

Vision

Sri Sri Aniruddhadeva Sports University aims to be a leading university in sports and physical education in India, using our innovative educational system and research to realize a knowledge-based society. We envisage shortly this university to become a first choice for the students who wish to have an option from a vast range of courses. We encourage students to excel in all their endeavours. We foster the students who are skillful, dextrous and mentally strong, to engage in professional sports at the global level.

Mission

Our University prepares future leaders of sports and physical education for promoting healthier and physically active society. Our students are groomed with flexible educational and research opportunities using the new educational policy of India. This policy aims for education to build character, enable learners to be ethical, rational, compassionate, and caring, while at the same time prepare them for gainful, fulfilling employment. The pursuit of knowledge (Jnan), wisdom (Pragyaa), and truth (Satya) will be held central to our philosophy of teaching. We intend to provide all students, irrespective of their place of residence, a quality education system, with particular focus on historically marginalized, disadvantaged, and underrepresented groups.

SIDDHARTHA UNIVERSITY

Kapilvastu, Pachangawa
Siddharth Nagar – 272202
Uttar Pradesh

Steeped in history and washed by the gurgling rivers flowing down the Himalayas, Siddharthnagar is the place, well known worldwide as the ‘playground’ of Prince Siddhartha-later known as Lord Buddha. With an objective of furthering the sense of enlightenment, in a blend of traditionalism and modern education, the great socialist stalwart Shri Mulayam Singh Yadav started the process of developing the area since 1989.

This was indeed the start of journey to the culmination of great dream of establishing this University. Subsequently, Shri Akhilesh Yadav, the Honble Chief Minister of Uttar Pradesh, laid the foundation stone of the University on October 30, 2013 and the Government of Uttar Pradesh formally notified the Gazzett on June 17, 2015 regarding the opening of this Centre for Higher Learning.

The newly established Siddharth University, in fact, is a holy stream of historical tradition and legacy of the Philosophy and preaching of Lord Buddha and is aimed at enlightening and igniting the youth of this area with His great messages.

Website: <http://www.skm.edu.in>

The erstwhile Sido Kanhu University (S.K.U.), now rechristened Sido Kanhu Murmu University (S.K.M.U) was founded on 10th January 1992 by an act of Bihar Legislative Assembly. The University came under the Government of Jharkhand when the new state of Jharkhand was formed in the year 2000. On May 31, 2007, the University was granted recognition by the University Grants Commission under section 12(B) of the UGC Act, 1956. The jurisdiction of the University extends over the six Districts of Santhal Pargana where its 13 constituent and 9 permanently affiliated colleges are located. The University is a tribute to the two legendary Santhal freedom fighters, Sido Murmu and Kanhu Murmu, who led the Santhal rebellion popularly known as '*Santhal Hul*' against the exploitation of the British colonial rule in 1855 much before the First War of Independence in India in 1857. The University is duty bound to spread their message and values for which these great men struggled and made the ultimate sacrifice. Their contribution to the nation will, forever, remain immortalized in the name of the University. Situated in one of the most backward regions of India with a substantial tribal population, Sido Kanhu Murmu University is committed to provide easy access to quality education to the poor students of Santhal Pargana. The University, ever since its inception, has set the highest standards of excellence and quality which go hand in hand with the dream and vision that the University cherishes. It aims to grow further as a diverse and socially responsible centre of learning and research and provide high quality of scholarship and equal opportunity for all.

Presently, the University is offering courses in Humanities, Commerce, Science and Technology, Management, Engineering and Law. It also offers self-financing courses in BCA, MCA, Lib. Sc. etc. The University is relentless in its efforts in maintaining standards in teaching and research, ensuring character-building among the students and nurturing leadership in young men and women. Research activity is considered as the backbone of knowledge economy. Realizing its importance, the SKM University is actively involved in carrying out research across all faculties. All the Departments of the University are involved in full time Ph.D programme, research and consultancy as per the need of knowledge driven economy. The University has about 450 faculty members who are constantly endeavoring to make significant breakthrough in their fields. The University strongly believes in inculcating the ethos and values among the students and is encouraging them to undertake social services. The University has fully functional units of NCC and NSS in the colleges. The NSS volunteers engage themselves in activities like blood donation, save the girl child, AIDs awareness programme, Literacy Mission, Environment Awareness Camp etc.

SIKKIM ALPINE UNIVERSITY

Campus : Kamrang, Namchi,

Sikkim - 737126

Contact : (+91) 9319870044

Email: info@sikkimalpineuniversity.edu.in

Website : <https://sikkimalpineuniversity.edu.in>

Established in 2021, Sikkim Alpine University is strongly committed towards excellence in research and innovative practices in higher education. It is a State Private University established by the State Legislature of Government of Sikkim by Act 4 of 2006 & further amended with Act 14 of 2021. Our campus, located at Kamrang, Namchi in South Sikkim invites students from all strata of society from across the globe.

SAU is a socially responsible academic institution, known for glocalization of education, bringing world-class education to Sikkim and North East India to transform young learners into global citizens. SAU intends to bring the world's best brains to discover and contribute towards the prosperity of Sikkim and the nation at large.

SAU aims to make today's students the future change-makers of the world. They must learn to become efficient communicators, resourceful creators, discerning critical thinkers, and multidimensional collaborators. At SAU we have programs at the Undergraduate, Post Graduate, Doctoral, and Diploma level in the School of Social Sciences, Pure and Applied Sciences, Commerce and Management, Agriculture, and Para Medical Sciences with some of the best faculty to mentor our students.

Vision

- Sikkim Alpine University envisions a transformation in society through its quality education, research, innovation, and enterprise.

Mission

- To create a life-changing educational experience for students focused on multi-disciplinary knowledge; leadership, communication and problem-solving skills; and personal health and wellness.
- To nurture a progressive university teaching community dedicated to attracting and retaining diverse expertise.
- To encourage a collaborative environment open to the free exchange of ideas, where research, innovation, and entrepreneurship can flourish to ensure all realize their full potential.

To contribute to the betterment of the region, nation, and the world by collaborating beyond the traditional borders of the university.

Website : <http://www.smu.edu.in>

The Sikkim Manipal University was established in 1995. It is the first government-private initiative in the region. SMU is recognized by the University Grants Commission and approved by the Government of India.

Sikkim Manipal University offers quality education to the students from North and North Eastern parts of India. As ranked by Competition Success Review- October 2009, Sikkim Manipal Institute of Technology (SMIT) ranked amongst top 8th Best University Engineering Colleges of India. SMIT Ranked amongst top 17th Best Engineering Colleges of Excellence in India. SMIT has also bagged 27th rank amongst the Top 50th Engineering Colleges of India.

The University was established in accordance with the Sikkim Manipal University of Health, Medical and Technological Sciences Act, 1995 (Act No. 9 of 1995); with the aim of imparting exemplary educational opportunities and healthcare services in the State of Sikkim and country wide. It is the first of its kind in the country with a collaboration of private and public sector.

The beautiful campus is located in Majitar and Rangpo, amongst the picturesque settings of River Teesta and Kanchendzonga mountains. It hosts the second largest hospital in Sikkim, providing healthcare to the masses. The medical campus runs courses on medical, pharmacy, allied health and nursing while the technology campus has engineering, management courses, Twinning Programmes and Applied Sciences.

Sikkim Manipal University has the following constituent institutions:

- Sikkim Manipal Institute of Medical Sciences (SMIMS)
- Sikkim Manipal Institute of Technology (SMIT)
- College of Nursing
- College of Physiotherapy
- School of Basic & Applied Sciences
-

As ranked by Competition Success Review - October 2009, Sikkim Manipal Institute of Technology (SMIT) is ranked 8th amongst the Best University Engineering Colleges of India. SMIT Ranked amongst 17th in the Best Engineering Colleges of Excellence in India. SMIT has also bagged 27th rank amongst the Top 50 Engineering Colleges of India.

SIKKIM PROFESSIONAL UNIVERSITY

Sikkim Professional University, formerly known as Vinayaka Missions Sikkim University is a prominent name in higher education committed to academic excellence. We are one of the largest and most diverse universities in northern India imparting quality education since 2008. We are a leading university for higher education located on an extensive state-of-the-art campus at East Sikkim; NH 31-A Tadong, Gangtok. The campus is well-equipped with all modern facilities and offers a broad range of academic, professional, and research programs in almost all major streams of higher education.

Sikkim Professional University is a private institution founded in the year 2008 under SPU (Act No. 11 of 2008) of Sikkim State Assembly. The university is duly recognized by the University Grants Commission of India (UGC), The Indian Nursing Council (INC), and the Pharmacy Council of India (PCI).

With the motto “An Abode of Knowledge”, the university aims to produce highly proficient graduates which are competent to compete with today’s corporate world. We remind the students that hard work and determination play a vital role in success. SPU is one of those universities that are well-equipped to meet all service requirements to students, to support their education, and to provide them safe and secure learning environment. Since its foundation, SPU is imparting a quality educational model of international standards where students can equip themselves with the different aspects of higher education shifting effectively. Our vision is to convey a high-quality educational experience to students of every background, leading to legitimately edifying career opportunities. Furthermore, the SPU offers all academic courses at a very cost-effective price, as its fee structure is affordable for all students of society. It hastens the competence in its students to flourish extraordinary talent, leadership skills, creative thinking, and ethical values. The eminent university also grants scholarships and other extensive support to deserving candidates to encourage them to pursue higher studies.

Vision

Sikkim Professional University’s vision is to be a world-class University that nurtures talent and transforms the lives of millions through excellence in teaching, learning, and research. To justify the devotion of shaping lives through scholarly teaching and learning, and that which contributes to an impartial and holistic modification of society at large. SPU intends to be a pioneer in imparting the best education in professional courses and research work to shape the future. We are committed to providing a transformative educational experience for the students focused on deep disciplinary knowledge, and make them ready for the future challenges of job industries. To enhance the knowledge and skills of our students, we organize various academic activities and workshops of international standards. We are dedicated to groom the overall personality of the students to become better individuals and responsible citizens of India.

Setting The Stage For Tomorrow's Workplace In Today's Classroom

The Sikkim Skill University was formed and incorporated by the Sikkim legislature through its official gazette and is recognised by the UGC Act 1956 under clause 2(f). The Sikkim Skill University is a futuristic model for young India that focuses on developing trends and skills. With substantial cooperation from the government, industry, and academia, technology-enabled learning has shifted the focus to skills-led education.

Sikkim Skill University (SSU) focuses on academic, vocational, professional, technical, and life skill areas to allow skill inculcation and societal enrichment for its students through traditional and non-traditional Programs. We're working hard to create an environment where ideas, enthusiasm, and hard work all come together to help you create the future you want.

The Technology-enabled learning environment, industry as faculty, simulative virtual lab experience, transdisciplinary choice-based learning, observer ships, internships, apprenticeships, and industry placements will all be significant differentiators of the SSU education. The focus will be on fostering entrepreneurship, since India requires employment producers rather than job seekers. Family Managed Businesses, Innovations in Tech & Policy, and Start-ups will all be covered under Ventures, Innovations, and Enterprises. Sikkim Skill University, located in the South Sikkim, will provide students, alumni, and the local community with the skills they need to compete in the new Digital World.

VISION

Our vision is to be the pioneer in vocational education and employability linked skills training's.

MISSION

Creating success stories by providing sustainable livelihood to unemployed youth or semi-skilled workforce through an extensive skill development training programs.

SIKKIM UNIVERSITY

6th Mile, Samdur, PO Tadong - 737102

Gangtok Sikkim

Website : <http://www.cus.ac.in>

Sikkim University is a central university established under an Act of Parliament of India on 2 June 2007. It is located at Gangtok.

The university campus is expected to be built at Yangang in South Sikkim District, about 56 kilometres (35 mi) away from Gangtok. The university's first chancellor was M. S. Swaminathan and Mahendra P. Lama was the first vice chancellor.

The University offers traditional courses in humanities, physical and life sciences and forestry along with non-traditional courses that would be unique and related to the state including subjects like ethnic history, mountain studies, border studies and hill music and culture. All the colleges in the State of Sikkim are affiliated to this university.

The University aims to emerge as the higher education hub in the eastern Himalayas in the next few years, focusing on both access to and quality of higher education at an affordable cost for the generally poor but deserving students of the region in general and Sikkim in particular.

Courses of Study:

Social Science, Global Studies, Law and Governance, Life Sc., Physical and Chemical Science, Sustainable Development and Livelihood Management, Peace, Conflict and Human Security Studies, Policy Planning and Studies.

SKIPS UNIVERSITY

Plot No. 411, Sanavad, Kalol,

Established and Incorporated as a self-financing Private University under the name of "SKIPS University" in the State of Gujarat at Gandhinagar.

SILVER OAK UNIVERSITY

Opp. Bhagwat Vidyapith, S. G. Road, Gota
Ahmedabad – 382481, Gujarat
Email : info@silveroakuni.ac.in
Tel : +91-79-66046300 +91 9099063464
Website : www.silveroakuni.ac.in

The Silver Oak University is a premier university of the country with a venerable legacy from Silver Oak Group of Institutes with acclaim for highest academic standards, diverse educational programmes, distinguished faculty, illustrious alumni, varied cocurricular activities and modern infrastructure. Over eleven years of its existence as Silver Oak Group of Institutes, the group has sustained the highest global standards and best practices in education. Its long-term commitment to nation building and unflinching adherence to universal human values are reflected in its motto: “Gyanam Param Bhushanam” and “Education to Innovation”.

Established in 2009 as an affiliated college today State government has accorded it with the status of a State Private University (under Gujarat Private Universities Act, 2009). A strong commitment to excellence in teaching, research and social outreach has made the University a role-model and trend setter for other Institutes and Universities. Beginning with 240 students, it has grown as one of the largest engineering campuses with more than 7000 students just in span of a little more than a decade.

Vision

- A leading Engineering & Technological Institution to be benchmarked with design-centric Research & bonafide Innovation.
- The Institution to provide Competent Leaders with Global Perspective.
- The Institution to perpetuate academic excellence and promote knowledge-based spectrum.
- The Institution to enhance practical relevance of Research & Development.
- The Institution to contribute substantially to the rapid industrial and economic growth of the nation.

Mission

- The Institution to provide education par excellence and thoroughly professional training with its state-of-the-art facilities.
- The Institution to create an environment for students where they always explore, discover and apply.
- The Institution to craft, establish and sustain the futuristic infrastructure such as Technology Incubation Center, Software Development Park and e-Training Facility.
- The institution to build a creative bond with industries, societies, intellectual bodies that share same myopic goals and broader objectives and responsibilities.
- The institution to establish an academic collaboration with reputed International institutions.
- The institution to always believe in improving positive work culture and acting upon the code of conduct.

SINGHANIA UNIVERSITY

Pacheri Bari, Jhunjhunu-333515, Rajasthan

Phone : +91 - 1593 - 271299/300/005

Fax : +91 - 1593 – 271003

Email : info@singhaniauniversity.co.in

<http://www.singhaniauniversity.co.in>

The University has been established by the Govt. of Rajasthan, under Ordinance 6 of 2007. It is a UGC recognized university as per Sec. 2f of the UGC Act 1956. Singhania University is situated at Pacheri Bari, Distt. Jhunjhunu (Rajasthan) on the Delhi-Narnaul Singhana - Pilani Road. It is about 160 kms. west of Delhi and about 165 kms. north of Jaipur. The University can be reached either by rail or by road. The nearest railway stations are Narnaul (19 kms.) and Chirawa (45 kms.)

The campus that covers an area of about 30 acres of land is picturesque and away from the din of the metropolis. The serenity of the hill locks all around endow the campus with an ideal environment for education and research. Singhania University came in existence by the inspirations of Smt. Narmada Devi Singhanaia, mother of the founder Shri. D.C. Singhania. Singhania University was inaugurated on 21st Oct 2007 by a great visionary and a philanthropist, Shri D.C. Singhania to impart quality education of world class standards, reflecting the latest advances in the field of education and research with state-of-the-art academic and administrative infrastructure.

The University has a well stocked and furnished library, well equipped labs, a host of indoor and outdoor games and sports, majestic hostels separate for boys and girls, well-furnished cottages for faculty, wide open spaces, lush green lawns, colourful flowerbeds and well kept orchards in sylvan surroundings.

Singhania University offers world-class infrastructure, highly qualified and dedicated faculties and excellent environment for academic and intellectual growth.

The University focuses on comprehensive growth of the students, working on their hearts and minds by addressing to their academic, cultural, physical and social needs in an environment of continuous interaction and growth, conducive for the enrichment of mind and body. The faculty is fully committed to impart quality education by investing all its skills and knowledge. The University endeavours not only to produce excellent academic results but also to produce excellent and successful professionals.

Special emphasis is laid on communication skills and personality development. The uniqueness of our curriculum and various programmes, lies in promoting a strong passion in the students - for all round excellence with perfection; for meeting the challenges head on with due emphasis on ethical and moral values through broad-based management skills. The University produces knowledgeable young citizens capable of creating a better and prosperous India through inter-cultural understanding and respect

SIR PADAMPAT SINGHANIA UNIVERSITY

Bhatewar, Udaipur - 313 601, Rajasthan
Tel. : 180030026555, +91 2957-226095 (6 Lines)
Email : info@spsu.ac.in
Website : <http://spsu.ac.in>

Something about Sir Padampat Singhania University situated in Udaipur Rajasthan India. It is nearly half a century ago, Late Sir Padampat Singhania, the visionary founder of the J K Organization dreamt of an empowered India populace, through whom India would take its place as an equal in the comity of nations. According to him, empowerment pre-supposes education and knowledge. That then became the cornerstone of the Organization's philosophy for discharging its social responsibility. The J K Cement Nimbahera Foundation (JKCNF) was born. Overtime, the involvement with education became stronger and deeper. Today, two decades later, it is associated with twelve educational institutions imparting education to nearly 14000 students at various levels of the learning curve. The J K Cement Nimbahera Foundation now envisions the establishment of a world class University in Rajasthan benchmarked to international educational institutions. The Foundation constituted a think tank of eminent persons from the Industry, Science & Technology and academia to brain storm the directions of development of the proposed University and prepare its blue print.

The University shall be engaged in R & D in the frontal areas and shall offer education through innovative course content, education methodology, learning process and dynamic academic governance for adapting itself to the constantly changing needs of the development sectors globally. R&D programmes will be pursued by the faculty along with scholars mostly in a twinning arrangement with the Industry. Education programmes will be offered by the University at undergraduate, post graduate and doctoral levels. The University shall have large number of academic programmes offered by various constituents of the Academic Departments, Schools and Centres of Studies which may include Applied and Basic Sciences, Engineering & Technology, Gastronomy and Hospitality, Textile & Fashion Design, Functional Geonomics, Biotechnology and Management Studies. Our areas of study will offer enough flexibility in the course curricula for building sound foundation of basic knowledge and pursuing variety of course disciplines in order to have complete education programme which is ultimately project/mission based. For the University campus, the plan for the Phase One is to initially begin with the School of Engineering and subsequently expand to cover many other branches of higher education. The School of Engineering will impart globally contemporary engineering science curricula through top quality teaching faculty with an international reach and a state-of-the-art educational infrastructure to a student's body with an aptitude for imbibing knowledge. On offer, would be a market determined blend of traditional (mechanical) and modern (computer science, electronic & communications, biotechnology) disciplines of engineering studies.

SISTER NIVEDITA UNIVERSITY

Website : <https://www.snuniv.ac.in>

Sister Nivedita University (SNU) at New Town, Kolkata has been established through enactment of The Sister Nivedita University Act, 2017 (West Bengal XLIX of 2017). SNU, being unique of its own kind is built on the path of Sister Nivedita, blessed under the shadow of Swami Vivekananda. The university offers educational programs and research in a wide array of subjects, under disciplines like Engineering and Technology, Science, Medicine, Management, Law, Humanities, Language and Literature, Pharmacy, Architecture, Social Sciences, Education, Performing Arts, Sports, Media, Design, etc. Moreover, some unique courses will be introduced with the emphasis on skill development, entrepreneurship and women empowerment.

Vision

SNU aspires to provide a transformative impact on the society through its inclusiveness a continuous innovation in education that comes from encouraging creativity, entrepreneurship, and research.

Mission

- Foster an academic environment that is inclusive both in its design of curriculum and in its dissemination of knowledge.
- Create a curriculum that is business connected, but also keenly sensitive to the demands of the environment to achieve a sustainable growth for businesses and the economy.
- Develop an educational environment that focuses on all segments of the society not just on the privileged few.
- Develop a community of learners that is based on quality faculty research, effective teaching pedagogy, and creating an enquiring student population.

SHREEMATI NATHIBAI DAMODAR THACKERSEY WOMEN'S UNIVERSITY

1, Nathibai Thackersey Road, Mumbai - 400020

Tel: 022-2203 1879, 2203 2159

Fax : 2201 8226

Email : sndt@bom2.vsnl.net.in

Website : <http://www.sndt.ac.in>

Today we visualise the SNDT Women's University as a world class university that continually responds to the changing social realities through the development and application of knowledge. The purpose of such engagement will be to create an inclusive society that promotes and protects the dignity, equality, social justice and human rights for all, with special emphasis on empowerment of women.

SNDT Women's University is committed to the cause of women's empowerment through access to education, particularly higher education, through relevant courses in the formal and non-formal streams. Further the university is committed to provide a wide range of professional and vocational courses for women to meet the changing socio-economic needs, with human values and purposeful social responsibility and to achieve excellence with "Quality in every Activity"

An Enlightened Woman is a Source of Infinite Strength

The goals of the SNDT Women's University emerging from the Vision and Mission are:

- Provide access to higher education for women through formal and non- formal streams including adult and continuing education.
- Provide a wide range of professional and vocational courses for women to meet the socio-economic demands.
- Develop scholarship and research in emerging areas of study, particularly with focus on women's perspectives.
- Inculcate among women positive self- concept, awareness of women's issues and rights with a rational outlook towards society.
- Enhance purposeful education with 'human values' and social responsibility by participating in outreach programmes.
- Achieve excellence in the academic disciplines, research and extension activities through emphasis on 'quality in every activity'.

SOLAPUR UNIVERSITY

Solapur Pune National Highway, Kegaon,

Solapur - 413 255, Maharashtra

Website : <http://su.digitaluniversity.ac>

EPABX (10 Lines) : 0217-2744763, 2744766, 2744767, 2744771

Telefax No. : 0217-2744770, 0217-2744770

Solapur University was established on 1st August 2004 and was inaugurated on 03-08-2004 by the Governor of Maharashtra. The formation of the university at Solapur was a long cherished desire of the people of this region. Earlier, to the formation of University, Solapur had a P.G. Centre of Shivaji University for over two decades. The centre for P.G. studies had three postgraduate science departments and 7 postgraduate courses conducted in the P.G. departments. With this sound background Solapur University has been established to cater the needs of over 60,000 students community. The university is poised for an ambitious growth. The University is now a hub of various academic activities. Good number of Engineering, Agricultural, Architectural, Medical and Traditional institutions of national fame are located in and around the city. Solapur is a home of religious saints of various languages as the District is at a triple junction of linguistic states of Andhra, Karnataka and Maharashtra. Therefore, Solapur is secular and metropolitan to its core. The said backdrop makes the University stands for transcendent principles and embodying noble mission. It is a small team yet progressive and forward-looking. Perched on a plateau, the Solapur University is a citadel of higher learning. Recently the Solapur University has introduced the concept of school system and has decided to bring its various departments under umbrella of various schools, viz. School of Chemical Sciences 2) School of Computational Sciences ,3)School of Earth Sciences, 4) School of Physical Sciences, 5) School of Social Sciences and 6)School of Education. Details about the school system are elaborated in the forth coming discussion. To cater the need of the academic information the University has a full-fledged library housed in the premises ad measuring nearly 400sq.meters. In less than three academic years the University has delight of various distinctions. Student & staff have completed their academic commitment. It is a landmark to state that the university has successfully conducted its examinations and has declared results in record time. Student's welfare department has conducted successfully its council elections, youth festivals and insurance scheme etc. activities. Further, students have bagged medals at state and national youth festivals and sports events. The varsity has strong NSS & NCC units. Teachers & Students **have** a great zeal in academic activities. They had participated in national and international seminars and presented research findings. A few of the teachers had the pride of chairing the technical sessions. Solapur University in not far behind in educational policy matters. Its team has formulated quality improvement guidelines for Ph.D in the state of Maharashtra. The staff is truly dedicated and has national credibility hence have received R & D funds for execution of the projects. Solapur's Peoples participation is note worthy.

SOBAN SINGH JEENA UNIVERSITY

Mall Road, Almora - 263601, Uttarakhand, India

Email : registrarssju@gmail.com

Soban Singh Jeena University (SSJ University) is a State University situated in Almora, Uttarakhand, India. The University was established in 2020 under the Soban Singh Jeena University Act, 2019 (Uttarakhand Act No. 19 of 2020), which was approved by the cabinet of Uttarakhand in October 2019. The university started operation in August 2020 when Narendra Singh Bhandari, the first Vice-Chancellor of the university, assumed his position.

The University has three campuses affiliated to it, 1.SSJ Campus, Almora 2.L.S.M Campus. Pithoragarh 3.Bageshwar Campus .Both the Pithoragarh and Bageshwar campuses were established in 2020 with the separation of SSJ University from Kumaun University.

SOMAIYA VIDYAVIHAR UNIVERSITY

Vidyanagar, Somaiya, Vidyavihar, Mumbai, Maharashtra 400077

Tel : 022 6728 3064

Email : admissions@somaiya.edu hr@somaiya.edu

research@somaiya.edu svvit@somaiya.edu

Somaiya Vidyavihar University has established itself as a leading educational institution across the globe. It is proudly the first private university in Mumbai. Keeping up with our education standard and constantly evolving, we have opened up an array of options for the students to choose from. We've introduced a never-done-before academic flexibility with a wide choice of multidisciplinary activities. Apart from this, the University has introduced an exclusive Students Exchange Program, Collaborative and Inclusive Learning and various Academic Programmes. The leaders of Somaiya University have designed every aspect of the University keeping the international educational demand in mind. It is global in the reach of its ideas and universal in its service.

In just five decades it has grown into a large educational complex with 34 institutions catering to diverse fields of education such as Humanities, Engineering, Education, Medicine, Management, Pure Sciences and Mass Communication, with more than 39000+ Students and 3000+ Faculties and staff on a throbbing 65 acre campus!

The Somaiya Vidyavihar Complex was founded in 1959 by late Shri K.J. Somaiya (1902-1999). Endowed with a sharp business acumen, a balanced perspective and a social bent of mind, Karamshibhai set up the Somaiya Trust in 1953 for furthering his dream of shaping young minds through quality education. For this purpose he bought a large area of land at Ghatkopar, then considered to be distant, meagrely populated.

Vision

Our Founder, Padmabhushan Shri K. J. Somaiya founded Somaiya Vidyavihar on the 9th of September 1959.

He later founded the Girivanvasi Pragati Mandal, The K J Somaiya Medical Trust, Girivanvasi Education Trust and sister institutions to make great citizens of India and the World. In the words of Swami Vivekananda, "We want that education by which character is formed, strength of mind is increased, the intellect expanded, and by which one can stand on one's own feet." We have now grown into a multi-disciplinary and multi-campus education institution with over 1500 faculty, and 38, 000 students.

SOUTH ASIAN UNIVERSITY

South Asian University, Akbar Bhawan

Website : <http://www.sau.ac.in>

The idea of establishing a South Asian University (SAU) was mooted by the Prime Minister of India at the 13th SAARC Summit in Dhaka in 2005. The idea was for member countries to pool their resources for creation of a Centre of Excellence in the form of a University that would provide world-class facilities and professional faculty to students and researchers drawn from every country of the SAARC region.

Prof. Gowher Rizvi, the well-known historian, scholar and academic from Bangladesh was entrusted with the task of preparing a Concept Paper for SAU. Prepared after a series of consultations across the SAARC countries, the Concept Paper was submitted to the SAARC Governments to elicit their views. The idea of a South Asian University found favor in all SAARC Member States and an inter-ministerial Agreement for Establishment of South Asian University was signed on 04 April 2007, during the 14th SAARC Summit in New Delhi. The Government of India established a Project Office of the SAU in the year 2008, of which Prof. GK Chadha, a former Vice Chancellor of the Jawaharlal Nehru University, New Delhi, was appointed the Chief Executive Officer. A SAARC Steering Committee comprising members from all SAARC countries was constituted to oversee the establishment of SAU. Various Inter-Governmental Task Forces were also constituted and entrusted the job of framing the Rules and Regulations to govern the University as also the Academic Structure and the Business Plan for the proposed University. All University documents prepared jointly by the SAU Task Forces were submitted to SAARC Secretariat and were approved in the 16th SAARC Summit held in Thimphu in 2010. The SAU Project Office was wound up and the South Asian University opened its door to students in August 2010. Currently, the University offers doctoral and master's programs in seven areas: Applied Mathematics, Biotechnology, Computer Science, Development Economics, International Relations, Law and Sociology. The then Indian External Affairs Minister, Pranab Mukherjee, laid the foundation stone of the SAU campus at a 100-acre plot in Maidan Garhi, Mehrauli in South Delhi on 26 May 2008. The job of preparing the architectural design of the campus and building on the campus was entrusted to a Nepalese architecture firm selected through a tough Regional competition. Campus designs have been finalized and various required clearances and approvals have been obtained. The campus construction is due to start in 2014. The capital cost of establishing the SAU is being provided by the Indian government, while all SAARC member countries share the operational costs in proportions that are mutually agreed upon. Later, the University would also raise money from international financial institutions, educational foundations and donors.

SRI BALAJI VIDYAPEETH

Mahatma Gandhi Medical College and Research Institute was established in the year 2001. The desire and the dream became a reality with the contributions by the Chairman himself and ably supported by a dedicated and vibrant team of Faculty and the members of the Staff. And the hard work was richly rewarded when the Government of India declared the Constituent Colleges as Deemed University, as per the recommendations of the UGC during the year 2008. This Institution was awarded the status of "Deemed to-be-University" in the name and style of SRI BALAJI VIDYAPEETH under section 3 of the UGC Act, 1956. The Deemed University's vision is to be in the FOREFRONT OF HIGHER EDUCATION in order to give the country a HIGH CALIBRE MANPOWER. The Mission statement envisages collegiate education that culminates in post doctoral programmes, to produce knowledgeable professionals in various aspects of health science with a high concern for providing and organizing appropriate health services including health education and policy, to provide service to the underprivileged, to impart specialized skills, to be successful in their endeavours and to set a very HIGH STANDARD OF PROFESSIONAL CONDUCT AND ETHICS for staff and students alike. Sri Balaji Vidyapeeth is a state-of-the-art multidisciplinary teaching and research foundation that offers Medicine, Dentistry and Nursing Courses. As one of the leading campus institutions, all the constituent colleges are located within a walking distance. Shri Sathya Sai Medical College and Research institute in Tamilnadu, is an off-campus institute.

The Deemed University's departments are fully equipped and housed in modern superstructures. The Deemed University HQ is located in the MGMCRI campus, spread over a sprawling area in Pillaiyarkuppam, Puducherry, on the ECR National Highway towards Cuddalore. Our experienced and innovative team of professionals are drawn from reputed institutes of learning who are adept at the application of scientific expertise in the realms of education, research and community service.

SRI BALAJI VIDYAPEETH is one of the most modern Deemed Universities with innovative ideas. It believes that the purpose of education is to help create futuristic student community capable of performing innovative practices to competently respond positively to the ever changing global needs. The Deemed University serves as a portal for the learners to explore and discover vistas in the field of medical science leading to the betterment of mankind.

The Maha Swamiji of Sri Kanchi Kamakoti Peetam had cherished a desire to revive Kanchipuram to its pristine glory as a center of learning. The Viswa Mahavidyalaya at Kanchi was established with the benign Blessings of Their Holiness Pujyasri Jayendra Saraswathi Swamiji and Pujyasri Sankara Vijayendra Saraswathi Swamiji and it attained the status of Deemed University in 1993.

Sri Chandrasekharendra Saraswathi Viswa Mahavidyalaya, formed under the aegis of Sri Kanchi Kamakoti Peetam Charitable Trust in 1993, is located in a sprawling complex of 50 acres at Enathur, at a distance of about 4 Kilometres from Kanchipuram.

The University has a campus in Poonamalle, Chennai, housing an ayurveda College, research centre and hospital.

The University has a unique focus on integrating traditional knowledge with modern scientific practices with a global outlook.

To provide "quality higher education coupled with Indian Value system and at the same time make it affordable to all sections of the society irrespective of their social or economic standing".

It is to identify innate talents of students and bring out their hidden potentialities and help in development of their all-round personality with value systems.

The mission is a holistic approach to higher education with academic standards consistent with an embedded value system, enriched by a dynamic process of synergy. The Mantra is "Educational Delight" of students engaged in study and faculty engaged in teaching and research in their journey Towards Excellence with Creativity.

To devise and implement schemes for effectively imparting proficiency in modern technology, at the same time instilling social responsibility and lofty value system enshrined in our culture.

To mould a new generation of universal citizens with confidence, Self dependence, self realization, scientific temper, professionalism, thirst of knowledge, and contentment by the fusion of Indian thought and modern scientific methodology, in higher education.

SRI DEV SUMAN UTTARAKHAND UNIVERSITY

Sri Dev Suman Uttarakhand University is established as a State University of Uttarakhand vide State Government notification No 270/XXXVI(3)/2012/48(1)/2012 dtd 19th October, 2012 in continuation to amendment of erstwhile Pt Deen Dayal Upadhyay Uttarakhand Vishwavidhyalaya Act. 2011 (Uttarakhand Act No 22 of 2011) as notified by State Government vide No 357/XXXVI(3)/201 1/57(1)/2010 dated 4th November, 2011. The establishment of University is a rare distinction of popular and powerful demand and symbolised the hopes and aspiration of the people of Garhwal for the development through the instrument of higher education. The masses of this remote mountainous region demanded for opening a new University at Badshahi Thaul, a small but historical town of Tehri Garhwal of Uttarakhand. It was an expression of the quest for empowering their future generation for overcoming endemic economic and social backwardness, geographic and environmental constraints, re-assertion of cultural identity of the local natural and human resources for development.

The University, nestled in the lap of Himalayan ranges in the Tehri Garhwal and having jurisdiction over seven Districts viz. Chamoli, Raudraprayag, Pauri, Tehri, Uttarakashi, Haridwar and Dehradun of Garhwal region of Uttarakhand. Sri Dev Suman Uttarakhand University Badshahi Thaul is situated on the way between Chamba and New Tehri at a distance of 3 km from Chamba, one of the brightest spots of District Tehri Garhwal, at an elevation of 1676 m from sea level. This town, situated on Delhi-Gangotri national highway, offers one of the most spectacular view of snow capped Himalaya and enchanting Bhagirathi Valley. The university campus is situated at an elevation of 1750 m on a ridge facing to the east, surrounded by dense oak and pine tree forest. It is at a distance of 8 km from New Tehri, a newly established master-planned township at an elevation of 1900 m and District headquarter of Tehri Garhwal. The famous Tehri Dam along with a huge lake between mountains, situated at a distance of 20 km from university campus, is a recent addition to the tourist attractions in the area. Nearest Airport (Linked to Delhi) is Jollygrant (Dehradun) at a distance of 80 km from university campus. Rishikesh is the nearest railway station at a distance of 65 km. However, Haridwar is more convenient (distance 90 km) as it is well connected to all major cities of India by rail.

The university campus, Badshahi Thaul is well connected by road to all important stations of Garhwal Division like Haridwar, Rishikesh, Dehradun, Mussoorie, Uttarkashi, Srinagar and other parts of the region. Frequent bus services as well as private taxis and jeeps are available from these places to Chamba and New Tehri. It takes about 3 hours to reach Badshahi Thaul by bus from Haridwar and Dehradun, and about 2 hours from Rishikesh.

SRI DEVARAJ URS UNIVERSITY

Sri Devaraj Urs University comprising Sri Devaraj Urs Medical College under the aegis of Sri Devaraj Urs Educational Trust for Backward Classes, Kolar, is a Deemed to be University declared Under section 3 of UGC Act, 1956, vide Notification No.F.9-36/2006-U.3(A) Dt. 25th May 2007, MHRD, Government of India.

Currently, The University has Sri Devaraj Urs Medical College, Tamaka, Kolar as the constituent institution. The University office and the constituent college are located at Tamaka village, Kolar and spread over almost 100 acres of lush green campus. This campus is 75K.M. away from Bangaluru as well as the Bangaluru International Airport.

The campus has several buildings to accommodate the administrative, teaching/training, hospital, hostel facilities of The University and the Medical College with a total build up area of 85,000 sq.mtrs.

The college conducts medical courses at Under Graduate (MBBS), Post Graduate (MD, MS) and Post Graduate Diploma levels and plans to start doctoral programmes in Biochemistry, Microbiology and fellowship programme in Head and Neck Onco- Surgery . The University has also decided to design a revised curriculum for MBBS course within the regulations as prescribed by the Medical Council of India.

This medical institution has a unique distinction of accreditation by NAAC India and certification by ISO 9001-2000 and maintains a high standard in teaching learning evaluation process and the institution has become a byword for quality Medical Education.

The attached teaching hospital of the Medical College, R.L.Jalappa Hospital and Research Centre provides secondary and tertiary health care to the rural and urban population of the Kolar District and bordering areas of the neighboring states of Tamil Nadu and Andhra Pradesh and is also a boon to the victims of accidents on the highway as it has a well equipped Trauma Centre, ICU and scanning facilities of CT and MRI. Its mandate is to develop trained manpower of medical professionals to cater to the needs of the community and provide service to the needy rural population.

The University also has set up an OP Unit at Kolar town and conducts committed outreach services to the needy through free medical camps at taluk levels as well as in villages of remote areas.

SRI GURU GRANTH SAHIB WORLD UNIVERSITY

Fatehgarh Sahib, Punjab - 140406

Tel : 01763-232300

E-mail : info@sggswu.org

Website : <http://sggswu.org>

Sri Guru Granth Sahib World University was established to commemorate the historic event of 400th anniversary of the compilation and first installation of Sri Adi (Guru) Granth Sahib in the year 2004. Thanks to the vision of Hon'ble Sardar Parkash Singh Badal, dynamism of Sardar Sukhbir Singh Badal and inspiring leadership of the SGPC president Jathedar Avtar Singh, the dream of entire Sikh community has emerged as a reality in the form of Sri Guru Granth Sahib World University with huge (140 acres) campus. Shromani Gurudwara Parbandhak Committee, Sri Amritsar established Sri Guru Granth Sahib Fourth Centenary Memorial Trust which set up the University under the Punjab State Act (20/2008).

The University is approved under section 22 of U.G.C. Act. The University has state-of-art infrastructure, highly qualified faculty, congenial and stimulating academic environment.

The university is running twenty departments under ten schools, focusing on intensive study, research and teaching in the areas of World Religions, Cultures, Eastern & Western Thought and other courses under the heads of Arts & Humanities, Social Sciences, Pure & Applied Sciences, Medical Sciences, Engineering Sciences. Equal stress is being given to emerging technologies such as Biotechnology, Nanotechnology, Information Technology, Ecology, Human Rights, Feminism and Empowerment of the Downtrodden. University is taking global initiatives including MOUs with renowned international universities.

For the benefit of students, university has appointed guest faculty from reputed international Universities, to expose the faculty and students to international trends in academics. Apart from this, university focuses on moral and value based education. University has its own transport facility for safe commutation from neighbouring areas. Apart from academic exposure, university also encourages students to participate in sports, extracurricular and cultural events.

Website : <http://www.skuniversity.org>

Sri Krishnadevaraya University is a public university in Anantapur, Andhra Pradesh, India, founded on July 25, 1981. The University is named after a patron of learning and the arts, Sri Krishnadevaraya, of the Vijayanagara empire of the 16th century.

The University is an offshoot of the erstwhile Postgraduate Centre of Sri Venkateswara University started in 1968. Subsequently in 1976, the S.V.U. Postgraduate Centre attained autonomous status.

In 1987, with a capital outlay of Rs. 1.2 crores, Sri Krishnadevaraya Institute of Management was started with funding from the UGC.

In 1988, the University which was originally a unitary, residential institution, became a full-fledged affiliating University. Yet another landmark in the history of the University is that the Postgraduate Centre at Kurnool under the jurisdiction of Sri Venkateswara University was made over to Sri Krishnadevaraya University in 1993.

Thus the University has an academic history of 33 years. Sri Krishnadevaraya University College of Engineering & Technology was started in 2006 with self-finance.

Situated in rural environs in an extensive campus of over 500 acres (2.0 km²) of land, the University has ample scope for development. It includes a University Science Instrumentation Centre, a Computer Centre, a Health Centre, a Gymnasium, an Outdoor Stadium, an Auditorium and adequate space to accommodate departments of studies, laboratories, hostels, and housing for the staff.

SRI KONDA LAXMAN TELANGANA STATE HORTICULTURAL UNIVERSITY

Sri Konda Laxman Telangana State Horticultural University, named in honour and memory of Sri Konda Laxman Babuji, veteran freedom fighter and telangana protagonist, is the only horticultural university in the state and fourth in the Country.

Horticulture is the growth engine of Telangana State and is the chief source of income to the economy of the state. It contributes approx 5.16% GSDP of the State. In India, Telangana State stands 3rd in area and 8th in production of fruits and vegetables. In view of the horticultural importance in the state, as emphasized in the 13th schedule of Andhra Pradesh Reorganization Act 2014 (Act No. 6 of 2014), the Government of Telangana through G.O. Ms. No. 31 & 32, dt: 22-12-2014, Agriculture and Cooperation (H & S) Department, by adapting with few modifications, the Dr. Y.S.R. Horticultural University Act – 2007 (Act No. 30 of 2007), established Sri Konda Laxman Telangana State Horticultural University (SKLTSHU) with head quarters at Rajendranagar, Hyderabad – 500 030.

The University runs on land grant pattern of USA, with mandate on Education, Research and Extension of horticulture domain. After bifurcation, the University (SKLTSHU) comprise of two horticultural colleges and two horticultural polytechnics. Concerned to the research part, the University has eleven Research stations, each focusing on conducting need based, location specific research on production, protection, post harvest technology and value addition of mandatory horticultural crops. Apart, the University is bestowed with Six All India Coordinated Research Centers working on mandatory crops viz., Fruits (Mango, Guava and Grapes), Vegetables, Tuber and Flower crops (Chrysanthemum, tuberose and gladiolus).

On Extension part, the University is doing yeoman service through a Krishi Vigyan Kendra (KVK) for disseminating the horticultural technical “Know-how” and “Do-how” information to the farmers, private and public entrepreneurs / stake holders.

SRI PADMAVATI MAHILA VISVAVIDYALAYAM

Email : info@spmvv.ac.in

Website : www.spmvv.ac.in

Sri Padmavati Mahila Visvavidyalayam (University for Women) was founded in the year 1983 by Sri N.T.Rama Rao, the then Chief Minister of Andhra Pradesh, with the fervent desire to train women students as better builders of the Nation and to inculcate skills of leadership in all aspects of life.

The University was established under the Sri Padmavati Mahila Visvavidyalayam Act of 1983, which has come into force on the 14 of April 1983. It was started with ten faculties and 300 students and twenty staff members. Today the University has a student population of 2700 and an academic staff 250. This year the University is going to have 59 courses at the post-graduate and undergraduate level and a good component of research.

The campus of Sri Padmavati Mahila Visvavidyalayam is spread out in a lush green area of 138.43 acres. The University is situated at a distance of 3 km from the railway and bus stations of Tirupati. The campus has the necessary buildings to run its academic programmes and administrative machinery. There are separate buildings for Humanities and Sciences, University's Administration, Central Library, University Auditorium, Sericulture Complex, and School of Pharmaceutical Sciences and also an independent building for Computer Science and Computer centre.

Sri Padmavati Mahila Visvavidyalayam (University for Women) established in the year 1983 and accredited with four stars status by NAAC has given unparalleled service to Women's Education in Andhra Pradesh, drawing on the great cultural traditions of the Country as well as keeping in tune with changing times, channels of employability and assuring quality education in teaching as well as research.

We shall continue to produce graduates who are equipped to contribute to the intellectual social, political, moral and material development of the societies in which they are to live and recognize that the development of contemporary societies reflects diversity along side consensus and acknowledgement of the past as well as concern for innovation.

We shall continue to undertake research, consultancy and other forms of service to local and regional communities, which will enrich our teaching and advance our quest for wisdom and truth. We shall make known our mission in Tirupati as well as nationally and internationally.

SRI RAMACHANDRA MEDICAL COLLEGE AND RESEARCH INSTITUTE

No.1 Ramachandra Nagar, Porur, Chennai - 600 116, Tamil Nadu

Tel : 044-24768027,31-33

Fax : 044-24767008/24765995

Website : <http://www.sriramachandra.edu.in>

Name of the Deemed University, formerly known as Sri Ramachandra Medical College & Research Institute has been changed to Sri Ramachandra Institute of Higher Education and Research, as per the Notification No. F.9-15/93-U.3 (Pt.1) dated 08.08.2018 of the MHRD, Govt. of India.

Sri Ramachandra Medical College and Research Institute was established by Sri Ramachandra Educational and Health Trust in the year 1985 as a private notfor-profit self-financing institution and dedicated to serve the society as a centre of excellence with emphasis on medical education, research and health care. In view of its academic excellence, the Government of India declared Sri Ramachandra Medical College and Research Institute as a Deemed University in September, 1994 under Section 3 of the University Grants Commission Act, 1956. As notified by the UGC, the nomenclature of the institution has been changed to Sri Ramachandra University in 2006. The Trust achieved the task of establishing this Institution as a "Centre of Excellence" under the leadership of Late Shri.N.P.V.Ramasamy Udayar who was the Founder & Managing Trustee of the Trust and also the first Chancellor of the Deemed University. Shri.V.R.Venkataachalam is currently the Chancellor of the University and is also the Managing Trustee of the Trust. Over two decades, the institute has transformed into a full fledged university with nine constituent colleges/faculties and around 100 courses in the health care sciences. Nearly 4000 students receive teaching and training within the University campus. Over 3500 patients seek health care in the state of the art academic medical centre.

The National Assessment and Accreditation Council, the accrediting body of the UGC, has accredited Sri Ramachandra University with "A" Grade with a CGPA of 3.52 on a 4-point scale, the highest to be awarded to a private medical University in India. The Joint Commission International (JCI) has accredited the University teaching hospital, the first teaching hospital in India to obtain such accreditation from JCI.

The Medical Council of India (MCI) has recognized and upgraded the Regional Centre in Medical Education Technologies, Sri Ramachandra Medical College and Research Institute, Sri Ramachandra University, as a Nodal Centre to conduct both Basic and Advance course in Medical Education Technologies. The WHO has designated Sri Ramachandra Medical College and Research Institute as a WHO Collaborating Centre for Research and Training in Occupational Health. The Atomic Energy Regulatory Board (AERB) has accredited the Biodosimetry lab of the Department of Human Genetics for assessment of personnel radiation exposure and related studies, the only non-governmental institution to have achieved such accreditation.

Sri Sathya Sai Institute of Higher Learning, (Deemed to be University), with its headquarters in Prasanthi Nilayam (Andhra Pradesh) in India, is a visible manifestation of Bhagawan Sri Sathya Sai Baba's vision of education for human transformation.

The Institute was recognised as a Deemed to be University by the Government of India in 1981.

The Deemed to be University hosts four campuses which are at Anantapur (in Andhra Pradesh), Kadugodi, Whitefield, Bangalore (in Karnataka), Muddenahalli, near Chickballabur (in Karnataka) and at Puttaparthi (in Andhra Pradesh).

The Anantapur campus is for women students, while the Prasanthi Nilayam, Brindavan and Muddenahalli campuses are for men students.

To assist generations of students acquire Self-knowledge (Atma Vidya) and Self-confidence (Atma Vishwas), so as to cultivate Self-sacrifice and earn Self-realisation; thereby moulding them into leaders who will benefit society.

To mould well-rounded holistic individuals – professionally sound, socially responsible and spiritually aware – who embody noble values and a right attitude, through Educare (Integral Education based on Human Values) that caters to the physical, intellectual, emotional, psychological and spiritual dimensions of the human personality.

Sehore situated on main Bhopal Indore highway lies 35 km's from Bhopal. Historically, Bhopal Tehsil was under Sehore District and Collectorate, S.P. Office were at Sehore. This situation changed in later years.

Sri Satya Sai Campus, Sehore came into existence in year 1999 with Sri Satya Sai Institute of Science & Technology (SSSIST). SSSIST initially had three branches in engineering education with total intake of 180. In 2012, because of the vision of promoters, the Sehore Campus was operating twelve Colleges, having twenty undergraduate courses & twenty Postgraduate courses, one post-graduate Diploma course & one Diploma course, with total intake of 3054 students. Sri Satya Sai Group of Institutions attracts large number of students from faraway places & States, due to quality of education at affordable cost, without any hidden fees policy. In its history of fourteen years, various Institutions under umbrella of Sri Satya Sai Group of Institutions were the only Institutes in Sehore & nearby six Districts offering Technical education at affordable fees to worthy & needy students belonging to more than six thousand villages, 34 Tehsils. Majority of population is agriculture dependent & percentage of population living at low standard of living is 80.6. Growth rate recorded recently is 21.5%.

Literacy rate of Sehore District is 71.11% which was 63.07% in 2001. Gender wise, male and female literacy were 82.37 and 58.86 respectively in year 2011, which in 2001 census, were 77.28% and 47.36%. 9 % of mothers between 17-55 years of age can read and this percentage is bound to increase in future. Sri Satya Sai Group of Institutions can humbly claim some role in these statistics. Now with establishment of Sri Satya Sai University of Technology & Medical Sciences, the overall scenario is expected to improve further.

Sri Satya Sai University of Technology and Medical Sciences imparts education in multiple fields of Engineering, Pharmacy, Medical Sciences, Management, Computer Applications, Hotel Management, Education, Physical Education, Vocational Courses, allied Sciences, Arts, & Commerce through various faculties. Careers in engineering, Business Administration, Pharmacy, Computer Applications are the backbone of Industries & contribute in the growth of nation in the modern Era. Sri Satya Sai University of Technology and Medical Sciences was established in 2013, after getting experience of more than fourteen years of running professional & technical courses under the banner of Sri Satya Sai Group of Institutions.

Envisioned by Sri Sri Ravi Shankar ji, the Sri Sri University was established as a centre for world-class education so Indian students do not have to leave the country in search of what they perceive to be better opportunities.

The Sri Sri University takes pride in offering a curriculum that enriches both domain expertise and life skills. The Art of Living Programme is an integral part of the curriculum at the University. The programme equips the students with tools and techniques to handle stress as well as understand and handle their minds, without which any education is incomplete.

Thus the university offers an education that is a blend of Western innovation with the spiritual values and wisdom of the East.

The Sri Sri University today offers value-based education in specialized areas of study including management; yoga; governance; and the performing arts.

The University is located on a 185-acre campus between Bhubaneswar and Cuttack. The campus includes the admin block, a well-equipped computer lab, a well-updated library, auditoriums, comfortable hostels, Vidya (skill training centre) and a cafeteria. The campus also includes sports and recreational facilities including a basketball court, a gymnasium and a cricket ground adjoining a jogging track. The campus is Wi-Fi enabled, with 24*7 connectivity.

The academic block of the Faculty of Management Studies, an eco-green building as per the vision of Sri Sri Ravishankar, offers fully air-conditioned spacious class rooms with LCD projectors as well as faculty rooms, a language lab and tutorial rooms.

The computer lab has more than 150 workstations with an IT infrastructure that parallels any international university. While two of the auditoriums, with a seating capacity of 300 students each, feature state-of-the-art audio visual facilities. Apart from hosting technical events, the auditoriums are also used for the health, wellbeing and spiritual integration of students.

The university offers a rich, vibrant learning environment, in a healthy campus that is virtually smoke-free and alcohol-free.

SRI VENKATESWARA INSTITUTE OF MEDICAL SCIENCES

Alipiri Road ,Tirupati-517 507, Andhra Pradesh

Phone : 91-877-2287152 & 2286131 (Office)

Fax : 91-877-2286803

E-Mail: svimshosp@yahoo.com, bvengamma@yahoo.com

Website : <http://www.svimstpt.ap.nic.in>

Alleviating human suffering has been a part of dedicated services of Tirupati Tirumala Devasthanams to the man kind. To provide the most advanced medical technology to the needy, the T.T.D. has launched a monument, a blessing from the Lord by opening Sri Venkateswara Institute of Medical Sciences, a sophisticated super specialty hospital at Tirupati.

SVIMS was conceived in the year 1986 on the lines of AIIMS, New Delhi and the foundation stone was laid on 18.4.86 by Late Sri.N.T.Rama Rao, the Hon'ble Chief Minister of Andhra Pradesh in the world famous pilgrim town Tirupati. It was established with a view to providing Super Specialty facilities with nominal cost to the poor.

The hospital started functioning from 26.2.93. by an Act of A.P. State Legislature. This Institute became a University in 1995 within a short time of establishment. The Present Director is Dr. B.Vengamma, D.M., (Neuro) (NIMHANS).

The healing touch of SVIMS has covered most of Andhra Pradesh and the neighbouring states. The major objectives of SVIMS includes service, training and education in advanced medical sciences and technology. Latest technology in diagnostic wing and total computer automation of patient care has been implemented in this institution for the first time in our Country. The computer centre is equipped with medical literature analysis and retrieval system on line (MEDLINE) to get the information available from standard medical journals in the entire world. SVIMS also introduced "MEDLARS" awareness programme, which is a boon for all the students and medical personnel. Both inpatients & outpatients have increased by 75% to 100% in recent years.

The following departments are rendering their services for the public:

Anaesthesiology, Anatomy, Biochemistry, C.T.Surgery, Cardiology, Endocrinology, General Surgery, Hematology, Medical Gastroenterology, Medical Oncology, Medicine, Microbiology, Nephrology, Neurology, Neurosurgery, Nuclear Medicine , Pathology, Physiology, Plastic Surgery Radiology, Radiation Oncology, Surgical Gastroenterology, Surgical Oncology , Transfusion Medicine and Urology.

Sri Venkateswara University, Tirupati , is established in 1954 in the world famous holy temple town of Tirupati on the sprawling campus of 1000 acres with a panoramic and pleasant hill view. The University stands as a testimony to the wisdom and foresight of great visionaries Late Sri Tanguturi Prakasam Pantulu, the then Chief Minister of Andhra and Late Sri Neelam Sanjiva Reddy, to cater the educational needs and aspirations of the people of Rayalaseema area. With a great wisdom, the founder of this University have rightly coined the motto Wisdom lies in proper perspective for it. The University has grown excellently from strength to strength over the past 60 years, as a premier institute of higher learning under the able and committed leaderships of successive Vice-Chancellors starting from Prof. S. Govindarajulu to the present Vice Chancellor Prof. W. Rajendra. It has gone through greater strides in the transformation of the University with acquiring necessary and modern sophisticated instrumentation to catch up with the world competition in academic and research programmes.

Right from its inception, the University has been laying more emphasis on teaching, research and extension activities in different subjects. The range of subject departments, courses and research programmes undertaken and promoted during the last 60 years reflect Sri Venkateswara Universitys commitment in promoting socially relevant and inter-disciplinary programmes. The University was started with six departments of Chemistry, Physics, Mathematics, Botany, Zoology, Economics and Philosophy.

The University has 4 constituent colleges concerning various conventional and advanced subjects, in order to provide good academic and smooth administrative service to one and all. The University has 54 departments, where in 72 different PG Courses and several Diploma and Certificate courses are being run with a total academic faculty strength of around 400 and 1500 non-teaching and a student strength of 5000, including research scholars. Several novel and newly emerging PG courses have also been introduced during this academic year.

The University has been moving forwards in achieving academic excellence with a strong commitment and dedicated approach, by clearly setting up of a vision of its own. The initiatives taken by the Vice-Chancellor have already started yielding excellent results, in terms of research funding, extension activities keeping the University on the path of excellence.

SRI VENKATESWARA VEDIC UNIVERSITY

Alipiri-Chandragiri Bypass Road, Tirupati
Andhra Pradesh

Website : <http://www.svvedicuniversity.org>

Words fail to praise His Excellency, Shri Rameshwar Thakur Ji, the First Chancellor of S. V. Vedic University. But for his sincere efforts, that were positively responded by the State Government of Andhra Pradesh and Tirumala Tirupati Devasthanams, the Vedic University would not have come into existence. The university has begun its endeavour to achieve academic excellence in teaching, research and publications.

While strengthening the tradition of recitation in Vedas, Agamas and Paurohithya, the University wants to produce comprehensive Vedic Scholars, who understand the Mantras they recite. With this intention, the Vedic University has started degree and PG courses in Veda Bhashya.

The Vedic University is committed to spread the message of Vedas through the younger generations. For this purpose, The University is going to introduce an integrated course (B.A., + M.A.) in Vedic studies for the benefit of the students in general education system.

This creative idea came from the great visionary, Sri B. Karunakar Reddy Garu, Honourable Chairman, TTD Trust Board, in the Executive Council Meeting held on 25.03.2008. My sincere thanks to him.

The University wants to open up new branches of Adhyayana courses in Samaveda, etc. Through the programme Vedasandesa, the University is trying to speed up the vedic message among the common people. It is our aim that the Research and Publication department of this Universtiy should significantly contribute and bring aout such works that serve the need of the hour, while eternalizing the Vedic wisdom.

SRI VENKATESWARA VETERINARY UNIVERSITY

The establishment of Sri Venkateswara Veterinary University was the culmination of efforts during the period, 1955 to 2006 to strengthen education and services in the fields of Veterinary Science, Dairy Technology and Fishery Science in the State of Andhra Pradesh.

The establishment of three Veterinary Colleges, the first at Rajendranagar during 1946, the second at Bapatla during 1955 and the third at Gannavaram during 1998, paved the way for strengthening Veterinary education in the State. The Veterinary College at Bapatla was shifted to Tirupati during December, 1957. The College of Fishery Science was started at Muthukur, Nellore Dt. during 1991.

The College of Veterinary Science, Tirupati celebrated Golden Jubilee Year during July, 2004 to July 2005 and the year long Golden Jubilee Celebrations of the College were officially inaugurated by the Hon'ble Chief Minister of Andhra Pradesh, Dr. Y.S. Rajasekhara Reddy on 30th September 2004.

On that occasion, the Chief Minister, while highlighting the importance of livestock and aqua farming in the overall economy of the state, announced the establishment of Sri Venkateswara Veterinary University at Tirupati.

In tune with the promise of the Hon'ble Chief Minister, the State Cabinet at it's meeting on 4-3-2005 decided to establish the University at Tirupati and the Sri Venkateswara Veterinary University Act, 2005 was passed in the State Legislative Assembly on 30 Mar 2005.

The University was created by bifurcating the faculty of Veterinary Science comprising of Veterinary Science, Fishery Science and Dairy Science from Acharya N.G. Ranga Agricultural University, Rajendranagar, Hyderabad. The Hon'ble Chief Minister of Andhra Pradesh Dr.Y.S.Rajasekhara Reddy inaugurated Sri Venkateswara Veterinary University in the premises of College of Veterinary Science, Tirupati on 15 Jul 2005 coinciding with the valedictory function of its Golden Jubilee celebrations.

Email: info@srinathuniversity.in

Website: www.srinathuniversity.in

Srinath University is premier university in the state of Jharkhand with highest academic standards, diverse educational programmes, distinguished faculty, ultra modern infrastructure and varied co-curricular activities. Srinath University is a subsidiary of SANDHYA SHAMBHU EDUCATIONAL TRUST. We aim to become a role model and trend setter for other universities through our strong commitment to excellence in teaching, research and social outreach.

Established recently as a unitary, teaching and residential university, The University is duly recognised by the University Grants Commission under Sec. 2(f) of UGC Act 1956 as a self-financing Private University. Srinath University offers a wide range of programmes across disciplines and at various levels of Diploma, UG, PG and Ph.D programmes.

The Srinath University's verdant surrounding stretching over nearly 60 acres of land is situated amidst one of the largest industrial hub of India and adjacent to Tata Steel and India's first industrial city Jamshedpur with excellent teacher-student ratio. The mode of instruction encourages students to explore their own creativity along with boosting the received knowledge, Drawing students and faculty from across Jharkhand and other states, the University has emerged as a symbol of excellence

At Srinath, we pride ourselves on providing the highest standards in academics and helping shape the character of our students.

Srinath University, Jamshedpur has been established to create new benchmarks for quality education in various fields viz. Technical, Professional, General & Medicine Education in Jharkhand in particular & India and overseas in general.

Srinath University shall endeavor to promote the study of national integrity, social justice, secularism and democratic way of life, international understanding & scientific approach to the problems of the society in total.

SR UNIVERSITY

Ananthasagar, Hasanparthyv
Warangal Urban - 506371, Telangana, India
Website : <https://sru.edu.in>

Sri Rajeshwara Educational Society, the parent body of SR University is a 45-year-old conglomerate of educational institutions with more than 90,000 students and 10,000 teaching and non-teaching staff members. SR Educational Academy governs 95 Educational Institutions across Telangana and Andhra Pradesh. The goal of SR University is to create an innovative learning educational ecosystem whose graduates significantly contribute to the growth of Telangana and India. We plan to transform the educational system through three key differentiators.

Key Differentiators

At the core of SRU, exceptional faculty engage students in new experiences through innovative teaching approaches. SRU is home for such faculty who are ever curious to question existing knowledge, push the boundaries of understanding through research, and incorporate innovative teaching- pedagogies for better learning experiences. Coupled with our exceptional staff, technology-enabled infrastructure provides a foundation for entrepreneurial learning through experimentation. Cutting-edge technology is embedded in classrooms and laboratories, helping students familiarize themselves with the latest technological trends in the market. The collaborative entrepreneurial ecosystem provides curricular, co-curricular, and extra-curricular opportunities for everyone to contribute, thrive and create a lasting impact. The system includes strong ties with industry and international educational institutions.

Regional Ecosystem

- Tri-city area of Warangal-Hanamkonda-Kazipet is a highly developed, economically active part of Telangana.
- Warangal stands to become a significant player in the regional and state development - a potential hub for services sector (IT, ITeS, Tourism and Hospitality, and Textiles and Food processing)
- IT SEZ, Cyient, Tech Mahindra, Quadrant Resource, Kakatiya Mega Textile Park and Smart City initiatives are significant movers that have helped the area to develop rapidly.
- SRU has been an active player in the development of the regional ecosystem by engaging regional stakeholders with innovative initiatives.
- With the University status, SRU strives to :
 - Quickly address the regional needs (farming, textile, incubation).
 - Collaboratively create living-learning regional communities to experiment, learn and co-create new technologies.
 - Increase and accelerate the community reach to positively impact many lives.
 - Educate students from the region as well as attract students from other parts of India.

SPICER ADVENTIST UNIVERSITY

Aundh Road, Ganeshkhind P.O.
Pune – 411 007, Maharashtra

Spicer Adventist University, established by the State Government of Maharashtra (vide Maharashtra Act No. XIV of 2014) on June 14, 2014, and was inaugurated on August 28, 2014. It belongs to the Southern Asia Division of the Seventh-day Adventist Church which is one of the 13 large Divisions of the worldwide Church which operates an internationally renowned global educational system comprising of over fifty universities, about one hundred colleges and more than seven thousand schools which offer a distinctive and quality education to nearly two million students worldwide. Though the history of Spicer Adventist University may seem brief, it is indeed the culmination of a kaleidoscopic saga nearly a century old. Its roots can be traced to two schools that were started in Coimbatore in the south and Lucknow in the north in 1915. The South India Training School at Coimbatore was started in July, 1915 with Gentry G Lowry as the Principal with 15 students, more joining later. While the “girls’ dormitory” was in one wing of their house, the boys stayed in the godown at the back of the house. Due to the threat of plague, the School was moved from Coimbatore to Bangalore, near Bamboo Bazaar, in 1917. The Christian Training School at Lucknow was also started with 14 students on November 3, 1915 when a visionary H R Salisbury, an educational pioneer in England and India, invited I F Blue to establish the school, but it was closed down in 1920 and many students joined the South India Training School in Bangalore. The institution was again moved in 1922 to a new campus at Krishnarajapuram, seven miles from the city of Bangalore. As the premier educational institution of the Seventh-day Adventist Church in the Southern Asia region, it soon attracted students from all parts of undivided India which included the present day Pakistan and Bangladesh, Myanmar (Burma) and Sri Lanka (Ceylon). In 1937, the school was reorganized and a Junior College (Intermediate) section added and the name changed to Spicer Junior College in honour of William Ambrose Spicer, an early Adventist leader in India. After twenty years at Krishnarajapuram, when the military wanted to use the facility during the Second World War, the college was relocated to its present site in Pune (erstwhile Poona), an ideal city and famous educational and cultural hub, also known as the Oxford of the East, and renamed as Spicer Missionary College. In 1945, the college was upgraded to a Senior College offering four-year liberal arts degree courses in Business, Education, English, History and Theology. In 1955, three years after the death of W A Spicer, the name was modified to Spicer Memorial College. In 1966, the College Board of Trustees authorized the establishment of the School of Religious Studies by reorganizing the academic divisions of Christian Theology and Philosophy. This was followed by a decision to introduce the fifth-year degree programmes in theology and secondary education. In 1970, the Schools of Business and Education were added. With the introduction of the Plus-Two educational pattern in the country, Spicer Memorial College re-organized its courses in 1978 to accommodate the Plus-Two programme followed by a three-year degree curriculum. In 1980, the College Board approved the introduction of Post Graduate Studies in Business Administration, Education, and Religious Philosophy. Accordingly, in 1981, the School of Business, the School of Education and the School of Religion have been set up and master’s programmes introduced offering the master’s diplomas, MDBA, MDEd and MDTh respectively. In 1983, a review of the academic programme in the context of the Plus Two and three-Year Studies was made and it was felt by the College Board that the three-year college programme does not adequately meet the needs of a liberal arts education, nor does it equip the student sufficiently to meet the needs and demands of present day life. Therefore, beyond the Plus Two, a four-year college programme was authorized and initiated. This meant that a student received a bachelor’s degree after a minimum of sixteen (10+2+4) years of schooling. The same year affiliation was confirmed from Andrews University, Michigan, USA, for the three graduate programmes in Business Administration (MBA), Education (MA) and Religion (MA). However, due to some technical reasons, affiliation to MBA programme was withdrawn in 1992 and the programme was wound up in 1997.

STATE UNIVERSITY OF PERFORMING AND VISUAL ARTS UNIVERSITY

SUPVA, Integrated Campus, Sector 6, Rohtak, Haryana
Tel. : 01262-216491, 216487

State University of Performing and Visual Arts, ab initio, established as Integrated Campus of the Government Technical Institution(s) Society came into existence by Haryana Government Act No. 24 of 2014 with the objective to facilitate and promote studies and research in emerging areas of higher education with focus on new frontiers of Design, Fine Arts, Urban Planning and Architecture and Film & Television and also to achieve excellence in these and connected fields.

The University is located at Rohtak in the State of Haryana – about 80 kms. from Delhi on Delhi-Hissar - Sirsa National Highway (NH-10) and is well connected to NH-1, being only 90k.m.from Panipat. It is well connected by rail as well as road. Rohtak is the education hub of the State with excellent facilities for education in all fields of knowledge. It is a unique world level University with a campus sprawling over 35 acres of land and is well laid with state-of-the-art buildings and magnificent road network, presents a spectacle of harmony in architecture and natural beauty.

The University specializes in cultivating a certain kind of artistic sensibility which simultaneously satisfies the creative demands of a work of art and the practical requirement of the profession. Soon the university will enjoy an international reputation for excellence in the fields of fine Art, Design, Architecture, and Cinema. A unique interdisciplinary approach is maintained here towards the field of visual and performing arts where young professionals are prepared to be part of the ever growing demands in these fields. Our hardworking team has the zeal to take the university to new heights with the vision to develop young minds to become achievers in their respective fields.

The University imparting 14 highly professional and technical under-graduate programmes are offered through its well-furnished and well equipped four Institutes with efficient and dedicated faculty. The Government Haryana find new avenues which can act as a catalyst for overall development of the State and will help in promoting this cultural legacy of our Nation.

STAREX UNIVERSITY

NH-8, Vill. – Binola, P.O. Bhorakalan
Gurgaon – 122413, Haryana
Tel. : 0124 – 2379990/1/2/3

The Starex University, Gurgaon has been established under the provisions of Haryana Private Universities (Amendment) Act 2016. The Starex University has designed a masterplan paradigm for conducting vocational and employment centric Bachelor's, Master's, Doctoral and Post Doctoral Degrees with a view to catering to the needs of a competent cadre of young professionals for managing all facets of the development of our country. There is a saying that "Visualization is a key to success." As in last decade our country is highly influenced by the globalization, there is a big U-turn in every aspect of life .In this competitive era only those people can survive who have got the global vision and one among such people is Mr.Mohinder Singh, the founder of Starex Group who came from Germany with a Global Vision. Starex is a pioneer in providing such opportunity to our young generation to develop a global vision. Our doors are open for all kinds of students but one thing which is needed is The Burning Desire To Grow". "Where There Is A Will There Is A Way", this saying matches perfectly with our organization. Starex is available for all the aspiring students willing to achieve higher goals in life after gaining quality education. Starex is an organization that educates the students, guides them regarding the latest professional courses available and helps them in selecting a professional course for themselves according to their educational qualification. To meet the institutional objective of delivering holistic education, the management has invested heavily in contemporary, academic, non-academic and sports infrastructure.The Starex University has clusters of buildings for hosting the classrooms, laboratories, libraries, computer centres, research outfits, hostels, faculty residences and recreational facilities. The salient features are :

- Spacious classrooms.
- State-of-the-art, Engineering, Medical, Pharmacy, Environment, Computer Science, Physics, Chemistry, Biology and Multimedia room.
- Music, Dance, Art & Activity Room well equipped library and books and several journal subscriptions. The academic and administrative blocks are WI-Fi enabled.
- Sports infrastructure includes basketball, Lawn Tennis courts, Table Tennis courts, athletics track etc. Additionally, indoor chess, table tennis and carom are provided in campus.

The 100-acre campus at Gurgaon has a lush green environment with the infrastructure of international standard running into more than half a million sq.ft. of built-up area. Each class room has adequate storage provision for the entire class. The building is networked to provide adequate computers. In addition to regular classrooms, the building has classrooms equipped with multimedia projectors, language rooms, science lab, computer lab, music and dance rooms and adequate toilet facilities for boys and girls. The building also has two audio visual rooms with state of the art projection facilities with a seating capacity of 70 people each. At the Starex University, residential life is an integral part of the school. Boarders grow in self- reliance confident and develop independent living skills in stimulating environment. They learn to identify their needs, co operate with each other and takes responsibilities of their own decisions and that of group. School maintains centrally air-conditioned separate hostel for boys and girls. Rooms are allotted on twin sharing basis. Shower rooms and toilets are well maintained. There is a common room equipped with LCD's, Indoor games and magazines.

In the year 1882, St Joseph's College was started and was affiliated to the University of Madras as a Second Grade College. In 1926 the University of Madras granted the Institution the status of a First Grade College. On 1 June 1937, the management of the college was transferred to the Society of Jesus. From 1882 to 1937 the college was under the Missions étrangères de Paris. At the time the college consisted of one building, constructed in 1925, accommodating 350 students.

In 1949, following reorganisation of the state of Karnataka, the college was affiliated to Mysore University. In 1967, the college was granted permanent affiliation to Bangalore University. 1972 saw the commerce sections and evening college separated from the main college. In 1982, University Grants Commission recognised the college under 2(f) status of UGC ACT 1956 giving it authority to grant degrees. Further in 1985, University Grants Commission recognised the college under 12(B) of the UGC ACT 1956. In 1986, it became the first affiliated college in Karnataka to offer postgraduate courses. In 1988, it became the first college in Karnataka to get a research center. The college is also one of the early ones to go for NAAC accreditation in 1998 and got a four-star (70–75%).

St. Joseph's University is a private aided, Jesuit, higher educational institution run by the Karnataka Province of the Society of Jesus in Bangalore, Karnataka, India. It is one of the oldest educational institution in the state of Karnataka with a history of 141 years. It has been conferred with the award College of Excellence by the University Grants Commission (India). The institution was awarded a rating of A++ (3.79/4), in the 4th cycle of re-accreditation by the National Assessment and Accreditation Council (NAAC) in 2017. It offers graduate, post-graduate and research education. St. Joseph's University has around 300 teaching and non-teaching staff and more than 5500 students. The university is located at Langford Road near Richmond Circle, Bengaluru, Karnataka, India.

In February 2021, St. Joseph's University bill was presented in the Karnataka Legislative Assembly and was subsequently passed by the Legislative Assembly and Karnataka Legislative Council. The college received its University charter on 2nd July 2022. On 27th September 2022, the institution was inaugurated as India's first public-private University by the President of India, Droupadi Murmu.

ST. XAVIER'S UNIVERSITY

Premises No.-IIIB-1, Plot No.- IIIB/1

Action Area IIIB, P.S. New Town

Kolkata-700 160, West Bengal, India

Email: cityoffice@sxuk.in

Website : <http://www.sxuk.edu.in>

The Crest of St. Xavier's University, Kolkata, is modeled on Jassu Crest of the College Patron Saint Francis Xavier's family. It has been adapted to local surroundings, suggestive of a native flavour of a University in India. The escutcheon in white and blue contains a tiger and a palm tree, overlooked by a silver crescent moon, which symbolizes the palacio of Xavier. The charge on the Dexter, HIS, bespeaks a College of the Society of Jesus (Iesus Hominum Salvator - Jesus, Savior of Human Family).

The checky argent and sable in the base recall the spirit of the Xaverian family. A garter bearing the words "St. Xavier's University, Kolkata", encircles the escutcheon and it is surmounted by a Cross emanating holy rays. A scroll passes underneath inscribed with the words Nihil Ultra (Nothing Beyond), the motto of the University. The Crest signifies dignity, courage, quiet gleam and the call of the beyond - the quest persists towards higher endeavour.

Vision

Rooted in and inspired by the Ignatiancharism of forming men and women for others, St. Xavier's University, Kolkata, as a Centre of Excellence, strives to promote a society based on love, freedom, liberty, justice, equality and fraternity

Mission

To set an international standard for Arts, Science, Commerce, Management and Education contemporary and relevant to the 21st Century.

To provide all students of St. Xavier's University a unique and exceptional education that will be a transforming experience intellectually, culturally, socially and personally.

To excel in all areas of teaching-learning, research, outreach and consultancy;

To contribute to the creation of knowledge and to search for the meaning of life;

To bridge the rural-urban divide, taking the benefits of education to the poor and the marginalized, aiming at their empowerment;

To ensure access to and equity in higher educational opportunity to all deserving and meritorious students with a preferential option for the poor and marginalized, irrespective of caste and creed;

To inspire and challenge all segments of the college to raise the realm of good from great to greater, through continuous quality assessment;

To offer subjects for competence building, and to motivate/animate a work force imbued with human values;

To become a Centre of culture and to consciously promote communal harmony and cultural integration so as to create an atmosphere of dialogue in the campus;

To promote academic exchange and academia-industry interfacing, making use of the latest technology;

To develop application-oriented courses, with the mandatory view on values, to produce holistic development of persons;

To form young men and women of competence, commitment, conscience and compassion;

To contribute to the well-being of the nation without counting the cost; in the spirit of NIHIL ULTRA (Nothing Beyond), the motto of St. Xavier's.

Contact : +91-05944-296000

Mobile : 8006565222, 8006568222

Email Id : info@smu.ac.in

Website : <https://www.smu.ac.in>

Surajmal University has been established with the idea of endowing cutting-edge, modern and in-line education blended with real-world experience and moral values. With the commencement of different societal programs under the umbrella of this university, efforts shall be made to expand the boundaries of new knowledge and creative expressions which will lead to further civic engagement and will ultimately solve society's most complex problems.

University is committed to turn ideas into positive impact, an ideology that's rooted in deep optimism and a hunger to pursue progress for the benefit of all with fervent longing for bringing girl, tribal and economically backward students to the forefront of academic excellence. The environment of the university shall foster competitiveness, creative thinking, innovation and so forth. It will provide a learning atmosphere that will encourage working on innovative projects in order to promote holistic personality development for nurturing future leaders with human values and professional ethics.

University is committed to work in a plenary manner to cover all the four aspects of learning-learning to know, learning to do, learning to be and learning to live together. The philanthropic attitude of its founders will be reflected in the transformation of its students in complete human being having characteristics of a perfect human being so that they may succeed in work and life. University will emphasize to inculcate the qualities so that they could be- empathetic, intuitive, creative, passionate, life-long learners, good listeners, persuasive, responsible and kind, courageous, self-aware, wholehearted, etc., to mention only a few.

The end of the year 2021 has got the opportunity to witness the culmination of the dreams of its founding father, Swami Satya PrakashanandSaraswati ji in the form of university by carving a niche for itself as a center for fostering and developing the body, mind and spirit of its students. The university is totally committed to this three-fold flowering of its students by blending of academic excellence and real-world experience with moral values. This university is being developed with ethos of its own, quite different from others. It believes in motivation of its students in such a way that their endeavors and interests could transcend all type of boundaries. We believe in providing them such an atmosphere where they do not seek to maintain status quo nor settle for observing change; they rather hope to be powerful instruments of change using their dynamic verve and inculcated sacraments to make their contributions to the world.

Gyan Vihar International School of Business Management operational since 2004 has achieved laurels in the field of Business Management & currently offering MBA (in various specialization) BBA and B.Com (Corporate Secretaryship /Management Accountancy).

SUSHANT UNIVERSITY

Sector 55, Golf Course Road
Gurgaon – 122003, Haryana
Tel : +91-124-4750400 / 501
Email : info@ansaluniversity.edu.in
facebook.com/AnsalUniversity twitter.com/AnsalUniversity

Sushant University (Erstwhile Ansal University) was established in 2012 under the Haryana Private Universities Act 2006. Located in the heart of Gurugram, India's largest hub of National and Fortune 500 companies. We have eight schools offering programmes in Architecture, Design, Law, Management, Hospitality, Engineering, Health Sciences and Planning & Development.

Since 2012 Sushant University (Erstwhile Ansal University) has been helping students from across the world realize their dreams. We offer a variety of specially designed courses that offer the students a fulfilling career, and not merely a Degree.

The legacy of the Chiranjiv Charitable Trust in the realm of higher education goes back to 1989, when the foundation of the Sushant School of Art and Architecture was laid by Mr. Sushil Ansal, to address the gap in Indian architectural education. The School was conceived with the objective of combining traditional Indian aesthetics and modes of urban planning with the needs of a modern cityscape. As the School made a mark in the field of architectural education under the guiding force of late Fellow of the Frank Lloyd Wright Foundation, Padma Shri MM Rana, the Trust further expanded to establish the Ansal Institute of Technology in the year 2000 that received international recognition in the field of research, extension and global collaborations. The Sushant School of Design was instituted a decade later and in 2012 the 'Sushant Group of Institutions' came under the Ansal University, established through the legislation of the State of Haryana under Haryana Private Universities Act 2006.

The various schools under the University, located in a sprawling campus in the heart of Gurgaon, have carved a niche by offering the required educational programs and providing the best faculty and facilities to promote academic excellence. The strengths of the University include strong international collaborations with some of the top Universities of USA, Canada and Australia like Clemson University, Valparaiso University, Eastern Michigan University, Tarleton State University, NJIT, Saint Mary's University, Deakin University, Northumbria University, Sonoma State University and Eastern Institute of Technology. The organization has a rich intellectual capital comprising of about 150 highly qualified and experienced faculty from diverse fields. Besides the regular faculty members, the institutes have a history of long standing academic relationship with eminent personalities like late MF Hussain, Sonal Mansingh, Sir Joseph Allen Stein, Mario Botta, Sir James Bevan, Sunil Kant Munjal, Hafeez Contractor, Rajan Anandan and many more from various fields.

Education is the process by which an individual is encouraged and enabled to fully develop his or her potential; it may also serve the purpose of equipping the individual with what is necessary to be a productive member of society. Through teaching and learning the individual acquires and develops knowledge and skills.

The term education is often used to refer to formal education. However, the word's broader meaning covers a range of experiences, from formal learning to the building of understanding and knowledge through day to day experiences. Ultimately, all that we experience serves as a form of education.

All colleges and universities aim to impart quality education for all aspirants. Swami Keshwanand Rajasthan Agricultural University concisely aims to impart and promote agricultural knowledge to Modern Indian students.

Swami Keshwanand Rajasthan Agricultural University is authorized to provide instructions in Agriculture and Allied Sciences which include Horticulture, Home Science and Agri-Business Management.

It has also been authorized in other fields of agricultural learning, which the University may deem fit. It is empowered to maintain academic institutions, dealing with agriculture, home science, agri-business management, etc., to carry out instructions in these faculties, hold examinations, and confer degree, diplomas, pertaining to professional qualifications.

SWAMINARAYAN UNIVERSITY

Genesis

Government of Gujarat announced the establishment of Swaminarayan University under the Gujarat Private Universities Act No.7 of 2022(further to amend the Gujarat Private Universities Act, 2009) which received the assent of the Governor, in the Gujarat Government Gazette”, on the 7th April, 2022 for the establishment of Swaminarayan University at Kalol amongst others.

Establishment

The Swaminarayan University at Kalol is established and enacted by the Gujarat Government Gazette (Extraordinary) Notification No. GH/SH/15/EPU/2022/2803/KH-1 dated 1st June 2022 under sub section (2) of section 1 of the Gujarat Private Universities (Amendment) Act, 2022 (Guj.7 of 2022). The University is sponsored by Shree Swaminarayan Vishvamangal Gurukul Trust, Kalol and regulated by the University Grants Commission (UGC). The University became functional with the assumption of charge by the first Vice Chancellor on 20th May, 2022.

Mission

- Our mission is to promote participation in higher education and to assess our progress through Strategic Plan with farsighted fortune.
- We will pursue continuous development of infrastructure, enhance state-of-the-art equipment and facilities for students.
- We will provide a technologically up-to-date and intellectually inspiring environment of learning, research, creativity, innovation and professional activities and inculcate ethics and moral values in our students.
- We will create a conducive environment for students to excel in innovative ideas and startups.

Vision

- To emerge as a “Centre for excellence” offering Education and Research
- To provide opportunities to students to appear as groomed individuals, and instil high levels of discipline and strive to set global standards.
- To build our scholars technologically supercilious and virtuous, who in turn shall contribute to the advancement of society and humankind.
- We dedicate and commit ourselves to achieve, sustain and foster unmatched excellence in Education.
- To nurture and promote education with संस्कार (value based education)

SWAMI RAMA HIMALAYAN UNIVERSITY

Swami Ram Nagar, Jolly Grant
Doiwala, Dehradun -248140, Uttarakhand
Tel: +91-135-2471600, 2471151, 2471155
Email: info@srhu.edu.in
Website : <http://srhu.edu.in>

In April 2012 to pursue the vision of H.H. Dr. Swami Rama, a proposal for establishing a University was put before the Government of Uttarakhand by Himalayan Institute Hospital Trust, a Society registered under the Societies Registration Act 1860.

The 'Himalayan University Bill, 2012' was passed by Uttarakhand Legislative Assembly on December 11th, 2012 and HE the Governor of Uttarakhand granted his assent on February 13th, 2013, the Bill thereby becoming an Act (Constituted under Notification No. 62/XXXVI (3)/2013/66(1)/2012, Dated 15 February 2013, Vidhayee and Sansdiya Karya Vihag, Uttarakhand Shasan) Governed by The Himalayan University Act, 2012 (Uttarakhand Adhiniyam Sankhya 12 of 2013). The University came into existence on March 12th, 2013 when the Himalayan University Act was implemented.

In the wake of another University being established with the same name (Himalayan University) in Arunachal Pradesh, the Board of Governors of the University resolved to change the name of the University from 'Himalayan University' to 'Swami Rama Himalayan University' to avoid any ambiguity.

The 'Himalayan University (Amendment) Bill 2013' was passed by the Uttarakhand Legislative Assembly on September 20th, 2013 and HE the Governor of Uttarakhand granted his assent on September 30th, 2013. Now the University is known by the name of 'Swami Rama Himalayan University'.

The 'Swami Rama Himalayan University' is being established with an objective to provide for instruction, teaching, training and research in such branches of study as the University deems appropriate including medical sciences, dental sciences, nursing, pharmacy, paramedical and allied health sciences, science, engineering and technology, biotechnology, yoga sciences, management, rural development, humanities and other branches of higher education.

SWAMI RAMANAND TEERTH MARATHWADA UNIVERSITY

Vishnupuri, Nanded-431 606, Maharashtra
EPABX Numbers - (STD Code: 02462) – 229242, 229243
Email : srtmunregistrar@gmail.com, vcoffice.srtmun@gmail.com
Website : www.srtmun.ac.in

The Swami Ramanand Teerth Marathwada University was established at Nanded by bifurcating the Marathwada University, Aurangabad on 17th September 1994, the day on which in 1948 Hyderabad State was liberated from rule of the Nizam. Nanded is a District headquarters as well as a holy city situated on the banks of Godavari River in southeastern part of Maharashtra State.

Nanded is directly approachable by road and train from Aurangabad (270 km) and Hyderabad (270 km), Nagpur (350 km), Mumbai (600 km) and Delhi (1700 km). Weekly three flights run between Mumbai and Nanded.

The University has been named after Swami Ramanand Teerth the Doyen of the Hyderabad Liberation Struggle and also a renowned educationalist and social activist. The University is to cater for southern part of Marathwada Region of Maharashtra State, specifically to the Districts of Nanded, Latur, Parbhani and Hingoli.

The University Establishment Committee had visualized a region specific University with non conventional courses with a School system for Campus teaching to initiate and promote interdisciplinary and multidisciplinary studies.

The university has redesigned its syllabi and courses in order to generate the human resource for the regional development. The courses are characterized by innovative ways in teaching, learning and evaluation with emphasis on the aspects of research, consultancy and extension services.

In the short time of operation the University has been granted recognition by the University Grants Commission (UGC), the apex educational body of Government of India, under 2(f) in March 1995 and under 12 (B) in May 1998, before completion of five years.

It has been re-accredited by NAAC in 2009 with B grade.

SWAMI VIVEKANAND SUBHARTI UNIVERSITY

Subhartipuram, NH-58, Delhi-Haridwar Bypass Road
Meerut – 250005, Uttar Pradesh

Website : subharti.org

Swami Vivekanand Subharti University is a University under Section 2(f) of the University Grants Commission Act, 1956 set up under the Swami Vivekanand Subharti Vishwavidyalaya Uttar Pradesh Adhiniyam, 2008 (U.P. Act No. 29 of 2008) as passed by the Uttar Pradesh Legislature and assented to by the Hon'ble Governor of Uttar Pradesh in September 2008.

The University has been established under the aegis of Subharti K.K.B. Charitable Trust, Meerut, which has acquired a commendable record of service in the field of Education, Health care and Social welfare.

The main campus of the University is in the National Capital Region, strategically situated on National Highway 58, Delhi-Meerut-Haridwar Bypass Road, Meerut.

The campus, aptly called Subhartipuram, is spread over a sprawling area of about 250 acres of land comprising magnificent buildings, lush green lawns and vibrant surroundings with over 8000 people, determined to make this a 'Jewel' in the Crown of the Nation.

The University has several constituent colleges which provide higher education in almost all the disciplines like Medical, Dental, Paramedical, Pharmacy, Engineering, Management, Law, Journalism, Education, Arts and Science, thus engaged in creating highly qualified, academically and technically proficient professionals.

The University has also started a number of courses through Distance Education, approved by Joint Committee of UGC, AICTE and DEC.

The University has been awarded the membership of Association of Indian Universities in 2013.

Website : <http://www.svnuniversity.ac.in>

Swami Vivekanand University was established by the Act of Madhya Pradesh State Legislature and notified in its Official Gazette as The Madhya Pradesh Niji Vishwavidyalaya (Staphana Avam Sanchalan) Tritiya Sansodhan Adhiniyam (Act No.44 of 2011- 31 December 2011), after obtaining the assent of his Excellency the Governor of Madhya Pradesh who is the Visitor of the University.

Sri Vivekanand Niji University (SVN) is managed by Prakhar Pragya Shiksha Prasar Avam Samaj Kalyan Samiti, Sagar Madhya Pradesh (INDIA). It's campus is spread over 65 acres of a lush green land, situated in a pollution free, healthy and natural environment at a distance of 8 km. from Sagar City on Jhansi- Lakhanadon highway (NH26) and 12 km from Dhana air strip.

SVN University, along with its constituent colleges, has been functioning with the object of transforming the aspiring youths into technocrats, bureaucrats, academics and intellectuals of our country. With a view to accomplishing this objective, the management of SVN University has provided excellent teaching-learning ambience and facilities in the campus that has been specially designed to suit Madhya Pradesh weather and climatic conditions.

SVN University is a university of diverse disciplines with special concern for the quality of its research and teaching across the academic spectrum, spanning a wide range of subjects such as arts and sciences, engineering, agriculture, pharmacy, nursing, commerce, law, computer, management studies, education, journalism & mass communication, animation & multimedia, library science, physical education etc.

The University strives to be at the forefront of learning, teaching and research to provide leadership in many different educational fields. It seeks to attain the status of institute of higher learning with potential for excellence through world class teaching and research so as to produce well- grounded graduates with abilities to provide leadership in the arena in which they are called upon to serve. We have gained reputation by running already a host of flagship institutions under the aegis of SVN Group. The University has elegant Administrative bloc and buildings with spacious and well equipped laboratories, smart class rooms, computer center, central library, workshop, a well developed language lab, faculty rooms, conference hall, seminar rooms etc.

SWAMI VIVEKANANDA UNIVERSITY

Telinipara, Barasat - Barrackpore Rd, Bara Kanthalia

Kolkata – 700121, West Bengal

Website : <https://www.swamivivekanandauniversity.ac.in>

Swami Vivekananda University is a Private University in Barrackpore, North 24 Parganas District, West Bengal.

Inspired by Swami Vivekananda's envisioning educational system in India, Swami Vivekananda University will cast a transformative light on society and students by promoting quality education and research facilities to bridge the gap between academic intellect and professional proficiencies. Our approach toward education is more analytical, thorough, job-oriented and skill-based. To emerge as a World Class University in creating and disseminating knowledge, and providing students a unique learning experience in Science, Technology, Management and other areas of scholarship that will best serve the world and betterment of mankind. By 2022, 9% of Indians will be in jobs that do not exist today. 37% of Indian workforce would be employed in new job roles 54% of Indian work force will fall under the unchanged job categories. Technology will dominate the nature of jobs available in the coming near future. The jobs will be same but the skill-set required will be different. We have to constantly adopt to the needs of industries to stay relevant. The old rule was "you can have a job for life" but the rule of millennial is "you can have a career for life". Here comes the utter relevance of Swami Vivekananda University where technical education blended with a skill based mechanism to bridge the gap between academic intellect and professional proficiencies.

Our Core Values

- Freedom of thought and expression
- Freedom from discrimination
- The encouragement of a questioning spirit
- Quality and depth of provision across all subjects
- The close inter-relationship between teaching, scholarship, and research
- Strong support for individual researchers as well as research groups
- Education which enhances the ability of students to learn throughout life

Salient Features

- Integrated hi-tech eco-friendly campus on across 12 acres of land.
- Highly equipped technical and language laboratories.
- Well-furnished library with of more than 10,000 books, 5000 titles, and 100 national and international Journals.
- Smart Classrooms in all the disciplines.
- Wi-Fi enabled smart campus.
- Sports, Swimming pool , Gymnasium , canteen & cafeteria facilities.
- Multipurpose Hall.
- Medical Harbour.
- Banking Services.
- Campus Vigilance and Security System.
- Industry Relevant Curriculum.

Approved by Government of Gujarat under Gujarat Private University Act 2009. Swarnim Startup & Innovation University (SSIU) proffers Innovation, Startup and Entrepreneurship programs through conventional education by imparting technical wisdom.

SSIU is a thriving preeminent university which will work as a hub-and- spoke model where disciplines like Engineering, Architecture, Design, Science, Management, Paramedical and other streams will get its value enhancement through Innovation, startup and entrepreneurship. At SSIU, Entrepreneurship is a value that pulses through the educational, research and Innovation. SSIU is a leading university that maintains a particular commitment to exceptional educational instruction.

SSIU is recognized for its commitment to student excellence, particularly through an emphasis on rigorous learning experiences. These experiences contribute to the university's exceptional retention, graduation and career-placement rates.

SSIU draws you to think intellectually and creatively in preparing your future career. The degree programs are designed according to the modules based on core and elective units. At SSIU teaching takes place both in and outside of lecture room to develop research, professional and academic skills.

We take a practical approach to teaching and learning so that our graduates are ready to make a real impact. Students can access our extensive range of career services to get advice and prepare for the workplace.

Vision

To be globally competent institution imparting education based upon the foundation of innovation and Entrepreneurship

Mission

To create budding Entrepreneurs who can compete globally by grooming their innovative and startup skills

Padma Bhushan Dr. S. B. Mujumdar established Symbiosis in 1971 on the principles of the Vedic thought of "World as One Family." Symbiosis International University was given "Deemed to be University" status by the Ministry of Human Resource Development in 2002. The University was accredited by NAAC with Grade 'A' and CGPA of 3.35 in 2009. Symbiosis International University has a rich heritage of cutting-edge innovation and enterprise, and of quality through pursuit of educational excellence. The University offers a total of 107 programmes at Diploma, Undergraduate, Post-graduate and Doctoral levels under the faculties of Law, Management, Computer Studies, Health and Biomedical Sciences, Media, Communication and Design, Humanities and Social Sciences and Engineering. The University has 28 constituent Institutes distributed in 9 campuses located at Pune, Nasik, Bengaluru and Noida. It catered to 11,122 students in 2012 (6335 undergraduate, 4787 post-graduate), a significant growth from the 1,502 it facilitated in 2002. The University has recently established 4 new schools for Liberal Arts, Photography, Biomedical Sciences and International Studies. Access to several learning resources via the library, availability of housing facilities on several campuses, scholarship programmes to promote academic excellence, a health centre to promote preventive and curative care and events organised by the University Sports Board have facilitated well-rounded development of students. Symbiosis has academic collaborations with reputed foreign universities like Nanyang Technological University in Singapore, University of Houston in USA, Berlin School of Economics and Law in Germany and others. The Symbiosis Centre for International Education (SCIE) promotes internationalisation and invites international students to the University for a Semester Abroad Programme.

The University is actively involved with student and faculty exchange programmes and has also introduced the Scholar-in-Residence Programme. SCIE delivers a 3-week intensive 'Study India' programme for the benefit of international students from over 75 countries that study here. The 'Deemed to be University' status has enabled the University to enter into collaborations with renowned research centres across the nation. In addition to this, the University has recently established the Symbiosis Institute of Research and Innovation (SIRI) with the main objective of promoting high quality research and encouraging the faculty to undertake more research activities.

Symbiosis is an inclusive Institution, staying true to its vision of being the preferred destination for all who aspire to excel.

Symbiosis Skills and Professional University (formerly as Symbiosis Skills and Open University) Pune, Maharashtra, India. Established by the Symbiosis Open Education Society, Symbiosis Skills and Professional University is the first skill-building and development university in the state of Maharashtra. On 3 May 2017, the state passed a legislation bill to enact this university.

Presently, this University offers Diplomas, Degrees and Certificates in various fields such as Automobile, Construction, Mechatronics, Software engineering, Computer science and IT, Beauty and Wellness, Data Science, Retail, Logistics and Ports as well as Architecture. The main objective of this university is to create industry-ready youth, who can work efficiently and effectively in an organization. Furthermore, SSPU has also built strong ties with many leading organizations for joint-curricula development. Some of the famous industry partners of this university are Shopper Stop, Daikin, LSC and Enrich.

Symbiosis Skills and Professional University, [SSPU] Pune Schools: School of Automobile Engineering, School of Construction Engineering and Infrastructure Management, School of Mechatronics Engineering, School of Data Science, School of Architecture, Urban Development and Planning, School of Ports, Terminal Management and Logistics, School of Retail Management, School of Beauty and Wellness, School of Data Science, School of Interdisciplinary Science.

The state-of-the art campus has been constructed on 15 acres of land with specialised laboratories, workshops and center of excellence having specialised skill training equipment and machines. The University will offer Certificates, Diplomas and Degree programs in high growth sectors such as Automobile, Construction, Mechatronics, Architecture, Retail, Ports & Terminal Management, Beauty & Wellness etc. with multi entry exit and credit banking options. The objective of the University is to create 'industry ready' youth who can be gainfully employed upon completion of their courses.

Symbiosis was started in 1971, by visionary educationist Padma Bhushan Dr. Shantaram Balwant Mujumdar mainly as a 'home away from home' for foreign students studying in Pune. Since its inception, Symbiosis has grown into a large education group with schools and colleges spread across 20 campuses. Symbiosis has thousands of students from all across India and 80 countries studying in various on-campus programs.

The Tilka Manjhi Bhagalpur University, also known as Bhagalpur University, is a premier institution for providing higher education in the state of Bihar. The university is situated in Bhagalpur town of Bihar State in India and is named after famous freedom fighter Tilka Manjhi. Established on 12 July 1960, it is a public university sprawled within 264 acres of lush green campus ideal for teaching and learning. The university has 9 Faculties, 36 Teaching Departments, 5 Research Centres and 30 Constituent Colleges, besides affiliated to it 24 Colleges and 15 B.Ed. Colleges. The university harbours a sound academic ambience with its highly qualified and dedicated faculty staff to provide quality teaching and research in various disciplines of humanities, arts, social sciences and modern science. Great scientists of international repute like Prof. K.S. Bilgrami, Prof. J.S Datta Munshi and the famous poet and writer Padma Vibhshan Shri Ramdhari Singh Dinkar have served this university in various capacities. Being a premier institution of higher learning in Bihar, this university has great role to play in transforming Bhagalpur region, Bihar, the neighbouring states and the Indian nation through higher and multidisciplinary education. Education is a dynamic process that changes and grows with time and responds to societal needs. Higher education in the 21st century is emerging as the resource of basic and primary production. It is a key component in the development of human resource which can further lead to social, economic and scientific developments. To meet the knowledge challenges of the 21st century, it is essential to build excellence in higher education. This university aims at providing affordable quality education to youth to develop their scholarly and professional skills, to make them fully competent in their chosen professions. It tends to accomplish status of quality research-intensive university addressing regional and national needs and to have integration with other teaching and research institutions. A change is needed in the mind-set of the teachers, employees and students for promoting better academic ambience with better work culture. The university is committed to inculcate and nurture a culture of performance. Dedicated faculty and staff can shape up the new generation of students. Commitment, dedication, diligence, devotion to duty with deep sense of human values should serve as ethos of the university. The governance structure of the university needs to be more democratic and efficient in functioning. It needs to be managed with a high level of professionalism, competence, transparency and quality assurance. The University intends to achieve excellence in higher education by offering most relevant, up-to-date programme of studies considering the needs of present and future developments and nation building. Course curriculum has to be regularly revised and updated considering local, national and international needs and incorporating latest developments in the area.

TAMIL NADU FISHERIES UNIVERSITY

Website : <http://www.tnfu.org.in>

Tamil Nadu is endowed with a long coast line (1076 kms) and innumerable number of tanks, village ponds and several rivers. All these water resources have been providing much needed fish to people of the state. More than one million fishermen are engaged in catching and supplying much needed fish to the populations. Besides a large number of farmers are engaged in aquaculture which is the major growing sectors of state. The demand for fish has been on the raise but the supply from capture fisheries has been stagnated and efforts have been made to increase the fish production from the current level of 4.47 lakhs tonnes. The Government of Tamil Nadu have recognised the growing importance of fish in diets of people and necessity of improving the livelihoods of large numbers of fishers who are dependent on fishing. In order to accomplish these necessities, the Government under the leadership of Honourable Chief Minister of Tamil Nadu, Selvi. J. Jayalalithaa, have established a separate Fisheries University through Tamil Nadu Fisheries Act No. 21 of 2012. The act provides an opportunity to build the University as a locally relevant institution with a global vision. The University will embark on enhancing the availability of quality human resource at various levels including para professionals to meet the growing demand for trained and skilled human resource. As an immediate step, the Government have provided necessary grants for the establishment of University in Nagapattinam as well two Institutes of Fisheries Technology, one at Ponneri in Thiruvallur District and another at Nagapattinam, Nagapattinam District. The University main offices with the Institute of Fisheries Technology would come up in an area of 90 acres in Nagapattinam. While the Fisheries College and Research Institute in Thoothukudi will continue to focus on human resource at graduate and postgraduate level, new institutes will embark on offering diploma and certificate courses in various disciplines of fisheries. The University will lay major emphasis on research with a view to trigger innovations that can transform the livelihoods of the people and ensure safe and healthy food for the growing population. The University has the motto of igniting innovations at all levels and in all its interventions. The existing fisheries research stations of Tamil Nadu Veterinary and Animal Sciences University (TANUVAS) as well as the Department of Fisheries, Government of Tamil Nadu will be brought under the new university with the view to strengthen the research components. In order to provide quality extension support to farmers, extension component of the university is proposed to be strengthened by following the principle of land grant college principles on which Indian agricultural education have evolved.

TAMIL NADU MUSIC AND FINE ARTS UNIVERSITY

The Hon'ble Chief Minister of Tamil Nadu established an University exclusively for Music and Fine Arts so as to preserve, foster, popularise, promote the traditional system of Indian Music, Performing Arts and Fine Arts practised in Tamil Nadu, viz., The Tamil Nadu Music and Fine Arts University.

This is the unique university which has music, fine arts and sculpture, first of its kind in India.

The Hon'ble Chief Minister is the 1st Chancellor of this University. The Hon'ble Minister for School Education is the Pro – Chancellor.

The University introduces Postgraduate courses in Vocal, Veena, Violin, Mridangam, Thavil, Nadaswaram, Flute, Bharathanatyam and Postgraduate Diploma Course in Digital Photography and Visual Communication from the academic year 2014-2015.

We strive for the development of music and fine arts and for the furtherance of the advancement of learning and prosecution of research, documentation, publishing of audio and video recording, popularizing of all branches of music, fine arts and performing arts in the State of Tamil Nadu.

The Tamil Nadu Music and Fine Arts University is presently located in the campus of the Tamil Nadu Government Music College, Dr.DGS Dinakaran Salai, Chennai-600 028, on the banks of the Adyar River.

The Government of Tamil Nadu has also allotted 12.720 hectares of land at Sozhinganallur, Kanchipuram District, Tamil Nadu, exclusively for this University.

The Tamil Nadu Open University was established by an Act (No.27 of 2002) of the Legislative Assembly of the Government of Tamil Nadu to benefit those who have been deprived of and/or denied the access to higher education especially destitute, physically challenged, working men and women, economically weaker sections of the society, and those who discontinued education for various reasons, etc. In the main, it aims to reach the hitherto unreached.

The University offers many Programmes in various disciplines. Given the geographical extent, population and actual need of Tamil Nadu, the setting up of Tamil Nadu Open University by the Government of Tamil Nadu is the right step. We appreciate the Government of Tamil Nadu for having taken this bold and knowledgeable step.

This step of the Government of Tamil Nadu shall prove a boon for women, physically challenged, rural poor and marginalised sections of the society and we are committed to support it academically as well as financially. In a short period of six months, Tamil Nadu Open University has done a remarkable work.

The University, we understand has initiated steps for recruitment and the announcement of programmes, both of which would not have been possible without considerable ground work and are really commendable. We are sure the action of Government of Tamil Nadu will help us increase enrolments and move towards the targets of 10th Plan."

The Tamil Nadu Open University shall make available innovative, socially relevant educational provisions that are learner centred, seamless and are of high quality by employing appropriate technologies to achieve equity in education, sustainable social transformation and composite national development.

TAMIL NADU TEACHERS EDUCATION UNIVERSITY

Website: <http://www.tnteu.in>

The Government of Tamil Nadu enacted Act No.(33) of 2008 to provide for the establishment and incorporation of Teachers Education University in the State of Tamil Nadu for promoting excellence in teachers education. Further the Act came into effect from 1.7.2008 by a Gazette Notification issued in G.O.M.S.256, Higher Education (K2) Department, dated 25.6.2008. This University is unique in nature relatively to the other Universities since its assignment is to promote Excellence in Teacher Education and produce dynamic and smart teachers for the benefit of the Society and the Nation at large.

Dr. G. Visvanathan, Dean, Faculty of Education, Annamalai University was appointed as the Second Vice-Chancellor of this University. Dr.S.Kalaichelvan, Associate Professor, Namakkal Govt.Arts College was appointed as the Third Registrar of this University. Dr.M.Manivannan, Associate Professor, Tamil Nadu Open University was appointed as the Second Controller of Examinations of this University.

For that the University has established the following six departments and appointed the Professor for the same.

1. The Department of Pedagogical Sciences
2. The Department of Value Education
3. The Department of Educational Psychology
4. The Department of Educational Technology
5. The Department of Curriculum Planning and Evaluation
6. The Department of Educational Planning and Administration

The basic necessity for all the educational institutions in the Country is to have intelligent, dynamic, excellent and brilliant teachers to disseminate the knowledge in the given field. Without this basic product no educational institution can survive and excel in any field of knowledge. It is such a divine task and it is really proud that it has to monitor all the 657 affiliated colleges of Education including Government, Government Aided and Self-Financing Colleges in the whole of the Tamil Nadu State.

The Unique vision of Tamil Nadu Teachers Education University is to promote excellence in Teacher education for the benefit of Students, Society, Nation and Mankind at large.

TAMIL UNIVERSITY

Thanjavur- 613 005, Tamil Nadu

Website : <http://www.tamiluniversity.ac.in>

Tamil University (TU), Thanjavur was established in 1981. This university came into being with tamil university act, passed unanimously by the Tamil Nadu state assembly. Then the Chief Minister of Tamil Nadu Mr. M.G. Ramachandran, is credited for the establishment of the Tamil university at Thanjavur. It was founded for providing higher educational facilities in Tamil language and its allied branches. The aim of the university is to preserve the Tamil language, which is known for its antiquity, richness of vocabulary and great classical literature. The university is housed at Thanjavur, the ancient capital of the Chola Dynasty of india.

The University provides higher education and research facilities for the study of Tamil language and other allied branches by offering courses in diploma, certificate and post graduate courses. It is a unitary type of university that aims to provide higher research in Tamilology and advanced study in several disciplines such as linguistics, translation, lexicography, music, drama and Manuscriptology. The university has recently collaborated with the Kundrakudi Thiruvannamalai Adheenam trust, offering more educational facilities to the students.

The University is situated in a very large of about 800 acres, generously granted by the State government of Tamil Nadu. Huge buildings and blocks meant for the administrative departments are located in the campus.

The administrative block with its imposing structure and a gopuram motif is a sight to see even from the National Highway connecting Thanjavur with Trichinopoly.

The Tamil University, Thanjavur, in Tamil Nadu, India, was established to provide higher research in the Tamil language and advanced study in allied branches such as linguistics, translation, lexicography, music, drama and manuscriptology. M.Phil and Ph.D programmes were introduced in 1992 for disciplines such as Language, Literature, Translation, and Sculpture. The university has six science departments namely Industries and Earth Sciences, Computer Science, Environmental and Herbal Science, Siddha Medicine, Ancient Sciences and Architecture.

The Ocean and Atmospheric Sciences and Technology Cell, an autonomous body supported by the Ministry of Earth Sciences, New Delhi is under the Department of Industries and Earth Sciences.

TAMIL NADU AGRICULTURAL UNIVERSITY

Lawley Road, Coimbatore – 641003, Tamilnadu

Phone : +91-422-6611200,6611307, 422-2431788

Email : info@tnau.ac.in, tpo@tnau.ac.in registrar@tnau.ac.in

Website : <http://www.tnau.ac.in>

The Tamil Nadu Agricultural University (TNAU) had its genesis from establishment of an Agricultural School at Saidapet, Madras, Tamil Nadu, as early as 1868 and it was later relocated at Coimbatore. In 1920 it was affiliated to Madras University. TNAU assumed full responsibilities of Agricultural Education and Research and supported the State Agricultural Department by delivering research products. Till 1946, the Agricultural College and Research Institute, Coimbatore, was the only Institute for Agricultural Education for the whole of South India. In 1958, it was recognized as a Post-graduate Centre leading to Masters and Doctoral degrees. The Agricultural College and Research Institute, Madurai was established in 1965. These two colleges formed the nucleus of the Tamil Nadu Agricultural University while it was established in 1971.

In 1972, separate degree programmes of B.Sc. (Horticulture) and B.E.(Agriculture) were started. In 1979, a separate Faculty of Horticulture was established. In 1980, B.Sc.(Home Science) programme was started at Madurai campus. The third Agricultural College was started at Killikulam in 1984 and the fourth at Kumulur (Trichy) in 1989 and later shifted to Navalur Kuttappattu (Trichy) in 1992 which is named as Anbil Dharmalingam Agricultural College and Research Institute. During 1985, B.Sc.(Forestry) programme was started at Coimbatore. Presently the B.Sc.(Horticulture) degree programme is being offered at Horticultural College and Research Institute, Periyakulam and B.Sc.(Forestry) degree programme at Forest College and Research Institute, Mettupalayam. In line with technological changes the B.E.(Agriculture) hitherto offered is offered as B.Tech.(Agricultural Engineering) from the Academic year 2002-2003 at Agricultural Engineering College and Research Institute, Kumulur, Trichy. B.Sc.(Home Science) degree program is being offered at Home Science College and Research Institute, Agricultural College Campus, Madurai. The Pandit Jawaharlal Nehru College of Agriculture and Research Institute, Karaikal, governed by Government of Pondichery, is an affiliated institute of Tamil Nadu Agricultural University where B.Sc.(Agriculture) course is being offered. Apart from these academic institutes, the University now has research programs at more than 32 stations, spread over in Tamil Nadu with more than 1200 scientists and teaching faculty. The global technological developments have led to introduction of new courses. Introduction of B.Tech.(Food Process Engineering) from the academic year 1998-99, B.Tech.(Agricultural Biotechnology) and B.Tech.(Horticulture) from the academic year 2002-2003 as self supporting program has created avenues for budgetary independence. A new degree program B.Tech.(Energy and Environmental Engineering) was started during 2004 and B.Tech.(Bioinformatics) during 2006. B.Tech. (Agricultural Information Technology) and B.S.(Agribusiness Management) were started in 2007.

THE TAMILNADU Dr. AMBEDKAR LAW UNIVERSITY

The need to have a separate Medical University in Tamilnadu exclusively to deal with medical education and research at Under graduate, Post graduate and Doctoral level was keenly felt for over a period of years and was under consideration of the State Government since 1980. The State Government appointed a High Level Committee consisting of Dr. A. Venugopal, Dr. M. Natarajan and Dr. S. Kameswaran to go into all aspects of establishing a separate Medical University and make suitable recommendations to the State Government. Apart from modern medicine, the Committee was also requested to examine and suggest improvements to be made in other traditional systems of Indian Medicine viz. Siddha, Ayurveda and Unani. The intension was that the Medical University to be established in Tamil Nadu should bring about co-ordination between various educational and training institutions of modern medicine as well as other Indian Systems of Medicine, Dentistry, Nursing, Pharmacy, etc. and promote research. Based on the report of the Committee, the Medical University was established by the Government of Tamil Nadu. The Tamil Nadu Medical University Act, 1987 (Act No.37 of 1987) received the assent of the President of India on 24th September, 1987. By an Act No. 39 of 1991, it was amended that the Act may be called "The Tamil Nadu Dr. M.G.R. Medical University, Chennai, Act, 1987. This affiliating University governed by the said Act started functioning from July 1988. The Students admitted to the various Medical and Paramedical courses after 1.3.1988 come under this Medical University as per Government notification issued in G.O.Ms.No.1628/Health, Indian Medicine and Homeopathy and Family Welfare Department dated 23.08.1988. The Administrative office of the University was initially functioning in a building at Velachery Road, Guindy, Chennai - 600 032 from 12.07.1988. From May 1989 the administrative office of the University was functioning at a seven storeyed building owned by Periyar Trust at 52, E.V.K. Sampath Salai, Vepery, Chennai-600 007. The University has constructed its administrative complex in the land at Nawab Garden, Guindy allotted by the Government of Tamil Nadu as per G.O. Ms. No. 1165, Health and Family Welfare Department dt. 21.10.1992. The University is now functioning in its own building at Nawab Garden, 69, Anna Salai, Guindy, Chennai-600032 with effect from 12.6.1994. This is the only Medical University in Tamil Nadu capable of granting affiliation to new institutions under Government or Self-financing in Medical, Dental, Indian Medicine/Homoeopathy and Allied Health Sciences(Pharmacy, Nursing, Physiotherapy, Occupational therapy etc.) and awarding degrees under a single umbrella to maintain uniform and high standards of education. Until 1988, all degrees of Health Sciences were awarded by the University of Madras. The University has been declared eligible by the UGC u/s 12(B) of the UGC Act 1956 for receiving central assistance. (UGC letter No. F.9-14/2007 [CPP-I] dt 12.3.2008).

The Tamil Nadu National Law School is a University established to provide quality legal education by the Tamil Nadu National Law School Act, 2012. The School is located in a 25 acre campus in the Tiruchirppalli - Dindigul NH 45 and 9.6 k.m from Tiruchirappalli Railway Junction, at Navalurkuttappattu. The Tamil Nadu National Law School is a residential university established with the initial contribution of Rs.100 crores from the Government of Tamilnadu.

The Noble Vision and the brain child of the Hon'ble Chief Minister of Tamil Nadu Dr.Amma is realized with the establishment of the first Tamil Nadu National Law School with International Standard at Srirangam (TK) in Thiruchirappalli District.

The foundation stone was laid by the Hon'ble Chief Minister of Tamil Nadu Dr. J Jayalalithaa on 13 February 2012. The school is the first national level institution in the state of Tamil Nadu to disseminate learning and knowledge of law, legal processes, advocacy and skill in judicial administration keeping pace with the changing global scenario and to meet the challenges brought about by globalization.

The School is declared open for admission in the academic year 2013-2014 by the Hon'ble Chief Minister of Tamil Nadu Dr. J Jayalalithaa at a function held in Srirangam on 3 June 2013. Adequate infra structural facilities like Administrative, Academic, Amenities, Examination and Library Blocs, Halls of residence for boys and girls students, Games and Sports, Wi-Fi Facility, Health Care Centre, Bank, Moot Courts Halls, Mess, Gym, Examination Hall, Auditorium, Faculty and Staff Quarters as well as Guest House have been constructed with international standards. The University Grants Commission has included the Tamil Nadu National Law School in the approved list of Universities.

To begin with the Tamil Nadu National Law School is offering a five year integrated B.A.,LL.B (Hons.) Degree Course with an intake of 100 students. Efforts are being taken to expand the academic programmes and Research in the years to come.

TAMIL NADU PHYSICAL EDUCATION AND SPORTS UNIVERSITY

Melakottaiyur, Chennai – 600 127, Tamilnadu

Phone: +91-44-27402621, 2740 2598 / 2621

E-Mail : tnpesu@rediffmail.com

Website : <http://www.tnpesu.org>

The Tamil Nadu Physical Education and Sports University established by an Act of the Government of Tamil Nadu in 2004, is unique and the first of its kind in India as an affiliatory University, exclusively for Physical Education and Sports.

After obtaining the accent from his Excellency the president of India on 5th August 2005, the said act came into force with effect from 15th September 2005.

It is a rare coincidence that the University has started functioning from December 2005, declared by the United Nations as International year for Sport and Physical Education. At present the University has three Faculties, five Departments and ten affiliated Colleges.

Further the University now offers select Physical Education and Allied Courses, through collaborative programme and Distance Education stream also.

The students have been given with exposure in areas such as Physical Education, Exercise Physiology, Sports Nutrition, Sports Biomechanics, Sports Psychology, Sports Sociology, Yoga, Sports Management, Coaching and Training and Sports Technology.

The scope expands up to entrepreneurial development and one who aspires to undergo a programme in the University does provide an ample scope for employment in different sectors such as Schools, Colleges, Universities, Fitness Centers, Hospitals, Yoga Centers, Industries, Organisations, SAI Centers, Associations, Clubs, Social Organisations, IT Sectors etc.

The research and scientific contribution of the staff of this University continues to enrich the general field in physical education and sports and the specialized areas and enhance the hope of the aspirants to venture in to further research.

The Conferences, Seminars, Workshops and Clinics organized by this university provide an opportunity for professionals to update their knowledge and adopt the same resulting in the talent identification and promotion of efficiency among children.

TAMIL NADU VETERINARY AND ANIMAL SCIENCES UNIVERSITY

Madhavaram Milk Colony
Chennai - 600 051, Tamil Nadu, India
Phone: +91-44-25551586/87, 25554555/56
Fax: +91-44-25551576/85

The seed for the establishment and growth of TANUVAS was sown as early as 1876, when the Madras Veterinary College was started as an Agricultural School in Chennai to offer diploma and certificate course in the field of veterinary and animal sciences. The institute attained the status of a college in the year 1903 (01.10.1903), when it started functioning at Dobbin Hall, Chennai and admitted 20 students for a three-year diploma course called GMVC (Graduate of Madras Veterinary College).

Based on the recommendation of the Royal Commission on Agriculture, the college was upgraded to impart degree in veterinary science. Although the college was the fourth veterinary institution to be started in India, it was first veterinary college in the country to be affiliated to a university, the University of Madras in 1935 and the Bachelor of Veterinary Science (B.V.Sc.) degree course was started in 1936. The University of Madras also recognized the college as a centre for postgraduate education. In 1969, the college was made as the Directorate of Veterinary Education and Research. The college was then academically affiliated to Tamilnadu Agricultural University (TNAU) in 1974 and became a constituent unit of TNAU in 1976. To meet the demand of veterinary education and research, a second veterinary college was started in Namakkal in the year 1985. Realizing the importance of education research in animal and fisheries sciences so as to increase its productivity towards better income generation for the resource poor farmers, the government of Tamilnadu established the first veterinary and animal sciences university in Asia on 20th September 1989 with its head quarters at Chennai with the name Tamilnadu Veterinary and Animal Sciences University (popularly abbreviated as TANUVAS). The Fisheries College and Research Institute, Thoothukkudi was also made as another constituent college of this university. The mandates of the University are to impart education, to ensure advancement of learning and prosecution of research and to undertake extension to rural people in cooperation with the government departments in different branches of veterinary and animal sciences. It needs emphasis that in recognition of the University's credentials, the Indian Council of Agricultural Research has accredited this university for a period of five years from 14.8.2001. Two more veterinary colleges, one at Tirunelveli and another at Orathanadu in Thanjavur District were started in the year 2012 - 13. The Institute of Food and Dairy Technology, Koduvalli, Chennai which was established in the year 1993 was upgraded as College of Food and Dairy Technology (CFDT) on 10.04.2012.

THE SANSKRIT COLLEGE AND UNIVERSITY

1, Bankim Chatterjee Street,
Kolkata- 700 073
Phone: 2241- 3611/ 2241- 1906
Email : helpline@sanskritcollege.co.in

The foundation of Sanskrit College was laid during the British regime based on a recommendation by HT James Prinsep and Thomas Babington Macaulay. It was under the auspices of Rt. Honorable William Pitt Amherst that John Paskal Larkins Esquire, a scholar of oracular knowledge laid the first foundation stone of the college in 1824. H.H. Wilson, the Secretary to the then British Govt., took a major role in establishing this college to impart knowledge of ancient literature, philosophy, Hindu Law, grammar, Indian Culture and to promote the learning of Sanskrit among British officials as well as the Indians. The college has continued to spread the light of knowledge since its inception and survives as a heritage institute and a premier educational organization of the country at present. Pandit Ishwar Chandra Vidyasagar, E.B. Cowell, Pt. Haraprasad Shastri, S. N. Dasgupta, Pt. Joyagopal Tarkalankar, M.M Pt. Mahesh Chandra Nyayaratna, Pt. Satish Chandra Vidyabhushan, Pt. Taranath Vacaspati, Pt. Prem Chandra Tarka Bagish, Pt. Kalipada Tarkacharya, Dr. Kalidas Bhattacharyya, MM Pt. Chinnaswamy Sashtri, H. H. Wilson, Prof. Durgamohan Bhattacharya, Gourinath Sastri are some eminent stalwarts who have enriched and enhanced the College over the years. The college continues to stand tall even after 188 years and specializes in the scholarship of Indian Tradition, Oriental Philosophy and Religion with undergraduate programmes in Sanskrit, (both formal and TOL system) Pali, Linguistics, Ancient Indian and World History, Bengali and English at present. Sanskrit is also taught at the post graduate level. The college has a library of distinction and scholarship comprising of more than 2 lakhs books and more than 20000 manuscripts including some rare ones. Noted for its immense historical importance the library is frequently visited by several scholars and academicians across the world for research purposes.

The institution rose into prominence and glory during the Principal ship of Ishwar Chandra Vidyasagar. It was in 1851 that the college first opened its doors for the students belonging to the non-Brahmin community as well. Pandit Mahesh Chandra Nayaratna Bhattacharya C.I.E, played a vital role in reviving the “Tol” system in Sanskrit Education and introduced the tradition of titles or “Upadhis”. The College has been one of the finest seats of academic excellence in matters pertaining Eastern philosophy, ancient Indian history and ancient Indian languages like Pali and Prakrit. It had played a major role in the social, cultural and religious transformation of thought during nineteenth century and was one of the pioneering institutions to steer in what came to be popularly regarded as the Bengal Renaissance in history. In terms of scholarship and intellectual output, Sanskrit College has contributed immensely to the enrichment of knowledge, growth, learning and development of ancient Indian society and interpretation of the ancient Indian texts.

TANTIA UNIVERSITY

The Tantia University, Sri Ganganagar was established vide Act No 32, 2013 of the Rajasthan

The objective of the University is to provide Quality Higher Education to the youth, especially from rural background areas, particularly the Western border part of the Country.

The number of Higher Educational Institutions, including Private Universities have recently increased but mostly are situated in Major Cities and do not cater to the rural youth hitherto denied access to technical, vocational education and Research at par with National and International standards.

The J.R. Tantia Charitable Trust, Sri Ganganagar has sponsored this University with this objective in view. It aims to provide career counseling and placement support to the aspiring youth from surrounding areas.

The existing 13 Colleges of the Trust, now form part of Tantia University. They are equipped with excellent faculty. Here students are taught to think logically, judge critically and communicate clearly. Through different specialized courses, of Undergraduate and Postgraduate level, we are preparing our youth for better career opportunities and entrepreneurship.

The following technical and professional courses are being taught in existing constituent Colleges :- B.Tech., M.Tech., MBA, Polytechnic Diploma, B.V.Sc & A.H., AHDP for LSA, BAMS, DANCT, BHMS, BPT, B.Pharmacy, M.Sc. (Nursing), B.Sc. (Nursing), GNM, DMLT (Lab Tech), DMRT(Radio Tech), B.Ed. M.Ed & B.S.T.C. etc.

The Tata Institute of Fundamental Research is a National Centre of the Government of India, under the umbrella of the Department of Atomic Energy, as well as a deemed University awarding degrees for master's and doctoral programs.

At TIFR, we carry out basic research in physics, chemistry, biology, mathematics, computer science and science education. Our main campus is located in Mumbai, but we have additional campuses in Pune, Bangalore and Hyderabad.

"It is the duty of people like us to stay in our own country and build up outstanding schools of research such as some other countries are fortunate to possess." This was the vision that guided the Tata Institute of Fundamental Research which Homi Bhabha founded.

The Institute was founded on 1st June 1945 with support from the Sir Dorabji Tata Trust. The Institute first began functioning within the Cosmic Ray Research Unit on the campus of the Indian Institute of Science, Bangalore and moved to Bombay in October that year.

The Tata Institute of Social Sciences (TISS) was established in 1936 as the Sir Dorabji Tata Graduate School of Social Work. In 1944, it was renamed as the Tata Institute of Social Sciences.

The year 1964 was an important landmark in the history of the Institute, when it was declared Deemed to be a University under Section 3 of the University Grants Commission Act (UGC), 1956.

Since its inception, the Vision of the TISS has been to be an institution of excellence in higher education that continually responds to changing social realities through the development and application of knowledge, towards creating a people-centred, ecologically sustainable and just society that promotes and protects dignity, equality, social justice and human rights for all. The TISS works towards its vision through:

- Creation and provision of socially relevant and high quality professional education in a wide range of inter-disciplinary areas of Social Sciences, to a larger number of students, from all sections of society in the country.
- Facilitation of autonomous research and dissemination of knowledge.
- Support knowledge creation through strong M.Phil. and Ph.D. programmes and Post-Doctoral scholars.
- Strategic extension, field action and advocacy through training and capacity building of State and non-State institutions and personnel.
- Initiate field action and advocacy to demonstrate and facilitate creation of policies and programmes.
- Professional response to natural and human-made disasters, through participation in relief and rehabilitation activities.

Over the years, the Institute has made consistent contributions to civil society and the development sector through its education, research, field action and extension. Today, the TISS has earned recognition as an institution of repute from different Ministries of the Government of India; various State Governments; international agencies such as the United Nations; and the non-government sector, both national and international.

A high degree of freedom and autonomy shape the positive work ethos and creativity in the Institute facilitating strong linkages between education, research, field action and dissemination.

TEAM LEASE SKILLS UNIVERSITY

TLSU Campus: Tarsali - Vadadala Road, Tarsali Bypass

Tarsali, Vadodara - 390 009, Gujarat.

Email: info@teamleaseuniversity.org registrar@teamleaseuniversity.org

Website : <http://www.teamleaseuniversity.org>

TeamLease Skills University (TLSU) envisions striving towards workforce productivity, socioeconomic development and social harmony through educational, training and research programs. While formulating its operational model, TLSU has contemplated on the socioeconomic context of Gujarat, the exigencies of the globalized competition and suitability of tertiary education varieties. TLSU seeks to address the gaps in Indian higher education system in relation to curricular irrelevance, graduate unemployability, low esteem for skill based programs and apathy to the informal workforce. Respecting the spirit of national documents in the higher education area, TLSU holds its educational purpose of facilitating skill inculcation and community enrichment through traditional and non-traditional programs focusing on basic, vocational, professional, technical and life skill domains. Apart from catering to the educational needs of 18-23 year olds drawn from the academic streams of secondary education system, efforts will be taken for opening higher education/training avenues for the pass-outs/teachers of Industrial Training Institutes (ITIs), Vocational Higher Secondary Schools (VHSSs) and Polytechnics that could underpin the respective streams. The formal and informal sectors of the employed category will be provided skill upgrade options through credential based educational programs and non-credit oriented training programs. Non-formal pedagogy will be deployed for community enrichment programs.

TLSU will endeavor to fulfill the objects enshrined in Gujarat Private Universities Act, 2009 and focus on the following aspects:

- To contribute to workforce productivity, socioeconomic development and social harmony through academic, research, training and extension programs;
- To offer basic, vocational, technical and professional programs with employers at the heart of curricular processes and technology at the heart of operations;
- To incorporate flexible approach and enhanced access through modular curriculum, blended delivery mode, adaptive instructional timing and extended entry level criteria;
- To support job placement and promote career progression;
- To facilitate enhanced wage employment for the informal sector;
- To deliver life skills programs for community enrichment;
- To fortify the educational systems in ITIs, VHSSs and Polytechnics;
- To foster two-way relationship with the employer groups;
- To collaborate with Governments of Gujarat and India, industry, and academic institutions in India and abroad for ensuring relevance and quality in educational and life-enrichment programs

Website : www.tmu.ac.in

Teerthanker Mahaveer University is a Jain Minority State Private University established by Act No. 30 of 2008 of the Government of Uttar Pradesh and has been approved by University Grants Commission (UGC) under Section 2(f) of UGC Act, 1956. The university is located on National Highway-24 and is barely 144 Kms from National Capital, New Delhi. The University stand committed to the ideals of Lord Mahaveer i.e. Right Philosophy, Right Knowledge, and Right Conduct in all its operations and aspires to be recognized as an ultimate destination for world-class education.

The university owes its origin to Teerthanker Mahaveer Institute of Management and Technology (TMIMT), which forayed into professional education in the year 2001 by offering courses such as BBA, BCA, MCA, MBA, B. Ed, M. Ed and B. Sc. (Home Science). After the university came in to existence in 2008, these programs are being run under the TMIMT and Department of Home Science. Subsequently colleges/departments like: Dental, Medical, Engineering, Pharmacy, Nursing, Para-medical Sciences, Physiotherapy, Architecture, Law, Journalism, Physical Education, Polytechnic, Agriculture, Directorate of Distance Education, Social Work, Hospital Administration, Fine Arts, Language Studies, Jain Studies, Women Studies and Disability Studies have been created to meet the rising aspirations of the youth. Currently the university offers wide range of programs having high employability potential through its 17 on campus colleges and 6 independent teaching departments. The university has made extensive collaborative arrangements with leading national and international institutions to ensure quality.

The programs are designed and reviewed in consultation with professional organizations and industry experts in order to provide a strong academic vigour and industrial perspective and are delivered by excellent faculty, who are known for their dedication to teaching and research, and close ties with the national and international academic and business community.

The programs are conducted in highly conducive learning environment which seeks to develop the power for critical thinking and analysis. We understand that students and professionals with communication and language skills are better able to explore ideas, gain critical and analytical skills and develop an understanding of what it is like to work in a global environment; hence we apply modern teaching practices placing strong emphasis on oral and written skills.

TELANGANA UNIVERSITY

Dichpally, Nizamabad-503322, Telangana, Andhra Pradesh

Tel : +91-8461-222220

Email : vc@telanganauniversity.ac.in,

registrar@telanganauniversity.ac.in

Website :<http://www.telanganauniversity.ac.in>

Telangana University is established through Act Number 28 of 2006, Government of Andhra Pradesh to cater to the academic pursuits of backward and rural student community belongs to Nizamabad and Adilabad Districts. Due to the inadequacy of facilities for Higher Education in these two Districts and inability of the existing Universities to cater to needs of Post Graduate and Research Programmes in remote and inaccessible backward and tribal areas and with a view to remove the regional imbalances of Higher Education in the state this Telangana University is established at Dichpally of Nizamabad District.

The Government of Andhra Pradesh handed over around 577 acres of land in Suddapally and Nadipally villages of Dichpally Mandal to the University.

The University introduced six Post Graduate courses in the month of September, 2006, Seven Courses were added during 2007-2008 and Five more courses were included during the academic year 2008-2009 raising the total number of courses to eighteen. Till 2008 University functioned at Girraj Govt. College, Nizamabad. In the month of January, 2009, the University was shifted to its own campus at Dichpally.

The University became the member of Association of Indian Universities. Telangana University has taken over the affiliation status from Osmania University and telangana University to recognize various Degree, PG, B.Ed and other colleges of Nizamabad & Adilabad Districts respectively. Now, the jurisdiction of the University is extended to Nizamabad & Adilabad Districts, covering 149 Degree, PG, B.Ed and other colleges from the academic year, 2011-2012. The University planning to introduce Credit Base Choice System (CBCS) gradually to assess the academic performance of the students.

The University, at present is offering eighteen (18) courses where 1250 students are pursuing their studies in various courses at University Main Campus and the South-Campus of Bhiknoor. The class rooms are spacious, laboratories are well equipped and accommodation is provided separately for Girls and Boys with furnished hostels and play grounds within. The campus is very beautiful and picture square. Plantation of avenue trees and greenery of the campus is well maintained by NSS volunteers that keeps oneself healthy and active.

TERI SCHOOL OF ADVANCED STUDIES

Plot No. 10 Institutional Area

Vasant Kunj, New Delhi - 110 070, India

Tel. +91 11-71800222 (25 lines), Fax +91 11 26122874

E-mail : registrar@terisas.ac.in

Website : <http://www.teriuniversity.ac.in>

The TERI School of Advanced Studies was established as a Trust in 1998 with the purpose of providing academic learning programmes. With TERI as its sponsoring society, TERI SAS focused its attention on developing a set of learning programmes that were both in support of, and were supported by, the research on issues of energy, environment and sustainability being undertaken by TERI. It was envisioned that the academic rigour brought by faculty members would enhance the quality of TERI's application focused research, whereas the state-of-art research of TERI would constantly freshen up the curriculum of TERI SAS's programmes and increase its societal relevance. This synergistic relationship would therefore further strengthen both the Institutes and increase their contribution to India and the world. This relationship is enshrined in a memorandum of understanding between TERI SAS and TERI, wherein the two have agreed to share research infrastructure and undertake collaborative research programmes, joint studies and provide mutual support for seminars, symposia and conferences. The purpose and vision for the University was further strengthened in 1999, when the University was granted "Deemed to be University" status by the University Grants Commission and notified vide the Ministry of Human Resources Development, Department of Education, Government of India, notification no. F.9-19/95-U-3 dated 5 October 1999.

Since its inception, the Deemed University offers not just world-class education, but also an environment that enables its students to develop fresh perspectives on their subjects of study. This includes regular interactions with researchers, scientists and academicians. The Deemed University's first convocation was held on 16 October 2006, where 8 doctoral and 36 master's degrees were awarded. Mr Nandan Nilekani, CEO and MD, Infosys Technologies, delivered the convocation address, stressing on sustainable development and incorporation of related concepts in higher education. Before moving into the Vasant Kunj campus, the Deemed University was housed in TERI at the Darbari Seth Block of India Habitat Centre from 1998 to 2008. In 2008, the TERI School of Advanced Studies started functioning from its new 'green campus', located in Vasant Kunj- a prestigious institutional area in New Delhi. The new campus has been planned to provide a setting that enhances learning, while simultaneously showcasing the concept of modern green buildings. Recognising the importance of providing international perspectives in its programmes, TERI SAS entered into memorandums of understanding with several international universities aimed at facilitating mutually beneficial exchange of students, faculty, knowledge, resources and ideas.

In 2007, the Deemed University launched an academic exchange programme with Yale University (School of Forestry and Environmental Studies) with support from the V K Rasmussen Foundation. Subsequently, in 2008, the University launched another academic exchange programme with Freie University of Berlin, Germany, with support from DAAD (the German Academic Exchange Service). In 2009, four scholarship programmes were set up for students in various programmes at the TERI SAS, funded by Sindicatum Climate Change Foundation, HSBC, Deutsche Bank and IOC (Indian Oil Corporation Ltd.). In 2013, The Coca Cola Department of Regional Water Studies was set up with generous support from The Coca Cola Foundation.

Website :<http://www.tezu.ernet.in>

Tezpur University is an Indian Central University located in Tezpur in the North Eastern state of Assam, India by an act in Parliament of India in 1994.

The Governor of Assam, Janaki Ballabh Patnaik is the chancellor of Tezpur University, Mihir Kanti Chaudhuri is the vice-chancellor and Amarjyoti Choudhury is the pro vice-chancellor.

The establishment of Tezpur University is considered to be one of the outcomes of the Assam Accord, along with the establishment of Assam University and Indian Institute of Technology Guwahati.

Tezpur University was established, by an Act of Parliament, in 1994. The then prime minister of India, P. V. Narasimha Rao, chaired the opening of the university.

Initially, the university operated from the premises of the Darrang College, in Tezpur. Land was acquired at Napaam, a suburb of Tezpur, about 15 kilometers east, of 242 acres (0.98 square kilometers), and the premises shifted.

Kalaguru Bishnuprasad Rava (Rabha) donated an ancestral estate of 2500 bigha land received from the British government in favour of the peasants. The present-day Tezpur University stands on the land donated by him. Recently the university acquired an additional plot of land.

Tezpur University shines in all areas of academic excellence. Administrative efficiency is another very important goal. It is vital that we get our priorities right in order to make Tezpur University one of the best in the Northeast region, and eventually, in the entire country.

Thapar University, (formerly Thapar Institute of Engineering and Technology) is located in sprawling green campus comprising of more than 250 acres Thapar Technology Campus (TTC) in the historic city of Patiala.

Thapar University was established in 1956 through an imaginative and innovative collaboration between the then State of PEPSU (Patiala and East Punjab States Union), the Central Government and the Patiala Technical Education Trust (PTET) founded by one of the great captains of Indian Industry, the late Lala Karam Chand Thapar. The mission of the University as embodied in the Trust Deed Dated April 9, 1956, are truly remarkable for their scope and vision. They provide for undergraduate and post graduate education in engineering & technology, a close interaction with industry, and a strong emphasis on basic and applied research.

Thapar University (TU) is today recognized among the premier Deemed Universities imparting technical education of the country and the best of its kind in the north-western region of India. It is an example of pioneering experiment of joint venture between public and private sector in Higher Technical Education. TU is a unique campus with extraordinary potential for development of indigenous technology and its transfer to engineering industries.

Thapar University strives to maintain an environment that encourages scholarly inquiry and research, a spirit of creative independence and a deep commitment to academic excellence. Its students as unique individuals with different interests and aspirations.

The diverse programs and activities aimed at developing quality of mind, ethical standard, social awareness and global perspectives, let the students shape their own TU experience and grow.

The Alums of Thapar University are well placed for their quality and performance across the globe which is reflected in their excellent contribution to society in varied fields such as business and industry, administrative and regulatory services, research and education and social and human rights organizations.

THE ASSAM KAZIRANGA UNIVERSITY

A.T. Road, Near Bhogdoi Bridge

Jorhat - 785001, Assam

Email: debasish@kazirangauniversity.in, vcoffice@kazirangauniversity.in

Website : <http://www.kazirangauniversity.in>

The roots of intellectual, cultural and spiritual development of this region go back centuries from the time of Mahapurusha Srimanta Sankardeva (1449 – 1568) who, as the revered father of the Assamese culture, laid the foundation of the first of the 65 satras (neo- Vaishnavite monasteries) at Majuli – the largest riverine island in Asia, adjacent to Jorhat. These satras evolved into 'Centres of Excellence' in pursuit of scholarly, artistic and theological brilliance. They propagated a remarkably enlightened and inclusive view of life, rejecting the entrenched, discriminatory Varna system. This gradually shaped the cultural landscape of the whole of Assam.

The relocation of the Ahom kingdom under King Swargadeu Gaurinath to Jorhat in 1794 marked a turning point in the literary and cultural history of the city. In less than a century after this, the British set up tea gardens in the area and made Jorhat the nerve centre of their business, which led to technological and commercial development of the region. In 1928, the town was technologically advanced enough to provide the first air strip in the North-east; thereby, catalysing the development of a knowledge-based culture in and around Jorhat.

The tradition of applied knowledge continues with secure, old roots and new forms, evolving to the needs of our time. The town has as many as eleven research Institutes including the world's oldest and largest, Tocklai Tea Research Centre, The Rainforest Research Institute and Regional Sericulture Research Centre.

In this prevailing environment where quest for knowledge and exploration of the frontiers of technology are historically embedded since decades, Kaziranga University, the first such modern University in this region, is committed to carry forward the torch of applied knowledge and imagination that has illuminated the lives of aspiring men and women over many centuries in this 'Knowledge City of Assam'.

THE ASSAM ROYAL GLOBAL UNIVERSITY

Betkuchi Opp. Tirupati Balaji Temple NH 37

Guwahati 781035

Phone: 0361-2270100/0361-2270300, Mobile: 9707683013

Located against the picturesque backdrop of Tirupati Balaji Temple on National Highway 37, Royal Global University stands high with its virtues of excellence and a humble contribution to the society at large. The Campus is more than 27 acres of land and about 12 lakh square feet built up centrally air-conditioned area available for running various courses of Royal Global University (RGU).

With experienced faculty and world class infrastructure & facilities, Royal Global University is one of the finest Universities of the country. RGU offers a unique educational experience that prepares the next generation of global citizens to lead and make a difference in the world. With its talented and motivated student-body and accomplished faculty, RGU is a leading educational hub in the North Eastern region that maintains a particular commitment to exceptional undergraduate and postgraduate instructions. Undergraduates, Graduates and post graduates will have variety of options available to them. The faculty members work closely with students to solve major scientific, technological and societal challenges.

RGU ensures that its students are transformed into well-rounded, industry-ready individuals, who are equipped to take on leadership responsibilities. RGU stands to be recognized for its world-class infrastructure, cultural events, campus recruitment programmes and activities, expert students, and updated facilities.

Vision

To offer nationally and internationally integrated opportunities to create global citizens.

Mission

To achieve academic excellence through innovatively designed, research intensive, industry-oriented education;

To incorporate community service to install ethical conduct and compassion amongst stake holders;

To give back responsible leaders to society who are capable of enriching the future by bringing positive transformation in the world.

THE GANDHIGRAM RURAL INSTITUTE

Gandhigram PO, Dindigul District 624 302, Tamil Nadu

Tel : 0451-2452371-2452375 (EPABX)

Grams: GRAMVARSITY'

Fax : 0451-2454466/2453071

Email : grucc@ruraluniv.ac.in

Website : <http://www.ruraluniv.ac.in>

Gandhigram was born in 1947. A team of dedicated disciples and contemporaries of Gandhiji, Dr.T.S.Soundaram and Dr.G.Ramachandran, developed Gandhigram, the home of many rural development programmes. The Gandhigram Rural Institute (GRI) was founded in 1956. With undying faith and deep devotion to Mahatma Gandhi's revolutionary concept of 'Nai Talim' system of education, Gandhigram Rural Institute has developed academic programmes in Rural Development, Rural Economics and Extension Education, Rural Oriented Sciences, Cooperation, Development Administration, Rural Sociology, English and Communicative Studies, and, Tamil and Indian Languages. Students who emerge from its portals tend to meet the personnel needs for rural development under various governmental and non-governmental schemes. To teaching was added, the dimensions of research and extension in course of time. This three-dimensional approach became a pioneering model which earned appreciation from all over the country. The work of the Institute invited national attention and the Government of India (Ministry of Education), on the recommendation of the University Grants Commission, conferred the status of a Deemed University on the Institute under Section (3) of the UGC Act of 1956, on 3rd August, 1976. Today, it has become a nationally and internationally recognised Institute for its contribution to rural education, so much so that the New Education Policy of the Nation reflects the principles evolved here in developing the rural university concept. Started in a small way, the Institute has developed into a big educational complex, comprising seven different faculties, offering in all about fifty different programmes. It awards Doctoral, Master's and Bachelor's Degrees, Diplomas and Certificates through its seven academic faculties: Rural Development, Rural Social Sciences, Rural Oriented Sciences, English and Foreign Languages, Tamil, Indian Languages & Rural Arts, Rural Health & Sanitation, and, Agriculture & Animal Husbandry. It has, at present, about 2300 students and 125 teaching and 250 non-teaching staff. The programmes offered here have attracted students from abroad every year. The Gandhigram Rural Institute is recredited with A Grade by NAAC.

The Gandhigram Rural Institute has a campus of nearly 200 acres in a rural setting, nestling in one of the enclaves of the beautiful Sirumalai range. To its West are chains of mountains including the beautiful Kodaikanal Hill Station. Lying North of Madurai, Gandhigram is easily accessible by rail and road. The climate of the place is pleasant all through the year and the panorama of nature surrounding Gandhigram is pleasing to the eye and inspiring to the soul. The nearest railway station is Ambathurai, the nearest railway junction is Dindigul accessible by both broad gauge and meter gauge, and, the nearest major town is Dindigul. The nearest airport is Madurai.

THE GLOBAL OPEN UNIVERSITY NAGALAND

Sodzulhou Village, P.O. - ARTC, NH-39

Dimapur - 797115, Nagaland

Tel : +91-8731887593, Fax : 03862-231959

Email : univ@nagaland.net.in

Website : <http://nagaland.net.in> / <http://tgounagaland.com>

The Global Open University, Nagaland, legislated by the Government of Nagaland under The Global Open University Act 2006 (Act 3 of 2006) received the assent of the Governor of Nagaland on 30th August 2006 and was notified vide Notification number Law/Act-10/2006 on 18th September 2006. The provisions of The Global Open University Act 2006 were published in the Nagaland Official Gazette on 18 September 2006 for general information.

The Distance Education Council, New Delhi recognised The Global Open University Nagaland vide letter DEC/GOU/NGL/Recog/2008/8685 dated 2nd June 2008 issued by the Director, DEC. The Global Open University, Nagaland has established three campuses (at Dimapur, Wokha and Kohima) with Interim Headquarters at Dimapur.

DIMAPUR CAMPUS : The Hon'ble Chief Minister of Nagaland Mr. Neiphiu Rio inaugurated the Interim Headquarters of the University at Dimapur on the occasion of World Environment Day, 5th June 2007 and allotted the Youth Hostel Complex of the Government of Nagaland for running job oriented and vocational courses at Bachelor's, Master's and Doctoral levels.

WOKHA CAMPUS : The Hon'ble Minister for Higher Education, Government of Nagaland, Dr. Shurhozelie Liezietsu inaugurated Wokha Campus of the University on 29th May 2007. The University is situated at Orchid Hills, Wokha with a view to catering to the growing needs for conducting distance education programmes for young boys and girls besides government employees, teachers and educators.

KOHIMA CAMPUS : The Global Open University, Nagaland is conducting different programmes from its Kohima Campus situated on the High School Road at Pezielietsie. The meeting of the Governing Council, the Executive Council and other Bodies of The Global Open University are also held periodically in this campus for designing a masterplan paradigm for strengthening the cause of distance and virtual education in India in general and Nagaland in particular.

The Global Open University, Nagaland has envisaged an action plan for improving the quality of education in India as it has been felt that quality is the single most important issues in education, business sand government today. As many students leave or graduate from the school and college unprepared to meet the demands of the society, this problem has a ripple effect throughout the society. Students who are not prepared to become responsible and productive citizens become a burden to the society.

Website : <http://www.msubaroda.ac.in>

The Maharaja Sayajirao University of Baroda, originally founded in 1881 as the “Baroda College”, is a premier unitary residential University, established on 30th April, 1949. It is the state University with English as its medium of instruction, having 13 Faculties, 3 Constituent Colleges, 2 Institutions and 8 Centers of Specialized Studies, wherein more than 37,295 students pursue higher studies, under the care and supervision of 1112 teaching (662 Permanent) and 1190 permanent supporting staff members. It houses 89 departments spread over 6 campuses (2 rural and 4 urban) covering 275 acres of land including a built up area of 418500 sq. mt. There are 16 hostels (12 Boys & 4 Girls) which accommodates about 4103 students. There are 475 residential quarters too for teaching and non-teaching staff. The University offers a wide range of courses, giving opportunity for education from early childhood to Ph.D. The pre-nursery school ‘Chetan Balwadi’ is a part of the Faculty of Family and Community Sciences and the Experimental School, imparting education from Std. I to XII, is monitored by the Faculty of Education & Psychology. Applied Science subjects, like Applied Mathematics, Applied Chemistry and Applied Physics are separate departments under the Faculty of Technology & Engineering, having interactive progressive collaborations with the Faculty of Science. It is one of the few Universities in the country offering research opportunities in the Ancient Indian Traditions of India at the Baroda Sanskrit Mahavidyalaya and Indian Classical Vocal and Instrumental Music, Bharatnatyam and Kathak Dances at the Faculty of Performing Arts; Painting, Sculpture and Art History in the Faculty of Fine Arts. Preservation of Ancient India Literature and Vedic Traditions at the Oriental Institute, and an extraordinary collection of excavations, including relics of Lord Buddha at Department of Archaeology and rare collections like Dinosaurs egg, rock, etc. are some of the salient features. The University also offers courses in emerging areas, like Nanotechnology, Petroleum Geology, Medical Biotechnology, Bio Informatics, Disaster Management, Embedded Systems, Packaging Engineering Welding Technology has expertise in the latest technological innovations such as Centre for Biotechnology, Genome Research Centre, Bio-informatics network, Centre for Microbial Genomics and the latest, the Centre for Molecular Genetics. The University offers 98 PG courses, 66 Ph.D programmes, 39 PG Diploma courses and 88 UG courses with an option from 347 programmes in 92 subjects. It also offers 11 certificate programmes and 3 post diploma certificate programme. As many as 205 students are currently enrolled in Ph.D. programme, out of which 33% of the students are from outside Gujarat State.

THE NATIONAL UNIVERSITY OF ADVANCED LEGAL STUDIES

NUALS Campus, H.M.T. Colony P.O.
Kalamassery, Ernakulam - 683 503
Telephone :0484-2555990, 0484-2555991
Fax No: 0484 – 2555992
Email: registrar@nuals.ac.in
Website : <http://www.nuals.ac.in>

The National University of Advanced Legal Studies (NUALS) was established by Act 27 of 2005 of the Kerala State Legislature. By the same Act, the National Institute for Advanced Legal Studies (NIALS) established by the Bar Council of Kerala Trust in 2002 merged with the NUALS. In 2008, an amendment streamlined the powers and functions of the authorities of the University and ensured the active involvement of the Government of Kerala. The University is recognized by the University Grants Commission under section 2(f) of the UGC Act. It is also a member of the Association of Indian Universities (AIU).

The main objects of the University are: (a) to advance and disseminate learning and knowledge of law and legal and judicial processes, professional legal education and their role in national development; (b) to develop in the student and research scholar a sense of responsibility to serve the society by developing skills with regard to advocacy, legal services, legislation, law reforms etc., and (c) to promote legal and judicial reforms needed to strengthen the administration of justice in India.

The Chief Justice of India is the Visitor and the Chief Justice of Kerala, the Chancellor of NUALS. The NUALS Campus is situated in Kochi - the industrial capital of Kerala and the seat of the Kerala high court - in a 10 acre plot in the Kinfra Hi-Tech Park at Kalamassery. At present the Academic Block, Hostels for Boys and Girls, Amenities Centre and Faculty Apartments are operational. The construction of the Administrative Block and library Block, with assistance from the UGC and State Government, is in progress. The NUALS campus provides adequate academic infrastructure - dedicated internet access, Wi-Fi Connectivity, on-line legal resources including Hein online, Westlaw India and Manupatra, a computer lab, besides a good collection of standard books and reports, both foreign and Indian.

To make the study of law relevant to social needs and encourage focused research, the University has established the following centres of study and research:

Centre for Law and Agriculture
Centre for Law and Development
Centre for Parliamentary Studies and Law Reforms
Inter-disciplinary Centre for Police Studies
Centre for Continuing Legal Education and Extension
Centre for Consumer Protection Law and Policy

THE INDIRA GANDHI NATIONAL TRIBAL UNIVERSITY

Mekal Sadan, Amarkantak - 484 886

Madhya Pradesh

Contact No. : 07629-269710, 269544, 269640

Fax No. : 076269-269432, 269712

E-Mail : tvkattimani@gmail.com, vcigntu@gmail.com

The Indira Gandhi National Tribal University, Amarkantak has been established by an Act of the Parliament of India. It came into existence by the Indira Gandhi National Tribal University Act, 2007 and came into action on July 2008. The jurisdiction of the University extends to the whole country and it is fully funded by the Central Government through the University Grant Commission. The university caters to the tribals' long cherished dream of higher education. The tribal people are rich in cultural heritage and skill of art and craft but they are still marginalized in respect to higher education as well as in other walks of life. Now in the present age of globalization the world has shrunk into a village as the society has advanced in technology. But the tribes, who are the custodians of Indian culture in real sense, are far behind in this race of advancement. In order to rescue them from the present plight, the university has put before itself the following aims and objectives-

To provide avenues of education, especially higher education and research facilities primarily for the tribal population of India.

To disseminate and advance knowledge by providing instructional and research facilities in tribal art, tradition, culture, language, medicinal systems, customs, forest based economic activities, flora, fauna and advancement in technologies relating to the natural resources of the tribal areas.

To collaborate with national and international universities and organizations, especially for undertaking cultural studies and research on tribal communities.

To formulate tribal centric development models, publish reports and monographs and to organize conferences and seminars on issues relating to tribes and to provide inputs to policy matters in different spheres.

To take appropriate measures for promoting the members of tribal communities capable of managing, administering and looking after their own needs by access to higher education through a university of their own.

To disseminate and advance knowledge by providing instructional and research facilities in such other branches of learning as it may deem fit.

To take appropriate measures for promoting innovations in teaching learning process in inter-disciplinary studies and researches and to pay special attention to the improvement of social, educational and economic conditions and welfare of the scheduled tribes within the Union of India.

THE NEOTIA UNIVERSITY

Sarisa, D.H. Road, 24 Parganas (South)
West Bengal - 743 368.
Phone Number: 1800 419 0909
Email: contact@tnu.in

The Neotia University (TNU) was established in February 2015 vide the West Bengal State Government Act XXIII of 2014. Though TNU is relatively new in its present configuration, it has its antecedents in a 13 year old institution – Institute of Technology and Marine Engineering (ITME), a college established in 2002 and affiliated to the then West Bengal University of Technology, which is now known as Maulana Abul Kalam Azad University of Technology (MAKAUT). Educational Development Trust of the Ambuja Neotia Group acquired ITME in the year 2008 and changed its name to Neotia Institute of Technology, Management and Science (NITMAS) in the year 2012.

Ambuja Neotia Group is known for its excellence in all its numerous business ventures in the fields of construction, hospitality, and healthcare. The group is also known for its sense of corporate social responsibility. The chairman of the group, Mr. Harshavardhan Neotia was awarded Padmashri title for his contribution to social housing. It is his vision to provide affordable and holistic education that was behind the acquisition of ITME. However, it is difficult to realize this objective through an institution that has to operate within the constraints of affiliation to a state university. Thus was born TNU as a self financed university.

TNU is growing under the guidance of the luminaries on its governing board, deep interest and involvement of the Founder and Chancellor, Padmashri Harshavardhan Neotia, and the academic and administrative excellence of its Vice Chancellor, Prof. A.S Kolaskar, a well-known scientist and highly experienced educationist. He has earlier served as the Vice Chancellor of University of Pune, Vice Chancellor of KIIT, Bhubaneswar, Advisor of National Knowledge Commission, New Delhi and faculty Member of Indian and US Universities.

TNU is committed to providing education that promotes the multifaceted growth of students. Some of the steps taken in this direction include:

- Choice based credit system with provision to allow the students develop both left and right hemisphere of the brain which is essential for professional excellence and personal satisfaction.
- Degree Programs in cutting edge areas such as Robot Manufacturing, Automotive Manufacturing, Marine Engineering, Nautical Sciences, Cyber Security and Data Analytics, Animation, Video-Game Designing, Applied Psychology, Applied Economics, and many more.
- Active industry involvement to provide experiential learning
- Emphasis on physical fitness, ethics and values.

THE NORTHCAP UNIVERSITY

HUDA Sector 23-A, Gurgaon - 122017

Tel : + 91 124 2365811 to 13

Fax : + 91 124 2367488

Email : daulet@ncuindia.edu

The NorthCap University was founded in 1996, to promote excellence in Technical and Management education by Educate India Society, registered under the Registration of Societies Act of 1860. The University was conceived as Institute of Technology and Management in response to the acute deficiency of centres of higher learning in the country as also, the need to develop relevant human capital to meet the technology and management challenges of the 21st century. The founders had a clear and well defined mission - to build an unaided, self - financed University committed to delivering education of internationally recognized standards, a University that would go on to serve as an intellectual resource base in India and the sub-continent.

"Our aim from the beginning has been to make this University the most eminent in the country, in order to draw to it the youth of every State"

The Institute gained the status of private university in the Academic Year 2009-10, and was renamed ITM University under section 2(f) of the UGC Act 1956 and PRIVATE UNIVERSITIES ACT NO 25 OF 2009, Government of Haryana. Subsequently the University has been rebranded as The NorthCap University in August 2015. Committed to making a profound and lasting contribution to society, NCU recognises its exalted role of creating 'Educated Citizens' - citizens with a powerful sense of fairness, a profound belief in democratic ideals and a willingness to celebrate talent of many kinds. For the founders, this goal is rich with meaning. The NorthCap University stands faithful to the vision of its founders - it seeks students and faculty who take seriously their commitment to their community and their world, who are aware, active and involved. Students who graduate from NCU are expected to understand the technological, environmental and ethical challenges they will face in a world of accelerating change. Recognizing that those challenges will transcend the traditional boundaries between disciplines and nations, NCU encourages education that is distinctively interdisciplinary and international.

"Yatha Drishti, Thatha Srishti As the Vision, so the World "

Continuous efforts are made to realise this goal by providing a unique learning environment in which, the faculty and the students, share the responsibility for learning. The University's commitment to totally merit based decisions in every aspect of its operations constitutes an integral part of this learning environment; from selection of faculty and staff, to admission and evaluation of students. All programs of the University adhere to this core philosophy.

THE UNIVERSITY OF TRANS-DISCIPLINARY HEALTH SCIENCES AND TECHNOLOGY

74/2, Jarakabande Kaval, Post Attur via Yelahanka
Bengaluru – 560064, Karnataka India

Fax : +91 80-28567926

TDU was established as an innovation centered University focused on designing and delivering research, outreach and education focused on social transformation aligned to emerging and futuristic needs. A first of its kind in India, TDU's uniqueness stems from the fact that while the University itself has core strength in Ayurveda-Biology, Clinical medicine, Medicinal plants systematics, Plant Genomics, Data Sciences, Local Health Traditions, Theoretical Foundations of Ayurveda, Traditional Knowledge informatics and Manuscriptology, it has institutional academic relationships with outstanding knowledge partners in fields like Design (Srishti), Ecology and Environment (ATREE), Bioinformatics (IBAB), Conservation of Coastal, Marine and Mountain Ecosystems (Dakshin Foundation), Biological Sciences (NCBS-TIFR), Stem Cell Biology (InStem), Inter-disciplinary Studies (NIAS), Cinema (Suchitra), Public health (IPH), Education and Pedagogy (Poorna), Medical Research (SJRI), and Policy Studies (Takshashila). Thus, the TDU ecosystem has the capacity to offer programmes that combine subjects related to natural and social sciences, design, cinema, education, health sciences, conservation and fine arts.

Mission

Inspire minds to design and execute socially impactful research, education and outreach programs in Integrative Health Sciences and other fields of knowledge.

Research at TDU

TDU provides uncommon opportunity to students and researchers to learn and undertake research in areas that correspond to its core strengths and that of its knowledge partners in fields such as conservation, life sciences, integrative health sciences, policy, education, bioinformatics, cinema, public health, ethno-veterinary science, information technology, art and design.

One of the unique features of research at TDU is that all of its focus is on combining improving knowledge and practice that is socially relevant and that provides the basis for national and international policy-making.

The University aims to capitalize its unique methodology of co-constructing and co-creating new knowledge, and contribute to the education of a new generation of researchers and change agents in their own communities and on the world stage, through a focused and a large Ph.D. program.

THE WEST BENGAL NATIONAL UNIVERSITY OF JURIDICAL SCIENCES

University Help-Line Nos. 033- 24866042, 033- 24866044

The West Bengal University of Teachers' Training, Education Planning and Administration is an umbrella university for all the institutions of West Bengal imparting education and research in teachers' training, education planning and administration. The university is investing dedicated effort for being responsive to Global changes and Indian heritage and for emerging as one of the pathfinders in the field of Teacher Education. The West Bengal University of Teachers' Training, Education Planning and Administration has come into existence by virtue of the Act of the West Bengal Legislature, having been assented by the Governor. The Act has been known as the West Bengal Act XXI of 2014; The West Bengal University of Teachers' Training, Education Planning and Administration Act, 2014 (published in the Kolkata Gazette, Extraordinary, January 16, 2015). The university started its venture with Professor Dr. Mita Banerjee as the first Vice Chancellor who joined the University on the 26th March 2015. The world has now become a global village .Every human being on earth is influenced directly or indirectly by the global changes. Thus, the teachers are also expected to offer the leadership to younger generation to make them aware about the global phenomena and making them able for building their own nations with the help of local and global knowledge base without hampering local and global peace and harmony. This is possible with the help of strong characters and familiarity with the latest information. This requires a focused effort. This university likes to dedicate itself in this direction. It proposes to contribute to the society through a centralized pursuit and practice of Education, Scholarship, Research and Exchange Programmes at the highest level of excellence and strive to create a vibrant community of thinking individuals who stand out as valued members of the society and also to fulfil the requirement of True Teachers in our humanity. The university hopes to achieve this goal by presenting itself as an umbrella institute for all the training colleges and centres of study, organizing research and exchange of ideas in Teachers' Training, Education Planning and Administration in West Bengal. It also aspires to be responsive to global changes and Indian heritage in all these directions and to be one of the pathfinders in the field of Teacher Education in the Indian scenario. The Mission of the University is to monitor Teacher Education at all levels and allied Planning and Administration in the State in compliance with the directions from all the regulatory bodies with special reference to The National Council for Teacher Education; to find out ways and means to identify and monitor the implementation of innovative courses in Teacher Education at Undergraduate and Post Graduate level ; to initiate and materialise quality research in Teacher Education at International standard; to offer degrees and other academic distinction ; to confer honorary degrees in Teacher Education in the prescribed manner and under conditions prescribed; to conduct and organize seminars, workshops ,symposia and exchange programmes for promoting Teacher Education; to develop extension activities and out-reach programmes; to act, in general, as a clearing house for ideas and information for research, training, planning and administration of Education.

THIRUVALLUVAR UNIVERSITY

Serkkadu, Vellore - 632 115, Tamil Nadu

Phone :: (0416) 2274755, 2274756, 2274747

Fax : (0416) 2274748

Website : <http://thiruvalluvaruniversity.ac.in>

The Thiruvalluvar University was established at Vellore by Government of Tamilnadu in October 2002 under the Thiruvalluvar University Act, 2002 (Government of Tamilnadu Act 32 / 2002). The Post Graduate Extension Centre of the University of Madras, which was functioning in Vellore before 2002 formed the core of Thiruvalluvar University. The University was inaugurated on 16.10.2002 as a State University by our Honorable Chief Minister SELVI DR. J. JAYALALITHAA.

The University is located in a Sprawling Campus of about 112.68 acres at the Serkkadu near Vallimalai about sixteen km away from the Vellore City on the Ranipet-Chittoor Trunk Road. The University named after the great Tamil Saint "Thiruvalluvar" is enshrined with the motto "கண்ணுடைய ரென்பவர் கற்றோர்".

In the University, every effort is harnessed to make Educational Institution as temple of learning. The aim of this University is to provide facilities for advancement in Research and dissemination of Knowledge with focus on the Economic and Social upliftment of the society.

The Thiruvalluvar University has been seven departments, Tamil, English, Economics, Zoology, Chemistry, Mathematics and Bio-Technology. 98 arts and Science college are affiliated to this university, of which 10 are government Arts and science colleges, 9 are aided Arts and science colleges, 3 are oriental title colleges, 72 are self financing Arts and Science Colleges and the remaining 4 are University Constituent colleges. A Post Graduation Extension Centre of this /university is functioning at Villupuram.

The Thiruvalluvar Institution of Distance Education (TIDE) of Thiruvalluvar University has come into existence from the academic year 2011-12.

THUNCHATH EZHUTHACHAN MALAYALAM UNIVERSITY

Vakkad, Tirur
Malappuram - 676 502, Kerala
Phone : 0494-2361230.
Email : malayalasarvakalasala@gmail.com
Website : <http://malayalamuniversity.edu.in>

Thunchath Ezhuthachan Malayalam University was established in 2012. The initial Ordinance of 2012 was replaced in April 2013 by the Thunchath Ezhuthachan Malayalam University Act 2013.

The University came into being on 1st November 2012. The primary objective of the University is the promotion of study and research of Malayalam language, literature and Kerala culture. The territorial limits of the University extend to the whole of India. Malayalam University envisages only postgraduate level of education in various fields like Malayalam language, literature, media, humanities and the social sciences through the medium of Malayalam. The cultural and intellectual heritage of Kerala is a major area identified for postgraduate and specialized study.

The University is mandated to take up advance research projects as well as action research to study, document and preserve various cultural expressions and manifestations. Besides, the University will also take up research work to make Malayalam resilient to the possibilities of IT.

Objectives

- make the study of Malayalam language, literature and culture more relevant,
- offer postgraduate courses with high academic quality,
- offer job-oriented diploma courses,
- take up culturally and academically relevant projects,
- initiate research in critical areas,
- undertake publication of books and journals,
- pursue activities aimed at enriching Malayalam language to the needs of the day,
- encourage translation of Malayalam works into other Indian and foreign languages,
- and take up such studies, activities and projects that would make Malayalam capable of handling any area of knowledge at all levels.

TILAK MAHARASHTRA VIDYAPEETH

Vidyapeeth Bhavan, Gultekadi

Pune 411 037, Maharashtra

Phone: 020-24403000, 24261856, 24264699, 24267888

Fax: 91-020-24403100, 24266068, 24271695

Email: registrar@tmv.edu.in kulguru@tmv.edu.in

Website: www.tmv.edu.in

The origin of the Vidyapeeth dates back to pre-independence period – 1921 when immediately after the demise of Lokmanya Bal Gangadhar Tilak, his follower Mahatma Gandhi mooted the idea of establishing a university in his memory. As we all are aware one of the postulates of the four fold formula conceived by Lokmanya Tilak was National Education and the other three being Swaraj, Swadeshi and Boycott. The delegates of the first Maharashtra Provincial Conference on 6th May 1921 under the presidentship of Shrimat Shankaracharya of Karveer Peeth decided to have National University in Maharashtra and thus the present day Tilak Maharashtra Vidyapeeth (TMV) was established. Since inception, TMV the public funded university had world renowned scholar Shri Shankaracharya Vidyashankar Bharati alias Dr. Kurtakoti as its first Chancellor. This post has been held by other eminent personalities of great intellect and recognition at the national level such as the great Sanskrit Scholar Bharatacharya Shri. C. V. Vaidya, the first premier of Bombay Presidency Shri. B. G. Kher, Dr. M. S. alias Lokanayak Bapusaheb Aney, a great Sanskrit scholar and a historian Maha Mahopadhyay Datto Vaman Potdar, and Honorable Shri. Y. B. Chavan, Shri. S. B. Chavan, Shri. Shivraj Patil, Shri. Sushilkumar Shinde – all Union Home Ministers. During the pre-independence period, degrees awarded in the faculties of Arts, Management, Commerce and Engineering as well as the research works in Sanskrit and Ayurveda were world acclaimed and recognized. Similarly, in the post-independence period, the degrees of Tilak Maharashtra Vidyapeeth were equivalent to the degrees of other statutory universities. Though late, it was only in the year 1987 that the University Grants Commission took cognizance of significant work of TMV in the fields of Sanskrit, Ayurveda, Social Sciences and Distance Education and thereby on its recommendations, the Government of India conferred the “Deemed to be University” status upon Tilak Maharashtra Vidyapeeth. With this conferrment of “Deemed to be University” status, the Vidyapeeth gained recognition at national level.

The concept of Non-formal Education was first discussed at national level only in the year 1985 and thereby the TMV contributed to this national vision by launching distance education course (B.A.). TMV takes pride in the fact that distance education programme was launched prior to the establishment of IGNOU at national level and YCMOU at state level. Since establishment, TMV had very rich human resources, however, being a public funded university, Vidyapeeth could not make any significant progress owing to financial constraints. It is true that on one hand the Vidyapeeth had limited resources and on the other hand less support was rendered by Central/State Government.

TRANSSTADIA UNIVERSITY

Gate No 7, The EKA Arena, Parsi Agiyari Road,
Kankaria, Maninagar, Ahmedabad – 380022, Gujarat
Email : admissions@transstadia.com
Website : <https://transstadiainstitute.in>

A knowledge initiative of the TransStadia Group, was established with the objective to empower India's large talent pool through education focused on skilling and upskilling. At TransStadia Institute, we aim to assess and counsel youth from various backgrounds and train them for lucrative and sustainable careers. Students at TransStadia Institute will have access to various academic opportunities, expert faculty mentorship, knowledge resources, hands-on industry experience and much more. We offer a 360-degree educational experience that enables our students to successfully achieve their growth and career milestones.

Students at TransStadia Institute will have access to various academic opportunities, expert faculty mentorship, knowledge resources, hands-on industry experience and much more. Our collaborations with established and reputed Indian and international educational institutes, renowned for their areas of expertise and contribution to quality education, enables us to offer a wide array of programs across diverse fields. Experience rewarding and valuable education at a one-of-its-kind vibrant campus, right in the heart of Ahmedabad city. It is a campus with an extraordinary infrastructure that offers an immersive experience to students with its various facilities and multi-purpose spaces.

Academic Excellence

The TransStadia Institute campus, housed in a city known for its pioneering academic excellence, offers an apt launch pad to students to experience holistic education and development. The opulent multi-purpose facility infrastructure of TransStadia Institute is an engaging and interactive campus that enables students to Live, Learn, Laugh, and Lead. The legacy of TransStadia Institute bridges the gap between education and industry, offering holistic support to students by educating, on-field training, placement within the industry and taking one step further with promoting and upgrading. This is exceptional support that is exclusive to TransStadia Institute. The strong industry network of TransStadia Institute enables us to offer students financial assistance and opportunities. We believe in nurturing talent and making our education accessible to all by extending our support and assistance to those in need.

Holistic & Nurturing Environment

We have garnered a robust community of knowledge leaders, intellectuals, innovators and academicians, who coach the students to successfully lead in their chosen professions and meaningfully contribute towards global issues. The teaching and training curriculum at TransStadia Institute is oriented towards nurturing and skilling the students to tackle and resolve real-life issues and offering education that would lead to Excellence, Economics, Employment & Entrepreneurship. We firmly intend to adopt our ideology of 'Do what we teach' & 'Teach what we do' – an experiential approach that emphasises project-based learning devised to enhance knowledge and skills they require to excel in their chosen careers.

TRIPURA UNIVERSITY

Suryamaninagar, Agartala - 799 022, Tripura

Phone: +91 381 237 4801/4803

Fax: +91 381 237 4802

E-mail: registrar@tripurauniv.in, tuoffice@tripurauniv.in

Website : <http://www.tripurauniv.in>

Higher education in Tripura had a late start. Maharaja Bir Bikram (MBB) College, the first degree college in the State, started functioning under the University of Calcutta only in 1947. Not that there was no attempt in the past in Princely Tripura to establish any higher educational institution. As early as 1901, Radhakishore Manikya made an attempt to establish a degree college in the-then tiny capital town Agartala; but as the proposal did not fulfill the necessary requirements, it did not get approval from the Calcutta University. In 1937, Bir Bikramkishore Manikya, the last Maharaja of Tripura, had planned for establishing a college again at Agartala and an area of 254 acres of land, consisting of undulated tilla land having interposed lakes almost all around, in the eastern part of Agartala, was earmarked for that under the “Vidyapattan Scheme”. A committee under the name “Vidyapattan Governing Committee” consisting of 10 members with the Minister as its President was appointed by the Maharaja to carry out the scheme of higher education and a sum of Rs. 50,000 was placed at its disposal at the first instance. On 7 May, 1937, Maharaja Bir Bikram laid the foundation-stone of the college under the scheme. But with the outbreak of the Second World War (1939-45), the work of construction had to be abandoned. The vulnerability of Tripura became apparent after the fall of Burma to the Japanese in 1942. The ground floor of the unfinished College building was converted into an Army Hospital for British Army moving to and from Burma. When the Second World War was over, the construction work could not be started immediately due to certain difficulties and on 17 May, 1947, Maharaja Bir Bikram breathed his last and Tripura became restive for various reasons. As a result, the entire scheme of “Vidyapattan” could not be implemented into reality in time. The MBB College (popularly known as the “Dream College”), affiliated to the Calcutta University, was once the only college in the State. As time progressed, to meet the growing demands of a large number of students – who after the partition of the country had migrated to Tripura from the erstwhile East Pakistan (now Bangladesh)—some other colleges came into being at private initiatives, e.g. Ramkrishna Mahavidyalaya at Kailasahar in 1950; Belonia College at Belonia in 1964; Ramthakur College at Agartala in 1967 – and all were affiliated to the Calcutta University. That showed the urge of the people for higher education because, compared to the national average, along with the growth of population in the state, the literacy rate of Tripura was also higher since independence despite economic backwardness of the common people. As the students and people of the state were pressing hard for quite sometime since the seventies of the last century to uplift the existing three private degree Colleges of state into government colleges; in 1982 the three private degree colleges of Tripura were taken over by the state government, in spite of its limited means. Thus all the degree colleges in Tripura became ultimately government colleges at that time.

TUMKUR UNIVERSITY

Vishwavidyanilaya Karyalaya
B.H Road, Tumkur 572103, Karnataka
Phone: 0816-2254546, 2254546, 2255596, 2255596

Website: www.tumkuruniversity.ac.in

The newly established Tumkur University is marching towards the spread of higher education, with its vision “Sevastu Me Jnanavijnanadhara”. The University blossomed in the era of globalization in which the economies of the world are being transformed from their original closed self sustaining structure to the globalized context, where they can expose themselves to the competitive world. This transition forced the arena of knowledge emphasizing itself to more of its application than of accumulation of facts. Tumkur University in order to cope with the present global environment, is attempting to the integrated and interdisciplinary approaches in the dissemination of knowledge with the aim of achieving overall human personality development.

Tumkur is a historical centre possessing the rich cultural heritage which had valiant historical events of different kingdoms and humane social setup of incomparable stature with many reigns and regions. In globalized environment the newly established Tumkur University has paved the way for realizing the vision at the international arena to the human welfare.

It was started during the year 2004 as a separate entity to cater the needs of thousands of young aspirants of higher education in the area. The University is having its administrative head quarters at Vishwavidyanilaya Karyalaya, University Science College Campus, BH Road, Tumkur 572103. At present the offices of the Vice-Chancellor, the Registrar, the Registrar (Evaluation), the Finance Officer and other staff housed in it.

Vision:

“TO CREATE A GENERATION OF HUMAN RESOURCES TO SUCCESSFULLY MEET THE GLOBAL CHALLENGES”

Mission:

- To transform guiding vision into action plan through a band of community of teachers who are professionally competent and conscientiously upright.
- To promote high quality of research for sustainable development of a society.
- To bridge the gap between academic knowledge and professional skill.
- To create adequate academic and physical infrastructure for high level performance.
- To promote and develop outreach and extension activities for disadvantaged groups of society.
- To introduce reformatory and innovative measures for balanced development.
- To build institutional networking for knowledge sharing.

Established under Gujarat Private University (Amendment) Act No. 25 - 2011 Government of Gujarat and approved under section 22 of UGC Act 1956. Twenty first century and globalization has created the need for evolution of newer centers of learning and higher education in the country. The establishment of Uka Tarsadia University in 2011 by the Bardoli Pradesh Kelavani Mandal with the help of generous donation from B U Patel, USA is an effort towards meeting the growing demand for quality education. The University offers admissions in a comprehensive array of academic programs across the disciplines of Management, Computer Science, Engineering and Technology, Bio Technology, Micro Biology, Science, Pharmacy, Commerce, Nursing, Physiotherapy, Physical Education and others that lead students to self-enrichment and productive careers in their respective professions, government, business and industry. Located in the Southern region of the state of Gujarat in India, the university provides educational opportunities to over 5000 students. More than 300 faculty members of the university represent an eclectic mix of professional and academic, national and international experiences.

Bardoli Pradesh Kelavani Mandal (BPKM) is a Public Trust established in 1960 to cater to the educational needs of the tribal belt of South Gujarat region. In the beginning, it started graduate and postgraduate programs in Arts, Commerce, Science and Pharmacy. The year 1999 saw a major paradigm shift with the birth of Maliba Campus, Gopal Vidyanagar. It was nothing short of a miracle. The campus had little except a humble wish to contribute to Bardoli that seemed to lack almost everything in terms of professional education. Many years have gone by since that humble beginning. These years have witnessed miraculous growth in the number of courses offered to the students at the campus. In this sort span, Pharmacy College, Business Administration College, Computer Science and Information Technology College, Institute of Biotechnology, Nursing College, Sports College and Engineering and Technology College were established at the campus. A gigantic leap was taken by the trust in the year 2008, when it envisioned Maliba Campus to become a full-fledged University - 'Uka Tarsadia University'. The dream was realized on 28th March 2011 when the Government of Gujarat passed the Act in legislature and recognized Uka Tarsadia University.

Maliba Campus takes pride not so much in its huge edifices or its capacious campus, but in its spirit to serve humanity. BPKM always ensures that anyone who steps in this campus experience our compassion for humanity, love for truth, and feeling of respect for each member of the organization.

It was Her Excellency Maharani Kempa Nanjammanni Vani Vilasa Sannidhi the Regent of Mysore in 1899 who donated 30 acres of land for Experimental Agricultural Station at Hebbal and appointed Dr Lehmann, German Scientist to initiate research on soil crop response with Laboratory in the Directorate of Agriculture. Later in 1906, Dr Leslie Coleman, Canadian Entomologist and Mycologist who succeeded Dr. Lehmann and served with missionary zeal for 25 years. This Experimental Station was allotted 202 acres with 30 acres of wetland, receiving rainfall of 808 mm later. In 1913, Sir M Vishveshwaraiah, the then Diwan of Mysore (1912-1919) played the key role in establishing the Mysore Agriculture residential School at Hebbal in 1913 and appointed Dr Leslie Coleman, the first Director of Agriculture, Mysore to head this School to offer Licentiate in Agriculture for 15 students annually. In 1946: Mr MA Srinivasan, Minister of Agriculture, took initiative to establish Agriculture College, Hebbal, for offering four year professional degree program in Agriculture affiliated to the University of Mysore. In 1956, Sri Kengal Hanumanthaiah, the Chief Minister, decided to construct a new building for Agriculture College, and laid the Foundation Stone on 25/Jan/1956. In 1961, GOI constituted Agricultural University Committee headed by Dr Ralph Cummings of Rockefeller Foundation. The Committee visited Hebbal Bangalore in June 1961 and submitted a favorable report for formation of Agricultural University at Hebbal. In 1963, Government of Mysore headed by Sri S Nijalingappa, CM, in April decided to establish UAS along the lines of Land Grant College system of USA and passed the University of Agricultural Sciences Bill (Act No. 22) which received assent of the President of India on 25th May 1963 to become the Law. The CM granted 1300 acres to Gandhi Krishi Vigjana Kendra Campus. In 1964, Government appointed Dr KC Naik, MSc, Ph.D (Bristol) working with USAID as the first Vice Chancellor on 12th June 1964. The UAS was inaugurated by Dr Zakir Hussain, the Vice President of India on the 21st Aug 1964 in the august presence of Mr Chester Bowles, the then US Ambassador to India and Sri S Nijalingappa, the then CM. In 1969: Smt Indira Gandhi, the then Prime Minister, inaugurated GKVK campus on 12th July. In 1958, Veterinary College, Hebbal was established. On October 1, 1965, the Colleges of Agriculture at Hebbal, and Dharwad, Veterinary College at Hebbal, 35 research stations located all over Karnataka and 45 ICAR schemes which were with the State Department of Agriculture, Horticulture, Animal Husbandry and Fisheries were transferred to the newly established University of Agricultural Sciences, Bangalore. Later, Marine Product Processing Training Centre (MPPTC) at Mangalore and the Krishi Vignana Kendra, Hanumanamatti, Dharwad District were transferred to the University. The University established Fisheries College at Mangalore in 1969 to offer Bachelor of Fisheries Science training and the Agricultural Engineering Institute at Raichur to offer three year diploma in Agricultural Engineering.

The University of Agricultural Sciences, Dharwad was established on October 1, 1986. The University has 5 Colleges, 30 Research Stations, 6 Extension Education Units, 5 Krishi Vigyan Kendras and ATIC.

The University has its jurisdiction over 7 Districts namely Bagalkot, Belgaum, Bijapur, Dharwad, Gadag, Haveri, and Uttar Kannada in northern Karnataka. Greater diversity exists in soil types, climate, topography cropping and farming situations. The jurisdiction includes dry-farming to heavy rainfall and irrigated area. Important crops of the region include sorghum, cotton, rice, pulses, chilli, sugarcane, groundnut, sunflower, wheat, safflower etc. The region is also known for many horticultural crops.

Considerable progress has been registered in the field of education, research and extension from this University.

Graduates from this university are appointed as agriculture scientists, agriculture officers in state and central governments, banks and other financial institutions such as insurance companies. With the setting up of commodity exchanges in India, degree holders in agriculture are in greater demand.

The Authorities of the University may make regulations consistent with this Act and the Statutes for,-

- Laying down the procedure for their meetings and the number of members required to form the quorum;
- Providing for matters which by this Act or the Statutes are to be regulated by Regulations;
- Providing for any other matters solely concerning the authority and not provided for by this Act and Statutes;
- The regulations made by any authority of the University shall be subject to such direction as the Board may from time to time give in this behalf.
- The Academic Council may, subject to the provisions of this Act and the Statutes, make regulations providing for course of studies, system of examination, academic calendar, award of degrees and diplomas of the University and other matters related to Director of Education.

Allahabad University has always occupied an esteemed place among the universities of India for over a century now. Established on 23rd September 1887, it is the fourth oldest university of India after Calcutta, Bombay and Madras University. The credit for conceiving a large Central College at Allahabad, eventually to develop into a University, is due to Sir William Muir, then Lt. Governor of United Provinces. As a result of his initiative the foundation stone of the Muir Central College (named after him) was laid on Dec. 9 1873 by His Excellency Lord Northbrook. Sir William Muir said on that occasion: "The establishment of a central college at Allahabad has been my earnest desire ever since I assumed my present office. Shortly after coming here I found that a strong wish prevailed among the chief people of the place for a better means of education at Allahabad; and being myself deeply impressed with the same conviction, I took occasion at the first Darbar which I held here to urge upon those present the necessity of showing that they were sincere and in earnest, by contributing to the work. The appeal was widely and liberally met, a considerable sum was subscribed and address was presented to me in 1869, praying for the establishment of the college here." On September 23, 1887 Act XVIII was passed which established the Allahabad University. Like the Universities of Calcutta, Bombay and Madras, the Allahabad University also started as a degree conferring institution. Its first entrance examination was held in March 1889. In 1904 the Indian Universities Act was passed which limited the territorial jurisdiction of Allahabad University to the United Provinces of Agra and Awadh, the Central Provinces including Berar, Ajmer, Mewar and most of the states of Rajputana and Central Indian Agencies. Between 1887 and 1927 at least thirty-eight different institutions and colleges of this area were affiliated to Allahabad University. With the promulgation of the Allahabad University Act in 1921, the Muir Central College lost its independent existence. Between 1922-27 the University had its internal and external wings which were subsequently separated from the University to give the latter a purely unitary, and residential character. In fact the Allahabad University was started with a preliminary loan of Rs. 5240/- from the government to meet its expenses.

The loans were repaid in two years. Henceforth, its main source of its income was from the examination fees and sale of Prospectus & Calendar. Being an examining body it met its incidental expenses easily.

UNIVERSITY OF BURDWAN

Rajbati, Bardhaman - 713 104

West Bengal

Phone : +091-342-2634975 (30 lines)

Fax : +091-342-2530452

Website : <http://www.buruniv.ac.in>

Burdwan is an anglicised version of the Sanskrit *Vardhamana* and the corresponding *Bardhaman* in Bengali. The origin of this name dates back to sixth century BC and is ascribed to the twenty-fourth Jain Tirthankar, or *Vardhamanswami*, who spent some time in *Astikagrama*, according to the the Jain *Kalpasutra*. This place has been renamed as *Vardhamana* in his honour. A second view holds the literal meaning of the name, a prosperous and growing centre, to argue that this place represented a frontier colony of the progress of *aryanisation* through the upper Ganga valley. However, the Aryans failed to proceed further east. So, the name was retained. Archeological evidences suggest that this region, forming a major part of *Radh Bengal*, could be traced even back to 4000-2000 BC. Burdwan is a place of mixed culture. The deuls (temples of *rekha* type) found here are quite reminiscent of Buddhist architecture. The various mosques and tombs remind us of Muslim culture. The old temples bear signs of Hinduism, mostly belonging to the *Sakta* and *Vaishnava* community. The famous *Sufi* Pir Baharam's tomb is here. The controversy on *Kankaleswari* Kali of whether it originally belonged to the *Jains* or *Tantriks* indicates again the town's multifaceted heritage. Indeed, Burdwan had witnessed, experienced and withstood quite a few historical thunderstorms in the past, mainly due to the Mughal, Pathan and Maratha intruders. The town of Bardhaman was visited at one time or another by many a notable of the Delhi Empire from Raja Todarmal to Daud Karnani, from Sher Afgan and Kutub-ud-din to Ajimuswan or the rebel Sheh Jahan. The celebrated tombs of Sher Afgan and Kutub-ud-din lying side by side in this township relate to a classic love-story of *Mihr-ul-Nissa* and *Jehangir* that made Sher Afgan, the first husband of the great lady, a dead third person. The lady, who once lived here, later ruled India as *Jehangir's* wife for quite sometime, but with a new name *Noor Jahan* (Light of the World) commensurate with her beauty and culture. Burdwan's present panoramic view and modernisation owe mainly to the Raj family. The Burdwan Raj started with Sangam Rai, a Khattri Kapur of Kotti in Lahore, who established the Burdwan House. The year 1657 recorded this Raj first. Among the descendents, Mahtab Chand Bahadur and later Bijoy Chand Mahtab struggled their best to make this region culturally, economically and ecologically healthier. *Sadhaka Kamalakanta* as composer of devotional songs and *Kashiram Das* as a poet and translator of the great *Mahabharata* were possibly the best products of such an endeavour. The society at large also continued to gain the fruits. We find, among others, the great rebellious poet *Kazi Nazrul Islam* and Kala-azar-famed *U. N. Brahmachari* as the relatively recent illustrious sons of this soil. The town became an important center of North-Indian classical music as well.

UNIVERSITY OF CALCUTTA

The Court of Directors of the East India Company sent a despatch in July, 1854 to the Governor-General of India in Council, suggesting the establishment of the Universities of Calcutta, Madras and Bombay. In pursuance of that despatch, the University of Calcutta was founded on JANUARY 24, 1857.

The University adopted in the first instance, the pattern of the University of London and gradually introduced modifications in its constitution Calcutta University Act.

The University of Calcutta was established by an Act of the Legislative Council (Act No II of 1857) of the then British India. A supplementary Act empowering the University to confer some additional degrees was passed in 1860. Another Act was passed in 1884 by which the University was authorised to confer honorary Degree of Law.

The University Act of 1904 empowered the University to make necessary arrangements for the instruction of students, and though most of the teaching continued to be imparted in the affiliated colleges, teaching in some of the higher branches began to be organised under the University management.

The Calcutta University Act, 1951, which came into operation from March, 1954 brought about important changes in the constitution and character of the University. The Act provided for Postgraduate teaching in some of the affiliated colleges along with the University Colleges.

The Calcutta University Act, 1966 was passed with a view to providing for the reorganisation of the University that came into force on September 18, 1968. The University is now being governed by the Calcutta University Act, 1979 as amended up to 31 May, 2006.

The Act provided for the reconstitution of the University to enable it to function more efficiently in the fields of teaching, training and research in various branches of learning and courses of study and extending higher education to meet the growing needs of the society and to make the constitution of various authorities and bodies of the University more democratic.

UNIVERSITY OF CALICUT

Malappuram (District) - 673 635

Calicut University PO, Kerala

Phone : 0494 – 2407227, 2400809, 2400816

The University of Calicut is the largest University in Kerala. Established in the year 1968, it is the second university to be set up in Kerala. The University aims to nurture excellence in education and research in its catchment areas of Northern Kerala, historically consigned to the periphery of Kerala's academic map.

The University lays its emphasis on fostering quality human resource and promoting productive research that benefit both local communities and wider humanity.

The University was created through a Government plan bifurcating Kerala University. As per the plan, the four post-graduate departments of the University of Kerala operating in Calicut were annexed to the new University along with fifty four constituent colleges spread across seven northern Districts. With '*Nirmaya Karmana Sree*' as its motto, the University has been able to surmount all challenges and emerge as the largest residential cum affiliating University in Kerala. With 30 post graduate departments and 373 affiliated colleges it has become a beacon of hope and enlightenment for hundreds of thousands of young men and women in North Kerala.

The University campus, located at Tenhipalam, 24 km south of Calicut is the main hub of academic activities. Situated here besides the 28 postgraduate teaching and research departments are: the Vice-Chancellor's Office, the Administration Block, Pareeksha Bhavan, School of Distance Education, Academic Staff College, Educational and Multimedia Research Centre, Computer Centre, and the University Library.

The departments on the campus include Arabic, Botany, Biotechnology, Centre for Women Studies, Chemistry, Commerce & Management Studies, Computer Science, Education, English, Hindi, History, West Asian Studies, Mass Communication & Journalism, Life Science, Library and Information Science, Life Long Learning & Extension, Malayalam and Kerala Studies, Mathematics, Nano Science & Technology, Philosophy, Physics, Physical Education, Psychology, Russian & Centre for Comparative Literature, Sanskrit, School of Folklore Studies, Statistics, and Zoology.

The University of Delhi is the premier university of the country and is known for its high standards in teaching and research and attracts eminent scholars to its faculty. It was established in 1922 as a unitary, teaching and residential university by an Act of the then Central Legislative Assembly. The President of India is the Visitor, the Vice President is the Chancellor and the Chief Justice of the Supreme Court of India is the Pro-Chancellor of the University. Ever since its inception, a strong commitment to excellence in teaching and research has made the University of Delhi a role-model and path-setter for other universities in the country. Its rich academic tradition has always attracted the most talented students who later on went on to make important contributions to their society. When the University took birth, only three colleges existed in Delhi then: St. Stephen's College founded in 1881, Hindu College founded in 1899 and Ramjas College founded in 1917, which were subsequently affiliated to it. The University thus had a modest beginning with just three colleges, two faculties (Arts and Science) and about 750 students. In October 1933, the University offices and the Library shifted to the Viceregal Lodge Estate, and till today this site houses the offices of the main functionaries of the University. The University has grown into one of the largest universities in India. At present, there are 16 faculties, 86 academic departments, 77 colleges and 5 other recognised institutes spread all over the city, with 132435 regular students (UG: 114494, PG: 17941) and 261169 students (UG: 258831, PG: 2338) in non-formal education programme. Sir Maurice Gwyer, the then Vice-Chancellor, realizing the importance of a distinguished faculty to act as role models, relentlessly searched for talent all over the country and roped in men of eminence to this University, such as Prof. D.S. Kothari in Physics, Prof. T.R. Sheshadri in Chemistry, Prof. P Maheshwari in Botany and Prof. M L Bhatia in Zoology. Five Departments namely Chemistry, Geology, Zoology, Sociology and History have been awarded the status of the Centres of Advanced Studies. These Centres of Advanced Studies have carved a niche for themselves as centres of excellence in teaching and research in their respective areas. In addition, a good number of University departments are also receiving grants under the Special Assistance Programme of the UGC in recognition of their outstanding academic work. 10 Departments (Germanic & Romance Studies, Hindi, Persian, Geography, Music, East Asian Studies, Anthropology, Mathematics, B.R. Ambedkar, M.I.L.) are getting grants under DRS, 2 Departments (Buddhist Studies, English) are getting grants under DSA, 3 Departments (English, Buddhist Studies, Social Work) are getting grants under AISHSS and 3 Departments (African Studies, East Asian Studies, Developing Countries Research Centre) are getting grants under Area Studies Programmes. Department of Adult, Continuing Education and Extension and Women's Studies & Development Centre of the University are also getting special funding from UGC.

UNIVERSITY OF ENGINEERING AND MANAGEMENT

Udaipuria Mod, Sikar Road, Jaipur - 303807, Rajasthan
Phone No.: 01423205311(Rajasthan), 09414519618 / 09950334177
Email : admissions@iemcal.com
Website : www.uem.edu.in

Institute of Engineering and Management (IEM) has just got permission from the Government of Rajasthan to start a Private State University in the name and style of "University of Engineering and Management(UEM), Jaipur" for offering higher education courses in Engineering, Management, Medicine, Law, Sciences and Arts. This is a landmark achievement where a Eastern India based educational organization has opened a University in Western India. Institute of Engineering and Management (IEM) started as the first Private Engineering college in West Bengal and has been running Management and Engineering programmes for the last 21 years. IEM has been ranked "Outstanding Engineering Institute in Eastern India" by Star News and ranked Best among Private Engineering colleges in West Bengal by the Telegraph. The Business School of IEM has been ranked A+++ by Just Careers Magazine. Due to its track record of high quality education for more than two decades, IEM received written invitation from the Government of Rajasthan to open a high quality Technical University in Rajasthan. The University of Engineering & Management (UEM), Jaipur Act No. 5 of 2012 was made and promulgated by the Governor of Rajasthan and notified in the Government Gazette on March 21, 2012 via notification No. F.2 (3) Vidhi 2/2012. University of Engineering & Management (UEM), Jaipur campus is a 32 acre lush green area, equipped with eminent technological facilities and beautiful ancient gothic architecture building, situated at Gurukul, Udaipuria, Sikar Road NH-11, Jaipur, Rajasthan - 303807. (7 kms. away from Chomu). The UEM campus is on the National highway NH-11 just 3.5 hours from New Delhi. The University is strategically located within driving distance of the recruitment hubs of India - New Delhi, Gurgaon, Noida, Jaipur. The University campus includes advanced laboratories and integrated libraries with latest journals, magazines and books. Students will be guided by highly experienced and renowned faculties. The students will be given full 24x7 reading support by the institution library. Not only imparting education, the University provides ample scope for recreational facilities like cricket, football, carom, volleyball and hockey. 2011-12 will be the University's founding (first) batch. The courses offered include B.Tech (CSE, ECE, Electrical, Civil, Mechanical & Agricultural) & M.Tech (CSE, ECE, Electrical, Civil, Mechanical & Agricultural), MBA and Ph.D. (Engg. & Mgmt.). For the first batch special features include a placement guarantee to students maintaining over 80% attendance or course fee refund. The founding batch will also be provided with home travel assistance once per semester to visit their hometown. The tuition fees of B.Tech is Rs 40,000 per semester and MBA Rs 70,000 per semester is amongst the lowest tuition fees in the country for studying B.Tech and MBA.

UNIVERSITY OF ENGINEERING AND MANAGEMENT

University Area, Plot No. III – B/5, New Town
Action Area – III, Kolkata – 700 156
West Bengal

University of Engineering & Management (UEM) Kolkata has been established by Act XXV of 2014 of Govt. of West Bengal. University of Engineering & Management (UEM) Jaipur was established by Act No. 5 of 2012 of Govt. of Rajasthan. UEM is established under section 22 of the UGC Act and is promoted by Institute of Engineering & Management Trust. In the past 10 years, students of IEM are passing out with 2-3 jobs per student. The same story is being repeated for the UEM for both its founding batch of 2015 and the current batch of 2016. Students have passed out with 2-3 job offers. Highest campus offer was Rs 15.5 lacs per annum.

University of Engineering & Management (UEM) offers higher education courses in Engineering, Management, Medicine and Science. This is a pioneering achievement where an Eastern India based educational institution has established Universities starting from Eastern India to the most Western part of the country. Institute of Engineering and Management (IEM) is the first Private Engineering College in West Bengal running Management and Engineering programs for the last 25 years. IEM has been ranked 'Outstanding Engineering Institute in eastern India' by Star News and 'Best among Private Engineering colleges in West Bengal' by The Telegraph. The Business School of IEM has been ranked A+ + + by Just Careers Magazine. Due to its illustrious track record IEM received an invitation from the Government of Rajasthan to start a high quality Technical University in Rajasthan and University of Engineering & Management (UEM) Jaipur was born. Due to illustrious track record of UEM Jaipur and excellent placement for all its students and multiple job offers, the promulgation of UEM Kolkata by the Govt. of West Bengal was an unanimous decision.

In the first year of its execution, UEM Kolkata enrolled the top students of the country with minimum 70% marks throughout career. The UEM campus at Kolkata is a huge campus very strategically located at New Town near IT hub of the state just beside the IIT campus, 15 minutes drive from airport. The UEM campus at Jaipur has a 32 acre lush green area with beautiful ancient gothic architecture building and is situated at "GURUKUL", 6 kms from Chomu on Sikar Road, NH-11, Jaipur, Rajasthan.

MISSION

To provide the highest quality engineering, management graduates, cutting-edge researchers and innovation technologists by offering a congenial learning atmosphere to students with target to create good citizens.

VISION

To be globally recognized as a center of excellence in education and research producing global leaders in science, technology and management and creating knowledge in frontier areas of national and global importance.

Formerly known as COER-SM, UETR aims to introduce students to the world of emerging technologies, instilling in them the confidence to face new challenges and enabling them to shine in their chosen fields. With innovative infrastructure, exceptional international collaborations and an immersive research-driven academic environment, we provide an education that is well rounded, extensive and practical.

UETR aims to be a premier university in the State of Uttarakhand and a peerless champion in the world of flawless of technology, management and education – a center of excellence comparable to the international caliber.

UETR aims to expose the students to the world of emerging technologies, empowering them with the confidence to face new challenges and enabling them to shine in their chosen fields.

Mission

- To develop a benchmark university in higher and professional education sectors.
- To provide an international quality education and learning experience in the world-class infrastructure and a research-driven academic environment, as well as to students looking for a well-rounded academic experience with enhanced employability prospects.
- We aim to harness human capital for a sustainable competitive edge and social relevance.

Vision

To become a centre of excellence comparable to international standards, helping define aspirations and possibilities for the long term, and producing life and career ready professionals with leadership qualities, who are ready to challenge and be challenged in the areas of technology, engineering, management, the sciences, humanities, research, innovation and entrepreneurship.

University of Gour Banga has been established by the West Bengal Legislative Assembly vide West Bengal Act XXVI of 2007.

The Appointed Date as per Kolkata Gazettee dated 14th March, 2007 is March 10, 2008. From this date all Sections of the Act except Section 1 and Section 57 have come into force.

The University Council as per Section 58(2) has come into effect from May 26, 2008 vide Kolkata Gazettee dated 28th May, 2008.

All the general degree colleges, law colleges and teachers training colleges in the District of Malda, Uttar Dinajpur and Dakshin Dinajpur have been brought under affiliation of the University of Gour Banga vide Govt. Order No. 299-Edn(U)/EH/IU-37/08 dated 26-05-2008. Currently there are 34 affiliated colleges out of which 20 general degree colleges provide B.A./B.Sc./B.Com./B.C.A./B.B.A./B.H.M. courses/12 colleges provide B.Ed. course/one college offers B.P.Ed. course and one college conducts 5 yrs.Integrated LL.B. (B.A. & LL.B.) course.

Visit Courses of Study.U.G.Courses for more information. M.A. courses in English/History are offered by Malda College and M.A. courses in Bengali/History/Sanskrit are available in Balurghat College.

The University Campus offers M.A. in English/Bengali/Arabic/Sanskrit/History/Education and M.Sc. in Mathematics from December 15, 2008 (2008-09 session). The second batch (2009-10) commenced on 4.8.09.Visit Courses of Study.P.G.Courses for more information.

UNIVERSITY OF HORTICULTURAL SCIENCES

Udyanagiri, Bagalkot-587104, Karnataka

Email : registrar@uhsbagalkot.edu.in

registrar_uhsb@rediffmail.com

Tel : 08354-230276 / 279 /08354-230278 / 280

Fax: 08354-230300

Realising the importance and foresightedness of the Karnataka Government, His Excellency, the Governor of Karnataka has approved the establishment of the University of Horticultural Sciences (UHS) at Bagalkot through a special Ordinance No 2 of 2008 dated: 22-11-2008. Thus, the exclusive University of Horticultural Sciences came in to being with effect from 22-11-2008 at Bagalkot. The choice of Bagalkot as the head quarters of the University is rightly justified because of two reasons namely, the rich horticultural production base of grapes, pomegranate, sapota, fig, lime, sweet lime, ber, varieties of vegetables, spices and medicinal plants: Besides, the bordering districts of Belgaum on West, Dharwad and Koppal on South, Bijapur on North and Raichur on East are the hub of horticulture because of the favourable climate for horticulture crops in the area. The Second reason is because of the location of historical places like Badami (cave temple and capital of Chalukya Kingdom) Pattadakallu, Aihole (the places known for temples of stone sculptures) Kudalasangama a centre of religious preaching and teaching, and the mighty Alamatti Dam as a back bone for agriculture / horticulture are situated within the radius of 50km from Bagalkot.

The mission of University of Horticultural Sciences, Bagalkot (UHSB) is to enhance the growth of horticulture sector by providing leadership in teaching, research and extension services in horticulture and allied sciences through continuous innovation and assimilation of emerging paradigms, concepts and technology developments. Our mission is end to end approach, resolving intersectoral issues for addressing problem areas and promoting multi-dimensional reforms in research, teaching, extension for production, processing, marketing and institution of time bound accomplishments with a sense of urgency.

To double horticultural production to 300 million tonnes by the end of 2027- 28 from the levels of 152 million tonnes in 2007-08 through co-ordinated programmes involving all the agencies of horticulture, keeping the tempo with many programmes in the coming years to cope up with the increased population. Karnataka is blessed with varied agro climate, topography and soil conditions, and offers immense scope for cultivation of many horticultural crops. Horticulture has proved to be an economically viable enterprise with good employment opportunity. Offers best option for irrigated farming and also dry land farming situations. From 14% of land under Horticulture it contributes 40% income and 17 % to GDP. This shows the tremendous potentiality of horticulture in generating the income of the farmers and in turn the State.

UNIVERSITY OF HYDERABAD

The University of Hyderabad, a premier institution of post graduate teaching and research in the country, was established by an Act of Parliament (Act No. 39 of 1974) on 2nd October, 1974 as a Central University, Wholly financed by the University Grants Commission.

The "objects of the University" as envisaged in the Act are:" to disseminate and advance knowledge by providing instructional and research facilities in such branches of learning as it may deem fit and by the example of its corporate life, and in particular to make special provisions for integrated courses in humanities and science in the educational programmes of the University and to take appropriate measures for promoting inter-disciplinary studies and research in the University."

The University is primarily a post-graduate research University. UoH conducts its own entrance examinations for all the courses during the month of February every year and interviews in the month of May every year. The University offers Integrated M.A/MSc, M.A, MSc, M.F.A, M.Tech, M.B.A, M.C.A, M.Phil and Ph.D degrees. Admission to UoH is highly selective and competitive. The University follows the reservation system given in the UGC guidelines while admitting students. The University follows the continuous assessment pattern where 40% of the marks are allotted for internal assessment and 60% for external examination. The students are graded on a 10.0 point scale with D being the lowest passing grade while A+ being the highest. The toppers of each of the post-graduate taught course in the general and reserved categories are awarded the University Gold Medal. The University is a public research university with high research activity in every department and awards about 300 doctorates every year.

The University library is a central facility to support teaching and research activities of the University. This present library building was inaugurated by his Excellency late Dr. Shankar Dayal Sharma, the then Vice President of India, on 21 October 1988 and named after late Prime Minister Mrs. Indira Gandhi. The Library is connected to Campus Network. The library also created learning environment by establishing Online Public Access Catalog (WebOPAC), OPAC Searching Area, Internet browsing area, Laptop zone with Wi-Fi facility, specialized workstations & software for visually-challenged students and by facilitating electronic resources, search services/tools.

UNIVERSITY OF JAMMU

Website : <http://www.jammuuniversity.in>

The University of Jammu, accredited as 'A' Grade University by National Assessment & Accreditation Council of India came into existence in 1969 vide Kashmir and Jammu Universities Act 1969 following bifurcation of the erstwhile University of Jammu and Kashmir. The University provides instructions in such branches of learning as it deems fit and makes provision for research and the advancement and dissemination of knowledge. The University stands for spiritual and material elements in life, thirst for knowledge and virtue under the backdrop of holy peaks of Trikuta Hills.

University of Jammu holds examinations, grants degrees, generates knowledge and confers diverse academic distinctions on persons who pursue approved courses of study in the University or in constituent colleges/institutions approved for the purpose also for those who appear as external/private candidates. It also confers honorary degrees or other distinctions on the persons of exceptional caliber.

The University also admits, maintains, recognizes, affiliates colleges and other institutions. It is primarily a research, teaching, affiliating, examining body involved in promotion of arts, science and other branches of learning. The University is open to all classes and creeds with the sole objective to carry people from darkness to light.

Cradled in the lap of mountains at the foothills of auspicious Trikuta, besides the river Tawi at an altitude of 1030 ft. is Jammu. This 'city of temples' has many places that are flocked by people from every nook and corner. Among all these, also comes the famed University of Jammu. A place, where imparting education is not considered just as a mere duty, but as a commitment towards the advancement of the society. A University with a vision and a single-minded mission. To make Jammu university a name to reckon with. A saga that has been continuing from the time of its inception.

UNIVERSITY OF KALYANI

Kalyani 741 235, West Bengal

Tel : 033 -25822505/8750/8889/8477/8220/8286/8478

Fax : 033-25828282/2505

Email : ubku2001@yahoo.com, klyuniv_rgs@yahoo.co.in

Website : <http://www.klyuniv.ac.in>

The University of Kalyani was established in 1960 with a campus area of over 378 acres in Kalyani town. It is well connected by road and railway, with a railway station very close to the University. The University is situated in a locality surrounded by a rural setting within a rural backdrop and it caters mostly to the students of rural and backward areas. Yet, its distance from Kolkata is only 45 km. This locational advantage of the University makes it particularly suitable for the 'Cafeteria Approach' to higher education. The University ensures on the one hand, the development of excellence, and on the other, contribution of higher education through dispersion of knowledge to rural areas in an open and flexible system. The University is also considering the possibility of upgrading some of its affiliated colleges with academic autonomy and postgraduate teaching. The University has completed four decades of commendable service to the development of higher education keeping in view the importance of the outlying rural economy and the needs and aspirations of the youth in the region. The University is presently offering twenty three post graduate programmes under four faculties, namely, Science, Arts & Commerce, Education, Engineering Technology and Management. Two more faculties of Law and Music & Fine Arts, also have been approved recently under the University Act and are in the process of crystallization. The total number of approved teaching posts at present is 217, catering to around 2000 post-graduate students. In its administrative set up, there are approximately 32 officers, and 517 staff on the pay-roll at the moment, which vindicates a streamlined academic administration as per the usual norms of teacher-student ratio and teacher-staff ratio.

The University is providing academic guidance and leadership to 46 (forty six) affiliated degree colleges located in the Districts of Nadia, Murshidabad and parts of North 24 Parganas. In addition engineering colleges were affiliated to this University for the last three years. Recently these colleges have been transferred to the newly set up West Bengal University of Technology. However, the current students of the colleges in the final two years are registered as students of Kalyani University and this University is responsible for running their academic programme. The standards of teaching in the affiliated colleges are monitored by a Council for Undergraduate Studies, Planning Board, and a nominated College Development Council (CDC) through a process of academic audit. After affiliating these colleges, the University has discontinued the undergraduate programmes of the university departments from 2000-2001. The University is now primarily focusing on strengthening postgraduate education and research and evolving as a centre of excellence in a rural backdrop.

UNIVERSITY OF KASHMIR

Hazratbal Rd, Hazratbal Srinagar

Website : <http://www.kashmiruniversity.net>

The University of Kashmir is on the western side of the Dal Lake in the city of Srinagar. It has been awarded grade "A" by the NAAC in 2011.

The University of Kashmir, since its establishment, has been focused at Hazratbal and encompassing three adjacent areas viz. Amar Singh Bagh, Naseem Bagh and Mirza Bagh. This Campus is spread over 263 acres (1.06 km²).

A major part of Amar Singh Bagh and Naseem Bagh constitute the Hazratbal campus which is laid out on the north-eastern bank of Dal Lake.

Earlier, many postgraduate departments, research and other centres were housed in Naseem Bagh. But, the university resolved to develop Naseem Bagh into a heritage site and thereafter, many departments were shifted to other areas of the Hazratbal campus. As of April 2013 Zakura Campus is being developed on 300 kanals of land in close proximity to Hazratbal campus to meet expansion requirements of the University.

Mirza Bagh or "University Town" constitutes buildings housing quarters for the university staff.

South Campus of the University established on 259 kanals of land at Fateh Garh, Anantnag was started in October, 2008. North Campus of the University on 559 kanals at Delina, Baramulla was started in December, 2009. Three more campuses at Kupwara, Kargil and Leh are coming up

UNIVERSITY OF KERALA

Thiruvananthapuram 695 034

Phone : 0471-2305738 , 0471-2305994 ,2306422 (16 Lines)

Fax : 91-471 2307158

Email : ku.release@gmail.com

Website : <http://www.keralauniversity.ac.in>

One of the first 16 Universities in India, the University of Kerala was founded as the University of Travancore in the erstwhile princely state of Travancore (now southern part of Kerala and some neighbouring parts of state of Tamilnadu) in 1937. During the 7 decades since the University of Kerala grew and shrunk physically and transformed itself in many ways. It is difficult to summarise what the Kerala University is in a brief space.

The earliest origins of the University may be traced back to two institutions of modern learning in Kerala, the University College, Thiruvananthapuram and the Trivandrum Observatory. The University College was initially founded as the Maharaja's Free School by Maharaja Swathi Thirunal in 1834, with Mr John Roberts. A Christian Missionary as Headmaster, and soon grew into a college in 1866, affiliated to the Madras University. When the University of Travancore was founded, the Departments of the college became the University Departments, only to switch back again when the transformation to University of Kerala happened in 1957.

The University College still retains its connection with the University as an affiliated college. The Trivandrum Observatory was founded in 1838 and had an internationally reputed scientist, John Caldecott FRS as its first Director. It became a part of the Travancore University, but for some time was administered as a independent government institution. It is now the oldest institution under the Kerala University.

The University of Travancore was established in 1937 by a promulgation of the Maharajah of Travancore, Sri Chithira Thirunal Balarama Varma who was also the first Chancellor of the University. Sir C. P Ramaswamy Ayyar, the then Diwan (Prime minister) of the State was the first Vice-Chancellor. He was an eminent scholar and an able administrator. It is said the Government made an unsuccessful attempt to invite Albert Einstein to be the first Vice-Chancellor.

The University was modelled after the best Universities of the United Kingdom, and even today retains some of these features. The affiliating system of the University however evolved to be different from the college system in British Universities.

UNIVERSITY OF KOTA

Near Kabir Circle, MBS Marg

Swami Vivekanand Nagar, Kota - 324 005, Rajasthan

Phone : +91-744-2472934, 2471037, 2209647

The University of Kota was established in the year 2003 in a culturally rich heritage city Kota situated on the bank of holy river Chambal. The University came into existence through enactment of Government of Rajasthan vide order No. F.21 (2)Edu-4/2003 dated 29-09-2003 under the provision of Section-4(1) AND 50(1) of the University of Kota, Kota Act, 2003. Presently, 175 colleges of six Districts of the State, namely, Kota, Bundi, Baran, Jhalawar, Karauli and Sawai Madhopur are under the territorial jurisdiction of the University. The University has six faculties, namely, Arts, Science, Social Sciences, Commerce and Management, Law and Education. Various academic programmes are also being run at the campus and in the affiliated colleges of the University. Courses, namely, M.B.A., M.I.B., M.C.A., M.Sc. (Pure Chemistry, Industrial Chemistry, Physics-Energy, Wildlife Life and Life Sciences), M.S.W., M.A./M.Sc. (Geography and Military Science) M.A. (Sociology and Heritage, Museology and Management), M.Phil. (Commerce, Chemistry, Physics, Geography, History, Political Science and Sociology), Diploma in Remote Sensing & GIS, LL.M., M.P.Ed., Ph.D. Programmes (Accountancy & Business Statistics, Economic Administration and Financial Management, Business Administration/Management, Law, English, Hindi, Sanskrit, Music, Urdu, Drawing and Painting, Chemistry, Botany, Zoology, Mathematics, Physics, Public Administration, Political Science, Economics, Sociology, Geography, History, Home Science, Education, Library and Information Science, etc.) are being run in the university campus. The University of Kota is unfolding its wings in the area of research. University is now determined for meaningful and socially relevant research and enrolling students for Ph.D. programme through entrance examination as per the UGC guidelines. So far, the University has awarded 96 Ph.D. degrees and around 1116 scholars are pursuing Ph.D. in different disciplines with around 208 approved research supervisors. A large number of students are having research funding through various State and Central Government funding agencies. University departments are regularly organizing State and National level seminars & conferences and publishing comparable number of research articles in reputed journals. The University is receiving a large number of projects from different departments of Govt, of India, Govt, of Rajasthan and other agencies and is recognised by the Department of Science and Industrial Research (DSIR), Ministry of Sciences Technology, Govt, of India as a upcoming research center in Rajasthan. Dr. Anna Jonsson, Swedish International Development Agency (SIDS), Govt, of Sweden, Sweden has visited the University under the collaboration project. The motto of the University is "Satyam, Shivam and Sundarum" the search for truth, the quest for welfare and the urge for the best.

The University of Ladakh was established in 2019 under the University of Ladakh Act 2018 (enacted by the Governor of Jammu and Kashmir as Act no. LVI of 2018), as an initiative to promote quality higher education in the country particularly in Ladakh region. By virtue of Section 2(e) of the Act, the six existing colleges of Leh and Kargil district have become part of the University of Ladakh. It aspires to be one of the leading universities of the country offering high quality, innovative and responsive education at the under graduate, post graduate and Ph.D. levels.

The University has headquarters and campuses in both Kargil and Leh to cater to students passing out of various schools and colleges spread over more than fifty thousand square kilometer of the vast Ladakh region.

The University authorities undertook to position quality faculty and quality instructions in courses right from the first academic session in 2020 with the introduction of PG courses in English, Commerce, Chemistry, Mathematics, Zoology, Botany, Arabic, Computer Application, Travel and Tourism Management and Geology. From session 2021 new P.G course like Economics, History, Political Science, Urdu, Sociology, Geography have been introduced. Many more courses are yet to be introduced. The University is committed towards promoting higher education and employability of the youth of Ladakh by imparting quality education and creating a platform where students pursue their interest to serve the country to their full potential.

UNIVERSITY OF LUCKNOW

Lucknow 226007, Uttar Pradesh

Tel : 0522-2740467, 2740462,

Fax : 0522-2740467, 2740412

Email : registrar@lkouniv.ac.in, vc@lkouniv.ac.in

Website : <http://www.lkouniv.ac.in>

The idea of starting a University at Lucknow was first mooted by Raja Sir Mohammad Ali Mohammad Khan, Khan Bahadur, K.C.I.E. of Mahmudabad, who contributed an article to the columns of "The Pioneer" urging the foundation of a University at Lucknow. A little later Sir Harcourt Butler, K.C.S.I., K.C.I.E, was appointed Lieutenant-Governor of the United Provinces, and his well-known interest in all matters under his jurisdiction, specially in matters educational, gave fresh life and vigour to the proposal. The first step to bring the University into being was taken when a General Committee of educationists and persons interested in university education appointed for the purpose, met in conference at Government House, Lucknow, on November, 10, 1919. At this meeting Sir Harcourt Butler, who was in the chair, outlined the proposed scheme for the new university. A discussion followed, and it was resolved that Lucknow University should be a Unitary, Teaching, and Residential University of the kind recommended by the Calcutta University Mission, 1919, and should consist of Faculties of Arts, including Oriental Studies, Science, Medicine, Law, etc. A number of other resolutions was also passed and six sub-committees were formed, five of them to consider questions connected with the University and one to consider the arrangements for providing Intermediate Education. These sub-committees met during the months of November and December, 1919, and January, 1920; and the reports of their meetings were laid before a second Conference of the General Committee at Lucknow on January 26, 1920; their proceedings were considered and discussed, and the reports of five of the sub-committees were, subject to certain amendments, confirmed. The question of incorporation of the Medical College in the University, however, was for the time being left open for expression of opinion. At the close of the Conference donations of one lakh each from the Raja of Mahmudabad and Jahangirabad were announced. The resolutions of the first Conference together with the recommendations of the sub-committees as confirmed at the second Conference were laid before a meeting of the Allahabad University on March 12, 1920, and it was decided to appoint a sub-committee to consider them and report to the Senate. The report of the sub-committee was considered at an extraordinary meeting of the Senate on August 7, 1920, at which the Chancellor presided, and the scheme was generally approved. In the meantime the difficulty of incorporating the Medical College in the University had been removed. During the month of April 1920, Mr. C.F. de la Fosse, the then Director of Public Instruction, United Provinces, drew up a Draft Bill for the establishment of the Lucknow University which was introduced in the Legislative Council on August 12, 1920. It was then referred to a Select Committee which suggested a number of amendments, the most important being the liberalising of the constitution of the various University bodies and the inclusion of a Faculty of Commerce; this Bill, in an amended form, was passed by the Council on October 8, 1920.

UNIVERSITY OF MADRAS

Chepauk, Chennai - 600 005

The Public Petition dated 11-11-1839 initiated the establishment of Madras University. It was in January 1840 with Mr. George Norton as its President, that the University Board was constituted. In 1854 after a lapse of 14 years, the Government of India formulated a systematic educational policy for India and as a sequel to this on 5th September 1857 by an Act of Legislative Council of India, the University was established. The University was organised in the model of London University.

Madras University is the mother of almost all the old Universities of south India. The University area of jurisdiction has been confined to three Districts of Tamil Nadu in recent years. This is consequent to establishment of various universities in the State and demarcation of the University territories.

This University has been growing from strength to strength while widening its teaching and research activities. His Excellency the Governor of Tamil Nadu is the Chancellor of the University

The Vice-Chancellor who is appointed for a term is the Principal Executive Officer. The Registrar of the University, who is the Secretary of the Syndicate, is the custodian of all the records and Chief Administrator of the university. Yet another function, the examinations of the University, is managed by Office of the Controller of Examinations. The University imparts both Under Graduate and Post Graduate Education through the Affiliated Institutions which are spread over the Districts of Chennai, Thiruvallur and Kancheepuram. Apart from teaching, research activities in Arts, Humanities, Science, Management and Technology shape the academic tenor of the University. A number of institutions affiliated to Madras University concentrate on research activities offering Ph.D., Programmes in their respective field of specialisation.

The University also offers teaching and research programmes in its four campuses. The 68 University Departments of study and research are spread over four campuses organised into 18 Schools each of which offer Post Graduate Courses in respective specialisation, part time and full time Ph.D. Programmes, Diploma and Certificate Programmes. Assessing the need for educating a large number of people in the country, the University offers both Under Graduate and Post Graduate programmes through the Institute of Distance Education. The Institute is popularly called IDE of Madras University.

UNIVERSITY OF MUMBAI

M G Road, Mumbai 400 032, Maharashtra

Tel : 022 - 22656789, 22702344

Website : <http://www.mu.ac.in>

The University of Mumbai (known earlier as University of Bombay) is one of the oldest and premier Universities in India. It was established in 1857 consequent upon "Wood's Education Dispatch", and it is one amongst the first three Universities in India. As a sequel to the change in the name of the city from Bombay to Mumbai, the name of the University has been changed from "University of Bombay" to "University of Mumbai", vide notification issued by the Government of Maharashtra and published in the Government Gazette dated 4th September, 1996.

The profile of this University carved out in 155 years of its functioning attests to its manifold achievements as the intellectual and moral powerhouse of the society. The University has always given its best to the country in general and to the city of Mumbai in particular by enthusiastically shouldering an ever-growing load of social values and opportunities. Initially, the University concentrated its efforts on controlling teaching at the undergraduate level and in conducting examinations. Later on it took up research and the task of imparting instructions at the Post-Graduate level. This resulted in the establishment of the University Departments beginning with the School of Sociology and Civics & Politics.

The independence of the country led to the re-organization of the functions and powers of the University with the passing of the Bombay University Act of 1953. It has two campuses of areas 243 acres and 14 acres at Vidyanagari and Fort respectively; sub-campuses/centers at Ratnagiri 20 acres, Thane 6.50 acres and Kalyan 6.26 acres with 56 University Departments & Institutes and 691 affiliated colleges. It has established its name in industrial & International collaborations and runs various professional courses.

The University was accorded 5 star status in 2001 & 'A' grade status in April 2012 by the National Assessment and Accreditation Council (NAAC). It has been granted University with Potential for Excellence (UPE) status by UGC and PURSE Scheme by DST. Many of its Departments are recognized under various national programmes, such as UGC-SAP at various levels, DST-FIST, etc. At national level, it has excelled in sports, cultural and outreach activities. In the last five years it has seen 104% increase in under-graduate students, 112% increase in post-graduate students and 147% increase in distance - education students. There is 156% increase in the number of research papers published in International journals.

UNIVERSITY OF MYSORE

Crawford Hall, Mysore 570 005, Karnatak

Tel : 0821- 2419666, 2419361

Fax : 0821-2419363

Email : vc@uni-mysore.ac.in, registrar@uni-mysore.ac.in

Website : <http://www.uni-mysore.ac.in>

The University of Mysore was established on 27th July, 1916 during the benevolent reign of the Maharaja of Mysore, His Highness Nalvadi Krishnaraja Wodeyar (1884-1940). The genesis of the University of Mysore stems from a five year long in-depth reading and analysis on higher education across the globe. The mission of the University of Mysore, laid down in the 1916 regulations published in the Mysore Gazette Extraordinary, aims at 'promoting teaching and research in conventional and traditional domains of Arts, Humanities, Pure and Applied Sciences and Professional disciplines'. Sir M Visvesvaraya (1860-1962) played a decisive role in the launch of the University. The University, since then, has gone through different phases of development. Started with just two faculties, namely Arts and Science offering BA, BSc, BCom and BT courses, the University added Engineering faculty in 1917, MA programs at Maharaja's College, Mysore. In 1918, MSc program at Central College, Bangalore in 1919 and the faculty of Medicine in Mysore during 1924, thus laying a firm foundation for the multi-faculty character of the university. In 1941, new courses leading to BA honours were added. During the post-independent period, from 1947-1960, the University enacted new Act of 1956 which ushered in academic autonomy. It also facilitated the introduction of PreUniversity System of education by abolishing intermediate courses. With the support of the University Grants Commission (UGC), which came into existence in 1956, post-graduate education was expanded significantly. In 1960, a major development was the conglomeration of all the post-graduate studies of the University at one location during the tenure of the ViceChancellorship of Dr. K.V. Puttappa. This location was christened "Manasagangotri" meaning 'eternal spring of the mind' adjacent to Kukkarahalli lake within the heart of the heritage city of Mysore in a picturesque area of 739 acres. The year 1966 was commemorated as the Golden Jubilee year and a corpus fund of Rs 2.85 crores was instituted for awards and prizes under various categories.

Today the University has 42 Postgraduate Departments at the Main Campus, Manasagangotri, 2 Postgraduate Centres, viz., Tubinakere, Mandya, Hemagangotri, Hassan with 5 Postgraduate Departments each and one Satellite Centre at Chamarajanagar with 3 Postgraduate Departments. It is providing higher education to about 85000 students, of which over 10,000 are Postgraduates. As many as 1400 students are from 50 countries pursuing higher studies in this University. Some of these countries are China, Iran, Jordan, Thailand, Indonesia, Egypt, Syria, Tanzania, Uzbekistan, Kajkhastan, Kirghizia, Mongolia, Uganda, Yemon, Kenya, Palestine, Srilanka, Bangladesh and Nepal.

UNIVERSITY OF NORTH BENGAL

P.O. North Bengal University
Raja Rammohunpur 734430, West Bengal
Tel : 0353-2699255, 2699099
Fax : 0353- 2699001/2581212
Email : regnbu@sancharnet.in, pijushgeo@yahoo.com
Website : <http://www.nbu.ac.in>

The University of North Bengal was established by Act of the Legislature of West Bengal in 1962 and assigned the mandate of providing teaching, training and research in various branches of advanced learning, and promoting the dissemination of knowledge to fulfill growing socio-economic and technical manpower needs in the six North Bengal Districts and the neighbouring state of Sikkim. The campus occupies an area of about 330 acres 9 km outside Siliguri and Bagdogra Airport in the Terai region of Darjeeling District. The University Act was revised under West Bengal Act of XXV of 1981 and it came into force with effect from September 16, 1981.

Occupying the latitudinal and longitudinal ranges of 24°40'20"[Malda] and 87°45'50"E[Malda] to 89°54'35"E[Koch Bihar], respectively, the region includes 6 distinct climate regions ranging from tropical to rival within its span from the Barind plain of Bengal to the High Himalaya. It consequently witnesses an altitudinal range of 21 msl. along the Ganga watered in Malda District upto 8467 msl. at the Kanchendzonga peak in Sikkim. Normal annual precipitation in the region varies from just 1453mm in Malda District to 3508 in Koch Bihar District, crossing 5600mm p.a. in the Eastern hill tracts that neighbour Bhutan. With its proximity to the southernmost sweep of the Himalaya and to the Bay of Bengal, the North Bengal region plays a critical role in the formation and circulation of the South West monsoon system. Heavy precipitation and runoff near the Himalayan ranges has led to the undulating topography of the region and to the formation of vast floodplains around the rivers of the Ganga-Brahmaputra interfluvium which drain the region. Of these, the principal rivers flow within the Tista basin.

The University has played a pioneering role since inception in spreading higher education and inculcating scientific attitudes within the predominantly rural areas that comprise its vast jurisdictional territory. Well over 36,000 undergraduate students and over 1500 postgraduate students and scholars now enrol at different courses under the University during any given year. Besides the territory under its immediate jurisdiction, the University also gets students and scholars from adjoining areas in Bihar and the North Eastern states, as also from SAARC countries like Bhutan, Bangladesh and Nepal. Several pioneering contributions made by researchers at the university have contributed to wider understanding of the special problems that confront the Eastern Himalayan and sub-Himalayan region and have provided practical inputs for current developmental interventions in the region.

UNIVERSITY OF PATANJALI

Patanjali Yogpeeth, Maharshi Dayanand Gram
Delhi-Haridwar National Highway,
Near Bahadarbad, Haridwar-249405, Uttarakhand
Helpline No: +91-1334-240008, 240008
Fax No. : +91-1334-244805, 240664
E-mail : divyayoga@rediffmail.com
Website : <http://www.divyayoga.com>

To establish and incorporate an University in the name of University of Patanjali with facilities for education, training and research in the areas of Yoga, Ayurveda and culture of Medicinal Herbs/ Plants and studies and in related areas sponsored by The Patanjali Yogpeeth (Trust).

To establish an University with the study and research facilities for five thousand students from all the world in classical as well as modern-job oriented subjects like social sciences (Civics, History, Political Science, Geography etc.), Natural Sciences (Zoology, Botany, Chemistry, Physics, Maths etc.), Information Technology, Computer Science, Pharmacology, Commerce, Medical Sciences (Ayurveda, Accupressure, Physiotherapy etc.) & Yoga etc. The University while running and awarding several Certificate, Diploma, Graduate, Post Graduate and Ph.D. level courses in the above mentioned subjects will give new direction to educational world.

To provide world class research facilities to students.

To fulfill resolution of saints and sages for disease free world, while establishing 'Pran' (oxygen) a evidence based medicine in the world through conducting clinical trials and research in genetical disorders as well as incurable diseases like Cardiac disease, diabetes, asthma, arthritis, cancer etc.

To build a prosperous India by continuous research in the field of medicinal plants to support and build medicinal plants based agriculture enabling poor labourers and farmers to earn their bread and butter easily.

Conducting research in Yoga, Ayurveda, Agnihotra, Naturopathy, Vedic Varna System, Vedic Shodash Sanskar to prove that ours a scientific culture and our seers were great scientist.

To show path for healthy life style to the whole world by carrying out research in our tradition of Brahmacharya, Grissath, Vanprasth and Sanyas Ashram.

To help educating and training people as Yoga teachers to fulfill resolution of Disease Free India and Disease Free World.

To build a healthy, prosperous, spiritual, sensitive and dutiful nation, by introducing Yoga in educational and health institutions, industrial and corporate sectors as well as administrative, police and defence establishments.

UNIVERSITY OF PETROLEUM AND ENERGY STUDIES

P.O. Bidholi Via-Prem Nagar
Dehradun-248007, Uttarakhand
Tel : +91-135-2102691/692, 2776095/054
Fax : +91-135-2102549
E-mail : enrollments@upes.ac.in
Website : <http://www.upes.ac.in>

University of Petroleum and Energy Studies (UPES) was established in the year 2003 through UPES Act, 2003 of the State Legislature of Uttarakhand. With an ambitious vision and unique approach, UPES emerged as an innovative institution offering programs that are specifically designed for core sectors with high growth projections.

Founded by prominent educationalists and industry experts, UPES is committed to maintain high standards in providing quality education.

The University endeavours to be recognized as a 'Nation Builders University' with a progressive vision of creating specialized professionals in the core sectors that can contribute in the economic growth of the country.

Focused on the requirements of the future, UPES offers a wide spectrum of globally competitive undergraduate, postgraduate and doctorate programs in Energy, Infrastructure and Transportation (EIT) and other growth sectors. The University's objective is to develop domain specific and competent technocrats, professionals and managers who are ready to join the core industries.

UPES provide students with the choice to develop skillsets and gain exposure to work in sectors driving the growth of the economy. Advanced teaching methodologies, innovative and updated curricula and the focus on 'on-the-job exposure' give UPES students the edge to be readily deployable in their chosen field. UPES has successfully placed more than 5000 graduate and post graduate students in 500+ companies of national and international repute in the 10 years since its inception. The prevailing ambiguous environment also necessitates the need for future preparedness. UPES puts thrust on R&D. Twelve dedicated Research Centers with interdisciplinary teams are continuously involved in initiatives to develop key skills, enhance knowledge base and achieve expertise in select domains. UPES was recently bestowed the 'Best Innovative University Award' at the ASSOCHAM Education Excellence Awards. It was also recognized as the 'Best Managed University' by Competition Success Review. Also, UPES was conferred the 'Green Campus Award' at the World Education Summit 2013.

Website : <http://www.uniraj.ac.in>

On the 8th of January 1947, the University of Rajputana appeared like a little star on the educational horizon of pre-independent India. That little star, now called the University of Rajasthan is shining "like a diamond in the sky." Having acquired the status of University with Potential for Excellence, today, the University celebrates its 68th Foundation Day. Over the years the University has redefined itself keeping in mind the changing trends of the educational system. But let us travel down memory lane and recall how this University was set up. The efforts for a separate University for Rajputana State were initiated as early as 1921 when the Act for the Allahabad University was passed. The Act prescribed for separation of Intermediate classes from the Degree classes as a condition for affiliation, which meant more expenditure for the then colleges at Jaipur, Jodhpur and Ajmer, the only colleges then imparting University education and affiliated to Allahabad University. The location of the University became a controversial issue. The question was considered in all its aspects at a meeting called by the Agent to the Governor General in Rajputana and attended by the ruling Princes and Chiefs at Mt. Abu on 20- June 1924. It was finally decided that 'the general sense of the Conference seems to be that there are strong obstacles at present to a Rajputana University, and that the scheme is premature but that the respective advantages of affiliating either with Agra or with Delhi under changed conditions as can be brought about should be explored.' The colleges in Rajasthan (erstwhile Rajputana) were then affiliated to Agra University after it was established in 1927. After a gap of nearly two decades the efforts were again initiated in 1942 by Sir Mirza Ismail, the then Prime Minister of Jaipur, who appointed J.C. Rollo as Special Education Officer for this purpose. Sir Mirza Ismail and his successor in office Sir V.T. Krishnamachari, took the initiative of holding talks with the representatives of Udaipur, Jodhpur, Bikaner, Awar and Jaipur in December, 1946. They agreed to the establishment of a University at Jaipur and on 8- January, 1947, legislation was promulgated and the colleges in the State formally federated into the University of Rajputana, which came into existence in July the same year. It was the last (2nd) university that was set up in pre-independent India. The University office was temporarily set up in the Kesargarh Fort. The then Maharaja of Jaipur State, Sawai Man Singh graciously made available to the university an extensive site of over 300 acres. About two miles from the centre of the city, the site was considered ideal for a University campus. With the Moti Doongari castle overlooking the campus on the northern side, and the Jhalana hills stretching from end to end in the east, the site possessed that wild grandeur that characterised most landmarks of Rajasthan. Dr. G. S. Mahajani, who was at that time Principal of Ferguson College, Poona (now Pune) was appointed the first Vice-Chancellor of the University. Dr. Mahajani was in many respects an ideal person. He was a member of the Servants of India Society.

UNIVERSITY OF SCIENCE AND TECHNOLOGY

USTM, Techno City, Kiling Road, Baridua, 9th Mile, Ri-Bhoi, Meghalaya

Phone: 0361-2895072

E-mail : ustm_erdf@rediffmail.com

Website: www.ustm.ac.in

The University of Science and Technology, Meghalaya (USTM) is the first State Private University on Science and Technology in the entire North East India, sponsored by ERD Foundation, Guwahati. The University is being established in four adjacent plots of more than 400 acres of picturesque landscape surrounded by tranquil greenery in Assam-Meghalaya border just one km from G S Road, Baridua, 9th mile, opposite to CRPF Camp, Ri-Bhoi District of Meghalaya. It is about 85 kms from Shillong, the Capital of Meghalaya & 6 kms from Dispur, the Capital of Assam. The campus is well connected by Rail & Air which is only 15 kms from Guwahati Railway Station & 48 kms from Guwahati International Airport. The University has been established under the provisions of the University of Science and Technology, Meghalaya Act (No.6 of 2008) enacted by Legislative Assembly of Meghalaya and notified vide Gazette Notification No LL(B)87/2008/21, dated 02.12.2008 of Government of Meghalaya. The University is empowered by the University Grants Commission, to award degrees as specified by the UGC under section 22 of the UGC Act, 1956. USTM has also received necessary approval from AICTE, New Delhi & NCTE, ERC, Bhubaneswar to run MBA & B.Ed. courses respectively. With more than two years of focused study on the educational needs of the region by leading Academicians, Scientists and a group of Vice Chancellors and educational administrators of the region, USTM has started its systematic academic process. The University is dedicated to the cause of high quality science and technology education and advanced research in frontier and cutting edge areas leading to the creation of a University where innovation, invention and entrepreneurship remain the cardinal focus and thrust. Facilities are being offered with this long term goal with special focus and thrust on the S&T needs of this region. Creating the best graduates who can think, innovate and invent would remain the all time driving force of USTM.

USTM disseminate finest education in UG and PG courses of the following subjects under its different schools viz.

- School of Business Sciences
- School of Biological Sciences
- School of Applied Sciences
- School of Social Sciences & Humanities
- School of Engineering & Technology
- School of Education

Biotechnology, Biochemistry, Zoology, Botany, Chemistry, Mathematics, Environmental Science, Computer Science & Applications, Electronics, Commerce, Business Administration, Economics, English, Physics, Statistics, Sociology, Social work, Psychology, Public Administration, Education, B. Ed, BA/B.Sc. B. Ed, Library & Information Science, Geology, Geography, Rural Development, Disaster Mgt. etc.

UNIVERSITY OF TECHNOLOGY

Vatika, Tehsil Sanganer, Jaipur

Phone : +91 8385 012345

Website : <https://www.universityoftechnology.edu.in>

University of Technology is established by the Govt. of Rajasthan through State Legislature under the Act No 28 of 2017. It is UGC recognized University under section 2(f) of the UGC Act 1956. University of Technology is sponsored by the renowned label in the education domain, Deepshikha Kala Sansthan, Jaipur. The University of Technology is known for offering quality education to students coming from varied backgrounds, across different learning segments and knowledge disciplines.

Highly known to deliver finest of learning solutions and facilities aiming at all-round development of the students, the university commits to a wide array of courses and a vast pool of resources– ranging across the domains of Engineering and Technology, Management, Law, Science, Arts, Commerce, Education, Languages, Medical and Health, Alternate Therapy, Religion, Telecommunication, Information Technology – in a plush facility spread in 30 Acre of area.

With its eminent lineage spread across a span of over 40 years, University of Technology is marked as one of the most celebrated educational bodies in the domain, with fast growing reach in educational services and offerings – putting up with the new-age learning system and ultra-modern education facility. The organization has produced marvelous results and topped premium lists of educational institutions over the years.

Mission

Our mission is to commit to a system of learning that unfolds far-reaching ability to explore, expedite and empower different traits and facets of education – to break-open new opportunities and possibilities for each and every aspirant. This aim further extends to develop a synergistic ecosystem enabling seamless exchange of ideas while creating multi-disciplinary approach to allow students to achieve and apply the best of their potential.

Vision

University of Technology will have a transformative impact on society through utilization of premium knowledge resources and reaching value through allied innovation in research & analysis, information processing & edification, and business value propositions & technology – aiming to bring a broader perspective of purpose and application to education.

UNIVERSITY OF TECHNOLOGY AND MANAGEMENT

Bijni Complex, (Old NEHU Campus)
Dong Gordon Bhagyakul, Laitumkhrah
Shillong - 793 003, Meghalaya
Phone : 09089933991, 08794600250, 0364-2500966 / 2500973
Website : <http://www.utm.ac.in>

Being a venture of the Hydrocarbons Education and Research Society HERS, a non-profit society formed under the Societies Act 1860; UTM has been established to further (HERS) objective of offering world class education in domain specific institutions so as to provide high quality manpower to organizations both in India and abroad.

Members of the society comprise of leading luminaries from the fields of Oil & Gas industry as well as professionals from government and various international organizations. The society has extensive experience of establishing and managing a number of industry- specific institutions which include:

- Indian School of Petroleum and Energy (formerly known as Indian School of Petroleum till 2011)
- University of Petroleum and Energy Studies, Dehradun (Uttarakhand), 2003.
- Energy Institute (India), 2005.

Establishment of UTM has been acknowledged by UGC vide Letter No. F.8-10/2011 (CRR-1/PU) dated July 28, 2011. Established under Meghalaya Act (No. 3 of 2011) Legislated by Meghalaya Assembly Notified in Gazette of Meghalaya State vide No. LL(B) 47/ 2010/ 19 dated 04 January 2011 Established in accordance with Section 2(f) of the UGC Act & Listed as State Private University on UGC website.

University of Technology and Management aims to be a premier international institute with state-of-art facilities and provide world-class education, training, research, and consultancy and outreach services in the areas of Technology, Applied Sciences, Media, Communication, Retail and Fashion, Design, Travel and Leisure and related sectors. By offering high-quality professional education to the youth of Meghalaya, UTM intends to play a constructive role in grooming the future of the youth in Shillong so that they can pursue successful careers both in India and abroad.

UPL UNIVERSITY OF SUSTAINABLE TECHNOLOGY

Block No. 402, Ankleshwar-Valia Road
Ta: Valia , Dist: Bharuch– 393135, Gujarat
Mobile : +91-9712177799, 9727745875/76
Email : admin@upluniversity.ac.in

UPL University of Sustainable Technology is the first private University of Sustainable Technology of Gujarat and India. University's vision is to be a world class university to impart knowledge, quality education and develop leaders required by allied industry.

We, the Ankleshwar Rotary Education Society, are managing Shroff S R Rotary Institute of Chemical Technology (SRICT) and SRICT Institute of Science & Research (SRICT-ISR). SRICT is approved by AICTE, New Delhi and affiliated to GTU since 2011 whereas SRICT-ISR is affiliated to VNSGU since 2018. SRICT is providing Engineering Education whereas SRICT-ISR is providing education in Science.

We, The Ankleshwar Rotary Education Society, are granted the status of a Private University by Government of Gujarat by the name “UPL University of Sustainable Technology“ vide Gazette Notification Gujarat Act no 15 of 2021 dated 22/5/2021 (an Act further amend the Gujarat Private University Act no 8 of 2009) of the State Legislature of Gujarat. The status of State Private University is awarded under entry no 33 of Amendment of Schedule to Guj. 8 of 2009. The Act shall come into force with effect from 1/6/2021 vide Notification No: GH/SH/81/ EPU/2020/10012020/KH-I dated 2/6/2021.

Now, SRICT and SRICT-ISR will be affiliated to "UPL University of Sustainable Technology" from academic year 2021-22. UPL University of Sustainable Technology will offer Diploma Engineering, Bachelor of Engineering, Master of Engineering under Shroff S.R. Rotary Institute of Chemical Technology and B.Sc. Chemistry & M.Sc. Chemistry (Regular/Evening) under SRICT Institute of Science & Research from academic year 2021-22. In future, the University will provide education in Management, Process Safety and Environmental Sustainability.

USHA MARTIN UNIVERSITY

12th Mile, Ranchi Khunti Road, Near Hardag, Ranchi, NH 75,

Ranchi, Jharkhand 835221

Phone : +91-76339-98101 / 76339-98103

Email : info@ushamartinuniversity.com

Website : <http://www.ushamartinuniversity.com>

Usha Martin University was set up in 2012 vide Usha Martin University, Jharkhand Act 2012, to carry its mandate of providing inclusive quality higher education in different fields for sustainable development of the society in the state of Jharkhand and be in conformity with the priorities of the Ministry of Education, Govt. of Jharkhand.

The University is duly recognised by the University Grants Commission under Sec. 2(f) of UGC Act 1956 as a self-financing Private University. Usha Martin University offers a wide range of programmes across disciplines and at various levels of Diploma, UG, PG and Ph.D programmes.

The University aims at nurturing and harnessing local talent to encourage social re-engineering and human capital building in the state. With the appointment of quality faculty, UMU is expected to grow exponentially. In line with its guiding philosophy of quality and credibility, UMU offers only those programmes that have the approval of national statutory bodies.

To enhance access to high quality higher education to all aspirants in the state of Jharkhand, the University has committed itself to the goal of offering cost-effective quality education and facilitates its learners to get financial assistance from various schemes/agencies of the state and central governments.

Vision

To provide value based education relevant for all, nurture local talent, support creation of excellence in teaching, learning and research, produce high quality innovative graduates and contribute toward sustainable development of the state.

Mission

The University shall strive to promote innovative strategies for seamless dissemination and creation of knowledge using latest techniques, available media and technologies so that its graduates acquire skills to get suitable employment and contribute with a sense of service to national and global knowledge pool.

UTKAL UNIVERSITY

Vani Vihar, Bhubaneswar 751 004, Orissa
Phone : 0674-2582817, 2581354, 2581387, 2561929

Website : <http://utkaluniversity.ac.in>

The Utkal University founded on 27.11.1943 is the Oldest University of Odisha. Pandit Nilakantha Dash, Maharaja Krushna Chandra Gajapati and Pandit Godavarish Mishra, amongst other doyens of modern Orissa, played a leading role in the establishment of the University. On 27th of Nov 1943, the Utkal University started functioning at Ravenshaw College (now University), Cuttack. Dr. Rajendra Prasad, the first President of India, laid down the foundation of the present 400 acre sprawling campus on 1st January 1958.

The University thereafter singularly honoured when a great educationist Dr. Sarvapalli Radhakrishnan, the second President of India inaugurated the present campus at Vani Vihar on 2nd January 1963. It was originally an affiliating and examining body only. A number of Post-Graduate Departments and other centers were established in the University Campus. There are more than three hundred general affiliated colleges under the University.

The University has thirteen Autonomous Colleges under its jurisdiction. It has 27 constituent Post-Graduate Departments, 2 Constituent Law Colleges, a Directorate of Distance & Continuing Education and a number of centers like Population Studies, School of Women's Studies, Ambedkar Study Center, Social Exclusion and Inclusive Policy Study Centre, Academic Staff College, a Pre-School and a High School etc. The University offers number of Self Financing Courses. The University also offers innovative teaching Programs in Yoga, Tourism and Journalism under UGC assistance.

Utkal University is recognized by the UGC. It is a member of the Indian Association of Universities and Commonwealth Association of Universities.

The University has now the jurisdiction over 9 Districts, viz, Angul, Cuttack, Dhenkanal, Jajpur, Jagatsinghpur, Kendrapara, Khurda, Nayagarh and Puri and is spread over an area of 24,973 sq. kilometers catering to the needs of higher education of a population of more than 110 lakhs. At present the University has twenty-seven Post-Graduate teaching and research departments located within the campus and three constituent Institutions, viz. Directorate of Distance and Continuing Education, University Law College at Vani Vihar and M.S. Law College at Cuttack. Besides the regular courses, twenty-six sponsored courses are offered under the direct academic control of the P.G. Council of the University.

UTKAL UNIVERSITY OF CULTURE

Sardar Patel Hall Complex, Unit-II
Bhubaneswar , Odisha-751009, India
Phone: +91-674-2535484
Fax: +91-674-2535486

Website : <http://www.uuc.ac.in>

Ancient Odisha was a confluence of cultures of different races. In this holy land, assimilation of the cultures of the Austrians, the Dravidians and the Aryans took place. Geographically, Odisha provides a culture corridor that connects the North with the South.

The sea-faring activities and maritime glory made it the most attractive destination of the eastern coast of India. Successive tides from all sides surged up, rolled in and broke over this land culminating in cultural synthesis. This passage over ages transcended the traditional vision of culture.

Culture in its essence is viewed here as ways of loving together.

Odisha has a unique distinction of acting as a confluence of diverse faiths by striking harmony amongst religious faiths from animism, fetishism, shamanism, ancestor worship to highly evolved forms of religions like Brahminism, Jainism, Buddhism, Islam, Christianity and Mahima Dharma. Vaishnavism, Saivism, Sakta , Ganapatya, Sour-all forms of Brahminic worship are conceived in the wonderful matrix of the great and grand cult of jagannath that embraces in its grandeur quintessences of different religions signifying world-view. The Oriya literature contained this world-view in its essence;

"Let my lie rot in hell"
But be the world saved" –(Bhima Bhoi)

These lines of the saint poet Bhima Bhoi express sentiments of self-sacrifice and selflessness for the well-being of the world at large. Through centuries, the state retained its cultural identity within the mainstream of pan-India culture. Odisha is a land of rich and diverse artistic achievements. Its ageless art and flourishing cultural are the products of a long historical process. Spiritual, philosophical, professional and human dimensions are merged into the process to yield finest efforts of cultural life. Against this background, Odisha Justifiable pioneered the establishment of the first ever University of culture of the country.

UTTAR BANGA KRISHI VISHWAVIDYALAYA

District-Cooch Behar - 736 165, West Bengal

Phone : 03582-270143/270588

Telephone No :03582-270588 (O)

Fax :03582-270143, 270588 (O)

Website : <http://www.ubkv.ac.in>

Uttar Banga Krishi Viswavidyalaya (UBKV) was established in 2001 by West Bengal Act XX of 2000, is contributing to the overall agricultural development of the state, West Bengal by way of developing quality professionals in the niches of Agriculture & Allied Sciences, conducting demand driven research, fine tuning technologies and capacity building of farmers to facilitate socialization, besides providing consultancy and advisory support to the farmers, Government, NGOs and other organizations involved in the agricultural development. It has efficiently dealt and is dealing with the local problems of agricultural production system in different agro-climatic conditions of northern part of West Bengal through research and development. In addition to that the university is focusing to improve the livelihood of farmers and to commercialize farming as a profitable business, besides producing farm graduates after moulding them with self confidence and innovative thinking to meet the national and global needs. The northern part of West Bengal is endowed with diverse natural resources like forest, economic plant resources, agro-ecosystem, etc., together with an extremely responsive rural communities. It comprises old alluvial, terai and hill zones distributed in six northern districts of West Bengal viz., Cooch Behar, Jalpaiguri, Darjeeling, Malda, Dakshin Dinajpur and Uttar Dinajpur. The economy of this part of West Bengal is predominantly agrarian in nature and agriculture is characterised by low productivity and subsistence farming with limited number of crops due to inherent soil-climatic and agro-ecological conditions. Thus generations of improved technologies befitting to the agro-climatic and socio-economic characteristics of this region is an important issue. Keeping this perspective in view, the state government established a satellite campus of the State Agriculture University, Bidhan Chandra Krishi Viswavidyalaya at Pundibari of Cooch Behar district in 1979. Since then the Indian Council of Agricultural Research accredited the campus and started extending development support. A notable change in agricultural and horticultural crop production, productivity and cropping pattern in North Bengal became perspective from late eighties onwards. Despite inadequate manpower and infrastructural facilities, the research, the extension and teaching activities at North Bengal campus were noteworthy. During late nineties post graduate programme was also started. With the introduction of National Agricultural Research Project (NARP), Pundibari became the headquarters of the Terai-agro climatic zone of West Bengal. Since then region specific problems had been taken care of by the campus and a lot of technologies have been generated through various research programme. However, all this were still meagre, with respect to the desire and need of the farmers.

UTTAR PRADESH PANDIT DEEN DAYAL UPADHYAYA PASHU CHIKITSA VIGYAN VISHWAVIDYALAYA EVAM GO-ANUSHANDHAN SANSTHAN

Mathura – 281001, Uttar Pradesh

Phone: +91-0565-2470199, +91-0565-2471178

Uttar Pradesh Pandit Deen Dayal Upadhyaya Pashu Chikitsa Vigyan Vishwavidyalaya Exam Go Anusandhan Sansthan, Mathura, first of its kind in the State and fourth in the Country, was established by Government of Uttar Pradesh vide U. P. Act No. 27 of 2001 on 25.10.2001 with the College of Veterinary Science and Animal Husbandry, the erstwhile U.P. College of Veterinary Science and Animal Husbandry, Mathura as its main constituent College.

Brij area is known since time immemorial for lord Krishna and its animal wealth, particularly cows. There are large numbers of Gau-shalas in and around Mathura having hundreds and thousand of cows. The whole of Brij Kshetra is famous for its milk and products (doodh, dahi, makhan, pera etc.) Recognizing the importance of livestock of this area, the erstwhile U.P. Collage of Veterinary Science and Animal Husbandry was established in Mathura by Government of U.P. in 1947. It was the first Veterinary Collage in Asia to confer the degree in Veterinary Science.

Ever since the establishment of this Collage, it has contributed significantly not only in terms of number of graduated and post-graduated of high Scholastic order, but also quality research of national and international standards. This Collage has a glorious past and the distinction of having its alumni holding high positions in India and abroad as teachers, research workers, policy marker, consultants and administrators.

In the year 1975, this Collage was made a constituent Collage of the newly established C.S. Azad University of Agriculture and Technology, Kanpur. However, keeping in view the requirement of trained and competent manpower in the field of Veterinary Science, Animal Husbandry, Fisheries and other allied disciplines and also to give a fillip to research on different aspect of cattle production, Government of Uttar Pradesh established U.P. Pandit Deen Dayal Upadhyaya Pashu Chikitsa Vigyan Vishwavidyalaya Exam Go-Anusandhan Sansthan, Mathura, the fourth Veterinary University in the country and the Veterinary Collage Mathura became the first constituent College of the University. The University is located on the Mathura-Agra Road and is about 5 km from Mathura Junction railway station and 4km from new bus stand. The main campus of the University is spread over a vast land area of 782.32 acres in Mathura Cantt and about 1400 acres at Madhurikund, about 20 km from the main campus.

UTTAR PRADESH Dr. A.P.J. ABDUL KALAM TECHNICAL UNIVERSITY

Sec-11, Jankipuram Vistar,
Lucknow-226031, Uttar Pradesh
Phone No.-0522-2771079
Email :_registrar@aktu.ac.in vc@aktu.ac.in

Dr. A.P.J. Abdul Kalam Technical University (APJAKTU), formerly Uttar Pradesh Technical University (UPTU), is a public collegiate university in Lucknow in the Indian state of Uttar Pradesh. It was established as the Uttar Pradesh Technical University through the Government of Uttar Pradesh on 8 May 2000. To reduce workload and to ensure proper management, the university was bifurcated into separate universities, Gautam Buddha Technical University and Mahamaya Technical University, with effect from 1 May 2010. In 2013, as a new government came into power, the university was formed again by combining the two on 5 January 2013. It is an affiliating university, with approximately 800 colleges affiliated to it. The university was earlier on the IET Lucknow campus. Now it is in its newly inaugurated campus in Jankipuram, Lucknow. Additionally, the university had a Centre and Regional Office in Noida, Uttar Pradesh, which was retained by Mahamaya Technical University. On 18 September 2015, the university was officially renamed as Dr. A.P.J. Abdul Kalam Technical University. On 20 June 2017, the newly constructed campus of Centre for Advanced Studies, Dr. A.P.J. Abdul Kalam Technical University, Lucknow in Jankipuram, Lucknow was inaugurated by the Hon'ble Prime Minister of India Shri Narendra Modi. All the programmes including MTech, PhD & DSc are AICTE approved. It is a Research Driven Autonomous Government Institution of AKTU & is recognised u/s 2(F) of UGC Act, 1956. At present, CAS is funded by Department of Science & Technology, Government of India. It is trying to get grants-in-aid status from MHRD, GoI u/s 12 (B) of UGC Act, 1956. Uttar Pradesh Institute of Design, Noida is also a new constituent college of AKTU & offers BDes, MDes & PhD programmes approved by AICTE.

Dr. A.P.J. Abdul Kalam Technical University, Lucknow formerly Uttar Pradesh Technical University (UPTU), was established by the government of Uttar Pradesh on 8 May 2000 (Act No. 1248 (2)XVII-V-I-I-19-2000 Uttar Pradesh Adhiniyam Sankhya 23 of 2000). Under the University Act, 'Technical Education' includes programmes of education, research and training in engineering, technology, architecture, town planning, pharmacy, applied arts and crafts and such other programmes and areas that the central government may declare by notification in the Gazette in consultation with All India Council for Technical Education (AICTE). The university was bifurcated into the Mahamaya Technical University and Gautam Buddha Technical University as of 1 May 2010 for better management of education in the state. On 1 May 2013 the Uttar Pradesh government decided to merged GBTU and MTU to bring back the original form of UPTU. On 31 October 2013, GBTU and MTU merged back to UPTU, the university with the maximum number of colleges affiliated to it, in India. The university is affiliating in nature and its jurisdiction spanned the state of Uttar Pradesh. It is one of the largest technical universities in India and perhaps in Asia. Because of its size, the number of colleges affiliated to it, and geographic dispersion, it is sub-divided into five zones with 45–50 colleges in each zone for the ease of management and facilitating inter-zonal comparison and possible internal competition to enhance quality of teaching-learning processes. The university envisioned to facilitate and nurture quality technical education and research in its own premises as well as all affiliated institutions.

UTTAR PRADESH UNIVERSITY OF MEDICAL SCIENCES

Saifai Etawah - 206130, Uttar Pradesh

Email : vc@upums.ac.in vcoffice@upums.ac.in

Tel : 05688-276563 05688-276509

In 2005, U.P. Rural Institute of Medical Sciences and Research, a state run Medical College was established in Saifai village, District Etawah, Uttar Pradesh. It was established by UPRIMS&R, Saifai, Act 2005 notified on 15 Dec 2005. It had been started as a Satellite Centre of Lucknow's Sanjay Gandhi Postgraduate Institute of Medical Sciences functioning at Saifai village, Etawah. In 2005, the Institute of Medical Sciences and Research was established by the UPRIMS&R, Saifai, Act 2005, notified on 15 Dec 2005.

In February 2015, Government of Uttar Pradesh started the process of establishing a university of medical science in Saifai, Etawah. On 4 February 2015, the state assembly passed a bill named "Uttar Pradesh University of Medical Sciences, Saifai, Etawah Bill-2015". At 2 May 2016 the Bill was approved Governor of Uttar Pradesh (Ram Naik) and it become a university at 5 June 2016.

The University is running full-fledged Medical College, Dental College (postgraduate), Paramedical College, Nursing College, Pharmacy College, Multi Specialty 850 bedded hospital and 150 bedded trauma and burn centre. 500 bedded super specialty hospital is being established in the University by Government of Uttar Pradesh with budget of Rs. 650 crores.

UTTARAKHAND AYURVED UNIVERSITY

Railway Station Road, Harrawala
Dehradun - 248 009, Uttarakhand
Phone : +91-135-2685138, 2685124, 2685137
Email : info@uau.ac.in
Website : <http://www.uau.ac.in>

Uttarakhand Ayurved University was established by the Government of Uttarakhand vide Uttarakhand Ayurved University Act, 2009 for the purpose of ensuring, effective and systematic instructions, teaching, training, research and development in ayurved.

After the creation of Uttarakhand State from Uttar Pradesh various efforts have been made by state government to bring socio-economic change in this backward state with difficult geographical conditions. Despite its economic backwardness state is enriched with its vivid *flora and fauna* and is well-known specifically for vast potential of high altitude medicinal plants and herbs. The economic and scientific usage of such diversified resources may be a primary source of overall economic viability and sustainable growth culminating into radical economic growth of local people. With this view, state government has already taken various steps in this direction and the establishment of first Ayurved University in the state may be certainly seen as a giant step in internationally acclaimed field of ayurved.

The University will seek not merely to turn out men as Doctors, Scientists, Merchants, Theologians but also as men of high character, probity and honour, whose conduct through life will show that they bear the hallmark of a great University. It has been now well established that scientific approach needs to be taken in order to establish ayurved globally for which it is equally important to have such academic facilities with state of the art research centre of excellence within the premises of this Ayurved University. This would fulfil the long existing gap of correlation between scientific basis analyses to Ayurvedic form of medical treatment. In order to overcome the lack of basic research in Ayurvedic biology, the Department of Science and Technology (DST), Ministry of Science and Technology, has also constituted a task force of the eminent scientist. The objective is to promote the application of basic sciences in the investigation of Ayurvedic concepts, procedures and products, and nurture the discipline of ayurvedic biology. The research in ayurved has been dominated by studies on medicinal plants and the development of herbal drugs, which has a large market growing at 15 percent per year. The basic research which employs Modern Biology, Immunology, and Chemistry to investigate the concepts, procedures, and products has received little attention. This gap calls out for correction lest the absence of basic studies according to modern scientific protocols should lead to ayurved being regarded as a form of herbal therapy.

Besides, with the establishment of academic facilities, constituents of AYUSH i.e. Ayurved Yoga & Naturopathy, Unani, Siddha and Homeopathy at a single place it is hoped that much needed *intra* correlation amongst these components would also be achieved and established.

UTTARAKHAND RESIDENTIAL UNIVERSITY

Almora – 263601, Uttarakhand
Tel : 05962 - 233145

Uttarakhand Residential University came into existence on 6th September 2016 by the Act No. 20 of the State of Uttarakhand vide Gazette Notification No.230/XXXVI(3)/2016/23(1)/2016 of the legal and parliamentary affairs department of the state with an aim to create a holistic learning centre focused on understanding and responding to societal concerns. The University is contemplated to become a think tank, innovative driver, catalyst and a partner providing sustainable and inclusive technologies and research support for socioeconomic development in the best interest of the State.

Two main complementary ways in which the university proposes to work, will be:

- Development of integrative, impactful degree and professional certificate programmes that shall focus on understanding and responding to contemporary environmental and health issues with special reference to the state of Uttarakhand.
- Promoting collaborations with academia, industries and research organizations in partnership with other societal groups, community based organizations, which may look externally to work in partnership with other societal groups, community based organizations, non-profit public agencies, policy makers and business groups.

The mission of Uttarakhand Residential University (URU) is to create an atmosphere where students create and apply knowledge by thinking and doing, preparing for leadership in a rapidly changing world. We believe that an intelligent student who is comfortable just in reading books, can also study practically BUT a student who learns better practically, will not be able to study properly just by reading, so, education should be skill based rather than knowledge based so that it will be easy for all students to study faster and understand better. The purpose of education, in the present day world, is empowerment enabling one to earn one's livelihood and live a life of dignity. We all know that skill-based education, if taken and promoted seriously, can provide this empowerment to our huge, unemployed labour force and help India emerge as key contributor to a global skills based economy. It will induce a shift from 'telling what I know' to 'showing what I can do'. The idea is to 'demonstrate learning' rather than 'vocalize knowledge'. Keeping in mind these facts, University has decided to initiate following courses under PPP model to become an institution to nurture employable human resource embedded with life skills. Most important part of these courses shall be "On the job Training" (OJT) as part of the curriculum that aims to train and orient students about the work and their future career. OJT is very important not only to teach students their chosen career but also to show students the reality about working. It will be a rigorous training plan put in place to ensure that the employee has the skills needed to be successful, contributing to long-term retention.

Higher education is the most critical element of growth in this era of knowledge economy. We need to at least double the Gross Enrollment Ratio (GER) to remain active contributors to growth in this era. This truth has been well recognised by many policy planners, commissions and thoughtful individuals. The National Knowledge Commission has brought out valuable documents outlining the critical role of higher education. In this context, the role of Open and Distance Learning System (ODL) becomes significant and unique. The experience across the globe substantiates that ODL system is an effective tool for educationally empowering the different sections of society who, for one reason or the other, had missed the formal 'face-to-face' education. These days, distance education provides many vocational, professional and technical courses, including specialised programmes oriented towards the higher end of technology usage. It also has the potential to reach the unreached, marginalized and excluded people residing in distant places and difficult terrain. Strictly in tune with the philosophy of ODL system, Uttarakhand Open University (UOU) was established by an Act of Uttarakhand Legislative Assembly in 2005 (Act No. 23 of 2005) with the aim of disseminating knowledge and skills through distance learning, using the flexible and innovative methods of education to ensure 'independent learning'. The University uses novel educational programmes, various modes of communication technology and contact sessions to make distance learning more effective. The major objective of the University is to cater to the educational needs of the target groups to create skilled and knowledge based human resource for speedy upliftment and development of the State. The University aims to impart quality education by maintaining high academic standards. For this purpose, it has radically reoriented itself in view of the rapid changes in the sphere of professional and technical education and has developed a number of new and innovative self-employment/ employment oriented courses of study. Uttarakhand Open University is especially focusing on the educational needs of women, the tribals and other marginalized sections. It has extended its reach to most distant and difficult places and has made its presence felt even in the remotest corners of the state. It has signed MoUs with various providers with the sole aim of sharing resources and knowledge for the benefit of the people. The vision of the University is to provide the most critical components of growth, through quality higher education, to the state of Uttarakhand. UOU offers its programmes through 300+ Study Centres established at different locations in the state under eight Regional Centres at Dehradun, Roorkee, Pauri, Uttarkashi, Dwarahat, Bageshwar, Haldwani and Pithoragarh. The University has also signed Memorandum of Understanding with several leading research institutions, companies and professional bodies for the benefit of its students.

उत्तराखण्ड संस्कृत विश्वविद्यालय प्राच्य विद्याओं के संरक्षण एवं संवर्धन के ध्येय को सामने रखकर कार्य कर रहा है। विश्वविद्यालय के साथ उत्तराखण्ड के 44 महाविद्यालय सम्बद्ध हैं और मुख्य परिसर हरिद्वार में स्थापित है। विश्वविद्यालय ने आधुनिक विषयों और विद्याओं को संस्कृत के साथ जोड़कर अध्ययन-अध्यापन की पहल की है।

भारत सरकार द्वारा प्रस्तावित संस्कृत आयोग 1956-57 की अनुशंसा के आधार पर उत्तराखण्ड प्रदेश में संस्कृत शिक्षा के उन्नयन के लिये उत्तराखण्ड संस्कृत विश्वविद्यालय की स्थापना 21 अप्रैल, 2005 को की गई।

प्रदेश में संस्कृत शिक्षा के क्षेत्र में अग्रणी भूमिका का निर्वहन करते हुए यह विश्वविद्यालय निरन्तर प्रगति पथ पर बढ़ता जा रहा है आज देश के विभिन्न संस्कृत विश्वविद्यालय में यह अपना स्थान बना चुका है।

विगत कुछ दशकों से देशभर में पुनः संस्कृत भाषा का व्यापक प्रचार-प्रसार दिखाई देता है। उस संस्कृत भाषा के संरक्षण, उन्नयन, आधुनिक ज्ञानविज्ञान के नवाचार और नवोन्मेष के लिए यह विश्वविद्यालय सक्रिय है।

वर्तमान समय संस्कृत, कम्प्यूटर और विज्ञान के बीच अभूतपूर्व सम्भावनाओं का है, इसलिए संस्कृत विश्वविद्यालय ने संस्कृत, कम्प्यूटर के अन्तर्सम्बन्ध पर आधारित शैक्षिक गतिविधियों को भी अपनी प्राथमिकता प्रदान की है।

Email : reg@vmou.ac.in, vc@vmou.ac.in

Website : <http://www.vmou.ac.in>

Vardhaman Mahaveer Open University (VMOU or previously known as Kota Open University, renamed through a Gazette notification by the Government of Rajasthan on 21st September 2002) came into being in 1987 as a pioneering institution for open learning in Rajasthan. The idea of establishing an open university in the State of Rajasthan has its origin in the observations of the UGC Committee under the Chairmanship of Late Prof. G. Rama Reddy which observed that “the distance system in Rajasthan is well established and has the potential of growing into a full-fledged Open University.” The establishment of VMOU (Vardhaman Mahaveer Open University) took place with the amalgamation of two institutes of correspondences courses viz. Institute of Correspondence Studies and Continuing Education Jaipur and (College of Correspondence Studies) Udaipur with a view to strengthen and achieve proper coordination among the scattered vast distance education resources and to serve the people of State a uniform high quality education. The university headquarter is located at Kota and its operational jurisdiction extend to the whole of Rajasthan. The Open University in Rajasthan was initiated : As an instrument of democratizing education and to augment opportunities for higher education. To widen access to and promote a flexible, innovative and cost-effective system of education.

The major objective of VMOU is to provide educational opportunities to a larger segment of the population, particularly disadvantaged groups such as SC/ST, people living in rural and remote areas, women, in-service people and so on. Some of the functions to be performed by the University as per Act are : To provide for instruction and research in branches of knowledge technology, vocation and profession as the university may deem necessary of proper; To prescribe courses of study for degrees, diplomas, certificates or any other purpose; To hold examinations and confer degrees, diplomas, certificates and other academic distinctions; To determine the manner of distance education system so as to organize academic programmes; To associate with other universities and institutions especially with IGNOU in order to have therewith interlocking system in the field of distance education. To institute and award fellowships, scholarships and prizes; To establish and maintain Regional Centers and Study Centers as institutional devices for catering to distance education in the state; To accord recognition to examinations, studies and activities conducted by other universities, institutions, academic bodies and organizations; To perform all such functions which are necessary for and incidental in achieving the aims and objectives of the University.

VANITA VISHRAM WOMEN'S UNIVERSITY

Jawaharlal Nehru Marg, Athwa Gate

Marathwada Agricultural University (MAU) is one of four Agril. Universities in the State of Maharashtra. Prior to original Maharashtra Agricultural University, it was established on May 18, 1972 to fulfil the regional aspirations of agrarian growth. It is entrusted with the responsibilities to provide education in agriculture and allied fields, undertake research and facilitate technology transfer in Marathwada region of Maharashtra. The first college of Agriculture was established in this region at Parbhani in 1956 by Hyderabad State Government just before State reorganization. During Nizam's rule, however, agricultural education was available only at Hyderabad but crop research centres viz., sorghum, cotton, fruits existed in the region. The foundation of research was laid by the erstwhile Nizam State with commencement of the Main Experimental Farm at Parbhani in 1918. The famous 'Gaorani' desi cotton is the result of the research on cotton and local sorghum cultivars were improved by selection by the then Economic Botanist. Since then Parbhani remain the hub of educational, research and extension activities in Marathwada.

Established in 1972, on Land grant pattern, Marathwada Agricultural University (MAU) Parbhani is one of the four Agril. universities in state of Maharashtra. Except some industrialization around Aurangabad and Nanded, the entire region has rural setting. The objectives of the University are : Education in agriculture & Allied Sci., Undertake Research based on regional needs and facilitate Technology transfer etc. VNMAU is one of four Agril. Universities in the State of Maharashtra. Prior to original Maharashtra Agricultural University, it was established on May 18, 1972 to fulfil the regional aspirations of agrarian growth. It is entrusted with the responsibilities to provide education in agriculture and allied fields, undertake research and facilitate technology transfer in Marathwada region of Maharashtra. The first College of Agriculture was established in this region at Parbhani in 1956 by Hyderabad State Government just before State reorganization. During Nizam's rule, however, agricultural education was available only at Hyderabad but crop research centres viz., sorghum, cotton, fruits existed in the region. The foundation of research was laid by the erstwhile Nizam State with commencement of the Main Experimental Farm at Parbhani in 1918.

The famous 'Gaorani' desi cotton is the result of the research on cotton and local sorghum cultivars were improved by selection by the then Economic Botanist. Since then Parbhani remain the hub of educational, research and extension activities in Marathwada.

Purvanchal University, Jaunpur renamed as Veer Bahadur Singh Purvanchal University in the honour of late Shri Veer Bahadur Singh, former Chief Minister of the State, was established on 2nd October 1987 as an affiliating university under U.P. State university act 1973. Continuous qualitative and quantitative growth, excellence in academic and administrative activities, transparent and efficient academic administration have been some of the distinct characteristics on the basis of which the university emerged as one of the leading universities of the country.

Started with the 68 affiliated colleges, the university now has widened it's spectrum of activities with 367 affiliated graduate and post-graduate colleges and students enrollment of nearly three lacs and eighty thousand in 5 Districts of Eastern Uttar Pradesh.

The university is located at 10 km from the historic city of Jaunpur on Jaunpur-Shahganj road which divides it's 171.5 acres campus into two. Jaunpur is well connected by Train, Road and Air with rest of the country.

The infrastructure development, achievement of academic excellence, quality assurance in the higher education and socio-economic development of this highly backward & rural region of Eastern Uttar Pradesh are some of the priority areas for which the university is putting its best efforts.

The beginning of two-year full-time residential MBA course in 1990 was one of the first steps towards making change in the character of the university from affiliating to affiliating cum-residential university.

Hills cover major part of Uttarakhand State. About 65% of the total geographical area is under forest. For myriad reasons, agriculture in hill region of the State has been at subsistence level. However, horticulture and forestry are the two major sectors that hold enormous potential for sustainable growth.

With a view to develop these sectors through scientific interventions, the State Government has established Uttarakhand University of Horticulture & Forestry (UUHF) by an Act of State Legislative Assembly [The Uttarakhand Krishi Evam Prodyogik Vishwavidhyalaya (Amendment) Act, 2011 {Uttarakhand Act No.13 of 2011}] dated 28th April, 2011 with Head Quarter at Bharsar, Pauri Garhwal.

The Notification No. 732/XIII-II/2011-12(02)/2011, dated 26th September, 2011 has also been issued in this regard by the State Government. With the establishment of UUHF, various campuses, Colleges, Research Centres and KVKs viz., Veer Chandra Singh Garhwali College of Horticulture, Bharsar; Krishi Vigyan Kendra, Distt. Pauri Garhwal; College of Forestry and Hill Agriculture, Ranichauri; Krishi Vigyan Kendra, Distt. Tehri Garhwal; Research Centers at Kanatal and Gaja (Tehri Garhwal) of Govind Ballabh Pant University of Agriculture and Technology have been merged with UUHF.

UUHF is a State Government University and its area jurisdiction is whole of Uttarakhand.

The principal mandate of the University is to contribute in the development of horticulture especially temperate and sub-tropical, and forestry including agro-forestry and wild life through teaching, research and extension.

VEER KUNWAR SINGH UNIVERSITY

Arrah, Bihar - 802301

Tel: 06182-239209(O), 239136(R)

Fax: 06182-239369

E-mail: ccde@vksu-ara.org, registrar@vksu-ara.org

Website: <http://www.vksu-ara.org>

Veer Kunwar Singh University named after the well known national hero and distinguished freedom fighter of 1857 was established on 22nd october 1992 October, 1992 with its Head Quarter at Ara, under the Bihar University Act 1976 [as amendment Act 9 of 1992]. Its jurisdiction covers four western educationally backward Districts of Bihar [Bhojpur, Buxar, Kaimur & Rohtas]. It serves the educational needs of more than one crore population of these Districts through its 20 University Post Graduate Departments, 17 Constituent Degree Colleges, three Law Colleges and forty seven affiliated Degree Colleges.

This University has already been enlisted in the list of recognised Universities under Section 2(f) of the U.G.C. Act. All its 17 Constituent Colleges and one affiliated College are receiving financial assistance from U.G.C. by virtue of being Constituent/Affiliated Colleges of erstwhile Magadh University, Bodh-Gaya, Bihar.

Keeping in view the inadequacies of the facilities for Higher Education and Research in this region Veer Kunwar Singh University has introduced new courses like B.C.A., B.Sc. (IT) B.B.A., B.Sc. (Bio-technology) and B.Sc. (Industrial Fisheries), B.Ed., M.B.A, M.C.A., M.Sc. (Bio-technology), M.Sc. (Env. Science), M.A.(P.M.I.R.) ad Bachelor of Library Science and Information Science from the academic session. 2006-07, various U.G.C. sponsored programme under career oriented programme of the U.G.C., the constituent and affiliated college have introduced Certificate / Diploma / Advanced Diploma programme such as D.C.A., Rural Management, Tissue culture, Fisheries, hospital waste Management, Fashion designing, E-commerce and computer hardware maintenance.

The need for strengthening its extension activities, the University has submitted a proposal to the State Government .

For improving the quality of Governance at grass root level, the University in anxious to introduce Training Programme for the elected representatives of Panchayati Raj and public functionaries associated with Panchayati Raj in collaboration with the State Government.

The need of the region comprising South Gujarat to have a separate university was voiced initially by educationists such as Atisukhshankar Trivedi who through public speeches and writings created awareness and gained support for this demand. This was immediately taken up and strongly supported by the Education societies of Surat and Navsari which already supported and managed colleges in various disciplines imparting both Undergraduate and Postgraduate education. Moreover, these were some of the most highly reputed academic centres under both the University of Bombay and the Gujarat University. The outcome of these moves was that at a meeting of educationists and eminent citizens organized under the auspices of the Sarvajanic Education Society in Surat on July 31, 1960 a committee of 38 members was appointed to draw up guidelines and principles for the establishment of a separate university for South Gujarat. This document was submitted to the Chief Minister and Education Minister of Gujarat.

When Dr. C. D. Deshmukh, the then chairperson of the University Grants Commission, visited Surat in December 1960, the same document was submitted to him. In February 1961 a submission entitled South Gujarat University : A Tentative Phased Programmed for its Establishment and Development was handed to the Education Minister. Further, at a meeting of this committee held in August 1962 a representational committee was appointed to explain the need, feasibility and urgency of the demand for a separate university for South Gujarat to the Education Minister. This committee popularly came to be known as the Lalbhai Committee after its Chairperson Shri L. R. Desai, Vice-Chancellor of Gujarat University who continued to chair first, the Evaluation Committee of 1964 and later, the Advisory Committee appointed under Veer Narmad South Gujarat University Act, 1965. The passing of this Act and the Saurashtra University Act was the outcome of these concerted efforts which led the Gujarat government to accept it in principle in 1964 and to set up a ten member study team to go into the question thoroughly from all angles. In addition to the many general recommendations for the efficient and effective organization of courses and administration in the new university [to cover the districts of Bharuch, Surat, Dang, Valsad (including areas under foreign dominion which have or may later join this territory)] this committee made very far-sighted recommendations for specific courses of study specially suited to the nature and development of the region. Among the courses recommended were : Rural Studies, Microbiology, Forestry, Textile & Manmade Fibre Technology and Petrol Technology & Petrochemicals.

VEER SURENDRA SAI UNIVERSITY OF TECHNOLOGY

Burla, Sambalpur, Odisha - 768018

Phone : (0663) 2430211

Fax: (0663) 2430204

Email : info@vssut.ac.in

Website : <http://vssut.ac.in>

The Veer Surendra Sai University of Technology (VSSUT) Odisha was formed by Orissa Act 9 of 2009 by converting University College of Engineering (UCE), Burla to a non-affiliating Unitary University and came into force by issue of notification by the Industries Department, Government of Odisha from 1st day of July 2009 (Vide memo No.IV/TTI-33/2009-8553 and 8564 dtd.10th June 2009).

The 1st Statutes of VSSUT, Burla 2010 has been approved by the Odisha Government vide Industry Department notification No.V-FE-II-01/2010/8697 dated 21st June, 2010. This State Government University is also recognized by University Grants Commission (UGC), New Delhi vide UGC letter No.. F.9-36/2009(CPP-I) dtd. 5th Jan 2010. The University is empowered to award degrees as specified by the UGC under section 22 of the UGC Act. Proposal for 12(B) fitness of UGC has already been submitted to UGC.

This legendary University is named after Veer Surendra Sai, the great Indian freedom fighter who was born on 23rd January 1809 and sacrificed his life fighting against the British and died in obscurity in Asirgarh Jail on 28 February 1884. In a University where so many young scholars have come to build their lives, Veer Surendra Sai is a perfect role model for our professionals in making to dedicate their life to the cause of motherland.

The University continues to feel proud for this real life hero. Situated at the foothill of world famous Hirakud dam, the early history of the University is a fascinating chapter in the story of technical education in Odisha. Established on 12th Aug. 1956, at Burla in the name of University College of Engineering (UCE), the first engineering college was functioning as a constituent college of Utkal University, Bhubaneswar.

The primary objective was of establishing the engineering college is to produce engineers who can manage Hirakud Dam.

VEL TECH RANGARAJAN Dr. SAGUNTHALA R & D INSTITUTE OF SCIENCE AND TECHNOLOGY

Vidyashilp Today

Vidyashilp Education Group has a heritage of nearly four decades in K-12 education. From a single room with 30 students in 1982, the group has grown to 3 schools and 2 preschools in various parts of Bangalore. The Vidyashilp institutions provide an educational experience of the highest quality and aim to advance the frontiers of knowledge and to prepare students for life, work, and leadership.

The Foundation of Vidyashilp University

Vidyashilp University is the culmination of an outstanding legacy of the Vidyashilp Education Group, committed to excellence in education. Vidyashilp University aims to foster an environment and culture of collaboration, responsiveness, high performance and service. We are people-centred and provide a unique Vidyashilp Experience to our students and staff, focused on nurturing students who will become self-aware, confident, empathetic and resourceful, and leaders who serve the society.

VU's primary educational goal is the cultivation of deep domain knowledge within each student's chosen field. We believe that investing in all our domains with differentiated focus areas is essential to create intellectual capital, drive progress and achieve excellence.

The various Schools of Learning at VU will be concentric in engagement and bring in interdisciplinary dependence to create deep domain knowledge for manifold applications. The design of curriculum and pedagogical approach at VU enables interdisciplinary problem-solving exposure for various enterprise/industry application contexts.

OUR VISION

We aspire to provide meaningful, collective learning experiences that result in conscientious leadership for a progressive, yet sustainable society.

The Vikrant Group of Institutions have embarked on a mission with zeal to imbibe a culture of providing quality education to the learners, thereby leading the learners to the pinnacle of success. To achieve this, abinito we have created a State of Art Infrastructure and indepth resources of through diehard professionals in our team. Our all out endeavour is to groom young future leaders to be complete value driven human beings and competent professionals with a deep passion for our country.

The biggest strength of our Institutes is the renowned faculty members having distinguished academic achievements in different areas of technology, management and other related basic disciplines. The endeavour is to have a progressive outlook and introduce innovative teaching-learning process.

Mission

Vikrant Group of Institutions aims to become a pivotal institution in central India, to promote acquisition of new knowledge, creative thinking and generate skilled manpower in sync with dynamics of the industry.

Vision

To make Vikrant Group of Institutions the Centre of Excellence and catapult its students to a path leading to the pinnacle of success, as well as groom them as future visionaries and entrepreneurs.

Core Values

Vikrant focuses on creating ambitious human resources while nurturing innovation, knowledge, research, and talent with an optimistic outlook.

VIT-AP UNIVERSITY

Inavolu, Beside AP Secretariat
Amaravati -522 237, Andhra Pradesh
Email : admission@vitap.ac.in info@vitap.ac.in
Tel : 0863 2370444 / 7901091283

VIT-AP offers distinctive education through its Undergraduate, Postgraduate and Ph.D Programmes. The teaching-learning process at the institute prepares students for the future. They are involved in an active process of applied learning with the help of experienced faculty who enable the students to channel their talent and intellect to contribute towards the development and sustainability of society. With an emphasis on innovation and applying technology to improve life, the institute offers the following programmes for students at various levels.

At VIT-AP, all programmes have been carefully crafted for a holistic development of the students. The curriculum is designed to build strong fundamental concepts in tandem with applications based on industry requirements. The emphasis is on autonomous learning with a balanced mix of co- and extra-curricular activities enabling students to chart their own course. This is achieved through a Fully Flexible Credit System (FFCS™) in which students can select courses, faculty, timings, venue and design a personalized time-table in each semester, to suit their interests and aspirations. With a fast growing 200 acre campus in the heart of Amaravati, the capital of Andhra Pradesh, the institute provides a comfortable and vibrant life on campus. In less than a year, our campus has two fully functional blocks, and three more coming up shortly. The aim is to create a green, educational and recreational space where learning is made meaningful and enjoyable.

The VIT-AP hostels are highly secure and well guarded. Only VITians & VIT authorized personnel are allowed inside. We aspire to make the hostel a 'home away from home'. Each hostel room is equipped with a cot, chair, study table and cupboard. Resident wardens are available 24×7. Provision stores are located in the hostel where students can buy essentials such as mattresses, pillows, buckets, mugs, locks, stationeries, books, soaps. Both AC and Non-AC rooms are available. The type of room is allocated on the first-come first serve basis and availability once the hostel fee is paid in full.

The VIT-AP Library, is located in the AB1 block of the university. It epitomizes the spirit and strength of the institute which is, "Apply Knowledge and Improve Life". It offers an excellent opportunity to transform the academic environment of the University campus as a provider of information and a facilitator to learning. It has a rich collection of reference books, textbooks and research journals in both electronic as well as in print formats encompassing the field of engineering, basic sciences, management and allied subjects. Continuous updation be it using information technology or titles procured is incorporated to improve the quality and efficiency of the services that the library provides. This space also provides a conducive environment for intellectual inquiry by providing user-focused services to obtain and evaluate scholarly information and knowledge.

VIT Bhopal University, envisioned with a new global outlook will empower its aspirants to attain excellence through learning. The comprehensive teaching methodology designed by the University, redefines the approach to learning, educating and building knowledge based societies in the country. Collaboration with reputed national and international organisations and strategic partnerships with universities around the world are being established, to prepare a globally competent generation of professionals. The culturally diverse student community is trained to develop appropriate technologies to address socially relevant issues that align with the Nation's self-sustainability and development initiatives.

VIT Bhopal University led by Founder and Chancellor Dr. G Viswanathan, has been established with a vision to create technically skilled young minds at the heart of India. Vice-President Mr. Sankar Viswanathan, and Assistant Vice-President Ms. Kadhambari S Viswanathan, have pioneered this important milestone for VIT, by setting up the University in Madhya Pradesh to cater to the growing demand for quality higher education in India. Under the able administration of Vice-Chancellor Dr. P Gunasekharan and the Registrar Dr. R Padmanabhan the University is making valiant strides in attaining academic excellence.

Vision

We at VIT University will impart futuristic technical education and instil high patterns of discipline through our dedicated staff, who shall set global standards, making our students technologically superior and ethically strong, who in turn shall improve the quality of life of the human race.

Mission

Our mission is to educate students from all over India, including those from the local and rural areas, and from other countries, so they become enlightened individuals, improving the living standards of their families, industry and society. We will provide individual attention, world-class quality education and take care of character building.

Our mission is to educate students from all over India, including those from the local and rural areas, and from other countries, so they become enlightened individuals, improving the living standards of their families, industry and society. We will provide individual attention, world-class quality education and take care of character building.

Quality Assurance: An Institute Par Excellence

VIT University, established under Section 3 of the University Grants Commission (UGC) Act, 1956, was founded in 1984 as a self-financing institution called the Vellore Engineering College. The Union Ministry of Human Resources Development conferred University status on Vellore Engineering College in 2001. The University is headed by its founder and Chancellor, Dr. G. Viswanathan, a former Parliamentarian and Minister in the Tamil Nadu Government. In recognition of his service to India in offering world class education, he was conferred an honorary doctorate by the West Virginia University, USA. Sankar Viswanathan, Sekar Viswanathan and G.V. Selvam are the Vice-Presidents; Dr. V. Raju is the Vice-Chancellor and Dr. Anand A. Samuel and Dr. S. Narayanan are the Pro-Vice-Chancellors.

New Standards & Accreditation

It has been the constant aim of VIT University to incorporate features of excellence in its campus. Every effort is made to improve the existing best practices in these fields. The Management and staff at VIT take great care to ensure that the Institute serves as an exemplary role model for other educational institutions across the country.

VIT has not only accommodated these features of excellence, but it has also added value to them by matching them with the expectations of the resident student community and the staff. VIT's position of excellence among educational institutions in India is primarily because of these unique features.

VELS INSTITUTE OF SCIENCE, TECHNOLOGY AND ADVANCED STUDIES

Velan Nagar, P.V. Vaithiyalingam Road

Vels Institute of Science, Technology and Advanced Studies (VELS University) has successfully marched into the sixth year since it was declared a Deemed to be University in 2008.

Growing from a humble beginning in 1992, Vels Group of Institutions is now spread across 4 Campuses within the city of Chennai. Vels University enjoys a respectable position as a seat of learning and research amongst the reputed universities in India.

It is indeed a matter of great satisfaction for me to note that significant improvements have been made in the sphere of imparting higher education at the University.

The University has initiated many good practices for healthy living which include healthy life style of exercise, proper diet and abstention from tobacco and other harmful drugs. Cultivating good habits during academic phase will pay huge dividends later in life. We expect students to respect others, dress properly for the occasion, take on responsibility, be articulate, and adhere to university policies.

Innovative research in various new disciplines and new scientific courses have been introduced which will greatly help to create an atmosphere essential for acquiring a high academic standard.

It is commendable that the university has created modern infrastructure to make it possible for students to update their knowledge. The university is also a member of the National Knowledge Network.

The University is maintaining a balance between modern trends in education and the enduring values of our nation.

VENKATESHWARA OPEN UNIVERSITY

Venkateshwara Open University is an international seat of higher learning and a non-profit foundation. The dreamer, our founder Chancellor, Shri Sudhir Giri is a man of passion and commitment.

He vowed to achieve something special in the field of higher education for the benefit of youth from poor financial background and unreached remote areas. Shri Giri is a young and dynamic entrepreneur who has been bestowed with prestigious awards namely “R.N. Tagore Award” in the year 2003 and “UP Ratna Award” in the year 2010, by Govt. of Uttar Pradesh, in recognition of his distinguished and passionate service to the society.

His guiding force is to bring people together by removing the evil of hatred, spreading love and happiness, building esteem of high morals, National Character and to extend quality education services to the mankind so as to make the dream of “VASUDEVA KUTUMBAKAM” (International Brotherhood) come true.

Venkateshwara Open University provides a mentored educational experience to the learners at doctoral, post-graduate and graduate levels to imbibe social changes in the communities around India and world. Venkateshwara Open University is strongly wedded to orienting education to capable and aspiring students for meeting the rapidly changing needs and challenges of the universe in general and of India in particular. The University education is an organized attempt to help people to become intelligent, self reliant and enable them to face real life situation along with economic and ethical relevance to the society.

We at Venkateshwara Open University have evolved and adopted the teaching programmes, and methodology requiring the students to undergo the rigors of the professional world in forms as well as in substance providing them an opportunity to apply their class-room knowledge to live situations, thus to build the long needed bridge between the professional and the educational world.

Venkateshwara Open University has been established through Arunachal Pradesh State Legislative Act, LAW/LEGN-0/2012, Arunachal Pradesh (Act No.10 of 2012). VOU has vital and rich experience in the field of Education including Open and Distance Education

VIDYASAGAR UNIVERSITY

Website : <http://vidyasagar.ac.in>

Vidyasagar University, named after one of the most illustrious sons of Bengal as well as one of the doyens of Indian Renaissance, Pandit Iswar Chandra Vidyasagar, has grown out of a long cultural and educational movement in West Bengal in general and in the undivided District of Midnapore in particular. The idea of founding a University in the District was mooted by the various organizations, notably by the Regional Education Association, Midnapore, headed by Professor A.K.Gayen of IIT, Kharagpur.

The Ghani Committee appointed by the U.G.C. also suggested, among others, for the setting up of a University in Midnapore on the ground of its 'having a compact area and a manageable number of colleges' (at that time there were 36 colleges with an enrolment of about 42,000), and also of its 'having the great advantage of co-operation of the IIT, Kharagpur. The Committee was also of the opinion that the new University would develop on the lines suited to the needs of this backward area. To give honour and respect to these pious intentions and proposals, the Government of West Bengal decided in 1978 to establish Vidyasagar University.

The U.G.C. approved the proposal and on the advice of, and in consultation with the U.G.C., the State Government appointed a Planning Committee in March 1979 to lay down the lines of development and to take initial steps to found the University. The Committee submitted its report in October. Then the Vidyasagar University Act, 1981 (West Bengal Act XVIII of 1981) was passed; some of its sections were brought into operation on 24th June 1981. Finally, Professor Bhupesh Chandra Mukherjee joined as the first Vice Chancellor of the University on 29th September 1981. Academic activities started when through a Notification [no. 983-Edn (U), dated Calcutta the 23rd May] issued by the State Government, 30 colleges of the District of Midnapore were affiliated to the Vidyasagar University with effect from 1st June 1985. The foundation stone of the main campus at Tantigaria mouza of Midnapore Sadar Town for post graduate teaching and central administration of the University, was laid on 18th July 1983 by the then Hon'ble Chancellor of the University and Governor of West Bengal, Late B.D.Pande. On 15th January 1986, it was inaugurated by Shri Jyoti Basu, the then Chief Minister of West Bengal. From the next day (16th January) classes commenced in six post graduate departments: Anthropology, Applied Mathematics with Oceanology and Computer Programming, Commerce with Farm Management, Economics with Rural Development, Library and Information Science, Political Science with Rural Administration.

Vijaybhoomi University is a Private University located in Karjat, Maharashtra, India. It was established in 2018 by an Act of the State Legislature of Maharashtra. It is recognized by the University Grants Commission (UGC) under Section 22 of UGC Act.

Vijaybhoomi University was established on 17 December 2018 through the Vijaybhoomi University, Raigad Act, 2018. Established as a liberal professional university, it offers undergraduate and postgraduate programs in the fields of business administration, commerce, engineering, law and design.¹ The university pursues collaborations with ESCP Business School and INSOFE.

Vijaybhoomi University is India's first liberal University, which aspires to offer relevant and quality education and engage in high-quality research in engineering, business, law, science, and liberal arts. Our university, based in Karjat, Raigad, is devoted to nurturing holistic, socially responsible, and continuously employable professionals who make a positive difference in the world. We do not just focus on making an individual "industry-ready" instead we focus on developing his personality to face and transcend any challenge in any niche.

The Vijaybhoomi Difference

Here is what helps our university stand out amongst 700+ academic institutions in India

1. Design thinking principles and a liberal curriculum to create a strong foundation for every program
2. The multimodal experiential learning-based approach in teaching pedagogy
3. Work-based learning programs
4. The provision of lateral movement between vocational and formal degree programs
5. Incubation facilities for Innovation and Business Ventures
6. Blended asynchronous and synchronous course delivery

Vision

To become an independent, multi-disciplinary, globally acclaimed university which facilitates learner-centricity, builds pathways to groom holistic individuals, and fosters innovation and scholarship to impact practice and communities.

Mission

Nurture holistic, socially responsible and continuously employable professionals.

VIJAYANAGARA SRI KRISHNADEVARAYA UNIVERSITY

Vijayanagara Sri Krishnadevaraya University (VSKU) is a State University Established by the Government of Karnataka under the Karnataka State Universities Act 2000.

It is a affiliating university with about 100 affiliated colleges offering both undergraduate and post graduate programs. The university covers the Districts of Bellary and Koppal.

The region under the jurisdiction of the university is considered economically and educationally backward compared to national and state average.

Hence the university endeavors to embark on innovative means of higher education in order to make it both qualitative and affordable.

VSKU has two post graduate campuses. The main campus, "Jnana Sagara" is located at Vinayaka Nagar, Bellary.

The campus is spread over an area of about 100 acres, houses all the key administrative departments of the university as well as 14 post graduate departments.

The second campus "Jnana Sarovara" is located at Nandihalli in Sandur Taluka of Bellary District. This lush green campus has 10 post graduate courses with adequate hostel facilities both to boys and girls as well as accommodation to faculty.

VIKRAMA SIMHAPURI UNIVERSITY

Dargamitta, Nellore-524003

Phone : 0861 2352366,2352377

Email : vsuregistrar1@gmail.com

Website : <http://www.simhapuriuniv.ac.in>

Nellore, came into being, fulfilling the long-cherished dream of the people of Nellore District, re-christened Potti Sriramulu Nellore District since 2008, by G.O.Ms. No. 89, Higher Education (U.E.II) Department, dated 25.06.2008. This GO makes history in the field of Higher Education in Andhra Pradesh since it paves the way for the establishment six new Universities in six Districts in Andhra Pradesh. Vikrama Simhapuri University, Nellore, in its seminal role as a higher institute is grooming the careers of the youth to create a think-tank of resourcefulness for macro stakes in nation-building. The University is currently offering eleven courses keeping in view the resources of the region and the employability of the graduates. The University was established by Act No. 29/2008 enacted by the Legislature of the State of Andhra Pradesh on 25th June 2008. It started offering six Postgraduate courses of contemporary relevance from August 2008. Research programmes leading to the award of the Ph.D. degree have been launched on 29.08.2010.

Giving the University a full-fledged status, the Government of Andhra Pradesh in a letter from the Principal Secretary to Government, Higher Education Dept.No.9855/UE-II/2008-4 dated 09.04.2010, has authorized the University to exercise its powers of affiliation under the A.P. Universities Act, 1991, to bring UG/PG/ MBA & MCA (Professional)/ Oriental, B.Ed, Law, colleges and one Engineering college, in Sri Potti Sreeramulu Nellore District under its jurisdiction from the academic year 2010 - 11. Thus 127 colleges, hitherto affiliated to Sri Venkateswara University, Tirupati, have been brought under the fold of Vikrama Simhapuri University, Nellore. Meanwhile the University Grants Commission conferred recognition on the degrees awarded by Vikrama Simhapuri University under Section 22 of the UGC Act, vide its communication No. F.9.2/2010 (CPP-I/PU) dt. 20 Jan 2010. The Association of Indian Universities has brought the University under its fold, vide its communication Meet/Mem/2010 dt. June 2, 2010.

The courses are designed keeping in view the demand for the subject, scope for the intellectual development of the student within the disciplinary boundaries, the relevance of the course broadly for the region and the nation, employability of the student, and his ability to contribute, through the skills and practical training acquired at the University, to regional and national development and to national wealth. That Nellore is fast metamorphosing itself into an industrial city with a concentration of major industries around a twenty kilometer zone of the area where the University is going to be located and that the District administration is gearing itself up to prepare a HR Atlas for the purpose are also factors taken into the reckoning in the matter of course design.

VIKRAM UNIVERSITY

Kothi Road, Ujjain 456 010, Madhya Pradesh

Tel : 0734-2514270, 2511673, 2514277, 2512074

Fax : 0734-2514276, 2518181

Email : vcvikramujn@gmail.com, vcvvujn@sancharnet.in

Website : www.vikramuniv.net

Ujjain is known for its antiquity and its rich cultural and religious traditions. It has also been an ancient seat of learning. Therefore, after independence a galaxy of personalities urged upon the Central Government to establish a university at Ujjain. It was their proposal to name the university after the famous ruler "Vikramaditya". When the state of Madhyabharat came into existence, Ujjain was selected for the proposed Vikram University. Vikram University was established in Ujjain on the 1st of March, 1957. The foundation stone of Vikram University was laid by the then Home Minister of India Shri Govind Vallabh Pant on Tuesday, Kartika Krishnapaksha Chaturthi, Vikramabda 2013 i.e. on the 23rd of October, 1956. The function was presided over by the Rajpramukh of the Madhyabharat State Late Jiwajirao Scindia.

The new state of M.P. was formed in 1956 and Madhyabharat was merged into it. Thus, it was felt to amend the Act relating to the University. Consequently the amended Act of Vikram University No.13, 1957 was published in M.P. Gazette dated 16th August, 1957. From time to time many changes and amendments were made in the Act. Considerable decrease in the University jurisdiction occurred due to formation of Indore, Gwalior and Bhopal Universities during 1964-65 and 1969-70 respectively. On April 20th, 1973, the Honourable Governor granted permission to bring about homogeneity in the Organisation and administration of all the Universities of Madhya Pradesh. This permission was first Published in the Madhya Pradesh Gazette (extraordinary) on 23rd April, 1973. By a notification of the Education Department 940/20/8/71 dated 3rd May, 1973 the bye-laws of the M.P. Universities Act No. 1 to 19 were brought into effect from 25.9.73, whereas No. 20 to 26 and No.27 to 31 from 1.12.73 and 4.5.74 respectively for all the Universities of M.P. (Including Vikram University). The M. P. Universities Act was amended and published in M.P. Gazette, on 28th June, 1985. As per the above Amendment, University Jurisdiction was redefined and demarcated in accordance with the Revenue Districts of Ujjain Division i.e. Ujjain, Ratlam, Mandsaur, Neemuch, Shajapur and Dewas. Because of the new jurisdiction, the number of affiliated colleges decreased and some new colleges were granted affiliation. The convocations held by the University in past years were addressed by great luminaries like Pt. Jawaharlal Nehru, Dr. Sarvapalli Radhakrishnan, Sir C. P. Ramaswami Ayyar, Dr. Kalulal Shrimali, Pt. Dwarkaprasad Mishra, Pt. Kunjilal Dube, Babu Jagjiwanram, Dr. Govind Narayan Singh, Smt. Mahadevi Verma, Smt. Indira Gandhi, Dr. Sarojini Mahishi, Dr. Gopal Swarup Pathak, Prof. Nurul Hasan, Dr. Hargovind Khurana and Dr. Satish Chandra.

Vinayaka Missions had its inception in the year 1981 with the establishment of the Thirumuruga Kirupananda Variyar Thavathiru Sundara Swamigal (TKVTSS) Medical Educational and Charitable Trust. Not far from then, in 1982, the Founder-Chairman, Dr. A Shanmugasundaram instituted the Vinayaka Mission's College of Pharmacy in Salem, the pioneer institution of Vinayaka Missions.

In the year 2001 the "Deemed to be University" status was conferred on Vinayaka Missions by The Ministry of Human Resources Development, Government of India, with the recommendations of the UGC Under Section 3 of the UGC Act, 1956 as an acknowledgement of its excellence, satisfaction of the highest level of academic standards and best infrastructural facilities provided to achieve preeminence in education and by virtue of this recognition Vinayaka Missions transcended to becoming Vinayaka Missions Research Foundation (VMRF) as the 48th University in India.

The conducive environment provided by the University helps every student to achieve excellence in their chosen field of specialization. Nearly 15,000 students are studying in the various constituent colleges, and every year approximately 2000 medical, dental, homoeopathy, paramedical, engineering and management professionals besides arts & science graduates graduate from the VMRF campuses successfully. The dynamic environment created by the Trust helps every student to develop his/ her rational, critical and creative powers, thereby enabling the fullest possible intellectual and personal growth.

Close to 5000 staff members including renowned Faculty, technical and other experts serve our student community to achieve excellence in education and to make studying at VMRF institutions an extremely pleasurable and rewarding experience. The success of VMRF lies in its highly qualified and experienced faculty who are competent and dedicated to provide excellent education. VMRF takes pride in being the only one of its kind in India that has established three medical colleges, one dental college, and two engineering colleges apart from other nursing and homoeopathy colleges.

Our Vision

To achieve excellence in education and make education as a tool for social change for the betterment of the society.

Our Mission

To spread education globally in the fields of Medicine, Dental, Paramedical, Homeopathy, Engineering, Management and Basic Sciences.

Vinoba Bhave University, Jharkhand, came into existence as a teaching-cum-affiliating state university on the 17th of September, 1992, after the bifurcation of Ranchi University, by Act 3 of 1990 passed by Bihar Assembly.

It fell under Jharkhand after the creation of the state on November 15, 2000. Its headquarters is at Hazaribag, a town of sylvan surroundings and tranquillity amid verdant forests.

The Governor of Jharkhand is the Chancellor of Vinoba Bhave University. The University has a distinguished alumni body and faculty. This University is also a member of Association of Commonwealth Universities, London.

The UGC, New Delhi recognized the university and registered it under section 12B of the UGC Act 1956.

The jurisdiction of the university extends to the North Chotanagpur Division comprising 6 Districts of Hazaribag, Chatra, Koderma, Bokaro, Giridih and Dhanbad.

The University is multifaculty teaching-cum-affiliating imparting education and research in the faculties of Humanities, Social Sciences, Commerce, Law, Engineering and Medicine. It has 19 PG Departments, 19 constituent Colleges, 5 Government Colleges and 40 affiliated Colleges. Students Enrolement (2002-2003), 86140 (approx) (Men 60970, Women 25170).

Sports and games, art and cultural activities and extension work through NSS/NCC and NAEP. The university has introduced student welfare projects including the Student's Safety Insurance Scheme.

VISHWA BHARATI UNIVERSITY

PO : Santiniketan - 731235, West Bengal, India
Tel : EPABX +91(3463)262751 to 262756 (6 lines)
Fax : +91(3463) 262672
Email : info@visva-bharati.ac.in

Founded by the first non-European Nobel Laureate Rabindranath Thākur (popularly known as Tagore) in 1921, Visva-Bharati was declared to be a central university and an institution of national importance by an Act of Parliament in 1951. The President of India is the Paridarsaka (Visitor) of the University, the Governor of West Bengal is the Pradhana (Rector), and the Prime Minister of India acts as the Acharya (Chancellor). The President of India appoints the Upacharya (Vice-chancellor) of the University.

A CENTRAL UNIVERSITY

In May 1951, Visva-Bharati was declared to be a Central University and "An Institution of National Importance" by an Act of Parliament. It was granted the status of a unitary, teaching and residential university. The status and function of all the major institutions have been redefined in successive Amendments.

Mission

To study the mind of man in its realisation of different aspects of truth from diverse points of view.

To bring into more intimate relation with one another, through patient study and research, the different cultures of the East on the basis of their underlying unity.

To approach the West from the standpoint of such a unity of the life and thought of Asia.
To seek to realize in a common fellowship of study the meeting of the East and the West, and thus ultimately to strengthen the fundamental conditions of world peace through the establishment of free communication of ideas between the two hemispheres.

And, with such ideals in view, to provide at Santiniketan, a centre of culture where research into and study of the religion, literature, history, science and art of Hindu, Buddhist, Jain, Islamic, Sikh, Christian and other civilisations may be pursued along with the culture of the West, with that simplicity in externals which is necessary for true spiritual realisation, in amity, good fellowship and co-operation between the thinkers and scholars of both Eastern and Western countries.

Sriniketan

To win the friendship and affection of villagers and cultivators by taking a real interest in all that concerns their life and welfare, and by making an effort to assist them in solving their most pressing problems.

To initiate a dialogue between academic study and research of rural economy / culture and on-field experience.

VU is a natural culmination of visionary academic initiatives taken by BRAC during the last 40 years. VU was established on 3rd May 2017 as a State Private University by the Government of Maharashtra. As it is recognized and regulated by University Grants Commission (UGC), VU on its own is allowed to admit students, design and implement curriculum, conduct examinations and award degrees.

Established on 16th June 1975, BRAC is engaged in various educational, social and religious activities through its educational institutes, publication house, retail stores and a temple.

Vishwakarma Institutes (VI) embody the vision of the BRAC to create social wealth through creation of quality human capital and have a sharp focus on value creation for all its stakeholders through its academic endeavors. The first educational venture, Vishwakarma Institute of Technology (VIT) was established in the year 1983. Vishwakarma Vidyalyaya came up in the year 1986, followed by a series of educational institutes in the subsequent years. Presently, Vishwakarma group has 17 educational institutes comprising of engineering, management, marine, science, schools and value added programmes with 17,000 student enrollments and more than 1500 full time employees.

VISION

To co-create human, intellectual and socio-economic capital par excellence, for the nation and the globe.

Mission

To emerge as a Global Knowledge Enterprise in the Asia Pacific Region.

Values

Pursuing Excellence | Nurturing Talent | Career Architect | Innovative Outlook | Contemporary Pedagogy Cultural, Ideological & Intellectual Diversity | Collaborative Approach | Sustainable Growth Transparency & Accountability | Freedom of Expression | Ethics & Social Responsibility.

VISVESVARAYA TECHNOLOGICAL UNIVERSITY

“Jnana Sangama”, Belgaum-590018, Karnataka

Tele: 0831-2498100, Fax: 0831-2405467

E-mail : registrar@vtu.ac.in

Website : <http://vtu.ac.in>

VTU is one of the biggest Technological University in India, having 201 colleges affiliated to it with under graduate course in 28 disciplines and PG Program in 71 disciplines. The intake at UG level is about 67100 students and at the PG level it is about 12666 students. The University has 13 QIP center in various affiliated colleges and 16 extension centers for offering PG programs. There are over 2305 departments recognized as research centers. At present over 1800 students / faculty are registered for Ph.D degree and over 180 students are registered for their Msc.. (Engg). This year the University is awarding 120 Ph.D Degrees and 50 M.Sc (Engg) Degrees. The Faculty has published around 694 research publications in the year 2009-10. The University has recently started MBA and M.Tech. Program at Belgaum with about 205 students studying in all. Sixteen from among the affiliated colleges were recognized to get assistance under the World Bank supported. TEQIP program in the I Phase. This year as a novel measure academic autonomy has been provided to 17 affiliated Colleges after due processes. The University has very successfully achieved the tremendous task of bringing various colleges affiliated earlier to different Universities, with different syllabi, different procedures and different traditions under one umbrella. The University implemented common curriculum for UG in 1998 and revised syllabi again in 2002 for all the courses and uniform procedures were adopted. As a further step in standardization, the subjects & syllabi of related branches are being made common upto the fourth semester. The University has already revised the syllabus of MBA with effect from the academic year 2001-2002 and has now revised the syllabi of all M.Tech courses and MCA. The University plans to bring in further flexibility in the curriculum, so that any changes or revisions may be introduced particularly with respect to electives, as and when the technology changes or the need arises. The first batch consisting of approximately 13,000 students of Under Graduate B.E. / B.Tech. students who were admitted in the academic year 1998-99 came out of the portals of this University as graduates during the month of July 2002. Four batches of M.Tech., 3 batches of MBA and 2 batches of MCA students have so far passed out of this University. The total number of Post-Graduates who have completed their studies in this University is around 5000. The University has MOU's with various leading organisations like IBM, INTEL Asia Electronics Inc., Ingersoll-Rand (India) Ltd., Bangalore and Microsoft. These MOU's will help in various ways to train the faculty, conduct teachers training workshops, student projects and enable the colleges affiliated to the University to get software at a highly subsidized rate. Already Intel has arranged many training programs for Engineering College Teachers. 153 teachers were trained by Microsoft. These MOU's will further the Technological growth of the state.

Visvesvaraya National Institute of Technology, Nagpur is one of the thirty National Institutes of Technology in the country.

The Govt. of India conferred on the Institute, the Deemed to be University status (under University Grants Commission Act, 1956 (3 of 1956)) with effect from 26th June 2002.

Subsequently, the Central Govt. by Act of Parliament (National Institutes of Technology Act, 2007 (29 of 2007)) declared VNIT Nagpur as an Institute of National Importance along with all other NITs. The Act was brought into force from 15th August 2007.

Earlier, the Institute was known as Visvesvaraya Regional College of Engineering (VRCE). It was established in the year 1960 under the scheme sponsored by Govt. of India and Govt. of Maharashtra.

The college was started in June 1960 by amalgamating the State Govt. Engineering College functioning at Nagpur since July 1956.

In the meeting held in October 1962, the Governing Board of the College resolved to name it after the eminent engineer, planner, and statesman of the country Sir M.Visvesvaraya.

The VNIT Library is 4 decades old having an independent three storied building. The collections of books and journals have been methodically developed through the years. It is always ensured that the collection is dynamic in nature by stacking separately ACTIVE and INACTIVE collection in tune with changes in syllabi.

The library and information resources centre is automated and users LIBSYS software. Students and faculty access library information through ON LINE PUBLIC ACCESS CATALOGUE indexed databases called EI-COMPENDEX PLUS, DISSERTATION ABSTRACTS INTERNATIONAL and SAE Technical Papers are on campus-wide network of 10/100 Mbps lines and are available round the clock.

"Education is the manifestation of the perfection already in man" . These are the words of the great philosopher and educator Swami Vivekananda. Vivekananda Global University (Formerly VIT University, Jaipur)-- A Division of Bagaria Education Trust, has been formed keeping in mind his teaching and mentoring ideals.

The overall development of the techno-managers with a seeking spirit towards education is VGU's vision for its students. The University is run by one of the reputed group of visionaries in the field of education. The Vivekananda Global University (Formerly VIT University, Jaipur) catering to the modern needs of education combined with the traditional Indian values is a private university under the state government act. The University has started Institutes for providing best in class education in the disciplines of engineering .

We also aim to start more degrees and diplomas shortly. Co-Curricular activities are also given equal importance and students are encouraged to choose their sport for being physically fit , this also helps in development of the life skills like team building, empathy towards fellow members, decision making etc.

Vivekananda Global University (Formerly VIT University, Jaipur) has well qualified and experienced faculty and also encourages scholarships and fee waivers for meritorious students. The impetus provided to students for learning is fast paced to enhance their employability skills. Labs are designed keeping in mind the recent scenario and work culture.

Entrepreneurial skills are also given equal importance and developed by giving some practical projects and on the job training, for this purpose collaborations with various institutes of high repute has been made and many clubs in the university have been started in the mentorship of the trained and experienced faculty. In fact the strength of VGU's linkage to the corporate world sets the university apart and gives us a strong advantage in terms of academics.

WEST BENGAL STATE UNIVERSITY

Berunanpukuria, P.O. Malikapur

North 24- Parganas, Kolkata 700126

Phone : 25241975, 25241976, 25241978, 25241979

Email : thakur.ashoke@gmail.com/uttam.dutta@yahoo.co.in

Website : <http://www.wbsubregistration.org>

West Bengal State University is a newly established university situated in Berunanpukuria, Malikapur, Barasat, North 24 Paraganas, in the city of Kolkata, West Bengal, India.

All the 59 colleges (including Undergraduate, Postgraduate and B.Ed) in the District of North 24 Parganas, which were formerly affiliated with the University of Calcutta, are affiliated to this university.

The government of West Bengal through an Act of the Legislative Assembly has passed West Bengal Act XXVIII of 2007 implementing a long-standing public demand in creating the university named West Bengal State University (Barasat, North 24 Paragans).

This became functional from the academic session 2008–09. On 26 May 2008 there were 63 colleges formerly affiliated with the University of Calcutta. They were, through a government notification (No.300-Edn(U)/IU-38/08), transferred to this new university.

The campus is now being constructed at Berunanpukuria and the university operates from there. All the 30 postgraduate course classes have started. The girls' hostel is in the process of being completed. The boys' hostel will open soon. The academic building and the administrative building are almost ready.

WEST BENGAL UNIVERSITY OF ANIMAL AND FISHERY SCIENCES

37 & 68 Kshudiram Bose Sarani,
Kolkata - 700 037, West Bengal
Phone : 033-25563123, 25563450 (O)
Fax : 033-25563123, 25571986
Website : www.wbuaafscl.ac.in

The West Bengal University of Animal and Fishery Sciences (WBUAFS), the second University of its kind in the country started its journey with a legacy of Century old Bengal Veterinary College on 2nd January 1995 with an objective to serve the State as well as the nation as a whole through imparting quality Education, accomplishing basic and need-based Research and disseminating proven technologies to the rural masses through its Extension wing.

West Bengal University of Animal & Fishery Sciences was established on 2nd January, 1995 vide West Bengal University of Animal & Fishery Sciences Act - 1995 to impart education, training and to conduct research in veterinary and animal sciences, dairy sciences and fishery sciences and also to cater the needs of the farming community of the State of West Bengal. During this period the University has been recognized as one of the leading institutions of the country to uplift the socio-economical status of farmers.

The hallmark of the University has been the development of human resources to meet the requirements of the society and to promote the socio-economic development of the region. The University has been engaged in commendable task of improving the research infrastructure to develop cutting edge technologies for improved management of animal and fishery resources, disease problems, nutrients, water resources and environment. Significant achievement has been made to improve the research activities with the funds made available from State and Central Governments and non-government organizations. There are three faculties in this University viz. (1) Faculty of Veterinary & Animal Sciences (B.V.Sc. & AH, M.V.Sc. & Ph.D. courses) (2) Faculty of Dairy Technology (B.Tech.(DT), M.Tech. (DT) and M.Sc. (Dairying) and Ph.D. courses) and (3) Faculty of Fishery Sciences (B.F.Sc., M.F.Sc. courses). The research, extension and farm activities of the University are organized through the Directorate of Research, Extension & Farms of the University. Various research programmes have been running since 1995 under the aegis of the said Directorate I joined the West Bengal University of Animal & Fishery Sciences as Vice-Chancellor on 7th August, 2006. I fervently hope that in the coming years we will get more opportunities to expand our educational and research activities in the national and international arena. Our faculty members have already proved this by getting international fellowships, awards and have also been invited to present their papers in the international congress, symposia and conferences. I am confident that with the co-operation of all concerned I would be able to take this University to its new height.

The Government of West Bengal set up an expert committee on December 31, 1998, under the Chairmanship of Ashesh Prasad Mitra, Eminent Scientist to explore the necessity and scope for establishment of an Engineering / Technology University in the state of West Bengal.

The University came into operation formally with the assumption of the office of the first Vice Chancellor on January 15, 2001 as a sequel to the promulgation of THE WEST BENGAL UNIVERSITY OF TECHNOLOGY ACT, 2001, under West Bengal Act XV of 2000 passed by the West Bengal Legislature. The University started its academic programme, from July 16, 2001 following a Notification from the Department of Higher Education, Government of West Bengal dated June 15, 2001 through the affiliation of Engineering and Management Institutions / Colleges and has entered the eighth year of its functioning. The University is included in Section 2F and also in Section 12B of UGC and recipient of UGC Grant.

We are equal opportunity, affirmative action institution and do not distinguish on the basis of gender, caste, creed and religion. The University wants to grow nurturing innovative / novel ideas that would touch all segments of the society especially the marginalized ones. We look at technology from a broad social perspective and are organizing postgraduate courses in basic and applied sciences. The University has introduced new courses in emerging areas to develop, enhance and higher education. We strive for optimum utilization of resources and believe in unleashing individual initiative for entrepreneurial development without compromising the collective need.

The University is steadfast in its twin objectives:

- a) To serve as a Centre of Excellence in teaching and research in technology and management area.
- b) To provide framework of industrialization based on knowledge economy.

To realize its mission of emerging as a Centre of Excellence the University has created three Schools of Studies viz. School of Engineering & Technology (SET), School of Biotechnology & Biological Sciences (SBTBS) and School of Management and Sciences (SOMS) comprising presently of five departments viz. Department of Computer Science & Engineering, Department of Industrial Engineering & Management, Department of Biotechnology, Department of Bioinformatics and Department of Management and Sciences.

WILLIAM CAREY UNIVERSITY

Zoram Villa, Bomfyle Road
Shillong 793 001 Meghalaya, India
Tel.: 0364-2224126/0986-2561381
Email: wcu@ichemail.org, wcuadmissions@gmail.com
Website : <http://www.wcu.co.in>

William Carey University (WCU) is a unique vision. It is an institution that will not just concentrate on academics but will integrate socio-economic and environmental realities in NE India. Universities have become academic “ivory towers” and merely operating as degree mills. WCU is set to change this paradigm.

Established by the Gazette of Meghalaya No. 76 William Carey Act 2005, authorising ACTS to establish the William Carey University, we have begun our activities in Shillong. UGC recognition will be sought in due time.

WCU has made steady progress with various programmes that will fulfil our vision. Our collaboration with Grace City in Umsning will be a practical demonstration of education that will bring socio-economic transformation. Jobs will be created. We are also partnering with other universities worldwide for internationally acceptable academic programmes.

Groundbreaking was held for a new men’s residence hall at William Carey University on October 31.

The new building will adjoin Davis Hall, a women’s residence hall completed in 2013, and will be behind Braswell Hall on the south end of the Hattiesburg campus. It will be directly across from the Fail Softball Field.

The three-story building will alleviate a severe housing crunch at the university. It will house approximately 100 male residents in 50 rooms, each with a private bathroom. The residence hall is expected to be ready for occupancy in August 2015.

During the groundbreaking, Dr. Tommy King, WCU president, recognized guests, including members of the WCU Board of Trustees and representatives from the architect, Landry and Lewis, and the general contractor, Larry J. Sumrall Contractors. He spoke to the growth of the university, which has led to a need for the new building. Lane Williamson, a freshman biology major from Pontotoc, brought a student testimony, followed by the turning of the shovels.

WORLD UNIVERSITY OF DESIGN

Plot No. 1, Rajiv Gandhi Education City,
Sonipat, Haryana 131029
Phone : 7056770065, 7056770061
Whatsapp: 7056770065
Email : info@wud.ac.in
Website : <http://worlduniversityofdesign.ac.in>

**WORLD UNIVERSITY
OF DESIGN**

Design is not just about the way things look, it is also about the way they work. Design creates value and contributes to competitiveness, prosperity, and well-being of a nation. India is poised for growth in almost all the fields and it is increasingly expected to compete globally in delivery of goods and services as per international standards. Design is being looked upon as the key aspect in making India competitive. With a view to respond to this need through education, training and research World University of Design (WUD) has been established at Rajiv Gandhi Education City, Sonipat, Haryana - a hub of educational institutions of eminence in India, to accelerate the take-up of design in industrial and innovation activities at regional and national level.

WUD offers high quality trans-disciplinary education with a design foundation at the undergraduate and postgraduate level with a view to build a generation of creative professional designers, capable of serving as agents of change for the growth and development of the diverse and decentralized sectors of various industry segments.

WUD provide an immersive, focused, and deeply connective context to art, architecture and design (in conjunction with many other fields, ideas, and concepts). WUD campus represents a very vibrant, dynamic, and distinctive community of undergraduate students. You will be able to examine and engage in some of the multiple roles of artists, designers, agents, and change leaders in the world, and to consider from different perspectives and positions why design matters, what art and design can do for people, why we should care, and how you can help shape the future.

Envision. Imagine. Collaborate. Plan. Design. Make. are words that capture what you will be doing at WUD. Our mission is to provide our graduates with a sound design foundation for an exemplary professional practice and personal career fulfilment; to prepare them as critical thinkers and problem solvers who will serve, enrich and sustain their profession and communities.

WOXSEN UNIVERSITY

Corporate Office : Gateway Jubilee, 2nd Floor, Road No. 36

Jubilee Hills, Hyderabad - 500 033, Telangana, India.

Tel : +91 40 4444 8888

Campus : Kamkole, Sadasivpet, Sangareddy District

Hyderabad - 502 345, Telangana, India

Tel: 08455 255555, Email : info@woxsen.edu.in

Website : <https://www.woxsen.edu.in>

Woxsen School of Business, established in 2014, as an autonomous institution and declared as Woxsen University (WOU) on 20 May 2020. WOU is among the first private universities of Telangana and is located on a 200-acre (81 ha), residential campus at Hyderabad. Woxsen University offers undergraduate education degrees & postgraduate education programs in areas of management, technology, design and architecture.

Our legacy in higher education, built diligently over the last 6 years, led to the grand vision & inception of Woxsen University. Our strength lies in our history & ethos: rejecting the status quo, redefining learning methodologies and shaping real-world professionals. Our meticulously planned efforts have helped us achieve milestones in a short span of time and fuelled accomplishments visible in our national rankings, global partnerships & alumni success. Our strong vision pervades our focus on progressive education, research & service to the society. Formed by 4 constituent schools – Woxsen School of Business, Woxsen School of Technology, Woxsen School of Arts & Design and Woxsen School of Architecture & Planning, the University offers Undergraduate & Postgraduate programs pivoted around research & experiential learning. At Woxsen, talent from across the country embark on a challenging journey of transforming into highly informed and skilled professionals in their chosen field. Students are handpicked for their innate abilities who are nurtured to be professionally equipped to achieve their career goals. Our graduates gain that edge with the real world exposure extended through latest pedagogical tools along with numerous learning opportunities from exclusively curated Industry Interface platforms, where many of distinguished & internationally acclaimed business leaders share the snippets from their life journey.

Woxsen is renowned for its diverse faculty from India and overseas. Comprising of a right mix of well-known academicians to industry experts, the faculty brings with them an exceptional professional experience and outstanding academic credentials. The curriculum is designed to equip our students to make disciplined, data-based decisions backed by a full spectrum of domain knowledge, skill & ability. Our strong focus on applied learning with industry inputs and academic rigor has always helped our students to broaden their horizon, think global & develop an entrepreneurial mindset. We also believe that the time is right to nurture entrepreneurship. Woxsen understands that developing entrepreneurs goes much further than classroom teaching. We also understand that an entrepreneur is not a personality type. Woxsen University has been established to take up this challenge, creating an ecosystem where entrepreneurs can be trained and nurtured.

XIM UNIVERSITY

Old Campus : XIMB Campus,
Xavier Squar, Bhubaneswar-751013, Odisha,
New Campus : Plot No:12(A) Nijigada Kurki
Harirajpur-752050, Dist-Puri, Odisha
Phone:+91-674-2377700
Email : info@xim.edu.in

Xavier University was established on July 6, 2013. On 3rd April, 2021, the Xavier University, Odisha (Amendment) Act 2021 was passed in the Odisha Legislative Assembly, renaming Xavier University as XIM University. Thus, the Gazette Notification was published on 11th of May 2021. As per its provisions the University has its main campus in Nijigada Kurki, Harirajpur, in Puri District, and an additional campus at Xavier Square, Bhubaneswar, where the Xavier Institute of Management functions.

With the passage of time and based on the experience acquired over the past seven years, the management and Board of Governors of Xavier University, Bhubaneswar, believe that the name 'Xavier University,' Odisha Act, 2013 should be replaced with 'XIM' University, Odisha Act. The University had to be renamed to keep the 'XIM' brand name, which had been known in the country and around the world for 34 years since its inception in 1987. Students who receive a certificate bearing the 'XIM' brand name will find better career prospects in the country and abroad. The business, corporations, transformation leaders, and the growth sectors all recognize this brand. XIM has brought laurels, prestige, and honour to the state of Odisha and has served the state and the nation through its extensive network and relationships.

Currently, XIM University views itself as a distinguished university that provides quality education to top-notch students worldwide. The XIM University inherits the legacy of the 34-year-old XIM (Xavier Institute of Management, Bhubaneswar), the country's premier, world-class B-School. XIM University's identity is described by its ethic of 'men and women for and with others'. Our faculty, staff, and students represent diverse faiths and identities, but we all aspire to be men and women for and with others. What else distinguishes a Jesuit XIM University? Our students are taught the value of experience, curiosity, global experiences, and '*cura personalis*', which translates to 'care for the whole person'. There is a strong intention to be the first to respond to society's needs and encourage sustainable societies that motivate the state's and country's futures, acting as a change agent. Education for moral character, adaptability, world affirmation and faith that serves justice are all hallmarks of this philosophy.

With a small start in 1987 in management education, XIM University now has 12 schools offering doctoral, masters, and undergraduate programmes. We are committed to working relentlessly as XIM University to ensure that the world receives a high-quality, all-around development education from Odisha.

YBN UNIVERSITY

Panchwati, South Railway Colony, Chutia,
Ranchi, Jharkhand – 834001
Phone: 7061261449, 0651-2461793
Email : contact@ybnuniversity.in
Website : <https://www.ybnuniversity.in>

The Govt. of Jharkhand has created a new Private University under the name “The Y.B.N University” situated at Ranchi in the state of Jharkhand vide its Gazette No.505 17th July’2017, as per the provision of the Act.

The sponsoring body of the Y.B.N. University is the “Tribal Social Welfare Society”, Ranchi, Jharkhand. The Trust/Society is registered Under Society Reg. Act 21 of 1860 Reg. No. 664/2007-08. It promotes quality education in different fields of the society. The expertise and experiences gained over the years in running academic and research programs at different institutions of TSWS will be of immense help in establishing and developing the “The Y.B.N. University” in the domain of graduate colleges in Nursing, Para Medical Courses, ITI and Skilled Development Programs. In the ongoing session, the university is going to start the following courses like Bachelor and Master Degree in Applied Medical Science and Computer Sciences, Management and Arts and Humanity.

The academic and research activities of the university will be linked with the industrial and agriculture sector as well as other universities, R&D institutions, Governments and NGOs in the State and other region of the country. The university also linked with the universities aiming at collaborative academic and research programs as well as exchange programs. Students and faculty exchange programs between the colleges will contribute to mutual growth and getting the services of good faculty right from the inception stage. The areas of Medical Science, AYUSH, Pharmacy, Computer Science, Management, Media and Mass Communication, General Education and Vocational Courses have been identified as key areas of focus. The University will focus on academic excellence, innovative research, Quality education, consultancy works and Training Programs.

Our Vision

YBNU envisions a global society with the creation and management of resources for development of the nation, especially of Jharkhand and neighboring areas aspiring elevation in higher education standard, innovation & research, ethical values which includes challenges and opportunities in the service of equity and productivity for the good of the society.

Our Mission

Excellence in Education • Preparing Leaders for a Diverse • Involve in Research and Creative Activities • Consultancy and extension • Highly Technological Society • Developing Ethical Values • An Intellectual Society

YASHWANTRAO CHAVAN MAHARASHTRA OPEN UNIVERSITY

Dnyangangotri, Near Gangapur Dam
Nashik- 422222, Maharashtra
Tel : 0253-2231714 / 2231715, Fax : 0253-2230470

Website : <http://www.ymou.com>

Maharashtra has a long and rich tradition of educational reforms. Mahatma Jyotiba Phule, Dr. Panjabrao Deshmukh, Dr. Babasaheb Ambedkar, Bhaurao Patil, Swami Ramanand Teerth and other great thinkers and reformers have contributed to educational philosophy and movement in the state. It was therefore appropriate that the state realized the need of an open university, The university was established on 1st July, 1989 through Act XX of 1989 of the Maharashtra State Legislature, justly named after Yashwantrao Chavan, Maharashtra's great political leader and builder of modern Maharashtra. Due to statutory powers conferred by an act XX (1989) of Maharashtra state legislature and the recognition by the 'University Grants Commission of India', this university is fully empowered to award various academic certifications like certificates, diplomas, and graduate, post-graduate, doctoral degrees. This university also takes all precautions, at all programme stages from 'Curriculum Design' to 'Examination', to ensure that the standards and quality of, education and examinations are preserved. The curriculum of these programmes is designed for Equivalence, with respective similar academic programmes, offered by other statutory universities of various states. University also provides many different diploma or certificates, which may or may not be equivalent to any other such certificates. These certificates will motivate students for self-study, as their learning efforts will be recognized by the university after short duration. These certificates will be provided only when, student requests for it along with attested photocopies of Mark-Sheets confirming successful completion of the required courses in end examination. No convocation shall be necessary for issue of these certificates. All architecture graduate and post-graduate programmes are duly recognized and approved by the "Council of Architecture (CoA)". Hence, after successful completion of the graduate degree programme (that is, B.Arch.), student can register with the "Council of Architecture (CoA)". Student shall be entitled to practice as an architect after such registration. For all engineering diploma and degree programmes, where equivalence status is not explicitly mentioned, university has already initiated recognition and equivalence procedures, with appropriate authorities like "Board of Technical Education" or "All India Council for Technical Education (AICTE)". University will publish the results of these recognition and equivalence procedures on the official web site, as and when they are available. All these degree and post-graduate degree programmes are duly recognized and approved by the 'University Grant Commission (UGC)'. Hence, these programmes are equivalent to the respective programmes offered by any other statutory university in India, for the purpose of employment, promotion and further education. In this respect, the status of this university is at par with all other statutory universities of India.

YENEPOYA UNIVERSITY

University Road, Deralakatte
Mangalore 575018

Website : <http://www.yenepoya.edu.in>

Emboldened by the overwhelming positive response of the community and the students, the management perceived a need to develop into a University, where autonomy and self reliance would place the institutions on the global map and would internally motivate them to higher levels of excellence.

The IAE sponsored the formation of a new trust, the Yenepoya University, which after due process of inspection by the University Grants Commission (UGC), was recognized by the Ministry of Human Resource Development, Government of India on 27 February 2008, vide their notification No. F.9-11/2007-U.3(A). The Yenepoya University is the first private University in the District of Dakshin Kannada (South Canara).

We invite you to enjoy world class university experience in a nested town in southern Karnataka, enjoying the pristine ambience and halcyon surroundings of a natural beauty unparalleled among Universities in India, while imbibing the best health care education, in the true spirit of global learning. Emboldened by the overwhelming positive response of the community and the students, the management perceived a need to develop into a University, where autonomy and self reliance would place the institutions on the global map and would internally motivate them to higher levels of excellence. The IAE sponsored the formation of a new trust, the Yenepoya University, which after due process of inspection by the University Grants Commission (UGC), was recognized by the Ministry of Human Resource Development, Government of India on 27 February 2008, vide their notification No. F.9-11/2007-U.3(A). The Yenepoya University is the first private University in the District of Dakshin Kannada (South Canara). The University maintains its social commitment through conducting free medical, eye & dental camps, in the community. It has also adopted 2 nearby villages for comprehensive and total health care and prevention (Kotepura & Balepuni). Special attention is being given to identify and treat HIV patients. We offer total health care support to a local HIV/AIDS Care and Support Centre. The YMC also runs Prevention of Parent to Child Transmission (PPTCT) & Integrated Counseling and Testing Centre (ICTC) programmes. The Yenepoya University emblem reflects the rich ideals and the core values upon which the very foundations have been built. The colours on the shield are a salutation to the three key facets of the University - the mentor, the materials and the medium - through which this increase takes place, and are also representative of them.

YOGI VEMANA UNIVERSITY

Kadapa – 516 003

Phone: 08562-225429, Telefax: 08562-225419

E-mail: registraryvu@gmail.com

Website : <http://www.yogivemanauniversity.ac.in>

Named after a renowned philosopher- thinker, poet, sage and yogi, Vemana, Yogi Vemana University, established in the year 2006, by an Act of A.P State legislature is a blessing and boon for the students and researchers of the backward Rayalseema region in general and Y.S. R District in particular. The erstwhile Sri Venkateswara University Post Graduate Centre was elevated to a University with a humble and noble intention of providing a more conducive environment to impart value-based education and promote quality research and service. The university is committed to nurture and uphold healthy academic standards which contribute to the social, intellectual and moral development. The university is situated about 15 kms away from the historic Kadapa City on the Kadapa –Pulivendula road amidst serene surroundings and has a sprawling campus of about 700 acres. With a humble beginning, the university made rapid strides towards overall development and has sufficient infrastructural facilities such as buildings with academic ambience, library, modern science and research laboratories equipped with sophisticated instruments, Super Computer facility, Agri-Science Park, spacious hostels, gym, daycare centre, Botanical Garden and a vast playground. Besides, a a building complex was added for the purpose of conducting training short term vocational and job oriented courses on a continuous basis. At present the university has on its rolls 115 faculty members and about 200 non-teaching staff. The young faculty has rich research experience in India and abroad besides teaching. Presently about 1800 students are pursuing postgraduate and research programmes. Majority of the science faculty have obtained research projects from central funding agencies such as DST/ CSIR/DBT/MNRE / ISRO/UGC/MoES /BRNS /APCOST and considerable number of projects are under progress. The university was accorded 2 (f) recognition in 2007 and 12 (B) status in 2011 by the University Grants Commission, New Delhi. Presently it is an affiliating university with about 100 Post graduate, degree, law, B.Ed, MCA, MBA and Physical Education colleges under its jurisdiction. In the recent past, the university initiated steps to launch women's cell, equal opportunities cell, a Day Care Center and coaching programmes for SC/ST/OBC/minority students preparing for competitive examinations. The C.P Brown Library, now elevated to the status of a languages Research Center of the university, located in Kadapa town, has rare books, ancient documents and monographs and efforts are made to preserve and protect ancient literature. In tune with the contemporary societal, scientific and technological needs the university with 27 departments is offering conventional and inter-disciplinary courses in basic and applied sciences, humanities, social sciences and management. The university launched two five year M.Sc integrated courses, namely Earth Sciences and Biotechnology and Bio-Informatics in 2007. The University also started research programmes leading to Ph.D. in the year 2010 and currently about 170 research scholars are pursuing research in 27 different Departments.

हमारा विश्वविद्यालय ऐसा हो

महात्मा गांधी

बनारस हिन्दू विश्वविद्यालय की रजत जयंती
के अवसर पर २१ जनवरी १९४२ को दिया गया भाषण

आप सब जानते हैं कि आजकल मुझमें न तो सफर करने की ताकत ही रही है और न इच्छा ही। लेकिन जब मैंने इस विश्वविद्यालय के रजत महोत्सव की बात सुनी और मुझे डॉ. सर्वपल्ली राधाकृष्णन् का निमंत्रण मिला तो मैं इंकार न कर सका।

आप जानते हैं कि मदन मोहन मालवीयजी महाराज के साथ मेरा कितना गाढ़ा सम्बन्ध है। अगर उनका कोई काम मुझसे हो सकता है तो मुझे उसका अभिमान रहः है, और अगर मैं उसे कर सकूँ तो अपने को कृतार्थ समझता हूँ। इसलिए जब डॉ. राधाकृष्णन् का पत्र मिला तो मैंने निमंत्रण स्वीकार कर लिया। यहाँ आना मेरे लिए तो एक तीर्थ में आने के समान है।

यह विश्वविद्यालय मालवीयजी का सबसे बड़ा और प्राणप्रिय कार्य है। उन्होंने हिन्दुस्तान की बहुत-बहुत सेवाएं की हैं, इससे आज कोई इंकार नहीं कर सकता। लेकिन मेरा अपना ख्याल यह है कि उनके महान कार्यों में इस कार्य का महत्व सबसे ज्यादा रहेगा। २५ साल पहले, जब इस विश्वविद्यालय की नींव डाली गई थी, तब भी मालवीयजी के आग्रह और खिंचाव से मैं यहां आ पहुँचा था। उस समय तो मैं यह सोच भी न सकता था कि जहाँ बड़े-बड़े राजा, महाराजा और खुद वाइसराय आने वाले हैं, वहाँ मुझ जैसे फकीर की क्या जरूरत हो सकती है। तब मैं 'महात्मा' भी नहीं बना था। अगर कोई मुझे 'महात्मा' के नाम से पुकारते भी थे तो मैं यही सोच लेता था कि महात्मा मुंशीजी के बदले भूल से मुझे किसी ने पुकार लिया होगा। उनकी कीर्ति तो मैंने दक्षिण अफ्रीका में ही सुन ली थी। हिन्दुस्तान से धन्यवाद और सहानुभूति का संदेश भेजने वालों में एक वे भी थे, और मैं जानता था कि हिन्दुस्तान की जनता ने उन्हें उनकी देश सेवाओं के लिए महात्मा की उपाधि दी थी। उस समय भी मालवीयजी की कृपा दृष्टि मुझ पर थी। कहीं भी कोई सेवक हो, वे उसे दूँढ़ निकालते हैं, और किसी-न-किसी तरह अपने पास खींच ही लाते हैं। यह उनका सदा का धंधा है।

लोग मालवीयजी की बड़ी प्रशंसा करते हैं आज भी आपने उनकी कुछ प्रशंसा सुनी है, वे सब तरह उसके लायक हैं। मैं जानता हूँ कि हिन्दू विश्वविद्यालय का कितना बड़ा विस्तार है। संसार में मालवीयजी से बढ़कर कोई भिक्षुक नहीं। जो काम उनके सामने आ जाता है, उसके लिए — अपने लिए नहीं — उनकी भिक्षा की झोली का मुँह हमेशा खुला रहता है — वे हमेशा मांगा ही करते हैं। और परमात्मा की भी उन पर बड़ी दया है कि जहां जाते हैं, उन्हें ऐसे मिल ही जाते हैं। तिस पर भी उनकी भूख कभी नहीं बुझती। उनका भिक्षा-पात्र सदा खाली रहता है। उन्होंने विश्वविद्यालय के लिए एक करोड़ इकठ्ठा करने की प्रतिज्ञा की थी। एक करोड़ की जगह डेढ़ करोड़ दस लाख रुपया इकठ्ठा हो गया, मगर उनका पेट नहीं भरा। अभी-अभी उन्होंने मुझसे कान में कहा कि आज के हमारे सभापति महाराजा दरभंगा ने उनको एक खासी बड़ी रकम दान में और दी है।

मैं जानता हूँ कि मालवीयजी स्वयं किस तरह रहते हैं। यह मेरा सौभाग्य है कि उनके जीवन का कोई पहलू मुझसे छिपा नहीं। उनकी सादगी, उनके इन गुणों में से आप जितना कुछ ले सकें, जरूर लें। विद्यार्थियों के लिए तो उनके जीवन की बहुतेरी बातें सीखने लायक हैं। मगर मुझे डर है कि उनसे जितना सीखना चाहिए, सीखा नहीं है। यह आपका और हमारा दुर्भाग्य है इसमें उनका कोई कसूर नहीं। धूप में रहकर भी कोई सूरज का तेज न पा सके तो उसमें सूरज बेचारे का क्या दोष? वह तो अपनी तरफ से सबको गर्मी पहुँचाता रहता है, पर अगर कोई उसे लेना ही न चाहे और ठंड में रहकर ठिठुरता फिरे तो सूरज भी उसके लिए क्या करे? मालवीयजी के इतने निकट रहकर भी अगर आप उनके जीवन से सादगी, त्याग, देशभक्ति, उदारता और विश्वव्यापी प्रेम आदि सदगुणों का अपने जीवन में अनुकरण न कर सके, तो कहिए, आपसे बढ़कर अभाग और कौन होगा?

अब मैं विद्यार्थियों और अध्यापकों से दो शब्द कहना चाहता हूँ — मैंने तो डॉ. राधाकृष्णन् से पहले ही कह दिया था कि मुझे क्यों बुलाते हैं। मैं वहाँ पहुँच कर क्या कहूँगा? जब बड़े-बड़े विद्वान् मेरे सामने आ जाते हैं, तो मैं

हार जाता हूँ। जबसे हिन्दुस्तान आया हूँ, मेरा सारा समय कांग्रेस में और गरीबों, किसानों और मजदूरों वगैरा में बीता है। मैंने इन्हीं का काम किया है। उनके बीच मेरी जवान अपने-आप खुल जाती है मगर विद्वानों के सामने कुछ कहते हुए मुझे बड़ी झिझक मालूम होती है। डॉ. राधाकृष्णन् ने मुझे लिखा कि मैं अपना लिखा हुआ भाषण उन्हें भेज दूँ। पर मेरे पास उतना समय कहाँ था ? मैंने उन्हें जवाब दिया कि वक्त पर जैसी प्रेरणा मुझे मिल जायेगी, उसी के अनुसार मैं कुछ कह दूँगा। मुझे प्रेरणा मिल गई है। मैं जो कुछ कहूँगा, मुमकिन है, वह आपको अच्छा न लेगे। उसके लिए मुझे माफ कीजिएगा। यहाँ आकर जो कुछ मैंने देखा, और देख कर मेरे मन में जो चीज पैदा हुई, वह शायद आपको चुभेगी। मेरा ख्याल था कि कम से कम यहाँ तो सारी कार्रवाई अंग्रेजी में नहीं, बल्कि राष्ट्रभाषा में ही होगी। मैं यहाँ बैठा यही इंतजार कर रहा था कि कोई न कोई तो आखिर हिन्दी या उर्दू में कुछ कहेगा। हिन्दी, उर्दू न सही, कम से कम मराठी या संस्कृत में ही कोई कुछ कहता। लेकिन मेरी सब आशाएँ निष्फल हुई।

अंग्रेजों को हम गालियाँ देते हैं कि उन्होंने हिन्दुस्तान को गुलाम बना रखा है, लेकिन अंग्रेजी के तो हम खुद ही गुलाम बन गये हैं। अंग्रेजी ने हिन्दुस्तान को काफी पामाल किया है। इसके लिए मैंने उनकी कड़ी-से-कड़ी टीका भी की है। परन्तु अंग्रेजी की अपनी इस गुलामी के लिए मैं उनको जिम्मेदार नहीं समझता। खुद अंग्रेजी सीखने और अपने बच्चों को अंग्रेजी सिखाने के लिए हम कितनी-कितनी मेहनत करते हैं ? अगर कोई हमें कह देता है कि हम अंग्रेजों की तरह अंग्रेजी बोल देते हैं, तो मारे खुशी के फूले नहीं समाते। इससे बढ़कर दयनीय गुलामी और क्या हो सकती है ? इसकी वजह से हमारे बच्चों पर कितना जुल्म होता है ? अंग्रेजी के प्रति हमारे इस मोह के कारण देश की कितनी शक्ति और कितना श्रम बरबाद होता है ? इसका पूरा हिसाब तो हमें तभी मिल सकता है, जब गणित का कोई विद्वान इसमें दिलचस्पी ले। कोई दूसरी जगह होती, तो शायद यह सब बरदाश्त कर लिया जाता, मगर यह तो हिन्दू विश्वविद्यालय है। जो बातें इसकी तारीफ में अभी कही गई हैं, उनमें सहज ही एक आशा यह भी प्रकट की गई है कि यहाँ के अध्यापक और विद्यार्थी इस देश की प्राचीन संस्कृति और सभ्यता के जीते-जागते नमूने होंगे। मालवीयजी ने तो मुंह-मांगी तन्ख्वाहें देकर अच्छे-से-अच्छे अध्यापक यहाँ आप लोगों के लिए जुटा रखे हैं। अब उनका दोष तो कोई कैसे निकाल सकता है ? दोष जमाने का है। आज हवा ही कुछ ऐसी बन गई है कि हमारे लिए उसके असर से बच निकलना मुश्किल हो गया है। लेकिन अब वह जमाना भी नहीं रहा, जब विद्यार्थी जो कुछ मिलता था, उसी में संतुष्ट रह लिया करते थे। अब तो वे बड़े-बड़े तूफान भी खड़े कर लिया करते हैं। छोटी-छोटी बातों के लिए भूख-हड़ताल तक कर देते हैं। अगर ईश्वर उन्हें बुद्धि दे, तो वह कह सकते हैं, हमें अपनी मातृभाषा में पढ़ाओ। मुझे यह जानकर खुशी हुई है कि यहाँ आन्ध्र के २५० विद्यार्थी हैं। क्यों न वे डॉ. राधाकृष्णन् के पास जायें और उनसे कहें कि यहाँ हमारे लिए एक आन्ध्र विभाग खोल दीजिए और तेलुगू में हमारी सारी पढ़ाई का प्रबन्ध करा दीजिए ? और अगर वे मेरी अक्ल से काम करें, तब तो उन्हें कहना चाहिए कि हम हिन्दुस्तानी हैं, हमें ऐसी जवान में पढ़ाइए जो सारे हिन्दुस्तान में समझी जा सके। और ऐसी जवान तो हिन्दी ही हो सकती है।

जापान आज अमेरिका और इंग्लैंड से लोहा ले रहा है। लोग इसके लिए उसकी तारीफ करते हैं। मैं नहीं करता। फिर भी जापान की कुछ बातें सचमुच हमारे लिए अनुकरणीय हैं। जापान के लड़कों और लड़कियों ने यूरोप वालों से जो कुछ पाया है, अपनी मातृभाषा जापानी के जरिये ही पाया है, अंग्रेजी के जरिये नहीं। जापानी लिपि बड़ी कठिन है, फिर भी जापानियों ने रोमन लिपि को कभी नहीं अपनाया। उनकी सारी तालीम जापानी लिपि और जापानी जवान के जरिये ही होती है। जो चुने हुए जापानी पश्चिमी देशों में खास किस्म की तालीम के लिए भेजे जाते हैं, वे भी जब आवश्यक ज्ञान पाकर लौटते हैं, तो अपना सारा ज्ञान अपने देशवासियों को जापानी भाषा के जरिये ही देते हैं। अगर वे ऐसा न करते और देश में आकर दूसरे देशों जैसे स्कूल और कॉलेज अपने यहाँ भी बना लेते, और अपनी भाषा को तिलांजलि देकर अगर अंग्रेजी में सब-कुछ पढ़ाने लगते तो उससे बढ़कर बेवकूफी और क्या होती ? इस तरीके से जापान वाले नई भाषा को सीखते, लेकिन नया ज्ञान न सीख पाते। हिन्दुस्तान में तो आज हमारी महत्त्वाकांक्षा ही यह रहती है कि हमें किसी तरह कोई सरकारी नौकरी मिल जाये, या हम वकील, बैरिस्टर, जज वगैरह बन जायें। अंग्रेजी सीखने में हम बरसों बिता देते हैं, तो भी डॉ. राधाकृष्णन् या मालवीयजी के समान अंग्रेजी जानने वाले हमने कितने पैदा किये हैं ? आखिर वह एक पराई भाषा ही है न ? इतनी कोशिश करने पर भी हम उसे अच्छी तरह सीख नहीं पाते। मेरे पास सैकड़ों खत आते रहते हैं। इनमें कई

एम.ए. पास लोगों के भी होते हैं, परन्तु चूंकि वे अपनी जबान में नहीं लिखते, इसलिए अंग्रेजी में अपने ख्याल अच्छी तरह जाहिर नहीं कर पाते।

घुनांचे यहाँ बैठे-बैठे मैंने जो कुछ देखा, उसे देखकर मैं तो हैरान रह गया। जो कार्रवाई अभी यहाँ हुई, जो कुछ कहा या पढ़ा गया, उसे जनता तो कुछ समझ ही नहीं सकी। फिर भी हमारी जनता में इतनी उदारता और धीरज है कि चुप-चाप सभा में बैठी रहती है और खाक समझ में न आने पर भी यह सोचकर संतोष कर लेती है कि आखिर हमारे नेता ही हैं न। कुछ अच्छी ही बात करते होंगे। लेकिन इससे उसे लाभ क्या? वह तो जैसी आई थी, वैसी खाली लौट जाती है। अगर आपको शक हो, तो मैं अभी हाथ उठवाकर लोगों से पूछूँ कि यहाँ की कार्रवाई में वे कितना कुछ समझे हैं? आप देखिएगा कि वे सब 'कुछ नहीं' कह उठेंगे। यह तो हुई आम जनता की बात। अब अगर आप यह सोचते हों कि विद्यार्थियों में से हर एक ने हर बात को समझा है, तो वह दूसरी बड़ी गलती है।

आज से पच्चीस साल पहले जब मैं यहाँ आया था, तब भी मैंने यही सब बातें कही थीं। आज यहाँ आने पर जो हालत मैंने देखी, उसने उन्हीं चीजों को दोहराने के लिए मुझे मजबूर कर दिया।

दूसरी बात जो मेरे देखे में आई, उसकी तो मुझे जरा भी उम्मीद न थी। आज सुबह मैं मालवीयजी के दर्शनों को गया था। बसंत पंचमी का अवसर था। इसलिए सब विद्यार्थी भी उनके दर्शनों को आये थे। मैंने उस वक्त भी देखा कि विद्यार्थियों को जो तालीम मिलनी चाहिए, वह उन्हें नहीं मिलती। जिस सभ्यता, खामोशी और तरतीब के साथ उन्हें चलते आना चाहिए, उस तरह चलना उन्होंने सीखा ही नहीं था। यह कोई मुश्किल काम नहीं, कुछ ही समय में सीखा जा सकता है। सिपाही जब चलते हैं, तो सिर उठाये, सीना ताने, तीर की तरह सीधे चलते हैं, लेकिन विद्यार्थी तो उस वक्त आड़े-टेटे, आगे-पीछे, जैसा जिसका दिल चाहता था, चलते थे। उनके उस 'चलने' को चलना कहना भी शायद मुनासिब न हो, मेरी समझ में तो इसका कारण भी यही है कि हमारे विद्यार्थियों पर अंग्रेजी जबान का बोझ इतना पड़ जाता है कि उन्हें दूसरी तरफ सर उठाकर देखने की फुरसत नहीं मिलती। यही वजह है कि दरअसल उन्हें तो सीखना चाहिए, वे सीख नहीं पाते।

एक और बात मैंने देखी। सुबह हम श्री शिवप्रसाद गुप्त के घर से लौट रहे थे। रास्ते में विश्वविद्यालय का विशाल प्रवेश द्वार पड़ा। उस पर नजर गई तो देखा, नागरी लिपि में 'हिन्दू विश्वविद्यालय' इतने छोटे हरेफों में लिखा है कि ऐनक लगाने पर भी नहीं पढ़ पाते, पर अंग्रेजी बनारस हिन्दू यूनिवर्सिटी में तीन चौथाई से भी ज्यादा जगह घेर रखी थी। मैं हैरान हुआ कि यह क्या मामला है? इसमें मालवीयजी का कोई कसूर नहीं; यह तो किसी इंजीनियर का काम होगा। लेकिन सवाल तो यह है कि अंग्रेजी की वहाँ जरूरत ही क्या थी? क्या हिन्दी या फारसी में कुछ नहीं लिखा जा सकता था? सभी हिन्दू-मुस्लिम एकता चाहते हैं। फारसी मुसलमानों की अपनी खास लिपि मानी जाने लगी है। उर्दू का देश में अपना खास स्थान है। इसलिए अगर दरवाजे पर फारसी में, नागरी में या हिन्दुस्तान की दूसरी किसी लिपि में कुछ लिखा जाता, तो मैं उसे समझ सकता था। लेकिन अंग्रेजी में उसका वहाँ लिखा जाना भी हम पर जमे हुए अंग्रेजी जबान में साम्राज्य का एक सबूत है। किसी नई लिपि या जबान को सीखने में हम घबराते हैं, जब कि सच तो यह है कि हिन्दुस्तान की किसी जबान या लिपि को सीखना हमारे लिए बायें हाथ का खेल होना चाहिए। जिसे हिन्दी या हिन्दुस्तानी आती है, उसे मराठी, गुजराती, बंगाली वगैरा सीखने में तकलीफ ही क्या हो सकती है? कन्नड़, तमिल, तेलुगू और मलयालम का भी मेरा तो यही तजरबा है। इनमें भी संस्कृत के और संस्कृत से निकले हुए काफी शब्द भरे पड़े हैं। जब हम में अपनी मादरी जबान या मातृभाषा के लिए सच्ची मुहब्बत पैदा हो जायेगी तो हम इन तमाम भाषाओं को बड़ी आसानी से सीख सकेंगे। रही बात उर्दू की, सो वह भी आसानी के साथ सीखी जा सकती है। लेकिन बदकिस्मती से उर्दू के आलिम यानी विद्वान् इधर उसमें अरबी और फारसी के शब्द दूंस-दूंसकर भरने लगे हैं — उसी तरह हिन्दी के विद्वान् हिन्दी में संस्कृत शब्द भर रहे हैं। नतीजा उसका यह होता है कि जब मुझ जैसे आदमी के सामने कोई लखनवी तर्ज की उर्दू बोलने लगता है, तो सिवा बोलने वाले का मुंह ताकने के और कोई चारा नहीं रह जाता।

एक बात और। पश्चिम के हर एक विश्वविद्यालय की अपनी एक-न-एक विशेषता होती है। कैंब्रिज और ऑक्सफर्ड को ही लीजिए। इन विश्वविद्यालयों को इस बात का नाज है कि उनके हर एक विद्यार्थी पर उनकी अपनी विशेषता की छाप इस तरह लगी रहती है कि वे फौरन पहचाने जा सकते हैं। हमारे देश के विश्वविद्यालयों

की अपनी ऐसी कोई विशेषता होती ही नहीं। वे तो पश्चिमी विश्वविद्यालयों की एक निस्तेज और निष्प्राण नकल-भर हैं। अगर हम उनको पश्चिमी सभ्यता को सिर्फ सोखता या स्याही-सोख कहें, तो शायद वाजिब होगा। आपके इस विश्वविद्यालय के बारे में अक्सर यह कहा जाता है कि यहाँ शिल्प-शिक्षा और यंत्र-शिक्षा का यानी इंजीनियरिंग और टेक्नोलॉजी का देश भर में सबसे ज्यादा विकास हुआ है, और उनकी शिक्षा का अच्छा प्रबन्ध है। लेकिन इसे मैं यहाँ की विशेषता मानने को तैयार नहीं। तो फिर इसकी विशेषता क्या हो? मैं इसकी एक मिसाल आपके सामने रखना चाहता हूँ। यहाँ जो इतने हिन्दु विद्यार्थी हैं, उनमें से कितनों ने मुसलमान विद्यार्थियों को अपनाया है? अलीगढ़ के कितने छात्रों को आप अपनी ओर खींच सके हैं? दरअसल आपके दिल में तो यह भावना पैदा होनी चाहिए कि आप तमाम मुसलमान विद्यार्थियों को यहाँ बुलायेंगे, और उन्हें अपनायेंगे।

इसमें शक नहीं कि आपके विश्वविद्यालय को काफी धन मिल गया है, और जब तक मालवीयजी हैं, आगे भी मिलता रहेगा, लेकिन मैंने जो कुछ कहा है, वह रुपये का खेल नहीं। अकेला रुपया सब काम नहीं कर सकता। हिन्दू विश्वविद्यालय से मैं विशेष आशा तो इस बात की रखूंगा कि यहाँ वाले इस देश में बसे हुए सभी लोगों को हिन्दुस्तानी समझें, और अपने मुसलमान भाइयों को अपनाने में किसी से पीछे न रहें। अगर वे आपके पास न आयें, तो आप उनके पास जाकर उन्हें अपनाइए। अगर इसमें हम नाकामयाब भी हुए तो क्या हुआ? लोकमान्य तिलक के हिसाब से हमारी सभ्यता दस हजार बरस पुरानी है। बाद के कई पुरातत्वशास्त्रियों ने उसे इससे भी पुरानी बताया है। इस सभ्यता में अहिंसा को परम धर्म माना गया है। चुनांचे इसका कम से कम एक नतीजा तो यह होना चाहिए कि हम किसी को अपना दुश्मन न समझें। वेदों के समय से हमारी यह सभ्यता चली आ रही है। जिस तरह गंगाजी में अनेक नदियाँ आकर मिली हैं, उसी तरह इस देशी संस्कृति-गंगा में भी अनेक संस्कृति-रूपी सहायक नदियाँ आकर मिली हैं। यदि इन सबका कोई संदेश या पैगाम हमारे लिए हो सकता है तो यही कि हम सारी दुनियाँ को अपनायें और किसी को अपना दुश्मन न समझें। मैं ईश्वर से प्रार्थना करता हूँ कि वह हिन्दू विश्वविद्यालय को यह सब करने की शक्ति दे। यही इसकी विशेषता हो सकती है। सिर्फ अंग्रेजी सीखने से यह काम नहीं हो पायेगा। इसके लिए तो हमें अपने प्राचीन ग्रंथों और धर्मशास्त्रों का श्रद्धापूर्वक यथार्थ अध्ययन करना होगा, और यह अध्ययन हम मूल ग्रंथों के सहारे ही कर सकते हैं।

अंत में एक बात मुझे और कहनी है। आप लोग रहते तो महलों में हैं, क्योंकि मालवीयजी ने आपके लिए ये महलों जैसे छात्रालय वगैरा बनवा दिये हैं, पर इसका यह मतलब नहीं कि आप महलों में रहने के आदी बन जायें। आप मालवीयजी के घर जाइए और देखिए, वहाँ आपको इनमें से कोई चीज न मिलेगी - न ठाठ-बाट होगा, ना साजो-समान और न किसी तरह को कोई दिखावा। उनसे आप सादगी और गरीबी का पाठ सीखिए। आप यह कभी न भूलिए कि हिन्दुस्तान एक गरीब देश है और आप गरीब माँ-बाप की संतान हैं। उनकी मेहनत का पैसा यों ऐशोआराम में बरबाद करने का आपको क्या हक है? ईश्वर आपको चिरजीवी करे और सदबुद्धि दे कि जिससे आप मालवीयजी की त्यागशीलता, आध्यात्मिकता और सादगी से अपने जीवन को रंग सकें और आज जो कुछ मैंने आपसे कहा है, उस पर समझदारी के साथ अमल कर सकें।

मोहनदासजी

*"The world has enough for everyone's **need**,
but not enough for everyone's **greed**."*

- Mahatma Gandhi

ALWAYS AHEAD OF TIME

Leading the way from the front- Environmental scientist Prof Priya Ranjan Trivedi is seen cleaning the city on October 2, 1994 as part of his "Clean Delhi Campaign" and Cleanliness, Hygiene and Sanitation Education (CHASE) Project under the aegis of the Indian Institute of Ecology and Environment. Along with him in the picture is Minister of Environment, Government of Delhi, Sahib Singh Verma who too actively took part in this initiative by visiting many schools, colleges and universities.

ACTIONS SPEAK LOUDER THAN WORDS

What sets visionaries and great leaders like PM Narendra Modi and Prof PR Trivedi apart from others is that they lead by example.

The dynamic new PM of the country is giving top most priority to the issue of cleanliness and sanitation, and has been relentlessly involved in incredible developmental works for last many years.

History was re-written when on the auspicious occasion of Mahatma Gandhi's Birthday on 2nd October, 2014, Modi set an unprecedented benchmark by walking the talk by being the first PM to wield the broom.

Going back in time, about twenty years ago, the world renowned environmentalist scientist and institution builder Prof Trivedi launched the Clean Delhi Campaign as a part of his Clean up The Earth (CUTE) campaign on 2nd October, 1994, and inspired countless of distinguished personalities to wield the broom for cleaning their city.

As the President of Confederation of Indian Universities, Prof Trivedi takes immense pride in lauding the novel initiative undertaken by PM Modi for improving the sanitation conditions in the country.

He is optimistic that this effort by PM Modi will pave the way for a new movement in the country.
